About this Summary Plan Description

This Summary Plan Description (SPD) provides an overview of benefits available under the **BMO U.S. Health and Welfare Benefit Plan** (the "Plan") for eligible U.S. Active Employees. This document describes multiple benefit options. All of the benefits are governed by the Employee Retirement Income Security Act of 1974 (ERISA) except for the HSA, DCFSA, commuter benefits, and STD benefits. Those are not part of the Plan and are described in this SPD for convenience only.

This document serves as a consolidated, ERISA-compliant SPD that "wraps" the various health and welfare component benefits into a single, comprehensive resource. It incorporates by reference the benefit booklets, plan details and certificates issued by claims administrators and insurance carriers. Together, this SPD and the referenced materials constitute the official Summary Plan Description. When the term "SPD" is used, it refers collectively to this document and the incorporated booklets, plan details and certificates.

The ERISA-governed component benefits are:

- Medical (including prescription drug)
- Dental
- Vision
- Health Care Flexible Spending Account (HCFSA)
- Limited Purpose Flexible Spending Account (LPFSA)
- Basic Life Insurance
- Supplemental Life Insurance
- Family Life Insurance
- Business Travel Accident Insurance
- Accident Insurance
- Critical Illness Insurance
- Hospital Indemnity Insurance
- Group Legal Plan
- Long-Term Disability (LTD)
- Employee Assistance Program (EAP)

For convenience, this SPD also includes descriptions of non-ERISA benefits, which are not subject to ERISA requirements. These are:

- Health Savings Account (HSA)
- Dependent Care Flexible Spending Account (DCFSA)
- Commuter Benefits
- Short-Term Disability (STD)

This SPD is intended to satisfy the disclosure requirements of ERISA. For detailed information about specific benefits - such as coverage levels, deductibles, copayments, exclusions, and limitations - please refer to the applicable benefit booklets, plan details or certificates ("Welfare Program Documents").

The terms and conditions of the Plan are set forth in this document SPD and the Welfare Program Documents related to the benefits under the Plan. Together, the SPD and the Welfare Program Documents constitute the summary plan description. An amendment to one of these documents constitutes an amendment to the Plan.

This SPD should be read in connection with the applicable Welfare Program Documents. Unless otherwise noted, if there is a conflict between a specific provision under the plan document and a Welfare Program Document or this SPD, the plan document controls. If the plan document is silent on a specific issue, then the SPD controls on that issue, except where the SPD refers to a Welfare Program Document, in which case the Welfare Program Document controls. If both the plan document and the SPD are silent, the terms of the applicable Welfare Program Document control. However, with respect to fully insured benefits, the terms of the certificate of coverage/insurance policy control when describing specific benefits that are covered or insurance-related terms. See below to determine whether a particular benefit is self-insured by BMO or fully insured by the insurer.

BMO reserves the right, in its sole discretion, to modify, amend, or terminate any part of the Plan at any time and for any reason, with or without prior notice. Receipt of this SPD does not guarantee eligibility for benefits. To receive benefits, you must meet all applicable eligibility and enrollment requirements.

1.0 Eligibility for Benefits

You and your dependents are eligible to participate in the Plan if you meet the eligibility requirements outlined in Sections 1.1 and 1.2 of this SPD. Some component benefits may have additional requirements, which are detailed in the applicable Welfare Program Documents linked to throughout this SPD and at www.bmousbenefits.com.

1.1 Employee eligibility requirements

Full-time and part-time employees scheduled to work at least 20 hours per week are eligible for the Plan and the component benefits described in this SPD.

You are considered an "employee" only if you are specifically treated or classified as a regular employee on BMO records for payroll purposes of withholding federal employment and income taxes. If BMO classifies you as an independent contractor, consultant, leased employee, temporary agency employee, or similar type of non-employee, you are specifically excluded from participating in the Plan, even if a court, the Internal Revenue Service ("IRS"), or another agency retroactively reclassifies you as an employee.

1.2 Dependent eligibility requirements

Certain benefit options also allow you to cover eligible dependents, provided they meet the applicable requirements and are verified through the Dependent Verification Process (if applicable). These dependents may include:

Your Legal Spouse (same- or opposite-gender)

- Must be recognized as your spouse for federal tax purposes
- Must not be legally separated or divorced from you
- May be a common-law spouse if the marriage is legally recognized in a state that permits common-law marriages

Your Domestic Partner (same- or opposite-gender)

- Must meet all of the specific eligibility requirements, including:
  - Be in a sole, committed relationship with you for at least one year, with the expectation that the relationship will continue indefinitely
  - Share a principal place of residence with you
  - Be at least 18 years old and legally competent to enter into a contract (applies to both of you)
  - Not be related by blood to you in a way that would prohibit legal marriage in the state of residence
  - Not be married to, legally separated from, or in a relationship with another person (applies to both of you)
  - Jointly share responsibility for each other's welfare and financial obligations
- May qualify as a tax-dependent or non-tax dependent (see section 1.2.2 Considerations when covering a Domestic Partner and their Children)

Your Dependent Children may be covered through the end of the month they turn 26. These Include:

- Your biological children
- Your legally adopted children or children placed with you for adoption
- Stepchildren, regardless of where they live
- Children for whom you have legal custody (these children need to qualify as Code section 105(b) dependents in order to have tax-free coverage)
- Foster children living with you
- Your domestic partner's children (these children need to qualify as Code section 105(b) dependents in order to have coverage, see section 1.2.2 Considerations when covering a Domestic Partner and their Children)
- Any other child for whom you are the legal guardian and support in a parent-child relationship (these children need to qualify as Code section 105(b) dependents in order to have tax-free coverage)

Your Disabled Adult Dependent Children age 26 or older who are physically or mentally incapable of self-support.

- Must meet all of the specific eligibility requirements, including:
  - The child is permanently and totally disabled, as defined by Code Section 22(e)(3)
  - The disability began before the child reached age 26
  - The child has the same principal place of residence as you for more than half of the year
  - The child has not provided more than half of their own financial support
  - The child is unmarried
  - The child is a U.S. citizen, resident, or national or a resident of Canada or Mexico
  - You provide proof of your child's disability and dependency within 31 days of the date coverage would have otherwise ended due to age
  - You provide ongoing proof, upon request by the Plan, that the child continues to meet the above conditions

Proof of disabled dependent status may include medical records, a formal determination of disability, and copies of federal tax returns.

1.2.1 Dependent Verification Requirement

To ensure compliance and maintain the integrity of the Plan, all dependents enrolled in BMO's medical, dental, or vision coverage must be verified. The Dependent Verification Process typically occurs when you first enroll a dependent in the Plan, but you may also be asked to recertify eligibility periodically. When verification is required, you will receive a packet from **Dependent Verification Services** with detailed instructions on what documentation to submit, how to submit it, and the applicable deadlines. If you do not provide the required documentation by the deadline or if the documentation shows that the dependents are no eligible, coverage for

unverified/ineligible dependents will be canceled the 1st of the month following the date your final determination letter is sent from Dependent Verification Services.

Once removed, dependents cannot be re-added during the plan year unless you experience a qualified life event or wait until annual enrollment - and verification will still be required at that time. Any dependent removed from your coverage due to lack of verification is not eligible for COBRA coverage.

Dependent Type	Required Documentation
Legal Spouse	• Government Issued marriage certificate including date of marriage **AND** Federal Tax Return issued within last 2 years listing Spouse **OR** • Government Issued marriage certificate including date of marriage **AND** Proof of Financial Partnership issued within last 6 months **OR** • Government Issued marriage certificate only including date of marriage (if married within the last 12 months)
Domestic Partner	• Notarized Affidavit of Domestic Partnership **AND** Proof of Financial Partnership issued within last 6 months **OR** • Certificate of Domestic Partner registration **AND** Proof of Financial Partnership issued within last 6 months **OR** • Certificate of Domestic Partner registration **AND** Federal Tax Return issued within last 2 years listing partner
Common Law Spouse	• Notarized Affidavit of common law marriage **AND** Proof of Financial Partnership issued within last 6 months **OR** • Notarized Affidavit of common law marriage **AND** Federal Tax Return issued within last 2 years listing Spouse
Civil Union partner	• Government Issued of civil union partnership **AND** Federal Tax Return issued within last 2 years listing Partner **OR** • Government Issued of civil union partnership **AND** Proof of Financial Partnership issued within last 6 months
Biological Child	• Government Issued Birth certificate including parent's names
Adopted Child	• Adoption placement agreement (including child's date of birth) **OR**

	• Petition for adoption (including child's date of birth) **OR** • Adoption certificate (including child's date of birth)
Stepchild/Domestic partner Child/Civil Union Partner	• Government Issued Birth Certificate (including spouse or partner's name as a parent) **AND** Both documents to verify Spouse or Partner
Legal Ward	• Government Issued Birth Certificate (including parent's names) **AND** Court ordered document of legal guardianship
Grandchild	• Dependent Government Issued Birth Certificate (including parent's names), Parent Government Issued Birth Certificate (including parent's names), **AND** Federal Tax Return issued within last 2 years claiming Grandchild
Foster Child	• Government Issued Birth certificate **AND** Foster care letter of placement
Disabled Child	Documentation listed above to prove child relationship status **AND** Federal Tax Return issued within last 2 years claiming child **Note:** Disabled adopted child cannot verify with a placement agreement or petition.

Glossary

Term	Definition/Description
Birth Certificate	• Must include names of parents. Certificates that do not include parent's names will not be accepted. • Hospital-issued birth certificates are only accepted for children who are less than 3 months of age.
Government Issued	• An official government record printed on security paper and includes an official raised, embossed, impressed, or multicolor seal.
Proof of Financial Partnership	• May include mortgage statements, bank statements, credit card statements, current rental/lease agreements (including start and end dates and cannot be month to month) or property tax statements with both parties' names as co-owners. • Proof of Financial Partnership includes separate documents in participant's name and spouse or partner's name, both showing the same address.

	• Proof of Financial Partnership cannot be delinquent or past due.
Federal Tax Return	• Send only the **first page** of your recent Federal Tax Return (Form 1040) that shows your dependent.

1.2.2 Considerations when covering a Domestic Partner and their Children

If you choose to cover a domestic partner or their eligible children under BMO's medical, dental or vision plans, it's important to understand the potential tax implications. The IRS treats employee and employer-paid premiums for a domestic partner and their children differently than for a legal spouse or tax-qualified dependents.

Tax Treatment

Under federal law, coverage for domestic partners and their children is not automatically tax-free. To receive pre-tax benefits:

- The enrolled individual must qualify as the employee's federal tax dependent for health coverage purposes.
- If they do not qualify, the value of coverage (including employer-paid premiums) will be treated as taxable income, subject to withholding and reported on the employee's W-2.

State Tax Treatment: State tax rules may differ. You should consult a tax advisor for guidance on your state's rules.

Tax-Qualified vs. Non-Tax-Qualified Dependents: You are responsible for notifying BMO whether your domestic partner and/or their children qualify as your tax dependents under Code Section 105(b). This determination affects how premiums are taxed and reported.

Tax Status	Tax-Qualified Dependent	Non-Tax Qualified Dependent
Employee paid Premiums	Employee premiums are deducted pre-tax	Employee paid premiums for the domestic partner/domestic partner's child's portion are after-tax
Employer paid Premiums	Not taxable	Employer paid premiums are treated as imputed income and added to your taxable wages
W-2 Reporting	No additional income reported	Imputed income is reported as taxable wages on your Form W-2

Criteria for Tax-Qualified Dependent Status

Your domestic partner and/or the domestic partner's child may qualify as a tax-dependent under Code Section 105(b) if all of the following are true with respect to the person:

1. They share your principal place of residence for the entire taxable year and are a member of your household (not in violation of local law);
2. They are a U.S. citizen, national, or resident, or a resident of Canada or Mexico;
3. They are not a qualifying child of another taxpayer; and
4. You provide more than half of their financial support during the year.

Important: Determining tax-dependent status can be complex. You are encouraged to consult a tax advisor to understand how these rules apply to your personal situation.

Domestic Partner and Child Tax Certification Requirement

You must complete a Domestic Partner Tax Certification Form for your domestic partner and each of their children to declare their tax-dependent status the first time you enroll them under your coverage.

If your domestic partner or their child's tax status changes in the future such that they are no longer a tax dependent, you will need to notify BMO by completing a new Domestic Partner Tax Certification Form.

If no Domestic Partner Tax Certification Form is received from you, BMO will assume that the enrolled individual does not qualify as your federal tax dependent for health coverage purposes for that year and treat the coverage as taxable.

1.2.3 Qualified Medical Child Support Orders

A Qualified Medical Child Support Order (QMCSO) is a legal judgment, decree, or order issued by a court or authorized state agency under domestic relations law. A QMCSO requires an employee to provide health care coverage for a child under the employer's group health plan.

BMO will comply with all valid QMCSOs and ensure that affected children are enrolled in the applicable medical, dental, or vision plans as required. If BMO is notified that one of your children is subject to a QMCSO, you will be required to remain enrolled in the relevant benefit plans and maintain coverage for the child(ren) named in the order until the QMCSO is no longer in effect.

For more information about the procedures governing QMCSOs, or to request a copy of the Plan's QMCSO procedures, please contact the Human Resources Centre at 1-888-927-7700.

1.2.4 Non-duplication of coverage

If your spouse, domestic partner, or eligible dependent child is also employed by BMO and eligible to participate in the Plan, the following rules apply:

- An individual may be covered under the component plans as either an employee or a dependent, but not both.

- You and your spouse or domestic partner may each elect your own coverage under any of the component plans, or one of you may elect coverage and enroll the other as a dependent.
- If both you and your spouse or domestic partner elect your own coverage under any of the component plans, only one of you may enroll your eligible children as dependents on that same plan.
- You and your spouse or domestic partner may choose to split enrollment across component plans and cover each other as dependents. For example, one of you may enroll the family in medical coverage, while the other enrolls the family in dental coverage.
- If your eligible child is also employed by BMO and qualifies for coverage under the Plan as an employee, they may elect own coverage. In that case, they cannot also be covered as a dependent under another employee's Plan enrollment.

2.0 Health and Welfare Benefits

BMO is committed to supporting the health, well-being, and financial security of our employees by offering a comprehensive suite of health and welfare benefits. These benefits are a key part of your total rewards package and reflect our investment in your overall well-being. Some benefits are provided automatically, while others require you to actively enroll based on your personal needs. BMO also provides generous employer contributions and subsidies to help make coverage more affordable and accessible for you and your family.

2.0.1 List of Health & Welfare Benefit Plans Offered

BMO's health and welfare benefits include:

- Medical
- Dental
- Vision
- Health Savings Account (HSA)
- Health Care Flexible Spending Account (HCFSA)
- Limited Purpose Flexible Spending Account (LPFSA)
- Dependent Care Flexible Spending Account (DCFSA)
- Basic Life Insurance
- Supplemental Life Insurance
- Family Life Insurance
- Business Travel Accident Insurance
- Accident Insurance
- Critical Illness Insurance
- Hospital Indemnity Insurance
- Group Legal Plan

- Commuter Benefits
- Short term Disability
- Long term Disability
- Employee Assistance Program (EAP)

2.0.2 Earnings Used for Benefits

Some of BMO's component plans rely on compensation elements to calculate your premiums or coverage amounts.

Compensation Element	Definition	What it is used for
Annual Base Salary This amount is viewable in your Workday profile > Compensation > Total Base Pay	Your salary used to calculate your bi-weekly paycheck amounts.	Calculation of your: • Short Term Disability pay Maternity Leave pay • Parental Leave pay • Business Travel Accident coverage
Base Benefit Rate (BBR) ***Used for certain commissioned employees only*** This amount is viewable in your Workday profile > Actions > Benefits > View Benefits Annual Rate	Your BBR is the greater of: • Your base pay/draw plus average of two previous calendar years' commissions (incentive pay is excluded unless otherwise noted); or • The midpoint of your salary range Note: IRS Annual Compensation Limits may apply The BBR is recalculated annually in February.	Calculation of your: • Short Term Disability pay • Maternity Leave pay • Parental Leave pay
Total Compensation Base Benefit Rate (TCBBR) This amount is viewable in your Workday profile > Actions > Benefits > View Benefits Annual Rate	Your TCBBR is an accumulation of your base salary, overtime, shift differential and any variable pay that is related to work performance that is paid to you between October 1 and September 30 of the prior year. The TCBBR is recalculated annually in October.	Calculation of your: • Medical Premium Tier • Life Insurance coverage and premium amounts • Long Term Disability pay • Supplemental Long Term Disability premiums

2.1 Medical

BMO offers different medical benefit designs to provide employees with flexibility in managing their healthcare needs. Through Blue Cross Blue Shield of Illinois (BCBSIL), all employees can choose between a High Deductible Health Plan (HDHP) and a Preferred Provider Organization (PPO) plan.

For employees in regions (California, Colorado, and Oregon) served by Kaiser Permanente, BMO also provides an additional HDHP and a Deductible Health Maintenance Organization (DHMO) plan to choose from.

Medical: At-a-glance				
In-Network Plan Features	**BCBSIL**		**Kaiser Permanente**	
	HDHP	**PPO**	**HDHP**	**DHMO**
Eligibility based on location	All employees, nationwide		Only employees in CA, CO, & OR	
Provider Network	You can see any provider you choose, but you'll get higher benefits and pay less when you see in-network providers.		The plan uses a provider network; most benefits are *only* covered when you see Kaiser providers.	
HSA Eligible Plan	Yes	No	Yes	No
Annual Deductible* **HDHPs:** includes medical and prescription drugs **PPO/DHMO:** includes medical only (separate Rx deductible)	Individual: $1,750 Family: $3,500**	Individual: $750 Family: $1,500 ***	Individual: $1,750 Family: $3,500**	Individual: $750 Family: $1,500 ***
Annual Out-Of-Pocket Maximum* Includes deductible, copays, and coinsurance for medical and prescription drugs	Individual: $3,425 Family: $6,850	Individual: $3,000 Family: $6,000	Individual: $3,425 Family: $6,850	Individual: $3,000 Family: $6,000

Annual Benefit Maximum	None		None	
Lifetime Benefit Maximum	None		None	
What you pay				
Office Visit	20% after deductible	Copay: $25 PCP, $40 specialist	20% after deductible	Copay: $25 PCP, $40 specialist
Well Care/ Preventive Care	You pay nothing			
Lab Test and X-rays	20% after deductible			
Inpatient Care	20% after deductible			
Urgent Care	20% after deductible	$150 copay	20% after deductible	$150 copay
Emergency Room	$100 copay and 20% coinsurance after deductible (copay waived if admitted)	$300 copay (copay waived if admitted)	$100 copay and 20% coinsurance after deductible (copay waived if admitted)	$300 copay (copay waived if admitted)

** Annual deductibles and out-of-pocket limits for in-network and out-of-network must be met separately.*

***Under the HDHPs, the entire family deductible must be met before the plan will pay benefits for any covered family members. If combined expenses for the family meet the family deductible, the deductible is met for the entire family.*

**** Under the PPO/DHMO, each covered person has an individual deductible. Once the individual deductible is met, the plan begins to pay benefits for that person. Once the total family deductible is reached, the plan starts to pay benefits for all covered family members, even if some members still need to meet their individual deductible.*

Prescription coverage included with BMO Medical Plans

When you enroll in a BMO medical plan, prescription drug coverage is automatically included.

- **BCBSIL Plans**: Prescription benefits are managed by **Express Scripts**.
- **Kaiser Plans**: Prescription services are provided directly through the **Kaiser plan.**

Prescription: At-a-glance				
In-Network Plan Features	**BCBSIL**		**Kaiser Permanente**	
	HDHP	**PPO**	**HDHP**	**DHMO**
Prescription Drug Coverage	Provided by Express Scripts		Provided by Kaiser	
Annual Deductible	Combined with Medical	Individual: $250 Family: $500	Combined with Medical	Individual: $250 Family: $500
Annual Out-Of-Pocket Maximum	Combined with Medical			
What you pay (post-deductible)				
Generic	Retail Pharmacy: $10 copay Home Delivery: $25 copay		Retail: $10 copay Mail order: $20 copay	
Preferred Brand	30% coinsurance Retail Pharmacy: $25 minimum; $100 maximum Home Delivery: $62.50 minimum; $250 maximum		Slight variances based on region, see SBC for details: Review your regional Kaiser SBC: • 2025 Kaiser HDHP California • 2025 Kaiser HDHP Colorado • 2025 Kaiser HDHP Northwest • 2025 Kaiser DHMO California • 2025 Kaiser DHMO Colorado • 2025 Kaiser DHMO Northwest	
Non-Preferred Brand	40% coinsurance Retail Pharmacy: $50 minimum; no maximum Home Delivery: $125 minimum; no maximum			
Specialty Drugs	Based on category (generic, formulary, non-formulary). Must be filled through Express Script's specialty home delivery			

	pharmacy, **Accredo,** which provides 24/7 access to speciality-trained pharmacists and nurses who understand your condition.	
Express Scripts: Retail Pharmacy: Up to 30 day supply; Home Delivery: Up to 90 day supply *Kaiser: Retail: Up to 30 day supply, Mail order: Up to 100 day supply*		

Medical Plan Coverage Levels

You may choose to enroll yourself and any eligible dependents in the medical plan. The following coverage levels are available:

- Employee Only
- Employee + Spouse
- Employee + Domestic Partner
- Employee + Child(ren)
- Employee + Family
- Employee + Domestic Partner + Children

This a high-level overview of **in-network benefits** for the BMO medical plans. For more detailed information including how out-of-network claims are covered, review the following:

2025 BCBSIL HDHP Booklet, 2025 BCBSIL PPO Booklet,

Kaiser-CO-HSA, Kaiser-S.CA-HSA, Kaiser-N.CA-HSA, Kaiser-NW-HSA,

Kaiser-CO-DHMO, Kaiser-S.CA-DHMO, Kaiser-N.CA-DHMO, Kaiser-NW-DHMO

BCBSIL/Kaiser Summaries of Benefits and Coverage.

For more information on the prescription drug coverage for the BCBSIL plans, review the 2025 Prescription Drug Plan Details

2.2 Dental

BMO offers comprehensive dental benefits through Delta Dental of Illinois, offering flexibility and cost-saving opportunities. Employees may visit any licensed dental provider; however, greater savings are available by choosing a provider within the Delta Dental's PPO or Premier networks.

Dental: At-a-glance	
Provider Networks	• **Delta Dental PPO**: Lowest out-of-pocket costs and network protection

Dental: At-a-glance	
	• **Delta Dental Premier:** Higher out-of-pocket costs than PPO, but may be lower than non-network and network protection • **Non-network**: You may have the highest out-of- pocket costs
Annual deductible	Individual: $50 Family coverage: $150 (three individual deductibles per family)
Annual benefit maximum	$2,000 per person
Lifetime non-surgical TMJ Maximum	$1,000 per person
What you pay (post-deductible)	
Preventive services	You pay nothing
Basic services	20% coinsurance
Major services	50% coinsurance
Orthodontia services	50% coinsurance (maximum of $2,000 for children up to age 19)

Dental Plan Coverage Levels

You may choose to enroll yourself and any eligible dependents in the dental plan. The following coverage levels are available:

- Employee Only
- Employee + Spouse
- Employee + Domestic Partner
- Employee + Child(ren)
- Employee + Family
- Employee + Domestic Partner + Children

This a high-level overview of **in-network benefits** for the BMO dental plan. For more detailed information including how out-of-network claims are treated, review the 2025 Delta Dental Benefits Booklet.

2.3 Vision

BMO offers two vision plan options through VSP: the Base Plan and the Premier Plan. Both plans allow employees to visit any licensed vision care provider; however, using an in-network

VSP provider offers enhanced value, including higher reimbursement rates, lower out-of-pocket costs, and simplified claims processing. These options are designed to support varying needs for routine eye care and eyewear.

Vision: At-a-glance		
In Network Features	**VSP Base Plan**	**VSP Premier Plan**
WellVision exam (every year)	$10 copay	$0 copay
Retinal imaging/screening	$20 copay	
Additional exams as needed	$20 copay	
Treatment of eye conditions (e.g., pink eye, vision loss, cataracts)	$20 copay	
Lenses (every calendar year) • Single vision • Lined bifocal • Lined trifocal	Included with prescription glasses	
Lens Enhancements (every calendar year) • Progressive lenses • Tinted lenses • Scratch-resistant coating • Ultraviolet coating	You pay nothing	
Premium and custom progressive lenses	$50	$95 – $175
Retail frame	$150 allowance, every other calendar year	$175 allowance, every calendar year

Vision: At-a-glance		
Featured frame brand	$200 allowance, every other calendar year	$225 allowance, every calendar year
Frame discount	20% savings on amount over allowance, every other calendar year	20% savings on amount over allowance, every calendar year
Contact lens exam (every calendar year)	Up to $40	
Contact lenses (every calendar year)	$150 allowance, copay does not apply	$175 allowance, copay does not apply
VSP EasyOptions	Not included	Choose one of the following upgrades when purchasing glasses or contact lenses*: • Additional $75 frame allowance • Fully covered premium or custom progressive lenses • Fully covered light-reactive lenses • Fully covered anti-glare coating • Additional $75 contact lens allowance *Upgrade is available every calendar year. Copay is included in prescription glasses
VSP Lightcare	Not Included	$250 allowance for ready-made non-prescription sunglasses or non-prescription blue light filtering glasses (instead of prescription glasses or contacts)* *Allowance available every calendar year. $0 copay
VSP also offers extra savings on additional glasses and sunglasses, laser vision correction and frames, lens enhancements and more. *If you see a non-VSP provider, services are either paid based on an allowance or not covered.*		

Vision Plan Coverage Levels

You may choose to enroll yourself and any eligible dependents in the vision plan. The following coverage levels are available:

- Employee Only
- Employee + Spouse
- Employee + Domestic Partner
- Employee + Child(ren)
- Employee + Family
- Employee + Domestic Partner + Children

This a high-level overview of **in-network benefits** for the BMO vision plan. For more detailed information including how out-of-network claims are treated, review the VSP Vision Coverage Overview.

2.4 Health Savings Account

If you enroll in one of BMO's HDHPs, you may be eligible to open and contribute to a Health Savings Account (HSA). BMO contributes, and allows you to contribute pre-tax through payroll, to an HSA administered by Alight Smart-Choice Accounts. An HSA lets you use pre-tax dollars to pay for qualified medical, prescription, dental, and vision expenses, reducing your out-of-pocket burden and taxable income.

Employer Contribution: BMO provides a lump-sum **Core Contribution** to your HSA - regardless of whether you choose to contribute yourself (unless you are ineligible to contribute to an HSA). You'll receive:

- **$500** if you're enrolled in **Employee-only** coverage
- **$1,000** if you're enrolled in **Family** coverage

This upfront contribution gives you a head start in covering healthcare expenses and maximizing the benefits of your HSA paired with your HDHP.

Each year, the IRS sets contribution limits based on your HDHP coverage level. The 2025 IRS Limits are as follows:

HDHP Coverage Level	BMO Core Contribution	Maximum Employee Contributions	IRS Limits
Employee Only	$500	Under Age 55: $3,800	Under Age 55: **$4,300**
		55 or Older: $4,800	55 or Older: **$5,300**
Family	$1,000	Under Age 55: $7,550	Under Age 55: **$8,550**
		55 or Older: $8,550	55 or Older: **$9,550**

This a high-level overview of BMO's HSA plan. For more detailed information, review the Health Savings Account Plan Details.

2.5 Health Care Flexible Spending Account

BMO offers a Health Care Flexible Spending Account (HCFSA) administered by Alight Smart-Choice Accounts that allows you to set aside pre-tax dollars to pay for eligible **health care** expenses for you and your Code Section 105(b) dependents. These out-of-pocket expenses include deductibles, coinsurance, and copays from your medical, dental, or vision plans.

Each year, the IRS sets annual contribution and carryover limits for the HCFSA, and it's important to plan carefully - any unused funds above the carryover limit will be forfeited if you do not submit eligible claims by the plan's deadline. This "use it or lose it" feature makes thoughtful budgeting essential. If you elect the HDHP for the following plan year, your carryover will be to the Limited Purpose Flexible Spending Account.

The 2025 IRS annual pre-tax limits for HCFSA are:

Annual Contributions		Allowable Carryover
Minimum:	$100	$660
Maximum:	$3,300*	

*See Health Care and Limited Purpose Flexible Spending Account Plan Details for certain limitations.

You have until April 30 of the following year to submit any HCFSA claims incurred in the previous calendar year while you were actively participating.

This benefit is especially beneficial if you are not enrolled in BMO's HDHP or are ineligible to contribute to an HSA.

Important: You are unable to enroll in the HCFSA and contribute to an HSA. Instead, you may enroll in the Limited Purpose Flexible Spending Account (LPFSA) to maximize your tax savings.

This a high-level overview of BMO's HCFSA plan. For more detailed information and how to submit claims, review the Health Care and Limited Purpose Flexible Spending Account Plan Details.

2.6 Limited Purpose Flexible Spending Account

BMO offers a Limited Purpose Flexible Spending Account (LPFSA) administered by Alight Smart-Choice Accounts that allows you to set aside pre-tax dollars to pay for eligible **dental and vision expenses** for you and your Code Section 105(b) dependents. You can use LPFSA funds

before meeting your HDHP deductible, making it a smart way to manage out-of-pocket dental and vision costs while preserving your HSA for broader medical needs.

Once you've met your HDHP deductible, you can then use the LPFSA to cover a wider range of qualified medical, dental, prescription, vision, and Code Section 213(d) expenses. You need to contact SmartChoice to allow for these additional expenses once you've met your deductible.

Each year, the IRS sets annual contribution limits for the LPFSA, and it's important to plan carefully—any unused funds above the carryover limit will be forfeited if you do not submit eligible claims by the plan's deadline. This "use it or lose it" feature makes thoughtful budgeting essential. If you elect the HDHP for the following plan year, your carryover will be to the Limited Purpose Flexible Spending Account.

The 2025 IRS annual pre-tax limits for the LPFSA are:

Annual Contributions		Allowable Carryover
Minimum:	$100	$660
Maximum:	$3,300*	

*See Health Care and Limited Purpose Flexible Spending Account Plan Details for certain limitations.

You have until April 30 of the following year to submit any LPFSA claims incurred in the previous calendar year while you were actively participating.

This a high-level overview of BMO's LPFSA plan. For more detailed information and how to submit claims, review the Health Care and Limited Purpose Flexible Spending Account Plan Details.

2.7 Dependent Care Flexible Spending Account

BMO offers a Dependent Care Flexible Spending Account (DCFSA) administered by Alight Smart-Choice Accounts that allows you to set aside pre-tax dollars to pay for eligible **child care and elder care expenses** that enable you (and your spouse, if applicable) to work, look for work, or attend school full-time. Eligible expenses may include daycare, preschool, before- and after-school programs, and adult day care services.

The Code contains annual contribution limits for the DCFSA, and it's important to plan carefully - any unused funds will be forfeited if you do not submit eligible claims by the applicable deadline. This "use it or lose it" feature makes thoughtful budgeting essential.

The 2025 annual pre-tax limits for the DCFSA are:

Annual Contributions		Allowable Carryover
Minimum:	$100	$0
Maximum:	$5,000 if single or married and filing jointly* or	

$2,500 if married and filing separately*	

*See Dependent Care Flexible Spending Account Details for certain limitations for highly compensated employees.

You have until April 30 of the following year to submit any DCFSA claims incurred in the previous calendar year while you were actively participating.

This a high-level overview of BMO's DCFSA plan. For more detailed information and how to submit claims, review the Dependent Care Flexible Spending Account Plan Details.

2.8 Basic Life Insurance

BMO provides employer-paid Basic Life Insurance coverage equal to two times your Total Compensation Benefits Base Rate (TCBBR), up to $500,000. This coverage is administered by Voya under a group policy issued by ReliaStar Life Insurance Company.

Under the Code, employer-paid life insurance coverage over $50,000 is considered taxable imputed income. To avoid this tax impact, you have the option to cap your coverage at $50,000.

See the 2.1 Earnings Used for Benefits section for the definition of what is included in your TCBBR calculation.

You will want to **assign and regularly review your beneficiaries** for this benefit to ensure benefits are paid according to your wishes.

This a high-level overview of BMO's Basic Life Insurance benefit. For more detailed information, review the Life Insurance Schedule of Benefits.

2.9 Supplemental Life Insurance

To increase your life insurance coverage, you can purchase one to eight times your TCBBR through the Supplemental Life Insurance benefit, up to a combined maximum of $3 million (including your employer-paid Basic Life Insurance). Rates are based on your tobacco user status, with lower premiums available to non-tobacco users. This coverage is administered by Voya under a group policy issued by ReliaStar Life Insurance Company.

If you elect Supplemental Life Insurance when you are first eligible, you are not required to provide Evidence of Insurability (EOI). However, EOI is required if you enroll in or increase coverage later - such as during annual enrollment or following a qualifying life event.

Limit without proof: You may elect up to $1 million or five times your TCBBR, whichever is less, without providing EOI during your initial eligibility period.

See the 2.1 Earnings Used for Benefits section for the definition of what is included in your TCBBR calculation.

You will want to **assign and regularly review your beneficiaries** for this benefit to ensure benefits are paid according to your wishes.

This a high-level overview of BMO's Supplemental Life Insurance plan. For more detailed information, review the Life Insurance Schedule of Benefits.

2.10 Family Life Insurance

BMO offers optional Family Life Insurance to provide financial protection for your loved ones in the event of an unexpected loss. Electing coverage for your spouse/domestic partner and child(ren) can help ease the financial burden of final expenses and provide peace of mind during a difficult time. This benefit allows you to extend life insurance protection beyond yourself, ensuring you and your family has added support when needed most. This coverage is administered by Voya under a group policy issued by ReliaStar Life Insurance Company.

- **Spouse/Domestic Partner Life Insurance**: You can purchase coverage in the amount of $25,000, $50,000, $100,000, or $150,000.

    If you elect this coverage when you are first eligible for benefits, no EOI is required. However, EOI is required for coverage amounts of $100,000 or $150,000, or if you enroll or increase coverage later- such as during annual enrollment or following a qualifying life event.

- **Child Life Insurance**: You can purchase coverage in the amount of $10,000, $15,000, $20,000, or $25,000. EOI is not required for child life insurance coverage.

You are automatically the beneficiary of your Family Life Insurance policies, meaning the benefit is paid to you if a covered family member passes away.

This a high-level overview of BMO's Family Life Insurance plan. For more detailed information, review the Life Insurance Schedule of Benefits.

2.11 Business Travel Accident Insurance

BMO provides Business Travel Accident Insurance insured by AIG Insurance Company of Canada to help protect you in the event of a serious injury or accident while traveling for work. This coverage reflects BMO's commitment to employee safety and well-being, recognizing that business travel - whether across the country or around the globe - can carry unexpected risks. The insurance offers financial protection and peace of mind, ensuring that you and your loved ones are supported if an accident occurs while you're away on business.

Coverage is automatic from your first day of employment, and no enrollment is required.

It begins when you leave your home, office, or other location to start a business trip and ends when you return or begin a personal side trip. This benefit is in addition to any personal accident coverage you may have elected through employee, spouse, or child accident insurance plans.

Note: This benefit does not cover your regular commute to and from work.

See the 2.1 Earnings Used for Benefits section for the definition of what is included in your annual base pay calculation for purposes of this benefit.

This a high-level overview of BMO's Business Travel Accident Insurance plan. For more detailed information, review the AIG Business Travel Accident Insurance Policy and the AIG Business Travel Accident Insurance Policy Schedule.

2.12 Accident Insurance

BMO offers Accident Insurance to provide financial support when you or a covered family member experiences an unexpected injury. Offered by Voya and insured by Reliastar Life Insurance Company, this coverage pays benefits for specific, covered accidents and related treatments that occur on or after your coverage effective date. It's designed to help offset out-of-pocket costs such as emergency care, hospital stays, and follow-up visits - helping to reduce the financial stress that often comes with accidental injuries.

You may choose to enroll yourself and any eligible dependents in the Accident Insurance benefit. The following coverage levels are available:

- Employee Only
- Employee + Spouse
- Employee + Domestic Partner
- Employee + Child(ren)
- Employee + Family
- Employee + Domestic Partner + Children

Covered accidents include:

- Injuries such as fractures, burns, lacerations, and dislocations (e.g., hip, knee, shoulder).
- Treatment-related expenses including emergency room visits, ambulance services, surgery, doctor visits, and hospital admission.
- A Sports Accident Benefit: If your injury occurs during an organized sporting activity, your benefit is increased by 25%, up to an additional $1,000.

Benefit payments can be used however you choose - whether for everyday expenses, lost income, child care, deductibles, or copays - and are paid in addition to any other coverage you may already have.

Benefit amounts vary based on:

- The nature and severity of the injury
- The type of treatment received
- The plan level you select- **Low Plan** or **High Plan**

Note: This plan includes a **Wellness Benefit**. If you or your spouse/domestic partner complete a health screening, you will each receive $50, payable once a year from Voya. Each child who completes a health screening will also receive $50.

This benefit is portable when you leave or retire from BMO.

This a high-level overview of BMO's Accident Insurance benefit. For more detailed information, review the Accident Insurance Certificate of Coverage or visit Voya's site: www.presents.voya.com/EBRC/BMO.

2.13 Critical Illness Insurance

BMO offers Critical Illness Insurance to provide financial support if you or a covered family member is diagnosed with a serious medical condition. Offered by Voya and insured by Reliastar Life Insurance Company, this coverage pays a lump-sum benefit for specific, covered illnesses that occur on or after your coverage effective date. It's designed to help offset the financial impact of a major health event - such as a heart attack, stroke, or cancer- by providing funds you can use however you choose.

You may choose to enroll yourself and any eligible dependents in the Critical Illness Insurance benefit. The following coverage levels are available:

- Employee Only
- Employee + Spouse
- Employee + Domestic Partner
- Employee + Child(ren)
- Employee + Family
- Employee + Domestic Partner + Children

Covered illnesses and conditions include:

- Heart attack, stroke, cancer, organ transplant, infectious disease, paralysis, advanced Alzheimer's, and more.

Benefit payments can be used however you choose - whether for everyday expenses, lost income, child care, deductibles, or copays - and are paid in addition to any other coverage you may already have.

Benefit amounts vary based on:

- The nature and severity of the illness or condition
- The plan level you select - **Low Plan** or **High Plan**

Low Plan:

- You and your spouse/domestic partner: Up to $10,000
- Your children: Up to $5,000

High Plan:

- You and your spouse/domestic partner: Up to $20,000
- Your children: Up to $10,000

Note: This plan includes a **Wellness Benefit**. If you or your spouse/domestic partner complete a health screening, you will each receive $50, payable once a year from Voya. Each child who completes a health screening will also receive $50.

This benefit is portable if you leave or retire from BMO.

This is a high-level overview of BMO's Critical Illness Insurance benefit. For more detailed information, review the Critical Illness Insurance Certificate of Coverage or visit Voya's site: www.presents.voya.com/EBRC/BMO.

2.14 Hospital Indemnity Insurance

BMO offers Hospital Indemnity Insurance to complement your medical coverage by providing additional financial support if you or a covered family member needs to stay in the hospital. Offered by Voya and insured by Reliastar Life Insurance Company, this voluntary benefit pays daily cash benefits for hospital-related stays that occur on or after your coverage effective date. It's designed to help offset out-of-pocket costs such as deductibles, copays, and lost income - helping to reduce the financial stress that often comes with inpatient care.

You may choose to enroll yourself and any eligible dependents in the Hospital Indemnity Insurance benefit. The following coverage levels are available:

- Employee Only
- Employee + Spouse
- Employee + Domestic Partner
- Employee + Child(ren)
- Employee + Family
- Employee + Domestic Partner + Children

Covered situations include:

- Hospital admission and confinement
- Critical care unit admission and confinement
- Rehabilitation facility confinement
- Daily benefit for observation unit stays

Benefit payments can be used however you choose—whether for everyday expenses, child care, travel costs, or medical bills—and are paid in addition to any other coverage you may already have.

Benefit amounts vary based on:

- The type of facility and length of stay
- The plan level you select - **Low Plan** or **High Plan**

Note: This plan includes a **Wellness Benefit**. If you or your spouse/domestic partner complete a health screening, you will each receive $50, payable once a year from Voya. Each child who completes a health screening will also receive $50.

This benefit is portable if you leave or retire from BMO.

This is a high-level overview of BMO's Hospital Indemnity Insurance benefit. For more detailed information, review the Hospital Indemnity Insurance Certificate of Coverage or visit Voya's site: www.presents.voya.com/EBRC/BMO.

2.15 Group Legal Plan

BMO offers the UltimateAdvisor® Legal Plan to provide access to legal experts and self-help resources for a wide range of personal legal matters. Administered by ARAG, this voluntary benefit helps you navigate everyday legal situations with confidence and support.

You may cover yourself, your spouse/domestic partner, and/or dependent children.

Covered legal matters include:

- Wills and trusts
- Divorce and family law
- Traffic violations
- Sale or purchase of a home
- Consumer protection
- Bankruptcy and civil damage defense
- Property issues
- Identity theft resolution
- Caregiving support
- Tax services
- Immigration assistance

Benefit payments and discounts:

- When you work with a network attorney, fees for covered services are 100% paid-in-full.
- For legal matters not covered under the plan, you receive at least 25% off the network attorney's normal rate.

This is a high-level overview of BMO's Group Legal Plan. For more detailed information, review the ARAG Legal Certificate or visit ARAG's website and enter the access code: 18694bmo.

2.16 Commuter Benefits

BMO offers Commuter Benefits to allow employees to pay for commuting expenses using pre-tax dollars, helping you save money on your annual taxes. Commuter Benefits are administered by Alight and EdenRed Benefits.

The 2025 IRS monthly pre-tax limits for Commuter Benefits are:

Commuter Benefits Type	Monthly pre-tax limits
Mass transit	$325
Parking	$325

Your Commuter Benefits contributions are deducted once a month, taken from your first paycheck of the month.

Eligible Expenses Include:

- **Public Transit**: Train, Bus, Subway, Ferry, Trolley, Water Taxi, and Vanpools.
- **Parking**: Near your workplace or near your transit location; Discounts available through SpotHero (where applicable).

This is a high-level overview of BMO's Commuter Benefits. For more detailed information including how to enroll and make changes to your Commuter Benefits, review the Commuter Benefits Plan Details.

2.17 Short-Term Disability

BMO automatically provides Short-Term Disability (STD) income replacement benefits to support you when you're unable to work due to a non-work-related illness or injury lasting more than 10 consecutive business days. The STD plan is administered by Reliance Matrix Absence Management.

- **Benefit Duration**: Up to 100 business days.
- **Income Replacement**: 70% to 100% of your base salary (or Benefits Base Rate for eligible commissioned employees), based on your years of service.
- **Waiting Period**: 10 business days unpaid, unless you elect to use available paid sick or vacation time during the waiting period.
- **When Benefits Begin**: On the 11th business day of disability, if approved.

See the 2.1 Earnings Used for Benefits section for the definition of what is included in your base salary (or Benefits Base Rate) calculation.

This is a high-level overview of BMO's STD plan. For more detailed information including how to apply for STD, review the Short-Term Disability Plan Details.

2.18 Long-Term Disability

BMO automatically provides Long-Term Disability (LTD) income replacement benefits to support you if your illness or injury prevents you from returning to work after your Short-Term Disability period ends. The LTD plan is administered by Matrix Absence Management.

- **Benefit Start:** After STD benefits are exhausted and your LTD claim is approved.
- **Income Replacement**: Typically, 60% of your Total Compensation Base Benefits Rate (TCBBR) is automatically provided to you by BMO.
- **Maximum Monthly Benefit**: The total LTD benefit (basic + supplemental) is capped at $20,000 per month.
- **Duration**: As long as you remain eligible under the plan terms, up to age 65 or Social Security Normal Retirement Age.

2.18.1 Supplemental Long-Term Disability

You can elect to purchase Supplemental LTD coverage to increase your income protection while on Long Term Disability. This optional coverage enhances your total LTD benefit to **75%** of your TCBBR.

- **Income Replacement**: Combined basic and supplemental LTD coverage provides up to 75% of your TCBBR.
- **Maximum Monthly Benefit**: The total LTD benefit (basic + supplemental) is capped at $20,000 per month.
- **Coverage Limitations**:
    - If your TCBBR is **$400,000 or more**, you will not receive any additional benefit from electing Supplemental LTD.
    - If your TCBBR is between **$320,000 and $399,999**, you may elect coverage, but will receive less than the full 15% supplemental benefit due to the monthly cap.

See the 2.1 Earnings Used for Benefits section for the definition of what is included in your TCBBR calculation.

This is a high-level overview of BMO's LTD benefit. For more detailed information including how to apply for LTD, review the Long-Term Disability Plan Details.

2.19 Employee Assistance Program

BMO offers a free and confidential Employee Assistance Program (EAP), administered by TELUS Health, to support you and your immediate family with personal challenges that may

affect your well-being or work. Available 24/7 - the EAP provides short-term counseling online, in-person, or by phone, and can help with:

- Stress, anxiety, and depression
- Relationship and parenting issues
- Financial concerns
- Addiction support
- Child and elder care
- Work-related conflicts
- Coping with change

The EAP is intended to short-term needs. Longer-term counseling may be covered under your medical plan.

This is a high-level overview of BMO's Employee Assistance Program. For more detailed information on the resources available to you, review the Employee Assistance Program Plan Details.

3.0 Enrolling and changes

Some benefits are provided to eligible employees **automatically**, without the need for enrollment:

- Basic Life Insurance
- Business Travel Accident Insurance
- Short-Term Disability (STD)
- Basic Long-Term Disability (LTD)
- Employee Assistance Program (EAP)

Other benefits require **active enrollment** during your initial eligibility period, newly enrolling during annual enrollment or during a qualifying life event to participate:

- Medical (including prescription drug)
- Dental
- Vision
- Health Savings Account (HSA)
- Health Care Flexible Spending Account (HCFSA)
- Limited Purpose Flexible Spending Account (LPFSA)
- Dependent Care Flexible Spending Account (DCFSA)
- Supplemental Life Insurance
- Family Life Insurance
- Accident Insurance
- Critical Illness Insurance
- Hospital Indemnity Insurance
- Group Legal Plan
- Supplemental Long-Term Disability

You may enroll in or make changes to your health and welfare benefit plans during the following events:

- **Initial Eligibility**: When you first become eligible for benefits, such as upon hire or a change in employment status that grants eligibility.
- **Rehire**: If you are rehired and meet the eligibility criteria.
- **Qualifying Life Event (QLE)**: When you experience a life event that qualifies for a mid-year change (e.g., marriage, birth of a child, loss of other coverage).
- **Annual Enrollment**: During the designated annual enrollment period, when you may review and update your benefit elections for the upcoming plan year.

3.1 Enrollment Deadlines and Coverage Effective Dates

Event	Enrollment Deadline	Effective Date of Coverage
New hire	31 days from hire date	1st of the month following 30 days from your hire date
Newly eligible for benefits status change	31 days from your status change date	1st of the month following 30 days from your status change date
Rehire within 30 days	Not applicable, your benefit elections in effect on the date of your termination are automatically reinstated.	Reinstated back to the benefit end date (no break in coverage).
Rehire greater than 30 days, but within 13 weeks of termination	31 days from rehire date	1st of the month from your rehire date
Rehire greater than 13 weeks of termination	31 days from rehire date	1st of the month following 30 days from your rehire date
QLE – excluding birth/adoptions	31 days from the QLE date	On the QLE date
Birth or Adoption QLE	90 days from the child's birth or adoption date*	On the child's birth or adoption date
Annual Enrollment (AE)	Varies but elections must be made during the communicated AE window	January 1st following AE
** For the critical illness, your child must be added within 60 days of the birth/adoption date.*		

For Commuter Benefits: Commuter Benefits are unique in that enrollment occurs outside of the standard health and welfare benefits enrollment process. You may enroll, change, or cancel your Commuter Benefits at any time, based on your commuting needs.

Enrollment Deadlines for Commuter Benefits:

- For most transit and parking options, changes must be submitted by the 10th of the month to be effective the following month.
- If you are using the Long Island Railroad or Metro-North Railroad in New York, changes must be submitted by the 4th of the month for benefits to be effective the following month.

3.2 How to enroll

You will enroll and make changes to your health and welfare benefits through the My Benefits & Retirement app via Workday.

To access the *My Benefits & Retirement* homepage:

1. Go to **Workday** (https://wd3.myworkday.com/bmo/login.htmld)
2. Click the **My Benefits & Retirement** app
3. Select your network status (on or off BMO network*)

**You can access Workday from outside the BMO firewall using a standard internet browser or the Workday mobile app. Before doing so, you must first complete your initial setup while connected to the BMO network. This setup includes logging in with your Employee Identification Number (EIN) as your username; creating a password; and setting up your security challenge questions. Once this setup is complete, you'll be able to securely access Workday from any location.*

3.2.1 Enrollment as a new hire, rehire or newly eligible employee

When you initially become eligible for BMO's benefits, you will have the opportunity to enroll in the coverage you and your family needs. An enrollment event in *My Benefits & Retirement* will automatically appear for you to make changes and you have 31 days from your hire, rehire or status change date to enroll in your health and welfare benefits.

1. Go to **Workday** (https://wd3.myworkday.com/bmo/login.htmld)
2. Click the **My Benefits & Retirement** app
3. Select your network status (on or off BMO network)
4. From the *My Benefits & Retirement* homepage, click the **Enroll in your benefits** tile
5. Click **Go to Enrollment** and follow the prompts to navigate through the benefits election process

3.2.2 Mid-year Changes due to a Qualifying Life Event

In most cases, the benefits you choose during enrollment stay the same all year. However, certain life events - like getting married or having a baby - may allow you to make changes mid-year. You will log your QLE and make changes to your health and welfare benefits through the My Benefits & Retirement app via Workday.

1. Go to **Workday** (https://wd3.myworkday.com/bmo/login.htmld)
2. Click the **My Benefits & Retirement** app
3. Select your network status (on or off BMO network)
4. From the *My Benefits & Retirement* homepage, click the **Change Your Coverage** tab
5. Select the life event type from the list that fits your QLE
6. Enter the event date and click **Continue**
7. Click **Go to Enrollment** and follow the prompts to navigate through the benefits election process

Important: Your QLE must be entered AND any changes to your benefits must be completed within 31 days of the event (or 90 days for a birth or adoption). For HIPAA special enrollment events related to CHIP or Medicaid, you have 60 days to request enrollment. If you miss the deadline, you won't be able to make changes until the next open enrollment period (unless another QLE occurs).

You can make changes due to a QLE if you or your dependent(s) experience a:

Change in	QLE types
Legal Marital Status	Marriage, divorce, legal separation, annulment, or death of a spouse
Number of Eligible Dependents	Birth, adoption, placement for adoption, legal guardianship, or death
Employment Status	Gaining or losing eligibility due to a job change (you or your dependents)
Dependent Status	Changes in eligibility due to age, disability, or similar factors
Residence Change	Moving outside your medical plan's network service area
HIPAA Special Enrollment Event	Loss of other coverage; gaining a new dependent through marriage, birth, adoption, or placement for adoption; gaining eligibility for Medicaid or CHIP coverage or a state premium assistance program under Medicaid or CHIP
Entitlement to Medicare or Medicaid	Gaining or losing eligibility to Medicare or Medicaid
Judgment, Decree, or Order	A judgment, decree, or order (such as a QMCSO) requires you to cover your dependent child under the Plan
Change Under Another Employer's Plan	Loss or gain of coverage due to another employer's plan (e.g., loss of coverage or a change associated with a different open enrollment period) (must be allowed under both plans)
Loss of Coverage Under Government/Educational Plan	Includes CHIP, Indian Health Service, state risk pools, or foreign government plans
Significant Change in Coverage	If the cost of coverage is significantly increase or decreased, or if benefits are

	significantly improved or curtailed (this event does not apply to the HCFSA or LPFSA)

Note: Under Code Section 125 rules, changes to your benefits must be consistent with the QLE and limited to the affected individual(s).

For example, if you child loses eligibility for coverage due to age or other reasons, you can remove coverage for that child only and cannot remove coverage for yourself or any other covered dependents, unless they are also affected by the same event.

Note about HSA mid-year changes: Unlike most other benefits, you can start, change or end your HSA contributions at any point during the year - as long as you're enrolled in the HDHP. See the Health Savings Account Plan Details for details on how to make mid-year changes.

3.2.3 Changes during Annual Enrollment

Each fall, you'll have a chance to review and update your benefit elections for the upcoming calendar year. During the two-week Annual Enrollment (AE) window, an enrollment event in *My Benefits & Retirement* will automatically appear for you to make changes.

1. Go to **Workday** (https://wd3.myworkday.com/bmo/login.htmld)
2. Click the **My Benefits & Retirement** app
3. Select your network status (on or off BMO network)
4. From the *My Benefits & Retirement* homepage, click the **Enroll in your benefits** tile
5. Click **Go to Enrollment** and follow the prompts to navigate through the benefits election process

Once the window closes, your elections are locked in for the year - unless you experience a QLE.

Passive vs. Active Elections during Annual Enrollment

For your convenience, most benefits will **automatically renew** during Annual Enrollment unless you make changes. Flexible Spending Account (FSA) benefits do not automatically renew and **require you to re-enroll** each year.

Passive (Automatically renew)	Active (Require re-enrollment)
• Medical • Dental • Vision • Health Savings Account • Supplemental Life Insurance • Family Life Insurance • Accident Insurance • Critical Illness Insurance • Hospital Indemnity Insurance	• Health Care FSA • Limited Purpose FSA • Dependent Care FSA

• Group Legal Plan • Supplemental Long-Term Disability	

If you do not take any action during AE, your current elections for benefits that are passive will carry over at the **new plan year rates**. Your current elections for FSA benefits that require active re-enrollment will be waived for the new plan year.

3.2.4 Enrolling and making changes to Commuter Benefits

You may enroll, change, or cancel your Commuter Benefits at any time, based on your commuting needs through the *My Benefits & Retirement* app in Workday.

1. Go to **Workday** (https://wd3.myworkday.com/bmo/login.htmld)
2. Click the **My Benefits & Retirement** app
3. Select your network status (on or off BMO network)
4. From the *My Benefits & Retirement* homepage, click the **Reimbursement Accounts** tab
5. Click **Commuter Account** and **Manage my commuter benefits** to navigate through the election process

3.3 When coverage ends

Your coverage under the Plan (and most component plans) ends on the **last day of the month** in which any of the following occur:

- Your employment with BMO ends for any reason*
- You become ineligible to participate* (see 1.1 Employee Eligibility Requirements)
- You fail to pay premiums when due
- The Plan terminates coverage for employees

Your **dependent's coverage** ends on the **last day of the month** in which any of the following occur:

- Your employment with BMO ends for any reason*
- You or your covered dependents become ineligible to participate* (see 1.2 Dependent Eligibility Requirements)
- You divorce or become legally separated from your spouse
- You no longer share a sole, committed relationship with your domestic partner
- You fail to pay premiums when due
- The Plan terminates coverage for employees, dependents, or domestic partners
- Your dependent fails the verification process

***Note:** Coverage will end on your termination date or the date you became ineligible for benefits for the DCFSA, life insurance benefits, Business Travel Accident, Accident Insurance, Group Legal benefit, disability benefits, and Commuter Benefits.

In most cases, you and your dependents may be eligible to continue coverage through **COBRA** when coverage ends. It is your responsibility to notify BMO of any change in your or your dependent's status that affects eligibility (e.g., a divorce, legal separation, end of domestic partnership, or a dependent child aging out) within **60 days** of the change in order for COBRA coverage to be offered.

Retroactive Cancellation of Coverage

BMO relies on the accuracy and completeness of the information you provide. If you or your dependents engage in fraud or make material misrepresentations in connection with the Plan, the Plan reserves the right to take appropriate corrective actions. These actions may include the denial or reversal of benefits, retroactive cancellation of coverage, and/or termination of eligibility under the Plan.

3.4 What happens to benefits during a Leave of Absence

Approved Leave

If your leave is approved (e.g., FMLA, Short Term Disability, Maternity, Parental, Military), your benefits coverage generally continues. Here's how it works:

- **Paid Leave**:
  Coverage continues uninterrupted. Premiums and contributions are deducted from your pay as usual.
- **Unpaid Leave**:
  Coverage continues, and you are responsible for payments for any premiums and contributions missed during your leave. Missed deductions will accumulate in arrears and be collected when you return (typically one extra deduction per pay period until paid in full).

  For extended unpaid leave, you may be contacted to arrange direct payment to maintain your coverage.
- **Military Leave**:
  Coverage continues at active employee rates for the full duration of your approved military leave.
    - During your one year of paid military leave, premiums and contributions are deducted from your pay as usual.
    - If you continue to be on military leave longer than one year, you are responsible for payments for any premiums and contributions missed during your unpaid military leave. Missed deductions will accumulate in arrears and be collected

when you return (typically one extra deduction per pay period until paid in full).

For an extended military leave, you may be set-up to make direct payments through our Billing Administrator to maintain your coverage.

At the onset of your military leave you may also choose to waive your coverage. When you return to work following your leave, your coverage will be reinstated without a waiting period as required under the Uniformed Services Employment and Reemployment Rights Act (USERRA).

Unapproved Leave

If your leave is not approved or you do not return as expected:

- Coverage ends on the last day of the month in which your employment ends.

Long-Term Disability Leave

If you are on an approved Long-Term Disability (LTD) leave, your medical, dental, and vision coverage will continue for 3 years from the date you are approved for LTD income replacement benefits. At the end of the 3 years of coverage, you will be offered COBRA continuation coverage and/or Retiree Medical, if eligible.

4.0 Paying for benefits

Some benefits under the Plan are paid entirely by BMO, some are paid entirely by employees, and others are shared between BMO and employees.

If you're responsible for part of the cost, your contributions will be deducted from your **bi-weekly paycheck**, either **pre-tax or after-tax**, depending on IRS rules.

Most BMO-paid contributions are **non-taxable**, but there are a few exceptions where IRS regulations require the value of employer-paid premiums or coverage to be treated as **taxable income**.

Component plan	Type of Plan	Who contributes	Tax Treatment of Premiums
Medical	Self Insured (BCBSIL/ESI) Fully-Insured (Kaiser)	You & BMO	Pre-tax & Non-taxable*
Dental	Self Insured	You & BMO	Pre-tax & Non-taxable*
Vision	Fully Insured	You	Pre-tax*
Health Savings Account	Not Applicable	You & BMO	Pre-tax & Non-taxable
Health Care Flexible Spending Account	Self Insured	You	Pre-tax

Limited Purpose Flexible Spending Account	Self Insured	You	Pre-tax
Dependent Care Flexible Spending Account	Not Applicable	You	Pre-tax
Basic Life Insurance	Fully Insured	BMO	Non-taxable & taxable**
Supplemental Life Insurance	Fully Insured	You	After-tax
Family Life Insurance	Fully Insured	You	After-tax
Business Travel Accident Insurance	Fully Insured	BMO	Non-taxable
Accident Insurance	Fully Insured	You	After-tax
Critical Illness Insurance	Fully Insured	You	After-tax
Hospital Indemnity Insurance	Fully Insured	You	After-tax
Group Legal Plan	Not Applicable	You	After-tax
Commuter Benefits	Not Applicable	You	Pre-tax & After-tax***
Short term Disability	Self Insured	BMO	Non-taxable
Long term Disability	Self Insured	BMO	Non-taxable
Supplemental Long term Disability	Self Insured	You	Pre-tax
Employee Assistance Program	Fully Insured	BMO	Non-taxable

** If you elect to cover a Non-Tax Dependent Domestic Partner under your Medical, Dental, or Vision plans, the portion of premiums attributed to their coverage will be treated as after-tax and taxable income.*

*** The first $50,000 of Basic Life Insurance coverage is non-taxable. Any coverage amounts exceeding $50,000 are treated as taxable income in accordance with IRS regulations.*

**** Contributions toward commuter benefits are considered pre-tax up to the applicable IRS limits. If you choose to exceed these limits for certain products, the excess amounts will be treated as after-tax.*

Missed Contributions during a Leave, during a Suspension without pay, or due to Low Earnings

If you miss a paycheck due to a leave of absence or a suspension without pay, or don't have enough earnings to cover your benefit deductions, you're still responsible for paying your share of premiums.

Your missed deductions for the following benefits will be tracked and collected in **arrears** and repayments will be added to future paychecks (at a rate of one additional deduction per payroll until your arrears balance is zero) along with your regular deductions for the following benefits:

- Medical, Dental, Vision
- Supplemental Life Insurance & Family Life Insurance
- Accident, Critical Illness & Hospital Indemnity Insurance
- Group Legal Plan
- Supplemental Long-Term Disability
- Commuter Benefits

If your arrears balance reaches a certain threshold, you may receive a notification from Inspira, our billing vendor, with instructions to make payments outside of payroll to resolve the owed premiums.

Your HSA and FSA contributions will automatically recalculate and adjust based on the number of remaining pay periods in the year. This ensures your total deductions align with your annual election amount.

5.0 Administrative Information about the Plan

This SPD outlines the provisions of the Plan, a group health plan governed by ERISA. The Plan offers a comprehensive suite of benefits to eligible employees, including medical, prescription drug, dental, vision, employee assistance program, life insurance, disability coverage, and health flexible spending accounts. These benefits are administered in accordance with applicable federal regulations and internal policies to ensure consistent, equitable, and compliant delivery of services.

5.1 Plan Identification

Plan number: 507

Employer Identification Number: 51-0275712

Plan year: January 1 – December 31

Plan sponsor: BMO Financial Corp.

Plan administrator: Benefits Administration Committee (“Committee”)

The Plan sponsor and Plan administrator can be contacted at:

BMO Financial Corp.
Benefits Administration Committee
320 South Canal Street, Floor 8
Chicago, IL 60606
Human Resources Centre (HRC): 1-888-927-7700
Email: usbenefits@bmo.com

Plan Administration and Discretionary Authority: The Plan Administrator has full discretionary authority to interpret and apply the terms of the Plan, including making determinations regarding eligibility for benefits and resolving factual questions. This authority extends to interpreting Plan provisions and ensuring that the Plan is administered in accordance with its terms and applicable laws.

Oversight of the Plan is entrusted to the Committee, whose principal duty is to ensure the Plan is carried out for the exclusive benefit of Plan participants. Unless delegated to another named fiduciary or claims administrator, the Committee retains full discretionary power to administer the

Plan in all respects. The Committee's decisions regarding the interpretation of the Plan and related matters are final and binding on all parties.

The Plan administrator has delegated certain responsibilities to the claims administrators and insurers, including the authority to interpret and apply Plan provisions, make factual determinations, and decide claims and appeals. Benefits under the Plan will only be paid if the Plan administrator or claims administrator, or insurer, as applicable, determines in its discretion that the claimant is entitled to them.

Plan trustee: The Plan trustee for the Plan is BNY Mellon and can be reached at:

BNY Mellon Client Service Center
500 Ross Street, 8th Floor
Pittsburgh, PA 15262-0001

Agent for service of legal process: The Plan administrator is the agent for legal process against the Plan. Legal process may also be served upon the Plan trustee.

Type of funding: The Plan is funded by the employer's general assets, employee contributions, and a trust.

Future of the Plan Statement: BMO reserves the right to amend, modify, replace, or terminate the Plan or any part of it at any time, for any reason. Such actions may be taken by the Board of Directors, an authorized administrative committee, or other designated individuals.

If changes occur, you will be properly notified.

Please note:

- Health and welfare benefits do not vest like retirement benefits.
- If the Plan is terminated, you will only receive benefits for covered expenses incurred before the Plan termination date.

5.2 Claims Administrators, Third Party Administrators, and Service Providers

The applicable claims administrators, insurers, and service providers are listed below.

5.3 Claims and Appeals Procedures

Claims for benefits (e.g., group health plan or other ERISA benefit claims/appeals) under the Plan are governed by ERISA. Other claims and appeals (e.g., eligibility and enrollment requests without a claim for benefits, dependent verification appeals) are governed by the rules in 5.3.1 (Coverage Appeal), 5.3.2 (Eligibility Appeal), and 5.3.3 (Dependent Verification Denial Appeal). BMO and its delegates will administer the Plan in a fair, consistent, and compliant manner. As such, the Plan must adhere strictly to the rules and criteria outlined in this SPD and related plan documents. **Exceptions to these rules are not permitted.**

However, you have the right to appeal a decision made by the Plan or its delegate if you believe an error occurred or if there were extenuating circumstances that impacted the outcome. The Plan provides a formal appeals process to ensure that all decisions are reviewed fairly and consistently.

There are four types of appeals available under the Plan:

- Coverage Appeal
- Eligibility Appeal
- Dependent Verification Denial Appeal
- Claim Denial Appeal

5.3.1 Coverage Appeal

A Coverage Appeal applies when you are denied the opportunity to enroll in the Plan or any of the component benefits. This may occur if:

- You miss your initial enrollment deadline as a newly eligible employee
- You do not take action during AE
- You fail to act within the required timeframe following a QLE
- You do not have a valid QLE that would allow you to enroll or make changes
- You made an unintentional change/omission during an enrollment event

Filing a First Level Coverage Appeal

1. Initial Contact
    - Call the Human Resources Centre (HRC) at 1-888-927-7700 to discuss your concern.
    - If the issue is not resolved to your satisfaction, proceed to file a formal appeal.
2. Prepare Your Appeal
    - Your appeal must be submitted in writing and include:
        - Your name
        - Your employee ID
        - A clearly written explanation of the issue
        - Any supporting documents showing:
            - Extenuating circumstances that prevented timely action
            - Evidence of an error
3. Submit Your Appeal
    - Send your appeal and documentation to:
        - By Mail:
          BMO Financial Corp.
          C/O Appeals DEPT 14613
          PO Box 64050
          The Woodlands, TX 77387-4050
        - By Fax: 1-866-894-6684
4. Review Process
    - The Benefits Administrator (Alight) will respond to your appeal within 30 days.
    - If more information is needed, you'll be notified.
    - You must provide any requested information within 30 days, or your appeal will be considered invalid.

Filing a Second Level Coverage Appeal

If your first level coverage appeal is denied by the Benefits Administrator, you have the right to receive a secondary review by the Plan Administrator, BMO's Benefits Administration Committee.

1. Timing
    - You must submit your second level appeal **within 60 days** of receiving the denial of your first-level coverage appeal.
2. Prepare Your Second Level Appeal
    - Your appeal must be submitted in writing and include:
        - Your name
        - Your employee ID
        - A clearly written explanation of the issue including why your coverage denial should be reconsidered
        - Any supporting documents showing:

        - Extenuating circumstances that prevented timely action or justification why your situation falls outside of Plan rules
        - Evidence of an error
        - Any additional supporting documentation not submitted during the first level appeal that you feel helps your case
    - Upon request, you can receive copies of all documents and information relevant to your appeal free of charge by contacting usbenefits@bmo.com.

3. Submit Your Appeal
    - Send your appeal and documentation to:
        - By Mail:
          BMO Financial Corp.
          Benefits Administration Committee
          C/O BMO U.S. Benefits Team
          395 N. Executive Drive, 3rd Floor - HR
          Brookfield, WI 53005
        - By Email: usbenefits@bmo.com

4. Review Process
    - The Benefits Administration Committee will respond with a **final and binding decision** within:
        - 60 days, or
        - 120 days if an extension is required
    - If more information is needed, you'll be notified.
    - You must provide any requested information within 30 days, or your appeal will be considered invalid.

5.3.2 Eligibility Appeal

An eligibility appeal applies when you or your dependents are denied eligibility to participate in the Plan or any of the component benefits. This may occur if:

- You do not meet the employee eligibility criteria outlined in Section 1.1 Employee eligibility requirements.
- You attempt to enroll a dependent who does not meet the criteria outlined in Section 1.2 Dependent eligibility requirements.

Filing a First Level Eligibility Appeal

1. Initial Contact
    - Call the Human Resources Centre (HRC) at 1-888-927-7700 to discuss your concern.
    - If the issue is not resolved to your satisfaction, proceed to file a formal appeal.

2. Prepare Your Appeal
    - Your appeal must be submitted in writing and include:

        - Your name
        - Your employee ID
        - A clearly written explanation of the issue
        - Any supporting documents showing:
            - Extenuating circumstances that justify your case falls outside Plan rules
            - Evidence of an error

3. Submit Your Appeal
    - Send your appeal and documentation to:
        - By Mail:
            BMO Financial Corp.
            C/O Appeals DEPT 14613
            PO Box 64050
            The Woodlands, TX 77387-4050
        - By Fax: 1-866-894-6684

4. Review Process
    - The Benefits Administrator (Alight) will respond to your appeal within 30 days.
    - If more information is needed, you'll be notified.
    - You must provide any requested information within 30 days, or your appeal will be considered invalid.

Filing a Second Level Eligibility Appeal

If your first level eligibility appeal is denied by the Benefits Administrator, you have the right to receive a secondary review by the Plan Administrator, BMO's Benefits Administration Committee.

1. Timing
    - You must submit your second level appeal **within 60 days** of receiving the denial of your first-level eligibility appeal.

2. Prepare Your Second Level Appeal
    - Your appeal must be submitted in writing and include:
        - Your name
        - Your employee ID
        - A clearly written explanation of the issue including why your eligibility denial should be reconsidered
        - Any supporting documents showing:
            - Extenuating circumstances that justify why your situation falls outside of Plan rules
            - Evidence of an error
            - Any additional supporting documentation not submitted during the first level appeal that you feel helps your case

- Upon request, you can receive copies of all documents and information relevant to your appeal free of charge by contacting usbenefits@bmo.com.

3. Submit Your Appeal
    - Send your appeal and documentation to:
        - By Mail:
          BMO Financial Corp.
          Benefits Administration Committee
          C/O BMO U.S. Benefits Team
          395 N. Executive Drive, 3rd Floor - HR
          Brookfield, WI 53005
        - By Email: usbenefits@bmo.com

4. Review Process
    - The Benefits Administration Committee will respond with a **final and binding decision** within:
        - 60 days, or
        - 120 days if an extension is required
    - If more information is needed, you'll be notified.
    - You must provide any requested information within 30 days, or your appeal will be considered invalid.

5.3.3 Dependent Verification Denial Appeal

A dependent verification denial appeal applies when one or more of your dependents are denied coverage during the dependent verification process (see Section 1.2.1 Dependent Verification Requirement). This may occur if:

- All of the required documentation is not submitted by the deadline
- Submitted documentation does not clearly demonstrate the dependent's eligibility
- You dependent has been determined to be ineligible based on the criteria outlined in Section 1.2 Dependent eligibility requirements

Filing a First Level Dependent Verification Denial Appeal

1. Initial Contact
    - Call the Dependent Verification Center via the HRC at 1-888-927-7700 to discuss your concern.
    - If the issue is not resolved to your satisfaction, proceed to file a formal appeal.

2. Timing
    - You must submit your appeal **within 60 days** from the later of:
        - The coverage termination date, or
        - The eligibility enrollment date

3. Prepare Your Appeal

- Your appeal must be submitted in writing and include:
  - Your name
  - Your employee ID
  - A clearly written explanation of the issue
  - Any supporting documents showing:
    - The required documentation has been/is now being provided
    - Comments or records
    - Evidence of extenuating circumstances that prevented timely completion of the verification process
    - Evidence of an error

Note: Submitting an appeal does **not guarantee reinstatement** of your dependent(s). You must demonstrate a valid reason for missing the verification deadline.

4. Submit Your Appeal
   - Send your appeal and documentation to:
     - By Mail:
       Dependent Verification Claims and Appeals Team
       PO Box 299102
       Lewisville, TX 75029-9102
5. Review Process
   - The Dependent Verification Claims and Appeals Team will respond to your appeal within 30 days of receiving your appeal.
   - If more information is needed, you'll be notified.
   - You must provide any requested information within 30 days, or your appeal will be considered invalid.

Filing a Second Level Dependent Verification Denial Appeal

If your first level dependent verification denial appeal is denied by the Dependent Verification Claims and Appeals Team, you have the right to receive a secondary review by the Plan Administrator, BMO's Benefits Administration Committee.

5. Timing
   - You must submit your second level appeal **within 60 days** of receiving the denial of your first level dependent verification denial appeal.
6. Prepare Your Second Level Appeal
   - Your appeal must be submitted in writing and include:
     - Your name
     - Your employee ID
     - A clearly written explanation of the issue including why your dependent verification denial should be reconsidered
     - Any supporting documents showing:

        - Extenuating circumstances that justify why your situation falls outside of Plan rules
        - Evidence of an error
        - Evidence that all required documentation has been/is being submitted now
        - Any additional supporting documentation not submitted during the first level appeal that you feel helps your case
    - Upon request, you can receive copies of all documents and information relevant to your appeal free of charge by contacting usbenefits@bmo.com.

7. Submit Your Appeal
    - Send your appeal and documentation to:
        - By Mail:
            BMO Financial Corp.
            Benefits Administration Committee
            C/O BMO U.S. Benefits Team
            395 N. Executive Drive, 3rd Floor - HR
            Brookfield, WI 53005
        - By Email: usbenefits@bmo.com

8. Review Process
    - The Benefits Administration Committee will respond with a **final and binding decision** within:
        - 60 days, or
        - 120 days if an extension is required
    - If more information is needed, you'll be notified.
    - You must provide any requested information within 30 days, or your appeal will be considered invalid.

5.3.4 Claim Denial Appeals

Claims for Benefits: Deadline to File Claims

Unless otherwise provided in the applicable Welfare Program Document, you must file a claim for benefits within 365 days following the date the service was rendered. For details regarding the claims submission process of a specific component benefit, see the applicable Welfare Program Document listed in the chart below.

Claims Administrator	Where to find Appeal Procedures
Blue Cross Blue Shield of Illinois	• HDHP: 2025 BCBSIL HDHP Booklet • PPO: 2025 BCBSIL PPO Booklet

Standard Claims for Benefits procedure: Initial Claims

Unless otherwise provided in the applicable Welfare Program Document, your claim for benefits will be processed under the procedures described below. ****Note: the procedures listed below are default claims procedures and apply only when the applicable Welfare Program Document does not provide for a specific claims procedure (Where it does, you must follow the specific claims procedure provided there).****

Medical, Dental, and/or Vision ***Urgent Claims*** Any claim for medical care or treatment where making a	Notice of the Plan's determination will be sent as soon as possible considering the medical exigencies, and in no case later than 72 hours after receipt of the claim. You may receive notice orally, in which case a written notice will be provided within 3 days of the oral notice. If your urgent claim is determined to be incomplete, you will receive

determination under the normal timeframes could seriously jeopardize your life or health or your ability to regain maximum function, or, in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that could not adequately be managed without the care or treatment that is the subject of the claim.	a notice to this effect within 24 hours of receipt of your claim, at which point you will have 48 hours to provide additional information. If you request an extension of urgent care benefits beyond an initially determined period and make the request at least 24 hours prior to the expiration of the original determination, you will be notified within 24 hours of receipt of the request.
Medical, Dental, and/or Vision ***Pre-Service Claims*** A claim for services that have not yet been rendered and for which the Plan requires prior authorization.	If your pre-service claim is improperly filed, you will be notified within five days of receipt of the claim. If your pre-service claim is filed properly, a claims determination will be sent within a reasonable period of time appropriate to the medical circumstances, but no later than 15 days from receipt of the claim. If the insurer or claims administrator determines that an extension is necessary due to matters beyond control of the Plan, this time may be extended 15 days. You will receive notice prior to the extension that indicates the circumstances requiring the extension and the date by which the insurer or claims administrator expects to render a determination. If the extension is necessary to request additional information, the extension notice will describe the required information, and you will be given at least 45 days to submit the information. The insurer or claims administrator then will make its determination within 15 days from the date the Plan receives your information, or, if earlier, the deadline to submit your information.
Medical, Dental, Vision, Employee Assistance Program, and/or Health FSAs ***Post-Service Claims*** A claim for services that already have been rendered, or where the Plan does not require prior authorization.	Notice of the Plan's determination will be sent within a reasonable time period but not longer than 30 days from receipt of the claim. If the insurer or claims administrator determines that an extension is necessary due to matters beyond control of the Plan, this time may be extended 15 days. You will receive notice prior to the extension that indicates the circumstances requiring the extension and the date by which the insurer or claims administrator expects to render a determination. If

	the extension is necessary to request additional information, the extension notice will describe the required information, and you will be given at least 45 days to submit the information. The insurer or claims administrator then will make its determination within 15 days from the date the Plan receives your information, or, if earlier, the deadline to submit your information.
Disability Claims	Notice of the Plan's determination will be sent within a reasonable time period, but not longer than 45 days from receipt of the claim. If the insurer or claims administrator determines that an extension is necessary due to matters beyond control of the Plan, this time may be extended for two additional 30-day periods. You will receive notice prior to each extension that indicates the circumstances requiring the extension, the date by which the insurer or claims administrator expects to render a determination, the standards on which entitlement to a benefit is based, and the unresolved issues that prevent a decision on the claim. If the extension is necessary to request additional information, the extension notice will describe the required information, and you will be given at least 45 days to submit the information. The insurer or claims administrator then will make its determination within 30 days from the date the Plan receives your information, or, if earlier, the deadline to submit your information.
Life, AD&D, Business Travel Accident Insurance, Critical Illness Insurance, Hospital Indemnity Insurance, and/or Legal	Notice of the Plan's determination will be sent within a reasonable time period, but not longer than 90 days from receipt of the claim. If the insurer determines that an extension is necessary due to special circumstances, this time may be extended for an additional 90 days. You will receive notice prior to the extension that indicates the special circumstances requiring the extension and the date by which the insurer expects to render a determination.

Standard Claims for Benefits procedure: Appeals

Refer to the Welfare Program Document for procedures to file claim for benefits or related appeal.

Unless otherwise stated in the applicable Welfare Program Document, you must file your appeal related to a specific coverage, treatment, eligibility determination, or benefit within the deadline

set out in the chart below. Requests for appeals should be sent to the address specified in the denial notice.

You will have the opportunity to submit written comments, documents, or other information in support of your appeal, and you will have access to all documents that are relevant to your claim. Your appeal will be conducted by a person different from the person who made the initial decision. No deference will be afforded to the initial determination.

If your claim involves a medical judgment question, the insurer or claims administrator will consult with an appropriately qualified health care practitioner with training and experience in the field of medicine involved. If a health care professional was consulted for the initial determination, a different health care professional will be consulted on appeal. Upon request, the insurer or claims administrator will provide you with the identification of any medical expert whose advice was obtained on behalf of the Plan in connection with your appeal.

A final decision on appeal will be made within the time periods specified below.

****Note: the procedures listed below are default appeal procedures and apply only when the applicable Welfare Program Document does not provide for a specific appeal procedure (Where it does, you <u>must</u> follow the specific appeal procedure provided there).****

Medical, Dental, and/or Vision ***Urgent Claims***	You must submit your appeal within 180 days of the date of your initial denial notice (or first level appeal notice, for second level appeals). You will be notified of the determination as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the claim.
Medical, Dental, and/or Vision **Pre-Service Claims**	You must submit your appeal within 180 days of the date of your initial denial notice (or first level appeal notice, for second level appeals). For both the first and second levels of appeal of a Pre-Service claim, you will be notified of the determination within a reasonable period of time taking into account the medical circumstances, but no later than 15 days from the date your request is received (30 days if there is only one level of appeal).
Medical, Dental, Vision, Employee Assistance Program, and/or Health FSAs **Post-Service Claims**	You must submit your appeal within 180 days of the date of your initial denial notice (or first level appeal notice, for second level appeals). For both the first and second levels of appeal of a Post-Service claim, you will be notified of the determination within a reasonable period of time, but no later than 30 days from

	the date your request is received (60 days from the date if there is only one level of review).
Disability Claims	You must submit your appeal within 180 days of the date of your initial denial notice. You will be notified of the determination within a reasonable time, but not later than 45 days from receipt of the request for review. If the insurer or claims administrator determines that an extension is necessary due to special circumstances, this time may be extended for an additional 45 days. You will receive notice prior to the extension that indicates the special circumstances requiring the extension and the date by which the insurer or claims administrator expects to render a determination. If the extension is necessary to request additional information, the extension notice will describe the required information, and you will be given at least 45 days to submit the information. The insurer or claims administrator then will make its determination within 45 days from the date it receives your information, or, if earlier, the deadline to submit your information.
Life, AD&D, Business Travel Accident Insurance, Critical Illness Insurance, Hospital Indemnity Insurance, and/or Legal	You must submit your appeal within 60 days of the date of your initial denial notice. You will be notified of the determination within a reasonable time, but not later than 60 days from receipt of the request for review. If the insurer determines that an extension is necessary due to special circumstances, this time may be extended for an additional 60 days. You will receive notice prior to the extension that indicates the special circumstances requiring the extension and the date by which the insurer expects to render a determination.

Concurrent Care

If an ongoing course of treatment was previously approved for a specific period or number of treatments, any reduction or termination by the Plan of such course of treatment (other than by amendment or termination) before the end of such period of time or number of treatments will constitute an adverse benefit determination. You will be notified if there is to be any reduction or termination in coverage for ongoing care sufficiently in advance of such reduction so that you will be able to appeal the decision before the coverage is reduced or terminated.

If the claim is a request for an urgent extension of concurrent care and the request is made at least 24 hours prior to the expiration of the prescribed period of time or number of treatments, you will be notified of the decision, whether adverse or not, as soon as possible but no later than 24 hours after receipt of the claim. If your request for extended treatment is not made at least 24 hours prior to the expiration of the prescribed period of time or number of treatments, the request will be treated as an urgent care claim and decided according to the urgent care time frames listed above.

If a request to extend a course of treatment beyond the period of time or number of treatments previously approved by the Plan does not involve urgent care, your request will be considered a new claim and will be decided according to pre-service or post-service timeframes, whichever applies.

Appeals of concurrent care claims will be governed according to applicable timeframes (urgent care, pre-service, or post-service) listed in the tables above.

Standard Claims for Benefits procedure: Notice of Determination

If your claim or appeal is in part or wholly denied, you will receive notice of an adverse benefit determination that will, where applicable:

- State specific reason(s) for the adverse determination;
- Reference specific Plan provision(s) on which the benefit determination is based;
- Describe additional material or information, if any, needed to perfect the claim and the reasons such material or information is necessary (initial claim);
- Describe the Plan's claims review procedures and the time limits applicable to such procedures (initial claim);
- Include a statement of your right to bring a civil action under ERISA section 502(a) following appeal. For appeals of claims for disability benefits, this statement will also describe any applicable contractual limitations period that applies to the claimant's right to bring such an action and the calendar date on which the contractual limitations period expires for the claim;
- State that you are entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claim for benefits (all appeals and disability claims);
- Describe any voluntary appeal procedures offered by the plan and your right to obtain information about such procedures (all appeals);
- Disclose any internal rule, guidelines, or protocol relied on in making the adverse determination (or state that such information will be provided free of charge upon request) (group health plan claims and appeals);
- If the denial is based on a medical necessity or experimental treatment or similar limit, explain the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, or state that such information will be

provided free of charge upon request (group health plan claims and appeals and disability claims and appeals);

- Include the following statement: “You and your plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your State insurance regulatory agency.” (group health plan appeals);
- Include a description of an expedited review process for group health plans concerning a claim involving urgent care;
- Include information sufficient to identify the claim involved, including date of service, health care provider, and claim amount (medical claims and appeals);
- Include a statement describing the availability, upon request, of the diagnosis code and its corresponding meaning and treatment code and its corresponding meaning (medical claims and appeals);
- Include the denial code and its corresponding meaning and a description of the Claims Administrator’s or Insurer’s standard, if any, that was used in denying the claim (medical claims and appeals);
- Describe any internal appeals and the external review process, if applicable, including information regarding how to initiate an appeal (medical claims and appeals);
- Include a statement about the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman established under health care reform laws to assist individuals with internal claims and appeals and external review processes (medical claims and appeals);
- Include a discussion of the decision, including an explanation of the basis for disagreeing with or not following: (i) the views presented by the claimant to the Plan of health care professionals treating the claimant and vocational professionals who evaluated the claimant; (ii) the views of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claimant’s adverse benefit determination, without regard to whether the advice was relied upon in making the benefit determination; and (iii) a disability determination made by the Social Security Administration regarding the claimant (disability claims and appeals); and
- Include either the specific internal rules, guidelines, protocols, standards or other similar criteria of the Plan relied upon in making the adverse determination or, alternatively, a statement that such rules, guidelines, protocols, standards or other similar criteria of the plan do not exist (disability claims and appeals).

5.3.5 Limitation of Legal Action

You may not bring legal action against BMO Financial Corp., the Benefits Administration Committee, any Claims Administrator, or the Plan unless you have completed the full appeal

process. Legal action must be filed within **12 months** of the final appeal decision; otherwise, your right to sue is waived.

Mandatory Venue
All lawsuits related to the Plan - including claim disputes - must be filed in **federal court in Cook County, Illinois**, which has exclusive jurisdiction over the Plan.

5.4 Coordination of Benefits

Coordination of Benefits (COB) applies when you or your covered dependents are enrolled in more than one group health plan, including medical, dental, or vision coverage. The purpose of COB is to ensure that you receive the full benefits to which you are entitled without exceeding the actual cost of care. Total payments from all plans combined will not exceed the provider's billed charges.

It is your responsibility to notify the claims administrator/insurer of any other group coverage that may apply.

Plans Subject to COB

COB applies if you are covered by more than one health benefits plan, including but not limited to:

- Another employer-sponsored medical, dental, or vision plan
- A medical component of a group long-term care plan (e.g., skilled nursing care)
- No-fault or fault-based auto insurance medical benefits
- Medical payment benefits under premises liability or other liability coverage
- Medicare or other government-sponsored health benefits

How COB Works

When you have a claim, determine which plan is your **primary plan** (see *Determining Your Primary Plan* below). Submit your claim to the primary plan first. Once processed, send the Explanation of Benefits (EOB) and itemized bills to the **secondary plan**, which will consider payment for any remaining eligible expenses.

Determining Your Primary Plan

The following rules determine which plan pays first:

1. **Employee vs. Dependent**: The plan covering the individual as an employee pays before a plan covering the individual as a dependent.
2. **Dependent Children (Birthday Rule)**:
    - The plan of the parent whose birthday (month and day only) falls earlier in the year pays first.

- If both parents share the same birthday, the plan covering the parent for the longer period pays first.
- If one plan uses a gender-based rule and the other uses the birthday rule, the gender-based rule applies.

3. **Divorced or Separated Parents**:
    - First: Plan of the parent with custody
    - Second: Plan of the custodial parent's spouse
    - Third: Plan of the non-custodial parent
    - If a court decree assigns responsibility for health coverage, that parent's plan pays first (if the plan is aware of the decree).
    - If joint custody is assigned without specifying responsibility, the birthday rule applies.
4. **Active vs. Retired/Laid Off**: The plan of an active employee pays before that of a retired or laid-off employee.
5. **Length of Coverage**: If none of the above rules apply, the plan that has covered the individual for the longest time pays first.

Claims Processing

If your BMO plan provides **secondary coverage**, the claims administrator/insurer is not obligated to pay until it receives proof of payment and benefit calculation from the **primary carrier**.

In all cases, the combined benefits from both plans will not exceed the provider's billed fees. The Plans will not be liable for more than they would have paid if no other coverage existed.

Right of Recovery

This Plan reserves the right to recover benefit payments made for an allowable expense that exceed the maximum amount the Plan is required to pay under the COB provisions. This right of recovery may be exercised against:

1. Any person to, for, or with respect to whom such payments were made; or
2. Any other insurance company or organization that, under these provisions, owes benefits for the same allowable expense under another plan.

The Plan alone will determine against whom this right of recovery will be exercised.

5.5 Subrogation and Reimbursement

This section applies to the Blue Cross Blue Shield of Illinois self-insured medical plans only.

The Plan has rights to subrogation and reimbursement when benefits are paid for an illness or injury caused by a third party. References to "you" and "your" include any covered person

(including spouses, domestic partners, and dependents) and their estate, heirs, and beneficiaries unless otherwise noted.

Subrogation

If the Plan pays benefits for an illness or injury caused by a third party, it may pursue recovery from that party in your name.

> **Example:**
> You're injured in a car accident caused by another driver. The Plan may seek reimbursement from that driver or their insurer for the cost of your treatment.

Reimbursement

If you receive a settlement, judgment, or other recovery from a third party for an illness or injury for which the Plan paid benefits, you must repay the Plan 100% of those benefits.

> **Example:**
> You're injured in a boating accident and receive a settlement. You must use those funds to reimburse the Plan for any benefits paid related to that injury.

Third Parties Include:

- Individuals or entities responsible for your illness or injury
- Their insurers or indemnifiers
- Workers' compensation carriers
- Auto, homeowners', or other insurers (including underinsured/uninsured motorist coverage)
- Parties liable under legal or equitable theories
- Those involved in malpractice claims related to your illness or injury

Subrogation and Reimbursement Obligations

By participating in the Plan, you agree to support the Plan's rights to recover costs from third parties responsible for your illness or injury. This includes:

Your Responsibilities

- Cooperate fully with the Plan, including:
  - Notifying the Plan of potential third-party claims
  - Providing requested information
  - Signing documents to secure recovery rights
  - Responding to inquiries and attending legal proceedings
  - Obtaining Plan consent before releasing liability or settling claims
- Hold recovered funds in trust until the Plan is reimbursed
- Assign rights to the Plan for any applicable insurance benefits (e.g., auto, no-fault, PIP)
- Do not accept settlements that fail to fully reimburse the Plan without written approval

Enforcement Actions

If you fail to comply with these terms, the Plan may:

- Terminate or deny future benefits for you, your dependents, or the subscriber
- Take legal action and recover attorneys' fees, costs, and interest
- Offset future benefits equal to unrecovered amounts

Plan's Recovery Rights

- The Plan has a first-priority right to recover 100% of benefits paid, before any other claims (including provider liens)
- Recovery applies to all types of damages, regardless of how proceeds are labeled
- The Plan's rights are not limited by doctrines such as "made whole," "common fund," or "collateral source"
- These rights apply even if:
    - You are no longer covered under the Plan
    - You or your estate receive funds after death
    - A dependent child is involved

Administrative Authority

The Plan and its administrators have full discretionary authority to:

- Interpret and enforce subrogation and reimbursement provisions
- Determine amounts owed to the Plan

Legal Enforcement

- The Plan may take legal action, including filing suit in your name or your estate's name
- You and your representative are considered fiduciaries under ERISA for any recovered amounts

5.6 Your Rights Under ERISA

As a participant in the Plan, you are entitled to certain rights and protections under **ERISA**. These include:

Access to Plan Information

- Review, at no cost, Plan documents (including insurance contracts and the latest annual report) at the Plan administrator's office or designated locations.
- Request copies of Plan documents and reports in writing; reasonable fees may apply.
- Receive a summary of the Plan's annual financial report.

Continuation of Coverage

- Elect COBRA continuation coverage for yourself, your spouse, or dependents following a COBRA qualifying event. You may be required to pay for this coverage. Refer to section 5.7 Information about COBRA Continuation for details.

Fiduciary Responsibilities

- Plan fiduciaries must act prudently and in your best interest.
- No one may interfere with your rights under the Plan or ERISA, including through discrimination or termination.

Enforcing Your Rights

- If your request for documents is ignored for more than 30 days, you may file suit in federal court. The court may impose penalties unless the delay was beyond the Plan administrator's control.
- If your benefit claim is denied or ignored, you may file suit after exhausting the Plan's claims process.
- You may also take legal action if:
    - You disagree with decisions about domestic relations or medical child support orders.
    - Plan fiduciaries misuse Plan assets.
    - You are retaliated against for asserting your rights.

ERISA Assistance and Questions

For help with ERISA rights or obtaining documents, contact the Employee Benefits Security Administration (EBSA) at:

- **U.S. Department of Labor**
  Division of Technical Assistance and Inquiries
  200 Constitution Avenue, N.W.
  Washington, D.C. 20210
- Phone: 1-866-444-3272
- Website: www.dol.gov/ebsa

5.7 Information about COBRA Continuation

COBRA (Consolidated Omnibus Budget Reconciliation Act) is a federal law that allows employees and their covered spouses and dependent children ("qualified beneficiaries") to temporarily continue their group health coverage after it would otherwise end due to certain life events.

COBRA Covered Plans

The extension of coverage through COBRA applies to medical, dental, vision, HCFSA, LPFSA, and the EAP.

COBRA continuation coverage for medical, dental, vision, HCFSA, and LPFSA is offered at the qualified beneficiary's expense and is designed to help bridge the gap in coverage during transitions, such as employment changes or other qualifying circumstances.

COBRA coverage for the HCFSA or LPFSA is only available if the account is “underspent” (i.e., the maximum benefit available for the year as of the date of the qualifying event equals or exceeds the COBRA premium that applies for coverage for the remainder of the plan year) at the time of the qualifying event. COBRA continuation for the HCFSA or LPFSA is limited to the end of the plan year in which the COBRA qualifying event occurred; however, any carryover amount is available for the maximum COBRA continuation period (as outlined below). If COBRA is elected, the qualified beneficiary must pay the remaining HCFSA/LPFSA contributions on an after-tax basis, plus a 2% administrative fee. This allows access to the full annual election amount for eligible expenses incurred through the end of the plan year (plus carryover amounts for the maximum COBRA continuation period).

COBRA continuation for the Employee Assistance Program is provided automatically and at no cost to qualified beneficiaries for the duration of the COBRA continuation period. To access EAP services during your COBRA continuation period, contact **TELUS Health** directly.

COBRA Qualifying Events

COBRA qualifying events include job loss, reduction in work hours, divorce, or a dependent child aging out of coverage. The following table outlines COBRA qualifying events and the maximum duration of COBRA coverage.

COBRA qualifying event	Who can elect COBRA coverage (Qualified Beneficiaries)	Maximum continuation period
Loss of benefits eligibility: your work schedule is reduced below 20 hours per week***	You and any of your covered dependents	18 months*
Termination of your employment (except in the case of gross misconduct)***	You and any of your covered dependents	18 months*
Your death	Your covered dependents	36 months
Divorce or legal separation from your spouse	Your spouse and your covered children (if they lose eligibility under the Plan due to the divorce or legal separation)	36 months
End of relationship status with your domestic partner	Your domestic partner and their covered children	36 months
Your entitlement to Medicare (Parts A, B, or both)	Your covered dependents**	36 months
Your child no longer meets the criteria to be a dependent under the Plan (due to age, child’s disability status or other loss of dependency)	Your child that lost eligibility under the Plan	36 months

** Coverage may be extended by an additional 11 months if a qualified beneficiary is deemed disabled by the Social Security Administration within the first 60 days of COBRA coverage. Coverage for covered dependents who elect COBRA can also be extended for 18 additional months if the qualified beneficiary experiences a second qualifying event. See section above regarding the maximum continuation period for the HCFSA and LPFSA.*

*** Medicare entitlement is only a qualifying event if it results in loss of coverage.*

****If, within 18 months after becoming entitled to Medicare, you subsequently lose coverage under the Plan due to your termination of employment or reduction in hours, your spouse/domestic partner and dependent child become entitled to COBRA coverage for a maximum period that ends 36 months after you become entitled to Medicare. You remain entitled to a maximum period that ends 18 months after the termination of employment or reduction of hours.*

Note: While domestic partners are not federally recognized as qualified beneficiaries under COBRA, BMO and the Plan treats them as such.

COBRA Coverage Notification and Election

If you or any of your covered dependents lose coverage under the Plan (for the benefit options outlined above), and you timely provide notice of the qualifying event (if required), a COBRA election notice packet will be sent via mail. This notice includes instructions for enrolling and outlines the monthly premium cost. COBRA benefits match those offered to active employees, but you pay the full premium (both employee and employer portion) plus a 2% administrative fee.

Qualified COBRA beneficiaries have **60 days** from the later of the date COBRA election notice packet is received or the date the coverage ends to elect COBRA coverage. If the election deadline is missed, you and/or your dependents will lose the right to continue coverage.

Payment and Coverage Activation

Your first COBRA payment is due within **45 days** of your election and must cover the period from the date your coverage ended through the current month. Coverage is retroactive once both the enrollment form and payment are received by Inspira Financial and may take 7–10 business days to be reinstated by the claims administrator or insurer.

Each qualified beneficiary has the right to elect coverage independently. For example, a spouse may elect COBRA even if the employee does not.

COBRA Notification Requirements

You or your dependents must notify the BMO within **60 days** of the following qualifying events:

- Divorce or legal separation
- End of a relationship with a domestic partner
- A dependent losing eligibility

Failure to notify within 60 days will result in loss of COBRA continuation rights for those covered dependents (qualified beneficiaries). They will be removed from your active coverage backdated to the event date (the date they no longer meet the criteria to be a covered dependent) but will not be offered extended coverage through COBRA.

Special Circumstances for COBRA Coverage Extension

COBRA continuation coverage generally lasts 18 or 36 months but may be extended in certain cases. You must notify Inspira Financial of these events within required timeframes to qualify.

Disability Extension

If a qualified beneficiary is deemed disabled by the Social Security Administration (SSA) within the first 60 days of COBRA coverage, an **11-month extension** may apply. Notify Inspira within **60 days** of the latest of:

1. SSA's disability determination
2. The qualifying event
3. Loss of coverage
4. Receipt of COBRA notice

Notice must be submitted before the initial 18-month period ends. If SSA later determines the individual is no longer disabled, notify Inspira within 30 days. Coverage ends when SSA disability status ends.

Second Qualifying Event

Spouses/domestic partners and dependent children may receive an **additional 18 months** (up to 36 months total) if a second qualifying event occurs during the initial 18-month period. Events include:

- Death of the covered employee
- Divorce/separation or end of domestic partnership
- Employee's Medicare entitlement (but only if this would have caused the loss of active coverage)
- Dependent child losing eligibility

Notify Inspira within **60 days** of the second event. Late notice may result in loss of your extended coverage opportunity.

Send all extension notices to:

Inspira Financial Health, Inc.
Benefits Billing Department
P.O. Box 953374
St. Louis, MO 63195-3374
Phone: 1-888-678-7835

COBRA Continuation Coverage Termination

COBRA coverage will automatically end when the maximum continuation period is reached but may end sooner if:

- A qualified beneficiary chooses to cancel COBRA coverage sooner
- Required premiums are not paid on time
- A qualified beneficiary becomes covered under another group health plan
- A qualified beneficiary becomes entitled to Medicare (Part A, Part B, or both) after electing COBRA
- BMO stops offering group health coverage
- Coverage would have ended for reasons such as fraud or other disqualifying actions
- SSA determines the individual is no longer disabled (if receiving the 11-month disability extension)

Once COBRA coverage is canceled, re-enrollment is not allowed.

Special Enrollment Rights under other group plans

When you are deciding whether to enroll in COBRA continuation coverage, you should consider that you may qualify for special enrollment in another group health plan (e.g., through a spouse's employer), Medicaid, or the Health Insurance Marketplace (www.healthcare.gov) within 30 days of losing coverage due to a qualifying event. These options may be more affordable than COBRA.

- More information is available in the COBRA Continuation of Rights legal notice on www.bmousbenefits.com.

COBRA Implications if you are Eligible for BMO's Retiree Plan

If you are eligible for coverage under the BMO U.S. Health and Welfare Benefit Plan for Retirees ("The Retiree Plan") and you elect COBRA continuation coverage for medical at retirement, you will permanently forfeit your right to enroll in the Retiree Plan.

However, you may elect COBRA continuation coverage for your dental, vision, HCFSA or LPFSA at retirement without impacting your eligibility for the Retiree Plan.

Medicare and COBRA: What You Need to Know

If you delay enrolling in Medicare Part A or B because you're still employed, you'll have an 8-month special enrollment period to sign up beginning on the earlier of:

- The month after your employment ends.
- The month after your active employer-based group health coverage ends.

Important Considerations:

- If you elect COBRA instead of enrolling in Medicare, you may face a late enrollment penalty and a gap in coverage if you later decide to enroll.

- If you enroll in Medicare Part A or B after electing COBRA, your COBRA coverage may be terminated early.
- However, if Medicare Part A or B is effective before your COBRA election, COBRA coverage cannot be terminated due to Medicare entitlement.

Coordination of Benefits:

- If you are enrolled in COBRA and are eligible for Medicare, Medicare pays first (primary), and COBRA pays second (secondary). Therefore, if you do not enroll in Medicare, you will be responsible for the costs that Medicare would have paid.

For more details about Medicare, visit www.medicare.gov/medicare-and-you.

5.7.1 Subsidized COBRA for Survivors

Survivors of deceased employees may continue medical coverage for up to 36 months by applying for continuation coverage under COBRA. During the 36-month period, covered dependents will pay the active medical employee premiums. In a mailing from Inspira, you will receive information regarding COBRA including monthly premiums and enrollment forms. If the employee met the requirements for medical coverage under the Retiree Medical Plan at the time of their death and both the employee and the survivors were enrolled in the medical plan immediately before the employee's death; surviving dependents have the option to enroll in the Retiree Medical Plan or elect continuation coverage under COBRA.

It is important to know that if you choose to enroll in subsidized COBRA coverage for medical instead of Retiree Medical Plan coverage, your rights to enroll in Retiree Medical Plan coverage in the future are forfeited.

5.8 Other Important Legal Notices Governing the Plan

BMO and the Plan are required to provide certain legal notices, including:

- COBRA Continuation of Rights
- Creditable Coverage Notice
- Employee Rights Under FMLA
- HIPAA Notice of Privacy Practices
- Marketplace Health Insurance Coverage Options Notice
- Notice of Special Enrollment Rights
- Medicaid and the Children's Health Insurance Program (CHIP)
- Women's Health and Cancer Act of 1998
- Notice for Illinois Employees

These notices will be provided to you in October of each year and are also available at any time on www.bmousbenefits.com. You may also contact the HRC at 1-888-927-7700 to request paper copies of these notices or this SPD at any time.

5.9 Privacy and Protected Health Information

During the administration of the Plan, certain BMO personnel, claims administrators, and insurers may have access to information classified as “protected health information” (PHI) under the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

To support our compliance with HIPAA, the Plan annually provides employees with a HIPAA Notice of Privacy Practices outlining how PHI may be used and disclosed, as well as your rights and protections under the law. This Privacy Notice is also available online at any time on www.bmousbenefits.com.

If you would like to request a paper copy of the Privacy Notice, have questions about how your PHI is handled or have concerns, please contact the HIPAA Privacy Officer:

Head of U.S. Benefits
395 N. Executive Drive, 3rd Floor-HR
Brookfield, WI 53005
usbenefits@bmo.com

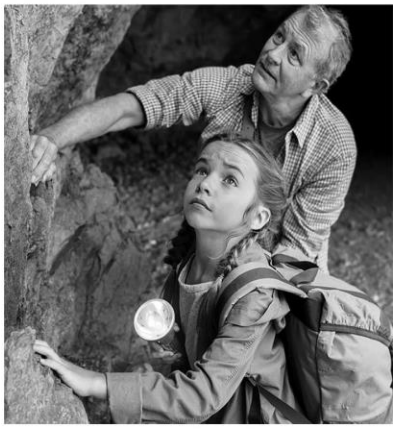
5.10 Uncashed Claims Reimbursement Checks

If a benefit payment or reimbursement check remains uncashed after **180 days** (or the expiration date printed on the check, if later), it will be handled as follows:

- **Paid from BMO Assets**:
  The funds will be returned to the bank or BMO.
- **Paid from a Trust Fund**:
  The funds will be returned to the trust fund.
- **Paid by an Insurer**:
  Treatment of uncashed checks will follow the insurer’s policies.

5.11 Employment Disclaimer

Participation in this Plan does not create a contract of employment between BMO Financial Corp. and any employee.



Being a Plan participant does not grant current or future employment rights, and Plan participation is not a condition of employment.

BMO Financial Corp

This booklet describes the Health Care Plan which we provide to protect you from the financial burden of catastrophic illness or injury.

To assure the professional handling of your health care claims, we have engaged Blue Cross and Blue Shield of Illinois as Claim Administrator.

Please read the information in this benefit booklet carefully so you will have a full understanding of your health care benefits. If you want more information or have any questions about your health care benefits, please contact the Employee Benefits Department..

Sincerely,

BMO Financial Corp

NOTICE

Please note that Blue Cross and Blue Shield of Illinois has contracts with many health care Providers that provide for the Claim Administrator to receive, and keep for its own account, payments, discounts and/or allowances with respect to the bill for services you receive from those Providers.

Please refer to the provision entitled "Claim Administrator's Separate Financial Arrangements with Providers" in the GENERAL PROVISIONS section of this booklet for a further explanation of these arrangements.

Please note that the Claim Administrator has contracts, either directly or indirectly, with many prescription drug providers that provide the Claim Administrator to receive, and keep for its own account, payments, discounts and/or allowances with respect to the bill for services you receive from those providers.

Please refer to the provision entitled "Claim Administrator's Separate Financial Arrangements with Prescription Drug Providers" in the GENERAL PROVISIONS section of this booklet for a further explanation of these arrangements.

Blue Cross and Blue Shield of Illinois provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

WARNING, LIMITED BENEFITS WILL BE PAID WHEN NON-PARTICIPATING PROVIDERS ARE USED

You should be aware that when you elect to utilize the services of a Non-Participating Provider for a Covered Service in non-emergency situations, benefit payments to such Non-Participating Provider are not based upon the amount billed. The basis of your benefit payment will be determined according to the Plan's fee schedule, usual and customary charge (which is determined by comparing charges for similar services adjusted to the geographical area where the services are performed), or other method as defined by the Plan. YOU CAN EXPECT TO PAY MORE THAN THE COINSURANCE AMOUNT DEFINED UNDER THIS COVERAGE AFTER THE PLAN HAS PAID ITS REQUIRED PORTION. Non-Participating Providers may bill members for any amount up to the billed charge after the Plan has paid its portion of the bill. Participating Providers have agreed to accept discounted payments for services with no additional billing to the member other than Coinsurance and deductible amounts. You may obtain further information about the participating status of professional providers and information on out-of-pocket expenses by calling the toll-free telephone number on your Identification Card.

*Usual and Customary Fee

***Should the Federal Government adjust the Deductible for High Deductible Plans as defined by the Internal Revenue Service, the Deductible amount in this benefit booklet will be adjusted accordingly.

DEFINITIONS SECTION

Throughout this benefit booklet, many words are used which have a specific meaning when applied to your health care coverage. These terms will always begin with a capital letter. When you come across these terms while reading this benefit booklet, please refer to these definitions because they will help you understand some of the limitations or special conditions that may apply to your benefits. If a term within a definition begins with a capital letter, that means that the term is also defined in these definitions. All definitions have been arranged in ALPHABETICAL ORDER.

A1C TESTING....means blood sugar level testing used to diagnose prediabetes, type I diabetes, and type II diabetes, and to monitor management of blood sugar levels.

ACUPUNCTURIST.....means a duly licensed acupuncturist operating within the scope of their license.

ACUTE TREATMENT SERVICES.....means a 24-hour medically supervised addiction treatment that provides evaluation and withdrawal management and may include biopsychosocial assessment, individual and group counseling, psychoeducational groups, and discharge planning.

ADMINISTRATOR HOSPITAL.....SEE DEFINITION OF HOSPITAL.

ADMINISTRATOR PROGRAM.....means programs for which a Hospital has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide service to you at the time services are rendered to you. These programs are limited to a Partial Hospitalization Treatment Program or Coordinated Home Care Program.

ADMINISTRATOR PROVIDER.....SEE DEFINITION OF PROVIDER.

ADVANCED PRACTICE NURSE.....means Certified Clinical Nurse Specialist, Certified Nurse-Midwife, Certified Nurse Practitioner or Certified Registered Nurse Anesthetist operating within the scope of their certification.

AMBULANCE TRANSPORTATION.....means local transportation in specially equipped certified ground and air ambulance options from your home, scene of accident or medical emergency to a Hospital, between Hospital and Hospital, between Hospital and Skilled Nursing Facility or from a Skilled Nursing Facility or Hospital to your home. If there are no facilities in the local area equipped to provide the care needed, Ambulance Transportation then means the transportation to the closest facility that can provide the necessary service. Ambulance Transportation provided for the convenience of you, your family/caregivers or Physician, or the transferring facility, is not considered Medically Necessary and is not covered under this health care plan.

AMBULANCE TRANSPORTATION ELIGIBLE CHARGE.....means i) for ambulance providers that bill for Ambulance Transportation services through a Participating Hospital the Ambulance Transportation Eligible Charge is the applicable ADP, and ii) for all other ambulance providers, the Ambulance Transportation Eligible Charge is such provider's Billed Charge.

AMBULATORY SURGICAL FACILITY.....means a facility (other than a Hospital) whose primary function is the provision of surgical procedures on an ambulatory basis, and which is duly licensed by the appropriate state and local authority to provide such services.

An "Administrator Ambulatory Surgical Facility" means an Ambulatory Surgical Facility which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Ambulatory Surgical Facility" means an Ambulatory Surgical Facility which does not meet the definition of an Administrator Ambulatory Surgical Facility.

ANESTHESIA SERVICES.....means the administration of anesthesia and the performance of related procedures by a Physician or a Certified Registered Nurse Anesthetist which may be legally rendered by them, respectively.

APPROVED CLINICAL TRIAL.....means a phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the preventive, detection or treatment of cancer or other life-threatening disease or condition and is one of the following:

(i) A federally funded or approved trial,

(ii) A clinical trial conducted under an FDA experimental/investigational new drug application, or

(iii) A drug that is exempt from the requirement of an FDA experimental/investigational new drug application.

AUDIOLOGIST.....means a duly licensed Audiologist operating within the scope of their license.

A "Participating Audiologist" means an Audiologist who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time Covered Services are rendered.

A "Non-Participating Audiologist" means an Audiologist who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide Covered Services to you at the time Covered Services are rendered.

AUTISM SPECTRUM DISORDER(S).....means pervasive developmental disorders as defined in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders*, including autism, Asperger's disorder and pervasive developmental disorders not otherwise specified.

AVERAGE DISCOUNT PERCENTAGE ("ADP").....means a percentage discount determined by the Claim Administrator that will be applied to a Provider's Eligible Charge for Covered Services rendered to you by Hospitals and certain other health care facilities for purposes of calculating Coinsurance amounts, deductibles, out-of-pocket maximums and/or any benefit maximums. The ADP will often vary from Claim-to-Claim. The ADP applicable to a particular Claim for Covered Services is the ADP, current on the date the Covered Service is rendered, that is determined by the Claim Administrator to be relevant to the particular Claim. The ADP reflects the Claim Administrator's reasonable estimate of average payments, discounts and/or other allowances that will result from its contracts with Hospitals and other facilities under circumstances similar to those involved in the particular Claim, reduced by an amount not to exceed 15% of such estimate, to reflect related costs. (See provisions of this benefit booklet regarding "Claim Administrator's Separate Financial Arrangements with Providers.") In determining the ADP applicable to a

particular Claim, the Claim Administrator will take into account differences among Hospitals and other facilities, the Claim Administrator's contracts with Hospitals and other facilities, the nature of the Covered Services involved and other relevant factors. The ADP shall not apply to Eligible Charges when your benefits under the Health Care Plan are secondary to Medicare and/or coverage under any other group program.

BEHAVIORAL HEALTH PRACTITIONER.....means a Physician or Professional Provider who is duly licensed to render services for Mental Illness or Substance Use Disorders and is operating within the scope of such license.

BEHAVIORAL HEALTH UNIT.....means a unit established to assist in the administration of Mental Illness and Substance Use Disorder Treatment benefits, including Prior Authorization, Emergency Mental Illness or Substance Use Disorder Admission Review and length of stay/service review for Inpatient Hospital admissions and/or review of Outpatient services for the treatment of Mental Illness and Substance Use Disorder.

BILLED CHARGES.....means the total gross amounts billed by Providers to the Claim Administrator on a Claim, which constitutes the usual retail price that the Provider utilizes to bill patients or any other party that may be responsible for payment of the services rendered without regard to any payer, discount or reimbursement arrangement that may be applicable to any particular patient. This list of retail prices is also sometimes described in the health care industry as a "chargemaster."

BIOMARKER TESTING.....means the analysis of tissue, blood, or fluid biospecimen for the presence of a biomarker, including, but not limited to singly-analyte tests, multi-plex panel tests, and partial or whole genome sequencing.

BLUE DISTINCTION CENTERS (BDC).....means a health care Provider, Hospital, or medical facility recognized for their expertise in delivering specialty care. Please see the section entitled "Blue Distinction Centers" for more information.

BLUE DISTINCTION CENTERS+ (BDC+).....means a health care Provider, Hospital, or medical facility recognized for their expertise and efficiency in delivering specialty care. Please see the section entitled "Blue Distinction Centers" for more information.

BLUE DISTINCTION CENTERS (BDC) and BLUE DISTINCTION CENTERS+ (BDC+) BENEFIT DIFFERENTIAL PRODUCT.....means your employer has chosen to provide a lower out-of-pocket cost when you utilize a BDC or BDC+ designated provider for certain specialty care procedures and treatment.

CARE COORDINATION.....means organized, information-driven patient care activities intended to facilitate the appropriate responses to participant's health care needs cross the continuum of care.

CARE COORDINATION FEE.....means a fixed amount paid by a Blue Cross and/or Blue Shield plan to Providers.

CERTIFIED CLINICAL NURSE SPECIALIST.....means a nurse specialist who (a) is licensed under the Nursing and Advanced Practice Nursing Act; (b) has an arrangement or agreement with a Physician for obtaining medical consultation, collaboration, and hospital referral and (c) meets the following qualifications:

(i) is a graduate of an approved school of nursing and holds a current license as a registered nurse and is operating within the scope of such license; and

(ii) is a graduate of an advanced practice nursing program.

A "Participating Certified Clinical Nurse Specialist" means a Certified Clinical Nurse Specialist who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Certified Clinical Nurse Specialist" means a Certified Clinical Nurse Specialist who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CERTIFIED NURSE-MIDWIFE.....means a nurse-midwife who (a) practices according to the standards of the American College of Nurse-Midwives; (b) has an arrangement or agreement with a Physician for obtaining medical consultation, collaboration, and hospital referral and (c) meets the following qualifications:

(i) is a graduate of an approved school of nursing and holds a current license as a registered nurse and is operating within the scope of such license; and

(ii) is a graduate of a program of nurse-midwives accredited by the American College of Nurse Midwives or its predecessor.

A "Participating Certified Nurse-Midwife" means a Certified Nurse-Midwife who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Certified Nurse-Midwife" means a Certified Nurse-Midwife who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CERTIFIED NURSE PRACTITIONER.....means a nurse practitioner who (a) is licensed under the Nursing and Advanced Practice Nursing Act; (b) has an arrangement or agreement with a Physician for obtaining medical consultation, collaboration, and hospital referral and (c) meets the following qualifications:

(i) is a graduate of an approved school of nursing and holds a current license as a registered nurse and is operating within the scope of such license; and

(ii) is a graduate of an advanced practice nursing program.

A "Participating Certified Nurse Practitioner" means a Certified Nurse Practitioner who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Certified Nurse Practitioner" means a Certified Nurse Practitioner who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CERTIFIED REGISTERED NURSE ANESTHETIST or CRNA.....means a nurse anesthetist who: (a) is a graduate of an approved school of nursing and is duly licensed as a registered nurse and is operating within the scope of such license; (b) is a graduate of an approved program of nurse anesthesia accredited by the Council of Accreditation of Nurse Anesthesia Education Programs/Schools or its predecessors; (c) has been certified by the Council of Certification of Nurse Anesthetists or its predecessors; and (d) is recertified every two years by the Council on Recertification of Nurse Anesthetists.

A "Participating Certified Registered Nurse Anesthetist" means a Certified Registered Nurse Anesthetist who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Certified Registered Nurse Anesthetist" means a Certified Registered Nurse Anesthetist who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CHEMOTHERAPY.....means the treatment of malignant conditions by pharmaceutical and/or biological anti-neoplastic drugs.

CHIROPRACTOR.....means a duly licensed chiropractor and is operating within the scope of their license.

CLAIM.....means notification in a form acceptable to the Claim Administrator that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished (including appropriate codes), the date of service, the diagnosis (including appropriate codes), the Claim Charge, and any other information which the Claim Administrator may request in connection with services rendered to you.

CLAIM ADMINISTRATOR.....means Blue Cross and Blue Shield of Illinois.

CLAIM CHARGE.....means the amount which appears on a Claim as the Provider's charge for service rendered to you, without adjustment or reduction and regardless of any separate financial arrangement between the Claim Administrator and a particular Provider. (See provisions regarding "The Claim Administrator's Separate Financial Arrangements with Providers" in the GENERAL PROVISIONS section of this benefit booklet.)

CLAIM PAYMENT.....means the benefit payment calculated by the Claim Administrator, after submission of a Claim, in accordance with the benefits described in this benefit booklet. All Claim Payments will be calculated on the basis of the Eligible Charge for Covered Services rendered to you, regardless of any separate financial arrangement between the Claim Administrator and a particular Provider. (See provisions regarding "The Claim Administrator's Separate Financial Arrangements with Providers" in the GENERAL PROVISIONS section of this benefit booklet.)

CLINICAL LABORATORY.....means a clinical laboratory which complies with the licensing and certification requirements under the Clinical Laboratory Improvement Amendments of 1988, the Medicare and Medicaid programs and any applicable state and local statutes and regulations.

A "Participating Clinical Laboratory" means a Clinical Laboratory which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Clinical Laboratory" means a Clinical Laboratory which does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan provide services to you at the time services are rendered.

CLINICAL PROFESSIONAL COUNSELOR.....means a duly licensed clinical professional counselor operating within the scope of their license.

A "Participating Clinical Professional Counselor" means a Clinical Professional Counselor who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Clinical Professional Counselor" means a Clinical Professional Counselor who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CLINICAL SOCIAL WORKER.....means a duly licensed clinical social worker operating within the scope of their license.

A "Participating Clinical Social Worker" means a Clinical Social Worker who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Clinical Social Worker" means a Clinical Social Worker who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CLINICAL STABILIZATION SERVICES.....means a 24-hour treatment, usually following acute treatment services for Substance Use Disorder, which may include intensive education and counseling regarding the nature of addiction and its consequences, relapse prevention, outreach to families and significant others, and aftercare planning for individuals beginning to engage in recovery from addiction.

CLINICIAN.....means a person operating within the scope of their license, registration or certification in the clinical practice or medicine, psychiatry, psychology, or behavior analysis.

COBRA.....means those sections of the Consolidated Omnibus Budget Reconciliation Act of 1985 (P.L. 99-272), as amended, which regulate the conditions and manner under which an employer can offer continuation of group health insurance to Eligible Persons whose coverage would otherwise terminate under the terms of this program.

COINSURANCE.....means a percentage of an eligible expense that you are required to pay towards a Covered Service.

COMPLICATIONS OF PREGNANCY.....means all physical effects suffered as a result of pregnancy which would not be considered the effect of normal pregnancy.

CONGENITAL OR GENETIC DISORDER.....means a disorder that includes, but is not limited to, hereditary disorders. Congenital or Genetic Disorders may also include, but is not limited to, Autism or an Autism Spectrum Disorder, cerebral palsy, and other disorders resulting from early childhood illness, trauma, or injury.

CONTRACTED PROVIDER.....means a Participating Provider and a Participating Professional Provider, collectively.

COORDINATED HOME CARE PROGRAM.....means an organized skilled patient care program in which care is provided in the home. Care may be provided by a Hospital's licensed home health department or by other licensed home health agencies. You must be homebound (that is, unable to leave home without assistance and requiring supportive devices or special transportation) and you must require Skilled Nursing Service on an intermittent basis under the direction of your Physician, a Physician Assistant who has been authorized by a Physician to prescribe those services, or an advanced practice nurse with a collaborating agreement with a Physician that delegates that authority. This program includes physical, occupational and speech therapists and necessary medical supplies. The program does not include and is not intended to provide benefits for Private Duty Nursing Service or Custodial Care Service. It also does not cover services for activities of daily living (personal hygiene, cleaning, cooking, etc.).

An "Administrator Coordinated Home Care Program" means a Coordinated Home Care Program which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide service to you at the time service is rendered to you.

A "Non-Administrator Coordinated Home Care Program" means a Coordinated Home Care Program which does not have an agreement with the Claim Administrator or a Blue Cross Plan but has been certified as a home health agency in accordance with the guidelines established by Medicare.

COPAYMENT.....means a specified dollar amount that you are required to pay towards a Covered Service.

COURSE OF TREATMENT.....means any number of dental procedures or treatments performed by a Dentist or Physician in a planned series resulting from a dental examination in which the need for such procedures or treatments was determined.

COVERAGE DATE.....means the date on which your coverage under the Health Care Plan begins.

COVERED SERVICE.....means a service and supply specified in this benefit booklet for which benefits will be provided.

CREDITABLE COVERAGE.....means coverage you had under any of the following:

(i) A group health plan.

(ii) Health insurance coverage for medical care under any hospital or medical service policy plan, hospital or medical service plan contract, or HMO contract offered by a health insurance issuer.

(iii) Medicare (Parts A or B of Title XVIII of the Social Security Act).

(iv) Medicaid (Title XIX of the Social Security Act).

(v) Medical care for members and certain former members of the uniformed services and their dependents.

(vi) A medical care program of the Indian Health Service or of a tribal organization.

(vii) A State health benefits risk pool.

(viii) A health plan offered under the Federal Employees Health Benefits Program.

(ix) A public health plan established or maintained by a State or any political subdivision of a State, the U.S. government, or a foreign country.

(x) A health plan under Section 5(e) of the Peace Corps Act.

(xi) State Children's Health Insurance Program (Title XXI of the Social Security Act).

CUSTODIAL CARE SERVICE.....means any service primarily for personal comfort or convenience that provides general maintenance, preventive, and/or protective care without any clinical likelihood of improvement of your condition. Custodial Care Services also means those services which do not require the technical skills, professional training and clinical assessment ability of medical and/or nursing personnel in order to be safely and effectively performed. These services can be safely provided by trained or capable non-professional personnel, are to assist with routine medical needs (including but not limited to dressings, administration of routine medications, ventilator suctioning and other care) and are to assist with activities of daily living (including but not limited to bathing, eating and dressing).

DEDUCTIBLE.....means the amount of expense that you must incur in Covered Services before benefits are provided.

DENTIST.....means a duly licensed dentist operating within the scope of their license.

DIAGNOSTIC SERVICE.....means tests rendered for the diagnosis of your symptoms and which are directed toward evaluation or progress of a condition, disease, or injury. Such tests include, but are not limited to, x-rays, pathology services, clinical laboratory tests, pulmonary function studies, electrocardiograms, electroencephalograms, radioisotope tests, electromyograms, magnetic resonance imaging (MRI), computed tomography (CT) scans, positron emission tomography (PET) scans.

DIALYSIS FACILITY.....means a facility (other than a Hospital) whose primary function is the treatment and/or provision of maintenance and/or training dialysis on an ambulatory basis for renal dialysis patients and which is duly licensed by the appropriate governmental authority to provide such services, when operating within the scope of such license.

An "Administrator Dialysis Facility" means a Dialysis Facility which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Dialysis Facility" means a Dialysis Facility which does not have an agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan but has been certified in accordance with the guidelines established by Medicare.

DOMESTIC PARTNER.....means a person with whom you have entered into a Domestic Partnership.

DOMESTIC PARTNERSHIP.....means long-term committed relationship of at least a year with indefinite duration with a person of the same or opposite sex which meets the following criteria:

- you share a sole, committed relationship with each other that has existed for at least one year and is expected to last indefinitely;
- you are jointly responsible for each other's welfare and financial obligations;
- you share your principal place of residence;
- you are both at least 18 years old and mentally competent to consent to a contract;
- neither of you is married to, legally separated from or in another domestic partner relationship with anyone else; and
- you are not related to each other in a way that would prohibit a legal marriage from being recognized in the state in which you live.

The following documentation that demonstrates you meet the eligibility requirements is required. Two of the items listed must be provided, however, additional documentation may be requested if necessary to determine eligibility.

- Federal and State Tax Returns
- Domestic Partnership Agreement
- Joint mortgage, lease or ownership of real estate property
- Primary beneficiary designation for will, life insurance and/or retirement benefits
- Assignment of durable power of attorney
- Joint ownership of motor vehicle or investments
- Joint checking or credit account
- Joint responsibility for debts
- Other document stating common residency

DURABLE MEDICAL EQUIPMENT PROVIDER.....means a duly licensed durable medical equipment provider, when operating within the scope of such license.

A "Participating Durable Medical Equipment Provider" means a Durable Medical Equipment Provider who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Durable Medical Equipment Provider" means a Durable Medical Equipment Provider who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

EARLY ACQUIRED DISORDER.....means a disorder resulting from illness, trauma, injury, or some other event or condition suffered by a child prior to that child developing functional life skills such as, but not limited to, walking, talking or self-help skills. Early Acquired Disorder may include, but is not limited to, Autism or an Autism Spectrum Disorder and cerebral palsy.

ELIGIBLE CHARGE.....means (a) in the case of a Provider, other than a Professional Provider, which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide care to covered persons in the benefit program or is designated as a Participating Provider by any Blue Cross and/or Blue Shield Plan at the time Covered Services for medical benefits are rendered by a Participating Provider, such Participating Provider's Claim Charge for Covered Services and (b) in the case of a Provider, other than a Professional Provider, which does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide care to participants in the benefit program, or is not designated as a Participating Provider by any Blue Cross and/or Blue Shield Plan at the time Covered Services for medical benefits are rendered ("Non-Participating Provider"), the following amount (unless otherwise required by applicable law or arrangement with the Non-Participating Provider):

(i) the lesser of (a) the Provider's Billed Charges, and (b) an amount determined by the Claim Administrator to be approximately 150% of the base Medicare reimbursement rate, excluding any Medicare adjustment(s) which is/are based on information on the Claim; or

(ii) if there is no base Medicare reimbursement rate available for a particular Covered Service, or if the base Medicare reimbursement amount cannot otherwise be determined under subsection (i) above based upon the information submitted on the Claim, the lesser of (a) the Provider's Billed Charges and (b) an amount determined by the Claim Administrator to be 150% of the Maximum Allowance that would apply if the services were rendered by a Participating Professional Provider on the date of service; or

(iii) if the base Medicare reimbursement amount and the Eligible Charge cannot be determined under subsections (i) or (ii) above, based upon the information submitted on the Claim, then the amount will be 135% of the Provider's Billed Charges, provided, however, that the Claim Administrator may limit such amount to the lowest contracted rate that the Claim Administrator has with a Participating Provider for the same or similar services based upon the type of provider and the information submitted on the Claim, as of January 1 of the same year that the Covered Services are rendered to the covered person.

The Claim Administrator will utilize the same Claim processing rules, edits, or methodologies that it utilizes in processing Participating Provider Claims for processing Claims submitted by Non-Participating or Non-Administrator Providers which may also alter the non-contracting Eligible Charge for a particular service. In the event the Claim Administrator does not have any Claim edits, rules or methodologies, the Claim Administrator may utilize the Medicare claim rules or edits that are used by Medicare in processing the Claims. The non-contracting Eligible Charge will not include any additional payments that may be permitted under the Medicare laws or regulations which are not directly attributable to a specific Claim, including, but not limited to, disproportionate share payments and graduate medical education payments. In the event the non-contracting Eligible Charge amount does not equate to the Non-Participating Provider's Claim Charge, you will be responsible for the difference between such amount and the Claim Charge, along with any applicable Copayment, Coinsurance, and deductible amount(s).

Any change to the Medicare reimbursement amount will be implemented by the Claim Administrator within one hundred and ninety (190) days after the effective date that such change is implemented by the Centers for Medicaid and Medicare Services, or its successor.

ELIGIBLE PERSON.....means an employee of the Employer who meets the eligibility requirements for this health and/or dental coverage, as described in the ELIGIBILITY SECTION of this benefit booklet.

EMERGENCY ACCIDENT CARE.....means the initial Outpatient treatment of accidental injuries including related Diagnostic Services. The initial Outpatient treatment does not include surgical procedures, including but not limited to, stitching, gluing, and casting.

EMERGENCY MEDICAL CARE.....means services provided for the initial Outpatient treatment, including related Diagnostic Services, of a medical condition displaying itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect that the absence of immediate medical attention could result in:

(i) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;

(ii) serious impairment to bodily functions; or

(iii) serious dysfunction of any bodily organ or part.

Examples of symptoms that may indicate the presence of an emergency medical condition include, but are not limited to, difficulty breathing, severe chest pains, convulsions, or persistent severe abdominal pains.

EMERGENCY MENTAL ILLNESS OR SUBSTANCE USE DISORDER ADMISSION.....means an admission for the treatment of Mental Illness or Substance Use Disorders as a result of the sudden and unexpected onset of a Mental Illness or Substance Use Disorders condition such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect that in the absence of immediate medical treatment would likely result in serious and permanent medical consequences to oneself or others.

EMPLOYER or COMPANY.....means the company with which you are employed and which sponsors this Plan.

ENROLLMENT DATE.....means the first day of coverage under your Employer's health plan or, if your Employer has a waiting period prior to the effective date of your coverage, the first day of the waiting period (typically, the date employment begins).

EXPERIMENTAL/INVESTIGATIONAL or EXPERIMENTAL/INVESTIGA TIONAL SERVICES AND SUPPLIES.....means the use of any treatment, procedure, facility, equipment, drug, device, or supply not accepted as Standard Medical Treatment for the condition being treated or, if any of such items required federal or other governmental agency approval, such approval was not granted at the time services were provided. Approval by a federal agency means that the treatment, procedure, facility, equipment, drug, device, or supply has been approved for the condition being treated and, in the case of a drug, in the dosage used on the patient. As used herein, medical treatment includes medical, surgical, mental health treatment, Substance Use Disorder Treatment, or dental treatment.

Standard Medical Treatment means the services or supplies that are in general use in the medical community in the United States, and:

- have been demonstrated in peer reviewed literature to have scientifically established medical value for curing or alleviating the condition being treated;
- are appropriate for the Hospital or Facility Other Provider in which they were performed; and
- the Physician or Professional Other Provider has had the appropriate training and experience to provide the treatment or procedure.

The medical staff of the Claim Administrator shall determine whether any treatment, procedure, facility, equipment, drug, device, or supply is Experimental/Investigational, and will consider the guidelines and practices of Medicare, Medicaid, or other government-fixed programs in making its determination.

Although a Physician or Professional Provider may have prescribed treatment, and the services or supplies may have been provided as the treatment of last resort. The Claim Administrator still may determine such services or supplies to be Experimental/Investigational with this definition. Treatment provided as part of a clinic trial or research study is Experimental/Investigational.

Approval by a government or regulatory agency will be taken into consideration in assessing Experimental/Investigational status of a drug, device, biological product, supply and equipment for medical treatment or procedure but will not be determinative.

FAMILY COVERAGE.....means coverage for you and your eligible dependents under the Health Care Plan.

HABILITATIVE SERVICES.....means Occupational Therapy, Physical Therapy, Speech Therapy, and other health care services that help an eligible person keep, learn, or improve skills and functioning for daily living, as prescribed by a Physician pursuant to a treatment plan. Examples include therapy for a child who isn't walking or talking at the expected age and includes therapy to enhance the ability of a child to function with a Congenital, Genetic, or Early Acquired Disorder. These services may include Physical Therapy and Occupational Therapy, speech-language pathology, and other services for an eligible person with disabilities in a variety of Inpatient and/or Outpatient settings, with coverage as described in this benefit booklet.

HOME INFUSION THERAPY PROVIDER.....means a duly licensed home infusion therapy provider, when operating within the scope of such license.

A "Participating Home Infusion Therapy Provider" means a Home Infusion Therapy Provider who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Home Infusion Therapy Provider" means a Home Infusion Therapy Provider who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

HOSPICE CARE PROGRAM PROVIDER.....means an organization duly licensed to provide Hospice Care Program Service, when operating within the scope of such license.

A "Participating Hospice Care Program Provider" means a Hospice Care Program Provider that either: (i) has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield to provide services to participants in this benefits program, or; (ii) a Hospice Care

Program Provider which has been designated by a Blue Cross and/or Blue Shield Plan as a Participating Provider Option program.

A "Non-Participating Hospice Care Program Provider" means a Hospice Care Program Provider that either: (i) does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield to provide services to participants in this benefits program, or; (ii) a Hospice Care Program Provider which has not been designated by a Blue Cross and/or Blue Shield Plan as a Participating Provider Option program.

HOSPICE CARE PROGRAM SERVICE.....means a centrally administered program designed to provide for the physical, psychological, and spiritual care for dying persons and their families. The goal of hospice care is to allow the dying process to proceed with a minimum of patient discomfort while maintaining dignity and a quality of life. Hospice Care Program Service is available in the home, Skilled Nursing Facility, or special hospice care unit.

HOSPITAL.....means a facility which is a duly licensed institution for the care of the sick which provides services under the care of a Physician including the regular provision of bedside nursing by registered nurses and which is either accredited by the Joint Commission on Accreditation of Hospitals or certified by the Social Security Administration as eligible for participation under Title XVIII, Health Insurance for the Aged and Disabled.

An "Administrator Hospital" means a Hospital which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Hospital" means a Hospital that does not meet the definition of an Administrator Hospital.

A "Participating Hospital" means an Administrator Hospital that has an agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide Hospital services to participants in the Participating Provider Option program.

A "Non-Participating Hospital" means an Administrator Hospital that does not meet the definition of a Participating Hospital.

INDIVIDUAL COVERAGE.....means coverage under the Health Care Plan for your-self but not your spouse and/or dependents.

INFERTILITY.....the inability to conceive a child after one year of unprotected sexual intercourse or the inability to attain or maintain a viable pregnancy.

INFUSION THERAPY.....means the administration of medication through a needle or catheter. It is prescribed when a patient's condition is so severe that it cannot be treated effectively by oral medications. Typically, "Infusion Therapy" means that a drug is administered intravenously, but the term also may refer to situations where drugs are provided through other non-oral routes, such as intramuscular injections and epidural routes (into the membranes surrounding the spinal cord). Infusion Therapy, in most cases, requires health care professional services for the safe and effective administration of the medication.

INPATIENT.....means that you are a registered bed patient and are treated as such in a health care facility.

INTENSIVE OUTPATIENT PROGRAM.....means a freestanding or Hospital-based program that provides services for at least 3 hours per day, 2 or more days per week, to treat Mental Illness or Substance Use Disorder or specializes in the treatment of co-occurring Mental Illness and Substance Use Disorder. Requirements: the Claims Administrator requires that any Mental Illness and/or Substance Use Disorder Intensive Outpatient Program must be licensed in the state where it is located, or accredited by a national organization that is recognized by the Claims Administrator, as set forth in the current credentialing policy, and otherwise meets all other credentialing requirements set forth in such policy.

Intensive Outpatient Program services may be available with less intensity if you are recovering from severe and/or chronic Mental Illness and/or Substance Use Disorder conditions. If you are recovering from severe and/or chronic Mental Illness and/or Substance Use Disorder conditions, services may include psychotherapy, pharmacotherapy, and other interventions aimed at supporting recovery such as the development of recovery plans and advance directives, strategies for identifying and managing early warning signs of relapse, development of self-management skills, and the provision of peer support services.

Intensive Outpatient Programs may be used as an initial point of entry into care, as a step up from routine Outpatient services, or as a step down from acute Inpatient, residential care or a Partial Hospitalization Treatment Program.

LIFE-THREATENING DISEASE OR CONDITION.....means, for the purposes of a clinical trial, any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

LONG TERM CARE SERVICES.....means those social services, personal care services and/or Custodial Care Services needed by you when you have lost some capacity for self-care because of a chronic illness, injury, or condition.

MAINTENANCE CARE.....means those services administered to you to maintain a level of function at which no demonstrable and/or measurable improvement of condition will occur.

MAINTENANCE OCCUPATIONAL THERAPY, MAINTENANCE PHYSICAL THERAPY, and/or MAINTENANCE SPEECH THERAPY.....means therapy administered to you to maintain a level of function at which no demonstrable and measurable improvement of a condition will occur.

MARRIAGE AND FAMILY THERAPIST ("LMFT").....means a duly licensed marriage and family therapist operating within the scope of their license.

A "Participating Marriage and Family Therapist" means a Marriage and Family Therapist who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Marriage and Family Therapist" means a Marriage and Family Therapist who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

MATERNITY SERVICE.....means the services rendered for normal pregnancy. A normal pregnancy means an intrauterine pregnancy which, through vaginal delivery, results in an infant, who is not premature or preterm. Premature or preterm means an infant born with a low birth weight, 5.5 pounds or less, or an infant born at 37 weeks or less.

MAXIMUM ALLOWANCE.....means (a) the amount which Participating Professional Providers have agreed to accept as payment in full for a particular Covered Service, or the reimbursement amount set by the Claim Administrator, or the Host Blue Plan for Providers designated as Participating Professional Providers for a particular Covered Service. All benefit payments for Covered Services rendered by Participating Professional Provider will be based on the Schedule of Maximum Allowances which such Provider has agreed to accept as payment in full (b) for Non-Participating Professional Providers, the Maximum Allowance will be the lesser of (unless otherwise required by applicable law or arrangement with Non-Participating Providers):

(i) the Provider's Billed Charges, or;

(ii) the Claim Administrator's non-contracting Maximum Allowance. Except as otherwise provided in this section, the non-contracting Maximum Allowance is developed from base Medicare reimbursements and represents approximately 150% of the base Medicare reimbursement rate and will exclude any Medicare adjustment(s) which is/are based on information on the Claim. Notwithstanding the preceding sentence, (1) the non-contracting Maximum Allowance for Coordinated Home Care Program Covered Services will be 50% of the Non-Participating Professional Provider's Billed Charges for such Covered Services, (2) the non-contracting Maximum Allowance for Ambulance Transportation services provided by Providers (other than Providers that bill through a Participating Provider, which use "Eligible Charge") will be such provider's Billed Charge, as described in the definition of Ambulance Transportation Eligible Charge, and (3) the non-contracting Maximum Allowance for other unsolicited Providers will be the same as the Maximum Allowance described in (a) above.

When a Medicare reimbursement rate is not available for a Covered Service or is unable to be determined based on the information submitted on the Claim, the Maximum Allowance for Non-Participating Professional Providers will be 100% of the Claim Administrator's rate for such Covered Services according to its current Schedule of Maximum Allowances. If there is no rate according to the Schedule of Maximum Allowances, then the Maximum Allowance will be 25% of Claim Charges.

The Claim Administrator will utilize the same Claim processing rules, edits, or methodologies that it utilizes in processing Participating Professional Provider Claims for processing Claims submitted by Non-Participating Professional Providers which may also alter the non-contracting Maximum Allowance for a particular Covered Service. In the event the Claim Administrator does not have any Claim edits, rules or methodologies, the Claim Administrator may utilize the Medicare claim rules or edits that are used by Medicare in processing such Claims. The non-contracting Maximum Allowance will not include any additional payments that may be permitted under the Medicare laws or regulations which are not directly attributable to a specific Claim, including, but not limited to, disproportionate share payments and graduate medical education payments. In the event the non-contracting Maximum Allowance amount does not equate to the Non-Participating Professional Provider's Claim Charge, you will be responsible for the difference between such amount and the Claim Charge, along with any applicable Copayment, Coinsurance, and deductible amount(s).

Any change to the Medicare reimbursement amount will be implemented by the Claim Administrator within one hundred and ninety (190) days after the effective date that such change is implemented by the Centers for Medicaid and Medicare Services, or its successor.

MEDICAL CARE.....means the ordinary and usual professional services rendered by a Physician or other specified Provider during a professional visit for treatment of an illness or injury.

MEDICALLY NECESSARY/MEDICAL NECESSITY.....means that a specific medical, health care, supply or Hospital service is required for the treatment or management of a medical symptom or condition, and that the service, supply, or care provided is the most efficient and economical service which can safely be provided.

The fact that your Physician may prescribe, order, recommend, approve, or view hospitalization or other health care services and supplies as Medically Necessary, does not make the hospitalization, services or supplies Medically Necessary and does not mean that the Claim Administrator will pay the cost of the hospitalization, services, or supplies. Please refer to the *Exclusions – What Is Not Covered* section of this booklet for additional information.

The Claim Administrator will make the initial decision whether hospitalization or other health care services or supplies were not Medically Necessary. In most instances this initial decision is made by the Claim Administrator AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED. In making decisions of whether the hospitalization or other health care service(s) or supply(ies) are not Medically Necessary, and therefore not eligible for payment under the terms of this Plan, the Claim Administrator will take into account the information submitted to the Claim Administrator by your Provider(s), including any consultations with such Providers(s).

Hospitalization or other health care is not Medically Necessary when, applying the definition of Medical Necessary to the circumstances surrounding the hospitalization or other health care, it is determined that the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital, or some other setting without adversely affecting the patient's condition.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's initial decision, your benefit program provides for an appeal of that decision. You must exercise your right to this appeal as a precondition to the taking of any further action against the Claim Administrator, either at law or in equity. To initiate your appeal, you must give the Claim Administrator written notice of your intention to do so as described in the *Claim Filing and Appeals Procedures* section of this booklet.

Below are some examples, not an exhaustive list, of hospitalization or other health care services and supplies that are not Medically Necessary:

1. Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
2. Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.

3. Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.
4. Hospitalization or admission to a Skilled Nursing Facility or Residential Treatment Center, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
5. The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or their family members.

MEDICARE.....means the program established by Title XVIII of the Social Security Act (42 U.S.C. §1395 et seq.).

MEDICARE APPROVED or MEDICARE PARTICIPATING.....means a Provider which has been certified or approved by the Department of Health and Human Services for participating in the Medicare program.

MEDICARE SECONDARY PAYER or MSP.....means those provisions of the Social Security Act set forth in 42 U.S.C. §1395 y (b), and the implemented regulations set forth in 42 C.F.R. Part 411, as amended, which regulate the manner in which certain employers may offer group health care coverage to Medicare-eligible employees, their spouses and, in some cases, dependent children.

MENTAL ILLNESS.....means a condition or disorder that involves a mental health condition or Substance Use Disorder that falls under any of the diagnostic categories listed in the mental and behavioral disorders chapter of the current edition of the International Classification of Disease or that is listed in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders.

NAPRAPATH.....means a duly licensed Naprapath operating within the scope of such license.

A "Participyating Naprapath" means a Naprapath who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Naprapath" means a Naprapath who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

NON-ADMINISTRATOR HOSPITAL.....SEE DEFINITION OF HOSPITAL.

NON-ADMINISTRATOR PROVIDER.....SEE DEFINITION OF PROVIDER.

NON-EMERGENCY FIXED-WING AMBULANCE TRANSPORTATION.....means Ambulance Transportation on a fixed-wing airplane from a Hospital emergency department, other health care facility or Inpatient setting to an equivalent or higher level of acuity facility when transportation is not needed due to an emergency situation. Non-Emergency Fixed-Wing Ambulance Transportation may be considered Medically Necessary when you require acute Inpatient care and services are not available at the originating facility and commercial air transport or safe discharge cannot occur. Non-Emergency Fixed-Wing Ambulance Transportation provided

primarily for the convenience of you, your family/caregivers or Physician, or the transferring facility, is not considered Medically Necessary and is not covered under this Health Care Plan.

NON-PARTICIPATING HOSPITAL.....SEE DEFINITION OF HOSPITAL.

NON-PARTICIPATING PROFESSIONAL PROVIDER.....SEE DEFINITION OF PROVIDER.

NON-PARTICIPATING PROVIDER.....SEE DEFINITION OF PROVIDER.

OCCUPATIONAL THERAPIST.....means a duly licensed occupational therapist operating within the scope of their license.

OCCUPATIONAL THERAPY.....means constructive therapeutic activity designed and adapted to promote the restoration of useful physical function. Occupational Therapy does not include educational training or services designed and adapted to develop a physical function.

OPTOMETRIST.....means a duly licensed optometrist operating within the scope of their license.

A "Participating Optometrist" means an Optometrist who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Optometrist" means an Optometrist who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

ORTHOTIC PROVIDER.....means a duly licensed orthotic provider operating within the scope of their license.

A "Participating Orthotic Provider" means an Orthotic Provider who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Orthotic Provider" means an Orthotic Provider who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

OUTPATIENT.....means that you are receiving treatment while not an Inpatient. Services considered Outpatient, include, but are not limited to, services in an emergency room regardless of whether you are subsequently registered as an Inpatient in a health care facility.

PARTIAL HOSPITALIZATION TREATMENT PROGRAM.....means a Claim Administrator approved planned program of a Hospital or Substance Use Disorder Treatment Facility for the treatment of Mental Illness or Substance Use Disorder Treatment in which patients spend days or nights. This behavioral healthcare is typically 5 to 8 hours per day, 5 days per week (not less than 20 hours of treatment services per week). The program is staffed similarly to the day shift of an Inpatient unit, i.e., medically supervised by a Physician and nurse. The program shall ensure a psychiatrist sees the patient face to face at least once a week and is otherwise available, in person or by telephone, to provide assistance and direction to the program as needed. Participants at this level of care do not require 24-hour supervision and are not considered a resident at the program. Requirements: The Claim Administrator requires that any Mental Illness and/or Substance Use

Disorder Partial Hospitalization Treatment Program must be licensed in the state where it is located or accredited by a national organization that is recognized by the Claim Administrator as set forth in its current credentialing policy, and otherwise meets all other credentialing requirements set forth in such policy.

PARTICIPATING HOSPITAL.....SEE DEFINITION OF HOSPITAL.

PARTICIPATING PRESCRIPTION DRUG PROVIDER.....SEE DEFINITION OF PROVIDER.

PARTICIPATING PROFESSIONAL PROVIDER.....SEE DEFINITION OF PROVIDER.

PARTICIPATING PROVIDER.....SEE DEFINITION OF PROVIDER.

PARTICIPATING PROVIDER OPTION.....means a program of health care benefits designed to provide you with economic incentives for using designated Providers of health care services.

PHARMACY.....means a state and federally licensed establishment that is physically separate and apart from any Provider's office, and where Legend Drugs and devices are dispensed under Prescription to the general public by a pharmacist licensed to dispense such drugs and devices under the laws of the state in which they practice.

PHYSICAL THERAPIST.....means a duly licensed physical therapist operating within the scope of their license.

PHYSICAL THERAPY.....means the treatment of a disease, injury, or condition by physical means by a Physician or a registered professional physical therapist under the supervision of a Physician and which is designed and adapted to promote the restoration of a useful physical function. Physical Therapy does not include educational training or services designed and adapted to develop a physical function.

PHYSICIAN.....means a physician duly licensed to practice medicine in all of its branches operating within the scope of their license.

PHYSICIAN ASSISTANT.....means a duly licensed Physician Assistant performing under the direct supervision of a Physician, Dentist or Podiatrist and billing under such Provider operating within the scope of their license.

PODIATRIST.....means a duly licensed podiatrist operating within the scope of their license.

PRIOR AUTHORIZATION.....means a requirement that you must obtain authorization from the Claim Administrator before you receive certain types of Covered Services designated by the Claim Administrator.

PRIOR AUTHORIZATION or EMERGENCY MENTAL ILLNESS OR SUBSTANCE USE DISORDER ADMISSION REVIEW.....means a submission of a request to the Behavioral Health Unit for a determination of Medically Necessary care under this benefit booklet.

PRIVATE DUTY NURSING SERVICE.....means Skilled Nursing Service provided on a one-to-one basis by an actively practicing registered nurse (R.N.), or licensed practical nurse (L.P.N.). Private Duty Nursing is shift nursing of 8 hours or greater per day and does not include nursing care of less than 8 hours per day. Private Duty Nursing Service does not include Custodial Care Service.

PROFESSIONAL PROVIDER.....SEE DEFINITION OF PROVIDER.

PROSTHETIC PROVIDER.....means a duly licensed prosthetic provider operating within the scope of their license.

A "Participating Prosthetic Provider" means a Prosthetic Provider who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Prosthetic Provider" means a Prosthetic Provider who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

PROVIDER.....means any health care facility (for example, a Hospital or Skilled Nursing Facility) or person (for example, a Physician or Dentist) or entity duly licensed to render Covered Services to you and operating within the scope of such license.

An "Administrator Provider" means a Provider which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Provider" means a Provider that does not meet the definition of Administrator Provider unless otherwise specified in the definition of a particular Provider.

A "Participating Provider" means an Administrator Hospital or Professional Provider which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to participants in the Participating Provider Option program or an Administrator facility which has been designated by the Claim Administrator as a Participating Provider.

A "Non-Participating Provider" means an Administrator Hospital or Professional Provider which does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to participants in the Participating Provider Option program or a facility which has not been designated by the Claim Administrator as a Participating Provider.

A "Professional Provider" means a Physician, Dentist, Podiatrist, Psychologist, Chiropractor, Optometrist, or any Provider designated by the Claim Administrator or another Blue Cross and/or Blue Shield Plan.

PROVIDER INCENTIVE.....means an additional amount of compensation paid to a health care Provider by a Blue Cross and/or Blue Shield Plan, based on the Provider's compliance with agreed upon procedural and/or outcome measures for a particular population of participants.

PSYCHOLOGIST.....means a Registered Clinical Psychologist operating within the scope of such license.

Registered Clinical Psychologist means a Clinical Psychologist who is registered with the Illinois Department of Financial and Professional Regulation pursuant to the Illinois "Psychologists Registration Act" or, in a state where statutory licensure exists, the Clinical Psychologist must hold a valid credential for such practice or, if practicing in a state where statutory licensure does not exist, such person must meet the qualifications specified in the definition of a Clinical Psychologist.

Clinical Psychologist means a psychologist who specializes in the evaluation and treatment of Mental Illness and who meets the following qualifications:

has a doctoral degree from a regionally accredited University, College or Professional School; and has two years of supervised experience in health services of which at least one year is post-doctoral and one year is in an organized health services program; or

is a Registered Clinical Psychologist with a graduate degree from a regionally accredited University or College; and has not less than six years as a psychologist with at least two years of supervised experience in health services.

QUALIFIED ABA PROVIDER.....means a Provider operating within the scope of their license registration or certification that has met the following requirements:

For the treatment supervisor/case manager/facilitator:

(i) Master's level, independently licensed Clinician, who is licensed, certified, or registered by an appropriate agency in the state where services are being provided, for services treating Autism Spectrum Disorder (ASD) symptoms, with or without applied behavior analysis (ABA) service techniques; or

(ii) Master's level Clinician whose professional credential is recognized and accepted by an appropriate agency of the United States, (i.e., Board-Certified Behavior Analyst (BCBA) or Board-Certified Behavior Analyst-Doctoral (BCBA-D), to supervise and provide treatment planning, with ABA services techniques; or

(iii) Health Care Practitioner who is certified as a provider under the TRICARE military health system, if requesting to provide ABA services; or

(iv) Master's level Clinician with a specific professional credential or certification recognized by the state in which the clinician is located; or

1. Developmental Therapist with Certified Early Intervention Specialist credential or CEIS; or
2. If the Doctor or Medicine (MD) prescribes ABA, writes a MD order for services to be provided by a specific person.

For the para-professional/line therapist:

(i) Two years of college educated staff person with a Board Certified Assistant Behavior Analyst (BCABA) for the para-professional/therapist; or

(ii) A bachelor level or high school graduate having obtained a GED, OR a staff person with a Registered Behavior Tech (RBT) certification for the direct line therapist; or

(iii) A person who is "certified as a provider under TRICARE military health system," if requesting to provide ABA services.

RECOMMENDED CLINICAL REVIEW.....means an optional voluntary review of Provider's recommended medical procedure, treatment, or test, which does not require Prior Authorization, to make sure it meets approved Claim Administrator medical policy guidelines and Medical Necessity requirements.

REGISTERED DIETICIAN.....means a duly licensed clinical professional counselor operating within the scope of their license.

REGISTERED SURGICAL ASSISTANT.....means a duly licensed certified surgical assistant, certified surgical technician, surgical assistant certified or registered nurse first assistant operating within the scope of their certification.

A "Participating Registered Surgical Assistant" means a Registered Surgical Assistant who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Registered Surgical Assistant" means a Registered Surgical Assistant who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

RENAL DIALYSIS TREATMENT.....means one unit of service including the equipment, supplies and administrative service which are customarily considered as necessary to perform the dialysis process.

RESCISSION.....means a cancellation or discontinuance of coverage that has retroactive effect except to the extent attributable to a failure to timely pay premiums. A "Rescission" does not include other types of coverage cancellations, such as a cancellation of coverage due to a failure to pay timely premiums towards coverage or cancellations attributable to routine eligibility and enrollment updates.

RESIDENTIAL TREATMENT CENTER.....means a facility setting offering a defined course of therapeutic intervention and special programming in a controlled environment which also offers a level of security, supervision, and structure medically necessary to meet the needs of patients served or to be served by such facility. Residential Treatment Centers must be licensed by the appropriate state and local authority as a Residential Treatment Facility or its equivalent under the laws or regulations of such locality and/or must be accredited by a national accrediting body as a Residential Treatment Center or its equivalent. Accepted accrediting bodies are The Joint Commission, Commission on Accreditation of Rehabilitation Facilities (CARF), Accreditation Association for Ambulatory Healthcare (AAAHC), Council on Accreditation of Services for Families and Children Inc. (COA), or National Integrated Accreditation of Healthcare Organizations (NIAHOSM). This includes any specialized licensing that may be applicable given the services to be provided or population to be served. As they do not provide the level of care, security, or supervision appropriate of a Residential Treatment Center, the following shall not be included in the definition of Residential Treatment Center: half-way houses, supervised living, group homes, wilderness programs, boarding houses or other facilities that provide primarily a supportive/custodial environment and/or primarily address long term social needs, even if

counseling is provided in such facilities. To qualify as a Residential Treatment Center, patients must be medically monitored with 24-hour medical professional availability and on-site nursing care and supervision for at least one shift a day with on call availability for the other shifts.RESPITE CARE SERVICE.....means those services provided at home or in a facility to temporarily relieve the family or other caregivers (non-professional personnel) that usually provide or are able to provide such services to you.

RETAIL HEALTH CLINIC.....means a health care clinic located in a retail setting, supermarket or Pharmacy which provides treatment of common illnesses and routine preventive health care services rendered by Certified Nurse Practitioners.

A "Participating Retail Health Clinic" means a Retail Health Clinic which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Retail Health Clinic" means a Retail Health Clinic which does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

ROUTINE PATIENT COSTS.....means the cost for all items and services consistent with the coverage provided under this benefit booklet that is typically covered for you if you are not enrolled in a clinical trial. Routine Patient Costs do not include:

(i) The investigational item, device, or service, itself;

(ii) Items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or

(iii) A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

SKILLED NURSING FACILITY.....means an institution or a distinct part of an institution which is primarily engaged in providing comprehensive skilled services and rehabilitative Inpatient care and is duly licensed by the appropriate governmental authority to provide such services and operating within the scope of such license.

An "Administrator Skilled Nursing Facility" means a Skilled Nursing Facility which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Skilled Nursing Facility" means a Skilled Nursing Facility which does not have an agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan but has been certified in accordance with guidelines established by Medicare.

An "Uncertified Skilled Nursing Facility" means a Skilled Nursing Facility which does not meet the definition of an Administrator Skilled Nursing Facility and has not been certified in accordance with the guidelines established by Medicare.

SKILLED NURSING SERVICE.....means those services provided by a registered nurse (R.N.) or licensed practical nurse (L.P.N.) which require the clinical skill and professional training of an R.N. or L.P.N. and which cannot reasonably be taught to a person who does not have specialized skill and professional training. Benefits for Skilled Nursing Service will not be provided due to the

lack of willing or available non-professional personnel. Skilled Nursing Service does not include Custodial Care Service.

SPEECH THERAPIST.....means a duly licensed speech therapist operating within the scope of their license.

SPEECH THERAPY.....means the treatment for the correction of a speech impairment resulting from disease, trauma, congenital anomalies, or previous therapeutic processes and which is designed and adapted to promote the restoration of a useful physical function. Speech Therapy does not include educational training or services designed and adapted to develop a physical function.

SUBSTANCE USE DISORDER.....means a condition or disorder that falls under any of the substance use disorder diagnostic categories listed in the mental and behavioral disorders chapter of the current edition of the International Classification of Disease or that is listed in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders.

SUBSTANCE USE DISORDER TREATMENT.....means an organized, intensive, structured, rehabilitative treatment program of either a Hospital or Substance Use Disorder Treatment Facility which may include, but is not limited to, Acute Treatment Services and Clinical Stabilization Services. It does not include programs consisting primarily of counseling by individuals other than a Behavioral Health Practitioner, court ordered evaluations, programs which are primarily for diagnostic evaluations, mental disabilities or learning disabilities, care in lieu of detention or correctional placement or family retreats.

SUBSTANCE USE DISORDER TREATMENT FACILITY.....means a facility (other than a Hospital) whose primary function is the treatment of Substance Use Disorder and is licensed by the appropriate state and local authority to provide such service, when operating within the scope of such license. It does not include half-way houses, boarding houses or other facilities that provide primarily a supportive environment, even if counseling is provided in such facilities.

An "Administrator Substance Use Disorder Treatment Facility" means a Substance Use Disorder Treatment Facility which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Substance Use Disorder Treatment Facility" means a Substance Use Disorder Treatment Facility that does not meet the definition of an Administrator Substance Use Disorder Treatment Facility.

SURGERY.....means the performance of any medically recognized, non-Investigational surgical procedure including the use of specialized instrumentation and the correction of fractures or complete dislocations, and any other procedures as reasonably approved by the Claim Administrator.

TELEHEALTH AND TELEMEDICINE SERVICES.....means a health care service delivered by a health care professional licensed, certified, or registered to practice in Illinois and acting within the scope of their license, certification, or entitlement to a patient at a different physical location than the health care professional using telecommunications or information technology.

TEMPOROMANDIBULAR JOINT DYSFUNCTION AND RELATED DISORDERS.....means jaw joint conditions including temporomandibular joint disorders and craniomandibular disorders, and all other conditions of the joint linking the jawbone and skull and the complex of muscles, nerves and other tissues relating to that joint.

TOBACCO USER.....means a person who is permitted under state and federal law to legally use Tobacco, with Tobacco use (other than religious or ceremonial use of Tobacco), occurring on average four or more times per week that last occurred within the past six months (or such other meaning required or permitted by applicable law). Tobacco includes, but is not limited to, cigarettes, cigars, pipe tobacco, smokeless tobacco, snuff, etc. For additional information, please call the number on the back of your Identification Card or visit our website at *www.bcbsil.com*.

TOTALLY DISABLED.....means with respect to an Eligible Person, an inability by reason of illness, injury or physical condition to perform the material duties of any occupation for which the Eligible Person is or becomes qualified by reason of experience, education or training or with respect to a covered person other than an Eligible Person, the inability by reason of illness, injury or physical condition to engage in the normal activities of a person of the same age and sex who is in good health.

TRANSPLANT LODGING ELIGIBLE EXPENSE.....means the amount of $50 per person per day reimbursed for lodging expenses related to a covered transplant.

VALUE BASED PROGRAM.....means an out-come based payment arrangement and/or a coordinated care model facilitated with one or more local Providers that is evaluated against cost and quality metrics/factors and is reflected in Provider payment.

VIRTUAL PROVIDER.....means a licensed Provider who has a written agreement with the Claim Administrator to provide diagnosis and treatment of injuries and illnesses through either i) interactive audio communication (via telephone or other similar technology) or ii) interactive audio/video examination and communication (via online portal, mobile application or similar technology) to you at the time Covered Services are rendered, operating within the scope of such license.

VIRTUAL VISIT.....means a service provided for the diagnosis or treatment of non-emergency medical and/or behavioral health illnesses or injuries as described in the VIRTUAL VISITS provision under the SPECIAL CONDITIONS AND PAYMENTS section of this benefit booklet.

VITAMIN D TESTING....means vitamin D blood testing that measures the level of vitamin D in a person’s blood.

ELIGIBILITY SECTION

Please refer to BMO Plan Documents.

UTILIZATION MANAGEMENT AND REVIEW

The Claim Administrator has established the Utilization Management and Review Program to assist you in determining the course of treatment that will maximize your benefits under this Health Care Plan. Utilization management may be referred to as Medical Necessity reviews, utilization review (UR) or medical management reviews. A Medical Necessity review for a procedure/service, Inpatient admission, and length of stay is based on the Claim Administrator's Medical Policy and, site or level of care review criteria. Medical Necessity reviews may occur prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a Post-Service Medical Necessity review. If requested, services normally subject to a Post-Service Medical Necessity review may be reviewed for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Please refer to the definition of Medically Necessary under the *Definitions* section of this booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

The Utilization Management and Review Program requires a review of Inpatient Hospital Covered Services **before** maximum benefits for such services are available:

- Inpatient Hospital services
- Skilled Nursing Facility services
- Services received in a Coordinated Home Care Program
- Private Duty Nursing Services
- Certain Outpatient Procedures

For In-Network benefits your Participating Provider is required to obtain Prior Authorization. There is no penalty to you for failure to notify the Claim Administrator.

For Non-Network Benefits you must obtain Prior Authorization from the Claims Administrator as soon as is reasonably possible. If you fail to obtain Prior Authorization from the Claims Administrator as required, Benefits will be subject to a $400 reduction.

PRIOR AUTHORIZATION

Prior Authorization is a requirement that you must obtain authorization from the Claim Administrator before you receive a certain type of Covered Service designated by the Claim Administrator in order to be eligible for maximum benefits.

For Inpatient Hospital facility services, your Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Claim Administrator's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction. For additional information about Prior Authorization for services outside of the Claim Administrator's service area, see the section of this benefit booklet entitled "THE BLUECARD PROGRAM."

Failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator, as described in this section, may result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, Deductibles, and out-of-

pocket expense limit amounts. Providers may bill you for any reduction in payment, as described in this section, resulting from failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator. We encourage you to call ahead. The pre-notification toll-free telephone number is on your Identification Card.

Please read the provisions below very carefully. The provisions of this section do not apply to the treatment of Mental Illness and Substance Use Disorder Treatment. The provisions for the treatment of Mental Illness and Substance Use Disorder Treatment are specified in the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT section of this benefit booklet.

PREADMISSION REVIEW

- **Inpatient Hospital Preadmission Review**

  Preadmission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Health Care Plan. The Claim Administrator recommends you confirm with your Provider if Prior Authorization has been obtained.

  Whenever a non-emergency or non-maternity Inpatient Hospital admission is recommended by your Physician, in order to receive maximum benefits under this benefit booklet, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to the Hospital admission.

  If the proposed Hospital admission or health care services are determined to be not Medically Necessary, some days, services or the entire hospitalization will be denied. The Hospital and your Physician will be advised verbally of this determination, with a follow-up notification letter sent to you, your Physician and the Hospital. These letters may not be received prior to your scheduled date of admission.

- **Emergency Admission Review**

  Emergency admission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  In the event of an emergency admission, in order to receive maximum benefits under this benefit booklet, you or someone who calls on your behalf must notify the Claim Administrator no later than two business days or as soon as reasonably possible after the admission has occurred. If the call is made any later than the specified time period, you will not be eligible for maximum benefits.

- **Pregnancy/Maternity Admission Review**

  Pregnancy/Maternity admission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Health Care Plan.

  In the event of a maternity admission, in order to receive maximum benefits under this benefit booklet, you or someone who calls on your behalf must notify the Claim Administrator no later than two business days after the admission has occurred. If the call is made any later than the specified time period, you will not be eligible for maximum benefits.

Even though you are not required to call the Claim Administrator prior to your maternity admission, if you call the medical pre-notification number as soon as you find out you are pregnant, the Claim Administrator will provide you information on support programs to assist you during pregnancy.

- **Skilled Nursing Facility Preadmission Review**

  Skilled Nursing Facility preadmission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Whenever an admission to a Skilled Nursing Facility is recommended by your Physician, in order to receive maximum benefits under this benefit booklet, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to the scheduling of the admission.

- **Coordinated Home Care Program Preadmission Review**

  Coordinated Home Care Program preadmission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Whenever an admission to a Coordinated Home Care Program is recommended by your Physician, in order to receive maximum benefits under this benefit booklet, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to the scheduling of the admission.

- **Private Duty Nursing Service Review**

  Private Duty Nursing Service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Whenever Private Duty Nursing Service is recommended by your Physician, in order to receive maximum benefits under this benefit booklet, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to receiving services.

OUTPATIENT SERVICE PRIOR AUTHORIZATION REVIEW

Outpatient Service Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Health Care Plan.

Whenever the following Outpatient procedure(s)/services(s), received from a Participating Provider, are recommended by your Physician, in order to receive maximum benefits under this Health Care Plan, you must call the Claim Administrator's medical pre-notification number. This call must be made at least two business days prior to receiving these services:

- Coordinated Home Care Program services
- Home hemodialysis
- Home Hospice
- Home Infusion Therapy

- Home Health
- Private Duty Nursing
- Transplant Evaluations and Transplants
- Cardiology Lipid Apheresis

Ears, Nose and Throat (ENT):

- Bone Conduction Hearing Aids
- Cochlear Implant
- Nasal and Sinus Surgery

Gastroenterology (Stomach):

- Gastric Electrical Stimulation (GES)

Neurology:

- Deep Brain Stimulation
- Sacral Nerve Neuromodulation/Stimulation

Pain Management:

- Occipital Nerve Stimulation

Specialty Pharmacy:

- Specialty Pharmacy Medications covered by Medical Benefits including Infusion Site of Care, Medical Oncology & Supportive Care and Provider Administered Drug Therapies.

Surgical Procedures:

- Outpatient Surgery Jaw
- Outpatient Breast
- Surgical Deactivation of Headache Trigger Sites

Wound Care:

- Hyperbaric Oxygen (HBO2) Therapy-Systemic

Non-Emergency Fixed-Wing Ambulance Transportation:

Non-Emergency Fixed-Wing Ambulance Transportation - Please refer to the definition of "Non-Emergency Fixed-Wing Ambulance Transportation" under the DEFINITIONS section of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

Whenever the following Outpatient services(s), received by a Non-Participating Provider, are recommended by your Physician, in order to receive maximum benefits under this Health Care Plan, you must call the Claim Administrator's medical pre-notification number. This call must be made at least two business days prior to receiving these services:

- Dialysis

- Elective Surgery

If an Inpatient Emergency Hospital Admission occurs after an Outpatient service, in order to receive maximum benefits under this Health Care Plan, an additional call must be made to the Claim Administrator.

The Claim Administrator will send a letter to you, your Physician and the Hospital or facility with a determination of your Prior Authorization review no later than fifteen (15) calendar days after the Claim Administrator receives the request for Prior Authorization review. However, in some instances depending on the timing of the request for review, these letters will not be received prior to your scheduled date of service or procedure.

For specific details about the Prior Authorization requirements for any of the above referenced Outpatient services, please call the customer service toll-free telephone number on the back of your Identification Card. The Claim Administrator reserves the right to no longer require Prior Authorization during your benefit period for any or all of the listed services. Updates to the list of services requiring Prior Authorization may be confirmed by calling the customer service number.

RECOMMENDED CLINICAL REVIEW

Some services that do not require Prior Authorization may be subject to review for evidence of medical necessity for coverage determinations that may occur prior to services rendered, during care, or after care has been completed for a Post-Service Medical Necessity Review.

A Recommended Clinical Review is a Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. The Claim Administrator will review the request to determine if it meets approved Claim Administrator medical policy and, site, or level of care review criteria for medical and behavioral health services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

To determine if a Recommended Clinical Review is available for a specific service, visit our website at www.bcbsil.com/find-care/where-you-go-matters/utilization-management.com for the Required Prior Authorization and Recommended Clinical Review list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card. You or your Provider may request a Recommended Clinical Review.

Recommended Clinical Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions under this Plan. Please coordinate with your Provider to submit a written request for a Recommended Clinical Review.

General Provisions Applicable to All Recommended Clinical Reviews

1. No Guarantee of Payment

A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by the plan. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Plan. Even if the service has been approved on Recommended Clinical Review, coverage or payment can be affected for a variety of reasons. For example,

the member may have become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Recommended Clinical Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

Post-Service Medical Necessity Review

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be performed when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

1. No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Post-Service Medical Necessity Review does not guarantee payment of benefits by the plan, for instance a member may become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

CASE MANAGEMENT

Case management is a collaborative process that assists you with the coordination of complex care services. A Claim Administrator case manager is available to you as an advocate for cost-effective interventions.

Case managers are also available to you to provide assistance when you need alternative benefits. Alternative benefits will be provided only so long as the Claim Administrator determines that the alternative services are Medically Necessary and cost-effective. The total maximum payment for alternative services shall not exceed the total benefits for which you would otherwise be entitled under the Health Care Plan.

Provision of alternative benefits in one instance shall not result in an obligation to provide the same or similar benefits in any other instance. In addition, the provision of alternative benefits shall not be construed as a waiver of any of the terms, conditions, limitations, and exclusions of the Health Care Plan.

LENGTH OF STAY/SERVICE REVIEW

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

Upon completion of the Inpatient or emergency admission review, the Claim Administrator will send a letter to you, your Physician, Provider of services, Behavioral Health Practitioner and/or the Hospital or facility with a determination on the approved length of stay.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary. In the event that the extension is determined not to be Medically Necessary, the authorization will not be extended. Additional notification will be provided to your Physician and/or the Hospital regarding the denial of payment for the extension.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the Plan for continued services. If you, your Provider, or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an Ongoing Course of Treatment, the Plan will make a determination on the request/appeal as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient care or other health care services or supplies are not Medically Necessary will be determined by the Claim Administrator. The Claim Administrator will provide notification of a decision to not authorize payment for Inpatient care or other health care services or supplies to you, your Physician, and/or the Hospital or other Provider. The notification will specify the dates, services and/or supplies that are not considered Covered Services. For further details regarding Medically Necessary care and other exclusions from coverage, see the EXCLUSIONS—WHAT IS NOT COVERED section in this benefit booklet.

The Claim Administrator does not determine your course of treatment or whether you receive particular health care services. Decisions regarding the course of treatment and receipt of particular health care services are a matter entirely between you and your Physician. The Claim Administrator's determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization or other health care service is a Covered Service under the Health Care Plan.

In the event that the Claim Administrator determines that all or any portion of an Inpatient hospitalization or other health care service is not Medically Necessary, the Claim Administrator will not be responsible for any related Hospital or other health care service charge incurred.

Remember that the Plan does not cover the cost of hospitalization or any health care services and supplies that are not determined to be Medically Necessary. The fact that your Physician or another health care Provider may prescribe, order, recommend or approve a Hospital stay or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Physician prescribes, orders, recommends, approves, or views hospitalization or other health care services or supplies as Medically Necessary, the Plan will not pay for the hospitalization, services or supplies unless the Claim Administrator determines it to be Medically Necessary and a Covered Service under the Plan.

NOTE: Keep in mind that a Medically Necessary determination does not guarantee that benefits are available. For example, it might be determined that a service is Medically Necessary, however, the Health Care Plan may limit or exclude that service. In that case, the Medically Necessary determination does not override the benefit provision in the benefit booklet.

UTILIZATION REVIEW PROCEDURE

The following information is required when you contact the Claim Administrator:

1. The name of the attending and/or admitting Physician;
2. The name of the Hospital where the admission has been scheduled and/or the location where the service has been scheduled;
3. The scheduled admission and/or service date; and
4. A preliminary diagnosis or reason for the admission and/or service.

Upon receipt of the required information, the Claim Administrator:

1. will review the information provided and seek additional information, as necessary.
2. will issue a determination that the services are either Medically Necessary or are not Medically Necessary.
3. will provide notification of the determination.

APPEAL PROCEDURE

If you, your Physician, Provider of health services, or Behavioral Health Practitioner disagree with the determination of the Claim Administrator prior to or while receiving services, you may appeal that decision. You should call the Claim Administrator's customer service number on your Identification Card. Your Physician should use the contact information in the notification letter.

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after claim processing has taken place or upon receipt of the notification letter, you may appeal that decision by having your Physician, Provider of health services, or Behavioral

Health Practitioner call the contact person indicated in the notification letter or by submitting a written request to:

Medical Director
Blue Cross and Blue Shield of Illinois
P. O. Box A3957
Chicago, Illinois 60601

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

FAILURE TO NOTIFY

The final decision regarding your course of treatment is solely your responsibility and the Claim Administrator will not interfere with your relationship with any Provider. However, the Claim Administrator has established the Utilization Management and Review Program for the specific purpose of assisting you in determining the course of treatment which will maximize your benefits provided under this benefit booklet.

For In-Network benefits your Participating Provider is required to obtain Prior Authorization. There is no penalty to you for failure to notify the Claim Administrator.

MEDICARE ELIGIBLE MEMBERS

The preadmission review provisions of this Utilization Management and Review Program do not apply to you if you are Medicare eligible and have secondary coverage provided under the Health Care Plan.

CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT

The Claim Administrator's Behavioral Health Unit has been established to assist in the administration of Mental Illness and Substance Use Disorder Treatment benefits, including Prior Authorization review, Emergency Mental Illness or Substance Use Disorder Admission Review and length of stay/service review for your Inpatient Hospital admissions and/or Outpatient services for the treatment of Mental Illness and Substance Use Disorders.

Failure to contact the Behavioral Health Unit or to comply with the determinations of the Behavioral Health Unit may result in a reduction of benefits. The Behavioral Health Unit, as described in this section, may be reached twenty-four (24) hours a day, 7 days a week at the toll-free telephone number 1-800-851-7498. Please read the provisions below very carefully.

Prior Authorization is a requirement that you must obtain authorization from the Claim Administrator before you receive a certain type of Covered Service designated by the Claim Administrator in order to be eligible for maximum benefits.

For Inpatient Hospital facility services, your Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Claim Administrator's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction. For additional information about Prior Authorization for services outside of the Claim Administrator's service area, see the section of this benefit booklet entitled "THE BLUECARD PROGRAM."

Failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator, as described in this section, may result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, Deductibles, and out-of-pocket expense limit amounts. Providers may bill you for any reduction in payment, as described in this section, resulting from failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator. We encourage you to call ahead. The pre-notification toll-free telephone number is on your Identification Card.

CONTACTING BEHAVIORAL HEALTH

You, your Physician, Provider of services, or your authorized representative may contact the Claim Administrator for a Prior Authorization or Recommended Clinical Review by calling the toll-free number shown on the back of your Identification Card and follow the prompts to the Behavioral Health Unit. During regular business hours (8:00 a.m. and 6:00 p.m., Central Time, on business days), the caller will be routed to the appropriate behavioral health clinical team for review. Outpatient requests should be requested during regular business hours. After 6:00 PM, on weekends, and on holidays, the same behavioral health line is answered by clinicians available for Inpatient acute reviews only. Requests for residential or Partial Hospitalization are reviewed only during regular business hours.

PRIOR AUTHORIZATION REVIEW

- **Inpatient Hospital Prior Authorization Review**

  Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan. The Claim Administrator recommends you confirm with your Provider if Prior Authorization has been obtained.

  To receive maximum benefits under this Health Care Plan, you must obtain Prior Authorization for your non-emergency Inpatient Hospital admission for the treatment of Mental Illness or Substance Use Disorder by calling the Behavioral Health Unit. Providers may obtain Prior Authorization for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section. This call must be made at least one day prior to the Inpatient Hospital admission.

- **Residential Treatment Center Prior Authorization Review**

  Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Health Care Plan. The Claim Administrator recommends you confirm with your Provider if Prior Authorization has been obtained.

  Whenever an admission to a Residential Treatment Center for the treatment of Mental Illness or Substance Use Disorder is recommended by your Physician, you must, in order to receive maximum benefits under this Health Care Plan, call the Behavioral Health Unit. This call must be made at least one day prior to scheduling of the admission. Providers may obtain Prior Authorization for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section. This call must be made at least one day prior to the Inpatient Hospital admission.

- **Emergency Mental Illness or Substance Use Disorder Admission Review**

  Emergency Mental Illness or Substance Use Disorder Admission Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  In order to receive maximum benefits under this Health Care Plan, you or someone who calls on your behalf must notify the Behavioral Health Unit no later than two business days or as soon as reasonably possible after the admission for the treatment of Mental Illness or Substance Use Disorder has occurred.

  If the call is made any later than the specified time period, you may not be eligible for maximum benefits. Providers may obtain Prior Authorization for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section.

- **Partial Hospitalization Treatment Program Review**

  Partial Hospitalization Treatment Program review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  In order to receive maximum benefits under this Health Care Plan, you must notify the Behavioral Health Unit no later than 48 hours after the admission for the treatment of Mental Illness or Substance Use Disorder has occurred. Providers may call for you, when required, but it is your responsibility to ensure these requirements are satisfied, as described in this section. The Behavioral Health Unit will obtain information regarding the service(s) and may discuss proposed treatment with your Behavioral Health Practitioner.

  If an Inpatient Emergency Mental Illness or Substance Use Disorder Admission occurs after a service(s), in order to receive maximum benefits under this Health Care Plan, an additional call must be made to the Behavioral Health Unit for an Emergency Mental Illness or Substance Use Disorder Admission Review.

- **Length of Stay/Service Review**

  Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Upon completion of the Prior Authorization or Emergency Mental Illness or Substance Use Disorder Review, the Behavioral Health Unit will send you a letter confirming that you or your representative called the Behavioral Health Unit. A letter assigning a length of service or length of stay will be sent to your Behavioral Health Practitioner and/or the Hospital.

  An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary as determined by the Behavioral Health Unit. In the event that the extension is determined not to be Medically Necessary, the length of stay/service will not be extended, and the case will be referred to a Behavioral Health Unit Physician for review.

OUTPATIENT SERVICE PRIOR AUTHORIZATION REVIEW

- **Outpatient Service Prior Authorization Review**

  Outpatient service Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan. The Claim Administrator recommends you confirm with your Provider if Prior Authorization has been obtained.

  In order to receive maximum benefits under this Health Care Plan for Outpatient services for the treatment of Mental Illness or Substance Use Disorder, you must, except as otherwise provided, obtain Prior Authorization for the following Outpatient service(s) by calling the Behavioral Health Unit:

  - Psychological testing
  - Neuropsychological testing
  - Electroconvulsive therapy
  - Intensive Outpatient Programs

- Repetitive Transcranial Magnetic Stimulation
- Applied Behavior Analysis (ABA) Therapies (Please see coverage details as described in the Autism Spectrum Disorder(s) provision under the SPECIAL CONDITIONS AND PAYMENTS section of this benefit booklet.)

Providers may obtain Prior Authorization for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section. This call must be made at least one day prior to the scheduling of the planned Outpatient services(s). The Behavioral Health Unit will obtain information regarding the Outpatient service(s) and may discuss proposed treatment with your Behavioral Health Practitioner.

If an Inpatient Emergency Mental Illness or Substance Use Disorder Admission occurs after an Outpatient service, in order to receive maximum benefits under this Health Care Plan, an additional call must be made to the Behavioral Health Unit for an Emergency Mental Illness or Substance Use Disorder Admission Review.

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient Hospital admission, Outpatient service, or other health care services or supplies are not Medically Necessary, as such term is defined in this benefit booklet, will be determined by the Behavioral Health Unit. If the Behavioral Health Unit concurs that the Inpatient Hospital admission, Outpatient service, or other health care service or supply does not meet the criteria for Medically Necessary care, benefit for some days, services or the entire hospitalization will be denied. Your Behavioral Health Practitioner and in the case of an Inpatient Hospital admissions, the Hospital will be advised by telephone of this determinations, with a follow-up notification letter sent to you, your Behavioral Health Practitioner, and the Hospital, and will specify the dates, services or supplies that are not considered Medically Necessary. The Behavioral Health Unit will issue these notification letters promptly. However, in some instances, these letters will not be received prior to your scheduled date of admission or service. For further details regarding Medically Necessary care and other exclusions described in this benefit booklet, see the provision entitled, "EXCLUSIONS—WHAT IS NOT COVERED."

The Behavioral Health Unit does not determine your course of treatment or whether you receive particular health care services. The decision regarding the course of treatment and receipt of particular health care services is a matter entirely between you and your Behavioral Health Practitioner. The Behavioral Health Unit's determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization, Outpatient service or other health care service is Medically Necessary under the Health Care Plan.

In the event that the Behavioral Health Unit determines that all or any portion of an Inpatient Hospital admission, Outpatient service, or other health care service or supply is not Medically Necessary, the Claim Administrator will not be responsible for any related Hospital or other health care service or supply charge incurred.

Remember that your Health Care Plan does not cover the cost of hospitalization or any health care services and supplies that are not Medically Necessary. The fact that your Behavioral Health Practitioner or another health care Provider may prescribe, order, recommend or approve an Inpatient Hospital admission, Outpatient service, or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Behavioral Health Practitioner prescribes, orders,

recommends, approves, or views hospitalization or other health care services or supplies as Medically Necessary, the Claim Administrator will not pay for the hospitalization, services or supplies if the Behavioral Health Unit decides they were not Medically Necessary.

BEHAVIORAL HEALTH UNIT PROCEDURE

When you contact the Behavioral Health Unit to obtain Prior Authorization for your Inpatient Hospital admission, Outpatient service, and/or other service/supply, provide notification of your Emergency Mental Illness or Substance Use Disorder Admission, or request a length of stay/service review you should be prepared to provide the following information:

1. the name of the attending and/or admitting Behavioral Health Practitioner;
2. the name of the Hospital or facility where the admission and/or service has been scheduled, when applicable;
3. the scheduled admission and/or service date; and
4. a preliminary diagnosis or reason for the admission and/or service.

When you contact the Behavioral Health Unit to obtain Prior Authorization for your Inpatient Hospital admission, Outpatient service, and/or other service/supply, provide notification of your Emergency Mental Illness or Substance Use Disorder Admission, or request a length of stay/service review, the Behavioral Health Unit:

1. will review the medical information provided and follow-up with the Behavioral Health Practitioner;
2. upon request, will advise you of Participating Providers in the area who may be able to provide the admission and/or services that are the subject of the Prior Authorization Review;
3. may determine that the admission and/or services to be rendered are not Medically Necessary.

APPEAL PROCEDURE

Expedited Appeal

If you or your Behavioral Health Practitioner disagrees with the determinations of the Behavioral Health Unit prior to or while receiving services, you or the Behavioral Health Practitioner may appeal that determination by contacting the Behavioral Health Unit and requesting an expedited appeal. The Behavioral Health Unit Physician will review your case and determine whether the service was Medically Necessary. You and/or your Behavioral Health Practitioner will be notified of the Behavioral Health Unit Physician's determination within twenty-four (24) hours or no later than the last authorized day. If you or your Behavioral Health Practitioner still disagree with the Behavioral Health Unit Physician, you may request an appeal in writing as outlined below.

Written Appeal

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after Claim processing has taken place or upon receipt of the notification letter from the Behavioral Health Unit, you may appeal that decision by having your Behavioral Health

Practitioner call the contact person indicated in the notification letter or by submitting a written request to:

Blue Cross and Blue Shield of Illinois
Appeals Coordinator
Blue Cross and Blue Shield BH Unit
P. O. Box 660240
Dallas, Texas 75266-0240
Fax Number: 1-877-361-7656

You must exercise the right to this appeal as a precondition to taking any action against the Claim Administrator, either at law or in equity.

Once you have requested this review, you may submit additional information and comments on your Claim to the Claim Administrator as long as you do so within 30 days of the date you asked for a review. Also, during this 30-day period, you may review any relevant documents held by the Claim Administrator if you request an appointment in writing.

Within 30 days of receiving your request for review, the Claim Administrator will send you its decision on the Claim. In unusual situations, an additional 15 days may be needed for the review, and you will be notified of this during the first 30-day period.

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

FAILURE TO OBTAIN PRIOR AUTHORIZATION OR NOTIFY

For In-Network benefits your Participating Provider is required to obtain Prior Authorization.

For Non-Network Benefits you must obtain Prior Authorization from the Claims Administrator as soon as is reasonably possible. If you fail to obtain Prior Authorization from the Claims Administrator as required, Benefits will be subject to a $400 reduction.

The final decision regarding your course of treatment is solely your responsibility and the Behavioral Health Unit will not interfere with your relationship with any Behavioral Health Practitioner. However, the Behavioral Health Unit has been established for the specific purpose of assisting you in maximizing your benefits as described in this benefit booklet.

For Outpatient behavioral health services, there is no penalty to you for failure to notify the Claim Administrator. For Substance Use Disorder Treatment, there is no penalty to you for failure to notify the Claim Administrator for Inpatient Hospital admissions, Residential Treatment Centers and Partial Hospitalization Treatment Programs.

MEDICARE ELIGIBLE MEMBERS

The provisions of the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT section of this benefit booklet do not apply to you if you are Medicare Eligible and have secondary coverage provided under the Health Care Plan.

CASE MANAGEMENT

You may call the Behavioral Health Unit at the number shown on your Identification Card to access a case manager. They may answer questions about your behavioral condition, help you understand what to expect when you are discharged from a behavioral health facility to your home or to another care facility and help coordinate special care you may need. The behavioral health case management program is designed to help those with mental health and/or substance use concerns manage the unique challenges of those conditions. A case manager may reach out to you via phone or letter to offer case management assistance.

THE PARTICIPATING PROVIDER OPTION

Your Employer has chosen the Claim Administrator's "Participating Provider Option" for the administration of your Hospital and Physician benefits. The Participating Provider Option is a program of health care benefits designed to provide you with economic incentives for using designated Providers of health care services.

As a participant in the Participating Provider Option a directory of Participating Providers is available to you. You can visit the Blue Cross and Blue Shield of Illinois website at *www.bcbsil.com* for a list of Participating Providers. While there may be changes in the directory from time to time, selection of Participating Providers by the Claim Administrator will continue to be based upon the range of services, geographic location, and cost-effectiveness of care. Notice of changes in the network will be provided to your Employer annually, or as required, to allow you to make selection within the network. However, you are urged to check with your Provider before undergoing treatment to make certain of its participation status. Although you can go to the Hospital or Professional Provider of your choice, benefits under the Participating Provider Option will be greater when you use the services of a Participating Provider.

Before reading the description of your benefits, you should understand the terms "Benefit Period" and "Deductible" as defined below.

YOUR BENEFIT PERIOD

Your benefit period is a period of one year which begins on January 1st of each year. When you first enroll under this coverage, your first benefit period begins on your Coverage Date, and ends on the first December 31st following that date.

YOUR DEDUCTIBLE

If you have Individual Coverage, each benefit period you must satisfy a $1,750 benefit program deductible for Covered Services rendered by Participating Provider(s) and a separate $3,500 deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Administrator Provider(s) before receiving benefits. After you have Claims for Covered Services in a benefit period which exceed this deductible amount, your benefits will begin. The deductible will be referred to as the program deductible.

FAMILY DEDUCTIBLE

If you have Family Coverage and your family has satisfied the family deductible amount of $3,500 for Covered Services rendered by Participating Provider(s) and a separate $7,000 family deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Administrator Provider(s), it will not be necessary for anyone else in your family to meet a benefit program deductible in that benefit period. That is, for the remainder of that benefit period only, no other family member(s) will be required to meet the benefit program deductible before receiving benefits. No one is eligible for benefits under Family Coverage until the entire family deductible amount has been satisfied.

BLUE DISTINCTION® AND BLUE DISTINCTION SPECIALTY CARE PROGRAM

Blue Distinction® ("Blue Distinction") is a national designation awarded by Blue Cross and Blue Shield Plans to health care Providers. The Blue Distinction Specialty Care program includes two levels of designation: Blue Distinction Centers (BDC) and Blue Distinction Centers+ (BDC+).

The Blue Distinction Specialty Care program focuses on BDC and BDC+ providers that excel in providing safe, effective treatment for specialty care needs.

BLUE DISTINCTION CENTERS

The Blue Distinction designation uses nationally consistent criteria to designate high-performing providers based on objective, evidence-based selection criteria. The Blue Distinction Specialty Care program's purpose is to assist you in finding BDC and BDC+ providers that have met overall quality measures for patient safety and outcomes, fewer medical complications, lower readmission rates, and higher survival rates in the administration of specialty care.

Blue Distinction Centers provide care in the following specialty care areas:

- Cardiac Care
- Cellular Immunotherapy (CAR-T)
- Fertility Care*
- Substance Use Treatment and Recovery
- Gene Therapy
- Spine Surgery
- Bariatric Surgery
- Knee and Hip Replacement Surgery
- Maternity Care
- Transplants (Stem cell/bone marrow, solid organ (heart, liver, lung, kidney) and combination solid organ (heart/lung, liver/kidney, pancreas/kidney)

* BDC and BDC+ Fertility Care programs are currently supported by plans with Fertility Care programs at the professional level.

BDC and BDC+ Benefit Differential

Your plan offers lower out-of-pocket costs when you receive treatment at a BDC or BDC+ Provider for certain services related to Transplant service. You may choose to receive treatment at a non-BDC and/or non-BDC+ provider; however, your out-of-pocket costs will be higher. Please refer to your Benefit Highlights section to review the payment levels for procedures performed at a BDC or a BDC+ designated Provider, and procedures performed at other facilities. Blue Distinction benefit levels apply to Blue Distinction facility benefits only, except for Fertility, which offers Professional Provider services.

For additional information regarding Blue Distinction Centers for specialty care, please contact a customer service representative at the toll-free telephone number shown on your Identification Card or visit the following website: www.bcbs.com/blue-distinction-center/facility.

HOSPITAL BENEFIT SECTION

Expenses for Hospital care are usually the biggest of all health care costs. Your Hospital benefits will help ease the financial burden of these expensive services. This section of your benefit booklet tells you what Hospital services are covered and how much will be paid for each of these services.

The benefits of this section are subject to all of the terms and conditions described in this benefit booklet. Please refer to the DEFINITIONS, ELIGIBILITY and EXCLUSIONS sections of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

In addition, the benefits described in this section will be provided only when you receive services on or after your Coverage Date and they are rendered upon the direction or under the direct care of your Physician. Such services must be Medically Necessary and regularly included in the Provider's charges.

Remember, whenever the term "you" or "your" is used, we also mean all eligible family members who are covered under Family Coverage.

INPATIENT CARE

The following are Covered Services when you receive them as an Inpatient in a Hospital.

Inpatient Covered Services

1. Bed, board, and general nursing care when you are in:
   - a semi-private room
   - a private room
   - an intensive care unit
2. Ancillary services (such as operating rooms, drugs, surgical dressings, and lab work)

Preadmission Testing

Benefits are provided for preoperative tests given to you as an Outpatient to prepare you for Surgery which you are scheduled to have as an Inpatient, provided that benefits would have been available to you had you received these tests as an Inpatient in a Hospital. Benefits will not be provided if you cancel or postpone the Surgery.

These tests are considered part of your Inpatient Hospital surgical stay.

Partial Hospitalization Treatment

Benefits are available for this program only if it is an Administrator Program. No benefits will be provided for services rendered in a Partial Hospitalization Treatment Program which has not been approved by the Claim Administrator.

Coordinated Home Care

Benefits will be provided for services under a Coordinated Home Care Program.

You are entitled to benefits for 120 visits in a Coordinated Home Care Program per benefit period.

BENEFIT PAYMENT FOR INPATIENT HOSPITAL COVERED SERVICES

Participating Provider

When you receive Inpatient Covered Services from a Participating Provider or in an Administrator Program of a Participating Provider, benefits will be provided at 80% of the Eligible Charge after you have met your program deductible, unless otherwise specified in this benefit booklet. If you are in a private room, benefits will be limited by the Hospital's rate for its most common type of room with two or more beds.

Non-Participating Provider

When you receive Inpatient Covered Services from a Non-Participating Provider or in an Administrator Program of a Non-Participating Provider, benefits will be provided at 60% of the Eligible Charge, after you have met your program deductible. If you are in a private room, benefits will be limited by the Hospital's rate for its most common type of room with two or more beds.

Non-Administrator Provider

When you receive Inpatient Covered Services from a Non-Administrator Provider, benefits will be provided at the same benefit payment level which would have been paid had such services been received from a Non-Participating Provider.

OUTPATIENT HOSPITAL CARE

The following are Covered Services when you receive them from a Hospital as an Outpatient.

Outpatient Hospital Covered Services

1. Surgery and any related Diagnostic Service received on the same day as the Surgery. In addition, benefits for Covered Services received for gender reassignment Surgery, including related services and supplies, will be provided the same as any other condition.
2. Radiation Therapy Treatments
3. Chemotherapy
4. Electroconvulsive Therapy
5. Renal Dialysis Treatments—if received in a Hospital, a Dialysis Facility or in your home under the supervision of a Hospital or Dialysis Facility
6. Diagnostic Service—when you are an Outpatient, and these services are related to Surgery or Medical Care
7. Urgent Care
8. Emergency Accident Care
9. Emergency Medical Care
10. Bone Mass Measurement and Osteoporosis—Benefits will be provided for bone mass measurement and the diagnosis and treatment of osteoporosis
11. Approved Clinical Trials—Benefits for Covered Services for Routine Patient Costs are provided in connection with a phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other Life-Threatening Disease or Condition and is recognized under state and/or federal law.

BENEFIT PAYMENT FOR OUTPATIENT HOSPITAL COVERED SERVICES

Participating Provider

Benefits will be provided at 80% of the Eligible Charge after you have met your program deductible when you receive Outpatient Hospital Covered Services from a Participating Provider.

Non-Participating Provider

When you receive Outpatient Hospital Covered Services from a Non-Participating Provider, benefits will be provided at 60% of the Eligible Charge after you have met your program deductible.

Non-Administrator Provider

When you receive Outpatient Hospital Covered Services from a Non-Administrator Provider, benefits will be provided at the same payment level which would have been paid had such services been received from a Non-Participating Provider.

Emergency Care

Benefits for Emergency Accident Care will be provided at 80% of the Eligible Charge when you receive Covered Services that meet the definition of Emergency Accident Care from either a Participating, Non-Participating or Non-Administrator Provider in a Hospital emergency department. Benefits for surgical procedures, such as stitching, gluing and casting are not provided at the Emergency Accident Care payment level. Such services will be provided at the benefit payment level for Surgery described in this benefit booklet.

Benefits for Emergency Accident Care will be subject to the Participating Provider program deductible.

Benefits for Emergency Medical Care will be provided at 80% of the Eligible Charge when you receive Covered Services that meet the definition of Emergency Medical Care from either a Participating, Non-Participating or Non-Administrator Provider in a Hospital emergency department.

Benefits for Emergency Medical Care will be subject to the Participating Provider program deductible.

Each time you receive Covered Services in an emergency room, you will be responsible for a Copayment of $100. If you are admitted to the Hospital as an Inpatient immediately following emergency treatment, the emergency room Copayment will be waived.

However, Emergency Medical Care Covered Services for the examination and testing of a victim of criminal sexual assault or abuse to determine whether sexual contact occurred, and to establish the presence or absence of sexually transmitted disease or infection, will be paid at 100% of the Eligible Charge whether or not you have met your program deductible. The emergency room Copayment will not apply.

If you disagree with the Claim Administrator's determination in processing your benefits as non-emergency care instead of Emergency Accident Care or Emergency Medical Care, you may call the Claim Administrator at the number on the back of your Identification Card. Please review the HOW TO FILE A CLAIM AND APPEALS PROCEDURES section of this benefit booklet for specific information on your right to seek and obtain a full and fair review of your Claim.

WHEN SERVICES ARE NOT AVAILABLE FROM A PARTICIPATING PROVIDER (HOSPITAL)

If you must receive Hospital Covered Services which the Claim Administrator has reasonably determined are unavailable from a Participating Provider, benefits for the Covered Services you receive from a Non-Participating Provider will be provided at the payment level described for a Participating Provider.

PHYSICIAN BENEFIT SECTION

This section of your benefit booklet tells you what services are covered and how much will be paid when you receive care from a Physician or other specified Professional Provider.

The benefits of this section are subject to all of the terms and conditions described in this benefit booklet. Please refer to the DEFINITIONS, ELIGIBILITY and EXCLUSIONS sections of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

For benefits to be available under this Benefit Section, services must be Medically Necessary, and you must receive such services on or after your Coverage Date.

Remember, whenever the term "you" or "your" is used, we also mean all eligible family members who are covered under Family Coverage.

Certain services are covered pursuant to the Claim Administrator's medical policies and clinical procedure and coding policies, which are updated throughout the Calendar Year. The medical policies are guides considered by the Claim Administrator when making coverage determinations and lay out the procedure and criteria to determine whether a procedure, treatment, facility, equipment, drug or device is Medically Necessary and is eligible as a Covered Service or is Experimental/Investigational, cosmetic, or a convenience item. The clinical procedure and coding policies provide information about what services are reimbursable under the benefit Plan. The most up-to-date medical and clinical procedure and coding policies are available at www.bcbsil.com, or call customer service at the number listed on the back of your Identification Card.

COVERED SERVICES

Surgery

Benefits are available for Surgery performed by a Physician, Dentist or Podiatrist. However, for services performed by a Dentist or Podiatrist, benefits are limited to those surgical procedures which may be legally rendered by them, and which would be payable under this Health Care Plan had they been performed by a Physician. Benefits for oral Surgery are limited to the following services:

1. surgical removal of complete bony impacted teeth;
2. excision of tumors or cysts of the jaws, cheeks, lips, tongue, roof, and floor of the mouth;
3. surgical procedures to correct accidental injuries of the jaws, cheeks, lips, tongue, roof, and floor of the mouth, including dental implants and;
4. excision of exostoses of the jaws and hard palate (provided that this procedure is not done in preparation for dentures or other prostheses); treatment of fractures of facial bone; external incision and drainage of cellulitis; incision of accessory sinuses, salivary glands, or ducts; reduction of dislocation of, or excision of, the temporomandibular joints.

The following services are also part of your surgical benefits:

1. Anesthesia Services—if administered at the same time as a covered surgical procedure in a Hospital or Ambulatory Surgical Facility or by a Physician other than the operating surgeon or by a Certified Registered Nurse Anesthetist. However, benefits will be provided for anesthesia services administered by oral and maxillofacial surgeons when such services are rendered in the surgeon's office or Ambulatory Surgical Facility.

For non-accident related dental services, if any of the qualifiers below apply to the patient, anesthesia and facility charges related to the dental services are covered:

- Covered Person under age 6.
- Covered Person with a chronic disability and the following three conditions must be met:
- Attributable to medical or physical impairment.
- Likely to continue indefinitely.
- Results in substantial functional limitation (i.e. self-care, learning, ((no age restriction applies)).
- Covered Person has medical condition which requires hospitalization or general anesthesia for dental care (no age restriction applies).

2. Assist at Surgery—when performed by a Physician, Dentist or Podiatrist who assists the operating surgeon in performing covered Surgery in a Hospital or Ambulatory Surgical Facility. In addition, benefits will be provided for assist at Surgery when performed by a Registered Surgical Assistant or an Advanced Practice Nurse. Benefits will also be provided for assist at Surgery performed by a Physician Assistant under the direct supervision of a Physician, Dentist or Podiatrist.
3. Surgical removal of cataracts.
4. Sterilization Procedures (even if they are voluntary).
5. Gender reassignment—benefits for Covered Services for gender reassignment Surgery, including related service and supplies, will be provided the same as any other condition.

A1C Testing

This plan provides benefits for A1C testing for prediabetes, type I diabetes, and type II diabetes mellitus.

Biomarker Testing

This plan provides benefits for Medically Necessary Biomarker Testing for the purposes of diagnosis, treatment, appropriate management, or ongoing monitoring of a disease or condition, including Medically Necessary home saliva cancer screenings, once every twenty-four (24) months, if you are at high risk or showing symptoms of the disease being tested for.

Biomarker Testing means the analysis of a patient's tissue, blood, or other biospecimen for the presence of a biomarker. The term includes single-analyte tests, multiplex panel tests and whole genome sequencing.

Blood Glucose Monitors for Treatment of Diabetes

This plan provides benefits for Medically Necessary blood glucose monitors (including non-invasive monitors and monitors for the blind) if a Physician has provided a written order.

Comprehensive Cancer Testing

This plan provides benefits for Medically Necessary Comprehensive Cancer Testing, including, but not limited to, whole-exome genome testing, whole-genome sequencing, RNA sequencing, tumor mutation burden, and targeted cancer gene panels.

Pancreatic Cancer Screening

This plan provides benefits for Medically Necessary pancreatic cancer screenings.

Vitamin D Testing

This plan provides benefits for Vitamin D Testing in accordance with vitamin D deficiency risk factors identified by the United States Centers for Disease Control and Prevention.

Medical Care

Benefits are available for Medical Care visits when:

1. you are an Inpatient in a Hospital, a Skilled Nursing Facility, or Substance Use Disorder Treatment Facility or a Residential Treatment Center or
2. you are a patient in a Partial Hospitalization Treatment Program or Coordinated Home Care Program or
3. you visit your Physician's office, or your Physician comes to your home.

Consultations

Your coverage includes benefits for consultations. The consultation must be requested by your Physician and consist of another Physician's advice in the diagnosis or treatment of a condition which requires special skill or knowledge. Benefits are not available for any consultation done because of Hospital regulations or by a Physician who also renders Surgery or Maternity Service during the same admission.

Diabetes Self-Management Training and Education

Benefits will be provided for Outpatient self-management training, education, and medical nutrition therapy. Benefits will also be provided for education programs that allow you to maintain a hemoglobin A1C level within the ranges identified in nationally recognized standards of care. Benefits will be provided if these services are rendered by a Physician, or duly certified, registered, or licensed health care professionals with expertise in diabetes management, operating within the scope of their license. Benefits for such health care professionals will be provided at the Benefit Payment for Other Covered Services described in the OTHER COVERED SERVICES section of this benefit booklet. Benefits for Physicians will be provided at the Benefit Payment for Physician Services described later in this benefit section.

Benefits are also available for regular foot care examinations by a Physician or Podiatrist for paraplegic covered persons who have a disease that requires them to wear leg braces; covered persons who are taking blood thinners; covered persons with decreased circulation; covered persons with severe cardiac health problems; covered persons at high risk for infections such as diabetes.

Diagnostic Service—Benefits will be provided for those services related to covered Surgery or Medical Care.

Emergency Accident Care

Emergency Medical Care

Electroconvulsive Therapy

Allergy Injections and Allergy Testing

Chemotherapy

Occupational Therapy

Benefits will be provided for Occupational Therapy when these services are rendered by a registered Occupational Therapist under the supervision of a Physician. This therapy must be furnished under a written plan established by a Physician and regularly reviewed by the therapist and Physician. The plan must be established before treatment is begun and must relate to the type, amount, frequency, and duration of therapy and indicate the diagnosis and anticipated goals. Your benefits for Occupational Therapy, Speech Therapy and Physical Therapy are limited to a combined maximum of 60 visits per benefit period. Benefits for Autism Spectrum Disorder will not apply towards and are not subject to any Occupational Therapy visits maximum indicated in the Benefit Highlights section of this benefit booklet.

Physical Therapy

Benefits will be provided for Physical Therapy when rendered by a licensed professional Physical Therapist; provided, however, when the therapy is beyond the scope of the Physical Therapist's license, the Physical Therapist must be under the supervision of a Physician, and the therapy must be furnished under a written plan established by a Physician and regularly reviewed by the therapist and the Physician. The plan must be established before treatment is begun and must relate to the type, amount, frequency, and duration of therapy and indicate the diagnosis and anticipated goals. Your benefits for Occupational Therapy, Speech Therapy and Physical Therapy are limited to a combined maximum of 60 visits per benefit period. Benefits for Autism Spectrum Disorder will not apply towards and are not subject to any Physical Therapy visits maximum indicated in the Benefit Highlights section of this benefit booklet.

Chiropractic and Osteopathic Manipulation—Benefits will be provided for manipulation or adjustment of osseous or articular structures, commonly referred to as chiropractic and osteopathic manipulation, when performed by a person licensed to perform such procedures. Your benefits for chiropractic and osteopathic manipulation will be limited to a maximum of 20 visits per benefit period.

Naprapathy—Benefits will be provided for naprapathy when rendered by a Naprapath. Benefits for naprapathy will be limited to a maximum of 20 visits per benefit period.

Radiation Therapy Treatments

This plan provides benefits for Medically Necessary radiation therapy treatments.

Speech Therapy

Benefits will be provided for Speech Therapy when these services are rendered by a licensed Speech Therapist or Speech Therapist certified by the American Speech and Hearing Association. Inpatient Speech Therapy benefits will be provided only if Speech Therapy is not the only reason for admission. Your benefits for Occupational Therapy, Speech Therapy and Physical Therapy are limited to a combined maximum of 60 visits per benefit period. Benefits for Autism Spectrum Disorder will not apply towards and are not subject to any Speech Therapy visits maximum indicated in the Benefit Highlights section of this benefit booklet.

Telehealth and Telemedicine Services

This plan provides benefits for Telehealth and Telemedicine Services as defined under the BENEFIT HIGHLIGHTS and DEFINITIONS section of this booklet.

Clinical Breast Examinations—Benefits will be provided for clinical breast examinations when performed by a Physician, Advanced Practice Nurse or a Physician Assistant working under the direct supervision of a Physician.

Diagnostic Colonoscopies

Benefits will be provided for diagnostic colonoscopies, when determined to be Medically Necessary by a Physician, Advanced Practice Nurse, or Physician Assistant.

Benefits for diagnostic colonoscopies will be provided at no charge after your program deductible has been met.

Ovarian Cancer Screening

Benefits will be provided for annual ovarian cancer screening using CA-125 serum tumor marker testing, transvaginal ultrasound, and pelvic examination.

Pap Smear Test

Benefits will be provided for an annual routine cervical smear or pap smear test.

Prostate Cancer Screening

Benefits will be provided for an annual routine prostate cancer screening.

Routine Liver Screening

Benefits will be provided at no charge for routine liver screenings, including liver ultrasounds and alpha-fetoprotein blood tests, for individuals who are at high risk for liver disease, every six months, after your program deductible has been met.

Bone Mass Measurement and Osteoporosis—Benefit will be provided for bone mass measurement and the diagnosis and treatment of osteoporosis.

Experimental/Investigational Treatment—Benefits will be provided for routine patient care in conjunction with experimental/investigational treatments when medically appropriate and you have cancer or a terminal condition that according to the diagnosis of your Physician is considered life threatening, if a) you are a qualified individual participating in an Approved Clinical Trial program; and b) if those services or supplies would otherwise be covered under this benefit booklet if not provided in connection with an Approved Clinical Trial program. You and/or your Physician are encouraged to call customer service at the toll-free number on your Identification Card in advance to obtain information about whether a particular clinical trial is qualified.

Approved Clinical Trials—Benefits for Covered Services for Routine Patient Costs are provided in connection with a phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other Life-Threatening Disease or Condition and is recognized under state and/or federal law.

Acupuncture—Benefits will be provided for acupuncture when rendered by a licensed acupuncturist. Benefits for acupuncture will be limited to 20 visits per calendar year.

Durable Medical Equipment—Benefits will be provided for such things as internal cardiac valves, internal pacemakers, mandibular reconstruction devices (not used primarily to support dental prosthesis), compression sleeves to prevent or mitigate lymphedema, bone screws, bolts,

nails, plates, and any other internal and permanent devices. Benefits will also be provided for the rental (but not to exceed the total cost of equipment) or purchase of durable medical equipment required for temporary therapeutic use provided that this equipment is primarily and customarily used to serve a medical purpose.

Orthotic Devices

Benefits will be provided for a supportive device for the body or a part of the body, head, neck, or extremities, including but not limited to, leg, back, arm and neck braces, and those determined by your Provider to be most appropriate for physical activities, such as running, biking, swimming, and lifting. In addition, benefits will be provided for adjustments, repairs, or replacement of the device because of a change in your physical condition, as Medically Necessary.

Outpatient Contraceptive Services

Benefits will be provided for prescription contraceptive devices, injections, implants, and Outpatient contraceptive services. Outpatient contraceptive services means consultations, examinations, procedures, and medical services provided on an Outpatient basis and related to the use of contraceptive methods (including natural family planning) to prevent an unintended pregnancy.

Benefits for prescription contraceptive devices and implants will not be subject to a calendar year maximum.

Prosthetic Appliances

Benefits will be provided for prosthetic devices, including those determined by your Provider to be most appropriate for physical activities, such as running, biking, swimming, and lifting, special appliances, and surgical implants when:

1. they are required to replace all or part of an organ or tissue of the human body, or
2. they are required to replace all or part of the function of a non-functioning or malfunctioning organ or tissue.

Benefits will also include adjustments, repair and replacements of covered prosthetic devices, special appliances and surgical implants when required because of wear or change in a patient's condition (excluding dental appliances other than intra-oral devices used in connection with the treatment of Temporomandibular Joint Dysfunction and Related Disorders, subject to specific limitations applicable to Temporomandibular Joint Dysfunction and Related Disorders, and replacement of cataract lenses when a prescription change is not required).

Routine Pediatric Hearing Examination—Benefits will be provided for routine pediatric hearing examinations.

Pulmonary Rehabilitation Therapy—Benefits will be provided for outpatient cardiac/pulmonary rehabilitation programs provided within six months of a cardiac incident and outpatient pulmonary rehabilitation services.

Reconstructive Services

This plan provides benefits for Medically Necessary reconstructive services to restore physical appearance due to trauma.

BENEFIT PAYMENT FOR PHYSICIAN SERVICES

The benefits provided by the Claim Administrator and the expenses that are your responsibility for your Covered Services will depend on whether you receive services from a Participating or Non-Participating Professional Provider.

Participating Provider

When you receive any of the Covered Services described in this Physician Benefit Section from a Participating Provider or from a Dentist, benefits will be provided at 80% of the Maximum Allowance after you have met your program deductible, unless otherwise specified in this benefit booklet. Although Dentists are not Participating Providers they will be treated as such for purposes of benefit payment made under this benefit booklet and may bill you for the difference between the Claim Administrator's benefit payment and the Provider's charge to you.

Non-Participating Provider

When you receive any of the Covered Services described in this Physician Benefit Section from a Non-Participating Provider, benefits will be provided at 60% of the Maximum Allowance after you have met your program deductible.

Emergency Care

Benefits for Emergency Accident Care will be provided at 80% of the Maximum Allowance when rendered by either a Participating or Non-Participating Provider after you have met your program deductible. Benefits for surgical procedures, such as stitching, gluing and casting are not provided at the Emergency Accident Care payment level. Such services will be provided at the benefit payment level for Surgery described in this benefit booklet.

Benefits for Emergency Medical Care will be provided at 80% of the Maximum Allowance when rendered by either a Participating or Non-Participating Provider after you have met your program deductible.

However, Emergency Medical Care Covered Services for the examination and testing of a victim of criminal sexual assault or abuse to determine whether sexual contact occurred, and to establish the presence or absence of sexually transmitted disease or infection, will be paid at 100% of the Maximum Allowance whether or not you have met your program deductible.

If you disagree with the Claim Administrator's determination in processing your benefits as non-emergency care instead of Emergency Accident Care or Emergency Medical Care, you may call the Claim Administrator at the number on the back of your Identification Card. Please review the HOW TO FILE A CLAIM AND APPEALS PROCEDURES section of this benefit booklet for specific information on your right to seek and obtain a full and fair review of your Claim.

Participating and Non-Participating Professional Providers are:

- Acupuncturists
- Audiologists
- Certified Nurse-Midwives
- Certified Nurse Practitioners
- Naprapaths
- Occupational Therapists
- Optometrists
- Orthotic Providers
- Other Professional Providers
- Physical Therapists

- Certified Clinical Nurse Specialists
- Certified Registered Nurse Anesthetists
- Chiropractors
- Clinical Social Workers
- Clinical Professional Counselors
- Clinical Laboratories
- Dentists*
- Durable Medical Equipment Providers
- Home Infusion Therapy Providers
- Marriage and Family Therapists
- Physicians
- Podiatrists
- Psychologists
- Prosthetic Providers
- Registered Surgical Assistants
- Registered Dieticians
- Retail Health Clinics
- Speech Therapists

* Dentists are Non-Participating Providers, and will be treated as such for purposes of benefit payment made under this benefit booklet. They may bill you for the difference between the Blue Cross and Blue Shield benefit payment and the Provider's charge to you.

Participating Providers have signed an Agreement with the Claim Administrator to accept the Maximum Allowance as payment in full. Such Participating Providers have agreed not to bill you for Covered Services amounts in excess of the Maximum Allowance. Therefore, you will be responsible only for the difference between the Claim Administrator's benefit payment and the Maximum Allowance for the Covered Service—that is, your program deductible, Copayment and Coinsurance amounts.

Non-Participating Providers have not signed an agreement with the Claim Administrator to accept the Maximum Allowance as payment in full. Therefore, you are responsible to these Providers for the difference between the Claim Administrator's benefit payment and such Provider's charge to you.

Should you wish to know the Maximum Allowance for a particular procedure or whether a particular Provider is a Participating Provider, contact your Professional Provider, or the Claim Administrator.

OTHER COVERED SERVICES

This section of your benefit booklet describes "Other Covered Services" and the benefits that will be provided for them.

- The processing, transporting, storing, handling and administration of blood and blood components.
- Private Duty Nursing Service—Benefits for Private Duty Nursing Service will be provided to you in your home only when the services are of such a nature that they cannot be provided by non-professional personnel and can only be provided by a licensed health care provider. No benefits will be provided when a nurse ordinarily resides in your home or is a member of your immediate family. Private Duty Nursing includes teaching and monitoring of complex care skills such as tracheotomy suctioning, medical equipment use and monitoring to home caregivers and is not intended to provide for long term supportive care. Benefits for Private Duty Nursing Service will not be provided due to the lack of willing or available non-professional personnel. Your benefits for Private Duty Nursing Service are limited to a maximum of 60 visits per benefit period.
- Ambulance Transportation—Benefits will not be provided for long distance trips or for use of an ambulance because it is more convenient than other transportation.
- Dental accident care—Dental services rendered by a Dentist or Physician which are required as the result of an accidental injury.
- Oxygen and its administration.
- Medical and surgical dressings, supplies, casts, and splints.
- Wigs—Benefits will be provided for wigs (also known as cranial prostheses) when your hair loss is due to Chemotherapy, radiation therapy or alopecia. Benefits for wigs will be limited to a lifetime maximum of $500.

BENEFIT PAYMENT FOR OTHER COVERED SERVICES

After you have met your program deductible, benefits will be provided at 80% of the Eligible Charge or 80% of the Maximum Allowance for any of the Covered Services described in this section.

Benefits for ambulance transportation (local ground or air transportation to the nearest appropriately equipped facility) will be provided at 80% of the Eligible Charge or 80% of the Maximum Allowance after you have met your program deductible. For ambulances, if not related to a true emergency, the charges should be paid at 60% of Eligible Charge or 60% of the Maximum Allowances after you have met your program deductible.

Notwithstanding anything else described herein, Providers of ambulance services will be paid based on the amount that represents the billed charges from the majority of the ambulance Providers in the Metro area as submitted to the Claim Administrator. Benefits for Ambulance Transportation will be paid at the highest level available under this benefit program. However, you will be responsible for any charges in excess of this amount.

When you receive Other Covered Services from a Participating or Non-Participating Provider, benefits for Other Covered Services will be provided at the payment levels previously described in this benefit booklet for Hospital and Physician Covered Services.

Participating and Non-Participating Professional Providers are:

- Acupuncturists
- Audiologists
- Certified Nurse-Midwives
- Certified Nurse Practitioners
- Certified Clinical Nurse Specialists
- Certified Registered Nurse Anesthetists
- Chiropractors
- Clinical Social Workers
- Clinical Professional Counselors
- Clinical Laboratories
- Dentists*
- Durable Medical Equipment Providers
- Home Infusion Therapy Providers
- Marriage and Family Therapists
- Naprapaths
- Occupational Therapists
- Optometrists
- Orthotic Providers
- Other Professional Providers
- Physical Therapists
- Physicians
- Podiatrists
- Psychologists
- Prosthetic Providers
- Registered Surgical Assistants
- Registered Dieticians
- Retail Health Clinics
- Speech Therapists

* Dentists are Non-Participating Providers, and will be treated as such for purposes of benefit payment made under this benefit booklet. They may bill you for the difference between the Blue Cross and Blue Shield benefit payment and the Provider's charge to you.

Participating Providers have signed an Agreement with the Claim Administrator to accept the Maximum Allowance as payment in full. Such Participating Providers have agreed not to bill you for Covered Services amounts in excess of the Maximum Allowance. Therefore, you will be responsible only for the difference between the Claim Administrator's benefit payment and the Maximum Allowance for the Covered Service — that is, your program deductible, Copayment and Coinsurance amounts.

Non-Participating Providers have not signed an agreement with the Claim Administrator to accept the Maximum Allowance as payment in full. Therefore, you are responsible to these Providers for the difference between the Claim Administrator's benefit payment and such Provider's charge to you.

Should you wish to know the Maximum Allowance for a particular procedure or whether a particular Provider is a Participating Provider, contact your Employer, your Professional Provider, or the Claim Administrator.

SPECIAL CONDITIONS AND PAYMENTS

There are some special things that you should know about your benefits should you receive any of the following types of treatments:

HUMAN ORGAN TRANSPLANTS

Your benefits for certain human organ transplants are the same as your benefits for any other condition. Benefits will be provided only for cornea, kidney, bone marrow, heart valve, muscular-skeletal, parathyroid, heart, lung, heart/lung, liver, pancreas or pancreas/kidney human organ or tissue transplants. Benefits are available to both the recipient and donor of a covered transplant as follows:

— If both the donor and recipient have coverage each will have their benefits paid by their own program.

— If you are the recipient of the transplant, and the donor for the transplant has no coverage from any other source, the benefits described in this benefit booklet will be provided for both you and the donor. In this case, payments made for the donor will be charged against your benefits.

— If you are the donor for the transplant and no coverage is available to you from any other source, the benefits described in this benefit booklet will be provided for you. However, no benefits will be provided for the recipient.

Benefits will be provided for:

— Inpatient and Outpatient Covered Services related to the transplant Surgery.

— the evaluation, preparation, and delivery of the donor organ.

— the removal of the organ from the donor.

— the transportation of the donor organ to the location of the transplant Surgery. Benefits will be limited to the transportation of the donor organ in the United States or Canada.

In addition to the above provisions, benefits for heart, lung, heart/lung, liver, pancreas, or pancreas/kidney transplants will be provided as follows:

— **Whenever a heart, lung, heart/lung, liver, pancreas, or pancreas/kidney transplant is recommended by your Physician, you must contact the Claim Administrator by telephone before your transplant Surgery has been scheduled. The Claim Administrator will furnish you with the names of Hospitals which have Claim Administrator approved Human Organ Transplant Programs. No benefits will be provided for heart, lung, heart/lung, liver, pancreas, or pancreas/kidney transplants performed at any Hospital that does not have a Claim Administrator approved Human Organ Transplant Program.**

— If you are the recipient of the transplant, benefits will be provided for transportation and lodging for you and a companion. If the recipient of the transplant is a dependent child under the limiting age of this benefit booklet, benefits for transportation and lodging will be provided for the transplant recipient and two companions. For benefits to be available, your place of residency must be more than 100 miles from the Hospital where the transplant will be performed.

— The maximum amount that will be provided for lodging is $50 per person per day with a maximum of $100 per day if more than one person.

— In addition to the other exclusions of this benefit booklet, benefits will not be provided for the following:

- Cardiac rehabilitation services when not provided to the transplant recipient immediately following discharge from a Hospital for transplant Surgery.
- Travel time and related expenses required by a Provider.
- Drugs which do not have approval of the Food and Drug Administration.
- Storage fees.
- Services provided to any individual who is not the recipient or actual donor, unless otherwise specified in this provision.
- Meals.

CARDIAC REHABILITATION SERVICES

Your benefits for cardiac rehabilitation services are the same as your benefits for any other condition. Benefits will be provided for cardiac rehabilitation services only in Claim Administrator approved programs. Benefits are available if you have a history of any of the following: acute myocardial infarction, coronary artery bypass graft Surgery, percutaneous transluminal coronary angioplasty, heart valve Surgery, heart transplantation, stable angina pectoris, compensated heart failure or transmyocardial revascularization.

Benefit Value Advisor

The Benefit Value Advisor (BVA) program has been established to assist members in maximizing their benefits under this benefit booklet. Benefit Value Advisors are trained customer service representatives who assist members by comparing coast and providing information on Participating Providers for certain types of health care services. A BVA helps member navigate their benefits.

In addition to calling the BVA, you may also have other call requirements. A call to the BVA does not satisfy any other call requirements you may have.

PREVENTIVE CARE SERVICES

In addition to the benefits otherwise provided for in this benefit booklet, (and notwithstanding anything in your benefit booklet to the contrary), the following preventive care services will be considered Covered Services and will not be subject to any deductible, Coinsurance, Copayment or dollar maximum (to be implemented in the quantities and within the time period allowed under applicable law or regulatory guidance) when such services are received from a Participating Provider or Participating Pharmacy that is contracted for such service:

1. evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force (“USPSTF”);
2. immunizations recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (“CDC”) with respect to the individual involved;
3. evidenced-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (“HRSA”) for infants, children, and adolescents;

4. with respect to women, such additional preventive care, and screenings, not described in item 1. above, as provided for in comprehensive guidelines supported by the HRSA; and
5. Preventive Drugs (including both prescription and over-the-counter products) that meet the preventive recommendations outlined above and that are listed on the No-Cost Preventive Drug List (to be implemented in the quantities and within the time period allowed under applicable law) will be covered and will not be subject to any Copayment Amount, Coinsurance Amount, Deductible, or dollar maximum when obtained from a Participating Pharmacy. Drugs on the No-Cost Preventive Drug List that are obtained from a non-Participating Pharmacy, may be subject to Copayment Amount, Coinsurance Amount, Deductibles, or dollar maximums, if applicable.

A copay waiver can be requested for drugs or immunizations that meet the preventive recommendations outlined above that are not on the No-Cost Preventive Drug List.

The services listed below may include requirements pursuant to state regulatory mandates and are to be covered at no cost to the member.

For purposes of this Preventive Care Services benefit provision, the current recommendations of the USPSTF regarding breast cancer screening and mammography and prevention will be considered the most current (other than those issued in or around November 2009).

The preventive care services described in items 1. through 5. above may change as USPSTF, CDC and HRSA guidelines are modified. For more information, you may access the Claim Administrator's website at *www.bcbsil.com* or contact customer service at the toll-free number on your Identification Card.

If a recommendation or guideline for a particular preventive health service does not specify the frequency, method, treatment or setting in which it must be provided, the Claim Administrator may use reasonable medical management techniques, including but not limited to, those related to setting and medical appropriateness to determine coverage.

If a covered preventive health service is provided during an office visit and is billed separately from the office visit, you may be responsible for the Copayment or Coinsurance for the office visit only. If an office visit and the preventive health service are billed together and the primary purpose of the visit was not the preventive health service, you may be responsible for the Copayment or Coinsurance for the office visit including the preventive health service.

Preventive Care Services for Adults (or others as specified):

1. Abdominal aortic aneurysm screening for men ages 65 to 75 who have ever smoked
2. Unhealthy alcohol and drug use screening and counseling
3. Clinicians offer or refer adults with a Body Mass Index (BMI) of 30 or higher to intensive, multicomponent behavioral interventions
4. Aspirin use for prevention of cardiovascular disease for certain ages
5. Blood pressure screening
6. Cholesterol screening for adults of certain ages or at higher risk
7. Colorectal cancer screening for adults over age 45
8. Depression screening

9. Physical activity counseling for adults who are overweight or obese and have additional cardiovascular disease risk factors for cardiovascular disease
10. HIV screening for all adults at higher risk
11. HIV preexposure prophylaxis (PrEP) with effective antiretroviral therapy for persons at high risk of HIV acquisition including baseline and monitoring services
12. The following immunization vaccines for adults (doses, recommended ages, and recommended populations vary):
    - Haemophilus influenzae type b (Hib)
    - Hepatitis A
    - Hepatitis B
    - Herpes Zoster (Shingles)
    - Human papillomavirus
    - Influenza (Flu shot or flu mist)
    - Measles, Mumps, Rubella
    - Meningococcal
    - MPOX
    - Pneumococcal
    - RSV
    - Tetanus, Diphtheria, Pertussis
    - Varicella
    - COVID-19
13. Obesity screening and counseling
14. Sexually transmitted infections (STI) counseling
15. Tobacco use screening and cessation interventions for tobacco users
16. Syphilis screening for adults at higher risk
17. Exercise interventions to prevent falls in adults aged 65 years and older who are at increased risk for falls
18. Hepatitis C virus (HCV) screening of infection in adults aged 19 to 79 years
19. Hepatitis B virus screening for persons at high risk for infection
20. Counseling children, adolescents and young adults who have fair skin about minimizing their exposure to ultraviolet radiation to reduce risk for skin cancer
21. Lung cancer screening in adults 50 and older who have a 20 pack-year smoking history and currently smoke or have quit within the past 15 years
22. Screening for high blood pressure in adults aged 18 years or older
23. Screening for abnormal blood glucose and type II diabetes as part of cardiovascular risk assessment in adults who are overweight or obese

24. Low to moderate-dose statin for the prevention of cardiovascular disease (CVD) for adults aged 40 to 75 years with: (a) no history of CVD, (b) 1 or more risk factors for CVD (including but not limited to dyslipidemia, diabetes, hypertension, or smoking) and (c) a calculated 10-year CVD risk of 10% or greater
25. Tuberculin testing for adults 18 years or older who are at risk of tuberculosis
26. Whole body skin examination for lesions suspicious for skin cancer

Preventive Care Services for Women (including pregnant women or others as specified):

1. Bacteriuria urinary tract screening or other infection screening for pregnant women
2. Perinatal depression screening and counseling
3. BRCA counseling about genetic testing for women at higher risk
4. Breast cancer chemoprevention counseling for women at higher risk
5. Breastfeeding comprehensive lactation support and counseling from trained providers, as well as access to breastfeeding supplies for pregnant and nursing women. Electric breast pumps are limited to one per benefit period.
6. Cervical cancer screening
7. Chlamydia infection screening for younger women and women at higher risk
8. Contraception: FDA-approved contraceptive methods, sterilization procedures, and patient education and counseling, not including abortifacient drugs
9. Domestic and interpersonal violence screening and counseling for all women
10. Daily supplements of .4 to .8 mg of folic acid supplements for women who may become pregnant
11. Diabetes screening after pregnancy
12. Gestational diabetes screening for women 24 to 28 weeks pregnant and those at high risk of developing gestational diabetes
13. Gonorrhea screening for all women
14. Hepatitis B screening for pregnant women at their first prenatal visit
15. HIV screening and counseling for women
16. Human papillomavirus (HPV) DNA test: high risk HPV DNA testing every 3 years for women with normal cytology results who are age 30 or older
17. Osteoporosis screening for women over age 65, and younger women with risk factors
18. Rh incompatibility screening for all pregnant women and follow-up testing for women at higher risk
19. Tobacco use screening and interventions for all women, and expanded counseling for pregnant tobacco users
20. Screening for anxiety in adolescent and adult women, including those who are pregnant or postpartum, who have not recently been screened
21. Sexually transmitted infections (STI) counseling
22. Syphilis screening for all pregnant women or other women at increased risk
23. Well-woman visits to obtain recommended preventive services

24. Urinary incontinence screening
25. Breast cancer mammography screenings, including breast tomosynthesis and, if determined to be Medically Necessary by a Physician, Advanced Practice Nurse or a Physician Assistant, a screening MRI and comprehensive ultrasound
26. Intrauterine device (IUD) services related to follow-up and management of side effects, counseling for continued adherence, and device removal
27. Aspirin use for pregnant women to prevent preeclampsia
28. Screening for preeclampsia in pregnant women with blood pressure measurements throughout pregnancy
29. Behavioral counseling to promote healthy weight gain during pregnancy
30. Behavioral counseling to maintain weight or limit weight gain to prevent obesity for women who are aged 40 or older

Preventive Care Services for Children (or others as specified):

1. Alcohol and drug use assessment for adolescents
2. Behavioral assessments for children of all ages
3. Blood pressure screenings for children of all ages
4. Cervical dysplasia screening for sexually active females
5. Congenital hypothyroidism screening for newborns
6. Critical congenital heart defect screening for newborns
7. Depression screening for adolescents
8. Development screening for children under age 3, and surveillance throughout childhood
9. Dyslipidemia screening for children ages 9-11 and 17-21
10. Bilirubin screening in newborns
11. Fluoride chemoprevention supplements for children without fluoride in their water source
12. Fluoride varnish to primary teeth of all infants and children starting at the age of primary tooth eruption
13. Gonorrhea preventive medication for the eyes of all newborns
14. Hearing screening for all newborns, children, and adolescents
15. Height, weight, and body mass index measurements
16. Hematocrit or hemoglobin screening
17. Hemoglobinopathies or sickle cell screening for all newborns
18. HIV screening for adolescents at higher risk
19. The following immunization vaccines for children from birth to age 18 (doses, recommended ages, and recommended populations vary):
    - Hepatitis A
    - Hepatitis B
    - Human papillomavirus

- Influenza (Flu shot or Flu mist)
- Measles, Mumps, Rubella
- Meningococcal
- Pneumococcal
- Varicella
- Haemophilus influenzae type b
- Rotavirus
- RSV
- Inactivated Poliovirus
- Diphtheria, tetanus, and acellular pertussis
- COVID-19

20. Lead screening for children at risk for exposure
21. Medical history for all children throughout development
22. Obesity screening and counseling
23. Oral health risk assessment for younger children up to six years old
24. Phenylketonuria (PKU) screening for newborns
25. Sexually transmitted infections (STI) prevention and counseling for adolescents
26. Tuberculin testing for children at higher risk of tuberculosis
27. Vision screening for children and adolescents
28. Autism screening
29. Tobacco use interventions, including education or brief counseling, to prevent initiation of tobacco use in school-aged children and adolescents
30. Newborn blood screening
31. Any other immunization that is required by law for a child. Allergy injections are not considered immunizations under this benefit provision
32. Whole body skin examination for lesions suspicious for skin cancer

The FDA-approved contraceptive drugs and devices currently covered under this benefit provision are listed on the *Contraceptive Coverage List*. This list is available on the Claim Administrator's website at *www.bcbsil.com* and/or by contacting customer service at the toll-free number on your Identification Card. Benefits are not available under this benefit provision for contraceptive drugs and devices not listed on the *Contraceptive Coverage List*. You may, however, have coverage under other sections of this benefit booklet, subject to any applicable deductible, Coinsurance, Copayments and/or benefit maximums. The *Contraceptive Coverage List* and the preventive care services covered under this benefit provision are subject to change as FDA guidelines, medical management and medical policies are modified.

Routine pediatric care, women's preventive care (such as contraceptives) and/or Outpatient periodic health examinations Covered Services not included above will be subject to the

deductible, Coinsurance, Copayments and/or benefit maximums previously described in your benefit booklet, if applicable.

Preventive care services received from a Non-Participating Provider, or a Non-Administrator Provider facility, or a Non-Participating Pharmacy or other routine Covered Services not provided for under this provision may be subject to the deductible, Coinsurance, Copayments and/or benefit maximums.

Benefits for vaccinations that are considered preventive care services will not be subject to any deductible, Coinsurance, Copayments and/or benefit maximum when such services are received from a Participating Provider or Participating Pharmacy.

Vaccinations that are received from a Non-Participating Provider, or a Non-Administrator Provider facility, or a Non-Participating Pharmacy or other vaccinations that are not provided for under this provision may be subject to the deductible, Coinsurance, Copayments and/or benefit maximum.

WELLNESS CARE

Benefits will be provided for Covered Services rendered to you, even though you are not ill. Benefits will be limited to the following services:

- Routine diagnostic medical procedures;
- Routine laboratory tests;
- Routine EKG;
- Routine x-ray;
- Routine ovarian cancer screening;
- Routine colorectal cancer screening x-ray;
- Routine Pap smear;
- Routine Prostate Test;
- Routine digital rectal examinations and prostate tests.

Participating Provider

When you receive Covered Services for wellness care from a Participating Provider, benefits for wellness care will be provided at 100% of the Eligible Charge or 100% of the Maximum Allowance and will not be subject to the program deductible.

Non-Participating Provider

When you receive Covered Services for wellness care from a Non-Participating Provider, benefits will be provided at 60% of the Eligible Charge or 60% of the Maximum Allowance after you have met your program deductible.

SKILLED NURSING FACILITY CARE

The following are Covered Services when you receive them in a Skilled Nursing Facility:

1. Bed, board, and general nursing care.
2. Ancillary services (such as drugs and surgical dressings or supplies).

No benefits will be provided for admissions to a Skilled Nursing Facility which are for the convenience of the patient or Physician or because care in the home is not available or the home is unsuitable for such care.

Benefits for Covered Services rendered in an Administrator Skilled Nursing Facility will be provided at 80% of the Eligible Charge after you have met your program deductible.

Benefits for Covered Services rendered in a Non-Administrator Skilled Nursing Facility will be provided at 60% of the Eligible Charge once you have met your program deductible. Benefits will not be provided for Covered Services received in an Uncertified Skilled Nursing Facility.

You are entitled to benefits for 60 days of care in a Skilled Nursing Facility per benefit period.

AMBULATORY SURGICAL FACILITY

Benefits for all of the Covered Services previously described in this benefit booklet are available for Outpatient Surgery. In addition, benefits will be provided if these services are rendered by an Ambulatory Surgical Facility.

Benefits for services rendered by an Administrator Ambulatory Surgical Facility will be provided at 80% of the Eligible Charge. Benefits for services rendered by a Non-Administrator Ambulatory Surgical Facility will be provided at 60% of the Eligible Charge.

Benefits for Outpatient Surgery will be provided as stated above after you have met your program deductible.

AUTISM SPECTRUM DISORDER(S)

Your benefits for the diagnosis and treatment of Autism Spectrum Disorder(s) are the same as your benefits for any other condition. Treatment for Autism Spectrum Disorder(s) shall include the following care when prescribed, provided or ordered for an individual diagnosed with an Autism Spectrum Disorder (a) by a Physician or a Psychologist who has determined that such care is Medically Necessary, or (b) by a certified, registered or licensed health care professional with expertise in treating Autism Spectrum Disorder(s), including but not limited to, a health care professional who is eligible as a Qualified ABA Provider by state regulation and when such care is determined to be Medically Necessary and ordered by a Physician or a Psychologist:

- psychiatric care, including diagnostic services;
- psychological assessments and treatments;
- habilitative or rehabilitative treatments;
- therapeutic care, including behavioral Speech, Occupational and Physical Therapies that provide treatment in the following areas: a) self-care and feeding, b) pragmatic, receptive and expressive language, c) cognitive functioning, d) applied behavior analysis (ABA), intervention and modification, e) motor planning and f) sensory processing.

Please review the Occupational Therapy, Physical Therapy and Speech Therapy provisions in this benefit booklet.

Note: Covered benefits for clinically appropriate Autism Spectrum Disorder services and Habilitative services will not be denied solely on the basis of where those services are provided.

HABILITATIVE SERVICES

Your benefits for Habilitative Services with Congenital, Genetic, or Early Acquired Disorder are the same as your benefits for any other condition if all of the following conditions are met:

- a physician has diagnosed the Congenital, Genetic, or Early Acquired Disorder; and
- treatment is administered by a licensed speech-language pathologist, Audiologist, Occupational Therapist, Physical Therapist, Physician, licensed nurse, Optometrist, licensed nutritionist, or Psychologist upon the referral of a Physician; and
- treatment must be Medically Necessary and therapeutic and not Investigational.

SUBSTANCE USE DISORDER TREATMENT

Benefits for all of the Covered Services described in this benefit booklet are available for Substance Use Disorder Treatment. In addition, benefits will be provided if these Covered Services are rendered by a Behavioral Health Practitioner in a Substance Use Disorder Treatment Facility. Inpatient benefits for these covered services will also be provided for substance Use Disorder Treatment in a Residential Treatment Center. Substance Use Disorder Treatment Covered Services rendered in a program that does not have a written agreement with the Claim Administrator or in a Non-Administrator Provider facility will be paid at the Non-Participating Provider facility payment level.

DETOXIFICATION

Covered Services received for detoxification are not subject to the Substance Use Disorder Treatment provisions specified above. Benefits for Covered Services received for detoxification will be provided under the HOSPITAL BENEFITS and PHYSICIAN BENEFITS section of this benefit booklet, the same as for any other condition.

MENTAL ILLNESS AND SUBSTANCE USE DISORDER SERVICES

Benefits for all of the Covered Services described in this benefit booklet are available for the diagnosis and/or treatment of a Mental Illness and/or Substance Use Disorder. Inpatient benefit for these Covered services will also be provided for the diagnosis and/or treatment of Inpatient Mental Illness or Substance Use Disorder in a Residential Treatment Center. Treatment of a Mental Illness or Substance Use Disorder is eligible when rendered by a Behavioral Health Practitioner working within the scope of their license. Covered Services rendered in a Non-Administrator Provider facility will be paid at the Non-Participating Provider facility payment level.

BARIATRIC SURGERY

Benefits for Covered Services received for bariatric Surgery will be provided under the HOSPITAL BENEFIT and PHYSICIAN BENEFIT sections of this benefit booklet, the same as for any other condition.

MATERNITY SERVICE

Your benefits for Maternity Service are the same as your benefits for any other condition and are available whether you have Individual Coverage or Family Coverage. Benefits will also be provided for Covered Services rendered by a Certified Nurse-Midwife.

Benefits will be paid for Covered Services received in connection with both normal pregnancy and Complications of Pregnancy. As part of your maternity benefits certain services rendered to your

newborn infant are also covered, even if you have Individual Coverage. These Covered Services are: a) the routine Inpatient Hospital nursery charges and b) one routine Inpatient examination and c) one Inpatient hearing screening as long as this examination is rendered by a Physician other than the Physician who delivered the child or administered anesthesia during delivery. (If the newborn child needs treatment for an illness or injury, benefits will be available for that care only if you have Family Coverage. You may apply for Family Coverage within 90 days of date of the birth. Your Family Coverage will then be effective from the date of the birth).

Benefits will be provided for any hospital length of stay in connection with childbirth for the mother or newborn child for no less than 48 hours following a normal vaginal delivery, or no less than 96 hours following a cesarean section. Your Provider will not be required to obtain authorization from the Claim Administrator for prescribing a length of stay less than 48 hours (or 96 hours). Such an earlier discharge may only be provided if there is coverage and availability of a post-discharge Physician office visit or an in-home visit to verify the condition of the infant in the first 48 hours after discharge.

Your coverage also includes benefits for elective abortions.

FERTILITY CARE

Benefits will be provided the same as your benefits for any other condition for Covered Services rendered in connection with the diagnosis and/or treatment of infertility, or to promote fertility, including, but not limited to, in-vitro fertilization, uterine embryo lavage, embryo transfer, assisted insemination, gamete intrafallopian tube transfer, zygote intrafallopian tube transfer, and low tubal ovum transfer and intracytoplasmic sperm injection.

Special Limitations

Benefits will not be provided for the following:

1. Services or supplies rendered to a surrogate, except those costs for procedures to obtain eggs, sperm, or embryos from you will be covered if you choose to use a surrogate.
2. Expenses incurred for cryo-preservation or storage of sperm, eggs, or embryos, except for those procedures which use a cryo-preserved substance. Please note, that benefits may be provided for fertility preservation as set forth in the FERTILITY PRESERVATION SERVICES provision of this benefit booklet.
3. Non-medical costs of an egg or sperm donor.
4. Fertility treatments which are deemed Investigational, in writing, by the American Society for Reproductive Medicine or the American College of Obstetricians or Gynecologists.
5. Fertility treatment rendered to your dependents under age 18.

In addition to the above provisions, in vitro fertilization, gamete intrafallopian tube transfer, zygote intrafallopian tube transfer, low tubal ovum transfer and intracytoplasmic sperm injection procedures must be performed at medical facilities that conform to the American College of Obstetricians and Gynecologists guidelines for in vitro fertilization clinics or to the American Society for Reproductive Medicine minimal standards for programs of in vitro fertilization.

Benefits for treatments that include oocyte retrievals are limited to lifetime maximum of four completed oocyte retrievals.

FERTILITY PRESERVATION SERVICES

Fertility preservation is covered when planned cancer or other medical treatment is likely to produce infertility/sterility (letter of medical necessity will need to be supplied). Coverage is limited to: collection of sperm, cryopreservation of sperm, ooctye cryopreservation, ovarian tissue cryopreservation, embryo cryopreservation. Long-term storage costs (anything longer than 12 months) are the responsibility of the member.

ROUTINE MAMMOGRAMS

Benefits will be provided for routine mammograms for all women. A routine mammogram is an x-ray or digital examination of the breast for the presence of breast cancer, even if no symptoms are present. Benefits for routine mammograms will be provided as follows:

— one baseline mammogram

— an annual mammogram

Benefits for routine mammograms will be provided for women who have a family history of breast cancer, prior personal history of breast cancer, positive genetic testing or other risk factors at the age and intervals considered Medically Necessary by their Physician.

If a routine mammogram reveals heterogeneous or dense breast tissue, benefits will be provided for a comprehensive ultrasound screening and magnetic resonance imaging (MRI) screening of an entire breast or breasts, when determined to be Medically Necessary by your Physician.

Participating Providers

Benefits for routine mammograms when received from a Participating Provider will be provided at 100% of the Eligible Charge or Maximum Allowance whether or not you have met your program deductible.

Non-Participating Providers

Benefits for routine mammograms when received from a Non-Participating Provider will be provided at 60% of the Eligible Charge or Maximum Allowance after you have met your program deductible.

Benefit Maximum

Benefits for routine mammograms will not be subject to any benefit period maximum or lifetime maximum.

TEMPOROMANDIBULAR JOINT DYSFUNCTION AND RELATED DISORDERS

Benefits for all Covered Services previously described under this benefit booklet are available for the diagnosis and treatment of Temporomandibular Joint Dysfunction and Related Disorders.

PORT-WINE STAIN TREATMENT

Benefits for all of the Covered Services previously described under this benefit booklet are available for the treatment to eliminate or provide maximum feasible treatment of nevus flammeus, also known as port-wine stains, including, but not limited to, port-wine stains caused by Sturge-Weber Syndrome. This benefit does not apply to Port-Wine Stain Treatment, solely for cosmetic reasons.

MASTECTOMY-RELATED SERVICES

Benefits for Covered Services related to mastectomies are the same as for any other condition. Mastectomy-related Covered Services include, but are not limited to:

1. Reconstruction of the breast on which the mastectomy has been performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. Inpatient care following a mastectomy for the length of time determined by your attending Physician to be Medically Necessary and in accordance with protocols and guidelines based on sound scientific evidence and patient evaluation and a follow-up Physician office visit or in-home nurse visit within 48 hours after discharge;
4. Prostheses and physical complications of all stages of the mastectomy including, but not limited to, lymphedemas; and
5. The removal of breast implants when the removal of the implants is a Medically Necessary treatment for a sickness or injury. Surgery performed for removal of breast implants that were implanted solely for cosmetic reasons are not covered. Cosmetic changes performed as reconstruction resulting from sickness or injury is not considered cosmetic surgery.

VIRTUAL VISITS

Benefits will be provided for Covered Services described in this benefit booklet for the diagnosis and treatment of non-emergency medical and/or behavioral health injuries or illnesses in situations when a Virtual Provider determines that such diagnosis and treatment can be conducted without an in-person primary care office visit, convenient care, urgent care, emergency room or behavioral health office visit. Benefits for such Covered Services will only be provided if you receive them via consultation with a Virtual Provider who has a specific written agreement with the Claim Administrator to provide Virtual Visits to you at the time services are rendered. For more information about this benefit, you may visit the Claim Administrator's website at *www.bcbsil.com* or call customer service at the number on the back of your Identification Card.

Benefits for Covered Services you receive through a Virtual Visit from a Participating Virtual Provider will be provided at the same general payment level for Participating Providers as described under the BENEFIT PAYMENT FOR PHYSICIAN SERVICES provision in the PHYSICIAN BENEFIT SECTION of this benefit booklet.

Benefits will not be provided for services you receive through an interactive audio or interactive audio/video communication from a Provider who does not have a specific agreement with the Claim Administrator to provide Virtual Visits.

Note: Not all medical or behavioral health conditions can be appropriately treated through Virtual Visits. The Virtual Provider will identify any condition for which treatment by an in-person Provider is necessary.

PAYMENT PROVISIONS

Lifetime Maximum

Your benefits are not subject to a lifetime maximum. The total dollar amount that will be available in benefits for you is unlimited.

TRAVEL BENEFITS

You will be reimbursed for travel expenses for transportation and lodging that you incur for travel that is necessary to obtain any Covered Service rendered by a Participating Provider if there is no Participating Provider able to perform that service located within 100 miles of your home address (such benefits referred to herein as "Travel Benefits"). Coverage is available for you and up to one companion, or, if the person receiving the Covered Service is under age 18, up to two companions. Reimbursement for lodging is limited to $50 per night for you and an additional $50 per night for each permitted companion. To obtain reimbursement, you will need to submit a form, which includes receipts and supporting documentation of your expenses. Meals are not reimbursable. Travel Benefits are limited to a cap of $4,000 per occurrence. Reimbursement is subject to the service, travel, and reimbursement being in accordance with all applicable laws or regulations.

OUT-OF-POCKET EXPENSE LIMIT

There are separate Out-of-Pocket Expense Limits applicable to Covered Services received from Participating Providers and Non-Participating Providers.

For Participating Providers

If you have Individual Coverage and your out-of-pocket expense (the amount remaining unpaid for Covered Services after benefits have been provided) during one benefit period equals $3,425, any additional eligible Claims for Participating Providers (except for those charges specifically excluded below) during that benefit period will be paid at 100% of the Eligible Charge or Maximum Allowance.

This out-of-pocket expense limit may be reached by:

- the payments for Covered Services for which you are responsible after benefits have been provided (except for any expenses incurred for Covered Services rendered by a Non-Participating or Non-Administrator Provider other than Emergency Accident Care, Emergency Medical Care, and Inpatient treatment during the period of time when your condition is serious)

The following expenses for Covered Services cannot be applied to the out-of-pocket expense limit and will not be paid at 100% of the Eligible Charge or Maximum Allowance when your out-of-pocket expense limit is reached:

- charges that exceed the Eligible Charge or Maximum Allowance
- the Coinsurance resulting from Covered Services rendered by a Non-Participating Provider or Non-Administrator Provider
- Copayments resulting from noncompliance with the provisions of the UTILIZATION MANAGEMENT AND REVIEW PROGRAM and/or the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT

If you have Family Coverage and your family's out-of-pocket expense (the amount remaining unpaid for Covered Services after benefits have been provided) equals $6,850 during one benefit period, then, for the rest of the benefit period, all other family members will have benefits for eligible Covered Services (except for those charges specifically excluded above) provided at 100% of the Eligible Charge or Maximum Allowance. Benefits under Family Coverage will not be provided at the 100% payment level until the entire family out-of-pocket expense limit has been met.

For Non-Participating Providers

If you have Individual Coverage and your out-of-pocket expense (the amount remaining unpaid for Covered Services after benefits have been provided) during one benefit period equals $6,850, any additional eligible Claims for Non-Participating Providers (except for those Covered Services specifically excluded below) during that benefit period will be paid at 100% of the Eligible Charge or Maximum Allowance.

This out-of-pocket expense limit may be reached by:

- the emergency room Copayment
- the payments for Covered Services rendered by a Non-Participating Provider for which you are responsible after benefits have been provided

The following expenses for Covered Services cannot be applied to the out-of-pocket expense limit and will not be paid at 100% of the Eligible Charge or Maximum Allowance when your out-of-pocket expense limit is reached:

- charges that exceed the Eligible Charge or Maximum Allowance
- the Coinsurance resulting from Covered Services you may receive from a Participating Provider
- the Coinsurance resulting from Hospital services rendered by a Non-Administrator Hospital or other Non-Administrator Provider facility for Covered Services
- Copayments resulting from noncompliance with the provisions of the UTILIZATION MANAGEMENT AND REVIEW PROGRAM and/or the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT

If you have Family Coverage and your family's out-of-pocket expense (the amount remaining unpaid for Covered Services after benefits have been provided) equals $13,700 during one benefit period, then, for the rest of the benefit period, all other family members will have benefits for eligible Covered Services (except for those charges specifically excluded above) provided at 100% of the Eligible Charge or Maximum Allowance. Benefits under Family Coverage will not be provided at the 100% payment level until the entire family out-of-pocket expense limit has been met.

The out-of-pocket expense limit amount may be adjusted based on the cost-of-living adjustment determined under the Internal Revenue Code and rounded to the nearest $50.

EXTENSION OF BENEFITS IN CASE OF TERMINATION

If you are an Inpatient at the time your coverage under this plan is terminated, benefits will be provided for, and limited to, the Covered Services of this plan which are rendered by and regularly charged for by a Hospital, Skilled Nursing Facility, Substance Use Disorder Treatment Facility, Partial Hospitalization Treatment Program, Residential Treatment Center or Coordinated Home Care Program. Benefits will be provided until you are discharged or until the end of your benefit period, whichever occurs first.

HOSPICE CARE PROGRAM

Your Hospital coverage also includes benefits for Hospice Care Program Service.

Benefits will be provided for the Hospice Care Program Service described below when these services are rendered to you by a Hospice Care Program Provider. However, for benefits to be available you must have a terminal illness with a life expectancy of one year or less, as certified by your attending Physician, and you will no longer benefit from standard medical care or have chosen to receive hospice care rather than standard care. Also, a family member or friend should be available to provide custodial type care between visits from Hospice Care Program Providers if hospice is being provided in the home.

The following services are covered under the Hospice Care Program:

1. Coordinated Home Care;
2. Medical supplies and dressings;
3. Medication;
4. Nursing Services - Skilled and non-Skilled;
5. Occupational Therapy;
6. Pain management services;
7. Physical Therapy;
8. Physician visits;
9. Social and spiritual services;
10. Respite Care Service.

The following services are **not** covered under the Hospice Care Program:

1. Durable medical equipment;
2. Home delivered meals;
3. Homemaker services;
4. Traditional medical services provided for the direct care of the terminal illness, disease or condition;
5. Transportation, including, but not limited to, Ambulance Transportation.

Notwithstanding the above, there may be clinical situations when short episodes of traditional care would be appropriate even when the patient remains in the hospice setting. While these traditional services are not eligible under this Hospice Care Program section, they may be Covered Services under other sections of this benefit booklet.

Benefit Payment for Hospice Care Program Services

Benefit payment for Covered Services rendered by a Hospice Care Program Provider will be provided at the same payment level as described for Inpatient Hospital Covered Services.

HEARING CARE PROGRAM

Your coverage includes benefits for hearing care when you receive such care from a Physician, Otologist, Audiologist or Hearing Aid Dealer.

The benefits of this section are subject to all of the terms and conditions described in this benefit booklet. Please refer to the DEFINITIONS, ELIGIBILITY and EXCLUSIONS sections of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

For hearing care benefits to be available, such care must be Medically Necessary and you must receive such care on or after your Coverage Date.

In addition to the Definitions of this benefit booklet, the following definitions are applicable to this Benefit Section:

AUDIOLOGIST.....means a duly licensed audiologist.

HEARING AID DEALER.....means a Provider licensed to make and provide hearing aids to you.

OTOLOGIST.....means a duly licensed otologist or otolaryngologist.

Benefit Period

Your hearing care benefit period is a period of one year which begins on January 1st of each year. When you first enroll under this coverage, your first benefit period begins on your Coverage Date, and ends on the first December 31st following that date.

Covered Services

Benefits will be provided under this Benefit Section for the following:

Audiometric Examination
Hearing Aid Evaluation
Conformity Evaluation
Hearing Aids

Benefits will be limited to one Covered Service(s) of each type listed above per benefit period.

Special Limitations

Benefits will not be provided for the following:

1. Audiometric examinations by an Audiologist when not ordered by your Physician within 6 months of such examination.
2. Medical or surgical treatment.
3. Drugs or other medications.
4. Replacement for lost or broken hearing aids, except if otherwise eligible under frequency limitations.
5. Hearing aids ordered while covered but delivered more than 60 days after termination.

Benefit Payment for Hearing Care

Benefits for hearing care Covered Services will be provided at 100% of the Usual and Customary Fee.

Benefits for hearing aids will be provided up to a lifetime maximum of $5,000.

For purposes of this Benefit Section only, the definition of Usual and Customary Fee shall read as follows:

> USUAL AND CUSTOMARY FEE.....means the fee as reasonably determined by the Claim Administrator, which is based on the fee which the Physician, Otologist, Audiologist or Hearing Aid Dealer who renders the particular service usually charges his patients or customers for the same service and the fee which is within the range of usual fees other Physicians, Otologists, Audiologists or Hearing Aid Dealers of similar training and experience in the same geographic area charge their patients or customers for the same service, under similar or comparable circumstances.

BENEFITS FOR MEDICARE ELIGIBLE COVERED PERSONS

This section describes the benefits which will be provided for Medicare Eligible Covered Persons who are not affected by MSP laws, unless otherwise specified in this benefit booklet (see provisions entitled "Medicare Eligible Covered Persons" in the ELIGIBILITY SECTION of this benefit booklet).

The benefits and provisions described throughout this benefit booklet apply to you, however, in determining the benefits to be paid for your Covered Services, consideration is given to the benefits available under Medicare.

The process used in determining benefits under the Health Care Plan is as follows:

1. determine what the payment for a Covered Service would be following the payment provisions of this coverage and
2. deduct from this resulting amount the amount paid or payable by Medicare. (If you are eligible for Medicare, the amount that is available from Medicare will be deducted whether or not you have enrolled and/or received payment from Medicare.) The difference, if any, is the amount that will be paid under the Health Care Plan.

When you have a Claim, you must send the Claim Administrator a copy of your Explanation of Medicare Benefits ("EOMB") in order for your Claim to be processed. In the event you are eligible for Medicare but have not enrolled in Medicare, the amount that would have been available from Medicare, had you enrolled, will be used.

EXCLUSIONS - WHAT IS NOT COVERED

Expenses for the following are not covered under your benefit program:

— **Hospitalization, services and supplies which are not Medically Necessary.**
No benefits will be provided for services which are not, in the reasonable judgment of the Claim Administrator, Medically Necessary. Medically Necessary means that a specific medical, health care or Hospital service is required, in the reasonable medical judgment of the Claim Administrator, for the treatment or management of a medical symptom or condition and that the service or care provided is the most efficient and economical service which can safely be provided.

Hospitalization is not Medically Necessary when, in the reasonable medical judgment of the Claim Administrator, the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital or some other setting without adversely affecting the patient's condition.

Examples of hospitalization and other health care services and supplies that are not Medically Necessary include:

- Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
- Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.
- Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.
- Hospitalization or admission to a Skilled Nursing Facility, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
- Hospitalization or admission to a Skilled Nursing Facility for the convenience of the patient or Physician or because care in the home is not available or is unsuitable.
- The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or their family members.

These are just some examples, not an exhaustive list, of hospitalizations or other services and supplies that are not Medically Necessary.

The Claim Administrator will make the decision whether hospitalization or other health care services or supplies were not Medically Necessary and therefore not eligible for payment under the terms of your health care plan. In most instances this decision is made by the Claim Administrator AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED.

The fact that your Physician may prescribe, order, recommend, approve, or view hospitalization or other health care services and supplies as Medically Necessary does not make the hospitalization, services or supplies Medically Necessary and does not mean that the Claim Administrator will pay the cost of the hospitalization, services, or supplies.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's decision, your plan provides for an appeal of that decision.

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

REMEMBER, EVEN IF YOUR PHYSICIAN PRESCRIBES, ORDERS, RECOMMENDS, APPROVES OR VIEWS HOSPITALIZATION OR OTHER HEALTH CARE SERVICES AND SUPPLIES AS MEDICALLY NECESSARY, THE CLAIM ADMINISTRATOR WILL NOT PAY FOR THE HOSPITALIZATION, SERVICES AND SUPPLIES IF IT DECIDES THEY WERE NOT MEDICALLY NECESSARY.

— Services or supplies that are not specifically mentioned in this benefit booklet.

— Services or supplies for any illness or injury arising out of or in the course of employment for which benefits are available under any Workers' Compensation Law or other similar laws whether or not you make a claim for such compensation or receive such benefits. However, this exclusion shall not apply if you are a corporate officer of any domestic or foreign corporation and are employed by the corporation. and elect to withdraw yourself from the operation of the Illinois Workers' Compensation Act according to the provisions of the Act or similar Legislation of any state.

— Services or supplies that are furnished to you by the local, state or federal government and for any services or supplies to the extent payment or benefits are provided or available from the local, state or federal government (for example, Medicare) whether or not that payment or benefits are received, except in the case of Medicare, except however, this exclusion shall not be applicable to medical assistance benefits under Article V or VI of the Illinois Public Aid Code (305 ILCS 5/5-1 et seq. or 5/6-1 et seq.) or similar Legislation of any state, benefits provided in compliance with the Tax Equity and Fiscal Responsibility Act or as otherwise provided by law.

— Services and supplies for any illness or injury occurring on or after your Coverage Date as a result of war or an act of war.

— Services or supplies that were received prior to your Coverage Date or after the date that your coverage was terminated.

— Services and supplies from more than one Provider on the same day(s) to the extent benefits are duplicated.

— Services or supplies that do not meet accepted standards of medical and/or dental practice.

— Investigational Services and Supplies and all related services and supplies, except as may be provided under this benefit booklet for a) the cost of routine patient care associated with Investigational cancer treatment if you are a qualified individual participating in a qualified clinical cancer trial, if those services or supplies would otherwise be covered under this benefit booklet if not provided in connection with a qualified cancer trial program and b) applied behavior analysis used for the treatment of Autism Spectrum Disorder(s).

— Custodial Care Service.

— Long Term Care Service.

— Respite Care Service, except as specifically mentioned under the Hospice Care Program.

— Inpatient Private Duty Nursing Service.

— Routine physical examinations, unless otherwise specified in this benefit booklet.

— Services or supplies received during an Inpatient stay when the stay is primarily related to behavioral, social maladjustment, lack of discipline or other antisocial actions which are not specifically the result of Mental Illness. This does not include services or supplies provided for the treatment of an injury resulting from an act of domestic violence or a medical condition (including both physical and mental health conditions).

— Cosmetic Surgery and related services and supplies, except for the correction of congenital deformities or for conditions resulting from accidental injuries, scars, tumors, or diseases.

— Services or supplies for which you are not required to make payment or would have no legal obligation to pay if you did not have this or similar coverage.

— Charges for failure to keep a scheduled visit or charges for completion of a Claim form.

— Personal hygiene, comfort or convenience items commonly used for other than medical purposes, such as air conditioners, humidifiers, physical fitness equipment, televisions, and telephones.

— Special braces, splints, specialized equipment, appliances, ambulatory apparatus, battery implants, except as specifically mentioned in this benefit booklet.

— Services or supplies for intersegmental traction; all types of home traction devices and equipment; vertebral axial decompression sessions; surface EMGs; spinal manipulation under anesthesia; muscle testing through computerized kinesiology machines such as Isostation, Digital Myograph and Dynatron; and balance testing through computerized dynamic posturography sensory organization test.

— Blood derivatives which are not classified as drugs in the official formularies.

— Eyeglasses, contact lenses or cataract lenses and the examination for prescribing or fitting of glasses or contact lenses or for determining the refractive state of the eye, except as specifically mentioned in this benefit booklet.

— Treatment of flat foot conditions and the prescription of supportive devices for such conditions and the treatment of subluxations of the foot.

— Routine foot care, except for persons diagnosed with diabetes, paraplegic covered persons who have a disease that requires them to wear leg braces; covered persons who are taking blood thinners; covered persons with decreased circulation; covered persons with severe cardiac health problems; covered persons at high risk of neurological or vascular disease arising from diseases such as diabetes.

— Treatment of decreased blood flow to the legs with pneumatic compression device high pressure rapid inflation deflation cycle, or treatment of tissue damage in any location with platelet rich plasma.

— Treatment of tissue damage or disease in any location with platelet-rich plasma.

— Immunizations, unless otherwise specified in this benefit booklet.

— Maintenance Occupational Therapy, Maintenance Physical Therapy and Maintenance Speech Therapy, except as specifically mentioned in this benefit booklet.

— Maintenance Care.

— Speech Therapy when rendered for the treatment of psychosocial speech delay, behavioral problems (including impulsive behavior and impulsivity syndrome), attention disorder, conceptual disability, or mental disability, except as may be provided under this benefit booklet for Autism Spectrum Disorder(s).

— Habilitative Services that are solely educational in nature or otherwise paid under state or federal law for purely educational services.

— Hypnotism.

— Services and supplies to the extent benefits are duplicated because the spouse, parent and/or child are covered separately under this Health Care Plan.

— Diagnostic Service as part of routine physical examinations or check-ups, premarital examinations, determination of the refractive errors of the eyes, auditory problems, surveys, case finding, research studies, screening, or similar procedures and studies, or tests which are Investigational, unless otherwise specified in this benefit booklet.

— Procurement or use of prosthetic devices, special appliances and surgical implants which are for cosmetic purposes, the comfort and convenience of the patient, or unrelated to the treatment of a disease or injury.

— This Plan does not cover cannabis. Cannabis means all parts of the plant genus Cannabis containing delta-9-tetrahydrocannabinol (THC) as an active ingredient, whether growing or not, the seeds of the plant, the resin extracted from any part of the plant, and every cannabis-derived compound, manufacture, salt, derivative, mixture or preparation of the plant, its seeds, or its resin. Cannabis with THC as an active ingredient may be called marijuana.

— Services and supplies rendered or provided for human organ or tissue transplants other than those specifically named in this benefit booklet.

— Scanning the visible front portion of the eye with computerized ophthalmic diagnostic imaging or measuring the firmness of the front of the eye with corneal hysteresis by air impulse stimulation.

— Testing of blood for measurement of levels of: Lipoprotein a; small dense low density lipoprotein; lipoprotein subclass high resolution; lipoprotein subclass particle numbers; lipoprotein associated phospholipase A2, which are fat/protein substances in the blood that might be ordered in people with suspected deposits in the walls of blood vessels; urine for measurement of collagen cross links, which is a substance that might be ordered in people with suspected high bone turnover; cervicovaginal fluid for amniotic fluid protein during pregnancy, which might be ordered in people suspected to have fluid leaking from around the baby(premature ruptured membranes); and allergen specific IgG measurement.

— Nutritional items such as infant formulas, weight-loss supplements, over-the-counter food substitutes, non-prescription vitamins, and herbal supplements, other than those specifically named in this benefit booklet.

— Reversals of sterilization.

— Orthotics therapy.

— Any related services to a non-covered service. Related services are a) services in preparation for the non-covered service; b) services in connection with providing the non-covered service; c) hospitalization required to perform the non-covered service; or d) services that are usually provided following the non-covered service, such as follow up care or therapy after surgery.

— Self-administered drugs dispensed by a Physician.

— Behavioral health services provided at behavioral modification facilities, boot camps, emotional group academies, military schools, therapeutic boarding schools, wilderness programs, halfway houses, and group homes, except for Covered Services provided by appropriate Providers as defined in this benefit booklet.

Any of the following applied behavior analysis (ABA) related services:

— Services with a primary diagnosis that is not Autism Spectrum Disorder;

— Services that are facilitated by a Provider that is not properly credentialed. Please see the definition of "Qualified ABA Provider" in the DEFINITIONS SECTION of this benefit booklet;

— Activities primarily of an educational nature;

— Shadow or companion services; or

— Any other services not provided by an appropriately licensed Provider in accordance with nationally accepted treatment standards.

COORDINATION OF BENEFITS SECTION

Coordination of Benefits (COB) applies when you have health care coverage through more than one group program. The purpose of COB is to ensure that you receive all of the coverage to which you are entitled but no more than the actual cost of the care received. In other words, the total payment from all of your coverages together will not add up to be more than the total charges that you have incurred. It is your obligation to notify the Claim Administrator of the existence of such other group coverages.

To coordinate benefits, it is necessary to determine what the payment responsibility is for each benefit program. This is done by following these rules:

1. The coverage under which the patient is the Eligible Person (rather than a dependent) is primary (that is, full benefits are paid under that program). The other coverage is secondary and only pays any remaining eligible charges.
2. When a dependent child receives services, the birthdays of the child's parents are used to determine which coverage is primary. The coverage of the parent whose birthday (month and day) comes before the other parent's birthday in the calendar year will be considered the primary coverage. If both parents have the same birthday, then the coverage that has been in effect the longest is primary. If the other coverage does not have this "birthday" type of COB provision and, as a result, both coverages would be considered either primary or secondary, then the provisions of the other coverage will determine which coverage is primary.
   - — However, when the parents are separated or divorced and the parent with custody of the child has not remarried, the benefits of a contract which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a contract which covers the child as a dependent of the parent without custody;
   - — when the parents are divorced and the parent with custody of the child has remarried, the benefits of a contract which covers the child as a dependent of the parent with custody shall be determined before the benefits of a contract which covers that child as a dependent of the stepparent, and the benefits of a contract which covers that child as a dependent of the stepparent will be determined before the benefits of a contract which covers that child as a dependent of the parent without custody.

     Notwithstanding the items above, if there is a court decree which would otherwise establish financial responsibility for the medical, dental, or other health care expenses with respect to the child, the benefits of a contract which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other contract which covers the child as a dependent child. It is the obligation of the person claiming benefits to notify the Claim Administrator, and upon its request to provide a copy, of such court decree.
3. If neither of the above rules apply, then the coverage that has been in effect the longest is primary.

The only time these rules will not apply is if the other group benefit program does not include a COB provision. In that case, the other group program is automatically primary.

The Claim Administrator has the right in administering these COB provisions to:

- pay any other organization an amount which it determines to be warranted if payments which should have been made by the Claim Administrator have been made by such other organization under any other group program.
- recover any overpayment which the Claim Administrator may have made to you, any Provider, insurance company, person, or other organization.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

Please refer to BMO Plan Documents.

CONTINUATION OF COVERAGE FOR DOMESTIC PARTNERS

Please refer to BMO Plan Documents.

HOW TO FILE A CLAIM
AND APPEALS PROCEDURES

To obtain your benefits under this benefit program, it is necessary for a Claim to be filed with the Claim Administrator. To file a Claim, usually all you will have to do is show your Identification Card to your Hospital or Physician (or other Provider). They will file your Claim for you. Remember however, it is your responsibility to ensure that the necessary Claim information has been provided to the Claim Administrator.

Once the Claim Administrator receives your Claim, it will be processed, and the benefit payment will usually be sent directly to the Hospital or Physician. You will receive a statement telling you how your benefits were calculated. In some cases, the Claim Administrator will send the payment directly to you or if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on the Claim Administrator's records.

In certain situations, you will have to file your own Claims. This is primarily true when you are receiving services or supplies from Providers other than a Hospital or Physician. An example would be when you have had ambulance expenses. To file your own Claim, follow these instructions:

1. Complete a Claim Form. These are available from your Employee Benefits Department or from the Claim Administrator's office.
2. Attach copies of all bills to be considered for benefits. These bills must include the Provider's name and address, the patient's name, the diagnosis, the date of service and a description of the service and the Claim Charge.
3. Mail the completed Claim Form with attachments to:

   Blue Cross and Blue Shield of Illinois
   P. O. Box 805107
   Chicago, Illinois 60680-4112

In any case, Claims should be filed with the Claim Administrator on or before December 31st of the calendar year following the year in which your Covered Service was rendered. (A Covered Service furnished in the last month of a particular calendar year shall be considered to have been furnished the succeeding calendar year.) **Claims not filed within the required time period will not be eligible for payment.**

Should you have any questions about filing Claims, ask your Employee Benefits Department or call the Claim Administrator's office.

INTERNAL CLAIM DETERMINATIONS AND APPEALS PROCESS

INITIAL CLAIM DETERMINATIONS

When the Claim Administrator receives a properly submitted claim, the Claim Administrator will determine benefits in accordance with the Health Benefit Plan provisions. The Claim Administrator will receive and review claims for benefits and will process claims consistent with administrative practices and procedures established by your Plan. You, your valid assignee, your authorized representative, or Provider will be notified of the Claim Administrator's benefit decision. (For information regarding assigning benefits, see "Payment of Claims and Assignment of Benefits" provisions in the GENERAL PROVISIONS section of this benefit booklet.)

If a Claim Is Denied or Not Paid in Full

If the claim for benefits is denied, you or your authorized representative shall be notified in writing of the following:

a. The reasons for determination;

b. A reference to the benefit plan provisions on which the determination is based, or the contractual, administrative, medical policy or protocol for the determination;

c. A description of additional information which may be necessary to perfect the Claim and an explanation of why such material is necessary;

d. Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care provider, Claim amount (if applicable), diagnosis, treatment and determination codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;

e. An explanation of the Claim Administrator's internal review/appeals and external review processes (and how to initiate a review/appeal or external review;

f. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);

g. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;

h. The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the claim for benefits;

i. Any internal rule, guideline, protocol, or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;

j. An explanation of the scientific or clinical judgment relied on in the determination as applied to claimant's medical circumstances, if the determination was based on medical necessity, experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request;

k. In the case of a determination of an Urgent Care Clinical Claim, a description of the expedited review procedure applicable to such Claims. An Urgent Care Clinical Claim decision may be provided orally, so long as written notice is furnished to the claimant within three days of oral notification.

If You Need Assistance

If you have any questions about the Claims procedures or the review procedure, write or call the Claim Administrator Headquarters at 1-800-538-8833. The Claim Administrator's offices are open from 8:45 a.m. to 4:45 p.m., Monday through Friday. Customer service hours and operations are subject to change without notice.

Blue Cross and Blue Shield of Illinois
P. O. Box 805107
Chicago, IL 60680-4112
1-800-538-8833 Toll-free phone

If you need assistance with the internal Claims and appeals or the external review processes that are described below, you may contact the health insurance consumer assistance office or ombudsman. You may contact the Illinois ombudsman program at 1-877-527-9431 or call the number on the back of your Identification Card for contact information. In addition, for questions about your appeal rights or for assistance, you can contact the Employee Benefits Security Administration at 1-866-444-EBSA (3272).

INQUIRIES AND COMPLAINTS

An **"Inquiry"** is a general request for information regarding claims, benefits, or membership.

A **"Complaint"** is an expression of dissatisfaction by you either orally or in writing.

The Claim Administrator has a team available to assist you with Inquiries and Complaints. Issues may include, but are not limited to, the following:

- Claims
- Quality of care

When your Complaint relates to dissatisfaction with an Adverse Benefit Determination (or partial determination), then you have the right to a Claim review/appeal as described in the CLAIM APPEAL PROCEDURES.

To pursue an Inquiry or a Complaint, you may contact **customer service** at the number on the back of your Identification Card, or you may write to:

Blue Cross and Blue Shield of Illinois
300 East Randolph
Chicago, Illinois 60601

When you contact customer service to pursue an Inquiry or Complaint, you will receive a written acknowledgement of your call or correspondence. You will receive a written response to your Inquiry or Complaint within 30 days of receipt by customer service. Sometimes the acknowledgement and the response will be combined. If the Claim Administrator needs more information, you will be contacted. If a response to your Inquiry or Complaint will be delayed due to the need for additional information, you will be contacted. If an Inquiry or Complaint is not resolved to your satisfaction, you may appeal to the Claim Administrator.

An appeal is an oral or written request for review of an Adverse Benefit Determination (as defined below) or an adverse action by the Claim Administrator, its employees, or a Provider.

Timing of Required Notices and Extensions

Separate schedules apply to the timing of required notices and extensions, depending on the type of Claim. There are three types of Claims as defined below.

a. **Urgent Care Clinical Claim** is any pre-service claim for benefits for medical care or treatment with respect to which the application of regular time periods for making health Claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment.

b. Pre-Service Claim is any non-urgent request for benefits or a determination with respect to which the terms of the benefit plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.

c. Post-Service Claim is notification in a form acceptable to the Claim Administrator that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim charge, and any other information which the Claim Administrator may request in connection with services rendered to you.

Urgent Care Clinical Claims*

Type of Notice or Extension	Timing
If your Claim is incomplete, the Claim Administrator must notify you within:	**24 hours****
If you are notified that your Claim is incomplete, you must then provide completed Claim information to the Claim Administrator within:	**48 hours after receiving notice**
The Claim Administrator must notify you of the Claim determination (whether adverse or not):	
if the initial Claim is complete as soon as possible (taking into account medical exigencies), but no later than:	**48 hours**
after receiving the completed Claim (if the initial Claim is incomplete), within:	**48 hours**

*You do not need to submit appeals of Urgent Care Clinical Claims in writing. You should call the Claim Administrator at the toll-free number listed on the back of your Identification Card as soon as possible to submit an Urgent Care Clinical Claim.

**Notification may be oral unless the claimant requests written notification.

Pre-Service Claims

Type of Notice or Extension	Timing
If your Claim is filed improperly, the Claim Administrator must notify you within:	**5 days***
If your Claim is incomplete, the Claim Administrator must notify you within:	**15 days**
If you are notified that your Claim is incomplete, you must then provide completed Claim information to the Claim Administrator within:	**45 days after receiving notice**

The Claim Administrator must notify you of the Claim determination (whether adverse or not):	
if the initial Claim is complete, within:	**15 days****
after receiving the completed Claim (if the initial Claim is incomplete), within:	**30 days**
If you require post-stabilization care after an Emergency within:	**the time appropriate to the circumstance not to exceed one hour after the time of request**

*Notification may be oral unless the claimant requests written notification.

**This period may be extended one time by the Claim Administrator for up to 15 days, provided that the Claim Administrator both (1) determines that such an extension is necessary due to matters beyond the control of the Claim Administrator and (2) notifies you, prior to the expiration of the initial 15-day period, of the circumstances requiring the extension of time and the date by which the Claim Administrator expects to render a decision.

Post-Service Claims

Type of Notice or Extension	Timing
If your Claim is incomplete, the Claim Administrator must notify you within:	**30 days**
If you are notified that your Claim is incomplete, you must then provide completed Claim information to the Claim Administrator within:	**45 days after receiving notice**
The Claim Administrator must notify you of any adverse Claim determination:	
if the initial Claim is complete, within:	**30 days***
after receiving the completed Claim (if the initial Claim is incomplete), within:	**45 days**

*This period may be extended one time by the Claim Administrator for up to 15 days, provided that the Claim Administrator both (1) determines that such an extension is necessary due to matters beyond the control of the Claim Administrator and (2) notifies you in writing, prior to the expiration of the initial 30-day period, of the circumstances requiring the extension of time and the date by which the Claim Administrator expects to render a decision.

Concurrent Care

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your Claim for benefits.

CLAIM APPEAL PROCEDURES - DEFINITIONS

An **"Adverse Benefit Determination"** means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, in response to a Claim, Pre-Service Claim or Urgent Care Clinical Claim, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator and the Claim Administrator reduces or terminates such treatment (other than by amendment or termination of the Group's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium.

Urgent Care/Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An **expedited clinical appeal** is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment is terminated or reduced, the Claim Administrator will provide you with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, the Claim Administrator will notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after submission of the appeal, of all the information needed to review the appeal. The Claim Administrator will render a decision on the appeal within 24 hours after it receives the requested information, but not more than 72 hours from the appeal request.

Standard or Non-Urgent Appeals

The Claim Administrator will send you a written decision for appeals that need medical review within 30 calendar days after we receive your appeal request, or if you are appealing before getting a service. All other appeals will be answered within 60 calendar days.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a review of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care provider may appeal on their own behalf. Under your health benefit plan, there is one level of internal appeal available to you. Your designation of a representative must be in writing as it is necessary to protect against disclosure of

information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Claim Administrator at the number on the back of your Identification Card. In urgent care situations, a doctor may act as your authorized representative without completing the form.

If you believe the Claim Administrator incorrectly denied all or part of your benefits, you may have your Claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to the Claim Administrator to request a Claim review. The Claim Administrator will need to know the reasons why you do not agree with the Adverse Benefit Determination.
- In support of your Claim review, you have the option of presenting evidence and testimony to the Claim Administrator. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments, and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the claim review process.

Your Right to Appeal
You may appeal if you think you have been denied benefits in error. For all levels of appeals and reviews described below, you may give a written explanation of why you think we should change our decision and you may give any documents you want to add to make your point. For appeals, you may also make a verbal statement about your case. Send a written appeal request to: The Claim Administrator Claim Review Section P.O. Box 2401 Chicago, Illinois 60690
To file an appeal or if you have questions, please call 800-538-8833 (TTY/TDD:711, send a fax to 888-235-2936, or send a secure email using our Message Center by logging into Blue Access for Members (BAM) at *bcbsil.com*

During your internal appeal(s), the Claim Administrator will provide you or your authorized representative (free of charge) with any new or additional evidence considered, relied upon, or generated by the Claim Administrator in connection with the appealed Claim, as well as any new or additional rationale for a determination at the internal appeals stage. Such new or additional evidence or rationale will be provided to you or your authorized representative as soon as possible and sufficiently in advance of the date a final decision on appeal is made to give you a reasonable opportunity to respond. The Claim Administrator may extend the time period described in this benefit booklet for its final decision on appeal to provide you with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the Claim is based in whole or in part on a medical judgement, the appeal will be conducted by individuals associated with the Claim Administrator and/or by external advisors, but who were not involved in making the initial determination of your Claim. No deference will be given to the initial Adverse Benefit Determination. Before you or your authorized representative may bring any action to recover benefits the claimant must

exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by the Claim Administrator.

Timing of Non-Urgent Appeal Determinations

Upon receipt of a non-urgent concurrent pre-service or post-service appeal, the Claim Administrator will notify the party filing the appeal within five business days of all the information needed to review the appeal.

The Claim Administrator will render a decision of a non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 30 calendar days after receipt of all required information. We will send you a written decision for appeals that are related to health care services and not related to administrative matters or Complaints within 30 calendar days after receipt of any needed information, but no later than 30 calendar days of receipt of the request. All other appeals will be answered within 30 calendar days if you are appealing before getting a service or within 60 calendar days if you have already received the service.

If the appeal is related to administrative matters or Complaints, the Claim Administrator will render a decision of a pre-service or post-service appeal as soon as practical, but in no event more than 60 business days after receipt of all required information.

Notice of Appeal Determination

The Claim Administrator will notify the party filing the appeal, you, and, if a clinical appeal, any health care provider who recommended the services involved in the appeal.

The written notice will include:

1. The reasons for the determination;
2. A reference to the benefit plan provisions on which the determination is based, or the contractual, administrative or protocol for the determination;
3. Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care provider, Claim amount (if applicable), and a statement describing determination codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
4. An explanation of the Claim Administrator's internal review/appeals and external review processes (and how to initiate a review/appeal or an external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final determination on internal and external appeal;
5. An explanation that you and your Provider may file appeals separately and at the same time, and that deadlines for filing appeals or external review requests are not delayed by appeals made by your Provider UNLESS you have chosen your Provider to act for you as your authorized representative;
6. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);
7. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;

8. The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the claim for benefits;
9. Any internal rule, guideline, protocol, or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;
10. An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
11. A description of the standard that was used in denying the claim and a discussion of the decision;
12. When the notice is given upon the exhaustion of an appeal submitted by a health care Provider on their own behalf, the timeframes from the date of the adverse determination for the member to file an appeal or file an external review;
13. When the notice of final adverse determination is given upon the exhaustion of internal appeals by the member, a statement that all internal appeals have been exhausted and the member has 4 months from the date of the letter to file an external review;
14. A statement indicating whether the adverse determination relates to a MEMBER appeal (filed by the member or authorized representative who may be the health care Provider) or a PROVIDER appeal (pursuant to the Provider contract) and shall explain timeframes from the date of the adverse determination for the member to appeal and to file an external review regardless of the status of a Provider appeal.

If the Claim Administrator's or your Employer's decision is to continue to deny or partially deny your Claim or you do not receive timely decision, you may be able to request an external review of your claim by an independent third party, who will review the determination and issue a final decision. Your external review rights are described in the **STANDARD EXTERNAL REVIEW** section below.

You must exercise the right to internal appeal as a precondition to taking any action against the Claim Administrator, either at law or in equity. If you have an adverse appeal determination, you may file civil action in a state or federal court.

Forum Selection

In the event of any dispute relating to or arising from this Plan, the jurisdiction and venue for the dispute is the United States District Court for the Northern District of Illinois. If, and only if, the United States District Court for the Northern District of Illinois lacks subject-matter jurisdiction over such dispute, the jurisdiction and venue for the dispute is the Circuit Court of Cook County, Illinois.

STANDARD EXTERNAL REVIEW

You or your authorized representative (as described above) may make a request for a standard external review or expedited external review of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination by an independent review organization (IRO). The external review is at no charge to the member.

An "**Adverse Benefit Determination**" means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting

from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator or your Employer and the Claim Administrator or your Employer reduces or terminates such treatment (other than by amendment or termination of the Employer's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium.

A "**Final Internal Adverse Benefit Determination**" means an Adverse Benefit Determination that has been upheld by the Claim Administrator at the completion of the Claim Administrator's internal review/appeal process.

1. **Request for external review.** Within 4 months after the date of receipt of a notice of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination from the Claim Administrator, you or your authorized representative must file your request for standard external review. If there is no corresponding date 4 months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.
2. **Preliminary review.** Within 5 business days following the date of receipt of the external review request, the Claim Administrator must complete a preliminary review of the request to determine whether:
    a. You are, or were, covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;
    b. The Adverse Benefit Determination or the Final Adverse Benefit Determination does not relate to your failure to meet the requirements for eligibility under the terms of the plan (e.g., worker classification or similar determination);
    c. You have exhausted the Claim Administrator's internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations. Please read the **EXHAUSTION** section below for additional information and exhaustion of the internal appeal process; and
    d. You or your authorized representative have provided all the information and forms required to process an external review.

    You will be notified within 1 business day after we complete the preliminary review if your request is eligible or if further information or documents are needed. You will have the remainder of the 4-month appeal period (or 48 hours following receipt of the notice), whichever is later, to perfect the appeal request. If your claim is not eligible for external review, we will outline the reasons it is ineligible in the notice and provide contact information for the Department of Labor's Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272).

3. **Referral to Independent Review Organization.** When an eligible request for external review is completed within the time period allowed, Claim Administrator will assign the matter to an independent review organization (IRO). The IRO assigned will be accredited by URAC or by similar nationally recognized accrediting organization. Moreover, the Claim Administrator will act against bias and to ensure independence. Accordingly, the Claim Administrator must contract within at least (3) IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the determination of benefits.

   The IRO must provide the following:

   a. Utilization of legal experts where appropriate to make coverage determinations under the plan.

   b. Timely notification to you or your authorized representative, in writing, of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.

   c. Within 5 business days after the date of assignment of the IRO, the Claim Administrator must provide to the assigned IRO the documents and any information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Failure by the Claim Administrator to timely provide the documents and information must not delay the conduct of the external review. If the Claim Administrator fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Within 1 business day after making the decision, the IRO must notify the Claim Administrator and you or your authorized representative.

   d. Upon receipt of any information submitted by you or your authorized representative, the assigned IRO must within 1 business day forward the information to the Claim Administrator. Upon receipt of any such information, the Claim Administrator may reconsider its Adverse Benefit Determination or Final Internal Adverse Benefit Determination that is the subject of the external review. Reconsideration by the Claim Administrator must not delay the external review. The external review may be terminated as a result of the reconsideration only if the Claim Administrator decides, upon completion of its reconsideration, to reverse its Adverse Benefit Determination or Final Internal Adverse Benefit Determination and provide coverage or payment. Within 1 business day after making such a decision, the Claim Administrator must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the Claim Administrator.

   e. Review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719

of the Public Health Service (PHS) Act. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available, and the IRO considers them appropriate, will consider the following in reaching a decision:

(1) Your medical records;

(2) The attending health care professional's recommendation;

(3) Reports from appropriate health care professionals and other documents submitted by the Claim Administrator, you, or your treating provider;

(4) The terms of your Plan to ensure that the IRO's decision is not contrary to the terms of the Plan, unless the terms are inconsistent with applicable law;

(5) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;

(6) Any applicable clinical review criteria developed and used by the Claim Administrator, unless the criteria are inconsistent with the terms of the plan or with applicable law; and

(7) The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available, and the clinical reviewer or reviewers consider appropriate.

f. Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to the Claim Administrator and you or your authorized representative.

g. The notice of final external review decision will contain:

(1) A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care provider, the claim amount (if applicable), the diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous determination);

(2) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;

(3) References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;

(4) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;

(5) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the Claim Administrator and you or your authorized representative;

(6) A statement that judicial review may be available to you or your authorized representative; and

(7) Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.

h. After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and you or your authorized representative.

4. **Reversal of Plan's decision.** Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Plan will immediately provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

EXPEDITED EXTERNAL REVIEW

1. **Request for expedited external review.** Claim Administrator must allow you or your authorized representative to make a request for an expedited external review with the Claim Administrator at the time you receive:

   a. An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition of the claimant for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

   b. A Final Internal Adverse Benefit Determination, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.

2. **Preliminary review.** Immediately upon receipt of the request for expedited external review, the Claim Administrator must determine whether the request meets the reviewability requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must immediately send you a notice of its eligibility determination that meets the requirements set forth in STANDARD EXTERNAL REVIEW section above.

3. **Referral to independent review organization.** Upon a determination that a request is eligible for external review following the preliminary review, the Claim Administrator will assign an IRO pursuant to the requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

   The assigned IRO, to the extent the information or documents are available, and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must

review the claim de novo and is not bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process.

4. **Notice of final external review decision.** The Claim Administrator's contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in the STANDARD EXTERNAL REVIEW section above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to the Claim Administrator and you or your authorized representative.

EXHAUSTION

For standard internal review, you have the right to request external review once the internal review process has been completed and you have received the Final Internal Adverse Benefit Determination. For expedited internal review, you may request external review simultaneously with the request for expedited internal review. The IRO will determine whether your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

You will be deemed to have exhausted the internal review process and may request external review if the Claim Administrator waives the internal review process or the Claim Administrator has failed to comply with the internal claims and appeals process. In the event you have been deemed to exhaust the internal review process due to the failure by the Claim Administrator to comply with the internal claims and appeals process, you also have the right to pursue any available remedies under 502(a) of ERISA or under State law.

External review may not be requested for an Adverse Benefit Determination involving a claim for benefits for a health care service that you have already received until the internal review process has been exhausted.

GENERAL PROVISIONS

1. CLAIM ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS AND OTHER ENTITIES

The Claim Administrator hereby informs you that it has contracts with certain Providers ("Administrator Providers") in its service area to provide and pay for health care services to all persons entitled to health care benefits under health policies and contracts to which the Claim Administrator is a party, including all persons covered under the Health Care Plan. Under certain circumstances described in its contracts with Administrator Providers, the Claim Administrator may:

- receive substantial payments from Administrator Providers with respect to services rendered to you for which the Claim Administrator was obligated to pay the Administrator Provider, or
- pay Administrator Providers substantially less than their Claim Charges for services, by discount or otherwise, or
- receive from Administrator Providers other substantial allowances under the Claim Administrator's contracts with them.

In the case of Hospitals and other facilities, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by the Claim Administrator as described in this benefit booklet and the calculation of all required deductible and Coinsurance amounts payable by you as described in this benefit booklet shall be based on the Eligible Charge or Provider's Claim Charge for Covered Services rendered to you, reduced by the Average Discount Percentage ("ADP") applicable to your Claim or Claims. Your Employer has been advised that the Claim Administrator may receive such payments, discounts and/or other allowances during the term of the agreement between your Employer and the Claim Administrator. Neither the Employer nor you are entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how the Claim Administrator's separate financial arrangements with Provider's work, please consider the following example:

a. Assume you go into the Hospital for one night and the normal, full amount the Hospital bills for Covered Services is $1,000. How is the $1,000 bill paid?

b. You personally will have to pay the deductible and Coinsurance amounts set out in your benefit booklet.

c. However, for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums, the Hospital's Eligible Charge would be reduced by the ADP applicable to your Claim. In our example, if the applicable ADP were 30%, the $1,000 Hospital bill would be reduced by 30% to $700 for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums.

d. Assuming you have already satisfied your deductible, you will still have to pay the Coinsurance portion of the $1,000 Hospital bill after it has been reduced by the ADP. In our example, if your Coinsurance obligation is 20%, you personally will have to pay 20% of $700, or $140. You should note that your 20% Coinsurance is based on the full $1,000 Hospital bill, after it is reduced by the applicable ADP.

e. After considering the deductible and Coinsurance amounts, the Claim Administrator will satisfy its portion of the Hospital bill. In most cases, the Claim Administrator has a contract with Hospitals that allows it to pay less, and requires the Hospital to accept less, than the amount of money the Claim Administrator would be required to pay if it did not have a contract with the Hospital.

So, in the example we are using, since the full Hospital bill is $1,000, your deductible has already been satisfied, and your Coinsurance is $140, then the Claim Administrator has to satisfy the rest of the Hospital bill, or $860. Assuming the Claim Administrator has a contract with the Hospital, the Claim Administrator will usually be able to satisfy the $860 bill that remains after your Coinsurance and deductible, by paying less than $860 to the Hospital, often substantially less than $860. The Claim Administrator receives, and keeps for its own account, the difference between the $860 bill and whatever the Claim Administrator ultimately pays under its contracts with Administrator Providers, and neither you nor your Employer are entitled to any part of these savings.

The Claim Administrator or its subsidiaries or affiliates may also have ownership interests in or financial arrangements with certain Providers who provide Covered Services to covered persons and/or vendors or other third parties who provide services related to the Policy or provide services to certain Providers.

2. INTER-PLAN ARRANGEMENTS

I. Out-of-Area Services

Overview

The Claim Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the geographic area the Claim Administrator serves, the Claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Claim Administrator's service area, you will receive it from one of two kinds of Providers. Most Providers ("participating Providers") contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue"). Some Providers ("nonparticipating Providers") do not contract with the Host Blue. The Claim Administrator explains below how the Claim Administrator pays both kinds of Providers.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits except when paid as medical claims/benefits, and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by the Claim Administrator to provide the specific service or services.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, the Claim Administrator will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating Providers.

For Inpatient facility services received in a Hospital, the Host Blue's participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the participating Provider will be sanctioned based on the Host Blue's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction.

When you receive Covered Services outside the Claim Administrator's service area and the Claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- The billed charges for Covered Services, or
- The negotiated price that the Host Blue makes available to the Claim Administrator.

To help you understand how this calculation would work, please consider the following example:

a. Suppose you receive Covered Services for an illness while you are on vacation outside of Illinois. You show your Identification Card to the provider to let them know that you are covered by the Claim Administrator.

b. The provider has negotiated with the Host Blue a price of $80, even though the provider's standard charge for this service is $100. In this example, the provider bills the Host Blue $100.

c. The Host Blue, in turn, forwards the claim to the Claim Administrator and indicates that the negotiated price for the covered service is $80. The Claim Administrator would then base the amount you must pay for the service - the amount applied to your deductible, if any, and your coinsurance percentage - on the $80 negotiated price, not the $100 billed charge.

d. So, for example, if your coinsurance is 20%, you would pay $16 (20% of $80), not $20 (20% of $100). You are not responsible for amounts over the negotiated price for a covered service.

PLEASE NOTE: The Coinsurance percentage in the above example is for illustration purposes only. The example assumes that you have met your deductible and that there are no copayments associated with the service rendered. Your deductible(s), Coinsurance and Copayment(s) are specified in this benefit booklet.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over - or underestimation of modifications of past pricing of Claims, as noted above. However, such adjustments will not affect the price the Claim Administrator has used for your claim because they will not be applied after a Claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, the Claim Administrator may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or negotiated price (refer to the description of negotiated price under Section A, BlueCard Program) made available to the Claim Administrator by the Host Blue.

If reference-based benefits, which are service-specific benefit dollar limits for specific procedures, based on a Host Blue's local market rates, are made available to you, you will be responsible for the amount that the healthcare provider bills above the specific reference benefit limit for the given procedure. For a participating Provider, that amount will be the difference between the negotiated price and the reference benefit limit. For a nonparticipating Provider, that amount will be the difference between the Provider's billed charge and the reference benefit limit. Where a reference benefit limit is greater than either a negotiated price or a Provider's billed charge, you will incur no liability, other than any related patient cost sharing under this agreement.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Claim Administrator through average pricing or fee schedule adjustments.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If the Claim Administrator has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to your Employer on your behalf, the Claim Administrator will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or states laws or regulations may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, the Claim Administrator will include any such surcharge, tax, or other fee as part of the Claim Charge passed on to you.

Negotiated (non-BlueCard Program) National Account Arrangements

As an alternative to the BlueCard Program, your claims for Covered Services may be processed through a negotiated National Account arrangement with a Host Blue.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed covered charges or negotiated price (Refer to the description of negotiated price under Section A, BlueCard Program) made available to Claim Administrator by the Host Blue.

E. Non-Participating Healthcare Providers Outside The Claim Administrator's Service Area

a. Member Liability Calculation

(1) In General

When Covered Services are provided outside of the Claim Administrator's service area by non-participating Providers, the amount(s) you pay for such services will be calculated using the methodology described in the benefit booklet for non-participating Providers located inside our service area. You may be responsible for the difference between the amount that the non-participating Provider bills and the payment Claim Administrator will make for the Covered Services as set forth in this paragraph.

(2) Exceptions

In some exception cases, the Claim Administrator may, but is not required to, negotiate a payment with such non-participating Provider on an exception basis. If a negotiated payment is not available, then the Claim Administrator may make a payment based on the lesser of:

1. The amount calculated using the methodology described in the benefit booklet for non-participating Providers located inside our service area (and described in Section (a)(1) above); or
2. The following:
    a. For professional Providers, make a payment based on publicly available Provider reimbursement data for the same or similar services, adjusted for geographical differences where applicable, or
    b. For Hospital or facility Providers, make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have reportedly incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the non-participating Provider bills and the payment the Claim Administrator will make for the Covered Services as set forth in this paragraph.

F. Blue Cross Blue Shield Global Core

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. The Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of Inpatient, Outpatient and Professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the BlueCard service area, you will typically have to pay the Providers and submit the Claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or Hospital) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator,

working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

If considered True Emergency Medical Care Covered Services will pay 80% after you met the Annual Deductible. Non-Emergency Medical Care Covered Services will pay 60% after you meet the Annual Deductible.

- **Inpatient Services**

  In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered Inpatient services, except for your cost-share amounts/Deductibles, Coinsurances, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a Claim to receive reimbursement for Covered Services. **You must contact the Claim Administrator to obtain Prior Authorization for non-emergency Inpatient services.**

- **Outpatient Services**

  Outpatient Services are available for Emergency Care. Physicians, urgent care centers and other Outpatient Providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a Claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

  When you pay for Covered Services outside the BlueCard service area, you must submit a Claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from the Claim Administrator, the service center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

Servicing Plans

In some instances, the Claim Administrator has entered into agreements with other Blue Cross and Blue Shield Plans ("Servicing Plans") to provide, on the Claim Administrator's behalf, Claim Payments, and certain administrative services for you. Under these agreements, the Claim Administrator will reimburse each Servicing Plan for all Claim Payments made on the Claim Administrator's behalf for you.

Certain Servicing Plans may have contracts similar to the contracts described above with certain Providers ("Servicing Plan Providers") in their service area. The Servicing Plan will process your claim in accordance with the Servicing Plan's applicable contract with the Servicing Plan Provider. Further, all amounts payable to the Servicing Plan by the Claim Administrator for Claim Payments made by the Servicing Plan and applicable service charges, and all benefit maximum amounts and any required deductible and Coinsurance amounts under this Health Care Plan will be calculated on the basis of the Servicing Plan Provider's Eligible Charge for Covered Services rendered to you or the cost agreed upon between the

Servicing Plan and the Claim Administrator for Covered Services that the Servicing Plan passes to the Claim Administrator, whichever is lower.

Often, the agreed upon cost is a simple discount. Sometimes, however, the agreed upon cost may represent either an estimated discount or an average discount received or expected by the Servicing Plan based on separate financial arrangements with Servicing Plan Providers.

In other instances, laws in a small number of states dictate the basis upon which the Coinsurance is calculated. When Covered Services are rendered in those states, the Coinsurance amount will be calculated using the state's statutory method.

Claim Administrator's Separate Financial Arrangements with Pharmacy Benefit Managers

The Claim Administrator owns a significant portion of the equity of Prime Therapeutics LLC and informs you that the Claim Administrator has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as "Pharmacy Benefit Managers") to provide, on the Claim Administrator's behalf, Claim Payments and certain administrative services for your prescription drug benefits. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with the Claim Administrator. In addition, the mail-order pharmacy and specialty pharmacy operate through an affiliate partially owned by Prime Therapeutics, LLC. Neither the Employer nor you are entitled to receive any portion of such rebates.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of the Claim Administrator but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufactures to cover the administrative costs of processing late payments). The Claim Administrator may also negotiate rebate contracts with pharmaceutical manufacturers. The Claim Administrator may receive such rebates from Prime or pharmaceutical manufacturers. You are not entitled to receive any portion of any such rebates.

Note: This applies to drugs that are paid under the medical plan.

3. PAYMENT OF CLAIMS AND ASSIGNMENT OF BENEFITS

a. Under this Health Care Plan, the Claim Administrator has the right to make any benefit payment either to you or directly to the Provider of the Covered Services. For example, the Claim Administrator may pay benefits to you if you receive Covered Services from a Non-Administrator Provider. The Claim Administrator is specifically authorized by you to determine to whom any benefit payment should be made.

b. Once Covered Services are rendered by a Provider, you have no right to request the Claim Administrator not to pay the Claim submitted by such Provider and no such request will be given effect. In addition, the Claim Administrator will have no liability to you or any other person because of its rejection of such request.

c. A covered person's claim for benefits under this Health Care Plan is expressly non-assignable and non-transferable in whole or in part to any person or entity, including any Provider, at any time before or after Covered Services are rendered to a covered person. Coverage under this Health Care Plan is expressly non-assignable and non-transferable and will be forfeited if you attempt to assign or transfer coverage or aid or attempt to aid any

other person in fraudulently obtaining coverage. Any such assignment or transfer of a claim for benefits or coverage shall be null and void.

4. YOUR PROVIDER RELATIONSHIPS

a. The choice of a Provider is solely your choice and the Claim Administrator will not interfere with your relationship with any Provider.

b. The Claim Administrator does not itself undertake to furnish health care services, but solely to make payments to Providers for the Covered Services received by you. The Claim Administrator is not in any event liable for any act or omission of any Provider or the agent or employee of such Provider, including, but not limited to, the failure or refusal to render services to you. Professional services which can only be legally performed by a Provider are not provided by the Claim Administrator. Any contractual relationship between a Physician and an Administrator Provider shall not be construed to mean that the Claim Administrator is providing professional service.

c. The use of an adjective such as Participating, Administrator, Preferred or approved in modifying a Provider shall in no way be construed as a recommendation, referral, or any other statement as to the ability or quality of such Provider. In addition, the omission, non-use or non-designation of Participating, Administrator, Preferred, approved or any similar modifier or the use of a term such as Non-Administrator or Non-Participating should not be construed as carrying any statement or inference, negative or positive, as to the skill or quality of such Provider.

d. Each Provider provides Covered Services only to you and does not interact with or provide any services to your Employer (other than as an individual covered person) or your Employer's ERISA Health Benefit Program.

5. NOTICES

Any information or notice which you furnish to the Claim Administrator under the Health Care Plan as described in this benefit booklet must be in writing and sent to the Claim Administrator at its offices at 300 East Randolph, Chicago, Illinois 60601 (unless another address has been stated in this benefit booklet for a specific situation). Any information or notice which the Claim Administrator furnishes to you must be in writing and sent to you at your address as it appears on the Claim Administrator's records or in care of your Employer and if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on the Claim Administrator's records. The Claim Administrator may also provide such notices electronically to the extent permitted by applicable law.

6. LIMITATIONS OF ACTIONS

No legal action may be brought to recover under the Health Care Plan as described in this benefit booklet, prior to the expiration of sixty (60) days after a Claim has been furnished to the Claim Administrator in accordance with the requirements described in this benefit booklet. In addition, no such action shall be brought after the expiration of three (3) years after the time a Claim is required to be furnished to the Claim Administrator in accordance with the requirements described in this benefit booklet.

7. INFORMATION AND RECORDS

You agree that it is your responsibility to insure that any Provider, other Blue Cross and Blue Shield Plan, insurance company, employee benefit association, government body or program, any other person or entity, having knowledge of or records relating to (a) any illness or injury for which a Claim or Claims for benefits are made under the Health Care Plan, (b) any medical history which might be pertinent to such illness, injury, Claim or Claims, or (c) any benefits or indemnity on account of such illness or injury or on account of any previous illness or injury which may be pertinent to such Claim or Claims, furnish to the Claim Administrator or its agent, and agree that any such Provider, person or other entity may furnish to the Claim Administrator or its agent, at any time upon its request, any and all information and records (including copies of records) relating to such illness, injury, Claim or Claims. In addition, the Claim Administrator may furnish similar information and records (or copies of records) to Providers, Blue Cross and Blue Shield Plans, insurance companies, governmental bodies or programs or other entities providing insurance type benefits requesting the same. It is also your responsibility to furnish the Claim Administrator and/or your Employer information regarding your or your dependents becoming eligible for Medicare, termination of Medicare eligibility or any changes in Medicare eligibility status in order that the Claim Administrator be able to make Claim Payments in accordance with MSP laws.

8. OVERPAYMENT

If your group's benefit plan or the Claim Administrator pays benefits for eligible expenses incurred by you or your dependents and it is found that the payment was more than it should have been, or it was made in error ("Overpayment"), your group's benefit plan or the Claim Administrator has the right to obtain a refund of the Overpayment amount from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities, or organizations, including, but not limited to Participating Providers or Non-Participating Providers.

If no refund is received, your Group's benefit plan and/or Blue Cross and Blue Shield (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due up to an amount equal to the Overpayment, from:

a. Any future benefit payment made to any person or entity under this benefit booklet, whether for the same or a different member; or

b. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program and/or Blue Cross and Blue Shield administered insured benefit program or policy, if the future benefit payment owed is to a Contracted Provider; or

c. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield insured group benefit plan or individual policy, if the future benefit payment owed is to a Contracted Provider; or

d. Any future benefit payment, or other payment, made to any person or entity; or

e. Any future payment owed to one or more Contracted Providers.

Further, the Claim Administrator has the right to reduce your benefit plan's or policy's payment to a Contracted Provider by the amount necessary to recover another Blue Cross and Blue Shield's plan or policy Overpayment to the same Contracted Provider and to remit the recovered amount to the other Blue Cross and Blue Shield's plan or policy.

9. VALUE BASED DESIGN PROGRAMS

The Claim Administrator and your Employer has the right to offer medical management programs, quality improvement programs and health behavior wellness, incentive, maintenance, or improvement programs that allow for a reward, a contribution, a penalty, a differential in premiums or a differential in medical, prescription drug or equipment Copayments, Coinsurance or deductibles, or costs, or a combination of these incentives or disincentives for participation in any such program offered or administered by the Claim Administrator or an entity chosen by the Claim Administrator to administer such programs. In addition, discount, or incentive programs for various health and wellness-related or insurance-related, or other items and services may be available from time-to-time. Such programs may be discontinued with or without notice.

Contact your Employer for additional information regarding any value-based programs offered by your Employer.

REIMBURSEMENT PROVISION

If you or one of your covered dependents incur expenses for sickness or injury that occurred due to negligence of a third party and benefits are provided for Covered Services described in this benefit booklet, you agree:

a. the Claim Administrator has the rights to reimbursement for all benefits the Claim Administrator provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you or your legal representative as a result of sickness or injury, in the amount of the total Eligible Charge or Provider's Claim Charge for Covered Services for which the Claim Administrator has provided benefits to you, reduced by any Average Discount Percentage ("ADP") applicable to your Claim or Claims.

b. the Claim Administrator is assigned the right to recover from the third party, or their insurer, to the extent of the benefits the Claim Administrator provided for that sickness or injury.

The Claim Administrator shall have the right to first reimbursement out of all funds you, your covered dependents, or your legal representative, are or were able to obtain for the same expenses for which the Claim Administrator has provided benefits as a result of that sickness or injury.

You are required to furnish any information or assistance or provide any documents that the Claim Administrator may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability. (See provisions of this benefit booklet regarding "Claim Administrator's Separate Financial Arrangements with Providers.")

BENEFIT BOOKLET
NO SURPRISES ACT AMENDMENT

Amendment Effective Date: This Amendment is effective on the Employer's Contract Anniversary Date or for the Plan Year of your Employer's Group Health Plan occurring on or after January 1, 2022.

The terms of this Amendment supersede the terms of the benefit booklet to which this Amendment is attached and becomes a part of the benefit booklet. Unless otherwise required by Federal or Illinois law, in the event of a conflict between the terms on this Amendment and the terms of the benefit booklet, the terms on this Amendment apply. However, definitions set forth in this Amendment are for purposes of this Amendment only. Additionally, for purposes of this Amendment, references to You and Your mean any Member, including Subscriber and Dependents.

The benefit booklet is hereby amended as indicated below:

I. Continuity of Care

If You are under the care of a Participating Provider as defined in the benefit booklet who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), You may be able to continue coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

1. You are undergoing a course of treatment for a serious and complex condition,
2. You are undergoing institutional or inpatient care,
3. You are scheduled to undergo nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery),
4. You are pregnant or undergoing a course of treatment for Your pregnancy, or
5. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if You are currently receiving chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date The Plan notifies You of the Provider's termination, or any longer period provided by state law. If You are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery. You have the right to appeal any decision made for a request for Benefits under this provision, as explained in the benefit booklet.

II. Federal No Surprises Act

1. Definitions

The definitions below apply only to Section IV. Federal No Surprises Act, of this Amendment. To the extent the same terms are defined in both the benefit booklet and this Amendment, those terms will apply only to their use in the benefit booklet or this Amendment, respectively.

"Air Ambulance Services" means, for purposes of this Amendment only, medical transport by helicopter or airplane for patients.

"Emergency Medical Condition" means, for purposes of this Amendment only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition: (i) placing the health of the individual, or with respect to a pregnant woman her unborn child in serious jeopardy; (ii) constituting a serious impairment to bodily functions; or (iii) constituting a serious dysfunction of any bodily organ or part.

"Emergency Services" means, for purposes of this Amendment only,

- a medical screening examination performed in the emergency department of a hospital or a Freestanding Emergency Department;
- further medical examination or treatment You receive at a Hospital, regardless of the department of the Hospital, or a Freestanding Emergency Department to evaluate and treat an Emergency Medical Condition until Your condition is stabilized; and
- Covered Services You receive from a Non-Participating Provider during the same visit after Your Emergency Medical Condition has stabilized unless:
    1. Your Non-Participating Provider determines You can travel by non-medical or non-emergency transport;
    2. Your Non-Participating Provider has provided You with a notice to consent form for balance billing of services; and
    3. You have provided informed consent.

"Non-Participating Provider" means, for purposes of this Amendment only, with respect to a covered item or service, a physician or other health care provider who does not have a contractual relationship with Blue Cross and Blue Shield of Illinois (BCBSIL) for furnishing such item or service under the Plan to which this Amendment is attached.

"Non-Participating Emergency Facility" means, for purposes of this Amendment only, with respect to a covered item or service, an emergency department of a hospital or an independent freestanding emergency department that does not have a contractual relationship with BCBSIL for furnishing such item or service under the Plan to which this Amendment is attached.

"Participating Provider" means, for purposes of this Amendment only, with respect to a Covered Service, a physician or other health care provider who has a contractual relationship with BCBSIL setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached regardless whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

"Participating Facility" means, for purposes of this Amendment only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a contractual relationship with BCBSIL setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached. Whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

"Qualifying Payment Amount" means, for purposes of this Amendment only, a median of contracted rates calculated pursuant to federal or state law, regulation and/or guidance.

"Recognized Amount" means, for purposes of this Amendment only, an amount determined pursuant a state law that provides a method for determining the total amount payable for the item or service (if applicable); or, if there is no state law that provides a method for determining the total amount payable for the item or service, the lesser of the Qualifying Payment Amount or billed charges.

2. Federal No Surprises Act Surprise Billing Protections

a. The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections ("Included Services") are listed below.

- Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
- Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless You give written consent and give up balance billing protections).
- Air Ambulance Services received from a Non-Participating Provider if the services would be covered if received from a Participating Provider.

b. Claim Payments

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

c. Cost-Sharing

For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward Your Participating Provider deductible and/or out-of-pocket expense limit, if any.

3. Prohibition of Balance Billing

You are protected from balance billing on Included Services as set forth below.

If You receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill You is Your in-network cost-share. You cannot be balance billed for these Emergency Services unless You give written consent and give up Your protections not to be balanced billed for services You receive after You are in a stable condition.

When You receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill You is Your Plan's in-network cost-share requirements. When You receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill You and may not ask You to give up Your protections not to be balance billed. If You get other services at Participating Facilities, Non-Participating Providers can't balance bill You unless You give written consent and give up Your protections.

If Your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill You is Your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

NOTE: The revisions to Your Plan made by this Amendment are based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. To the extent federal regulations are adopted or additional guidance is issued by federal regulatory agencies that alter the terms of this Amendment, the regulations and any additional guidance will control over conflicting language in this Amendment.

A message from

BMO Financial Corp

This booklet describes the Health Care Plan which we provide to protect you from the financial burden of catastrophic illness or injury.

To assure the professional handling of your health care claims, we have engaged Blue Cross and Blue Shield of Illinois as Claim Administrator.

Please read the information in this benefit booklet carefully so you will have a full understanding of your health care benefits. If you want more information or have any questions about your health care benefits, please contact the Employee Benefits Department.

Sincerely,

BMO Financial Corp

NOTICE

Please note that Blue Cross and Blue Shield of Illinois has contracts with many health care Providers that provide for the Claim Administrator to receive, and keep for its own account, payments, discounts and/or allowances with respect to the bill for services you receive from those Providers.

Please refer to the provision entitled "Claim Administrator's Separate Financial Arrangements with Providers" in the GENERAL PROVISIONS section of this booklet for a further explanation of these arrangements.

Please note that the Claim Administrator has contracts, either directly or indirectly, with many prescription drug providers that provide the Claim Administrator to receive, and keep for its own account, payments, discounts and/or allowances with respect to the bill for services you receive from those providers.

Please refer to the provision entitled "Claim Administrator's Separate Financial Arrangements with Prescription Drug Providers" in the GENERAL PROVISIONS section of this booklet for a further explanation of these arrangements.

Blue Cross and Blue Shield of Illinois provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

WARNING, LIMITED BENEFITS WILL BE PAID WHEN NON-PARTICIPATING PROVIDERS ARE USED

You should be aware that when you elect to utilize the services of a Non-Participating Provider for a Covered Service in non-emergency situations, benefit payments to such Non-Participating Provider are not based upon the amount billed. The basis of your benefit payment will be determined according to your policy's fee schedule, usual and customary charge (which is determined by comparing charges for similar services adjusted to the geographical area where the services are performed), or other method as defined by the plan. YOU CAN EXPECT TO PAY MORE THAN THE COINSURANCE AMOUNT DEFINED UNDER THIS COVERAGE AFTER THE PLAN HAS PAID ITS REQUIRED PORTION. Non-Participating Providers may bill members for any amount up to the billed charge after the plan has paid its portion of the bill. Participating Providers have agreed to accept discounted payments for services with no additional billing to the member other than Coinsurance and deductible amounts. You may obtain further information about the participating status of professional providers and information on out-of-pocket expenses by calling the toll-free telephone number on your Identification Card.

BENEFIT HIGHLIGHTS

Your health care benefits are highlighted below. However, to fully understand your benefits, it is very important that you read this entire benefit booklet.

UTILIZATION MANAGEMENT AND REVIEW	A special program designed to assist you in determining the course of treatment that will maximize your benefits described in this benefit booklet
Lifetime Maximum for all Benefits	Unlimited
Individual Deductible	
— Participating Provider	$750 per benefit period
— Non-Participating and Non-Administrator Provider	$1,500 per benefit period
Family Deductible	
— Participating Provider	$1,500 per benefit period
— Non-Participating and Non-Administrator Provider	$3,000 per benefit period
Individual Out-of-Pocket Expense Limit **(does not apply to all services)**	
— Participating Provider	$3,000 per benefit period
— Non-Participating Provider	$6,000 per benefit period
— Non-Administrator Provider	No limit
Family Out-of-Pocket Expense Limit	
— Participating Provider	$6,000 per benefit period
— Non-Participating Provider	$12,000 per benefit period
— Non-Administrator Provider	No limit
Private Duty Nursing Service Benefit Maxim	60 visits per benefit period
Naprapathic Services Benefit Maximum	20 visits per benefit period
Chiropractic and Osteopathic Manipulation Benefit Maximum	20 visits per benefit period
Physical, Occupational, and Speech Therapies Combined Benefit Maximum	60 visits per benefit period

Temporomandibular Joint Dysfunction and Related Disorders Benefit Maximum	No maximum
HOSPITAL BENEFITS	
Payment level for Covered Services from a **Participating Provider:**	
— Inpatient Covered Services	80% of the Eligible Charge
— Outpatient Covered Services	80% of the Eligible Charge
— Urgent Care	$150 Copayment, then 100% of the Eligible Charge, no deductible
Payment level for Covered Services from a **Non-Participating Provider:**	
— Inpatient Covered Services	60% of the Eligible Charge
— Outpatient Covered Services	60% of the Eligible Charge
— Urgent Care	60% of the Eligible Charge
Payment level for Covered Services from a **Non-Administrator Provider**	100% of the Non-Participating Hospital Benefit Payment Level
Hospital Emergency Care	
— Payment level for Emergency Accident Care from either a Participating, Non-Participating or Non-Administrator Provider	100% of the Eligible Charge, no deductible
— Payment level for Emergency Medical Care from either a Participating, Non-Participating or Non-Administrator Provider	100% of the Eligible Charge, no deductible
Emergency Room	$300 Copayment (waived if admitted to the Hospital as an Inpatient immediately following emergency treatment)

PHYSICIAN BENEFITS

Payment level for Surgical/ Medical Covered Services	
— **Participating Provider**	80% of the Maximum Allowance
— **Non-Participating Provider**	60% of the Maximum Allowance
Payment level for Covered Services received in a Professional Provider's Office	
— Participating Provider (other than a specialist)	$25 per visit, then 100% of the Maximum Allowance, no deductible
— Participating Provider Specialist	$40 per visit, then 100% of the Maximum Allowance, no deductible
Payment level for Emergency Accident Care	80% of the Maximum Allowance
Payment level for Emergency Medical Care	80% of the Maximum Allowance

OTHER COVERED SERVICES

Payment level	80% of the Eligible Charge or Maximum Allowance

BLUE DISTINCTION CENTERS (BDC) &
BLUE DISTINCTION CENTERS PLUS (BDC+)
BENEFIT DIFFERENTIAL
(YOUR PROGRAM DEDUCTIBLE APPLIES TO THE BELOW BENEFITS, UNLESS OTHERWISE SPECIFIED.)

Payment level for Transplants	
— BDC+ Designated Center	80% of the Eligible Charge
— BDC Designated Center	80% of the Eligible Charge
— Participating Provider	60% of the Eligible Charge
— Non-Participating Provider	60% of the Eligible Charge

*BENEFITS FOR AUTISM SPECTRUM DISORDER(S) WILL NOT APPLY TOWARDS AND ARE NOT SUBJECT TO ANY PHYSICAL, SPEECH OR OCCUPATIONAL THERAPY VISITS MAXIMUM.

TO IDENTIFY NON-ADMINISTRATOR AND ADMINISTRATOR HOSPITALS OR FACILITIES, YOU SHOULD CONTACT THE CLAIM ADMINISTRATOR BY CALLING THE CUSTOMER SERVICE TOLL-FREE TELEPHONE NUMBER ON YOUR IDENTIFICATION CARD.

DEFINITIONS SECTION

Throughout this benefit booklet, many words are used which have a specific meaning when applied to your health care coverage. These terms will always begin with a capital letter. When you come across these terms while reading this benefit booklet, please refer to these definitions because they will help you understand some of the limitations or special conditions that may apply to your benefits. If a term within a definition begins with a capital letter, that means that the term is also defined in these definitions. All definitions have been arranged in ALPHABETICAL ORDER.

A1C TESTING....means blood sugar level testing used to diagnose prediabetes, type I diabetes, and type II diabetes, and to monitor management of blood sugar levels.

ACUPUNCTURIST.....means a duly licensed acupuncturist operating within the scope of their license.

ACUTE TREATMENT SERVICES.....means a 24-hour medically supervised addiction treatment that provides evaluation and withdrawal management and may include biopsychosocial assessment, individual and group counseling, psychoeducational groups, and discharge planning.

ADMINISTRATOR HOSPITAL.....SEE DEFINITION OF HOSPITAL.

ADMINISTRATOR PROGRAM.....means programs for which a Hospital has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide service to you at the time services are rendered to you. These programs are limited to a Partial Hospitalization Treatment Program or Coordinated Home Care Program.

ADMINISTRATOR PROVIDER.....SEE DEFINITION OF PROVIDER.

ADVANCED PRACTICE NURSE.....means Certified Clinical Nurse Specialist, Certified Nurse-Midwife, Certified Nurse Practitioner or Certified Registered Nurse Anesthetist operating within the scope of their certification.

AMBULANCE TRANSPORTATION.....means local transportation in specially equipped certified ground and air ambulance options from your home, scene of accident or medical emergency to a Hospital, between Hospital and Hospital, between Hospital and Skilled Nursing Facility or from a Skilled Nursing Facility or Hospital to your home. If there are no facilities in the local area equipped to provide the care needed, Ambulance Transportation then means the transportation to the closest facility that can provide the necessary service. Ambulance Transportation provided for the convenience of you, your family/caregivers or Physician, or the transferring facility, is not considered Medically Necessary and is not covered under this health care plan.

AMBULANCE TRANSPORTATION ELIGIBLE CHARGE.....means i) for ambulance providers that bill for Ambulance Transportation services through a Participating Hospital the Ambulance Transportation Eligible Charge is the applicable ADP, and ii) for all other ambulance providers, the Ambulance Transportation Eligible Charge is such provider's Billed Charge.

AMBULATORY SURGICAL FACILITY.....means a facility (other than a Hospital) whose primary function is the provision of surgical procedures on an ambulatory basis, and which is duly licensed by the appropriate state and local authority to provide such services.

An "Administrator Ambulatory Surgical Facility" means an Ambulatory Surgical Facility which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Ambulatory Surgical Facility" means an Ambulatory Surgical Facility which does not meet the definition of an Administrator Ambulatory Surgical Facility.

ANESTHESIA SERVICES.....means the administration of anesthesia and the performance of related procedures by a Physician or a Certified Registered Nurse Anesthetist which may be legally rendered by them, respectively.

APPROVED CLINICAL TRIAL.....means a phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the preventive, detection or treatment of cancer or other life-threatening disease or condition and is one of the following:

(i) A federally funded or approved trial,

(ii) A clinical trial conducted under an FDA experimental/investigational new drug application, or

(iii) A drug that is exempt from the requirement of an FDA experimental/investigational new drug application.

AUDIOLOGIST.....means a duly licensed Audiologist operating within the scope of their license.

A "Participating Audiologist" means an Audiologist who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time Covered Services are rendered.

A "Non-Participating Audiologist" means an Audiologist who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide Covered Services to you at the time Covered Services are rendered.

AUTISM SPECTRUM DISORDER(S).....means pervasive developmental disorders as defined in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders*, including autism, Asperger's disorder and pervasive developmental disorders not otherwise specified.

AVERAGE DISCOUNT PERCENTAGE ("ADP").....means a percentage discount determined by the Claim Administrator that will be applied to a Provider's Eligible Charge for Covered Services rendered to you by Hospitals and certain other health care facilities for purposes of calculating Coinsurance amounts, deductibles, out-of-pocket maximums and/or any benefit maximums. The ADP will often vary from Claim-to-Claim. The ADP applicable to a particular Claim for Covered Services is the ADP, current on the date the Covered Service is rendered, that is determined by the Claim Administrator to be relevant to the particular Claim. The ADP reflects the Claim Administrator's reasonable estimate of average payments, discounts and/or other allowances that will result from its contracts with Hospitals and other facilities under circumstances similar to those involved in the particular Claim, reduced by an amount not to exceed 15% of such estimate, to reflect related costs. (See provisions of this benefit booklet regarding "Claim Administrator's Separate Financial Arrangements with Providers.") In determining the ADP applicable to a particular Claim, the Claim Administrator will take into account differences among Hospitals and other facilities, the Claim Administrator's contracts with Hospitals and other facilities, the nature of the Covered Services involved and other relevant factors. The ADP shall not apply to Eligible Charges when your benefits under the Health Care Plan are secondary to Medicare and/or coverage under any other group program.

BEHAVIORAL HEALTH PRACTITIONER.....means a Physician or Professional Provider who is duly licensed to render services for Mental Illness or Substance Use Disorders and is operating within the scope of such license.

BEHAVIORAL HEALTH UNIT.....means a unit established to assist in the administration of Mental Illness and Substance Use Disorder Treatment benefits, including Prior Authorization, Emergency Mental Illness or Substance Use Disorder Admission Review and length of stay/service review for Inpatient Hospital admissions and/or review of Outpatient services for the treatment of Mental Illness and Substance Use Disorder.

BILLED CHARGES.....means the total gross amounts billed by Providers to the Claim Administrator on a Claim, which constitutes the usual retail price that the Provider utilizes to bill patients or any other party that may be responsible for payment of the services rendered without regard to any payor, discount or reimbursement arrangement that may be applicable to any particular patient. This list of retail prices is also sometimes described in the health care industry as a "chargemaster."

BIOMARKER TESTING.....means the analysis of tissue, blood, or fluid biospecimen for the presence of a biomarker, including, but not limited to singly-analyte tests, multi-plex panel tests, and partial or whole genome sequencing.

BLUE DISTINCTION CENTERS (BDC).....means a health care Provider, Hospital, or medical facility recognized for their expertise in delivering specialty care. Please see the section entitled "Blue Distinction Centers" for more information.

BLUE DISTINCTION CENTERS+ (BDC+).....means a health care Provider, Hospital, or medical facility recognized for their expertise and efficiency in delivering specialty care. Please see the section entitled "Blue Distinction Centers" for more information.

BLUE DISTINCTION CENTERS (BDC) and BLUE DISTINCTION CENTERS+ (BDC+) BENEFIT DIFFERENTIAL PRODUCT.....means your employer has chosen to provide a lower out-of-pocket cost when you utilize a BDC or BDC+ designated provider for certain specialty care procedures and treatment.

CARE COORDINATION.....means organized, information-driven patient care activities intended to facilitate the appropriate responses to participant's health care needs cross the continuum of care.

CARE COORDINATION FEE.....means a fixed amount paid by a Blue Cross and/or Blue Shield plan to Providers.

CERTIFIED CLINICAL NURSE SPECIALIST.....means a nurse specialist who (a) is licensed under the Nursing and Advanced Practice Nursing Act; (b) has an arrangement or agreement with a Physician for obtaining medical consultation, collaboration, and hospital referral and (c) meets the following qualifications:

(i) is a graduate of an approved school of nursing and holds a current license as a registered nurse and is operating within the scope of such license; and

(ii) is a graduate of an advanced practice nursing program.

A "Participating Certified Clinical Nurse Specialist" means a Certified Clinical Nurse Specialist who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Certified Clinical Nurse Specialist" means a Certified Clinical Nurse Specialist who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CERTIFIED NURSE-MIDWIFE.....means a nurse-midwife who (a) practices according to the standards of the American College of Nurse-Midwives; (b) has an arrangement or agreement with a Physician for obtaining medical consultation, collaboration, and hospital referral and (c) meets the following qualifications:

(i) is a graduate of an approved school of nursing and holds a current license as a registered nurse and is operating within the scope of such license; and

(ii) is a graduate of a program of nurse-midwives accredited by the American College of Nurse Midwives or its predecessor.

A "Participating Certified Nurse-Midwife" means a Certified Nurse-Midwife who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Certified Nurse-Midwife" means a Certified Nurse-Midwife who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CERTIFIED NURSE PRACTITIONER.....means a nurse practitioner who (a) is licensed under the Nursing and Advanced Practice Nursing Act; (b) has an arrangement or agreement with a Physician for obtaining medical consultation, collaboration, and hospital referral and (c) meets the following qualifications:

(i) is a graduate of an approved school of nursing and holds a current license as a registered nurse and is operating within the scope of such license; and

(ii) is a graduate of an advanced practice nursing program.

A "Participating Certified Nurse Practitioner" means a Certified Nurse Practitioner who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Certified Nurse Practitioner" means a Certified Nurse Practitioner who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CERTIFIED REGISTERED NURSE ANESTHETIST or CRNA.....means a nurse anesthetist who: (a) is a graduate of an approved school of nursing and is duly licensed as a registered nurse and is operating within the scope of such license; (b) is a graduate of an approved program of nurse anesthesia accredited by the Council of Accreditation of Nurse Anesthesia Education Programs/Schools or its predecessors; (c) has been certified by the Council of

Certification of Nurse Anesthetists or its predecessors; and (d) is recertified every two years by the Council on Recertification of Nurse Anesthetists.

A "Participating Certified Registered Nurse Anesthetist" means a Certified Registered Nurse Anesthetist who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Certified Registered Nurse Anesthetist" means a Certified Registered Nurse Anesthetist who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CHEMOTHERAPY.....means the treatment of malignant conditions by pharmaceutical and/or biological anti-neoplastic drugs.

CHIROPRACTOR.....means a duly licensed chiropractor and is operating within the scope of their license.

CLAIM.....means notification in a form acceptable to the Claim Administrator that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished (including appropriate codes), the date of service, the diagnosis (including appropriate codes), the Claim Charge, and any other information which the Claim Administrator may request in connection with services rendered to you.

CLAIM ADMINISTRATOR.....means Blue Cross and Blue Shield of Illinois.

CLAIM CHARGE.....means the amount which appears on a Claim as the Provider's charge for service rendered to you, without adjustment or reduction and regardless of any separate financial arrangement between the Claim Administrator and a particular Provider. (See provisions regarding "The Claim Administrator's Separate Financial Arrangements with Providers" in the GENERAL PROVISIONS section of this benefit booklet.)

CLAIM PAYMENT.....means the benefit payment calculated by the Claim Administrator, after submission of a Claim, in accordance with the benefits described in this benefit booklet. All Claim Payments will be calculated on the basis of the Eligible Charge for Covered Services rendered to you, regardless of any separate financial arrangement between the Claim Administrator and a particular Provider. (See provisions regarding "The Claim Administrator's Separate Financial Arrangements with Providers" in the GENERAL PROVISIONS section of this benefit booklet.)

CLINICAL LABORATORY.....means a clinical laboratory which complies with the licensing and certification requirements under the Clinical Laboratory Improvement Amendments of 1988, the Medicare and Medicaid programs and any applicable state and local statutes and regulations.

A "Participating Clinical Laboratory" means a Clinical Laboratory which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Clinical Laboratory" means a Clinical Laboratory which does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan provide services to you at the time services are rendered.

CLINICAL PROFESSIONAL COUNSELOR.....means a duly licensed clinical professional counselor operating within the scope of their license.

A "Participating Clinical Professional Counselor" means a Clinical Professional Counselor who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Clinical Professional Counselor" means a Clinical Professional Counselor who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CLINICAL SOCIAL WORKER.....means a duly licensed clinical social worker operating within the scope of their license.

A "Participating Clinical Social Worker" means a Clinical Social Worker who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Clinical Social Worker" means a Clinical Social Worker who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

CLINICAL STABILIZATION SERVICES.....means a 24-hour treatment, usually following acute treatment services for Substance Use Disorder, which may include intensive education and counseling regarding the nature of addiction and its consequences, relapse prevention, outreach to families and significant others, and aftercare planning for individuals beginning to engage in recovery from addiction.

CLINICIAN.....means a person operating within the scope of their license, registration or certification in the clinical practice or medicine, psychiatry, psychology, or behavior analysis.

COBRA.....means those sections of the Consolidated Omnibus Budget Reconciliation Act of 1985 (P.L. 99-272), as amended, which regulate the conditions and manner under which an employer can offer continuation of group health insurance to Eligible Persons whose coverage would otherwise terminate under the terms of this program.

COINSURANCE.....means a percentage of an eligible expense that you are required to pay towards a Covered Service.

COMPLICATIONS OF PREGNANCY.....means all physical effects suffered as a result of pregnancy which would not be considered the effect of normal pregnancy.

CONGENITAL OR GENETIC DISORDER.....means a disorder that includes, but is not limited to, hereditary disorders. Congenital or Genetic Disorders may also include, but is not limited to, Autism or an Autism Spectrum Disorder, cerebral palsy, and other disorders resulting from early childhood illness, trauma, or injury.

CONTRACTED PROVIDER.....means a Participating Provider and a Participating Professional Provider, collectively.

COORDINATED HOME CARE PROGRAM.....means an organized skilled patient care program in which care is provided in the home. Care may be provided by a Hospital's licensed home health department or by other licensed home health agencies. You must be homebound (that is, unable to leave home without assistance and requiring supportive devices or special transportation) and you must require Skilled Nursing Service on an intermittent basis under the direction of your Physician, a Physician Assistant who has been authorized by a Physician to prescribe those services, or an advanced practice nurse with a collaborating agreement with a Physician that delegates that authority. This program includes physical, occupational and speech therapists, and necessary medical supplies. The program does not include and is not intended to provide benefits for Private Duty Nursing Service or Custodial Care Service. It also does not cover services for activities of daily living (personal hygiene, cleaning, cooking, etc.).

An "Administrator Coordinated Home Care Program" means a Coordinated Home Care Program which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide service to you at the time service is rendered to you.

A "Non-Administrator Coordinated Home Care Program" means a Coordinated Home Care Program which does not have an agreement with the Claim Administrator or a Blue Cross Plan but has been certified as a home health agency in accordance with the guidelines established by Medicare.

COPAYMENT.....means a specified dollar amount that you are required to pay towards a Covered Service.

COURSE OF TREATMENT.....means any number of dental procedures or treatments performed by a Dentist or Physician in a planned series resulting from a dental examination in which the need for such procedures or treatments was determined.

COVERAGE DATE.....means the date on which your coverage under the Health Care Plan begins.

COVERED SERVICE.....means a service and supply specified in this benefit booklet for which benefits will be provided.

CREDITABLE COVERAGE.....means coverage you had under any of the following:

(i) A group health plan.

(ii) Health insurance coverage for medical care under any hospital or medical service policy plan, hospital or medical service plan contract, or HMO contract offered by a health insurance issuer.

(iii) Medicare (Parts A or B of Title XVIII of the Social Security Act).

(iv) Medicaid (Title XIX of the Social Security Act).

(v) Medical care for members and certain former members of the uniformed services and their dependents.

(vi) A medical care program of the Indian Health Service or of a tribal organization.

(vii) A State health benefits risk pool.

(viii) A health plan offered under the Federal Employees Health Benefits Program.

(ix) A public health plan established or maintained by a State or any political subdivision of a State, the U.S. government, or a foreign country.

(x) A health plan under Section 5(e) of the Peace Corps Act.

(xi) State Children's Health Insurance Program (Title XXI of the Social Security Act).

CUSTODIAL CARE SERVICE.....means any service primarily for personal comfort or convenience that provides general maintenance, preventive, and/or protective care without any clinical likelihood of improvement of your condition. Custodial Care Services also means those services which do not

require the technical skills, professional training and clinical assessment ability of medical and/or nursing personnel in order to be safely and effectively performed. These services can be safely provided by trained or capable non-professional personnel, are to assist with routine medical needs (including but not limited to dressings, administration of routine medications, ventilator suctioning and other care) and are to assist with activities of daily living (including but not limited to bathing, eating, and dressing).

DEDUCTIBLE.....means the amount of expense that you must incur in Covered Services before benefits are provided.

DENTIST.....means a duly licensed dentist operating within the scope of their license.

DIAGNOSTIC MAMMOGRAM.....means a mammogram obtained using Diagnostic Mammography.

DIAGNOSTIC MAMMOGRAPHY.....means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

DIAGNOSTIC SERVICE.....means tests rendered for the diagnosis of your symptoms and which are directed toward evaluation or progress of a condition, disease, or injury. Such tests include, but are not limited to, x-rays, pathology services, clinical laboratory tests, pulmonary function studies, electrocardiograms, electroencephalograms, radioisotope tests, electromyograms, magnetic resonance imaging (MRI), computed tomography (CT) scans and positron emission tomography (PET) scans.

DIALYSIS FACILITY.....means a facility (other than a Hospital) whose primary function is the treatment and/or provision of maintenance and/or training dialysis on an ambulatory basis for renal dialysis patients and which is duly licensed by the appropriate governmental authority to provide such services, when operating within the scope of such license.

An "Administrator Dialysis Facility" means a Dialysis Facility which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Dialysis Facility" means a Dialysis Facility which does not have an agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan but has been certified in accordance with the guidelines established by Medicare.

DOMESTIC PARTNER.....means a person with whom you have entered into a Domestic Partnership.

DOMESTIC PARTNERSHIP.....means long-term committed relationship of indefinite duration with a person of the same or opposite sex which meets the following criteria:

(i) you and your Domestic Partner have lived together for at least 6 months,

(ii) neither you nor your Domestic Partner is married to anyone else or has another Domestic Partner,

(iii) your Domestic Partner is at least 18 years of age and mentally competent to consent to contract,

(iv) your Domestic Partner resides with you and intends to do so indefinitely,

(v) you and your Domestic Partner have an exclusive mutual commitment similar to marriage, and

(vi) you and your Domestic Partner are not related by blood closer than would bar marriage in the state of your legal residence (i.e., the blood relationship is not one which would forbid marriage in the state of your residence, if you and the Domestic Partner were of the opposite sex).

You and your Domestic Partner must be jointly responsible for each other's common welfare and must share financial obligations. Joint responsibility may be demonstrated by the existence of at least 3 of the following: a signed Affidavit of Domestic Partnership, a joint mortgage or lease, designation of you or your Domestic Partner as a beneficiary in the other partner's life insurance and retirement contract, designation of you or your Domestic Partner as the primary beneficiary in your or your Domestic Partner's will, durable property and health care powers of attorney, or joint ownership of a motor vehicle, checking account or credit account.

DURABLE MEDICAL EQUIPMENT PROVIDER.....means a duly licensed durable medical equipment provider, when operating within the scope of such license.

A "Participating Durable Medical Equipment Provider" means a Durable Medical Equipment Provider who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Durable Medical Equipment Provider" means a Durable Medical Equipment Provider who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

EARLY ACQUIRED DISORDER.....means a disorder resulting from illness, trauma, injury, or some other event or condition suffered by a child prior to that child developing functional life skills such as, but not limited to, walking, talking or self-help skills. Early Acquired Disorder may include, but is not limited to, Autism or an Autism Spectrum Disorder and cerebral palsy.

ELIGIBLE CHARGE.....means (a) in the case of a Provider, other than a Professional Provider, which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide care to covered persons in the benefit program or is designated as a Participating Provider by any Blue Cross and/or Blue Shield Plan at the time Covered Services for medical benefits are rendered by a Participating Provider, such Participating Provider's Claim Charge for Covered Services and (b) in the case of a Provider, other than a Professional Provider, which does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide care to participants in the benefit program, or is not designated as a Participating Provider by any Blue Cross and/or Blue Shield Plan at the time Covered Services for medical benefits are rendered ("Non-Participating Provider"), the following amount (unless otherwise required by applicable law or arrangement with the Non-Participating Provider):

(i) the lesser of (a) the Provider's Billed Charges and (b) an amount determined by the Claim Administrator to be approximately 150% of the base Medicare reimbursement rate, excluding any Medicare adjustment(s) which is/are based on information on the Claim; or

(ii) if there is no base Medicare reimbursement rate available for a particular Covered Service, or if the base Medicare reimbursement amount cannot otherwise be determined under subsection (i) above based upon the information submitted on the Claim, the lesser of (a) the Provider's Billed Charges and (b) an amount determined by the Claim Administrator to be 150% of the Maximum Allowance that would apply if the services were rendered by a Participating Professional Provider on the date of service; or

(iii) if the base Medicare reimbursement amount and the Eligible Charge cannot be determined under subsections (i) or (ii) above, based upon the information submitted on the Claim, then the amount will be 135% of the Provider's Billed Charges, provided, however, that the Claim Administrator may limit such amount to the lowest contracted rate that the Claim Administrator has with a Participating Provider for the same or similar services based upon the type of provider and the information submitted on the Claim, as of January 1 of the same year that the Covered Services are rendered to the covered person.

The Claim Administrator will utilize the same Claim processing rules, edits, or methodologies that it utilizes in processing Participating Provider Claims for processing Claims submitted by Non-Participating or Non-Administrator

Providers which may also alter the non-contracting Eligible Charge for a particular service. In the event the Claim Administrator does not have any Claim edits, rules or methodologies, the Claim Administrator may utilize the Medicare claim rules or edits that are used by Medicare in processing the Claims. The non-contracting Eligible Charge will not include any additional payments that may be permitted under the Medicare laws or regulations which are not directly attributable to a specific Claim, including, but not limited to, disproportionate share payments and graduate medical education payments. In the event the non-contracting Eligible Charge amount does not equate to the Non-Participating Provider's Claim Charge, you will be responsible for the difference between such amount and the Claim Charge, along with any applicable Copayment, Coinsurance, and deductible amount(s).

Any change to the Medicare reimbursement amount will be implemented by the Claim Administrator within one hundred and ninety (190) days after the effective date that such change is implemented by the Centers for Medicaid and Medicare Services, or its successor.

ELIGIBLE PERSON.....means an employee of the Employer who meets the eligibility requirements for this health and/or dental coverage, as described in the ELIGIBILITY SECTION of this benefit booklet.

EMERGENCY ACCIDENT CARE.....means the initial Outpatient treatment of accidental injuries including related Diagnostic Services. The initial Outpatient treatment does not include surgical procedures, including but not limited to, stitching, gluing, and casting.

EMERGENCY MEDICAL CARE.....means services provided for the initial Outpatient treatment, including related Diagnostic Services, of a medical condition displaying itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect that the absence of immediate medical attention could result in:

(i) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;

(ii) serious impairment to bodily functions; or

(iii) serious dysfunction of any bodily organ or part.

Examples of symptoms that may indicate the presence of an emergency medical condition include, but are not limited to, difficulty breathing, severe chest pains, convulsions, or persistent severe abdominal pains.

EMERGENCY MENTAL ILLNESS OR SUBSTANCE USE DISORDER ADMISSION.....means an admission for the treatment of Mental Illness or Substance Use Disorders as a result of the sudden and unexpected onset of a Mental Illness or Substance Use Disorders condition such that a prudent

layperson, who possesses an average knowledge of health and medicine, could reasonably expect that in the absence of immediate medical treatment would likely result in serious and permanent medical consequences to oneself or others.

EMPLOYER.....means the company with which you are employed.

ENROLLMENT DATE.....means the first day of coverage under your Employer's health plan or, if your Employer has a waiting period prior to the effective date of your coverage, the first day of the waiting period (typically, the date employment begins).

EXPERIMENTAL/INVESTIGATIONAL or EXPERIMENTAL/INVESTIGATIONAL SERVICES AND SUPPLIES.....means the use of any treatment, procedure, facility, equipment, drug, device, or supply not accepted as Standard Medical Treatment for the condition being treated or, if any of such items required federal or other governmental agency approval, such approval was not granted at the time services were provided. Approval by a federal agency means that the treatment, procedure, facility, equipment, drug, device, or supply has been approved for the condition being treated and, in the case of a drug, in the dosage used on the patient. As used herein, medical treatment includes medical, surgical, mental health treatment, Substance Use Disorder Treatment, or dental treatment.

Standard Medical Treatment means the services or supplies that are in general use in the medical community in the United States, and:

- have been demonstrated in peer reviewed literature to have scientifically established medical value for curing or alleviating the condition being treated;
- are appropriate for the Hospital or Facility Other Provider in which they were performed; and
- the Physician or Professional Other Provider has had the appropriate training and experience to provide the treatment or procedure.

The medical staff of the Claim Administrator shall determine whether any treatment, procedure, facility, equipment, drug, device, or supply is Experimental/Investigational, and will consider the guidelines and practices of Medicare, Medicaid, or other government-fixed programs in making its determination.

Although a Physician or Professional Provider may have prescribed treatment, and the services or supplies may have been provided as the treatment of last resort. The Claim Administrator still may determine such services or supplies to be Experimental/Investigational with this definition. Treatment provided as part of a clinic trial or research study is Experimental/Investigational.

Approval by a government or regulatory agency will be taken into consideration in assessing Experimental/Investigational status of a drug, device, biological product, supply and equipment for medical treatment or procedure but will not be determinative.

FAMILY COVERAGE.....means coverage for you and your eligible dependents under the Health Care Plan.

HABILITATIVE SERVICES.....means Occupational Therapy, Physical Therapy, Speech Therapy, and other health care services that help an eligible person keep, learn, or improve skills and functioning for daily living, as prescribed by a Physician pursuant to a treatment plan. Examples include therapy for a child who isn't walking or talking at the expected age and includes therapy to enhance the ability of a child to function with a Congenital, Genetic, or Early Acquired Disorder. These services may include Physical Therapy and Occupational Therapy, speech-language pathology, and other services for an eligible person with disabilities in a variety of Inpatient and/or Outpatient settings, with coverage as described in this benefit booklet.

HOME INFUSION THERAPY PROVIDER.....means a duly licensed home infusion therapy provider, when operating within the scope of such license.

A "Participating Home Infusion Therapy Provider" means a Home Infusion Therapy Provider who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Home Infusion Therapy Provider" means a Home Infusion Therapy Provider who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

HOSPICE CARE PROGRAM PROVIDER.....means an organization duly licensed to provide Hospice Care Program Service, when operating within the scope of such license.

A "Participating Hospice Care Program Provider" means a Hospice Care Program Provider that either: (i) has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield to provide services to participants in this benefits program, or; (ii) a Hospice Care Program Provider which has been designated by a Blue Cross and/or Blue Shield Plan as a Participating Provider Option program.

A "Non-Participating Hospice Care Program Provider" means a Hospice Care Program Provider that either: (i) does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield to provide services to participants in this benefits program, or; (ii) a Hospice Care Program Provider which has not been designated by a Blue Cross and/or Blue Shield Plan as a Participating Provider Option program.

HOSPICE CARE PROGRAM SERVICE.....means a centrally administered program designed to provide for the physical, psychological, and spiritual care for dying persons and their families. The goal of hospice care is to allow the dying process to proceed with a minimum of patient discomfort while maintaining dignity and a quality of life. Hospice Care Program Service is available in the home, Skilled Nursing Facility, or special hospice care unit.

HOSPITAL.....means a facility which is a duly licensed institution for the care of the sick which provides services under the care of a Physician including the regular provision of bedside nursing by registered nurses and which is either accredited by the Joint Commission on Accreditation of Hospitals or certified by the Social Security Administration as eligible for participation under Title XVIII, Health Insurance for the Aged and Disabled.

An "Administrator Hospital" means a Hospital which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Hospital" means a Hospital that does not meet the definition of an Administrator Hospital.

A "Participating Hospital" means an Administrator Hospital that has an agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide Hospital services to participants in the Participating Provider Option program.

A "Non-Participating Hospital" means an Administrator Hospital that does not meet the definition of a Participating Hospital.

IATROGENIC INFERTILITY.....means an impairment of fertility by Surgery, radiation, Chemotherapy, or other medical treatment affecting reproductive organs or processes.

INDIVIDUAL COVERAGE.....means coverage under the Health Care Plan for yourself but not your spouse and/or dependents.

INFERTILITY.....means the inability to conceive a child after one year of unprotected sexual intercourse or the inability to attain or maintain a viable pregnancy or sustain a successful pregnancy.

INFUSION THERAPY.....means the administration of medication through a needle or catheter. It is prescribed when a patient's condition is so severe that it cannot be treated effectively by oral medications. Typically, "Infusion Therapy" means that a drug is administered intravenously, but the term also may refer to situations where drugs are provided through other non-oral routes, such as intramuscular injections and epidural routes (into the membranes surrounding the spinal cord). Infusion Therapy, in most cases, requires health care professional services for the safe and effective administration of the medication.

INPATIENT.....means that you are a registered bed patient and are treated as such in a health care facility.

INTENSIVE OUTPATIENT PROGRAM.....means a freestanding or Hospital-based program that provides services for at least 3 hours per day, 2 or more days per week, to treat Mental Illness or Substance Use Disorder or specializes in the treatment of co-occurring Mental Illness and Substance Use Disorder. Requirements: the Claims Administrator requires that any Mental Illness and/or Substance Use Disorder Intensive Outpatient Program must be licensed in the state where it is located, or accredited by a national organization that is recognized by the Claims Administrator, as set forth in the current credentialing policy, and otherwise meets all other credentialing requirements set forth in such policy.

Intensive Outpatient Program services may be available with less intensity if you are recovering from severe and/or chronic Mental Illness and/or Substance Use Disorder conditions. If you are recovering from severe and/or chronic Mental Illness and/or Substance Use Disorder conditions, services may include psychotherapy, pharmacotherapy, and other interventions aimed at supporting recovery such as the development of recovery plans and advance directives, strategies for identifying and managing early warning signs of relapse, development of self-management skills, and the provision of peer support services.

Intensive Outpatient Programs may be used as an initial point of entry into care, as a step up from routine Outpatient services, or as a step down from acute Inpatient, residential care or a Partial Hospitalization Treatment Program.

LIFE-THREATENING DISEASE OR CONDITION.....means, for the purposes of a clinical trial, any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

LONG TERM CARE SERVICES.....means those social services, personal care services and/or Custodial Care Services needed by you when you have lost some capacity for self-care because of a chronic illness, injury, or condition.

MAINTENANCE CARE.....means those services administered to you to maintain a level of function at which no demonstrable and/or measurable improvement of condition will occur.

MAINTENANCE OCCUPATIONAL THERAPY, MAINTENANCE PHYSICAL THERAPY, and/or MAINTENANCE SPEECH THERAPY.....means therapy administered to you to maintain a level of function at which no demonstrable and measurable improvement of a condition will occur.

MARRIAGE AND FAMILY THERAPIST ("LMFT").....means a duly licensed marriage and family therapist operating within the scope of their license.

A "Participating Marriage and Family Therapist" means a Marriage and Family Therapist who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Marriage and Family Therapist" means a Marriage and Family Therapist who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

MATERNITY SERVICE.....means the services rendered for normal pregnancy. A normal pregnancy means an intrauterine pregnancy which, through vaginal delivery, results in an infant, who is not premature or preterm. Premature or preterm means an infant born with a low birth weight, 5.5 pounds or less, or an infant born at 37 weeks or less.

MAXIMUM ALLOWANCE.....means (a) the amount which Participating Professional Providers have agreed to accept as payment in full for a particular Covered Service, or the reimbursement amount set by the Claim Administrator, or the Host Blue Plan for Providers designated as Participating Professional Providers for a particular Covered Service. All benefit payments for Covered Services rendered by a Participating Professional Provider will be based on the Schedule of Maximum Allowances which such Provider has agreed to accept as payment in full (b) for Non-Participating Professional Providers, the Maximum Allowance will be the lesser of (unless otherwise required by applicable law or arrangement with Non-Participating Providers):

(i) the Provider's Billed Charges, or;

(ii) the Claim Administrator's non-contracting Maximum Allowance. Except as otherwise provided in this section, the non-contracting Maximum Allowance is developed from base Medicare reimbursements and represents approximately 150% of the base Medicare reimbursement rate and will exclude any Medicare adjustment(s) which is/are based on information on the Claim. Notwithstanding the preceding sentence, (1) the non-contracting Maximum Allowance for Coordinated Home Care Program Covered Services will be 50% of the Non-Participating Professional Providers Billed Charges for such Covered Services, (2) the non-contracting Maximum Allowance for Ambulance Transportation services provided by Providers (other than Providers that bill through a Participating Provider, which use "Eligible Charge") will be such provider's Billed Charge, as described in the definition of Ambulance Transportation Eligible Charge, and (3) the non-contracting Maximum Allowance for other unsolicited Providers will be the same as the Maximum Allowance described in (a) above.

When a Medicare reimbursement rate is not available for a Covered Service or is unable to be determined based on the information submitted on the Claim, the Maximum Allowance for Non-Participating Professional Providers will be 100% of the Claim Administrator's rate for such Covered Services according to its current Schedule of Maximum Allowances. If there is no rate according to the Schedule of Maximum Allowances, then the Maximum Allowance will be 25% of Claim Charges.

The Claim Administrator will utilize the same Claim processing rules, edits, or methodologies that it utilizes in processing Participating Professional Provider Claims for processing Claims submitted by Non-Participating Professional Providers which may also alter the non-contracting Maximum Allowance for a particular Covered Service. In the event the Claim Administrator does not have any Claim edits, rules or methodologies, the Claim Administrator may utilize the Medicare claim rules or edits that are used by Medicare in processing such Claims. The non-contracting Maximum Allowance will not include any additional payments that may be permitted under the Medicare laws or regulations which are not directly attributable to a specific Claim, including, but not limited to, disproportionate share payments and graduate medical education payments. In the event the non-contracting Maximum Allowance amount does not equate to the Non-Participating Professional Provider's Claim Charge, you will be responsible for the difference between such amount and the Claim Charge, along with any applicable Copayment, Coinsurance, and deductible amount(s).

Any change to the Medicare reimbursement amount will be implemented by the Claim Administrator within one hundred and ninety (190) days after the effective date that such change is implemented by the Centers for Medicaid and Medicare Services, or its successor.

MEDICAL CARE.....means the ordinary and usual professional services rendered by a Physician or other specified Provider during a professional visit for treatment of an illness or injury.

MEDICALLY NECESSARY/MEDICAL NECESSITY.....means that a specific medical, health care, supply or Hospital service is required for the treatment or management of a medical symptom or condition, and that the service, supply, or care provided is the most efficient and economical service which can safely be provided.

The fact that your Physician may prescribe, order, recommend, approve, or view hospitalization or other health care services and supplies as Medically Necessary, does not make the hospitalization, services or supplies Medically Necessary and does not mean that the Claim Administrator will pay the cost of the hospitalization, services, or supplies. Please refer to the *Exclusions – What Is Not Covered* section of this booklet for additional information.

The Claim Administrator will make the initial decision whether hospitalization or other health care services or supplies were not Medically Necessary. In most instances this initial decision is made by the Claim Administrator AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE

RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED. In making decisions of whether the hospitalization or other health care service(s) or supply(ies) are not Medically Necessary, and therefore not eligible for payment under the terms of this Plan, the Claim Administrator will take into account the information submitted to the Claim Administrator by your Provider(s), including any consultations with such Providers(s).

Hospitalization or other health care is not Medically Necessary when, applying the definition of Medical Necessary to the circumstances surrounding the hospitalization or other health care, it is determined that the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital, or some other setting without adversely affecting the patient's condition.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's initial decision, your benefit program provides for an appeal of that decision. You must exercise your right to this appeal as a precondition to the taking of any further action against the Claim Administrator, either at law or in equity. To initiate your appeal, you must give the Claim Administrator written notice of your intention to do so as described in the *Claim Filing and Appeals Procedures* section of this booklet.

Below are some examples, not an exhaustive list, of hospitalization or other health care services and supplies that are not Medically Necessary:

1. Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
2. Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.
3. Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.
4. Hospitalization or admission to a Skilled Nursing Facility or Residential Treatment Center, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
5. The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or their family members.

MEDICARE.....means the program established by Title XVIII of the Social Security Act (42 U.S.C. §1395 et seq.).

MEDICARE APPROVED or MEDICARE PARTICIPATING.....means a Provider which has been certified or approved by the Department of Health and Human Services for participating in the Medicare program.

MEDICARE SECONDARY PAYER or MSP.....means those provisions of the Social Security Act set forth in 42 U.S.C. §1395 y (b), and the implemented regulations set forth in 42 C.F.R. Part 411, as amended, which regulate the manner in which certain employers may offer group health care coverage to Medicare-eligible employees, their spouses and, in some cases, dependent children.

MENTAL ILLNESS.....means a condition or disorder that involves a mental health condition or Substance Use Disorder that falls under any of the diagnostic categories listed in the mental and behavioral disorders chapter of the current edition of the International Classification of Disease or that is listed in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders.

NAPRAPATH.....means a duly licensed Naprapath operating within the scope of such license.

A "Participating Naprapath" means a Naprapath who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Naprapath" means a Naprapath who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

NON-ADMINISTRATOR HOSPITAL.....SEE DEFINITION OF HOSPITAL.

NON-ADMINISTRATOR PROVIDER.....SEE DEFINITION OF PROVIDER.

NON-EMERGENCY FIXED-WING AMBULANCE TRANSPORTATION .....means Ambulance Transportation on a fixed-wing airplane from a Hospital emergency department, other health care facility or Inpatient setting to an equivalent or higher level of acuity facility when transportation is not needed due to an emergency situation. Non-Emergency Fixed-Wing Ambulance Transportation may be considered Medically Necessary when you require acute Inpatient care and services are not available at the originating facility and commercial air transport or safe discharge cannot occur. Non-Emergency Fixed-Wing Ambulance Transportation provided primarily for the convenience of you, your family/caregivers or Physician, or the transferring facility, is not considered Medically Necessary and is not covered under this Health Care Plan.

NON-PARTICIPATING HOSPITAL.....SEE DEFINITION OF HOSPITAL.

NON-PARTICIPATING PROFESSIONAL PROVIDER.....SEE DEFINITION OF PROVIDER.

NON-PARTICIPATING PROVIDER.....SEE DEFINITION OF PROVIDER.

OCCUPATIONAL THERAPIST.....means a duly licensed occupational therapist operating within the scope of their license.

OCCUPATIONAL THERAPY.....means constructive therapeutic activity designed and adapted to promote the restoration of useful physical function. Occupational Therapy does not include educational training or services designed and adapted to develop a physical function.

OPTOMETRIST.....means a duly licensed optometrist operating within the scope of their license.

A "Participating Optometrist" means an Optometrist who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Optometrist" means an Optometrist who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

ORTHOTIC PROVIDER.....means a duly licensed orthotic provider operating within the scope of their license.

A "Participating Orthotic Provider" means an Orthotic Provider who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Orthotic Provider" means an Orthotic Provider who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

OUTPATIENT.....means that you are receiving treatment while not an Inpatient. Services considered Outpatient, include, but are not limited to, services in an emergency room regardless of whether you are subsequently registered as an Inpatient in a health care facility.

PARTIAL HOSPITALIZATION TREATMENT PROGRAM.....means a Claim Administrator approved planned program of a Hospital or Substance Use Disorder Treatment Facility for the treatment of Mental Illness or Substance Use Disorder Treatment in which patients spend days or nights. This behavioral healthcare is typically 5 to 8 hours per day, 5 days per week (not less than 20 hours of treatment services per week). The program is staffed similarly to the day shift of an inpatient unit, i.e., medically supervised by a Physician and nurse. The program shall ensure a psychiatrist sees the patient

face to face at least once a week and is otherwise available, in person or by telephone, to provide assistance and direction to the program as needed. Participants at this level of care do not require 24-hour supervision and are not considered a resident at the program. Requirements: The Claim Administrator requires that any Mental Illness and/or Substance Use Disorder Partial Hospitalization Treatment Program must be licensed in the state where it is located or accredited by a national organization that is recognized by the Claim Administrator as set forth in its current credentialing policy, and otherwise meets all other credentialing requirements set forth in such policy.

PARTICIPATING HOSPITAL.....SEE DEFINITION OF HOSPITAL.

PARTICIPATING PRESCRIPTION DRUG PROVIDER.....SEE DEFINITION OF PROVIDER.

PARTICIPATING PROFESSIONAL PROVIDER.....SEE DEFINITION OF PROVIDER.

PARTICIPATING PROVIDER.....SEE DEFINITION OF PROVIDER.

PARTICIPATING PROVIDER OPTION.....means a program of health care benefits designed to provide you with economic incentives for using designated Providers of health care services.

PHARMACY.....means a state and federally licensed establishment that is physically separate and apart from any Provider's office, and where Legend Drugs and devices are dispensed under Prescriptions to the general public by a pharmacist licensed to dispense such drugs and devices under laws of the state in which they practice.

PHYSICAL THERAPIST.....means a duly licensed physical therapist operating within the scope of their license.

PHYSICAL THERAPY.....means the treatment of a disease, injury, or condition by physical means by a Physician or a registered professional physical therapist under the supervision of a Physician and which is designed and adapted to promote the restoration of a useful physical function. Physical Therapy does not include educational training or services designed and adapted to develop a physical function.

PHYSICIAN.....means a physician duly licensed to practice medicine in all of its branches operating within the scope of their license.

PHYSICIAN ASSISTANT.....means a duly licensed Physician Assistant performing under the direct supervision of a Physician, Dentist or Podiatrist and billing under such Provider operating within the scope of their license.

PODIATRIST.....means a duly licensed podiatrist operating within the scope of their license.

PRIOR AUTHORIZATION.....means a requirement that you must obtain authorization from the Claim Administrator before you receive certain types of Covered Services designated by the Claim Administrator.

PRIOR AUTHORIZATION or EMERGENCY MENTAL ILLNESS OR SUBSTANCE USE DISORDER ADMISSION REVIEW.....means a submission of a request to the Behavioral Health Unit for a determination of Medically Necessary care under this benefit booklet.

PRIVATE DUTY NURSING SERVICE.....means Skilled Nursing Service provided on a one-to-one basis by an actively practicing registered nurse (R.N.), or licensed practical nurse (L.P.N.). Private Duty Nursing is shift nursing of 8 hours or greater per day and does not include nursing care of less than 8 hours per day. Private Duty Nursing Service does not include Custodial Care Service.

PROFESSIONAL PROVIDER.....SEE DEFINITION OF PROVIDER.

PROSTHETIC PROVIDER.....means a duly licensed prosthetic provider operating within the scope of their license.

A "Participating Prosthetic Provider" means a Prosthetic Provider who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Prosthetic Provider" means a Prosthetic Provider who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

PROVIDER.....means any health care facility (for example, a Hospital or Skilled Nursing Facility) or person (for example, a Physician or Dentist) or entity duly licensed to render Covered Services to you and operating within the scope of such license.

An "Administrator Provider" means a Provider which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Provider" means a Provider that does not meet the definition of Administrator Provider unless otherwise specified in the definition of a particular Provider.

A "Participating Provider" means an Administrator Hospital or Professional Provider which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide

services to participants in the Participating Provider Option program or an Administrator facility which has been designated by the Claim Administrator as a Participating Provider.

A "Non-Participating Provider" means an Administrator Hospital or Professional Provider which does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to participants in the Participating Provider Option program or a facility which has not been designated by the Claim Administrator as a Participating Provider.

A "Professional Provider" means a Physician, Dentist, Podiatrist, Psychologist, Chiropractor, Optometrist, or any Provider designated by the Claim Administrator or another Blue Cross and/or Blue Shield Plan.

A "Participating Prescription Drug Provider" means an independent retail Pharmacy, chain of retail Pharmacies, mail-order Pharmacy or specialty drug Pharmacy which has entered into an agreement to provide pharmaceutical services to participants in the benefit program. A retail Participating Pharmacy may or may not be a select Participating Pharmacy as that term is used in the Vaccinations obtained through Participating Pharmacies section.

A "Non-Participating Prescription Drug Provider" means a Pharmacy, including but not limited to, an independent retail Pharmacy, chain of retail Pharmacies, home delivery Pharmacy or specialty drug Pharmacy which (i) has not entered into a written agreement with the Claim Administrator or (ii) has not entered into a written agreement with an entity chosen by the Claim Administrator to administer its prescription drug program, for such Pharmacy to provide pharmaceutical services at the time Covered Services to participants in the benefit program at the time Covered Services are rendered.

PROVIDER INCENTIVE.....means an additional amount of compensation paid to a health care Provider by a Blue Cross and/or Blue Shield Plan, based on the Provider's compliance with agreed upon procedural and/or outcome measures for a particular population of participants.

PSYCHOLOGIST.....means a Registered Clinical Psychologist operating within the scope of such license.

Registered Clinical Psychologist means a Clinical Psychologist who is registered with the Illinois Department of Financial and Professional Regulation pursuant to the Illinois "Psychologists Registration Act" or, in a state where statutory licensure exists, the Clinical Psychologist must hold a valid credential for such practice or, if practicing in a state where statutory licensure does not exist, such person must meet the qualifications specified in the definition of a Clinical Psychologist.

Clinical Psychologist means a psychologist who specializes in the evaluation and treatment of Mental Illness and who meets the following qualifications:

has a doctoral degree from a regionally accredited University, College or Professional School; and has two years of supervised experience in health services of which at least one year is post-doctoral and one year is in an organized health services program; or

is a Registered Clinical Psychologist with a graduate degree from a regionally accredited University or College; and has not less than six years as a psychologist with at least two years of supervised experience in health services.

QUALIFIED ABA PROVIDER.....means a Provider operating within the scope of their license registration or certification that has met the following requirements:

For the treatment supervisor/case manager/facilitator:

(i) Master's level, independently licensed Clinician, who is licensed, certified, or registered by an appropriate agency in the state where services are being provided, for services treating Autism Spectrum Disorder (ASD) symptoms, with or without applied behavior analysis (ABA) service techniques; or

(ii) Master's level Clinician whose professional credential is recognized and accepted by an appropriate agency of the United States (i.e., Board-Certified Behavior Analyst (BCBA) or Board-Certified Behavior Analyst-Doctoral (BCBA-D) to supervise and provide treatment planning, with ABA service techniques; or

(iii) Health Care Practitioner who is certified as a provider under the TRICARE military health system, if requesting to provide ABA services; or

(iv) Master's level Clinician with a specific professional credential or certification recognized by the state in which the clinician is located; or

1. Developmental Therapist with Certified Early Intervention Specialist credential or CEIS; or
2. If the Doctor or Medicine (MD) prescribes ABA, writes a MD order for services to be provided by a specific person.

For the para-professional/line therapist:

(i) Two years of college educated staff person with a Board Certified Assistant Behavior Analyst (BCABA) for the para-professional/therapist; or

(ii) A bachelor level or high school graduate having obtained a GED, OR a staff person with a Registered Behavior Tech (RBT) certification for the direct line therapist; or

(iii) A person who is "certified as a provider under TRICARE military health system," if requesting to provide ABA services.

RECOMMENDED CLINICAL REVIEW.....means an optional voluntary review of Provider's recommended medical procedure, treatment, or test, which does not require Prior Authorization, to make sure it meets approved Claim Administrator medical policy guidelines and Medical Necessity requirements.

REGISTERED DIETICIAN.....means a duly licensed clinical professional counselor operating within the scope of their license.

REGISTERED SURGICAL ASSISTANT.....means a duly licensed certified surgical assistant, certified surgical technician, surgical assistant certified or registered nurse first assistant operating within the scope of their certification.

A "Participating Registered Surgical Assistant" means a Registered Surgical Assistant who has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Registered Surgical Assistant" means a Registered Surgical Assistant who does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

RENAL DIALYSIS TREATMENT.....means one unit of service including the equipment, supplies and administrative service which are customarily considered as necessary to perform the dialysis process.

RESCISSION.....means a cancellation or discontinuance of coverage that has retroactive effect except to the extent attributable to a failure to timely pay premiums. A "Rescission" does not include other types of coverage cancellations, such as a cancellation of coverage due to a failure to pay timely premiums towards coverage or cancellations attributable to routine eligibility and enrollment updates.

RESIDENTIAL TREATMENT CENTER.....means a facility setting offering a defined course of therapeutic intervention and special programming in a controlled environment which also offers a level of security, supervision, and structure medically necessary to meet the needs of patients served or to be served by such facility. Residential Treatment Centers must be licensed by the appropriate state and local authority as a Residential Treatment Facility or its equivalent under the laws or regulations of such locality and/or must be accredited by a national accrediting body as a Residential Treatment Center or its equivalent. Accepted accrediting bodies are The Joint Commission, Commission on Accreditation of Rehabilitation Facilities (CARF), Accreditation Association for Ambulatory Healthcare (AAAHC), Council on Accreditation of Services for Families and Children Inc. (COA), or National

Integrated Accreditation of Healthcare Organizations (NIAHOSM). This includes any specialized licensing that may be applicable given the services to be provided or population to be served. As they do not provide the level of care, security, or supervision appropriate of a Residential Treatment Center, the following shall not be included in the definition of Residential Treatment Center: half-way houses, supervised living, group homes, wilderness programs, boarding houses or other facilities that provide primarily a supportive/custodial environment and/or primarily address long term social needs, even if counseling is provided in such facilities. To qualify as a Residential Treatment Center, patients must be medically monitored with 24-hour medical professional availability and on-site nursing care and supervision for at least one shift a day with on call availability for the other shifts.

RESPITE CARE SERVICE.....means those services provided at home or in a facility to temporarily relieve the family or other caregivers (non-professional personnel) that usually provide or are able to provide such services to you.

RETAIL HEALTH CLINIC.....means a health care clinic located in a retail setting, supermarket or Pharmacy which provides treatment of common illnesses and routine preventive health care services rendered by Certified Nurse Practitioners.

A "Participating Retail Health Clinic" means a Retail Health Clinic which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

A "Non-Participating Retail Health Clinic" means a Retail Health Clinic which does not have a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered.

ROUTINE PATIENT COSTS.....means the cost for all items and services consistent with the coverage provided under this benefit booklet that is typically covered for you if you are not enrolled in a clinical trial. Routine Patient Costs do not include:

(i) The investigational item, device, or service, itself;

(ii) Items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or

(iii) A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

SKILLED NURSING FACILITY.....means an institution or a distinct part of an institution which is primarily engaged in providing comprehensive skilled services and rehabilitative Inpatient care and is duly licensed by the

appropriate governmental authority to provide such services and operating within the scope of such licenses.

An "Administrator Skilled Nursing Facility" means a Skilled Nursing Facility which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Skilled Nursing Facility" means a Skilled Nursing Facility which does not have an agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan but has been certified in accordance with guidelines established by Medicare.

An "Uncertified Skilled Nursing Facility" means a Skilled Nursing Facility which does not meet the definition of an Administrator Skilled Nursing Facility and has not been certified in accordance with the guidelines established by Medicare.

SKILLED NURSING SERVICE.....means those services provided by a registered nurse (R.N.) or licensed practical nurse (L.P.N.) which require the clinical skill and professional training of an R.N. or L.P.N. and which cannot reasonably be taught to a person who does not have specialized skill and professional training. Benefits for Skilled Nursing Service will not be provided due to the lack of willing or available non-professional personnel. Skilled Nursing Service does not include Custodial Care Service.

SPEECH THERAPIST.....means a duly licensed speech therapist operating within the scope of their license.

SPEECH THERAPY.....means the treatment for the correction of a speech impairment resulting from disease, trauma, congenital anomalies, or previous therapeutic processes and which is designed and adapted to promote the restoration of a useful physical function. Speech Therapy does not include educational training or services designed and adapted to develop a physical function.

STANDARD FERTILITY PRESERVATION SERVICES.....means procedure based upon current evidence-based standards of care established by the American Society for Reproductive Medicine, the American Society for Clinical Oncology, or other national medical associations that follow current evidence-based standards of care.

SUBSTANCE USE DISORDER.....means a condition or disorder that falls under any of the substance use disorder diagnostic categories listed in the mental and behavioral disorders chapter of the current edition of the International Classification of Disease or that is listed in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders.

SUBSTANCE USE DISORDER TREATMENT.....means an organized, intensive, structured, rehabilitative treatment program of either a Hospital or

Substance Use Disorder Treatment Facility which may include, but is not limited to, Acute Treatment Services and Clinical Stabilization Services. It does not include programs consisting primarily of counseling by individuals other than a Behavioral Health Practitioner, court ordered evaluations, programs which are primarily for diagnostic evaluations, mental disabilities or learning disabilities, care in lieu of detention or correctional placement or family retreats.

SUBSTANCE USE DISORDER TREATMENT FACILITY.....means a facility (other than a Hospital) whose primary function is the treatment of Substance Use Disorder and is licensed by the appropriate state and local authority to provide such service, when operating within the scope of such license. It does not include half-way houses, boarding houses or other facilities that provide primarily a supportive environment, even if counseling is provided in such facilities.

An "Administrator Substance Use Disorder Treatment Facility" means a Substance Use Disorder Treatment Facility which has a written agreement with the Claim Administrator or another Blue Cross and/or Blue Shield Plan to provide services to you at the time services are rendered to you.

A "Non-Administrator Substance Use Disorder Treatment Facility" means a Substance Use Disorder Treatment Facility that does not meet the definition of an Administrator Substance Use Disorder Treatment Facility.

SURGERY.....means the performance of any medically recognized, non-Investigational surgical procedure including the use of specialized instrumentation and the correction of fractures or complete dislocations, and any other procedures as reasonably approved by the Claim Administrator.

TELEHEALTH AND TELEMEDICINE SERVICES.....means a health care service delivered by a health care professional licensed, certified, or registered to practice in Illinois and acting within the scope of their license, certification, or entitlement to a patient at a different physical location than the health care professional using telecommunications or information technology.

TEMPOROMANDIBULAR JOINT DYSFUNCTION AND RELATED DISORDERS.....means jaw joint conditions including temporomandibular joint disorders and craniomandibular disorders, and all other conditions of the joint linking the jawbone and skull and the complex of muscles, nerves, and other tissues relating to that joint.

TOBACCO USER.....means a person who is permitted under state and federal law to legally use Tobacco, with Tobacco use (other than religious or ceremonial use of Tobacco), occurring on average four or more times per week that last occurred within the past six months (or such other meaning required or permitted by applicable law). Tobacco includes, but is not limited to, cigarettes, cigars, pipe tobacco, smokeless tobacco, snuff, etc. For additional information, please call the number on the back of your Identification Card or visit our website at *www.bcbsil.com*.

TOTALLY DISABLED.....means with respect to an Eligible Person, an inability by reason of illness, injury or physical condition to perform the material duties of any occupation for which the Eligible Person is or becomes qualified by reason of experience, education or training or with respect to a covered person other than an Eligible Person, the inability by reason of illness, injury or physical condition to engage in the normal activities of a person of the same age and sex who is in good health.

TRANSPLANT LODGING ELIGIBLE EXPENSE.....means the amount of $50 per person per day reimbursed for lodging expenses related to a covered transplant.

VALUE BASED PROGRAM.....means an out-come based payment arrangement and/or a coordinated care model facilitated with one or more local Providers that is evaluated against cost and quality metrics/factors and is reflected in Provider payment.

VIRTUAL PROVIDER.....means a licensed Provider who has a written agreement with the Claim Administrator to provide diagnosis and treatment of injuries and illnesses through either i) interactive audio communication (via telephone or other similar technology) or ii) interactive audio/video examination and communication (via online portal, mobile application, or similar technology) to you at the time Covered Services are rendered, operating within the scope of such license.

VIRTUAL VISIT.....means a service provided for the diagnosis or treatment of non-emergency medical illnesses or injuries as described in the VIRTUAL VISITS provision under the SPECIAL CONDITIONS AND PAYMENTS section of this benefit booklet.

VITAMIN D TESTING....means vitamin D blood testing that measures the level of vitamin D in a person's blood.

ELIGIBILITY SECTION

Please refer to BMO Plan Documents.

UTILIZATION MANAGEMENT AND REVIEW

The Claim Administrator has established the Utilization Management and Review Program to assist you in determining the course of treatment that will maximize your benefits under this Health Care Plan. Utilization management may be referred to as Medical Necessity reviews, utilization review (UR) or medical management reviews. A Medical Necessity review for a procedure/service, Inpatient admission, and length of stay is based on the Claim Administrator's Medical Policy and, site or level of care review criteria. Medical Necessity reviews may occur prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a Post-Service Medical Necessity review. If requested, services normally subject to a Post-Service Medical Necessity review may be reviewed for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Please refer to the definition of Medically Necessary under the *Definitions* section of this booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

The Utilization Management and Review Program requires a review of the following Covered Services **before** maximum benefits for such services are available:

- Inpatient Hospital services
- Skilled Nursing Facility services
- Services received in a Coordinated Home Care Program
- Private Duty Nursing Services
- Certain Outpatient procedures

PRIOR AUTHORIZATION

Prior Authorization is a requirement that you must obtain authorization from the Claim Administrator before you receive a certain type of Covered Services designated by the Claim Administrator in order to be eligible for maximum benefits.

For Inpatient Hospital facility services, your Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Claim Administrator's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction. For additional information about Prior Authorization for services outside of the Claim Administrator's service area, see the section of this benefit booklet entitled "THE BLUECARD PROGRAM."

Failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator, as described in this section, may result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, Deductibles, and out-of-pocket expense limit amounts. Providers may bill you for any reduction in payment, as described in this section, resulting from failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator. We encourage you to call ahead. The pre-notification toll-free telephone number is on your Identification Card.

Please read the provisions below very carefully. The provisions of this section do not apply to the treatment of Mental Illness and Substance Use Disorder Treatment. The provisions for the treatment of Mental Illness and Substance Use Disorder Treatment are specified in the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT section of this benefit booklet.

PREADMISSION REVIEW

- **Inpatient Hospital Preadmission Review**

  Preadmission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Health Care Plan. The Claim Administrator recommends you confirm with your Provider if Prior Authorization has been obtained.

  Whenever a non-emergency or non-maternity Inpatient Hospital admission is recommended by your Physician, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to the Hospital admission.

  If the proposed Hospital admission or health care services are determined to be not Medically Necessary, some days, services or the entire hospitalization will be denied. The Hospital and your Physician will be advised verbally of this determination, with a follow-up notification letter sent to you, your Physician and the Hospital. These letters may not be received prior to your scheduled date of admission.

- **Emergency Admission Review**

  Emergency admission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  In the event of an emergency admission, you or someone who calls on your behalf must notify the Claim Administrator no later than two business days or as soon as reasonably possible after the admission has occurred.

- **Pregnancy/Maternity Admission Review**

  Pregnancy/Maternity admission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Health Care Plan.

  In the event of a maternity admission, you or someone who calls on your behalf must notify the Claim Administrator no later than two business days after the admission has occurred.

  Even though you are not required to call the Claim Administrator prior to your maternity admission, if you call the medical pre-notification number as soon as you find out you are pregnant, the Claim Administrator will provide you information on support programs to assist you during pregnancy.

- **Skilled Nursing Facility Preadmission Review**

  Skilled Nursing Facility preadmission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Whenever an admission to a Skilled Nursing Facility is recommended by your Physician, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to the scheduling of the admission.

- **Coordinated Home Care Program Preadmission Review**

  Coordinated Home Care Program preadmission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Whenever an admission to a Coordinated Home Care Program is recommended by your Physician, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to the scheduling of the admission.

- **Private Duty Nursing Service Review**

  Private Duty Nursing Service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

Whenever Private Duty Nursing Service is recommended by your Physician, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to receiving services.

OUTPATIENT SERVICE PRIOR AUTHORIZATION REVIEW

Outpatient Service Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

Whenever the following Outpatient procedure(s)/services(s), are recommended by your Physician, in order to receive maximum benefits under this Health Care Plan, you must call the Claim Administrator's medical pre-notification number. This call must be made at least two business days prior to receiving these services:

- Coordinated Home Care Program services
- Home hemodialysis
- Home Infusion Therapy
- Home Hospice
- Home Health
- Private Duty Nursing
- Transplant Evaluations and Transplants
- Cardiology Lipid Apheresis

Ears, Nose and Throat (ENT):

- Bone Conduction Hearing Aids
- Cochlear Implant
- Nasal and Sinus Surgery

Gastroenterology (Stomach):

- Gastric Electrical Stimulation (GES)

Neurology:

- Deep Brain Stimulation
- Sacral Nerve Neuromodulation/Stimulation

Pain Management:

- Occipital Nerve Stimulation

Specialty Pharmacy:

- Specialty Pharmacy Medications covered by Medical Benefits including Infusion Site of Care, Medical Oncology & Supportive Care and Provider Administered Drug Therapies.

Surgical Procedures:

- Outpatient Surgery Jaw
- Outpatient Breast
- Surgical Deactivation of Headache Trigger Sites

Wound Care:

- Hyperbaric Oxygen (HBO2) Therapy-Systemic

Non-Emergency Fixed-Wing Ambulance Transportation:

Non-Emergency Fixed-Wing Ambulance Transportation - Please refer to the definition of "Non-Emergency Fixed-Wing Ambulance Transportation" under the DEFINITIONS section of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

Whenever the following Outpatient services(s), received by a Non-Participating Provider, are recommended by your Physician, in order to receive maximum benefits under this Health Care Plan, you must call the Claim Administrator's medical pre-notification number. This call must be made at least two business days prior to receiving these services:

- Dialysis
- Elective Surgery

If an Inpatient Emergency Hospital admission occurs after an Outpatient service, in order to receive maximum benefits under this Health Care Plan, an additional call must be made to the Claim Administrator.

The Claim Administrator will send a letter to you, your Physician and the Hospital or facility with a determination of your Prior Authorization review no later than fifteen (15) calendar days after the Claim Administrator receives the request for Prior Authorization review. However, in some instances depending on the timing of the request for review, these letters will not be received prior to your scheduled date of service or procedure.

For specific details about the Prior Authorization requirements for any of the above referenced Outpatient services, please call the customer service toll-free telephone number on the back of your Identification Card. The Claim Administrator reserves the right to no longer require Prior Authorization during your benefit period for any or all of the listed services. Updates to the list of services requiring Prior Authorization may be confirmed by calling the customer service number.

RECOMMENDED CLINICAL REVIEW

Some services that do not require Prior Authorization may be subject to review for evidence of medical necessity for coverage determinations that may occur prior to services rendered, during care, or after care has been completed for a Post-Service Medical Necessity Review.

A Recommended Clinical Review is a Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. The Claim Administrator will review the request to determine if it meets approved Claim Administrator medical policy and, site, or level of care review criteria for medical and behavioral health services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

To determine if a Recommended Clinical Review is available for a specific service, visit our website at www.bcbsil.com/find-care/where-you-go-matters/utilization-management.com for the Required Prior Authorization and Recommended Clinical Review list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card. You or your Provider may request a Recommended Clinical Review.

Recommended Clinical Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions under this Plan. Please coordinate with your Provider to submit a written request for a Recommended Clinical Review.

General Provisions Applicable to All Recommended Clinical Reviews

1. **No Guarantee of Payment**

   A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by the plan. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Plan. Even if the service has been approved on Recommended Clinical Review, coverage or payment can be affected for a variety of reasons. For example, the member may have become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. **Request for Additional Information**

   The Recommended Clinical Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other

supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

Post-Service Medical Necessity Review

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be performed when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

1. **No Guarantee of Payment**

   A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Post-Service Medical Necessity Review does not guarantee payment of benefits by the plan, for instance a member may become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. **Request for Additional Information**

   The Post-Service Medical Necessity Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

CASE MANAGEMENT

Case management is a collaborative process that assists you with the coordination of complex care services. A Claim Administrator case manager is available to you as an advocate for cost-effective interventions.

Case managers are also available to you to provide assistance when you need alternative benefits. Alternative benefits will be provided only so long as the Claim Administrator determines that the alternative services are Medically Necessary and cost-effective. The total maximum payment for alternative services shall not exceed the total benefits for which you would otherwise be entitled under the Health Care Plan.

Provision of alternative benefits in one instance shall not result in an obligation to provide the same or similar benefits in any other instance. In addition, the provision of alternative benefits shall not be construed as a waiver of any of the terms, conditions, limitations, and exclusions of the Health Care Plan.

LENGTH OF STAY/SERVICE REVIEW

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

Upon completion of the Inpatient or emergency admission review, the Claim Administrator will send a letter to you, your Physician, Provider of services, Behavioral Health Practitioner and/or the Hospital or facility with a determination on the approved length of stay.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary. In the event that the extension is determined not to be Medically Necessary, the authorization will not be extended. Additional notification will be provided to your Physician and/or the Hospital regarding the denial of payment for the extension.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the Plan for continued services. If you, your Provider, or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an Ongoing Course of Treatment, the Plan will make a determination on the request/appeal as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient care or other health care services or supplies are not Medically Necessary will be determined by the Claim Administrator. The Claim Administrator will provide notification of a decision to not authorize payment for Inpatient care or other health care services or supplies to you, your Physician, and/or the Hospital or other Provider. The notification will specify the dates, services and/or supplies that are not considered Covered Services. For further details regarding Medically Necessary care and other exclusions from coverage, see the EXCLUSIONS—WHAT IS NOT COVERED section in this benefit booklet.

The Claim Administrator does not determine your course of treatment or whether you receive particular health care services. Decisions regarding the course of treatment and receipt of particular health care services are a matter entirely between you and your Physician. The Claim Administrator's determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization or other health care service is a Covered Service under the Health Care Plan.

In the event that the Claim Administrator determines that all or any portion of an Inpatient hospitalization or other health care service is not Medically Necessary, the Claim Administrator will not be responsible for any related Hospital or other health care service charge incurred.

Remember that the Claim Administrator's Health Care Plan does not cover the cost of hospitalization or any health care services and supplies that are not determined to be Medically Necessary. The fact that your Physician or another health care Provider may prescribe, order, recommend or approve a Hospital stay or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Physician prescribes, orders, recommends, approves, or views hospitalization or other health care services or supplies as Medically Necessary, the Claim Administrator will not pay for the hospitalization, services or supplies unless the Claim Administrator determines it to be Medically Necessary and a Covered Service under the Health Care Plan.

NOTE: Keep in mind that a Medically Necessary determination does not guarantee that benefits are available. For example, it might be determined that a service is Medically Necessary, however, the Health Care Plan may limit or exclude that service. In that case, the Medically Necessary determination does not override the benefit provision in the benefit booklet.

UTILIZATION REVIEW PROCEDURE

The following information is required when you contact the Claim Administrator:

1. The name of the attending and/or admitting Physician;
2. The name of the Hospital where the admission has been scheduled and/or the location where the service has been scheduled;
3. The scheduled admission and/or service date; and
4. A preliminary diagnosis or reason for the admission and/or service.

Upon receipt of the required information, the Claim Administrator:

1. will review the information provided and seek additional information, as necessary.
2. will issue a determination that the services are either Medically Necessary or are not Medically Necessary.

3. will provide notification of the determination.

APPEAL PROCEDURE

If you, your Physician, Provider of health services, or Behavioral Health Practitioner disagree with the determination of the Claim Administrator prior to or while receiving services, you may appeal that decision. You should call the Claim Administrator's customer service number on your Identification Card. Your Physician should use the contact information in the notification letter.

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after claim processing has taken place or upon receipt of the notification letter, you may appeal that decision by having your Physician, Provider of health services, or Behavioral Health Practitioner call the contact person indicated in the notification letter or by submitting a written request to:

Medical Director
Blue Cross and Blue Shield of Illinois
P. O. Box A3957
Chicago, Illinois 60601

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

FAILURE TO NOTIFY

The final decision regarding your course of treatment is solely your responsibility and the Claim Administrator will not interfere with your relationship with any Provider. However, the Claim Administrator has established the Utilization Management and Review Program for the specific purpose of assisting you in determining the course of treatment which will maximize your benefits provided under this benefit booklet.

For In–Network benefits your Participating Provider is required to obtain Prior Authorization. There is no penalty to you for failure to notify the Claim Administrator.

MEDICARE ELIGIBLE MEMBERS

The preadmission review provisions of this Utilization Management and Review Program do not apply to you if you are Medicare eligible and have secondary coverage provided under the Health Care Plan.

CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT

The Claim Administrator's Behavioral Health Unit has been established to assist in the administration of Mental Illness and Substance Use Disorder Treatment benefits, including Prior Authorization review, Emergency Mental Illness or Substance Use Disorder Admission Review and length of stay/service review for your Inpatient Hospital admissions and/or Outpatient services for the treatment of Mental Illness and Substance Use Disorders.

Failure to contact the Behavioral Health Unit or to comply with the determinations of the Behavioral Health Unit, as described in this section, may result in a reduction of benefits. The Behavioral Health Unit may be reached twenty-four (24) hours a day, 7 days a week at the toll-free telephone number 1-800-851-7498. Please read the provisions below very carefully.

Prior Authorization is a requirement that you must obtain authorization from the Claim Administrator before you receive a certain type of Covered Services designated by the Claim Administrator in order to be eligible for maximum benefits.

For Inpatient Hospital facility services, your Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Claim Administrator's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction. For additional information about Prior Authorization for services outside of the Claim Administrator's service area, see the section of this benefit booklet entitled "THE BLUECARD PROGRAM."

Failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator, as described in this section, may result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, Deductibles, and out-of-pocket expense limit amounts. Providers may bill you for any reduction in payment, as described in this section, resulting from failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator. We encourage you to call ahead. The pre-notification toll-free telephone number is on your Identification Card.

CONTACTING BEHAVIORAL HEALTH

You, your Physician, Provider of services, or your authorized representative may contact the Claim Administrator for a Prior Authorization or Recommended Clinical Review by calling the toll-free number shown on the back of your Identification Card and follow the prompts to the Behavioral Health Unit. During regular business hours (8:00 a.m. and 6:00 p.m., Central Time, on business days), the caller will be routed to the appropriate behavioral health clinical team for review. Outpatient requests should be requested during regular business hours. After 6:00 PM, on weekends, and on holidays, the same behavioral health line is answered by clinicians available for Inpatient

acute reviews only. Requests for residential or Partial Hospitalization are reviewed only during regular business hours.

PRIOR AUTHORIZATION REVIEW

- **Inpatient Hospital Prior Authorization Review**

  Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan. The Claim Administrator recommends you confirm with your Provider if Prior Authorization has been obtained.

  To receive maximum benefits under this Health Care Plan, you must obtain Prior Authorization for your nonemergency Inpatient Hospital admission for the treatment of Mental Illness or Substance Use Disorder by calling the Behavioral Health Unit. Providers may obtain Prior Authorization for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section. This call must be made at least one day prior to the Inpatient Hospital admission.

- **Residential Treatment Center Prior Authorization Review**

  Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Health Care Plan. The Claim Administrator recommends you confirm with your Provider if Prior Authorization has been obtained.

  Whenever an admission to a Residential Treatment Center for the treatment of Mental Illness or Substance Use Disorder is recommended by your Physician, you must, in order to receive maximum benefits under this Health Care Plan, call the Behavioral Health Unit. This call must be made at least one day prior to scheduling of the admission. Providers may obtain Prior Authorization for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section. This call must be made at least one day prior to the Inpatient Hospital admission.

- **Emergency Mental Illness or Substance Use Disorder Admission Review**

  Emergency Mental Illness or Substance Use Disorder Admission Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  In order to receive maximum benefits under this Health Care Plan, you or someone who calls on your behalf must notify the Behavioral Health Unit no later than two business days or as soon as reasonably possible

after the admission for the treatment of Mental Illness or Substance Use Disorder has occurred.

If the call is made any later than the specified time period, you may not be eligible for maximum benefits. Providers may obtain Prior Authorization for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section.

- **Partial Hospitalization Treatment Program Review**

  Partial Hospitalization Treatment Program review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  In order to receive maximum benefits under this Health Care Plan, you must notify the Behavioral Health Unit no later than 48 hours after the admission for the treatment of Mental Illness or Substance Use Disorder has occurred. Providers may call for you, when required, but it is your responsibility to ensure these requirements are satisfied, as described in this section. The Behavioral Health Unit will obtain information regarding the service(s) and may discuss proposed treatment with your Behavioral Health Practitioner.

  If an Inpatient Emergency Mental Illness or Substance Use Disorder Admission occurs after a service(s), in order to receive maximum benefits under this Health Care Plan, an additional call must be made to the Behavioral Health Unit for an Emergency Mental Illness or Substance Use Disorder Admission Review.

- **Length of Stay/Service Review**

  Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Upon completion of the Prior Authorization or Emergency Mental Illness or Substance Use Disorder Review, the Behavioral Health Unit will send you a letter confirming that you or your representative called the Behavioral Health Unit. A letter assigning a length of service or length of stay will be sent to your Behavioral Health Practitioner and/or the Hospital.

  An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary as determined by the Behavioral Health Unit. In the event that the extension is determined not to be Medically Necessary, the length of stay/service will not be extended, and the case will be referred to a Behavioral Health Unit Physician for review.

OUTPATIENT SERVICE PRIOR AUTHORIZATION REVIEW

- **Outpatient Service Prior Authorization Review**

  Outpatient Service Prior Authorization review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan. The Claim Administrator recommends you confirm with your Provider if Prior Authorization has been obtained.

  In order to receive maximum benefits under this Health Care Plan for Outpatient services for the treatment of Mental Illness or Substance Use Disorder, you must, except as otherwise provided, obtain Prior Authorization for the following Outpatient service(s) by calling the Behavioral Health Unit:

  - Psychological testing
  - Neuropsychological testing
  - Electroconvulsive therapy
  - Intensive Outpatient Programs
  - Repetitive Transcranial Magnetic Stimulation
  - Applied Behavior Analysis (ABA) Therapies. (Please see coverage details as described in the Autism Spectrum Disorder(s) provision under the SPECIAL CONDITIONS AND PAYMENTS section of this benefit booklet.

  Providers may obtain Prior Authorization for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied, as described in this section. This call must be made at least one day prior to the scheduling of the planned Outpatient services(s). The Behavioral Health Unit will obtain information regarding the Outpatient service(s) and may discuss proposed treatment with your Behavioral Health Practitioner.

  If an Inpatient Emergency Mental Illness or Substance Use Disorder Admission occurs after an Outpatient service, in order to receive maximum benefits under this Health Care Plan, an additional call must be made to the Behavioral Health Unit for an Emergency Mental Illness or Substance Use Disorder Admission Review.

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient Hospital admission, Outpatient service, or other health care services or supplies are not Medically Necessary, as such term is defined in this benefit booklet, will be determined by the Behavioral Health Unit. If the Behavioral Health Unit concurs that the Inpatient Hospital admission, Outpatient service, or other health care service or supply does not meet the criteria for Medically Necessary care, benefit for some days, services or the entire hospitalization will be denied. Your Behavioral Health Practitioner and in the case of an Inpatient Hospital admissions, the Hospital

will be advised by telephone of this determinations, with a follow-up notification letter sent to you, your Behavioral Health Practitioner, and the Hospital, and will specify the dates, services or supplies that are not considered Medically Necessary. The Behavioral Health Unit will issue these notification letters promptly. However, in some instances, these letters will not be received prior to your scheduled date of admission or service. For further details regarding Medically Necessary care and other exclusions described in this benefit booklet, see the provision entitled, "EXCLUSIONS—WHAT IS NOT COVERED."

The Behavioral Health Unit does not determine your course of treatment or whether you receive particular health care services. The decision regarding the course of treatment and receipt of particular health care services is a matter entirely between you and your Behavioral Health Practitioner. The Behavioral Health Unit's determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization, Outpatient service or other health care service is Medically Necessary under the Health Care Plan.

In the event that the Behavioral Health Unit determines that all or any portion of an Inpatient Hospital admission, Outpatient service, or other health care service or supply is not Medically Necessary, the Claim Administrator will not be responsible for any related Hospital or other health care service or supply charge incurred.

Remember that your Health Care Plan does not cover the cost of hospitalization or any health care services and supplies that are not Medically Necessary. The fact that your Behavioral Health Practitioner or another health care Provider may prescribe, order, recommend or approve an Inpatient Hospital admission, Outpatient service or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Behavioral Health Practitioner prescribes, orders, recommends, approves, or views hospitalization or other health care services or supplies as Medically Necessary, the Claim Administrator will not pay for the hospitalization, services or supplies if the Behavioral Health Unit decides they were not Medically Necessary.

BEHAVIORAL HEALTH UNIT PROCEDURE

When you contact the Behavioral Health Unit to obtain Prior Authorization for your Inpatient Hospital admission, Outpatient service, and/or other service/supply, provide notification of your Emergency Mental Illness or Substance Use Disorder Admission, or request a length of stay/service review you should be prepared to provide the following information:

1. the name of the attending and/or admitting Behavioral Health Practitioner;
2. the name of the Hospital or facility where the admission and/or service has been scheduled, when applicable;
3. the scheduled admission and/or service date; and

4. a preliminary diagnosis or reason for the admission and/or service.

When you contact the Behavioral Health Unit to obtain Prior Authorization for your Inpatient Hospital admission, Outpatient service, and/or other service/supply, provide notification of your Emergency Mental Illness or Substance Use Disorder Admission, or request a length of stay/service review, the Behavioral Health Unit:

1. will review the medical information provided and follow-up with the Behavioral Health Practitioner;
2. upon request, will advise you of Participating Providers in the area who may be able to provide the admission and/or services that are the subject of the Prior Authorization Review;
3. may determine that the admission and/or services to be rendered are not Medically Necessary.

APPEAL PROCEDURE

Expedited Appeal

If you or your Behavioral Health Practitioner disagrees with the determinations of the Behavioral Health Unit prior to or while receiving services, you or the Behavioral Health Practitioner may appeal that determination by contacting the Behavioral Health Unit and requesting an expedited appeal. The Behavioral Health Unit Physician will review your case and determine whether the service was Medically Necessary. You and/or your Behavioral Health Practitioner will be notified of the Behavioral Health Unit Physician's determination within twenty-four (24) hours or no later than the last authorized day. If you or your Behavioral Health Practitioner still disagree with the Behavioral Health Unit Physician, you may request an appeal in writing as outlined below.

Written Appeal

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after Claim processing has taken place or upon receipt of the notification letter from the Behavioral Health Unit, you may appeal that decision by having your Behavioral Health Practitioner call the contact person indicated in the notification letter or by submitting a written request to:

Blue Cross and Blue Shield of Illinois
Appeals Coordinator
Blue Cross and Blue Shield BH Unit
P. O. Box 660240
Dallas, Texas 75266-0240
Fax Number: 1-877-361-7656

You must exercise the right to this appeal as a precondition to taking any action against the Claim Administrator, either at law or in equity.

Once you have requested this review, you may submit additional information and comments on your Claim to the Claim Administrator as long as you do so within 30 days of the date you asked for a review. Also, during this 30-day period, you may review any relevant documents held by the Claim Administrator if you request an appointment in writing.

Within 30 days of receiving your request for review, the Claim Administrator will send you its decision on the Claim. In unusual situations, an additional 15 days may be needed for the review, and you will be notified of this during the first 30-day period.

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

FAILURE TO OBTAIN PRIOR AUTHORIZATION OR NOTIFY

For In-Network benefits your Participating Provider is required to obtain Prior Authorization. For Non-Network Benefits you must obtain Prior Authorization from the Claims Administrator as soon as is reasonably possible. If you fail to obtain Prior Authorization from the Claims Administrator as required, Benefits will be subject to a $400 reduction.

The final decision regarding your course of treatment is solely your responsibility and the Behavioral Health Unit will not interfere with your relationship with any Behavioral Health Practitioner. However, the Behavioral Health Unit has been established for the specific purpose of assisting you in maximizing your benefits as described in this benefit booklet.

Should you fail to obtain Prior Authorization or notify the Behavioral Health Unit as required in the Prior Authorization Review provision of this section, you will then be responsible for the first $ of the Hospital charges for an eligible Hospital stay in addition to any deductibles, Copayments and/or Coinsurance applicable to this benefit booklet. This amount shall not be eligible for later consideration as an unreimbursed expense under any Benefit Section of this benefit booklet nor can it be applied to your out-of-pocket expense limit, if applicable to this benefit booklet.

For Outpatient behavioral health services, there is no penalty to you for failure to notify the Claim Administrator. For Substance Use Disorder Treatment, there is no penalty to you for failure to notify the Claim Administrator for Inpatient Hospital admissions, Residential Treatment Centers and Partial Hospitalization Treatment Programs.

MEDICARE ELIGIBLE MEMBERS

The provisions of the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT section of this benefit booklet do not apply to you if you are Medicare Eligible and have secondary coverage provided under the Health Care Plan.

CASE MANAGEMENT

You may call the Behavioral Health Unit at the number shown on your Identification Card to access a case manager. They may answer questions

about your behavioral condition, help you understand what to expect when you are discharged from a behavioral health facility to your home or to another care facility and help coordinate special care you may need. The behavioral health case management program is designed to help those with mental health and/or substance use concerns manage the unique challenges of those conditions. A case manager may reach out to you via phone or letter to offer case management assistance.

THE PARTICIPATING PROVIDER OPTION

Your Employer has chosen the Claim Administrator's "Participating Provider Option" for the administration of your Hospital and Physician benefits. The Participating Provider Option is a program of health care benefits designed to provide you with economic incentives for using designated Providers of health care services.

As a participant in the Participating Provider Option a directory of Participating Providers is available to you. You can visit the Blue Cross and Blue Shield of Illinois website at *www.bcbsil.com* for a list of Participating Providers. While there may be changes in the directory from time to time, selection of Participating Providers by the Claim Administrator will continue to be based upon the range of services, geographic location, and cost-effectiveness of care. Notice of changes in the network will be provided to your Employer annually, or as required, to allow you to make selection within the network. However, you are urged to check with your Provider before undergoing treatment to make certain of its participation status. Although you can go to the Hospital or Professional Provider of your choice, benefits under the Participating Provider Option will be greater when you use the services of a Participating Provider.

Before reading the description of your benefits, you should understand the terms "Benefit Period" and "Deductible" as defined below.

YOUR BENEFIT PERIOD

Your benefit period is a period of one year which begins on January 1st of each year. When you first enroll under this coverage, your first benefit period begins on your Coverage Date, and ends on the first December 31st following that date.

YOUR DEDUCTIBLE

Each benefit period you must satisfy a $750 deductible for Covered Services rendered by Participating Provider(s) and a separate $1,500 deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Administrator Provider(s). In other words, after you have claims for Covered Services for more than the deductible amount in a benefit period, your benefits will begin. This deductible will be referred to as the program deductible.

FAMILY DEDUCTIBLE

If you have Family Coverage and your family has reached the program deductible amount of $1,500 for Covered Services rendered by Participating Provider(s) and a separate $3,000 program deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Administrator Provider(s), it will not be necessary for anyone else in your family to meet the program deductible in that benefit period. That is, for the remainder of that benefit period only, no other family member(s) is required to meet the program deductible before receiving benefits. A family member may not apply more

than the individual program deductible amount toward the family program deductible.

In any case, should two or more members of your family ever receive Covered Services as a result of injuries received in the same accident, only one program deductible will be applied against those Covered Services.

BLUE DISTINCTION® AND BLUE DISTINCTION SPECIALTY CARE PROGRAM

Blue Distinction® ("Blue Distinction") is a national designation awarded by Blue Cross and Blue Shield Plans to health care Providers. The Blue Distinction Specialty Care program includes two levels of designation: Blue Distinction Centers (BDC) and Blue Distinction Centers+ (BDC+). The Blue Distinction Specialty Care program focuses on BDC and BDC+ providers that excel in providing safe, effective treatment for specialty care needs.

BLUE DISTINCTION CENTERS

The Blue Distinction designation uses nationally consistent criteria to designate high-performing providers based on objective, evidence-based selection criteria. The Blue Distinction Specialty Care program's purpose is to assist you in finding BDC and BDC+ providers that have met overall quality measures for patient safety and outcomes, fewer medical complications, lower readmission rates, and higher survival rates in the administration of specialty care.

Blue Distinction Centers provide care in the following specialty care areas:

- Cardiac Care
- Cellular Immunotherapy (CAR-T)
- Fertility Care*
- Substance Use Treatment and Recovery
- Gene Therapy
- Spine Surgery
- Bariatric Surgery
- Knee and Hip Replacement Surgery
- Maternity Care
- Transplants (Stem cell/bone marrow, solid organ (heart, liver, lung, kidney) and combination solid organ (heart/lung, liver/kidney, pancreas/kidney)

* BDC and BDC+ Fertility Care programs are currently supported by plans with Fertility Care programs at the professional level.

BDC and BDC+ Benefit Differential

Your plan offers lower out-of-pocket costs when you receive treatment at a BDC or BDC+ Provider for certain services related to Transplants services. You may choose to receive treatment at a non-BDC and/or non-BDC+ provider; however, your out-of-pocket costs will be higher. Please refer to your Benefit Highlights section to review the payment levels for procedures performed at a BDC or a BDC+ designated Provider, and procedures performed at other facilities. Blue Distinction benefit levels apply to Blue Distinction facility benefits only, except for Fertility, which offers Professional Provider services.

For additional information regarding Blue Distinction Centers for specialty care, please contact a customer service representative at the toll-free telephone number shown on your Identification Card or visit the following website: www.bcbs.com/blue-distinction-center/facility .

HOSPITAL BENEFIT SECTION

Expenses for Hospital care are usually the biggest of all health care costs. Your Hospital benefits will help ease the financial burden of these expensive services. This section of your benefit booklet tells you what Hospital services are covered and how much will be paid for each of these services.

The benefits of this section are subject to all of the terms and conditions described in this benefit booklet. Please refer to the DEFINITIONS, ELIGIBILITY and EXCLUSIONS sections of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

In addition, the benefits described in this section will be provided only when you receive services on or after your Coverage Date and they are rendered upon the direction or under the direct care of your Physician. Such services must be Medically Necessary and regularly included in the Provider's charges.

Remember, whenever the term "you" or "your" is used, we also mean all eligible family members who are covered under Family Coverage.

INPATIENT CARE

The following are Covered Services when you receive them as an Inpatient in a Hospital.

Inpatient Covered Services

1. Bed, board, and general nursing care when you are in:
   - — a semi-private room
   - — a private room
   - — an intensive care unit
2. Ancillary services (such as operating rooms, drugs, surgical dressings, and lab work)

Preadmission Testing

Benefits are provided for preoperative tests given to you as an Outpatient to prepare you for Surgery which you are scheduled to have as an Inpatient, provided that benefits would have been available to you had you received these tests as an Inpatient in a Hospital. Benefits will not be provided if you cancel or postpone the Surgery.

These tests are considered part of your Inpatient Hospital surgical stay.

Partial Hospitalization Treatment

Benefits are available for this program only if it is an Administrator Program. No benefits will be provided for services rendered in a Partial Hospitalization Treatment Program which has not been approved by the Claim Administrator.

Coordinated Home Care

Benefits will be provided for services under a Coordinated Home Care Program.

You are entitled to benefits for 120 visits in a Coordinated Home Care Program per benefit period.

BENEFIT PAYMENT FOR INPATIENT HOSPITAL COVERED SERVICES

Participating Provider

When you receive Inpatient Covered Services from a Participating Provider or in an Administrator Program of a Participating Provider benefits will be provided at 80% of the Eligible Charge after you have met your program deductible, unless otherwise specified in this benefit booklet. If you are in a private room, benefits will be limited by the Hospital's rate for its most common type of room with two or more beds.

Non-Participating Provider

When you receive Inpatient Covered Services from a Non-Participating Provider or in an Administrator Program of a Non-Participating Provider, benefits will be provided at 60% of the Eligible Charge, after you have met your program deductible. If you are in a private room, benefits will be limited by the Hospital's rate for its most common type of room with two or more beds.

Non-Administrator Provider

When you receive Inpatient Covered Services from a Non-Administrator Provider, benefits will be provided at the same benefit payment level which would have been paid had such services been received from a Non-Participating Provider.

OUTPATIENT HOSPITAL CARE

The following are Covered Services when you receive them from a Hospital as an Outpatient.

Outpatient Hospital Covered Services

1. Surgery and any related Diagnostic Service received on the same day as the Surgery. In addition, benefits for Covered Services received for gender reassignment Surgery, including related services and supplies, will be provided the same as any other condition.
2. Radiation Therapy Treatments
3. Chemotherapy
4. Electroconvulsive Therapy
5. Renal Dialysis Treatments—if received in a Hospital, a Dialysis Facility or in your home under the supervision of a Hospital or Dialysis Facility
6. Diagnostic Service—when you are an Outpatient, and these services are related to Surgery or Medical Care
7. Urgent Care

8. Emergency Accident Care
9. Emergency Medical Care
10. Bone Mass Measurement and Osteoporosis—Benefits will be provided for bone mass measurement and the diagnosis and treatment of osteoporosis
11. Approved Clinical Trials—Benefits for Covered Services for Routine Patient Costs are provided in connection with a phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other Life-Threatening Disease or Condition and is recognized under state and/or federal law.

BENEFIT PAYMENT FOR OUTPATIENT HOSPITAL COVERED SERVICES

Participating Provider

Benefits will be provided at 80% of the Eligible Charge after you have met your program deductible when you receive Outpatient Hospital Covered Services from a Participating Provider.

Benefits for urgent care from a Participating Provider will be provided at 100% of the Hospital's Eligible Charge, subject to a Copayment of $150 per visit Your program deductible will not apply.

Non-Participating Provider

When you receive Outpatient Hospital Covered Services from a Non-Participating Provider, benefits will be provided at 60% of the Eligible Charge after you have met your program deductible.

Benefits for urgent care from a Non-Participating Provider will be provided at 60% of the Hospital's Eligible Charge after you have met your program deductible.

Non-Administrator Provider

When you receive Outpatient Hospital Covered Services from a Non-Administrator Provider, benefits will be provided at the same payment level which would have been paid had such services been received from a Non-Participating Provider.

Emergency Care

Benefits for Emergency Accident Care will be provided at 100% of the Eligible Charge when you receive Covered Services that meet the definition of Emergency Accident Care from either a Participating, Non-Participating or Non-Administrator Provider in a Hospital emergency department. Benefits for surgical procedures, such as stitching, gluing and casting are not provided at the Emergency Accident Care payment level. Such services will be provided at the benefit payment level for Surgery described in this benefit booklet.

Benefits for Emergency Accident Care will not be subject to the program deductible.

Benefits for Emergency Medical Care will be provided at 100% of the Eligible Charge when you receive Covered Services that meet the definition of Emergency Medical Care from either a Participating, Non-Participating or Non-Administrator Provider in a Hospital emergency department.

Benefits for Emergency Medical Care will not be subject to the program deductible.

Each time you receive Covered Services in an emergency room, you will be responsible for a Copayment of $300. If you are admitted to the Hospital as an Inpatient immediately following emergency treatment, the emergency room Copayment will be waived.

However, Covered Services received for Emergency Accident Care and Emergency Medical Care resulting from criminal sexual assault or abuse will be paid at 100% of the Eligible Charge whether or not you have met your program deductible. The emergency room Copayment will not apply.

If you disagree with the Claim Administrator's determination in processing your benefits as non-emergency care instead of Emergency Accident Care or Emergency Medical Care, you may call the Claim Administrator at the number on the back of your Identification Card. Please review the HOW TO FILE A CLAIM AND APPEALS PROCEDURES section of this benefit booklet for specific information on your right to seek and obtain a full and fair review of your Claim.

WHEN SERVICES ARE NOT AVAILABLE FROM A PARTICIPATING PROVIDER (HOSPITAL)

If you must receive Hospital Covered Services which the Claim Administrator has reasonably determined are unavailable from a Participating Provider, benefits for the Covered Services you receive from a Non-Participating Provider will be provided at the payment level described for a Participating Provider.

PHYSICIAN BENEFIT SECTION

This section of your benefit booklet tells you what services are covered and how much will be paid when you receive care from a Physician or other specified Professional Provider.

The benefits of this section are subject to all of the terms and conditions described in this benefit booklet. Please refer to the DEFINITIONS, ELIGIBILITY and EXCLUSIONS sections of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

For benefits to be available under this Benefit Section, services must be Medically Necessary, and you must receive such services on or after your Coverage Date.

Remember, whenever the term "you" or "your" is used, we also mean all eligible family members who are covered under Family Coverage.

Certain services are covered pursuant to the Claim Administrator's medical policies and clinical procedure and coding policies, which are updated throughout the Calendar Year. The medical policies are guides considered by the Claim Administrator when making coverage determinations and lay out the procedure and criteria to determine whether a procedure, treatment, facility, equipment, drug or device is Medically Necessary and is eligible as a Covered Service or is Experimental/Investigational, cosmetic, or a convenience item. The clinical procedure and coding policies provide information about what services are reimbursable under the benefit Plan. The most up-to-date medical and clinical procedure and coding policies are available at www.bcbsil.com, or call customer service at the number listed on the back of your Identification Card.

COVERED SERVICES

Surgery

Benefits are available for Surgery performed by a Physician, Dentist or Podiatrist. However, for services performed by a Dentist or Podiatrist, benefits are limited to those surgical procedures which may be legally rendered by them, and which would be payable under this Health Care Plan had they been performed by a Physician. Benefits for oral Surgery are limited to the following services:

1. surgical removal of complete bony impacted teeth;
2. excision of tumors or cysts of the jaws, cheeks, lips, tongue, roof, and floor of the mouth;
3. surgical procedures to correct accidental injuries of the jaws, cheeks, lips, tongue, roof, and floor of the mouth and;

4. excision of exostoses of the jaws and hard palate (provided that this procedure is not done in preparation for dentures or other prostheses); treatment of fractures of facial bone; external incision and drainage of cellulitis; incision of accessory sinuses, salivary glands, or ducts; reduction of dislocation of, or excision of, the temporomandibular joints.

The following services are also part of your surgical benefits:

1. Anesthesia Services—if administered at the same time as a covered surgical procedure in a Hospital or Ambulatory Surgical Facility or by a Physician other than the operating surgeon or by a Certified Registered Nurse Anesthetist. However, benefits will be provided for anesthesia services administered by oral and maxillofacial surgeons when such services are rendered in the surgeon's office or Ambulatory Surgical Facility.

   In addition, benefits will be provided for anesthesia administered in connection with dental care treatment rendered in a Hospital or Ambulatory Surgical Facility if (a) a child is age 6 and under, (b) you have a chronic disability, or (c) you have a medical condition requiring hospitalization or general anesthesia for dental care.

   Benefits will be provided for anesthesia administered in connection with dental care treatment rendered in a dental office, oral surgeon's office, Hospital or Ambulatory Surgical Facility if you are under age 19 and have been diagnosed with an Autism Spectrum Disorder or a developmental disability.

   For purposes of this provision only, the following definitions shall apply:

   Autism Spectrum Disorder means.....a pervasive developmental disorder described by the American Psychiatric Association or the World Health Organization diagnostic manuals as an autistic disorder, atypical autism, Asperger Syndrome, Rett Syndrome, childhood disintegrative disorder, or pervasive developmental disorder not otherwise specified; or a special education classification for autism or other disabilities related to autism.

   Developmental disability means.....a disability that is attributable to an intellectual disability or a related condition, if the related condition meets all of the following conditions:

   - It is attributable to cerebral palsy, epilepsy, or any other condition, other than a Mental Illness, found to be closely related to an intellectual disability because that condition results in impairment of general intellectual functioning or adaptive behavior similar to that of individuals with an intellectual disability and requires treatment or services similar to those required for those individuals; for purposes of this definition, autism is considered a related condition;
   - It manifested before the age of 22;
   - It is likely to continue indefinitely; and

- It results in substantial functional limitations in 3 or more of the following areas of major life activity: i) self-care, ii) language, iii) learning, iv) mobility, v) self-direction, and vi) the capacity for independent living.

2. Assist at Surgery—when performed by a Physician, Dentist or Podiatrist who assists the operating surgeon in performing covered Surgery in a Hospital or Ambulatory Surgical Facility. In addition, benefits will be provided for assist at Surgery when performed by a Registered Surgical Assistant or an Advanced Practice Nurse. Benefits will also be provided for assist at Surgery performed by a Physician Assistant under the direct supervision of a Physician, Dentist or Podiatrist.
3. Sterilization Procedures (even if they are voluntary).
4. Gender reassignment—benefits for Covered Services for gender reassignment Surgery, including related services and supplies, will be provided the same as any other condition.

A1C Testing

This plan provides benefits for A1C testing for prediabetes, type I diabetes, and type II diabetes mellitus.

Biomarker Testing

This plan provides benefits for Medically Necessary Biomarker Testing for the purposes of diagnosis, treatment, appropriate management, or ongoing monitoring of a disease or condition, including Medically Necessary home saliva cancer screenings, once every twenty-four (24) months, if you are at high risk or showing symptoms of the disease being tested for.

Biomarker Testing means the analysis of a patient's tissue, blood, or other biospecimen for the presence of a biomarker. The term includes single-analyte tests, multiplex panel tests and whole genome sequencing.

Blood Glucose Monitors for Treatment of Diabetes

This plan provides benefits for Medically Necessary blood glucose monitors (including non-invasive monitors and monitors for the blind) if a Physician has provided a written order.

Comprehensive Cancer Testing

This plan provides benefits for Medically Necessary Comprehensive Cancer Testing, including, but not limited to, whole-exome genome testing, whole-genome sequencing, RNA sequencing, tumor mutation burden, and targeted cancer gene panels.

Pancreatic Cancer Screening

This plan provides benefits for Medically Necessary pancreatic cancer screenings.

Vitamin D Testing

This plan provides benefits for Vitamin D Testing in accordance with vitamin D deficiency risk factors identified by the United States Centers for Disease Control and Prevention.

Medical Care

Benefits are available for Medical Care visits when:

1. you are an Inpatient in a Hospital, a Skilled Nursing Facility, or Substance Use Disorder Treatment Facility or a Residential Treatment Center or
2. you are a patient in a Partial Hospitalization Treatment Program or Coordinated Home Care Program or
3. you visit your Physician's office, or your Physician comes to your home.

Consultations

Your coverage includes benefits for consultations. The consultation must be requested by your Physician and consist of another Physician's advice in the diagnosis or treatment of a condition which requires special skill or knowledge. Benefits are not available for any consultation done because of Hospital regulations or by a Physician who also renders Surgery or Maternity Service during the same admission.

Diabetes Self-Management Training and Education

Benefits will be provided for Outpatient self-management training, education, and medical nutrition therapy. Benefits will also be provided for education programs that allow you to maintain a hemoglobin A1C level within the ranges identified in nationally recognized standards of care. Benefits will be provided if these services are rendered by a Physician, or duly certified, registered, or licensed health care professionals with expertise in diabetes management, operating within the scope of their license. Benefits for such health care professionals will be provided at the Benefit Payment for Other Covered Services described in the OTHER COVERED SERVICES section of this benefit booklet. Benefits for Physicians will be provided at the Benefit Payment for Physician Services described later in this benefit section.

Benefits are also available for regular foot care examinations by a Physician or Podiatrist.

Diagnostic Service—Benefits will be provided for those services related to covered Surgery or Medical Care.

Emergency Accident Care

Emergency Medical Care

Electroconvulsive Therapy

Allergy Injections and Allergy Testing

Chemotherapy

Occupational Therapy

Benefits will be provided for Occupational Therapy when these services are rendered by a registered Occupational Therapist under the supervision of a Physician. This therapy must be furnished under a written plan established by a Physician and regularly reviewed by the therapist and Physician. The plan must be established before treatment is begun and must relate to the type, amount, frequency, and duration of therapy and indicate the diagnosis and anticipated goals. Your benefits for Occupational Therapy, Speech Therapy and Physical Therapy are limited to a combined maximum of 60 visits per benefit period. Benefits for Autism Spectrum Disorder will not apply towards and are not subject to any Occupational Therapy visits maximum indicated in the Benefit Highlights section of this benefit booklet.

Physical Therapy

Benefits will be provided for Physical Therapy when rendered by a licensed professional Physical Therapist; provided, however, when the therapy is beyond the scope of the Physical Therapist's license, the Physical Therapist must be under the supervision of a Physician, and the therapy must be furnished under a written plan established by a Physician and regularly reviewed by the therapist and the Physician. The plan must be established before treatment is begun and must relate to the type, amount, frequency, and duration of therapy and indicate the diagnosis and anticipated goals. Your benefits for Occupational Therapy, Speech Therapy and Physical Therapy are limited to a combined maximum of 60 visits per benefit period. Benefits for Autism Spectrum Disorder will not apply towards and are not subject to any Physical Therapy visits maximum indicated in the Benefit Highlights section of this benefit booklet.

Chiropractic and Osteopathic Manipulation—Benefits will be provided for manipulation or adjustment of osseous or articular structures, commonly referred to as chiropractic and osteopathic manipulation, when performed by a person licensed to perform such procedures. Your benefits for chiropractic and osteopathic manipulation will be limited to a maximum of 20 visits per benefit period.

Naprapathy—Benefits will be provided for naprapathy when rendered by a Naprapath. Benefits for naprapathy will be limited to a maximum of 20 visits per benefit period.

Radiation Therapy Treatments

This plan provides benefits for Medically Necessary radiation therapy treatments.

Speech Therapy

Benefits will be provided for Speech Therapy when these services are rendered by a licensed Speech Therapist or Speech Therapist certified by the American Speech and Hearing Association. Inpatient Speech Therapy benefits will be provided only if Speech Therapy is not the only reason for admission. Your benefits for Occupational Therapy, Speech Therapy and Physical Therapy are limited to a combined maximum of 60 visits per benefit period. Benefits for Autism Spectrum Disorder will not apply towards and are not subject to any Speech Therapy visits maximum indicated in the Benefit Highlights section of this benefit booklet.

Telehealth and Telemedicine Services

This plan provides benefits for Telehealth and Telemedicine Services as defined under the BENEFIT HIGHLIGHTS and DEFINITIONS section of this booklet.

Clinical Breast Examinations—Benefits will be provided for clinical breast examinations when performed by a Physician, Advanced Practice Nurse or a Physician Assistant working under the direct supervision of a Physician.

Diagnostic Colonoscopies

Benefits will be provided for diagnostic colonoscopies, when determined to be Medically Necessary by a Physician, Advanced Practice Nurse, or Physician Assistant.

Ovarian Cancer Screening

Benefits will be provided for annual ovarian cancer screening using CA-125 serum tumor marker testing, transvaginal ultrasound, and pelvic examination.

Pap Smear Test

Benefits will be provided for an annual routine cervical smear or pap smear test.

Prostate Cancer Screening

Benefits will be provided for an annual routine prostate cancer screening.

Routine Liver Screening

Benefits will be provided at no charge for routine liver screenings, including liver ultrasounds and alpha-fetoprotein blood tests, for individuals who are at high risk for liver disease, every six months.

Bone Mass Measurement and Osteoporosis—Benefits will be provided for bone mass measurement and the diagnosis and treatment of osteoporosis.

Experimental/Investigational Treatment—Benefits will be provided for routine patient care in conjunction with experimental/investigational treatments when medically appropriate and you have cancer or a terminal

condition that according to the diagnosis of your Physician is considered life threatening, if a) you are a qualified individual participating in an Approved Clinical Trial program; and b) if those services or supplies would otherwise be covered under this benefit booklet if not provided in connection with an Approved Clinical Trial program. You and/or your Physician are encouraged to call customer service at the toll-free number on your Identification Card in advance to obtain information about whether a particular clinical trial is qualified.

Approved Clinical Trials—Benefits for Covered Services for Routine Patient Costs are provided in connection with a phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other Life-Threatening Disease or Condition and is recognized under state and/or federal law.

Acupuncture—Benefits will be provided for acupuncture when rendered by a licensed acupuncturist. Benefits for acupuncture will be limited to 20 visits per benefit period.

Durable Medical Equipment—Benefits will be provided for such things as internal cardiac valves, internal pacemakers, mandibular reconstruction devices (not used primarily to support dental prosthesis), compression sleeves to prevent or mitigate lymphedema, bone screws, bolts, nails, plates, and any other internal and permanent devices. Benefits will also be provided for the rental (but not to exceed the total cost of equipment) or purchase of durable medical equipment required for temporary therapeutic use provided that this equipment is primarily and customarily used to serve a medical purpose.

Amino Acid-Based Elemental Formulas—Benefits will be provided for amino acid-based elemental formulas for the diagnosis and treatment of eosinophilic disorders or short-bowel syndrome, when the prescribing Physician has issued a written order stating that the amino acid-based elemental formula is Medically Necessary. If you purchase the formula at a Pharmacy, benefits will be provided at the Benefit Payment for Other Covered Services described in the OTHER COVERED SERVICES section of this benefit booklet.

Orthotic Devices

Benefits will be provided for a supportive device for the body or a part of the body, head, neck, or extremities, including but not limited to, leg, back, arm and neck braces. In addition, benefits will be provided for adjustments, repairs, or replacement of the device because of a change in your physical condition, as Medically Necessary.

Outpatient Contraceptive Services

Benefits will be provided for prescription contraceptive devices, injections, implants, and Outpatient contraceptive services. Outpatient contraceptive services means consultations, examinations, procedures, and medical services provided on an Outpatient basis and related to the use of contraceptive

methods (including natural family planning) to prevent an unintended pregnancy.

Benefits for prescription contraceptive devices and implants will not be subject to a calendar year maximum.

Prosthetic Appliances

Benefits will be provided for prosthetic devices, special appliances, and surgical implants when:

1. they are required to replace all or part of an organ or tissue of the human body, or
2. they are required to replace all or part of the function of a non-functioning or malfunctioning organ or tissue.

Benefits will also include adjustments, repair and replacements of covered prosthetic devices, special appliances and surgical implants when required because of wear or change in a patient's condition (excluding dental appliances other than intra-oral devices used in connection with the treatment of Temporomandibular Joint Dysfunction and Related Disorders, subject to specific limitations applicable to Temporomandibular Joint Dysfunction and Related Disorders, and replacement of cataract lenses when a prescription change is not required).

Routine Pediatric Hearing Examination—Benefits will be provided for routine pediatric hearing examinations.

Pulmonary Rehabilitation Therapy—Benefits will be provided for outpatient cardiac/pulmonary rehabilitation programs provided within six months of a cardiac incident and outpatient pulmonary rehabilitation services.

Reconstructive Services

This plan provides benefits for Medically Necessary reconstructive services to restore physical appearance due to trauma.

Gender assignment surgery and gender reassignment surgery with related services

BENEFIT PAYMENT FOR PHYSICIAN SERVICES

The benefits provided by the Claim Administrator and the expenses that are your responsibility for your Covered Services will depend on whether you receive services from a Participating or Non-Participating Professional Provider.

Participating Provider

When you receive any of the Covered Services described in this Physician Benefit Section from a Participating Provider or from a Dentist, benefits will be provided at 80% of the Maximum Allowance after you have met your program deductible, unless otherwise specified in this benefit booklet.

Although Dentists are not Participating Providers they will be treated as such for purposes of benefit payment made under this benefit booklet and may bill you for the difference between the Claim Administrator's benefit payment and the Provider's charge to you.

When you receive Covered Services (except for those services specified below) in a Participating Provider's office (other than a specialist's office), benefits for Covered Services, including all related Covered Services received on the same day, are subject to a Copayment of $25 per visit. Benefits will then be provided at 100% of the Maximum Allowance. Your program deductible will not apply.

When you receive Covered Services (except for those services specified below) in a Participating Provider specialist's office, benefits for Covered Services, including all related Covered Services received on the same day, are subject to a Copayment of $40 per visit. A specialist is a Professional Provider who is **not** a Physician in general practice, family practice, internal medicine, obstetrics, gynecology, or pediatrics. Benefits will then be provided at 100% of the Maximum Allowance. Your program deductible will not apply.

The following Covered Services are not subject to the office visit Copayment, and benefits will be provided at the general medical/surgical payment level:

- Surgery
- Occupational Therapy
- Physical Therapy
- Speech Therapy

When you receive Outpatient Occupational Therapy, Outpatient Physical Therapy, or Outpatient Speech Therapy from a Participating Provider, benefits will be provided at 100% of the Maximum Allowance.

Benefits for Outpatient Occupational Therapy, Outpatient Physical Therapy, or Outpatient Speech Therapy from a Participating Provider will be subject to your program deductible.

Benefits for chiropractic and osteopathic manipulation will be provided at 100% of the Maximum Allowance, subject to a Copayment of $25 per visit, when Covered Services are received from a Participating Provider.

Benefits for chiropractic and osteopathic manipulation from a Participating Provider will not be subject to the program deductible.

Benefits for Acupunture will be provided at 100% of the Maximum Allowance, subject to a Copayment of $25 per visit, when Covered Services are received from a Participating Provider.

Benefits for Acupunture from a Participating Provider will not be subject to the program deductible.

Non-Participating Provider

When you receive any of the Covered Services described in this Physician Benefit Section from a Non-Participating Provider, benefits will be provided

at 60% of the Maximum Allowance after you have met your program deductible.

Emergency Care

Benefits for Emergency Accident Care will be provided at 80% of the Maximum Allowance when rendered by either a Participating or Non-Participating Provider after you have met your program deductible. Benefits for surgical procedures, such as stitching, gluing and casting are not provided at the Emergency Accident Care payment level. Such services will be provided at the benefit payment level for Surgery described in this benefit booklet.

When you receive Covered Services for Emergency Accident Care in a Provider's office, benefits for office visits are subject to a Copayment of $25 per visit. Benefits for office visits will be provided at 100% of the Maximum Allowance.

Benefits for Emergency Medical Care will be provided at 80% of the Maximum Allowance when rendered by either a Participating or Non-Participating Provider after you have met your program deductible.

When you receive Covered Services for Emergency Medical Care in a Provider's office, benefits for office visits are subject to a Copayment of $25 per visit. Benefits for office visits will be provided at 100% of the Maximum Allowance.

However, Covered Services for Emergency Accident Care and Emergency Medical Care resulting from a criminal sexual assault or abuse will be paid at 100% of the Maximum Allowance whether or not you have met your program deductible. The office visit Copayment will not apply.

If you disagree with the Claim Administrator's determination in processing your benefits as non-emergency care instead of Emergency Accident Care or Emergency Medical Care, you may call the Claim Administrator at the number on the back of your Identification Card. Please review the HOW TO FILE A CLAIM AND APPEALS PROCEDURES section of this benefit booklet for specific information on your right to seek and obtain a full and fair review of your Claim.

Participating and Non-Participating Professional Providers are:

- Acupuncturists
- Audiologists
- Certified Nurse-Midwives
- Certified Nurse Practitioners
- Certified Clinical Nurse Specialists
- Certified Registered Nurse Anesthetists
- Chiropractors
- Clinical Social Workers
- Clinical Professional Counselors
- Clinical Laboratories
- Dentists*
- Durable Medical Equipment Providers
- Home Infusion Therapy Providers
- Marriage and Family Therapists
- Naprapaths
- Occupational Therapists
- Optometrists
- Orthotic Providers
- Other Professional Providers
- Physical Therapists
- Physicians
- Podiatrists
- Psychologists
- Prosthetic Providers
- Registered Surgical Assistants
- Registered Dieticians
- Retail Health Clinics
- Speech Therapists

* Dentists are Non-Participating Providers and will be treated as such for purposes of benefit payment made under this benefit booklet. They may bill you for the difference between the Blue Cross and Blue Shield benefit payment and the Provider's charge to you.

Participating Providers have signed an Agreement with the Claim Administrator to accept the Maximum Allowance as payment in full. Such Participating Providers have agreed not to bill you for Covered Services amounts in excess of the Maximum Allowance. Therefore, you will be responsible only for the difference between the Claim Administrator's benefit payment and the Maximum Allowance for the Covered Service — that is, your program deductible, Copayment and Coinsurance amounts.

Non-Participating Providers have not signed an agreement with the Claim Administrator to accept the Maximum Allowance as payment in full. Therefore, you are responsible to these Providers for the difference between the Claim Administrator's benefit payment and such Provider's charge to you.

Should you wish to know the Maximum Allowance for a particular procedure or whether a particular Provider is a Participating Provider, contact your Employer, your Professional Provider, or the Claim Administrator.

OTHER COVERED SERVICES

OTHER COVERED SERVICES

This section of your benefit booklet describes "Other Covered Services" and the benefits that will be provided for them.

- The processing, transporting, storing, handling and administration of blood and blood components.
- Private Duty Nursing Service—Benefits for Private Duty Nursing Service will be provided to you in your home only when the services are of such a nature that they cannot be provided by non-professional personnel and can only be provided by a licensed health care provider. No benefits will be provided when a nurse ordinarily resides in your home or is a member of your immediate family. Private Duty Nursing includes teaching and monitoring of complex care skills such as tracheotomy suctioning, medical equipment use and monitoring to home caregivers and is not intended to provide for long term supportive care. Benefits for Private Duty Nursing Service will not be provided due to the lack of willing or available non-professional personnel. Your benefits for Private Duty Nursing Service are limited to a maximum of 60 visits per month.
- Ambulance Transportation—Benefits will not be provided for long distance trips or for use of an ambulance because it is more convenient than other transportation.
- Dental accident care—Dental services rendered by a Dentist or Physician which are required as the result of an accidental injury.
- Oxygen and its administration.
- Medical and surgical dressings, supplies, casts, and splints.
- Wigs—Benefits will be provided for wigs (also known as cranial prostheses) when your hair loss is due to Chemotherapy, radiation therapy or alopecia. Benefits for wigs will be limited to a lifetime maximum of $500.

BENEFIT PAYMENT FOR OTHER COVERED SERVICES

After you have met your program deductible, benefits will be provided at 80% of the Eligible Charge or 80% of the Maximum Allowance for any of the Covered Services described in this section.

Benefits for ambulance transportation (local ground or air transportation to the nearest appropriately equipped facility) will be provided at 80% of the Eligible Charge or 80% of the Maximum Allowance after you have met your program deductible. For ambulance, if not related to a true emergency, the charges should be paid at 60% of Eligible Charge or 60% of the Maximum Allowance after you have met your program deductible.

Notwithstanding anything else described herein, Providers of ambulance services will be paid based on the amount that represents the billed charges from the majority of the ambulance Providers in the Chicago Metro area as submitted to the Claim Administrator. Benefits for Ambulance Transportation will be paid at the highest level available under this benefit program. However, you will be responsible for any charges in excess of this amount.

When you receive Other Covered Services from a Participating or Non-Participating Provider, benefits for Other Covered Services will be provided at the payment levels previously described in this benefit booklet for Hospital and Physician Covered Services.

Participating and Non-Participating Professional Providers are:

- Acupuncturists
- Audiologists
- Certified Nurse-Midwives
- Certified Nurse Practitioners
- Certified Clinical Nurse Specialists
- Certified Registered Nurse Anesthetists
- Chiropractors
- Clinical Social Workers
- Clinical Professional Counselors
- Clinical Laboratories
- Dentists*
- Durable Medical Equipment Providers
- Home Infusion Therapy Providers
- Marriage and Family Therapists
- Naprapaths
- Occupational Therapists
- Optometrists
- Orthotic Providers
- Other Professional Providers
- Physical Therapists

* Dentists are Non-Participating Providers and will be treated as such for purposes of benefit payment made under this benefit booklet. They may bill you for the difference between the Blue Cross and Blue Shield benefit payment and the Provider's charge to you.

Participating Providers have signed an Agreement with the Claim Administrator to accept the Maximum Allowance as payment in full. Such Participating Providers have agreed not to bill you for Covered Services amounts in excess of the Maximum Allowance. Therefore, you will be responsible only for the difference between the Claim Administrator's benefit

payment and the Maximum Allowance for the Covered Service — that is, your program deductible, Copayment and Coinsurance amounts.

Non-Participating Providers have not signed an agreement with the Claim Administrator to accept the Maximum Allowance as payment in full. Therefore, you are responsible to these Providers for the difference between the Claim Administrator's benefit payment and such Provider's charge to you.

Should you wish to know the Maximum Allowance for a particular procedure or whether a particular Provider is a Participating Provider, contact your Employer, your Professional Provider, or the Claim Administrator.

SPECIAL CONDITIONS AND PAYMENTS

There are some special things that you should know about your benefits should you receive any of the following types of treatments:

HUMAN ORGAN TRANSPLANTS

Your benefits for certain human organ transplants are the same as your benefits for any other condition. Benefits will be provided only for cornea, kidney, bone marrow, heart valve, muscular-skeletal, parathyroid, heart, lung, heart/lung, liver, pancreas or pancreas/kidney human organ or tissue transplants. Benefits are available to both the recipient and donor of a covered transplant as follows:

— If both the donor and recipient have coverage each will have their benefits paid by their own program.

— If you are the recipient of the transplant, and the donor for the transplant has no coverage from any other source, the benefits described in this benefit booklet will be provided for both you and the donor. In this case, payments made for the donor will be charged against your benefits.

— If you are the donor for the transplant and no coverage is available to you from any other source, the benefits described in this benefit booklet will be provided for you. However, no benefits will be provided for the recipient.

Benefits will be provided for:

— Inpatient and Outpatient Covered Services related to the transplant Surgery.

— the evaluation, preparation, and delivery of the donor organ.

— the removal of the organ from the donor.

— the transportation of the donor organ to the location of the transplant Surgery. Benefits will be limited to the transportation of the donor organ in the United States or Canada.

In addition to the above provisions, benefits for heart, lung, heart/lung, liver, pancreas, or pancreas/kidney transplants will be provided as follows:

— **Whenever a heart, lung, heart/lung, liver, pancreas, or pancreas/kidney transplant is recommended by your Physician, you must contact the Claim Administrator by telephone before your transplant Surgery has been scheduled. The Claim Administrator will furnish you with the names of Hospitals which have Claim Administrator approved Human Organ Transplant Programs. No benefits will be provided for heart, lung, heart/lung, liver, pancreas, or pancreas/kidney transplants performed at any Hospital that does not have a Claim Administrator approved Human Organ Transplant Program.**

— If you are the recipient of the transplant, benefits will be provided for transportation and lodging for you and a companion. If the recipient of the transplant is a dependent child under the limiting age of this benefit booklet, benefits for transportation and lodging will be provided for the transplant recipient and two companions. For benefits to be available, your place of residency must be more than 100 miles from the Hospital where the transplant will be performed.

— The maximum amount that will be provided for lodging is $50 per person per day with a maximum of $100 per day if more than one person.

— In addition to the other exclusions of this benefit booklet, benefits will not be provided for the following:

- Cardiac rehabilitation services when not provided to the transplant recipient immediately following discharge from a Hospital for transplant Surgery.
- Travel time and related expenses required by a Provider.
- Drugs which do not have approval of the Food and Drug Administration.
- Storage fees.
- Services provided to any individual who is not the recipient or actual donor, unless otherwise specified in this provision.
- Meals.

CARDIAC REHABILITATION SERVICES

Your benefits for cardiac rehabilitation services are the same as your benefits for any other condition. Benefits will be provided for cardiac rehabilitation services only in Claim Administrator approved programs. Benefits are available if you have a history of any of the following: acute myocardial infarction, coronary artery bypass graft Surgery, percutaneous transluminal coronary angioplasty, heart valve Surgery, heart transplantation, stable angina pectoris, compensated heart failure or transmyocardial revascularization.

BENEFIT VALUE ADVISOR

The Benefit Value Advisor (BVA) program has been established to assist you in maximizing your benefits under this benefit booklet. Benefit Value Advisors are trained customer service representatives who assist you by comparing cost and providing information on Participating Providers for certain types of health care services. A BVA helps you navigate your benefits.

In addition to calling the BVA, you may also have other call requirements. A call to the BVA does not satisfy any other call requirements you may have.

PREVENTIVE CARE SERVICES

In addition to the benefits otherwise provided for in this benefit booklet, (and notwithstanding anything in your benefit booklet to the contrary), the following preventive care services will be considered Covered Services and

will not be subject to any deductible, Coinsurance, Copayment or dollar maximum (to be implemented in quantities and within the time period allowed under applicable law or regulatory guidance) when such services are received from a Participating Provider or Participating Pharmacy that is contracted for such service:

1. evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force ("USPSTF");
2. immunizations recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention ("CDC") with respect to the individual involved;
3. evidenced-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration ("HRSA") for infants, children, and adolescents;
4. with respect to women, such additional preventive care, and screenings, not described in item 1. above, as provided for in comprehensive guidelines supported by the HRSA; and
5. Preventive Drugs (including both prescription and over-the-counter products) that meet the preventive recommendations outlined above and that are listed on the No-Cost Preventive Drug List (to be implemented in the quantities and within the time period allowed under applicable law) will be covered and will not be subject to any Copayment Amount, Coinsurance Amount, Deductible, or dollar maximum when obtained from a Participating Pharmacy. Drugs on the No-Cost Preventive Drug List that are obtained from a non-Participating Pharmacy, may be subject to Copayment Amount, Coinsurance Amount, Deductibles, or dollar maximums, if applicable.

A copay waiver can be requested for drugs or immunizations that meet the preventive recommendations outlined above that are not on the No-Cost Preventive Drug List.

The services listed below may include requirements pursuant to state regulatory mandates and are to be covered at no cost to the member.

For purposes of this Preventive Care Services benefit provision, the current recommendations of the USPSTF regarding breast cancer screening and mammography and prevention will be considered the most current (other than those issued in or around November 2009).

The preventive care services described in items 1. through 5. above may change as USPSTF, CDC and HRSA guidelines are modified. For more information, you may access the Claim Administrator's website at *www.bcbsil.com* or contact customer service at the toll-free number on your Identification Card.

If a recommendation or guideline for a particular preventive health service does not specify the frequency, method, treatment or setting in which it must

be provided, the Claim Administrator may use reasonable medical management techniques, including but not limited to, those related to setting and medical appropriateness to determine coverage.

If a covered preventive health service is provided during an office visit and is billed separately from the office visit, you may be responsible for the Copayment or Coinsurance for the office visit only. If an office visit and the preventive health service are billed together and the primary purpose of the visit was not the preventive health service, you may be responsible for the Copayment or Coinsurance for the office visit including the preventive health service.

Preventive Care Services for Adults (or others as specified):

1. Abdominal aortic aneurysm screening for men ages 65 to 75 who have ever smoked
2. Unhealthy alcohol and drug use screening and counseling
3. Clinicians offer or refer adults with a Body Mass Index (BMI) of 30 or higher to intensive, multicomponent behavioral interventions
4. Aspirin use for prevention of cardiovascular disease for certain ages
5. Blood pressure screening
6. Cholesterol screening for adults of certain ages or at higher risk
7. Colorectal cancer screening for adults over age 45
8. Depression screening
9. Physical activity counseling for adults who are overweight or obese and have additional cardiovascular disease risk factors for cardiovascular disease
10. HIV screening for all adults at higher risk
11. HIV preexposure prophylaxis (PrEP) with effective antiretroviral therapy for persons at high risk of HIV acquisition including baseline and monitoring services
12. The following immunization vaccines for adults (doses, recommended ages, and recommended populations vary):
    - Haemophilus influenzae type b (Hib)
    - Hepatitis A
    - Hepatitis B
    - Herpes Zoster (Shingles)
    - Human papillomavirus
    - Influenza (Flu shot or flu mist)
    - Measles, Mumps, Rubella
    - Meningococcal

- MPOX
- Pneumococcal
- RSV
- Tetanus, Diphtheria, Pertussis
- Varicella
- COVID-19

13. Obesity screening and counseling
14. Sexually transmitted infections (STI) counseling
15. Tobacco use screening and cessation interventions for tobacco users
16. Syphilis screening for adults at higher risk
17. Exercise interventions to prevent falls in adults aged 65 years and older who are at increased risk for falls
18. Hepatitis C virus (HCV) screening of infection in adults aged 19 to 79 years
19. Hepatitis B virus screening for persons at high risk for infection
20. Counseling children, adolescents and young adults who have fair skin about minimizing their exposure to ultraviolet radiation to reduce risk for skin cancer
21. Lung cancer screening in adults 50 and older who have a 20 pack-year smoking history and currently smoke or have quit within the past 15 years
22. Screening for high blood pressure in adults aged 18 years or older
23. Screening for abnormal blood glucose and type II diabetes as part of cardiovascular risk assessment in adults who are overweight or obese
24. Low to moderate-dose statin for the prevention of cardiovascular disease (CVD) for adults aged 40 to 75 years with: (a) no history of CVD, (b) 1 or more risk factors for CVD (including but not limited to dyslipidemia, diabetes, hypertension, or smoking) and (c) a calculated 10-year CVD risk of 10% or greater
25. Tuberculin testing for adults 18 years or older who are at risk of tuberculosis
26. Whole body skin examination for lesions suspicious for skin cancer

Preventive Care Services for Women (including pregnant women or others as specified):

1. Bacteriuria urinary tract screening or other infection screening for pregnant women
2. Perinatal depression screening and counseling
3. BRCA counseling about genetic testing for women at higher risk

4. Breast cancer chemoprevention counseling for women at higher risk
5. Breastfeeding comprehensive lactation support and counseling from trained providers, as well as access to breastfeeding supplies for pregnant and nursing women. Electric breast pumps are limited to one per benefit period.
6. Cervical cancer screening
7. Chlamydia infection screening for younger women and women at higher risk
8. Contraception: FDA-approved contraceptive methods, sterilization procedures, and patient education and counseling, not including abortifacient drugs
9. Domestic and interpersonal violence screening and counseling for all women
10. Daily supplements of .4 to .8 mg of folic acid supplements for women who may become pregnant
11. Diabetes screening after pregnancy
12. Gestational diabetes screening for women 24 to 28 weeks pregnant and those at high risk of developing gestational diabetes
13. Gonorrhea screening for all women
14. Hepatitis B screening for pregnant women at their first prenatal visit
15. HIV screening and counseling for women
16. Human papillomavirus (HPV) DNA test: high risk HPV DNA testing every 3 years for women with normal cytology results who are age 30 or older
17. Osteoporosis screening for women over age 65, and younger women with risk factors
18. Rh incompatibility screening for all pregnant women and follow-up testing for women at higher risk
19. Tobacco use screening and interventions for all women, and expanded counseling for pregnant tobacco users
20. Screening for anxiety in adolescent and adult women, including those who are pregnant or postpartum, who have not recently been screened
21. Sexually transmitted infections (STI) counseling
22. Syphilis screening for all pregnant women or other women at increased risk
23. Well-woman visits to obtain recommended preventive services
24. Urinary incontinence screening
25. Breast cancer mammography screening, including breast tomosynthesis and, if determined to be Medically Necessary by a Physician, Advanced

Practice Nurse or a Physician Assistant, a screening MRI and comprehensive ultrasound

26. Intrauterine device (IUD) services related to follow up and management of side effects, counseling for continued adherence, and device removal
27. Aspirin use for pregnant women to prevent preeclampsia
28. Screening for preeclampsia in pregnant women with blood pressure measurements throughout pregnancy
29. Behavioral counseling to promote healthy weight gain during pregnancy
30. Behavioral counseling to maintain weight or limit weight gain to prevent obesity for women who are aged 40 or older

Preventive Care Services for Children (or others as specified):

1. Alcohol and drug use assessment for adolescents
2. Behavioral assessments for children of all ages
3. Blood pressure screenings for children of all ages
4. Cervical dysplasia screening for sexually active females
5. Congenital hypothyroidism screening for newborns
6. Critical congenital heart defect screening for newborns
7. Depression screening for adolescents
8. Development screening for children under age 3, and surveillance throughout childhood
9. Dyslipidemia screening for children ages 9-11 and 17-21
10. Bilirubin screening in newborns
11. Fluoride chemoprevention supplements for children without fluoride in their water source
12. Fluoride varnish to primary teeth of all infants and children starting at the age of primary tooth eruption
13. Gonorrhea preventive medication for the eyes of all newborns
14. Hearing screening for all newborns, children, and adolescents
15. Height, weight, and body mass index measurements
16. Hematocrit or hemoglobin screening
17. Hemoglobinopathies or sickle cell screening for all newborns
18. HIV screening for adolescents at higher risk
19. The following immunization vaccines for children from birth to age 18 (doses, recommended ages, and recommended populations vary):
    - Hepatitis A
    - Hepatitis B

- Human papillomavirus
- Influenza (Flu shot or Flu mist)
- Measles, Mumps, Rubella
- Meningococcal
- Pneumococcal
- Varicella
- Haemophilus influenzae type b
- Rotavirus
- RSV
- Inactivated Poliovirus
- Diphtheria, tetanus, and acellular pertussis
- COVID-19

20. Lead screening for children at risk for exposure
21. Medical history for all children throughout development
22. Obesity screening and counseling
23. Oral health risk assessment for younger children up to six years old
24. Phenylketonuria (PKU) screening for newborns
25. Sexually transmitted infections (STI) prevention and counseling for adolescents
26. Tuberculin testing for children at higher risk of tuberculosis
27. Vision screening for children and adolescents
28. Autism screening
29. Tobacco use interventions, including education or brief counseling, to prevent initiation of tobacco use in school-aged children and adolescents
30. Newborn blood screening
31. Any other immunization that is required by law for a child. Allergy injections are not considered immunizations under this benefit provision
32. Whole body skin examination for lesions suspicious for skin cancer

The FDA-approved contraceptive drugs and devices currently covered under this benefit provision are listed on the *Contraceptive Coverage List*. This list is available on the Claim Administrator's website at *www.bcbsil.com* and/or by contacting customer service at the toll-free number on your Identification Card. Benefits are not available under this benefit provision for contraceptive drugs and devices not listed on the *Contraceptive Coverage List*. You may, however, have coverage under other sections of this benefit booklet, subject to any applicable deductible, Coinsurance, Copayments and/or benefit maximums. The *Contraceptive Coverage List* and the preventive care services

covered under this benefit provision are subject to change as FDA guidelines, medical management and medical policies are modified.

Routine pediatric care, women's preventive care (such as contraceptives) and/or Outpatient periodic health examinations Covered Services not included above will be subject to the deductible, Coinsurance, Copayments and/or benefit maximums previously described in your benefit booklet, if applicable.

Preventive care services received from a Non-Participating Provider, or a Non-Administrator Provider facility, or a Non-Participating Pharmacy or other routine Covered Services not provided for under this provision may be subject to the deductible, Coinsurance, Copayments and/or benefit maximums.

Benefits for vaccinations that are considered preventive care services will not be subject to any deductible, Coinsurance, Copayments and/or benefit maximum when such services are received from a Participating Provider or Participating Pharmacy.

Vaccinations that are received from a Non-Participating Provider, or a Non-Administrator Provider facility, or a Non-Participating Pharmacy or other vaccinations that are not provided for under this provision may be subject to the deductible, Coinsurance, Copayments and/or benefit maximum.

WELLNESS CARE

Benefits will be provided for Covered Services rendered to you, even though you are not ill. Benefits will be limited to the following services:

- Routine diagnostic medical procedures;
- Routine laboratory tests;
- Routine EKG;
- Routine x-ray;
- Routine ovarian cancer screening;
- Routine colorectal cancer screening x-ray;
- Routine digital rectal examinations and prostate tests.

Participating Provider

When you receive Covered Services for wellness care from a Participating Provider, benefits for wellness care will be provided at 100% of the Eligible Charge or 100% of the Maximum Allowance and will not be subject to the program deductible.

Non-Participating Provider

When you receive Covered Services for wellness care from a Non-Participating Provider, benefits will be provided at 60% of the Eligible Charge or 60% of the Maximum Allowance after you have met your program deductible.

SKILLED NURSING FACILITY CARE

The following are Covered Services when you receive them in a Skilled Nursing Facility:

1. Bed, board, and general nursing care.
2. Ancillary services (such as drugs and surgical dressings or supplies).

No benefits will be provided for admissions to a Skilled Nursing Facility which are for the convenience of the patient or Physician or because care in the home is not available or the home is unsuitable for such care.

Benefits for Covered Services rendered in an Administrator Skilled Nursing Facility will be provided at 80% of the Eligible Charge after you have met your program deductible.

Benefits for Covered Services rendered in a Non-Administrator Skilled Nursing Facility will be provided at 60% of the Eligible Charge once you have met your program deductible. Benefits will not be provided for Covered Services received in an Uncertified Skilled Nursing Facility.

You are entitled to benefits for 60 days of care in a Skilled Nursing Facility per benefit period.

AMBULATORY SURGICAL FACILITY

Benefits for all of the Covered Services previously described in this benefit booklet are available for Outpatient Surgery. In addition, benefits will be provided if these services are rendered by an Ambulatory Surgical Facility.

Benefits for services rendered by an Administrator Ambulatory Surgical Facility will be provided at 80% of the Eligible Charge. Benefits for services rendered by a Non-Administrator Ambulatory Surgical Facility will be provided at 60% of the Eligible Charge.

Benefits for Outpatient Surgery will be provided as stated above after you have met your program deductible.

AUTISM SPECTRUM DISORDER(S)

Your benefits for the diagnosis and treatment of Autism Spectrum Disorder(s) are the same as your benefits for any other condition. Treatment for Autism Spectrum Disorder(s) shall include the following care when prescribed, provided or ordered for an individual diagnosed with an Autism Spectrum Disorder (a) by a Physician or a Psychologist who has determined that such care is Medically Necessary, or (b) by a certified, registered or licensed health care professional with expertise in treating Autism Spectrum Disorder(s), including but not limited to, a health care professional who is eligible as a Qualified ABA Provider by state regulation and when such care is determined to be Medically Necessary and ordered by a Physician or a Psychologist:

- psychiatric care, including diagnostic services;
- psychological assessments and treatments;
- habilitative or rehabilitative treatments;

- therapeutic care, including behavioral Speech, Occupational and Physical Therapies that provide treatment in the following areas: a) self care and feeding, b) pragmatic, receptive and expressive language, c) cognitive functioning, d) applied behavior analysis (ABA), intervention and modification, e) motor planning and f) sensory processing.

Please review the Occupational Therapy, Physical Therapy and Speech Therapy provisions in this benefit booklet for more specific information about how visit maximums for Occupational Therapy, Physical Therapy and Speech Therapy apply to benefits for Autism Spectrum Disorder(s).

Note: Covered benefits for clinically appropriate Autism Spectrum Disorder services and Habilitative services will not be denied solely on the basis of where those services are provided.

HABILITATIVE SERVICES

Your benefits for Habilitative Services with Congenital, Genetic, or Early Acquired Disorder are the same as your benefits for any other condition if all of the following conditions are met:

- a physician has diagnosed the Congenital, Genetic, or Early Acquired Disorder; and
- treatment is administered by a licensed speech-language pathologist, Audiologist, Occupational Therapist, Physical Therapist, Physician, licensed nurse, Optometrist, licensed nutritionist, or Psychologist upon the referral of a Physician; and
- treatment must be Medically Necessary and therapeutic and not Investigational.

SUBSTANCE USE DISORDER TREATMENT

Benefits for all of the Covered Services described in this benefit booklet are available for Substance Use Disorder Treatment. In addition, benefits will be provided if these Covered Services are rendered by a Behavioral Health Practitioner in a Substance Use Disorder Treatment Facility. Inpatient benefits for these Covered Services will also be provided for Substance Use Disorder Treatment in a Residential Treatment Center. Substance Use Disorder Treatment Covered Services rendered in a program that does not have a written agreement with the Claim Administrator or in a Non-Administrator Provider facility will be paid at the Non-Participating Provider facility payment level.

DETOXIFICATION

Covered Services received for detoxification are not subject to the Substance Use Disorder Treatment provisions specified above. Benefits for Covered Services received for detoxification will be provided under the HOSPITAL BENEFITS and PHYSICIAN BENEFITS section of this benefit booklet, the same as for any other condition.

MENTAL ILLNESS AND SUBSTANCE USE DISORDER SERVICES

Benefits for all of the Covered Services described in this benefit booklet are available for the diagnosis and/or treatment of a Mental Illness and/or Substance Use Disorder. Inpatient benefits for these Covered Services will also be provided for the diagnosis and/or treatment of Inpatient Mental Illness or Substance Use Disorder in a Residential Treatment Center. Treatment of a Mental Illness or Substance Use Disorder is eligible when rendered by a Behavioral Health Practitioner working within the scope of their license. Covered Services rendered in a Non-Administrator Provider facility will be paid at the Non-Participating Provider facility payment level.

BARIATRIC SURGERY

Benefits for Covered Services received for bariatric Surgery will be provided under the HOSPITAL BENEFIT and PHYSICIAN BENEFIT sections of this benefit booklet, the same as for any other condition. Benefit for Surgery for morbid obesity (including bariatric Surgery) are limited to a lifetime maximum of one.

MATERNITY SERVICE

Your benefits for Maternity Service are the same as your benefits for any other condition and are available whether you have Individual Coverage or Family Coverage. Benefits will also be provided for Covered Services rendered by a Certified Nurse-Midwife.

Benefits will be paid for Covered Services received in connection with both normal pregnancy and Complications of Pregnancy. As part of your maternity benefits certain services rendered to your newborn infant are also covered, even if you have Individual Coverage. These Covered Services are: a) the routine Inpatient Hospital nursery charges and b) one routine Inpatient examination and c) one Inpatient hearing screening as long as this examination is rendered by a Physician other than the Physician who delivered the child or administered anesthesia during delivery. (If the newborn child needs treatment for an illness or injury, benefits will be available for that care only if you have Family Coverage. You may apply for Family Coverage within 31 days of date of the birth. Your Family Coverage will then be effective from the date of the birth).

Benefits will be provided for any hospital length of stay in connection with childbirth for the mother or newborn child for no less than 48 hours following a normal vaginal delivery, or no less than 96 hours following a cesarean section. Your Provider will not be required to obtain authorization from the Claim Administrator for prescribing a length of stay less than 48 hours (or 96 hours). Such an earlier discharge may only be provided if there is coverage and availability of a post-discharge Physician office visit or an in-home visit to verify the condition of the infant in the first 48 hours after discharge.

Your coverage also includes benefits for elective abortions.

FERTILITY CARE

Benefits will be provided the same as your benefits for any other condition for Covered Services rendered in connection with the diagnosis and/or treatment of Infertility, or to promote fertility including, but not limited to, in-vitro fertilization, uterine embryo lavage, embryo transfer, artificial insemination, gamete intrafallopian tube transfer, zygote intrafallopian tube transfer, and low tubal ovum transfer and intracytoplasmic sperm injection.

Infertility means the inability to conceive a child after one year of unprotected sexual intercourse, the inability to conceive after one year of attempts to produce conception, the inability to conceive after an individual is diagnosed with a condition affecting fertility or the inability to attain or maintain a viable pregnancy or sustain a successful pregnancy. The one year requirement will be waived if your Physician determines that a medical condition exists that makes conception impossible through unprotected sexual intercourse including, but not limited to, congenital absence of the uterus or ovaries, absence of the uterus or ovaries due to surgical removal due to a medical condition, or involuntary sterilization due to Chemotherapy or radiation treatments; or, efforts to conceive as a result of one year of medically based and supervised methods of conception, including artificial insemination, have failed and are not likely to lead to a successful pregnancy.

Unprotected sexual intercourse means sexual union between a male and female without the use of any process, device or method that prevents conception including, but not limited to, oral contraceptives, chemicals, physical or barrier contraceptives, natural abstinence or voluntary permanent surgical procedures and includes appropriate measures to ensure the health and safety of sexual partners.

Benefits for treatments that include oocyte retrievals will be provided only when you have been unable to attain or maintain a viable pregnancy or sustain a successful pregnancy through reasonable, less costly medically appropriate Infertility treatments; however, this requirement will be waived if you or your partner has a medical condition that renders such treatment useless. Benefits for treatments that include oocyte retrievals are limited to a lifetime maximum of four completed oocytes.

Benefits will also be provided for medical expenses of an oocyte or sperm donor for procedures used to retrieve oocytes or sperm and the subsequent procedure to transfer the oocytes or sperm to you. Associated donor medical expenses are also covered, including, but not limited to, physical examinations, laboratory screenings, psychological screenings and prescription drugs.

If an oocyte donor is used, then the completed oocyte retrieval performed on the donor shall count as one completed oocyte retrieval.

Special Limitations

Benefits will not be provided for the following:

1. Services or supplies rendered to a surrogate, except those costs for procedures to obtain eggs, sperm, or embryos from you will be covered if you choose to use a surrogate.
2. Expenses incurred for cryo-preservation or storage of sperm, eggs, or embryos, except for those procedures which use a cryo-preserved substance. Please note, that benefits may be provided for fertility preservation as set forth in the FERTILITY PRESERVATION SERVICES provision of this benefit booklet.
3. Non-medical costs of an egg or sperm donor.
4. Fertility treatments which are deemed Investigational, in writing, by the American Society for Reproductive Medicine or the American College of Obstetricians or Gynecologists.
5. Fertility treatment rendered to your dependents under age 18.

In addition to the above provisions, in-vitro fertilization, gamete intrafallopian tube transfer, zygote intrafallopian tube transfer, low tubal ovum transfer and intracytoplasmic sperm injection procedures must be performed at medical facilities that conform to the American College of Obstetricians and Gynecologists guidelines for in-vitro fertilization clinics or to the American Society for Reproductive Medicine minimal standards for programs of in-vitro fertilization.

FERTILITY PRESERVATION SERVICES

Benefits will be provided for Medically Necessary Standard Fertility Preservation Services when a necessary medical treatment may directly or indirectly cause Iatrogenic Infertility to you.

For purposes of this section, "may directly or indirectly cause" means the likely possibility that treatment will cause a side effect of Infertility, based upon current evidence-based standards of care established by the American Society for Reproductive Medicine, the American Society of Clinical Oncology, or other national medical associations that follow current evidence-based standards of care.

ROUTINE MAMMOGRAMS

Benefits will be provided for routine mammograms for all women. A routine mammogram is an x-ray or digital examination of the breast for the presence of breast cancer, even if no symptoms are present. Benefits for routine mammograms will be provided as follows:

— one baseline mammogram

— an annual mammogram

Benefits for routine mammograms will be provided for women who have a family history of breast cancer, prior personal history of breast cancer, positive

genetic testing or other risk factors at the age and intervals considered Medically Necessary by their Physician.

If a routine mammogram reveals heterogeneous or dense breast tissue, benefits will be provided for a comprehensive ultrasound screening and magnetic resonance imaging (MRI) screening of an entire breast or breasts, when determined to be Medically Necessary by your Physician.

DIAGNOSTIC MAMMOGRAMS

Benefits will be provided for Diagnostic Mammograms for women when determined to be Medically Necessary by a Physician, Advanced Practice Nurse, or Physician Assistant.

Participating Providers

Benefits for routine mammograms when received from a Participating Provider will be provided at 100% of the Eligible Charge or Maximum Allowance whether or not you have met your program deductible.

Non-Participating Providers

Benefits for routine mammogra,s when received from a Non–Participating Provider will be provided at 60% of the Eligible Charge or Maximum Allowance after you have met your program deductible.

Benefit Maximum

Benefits for routine mammograms will not be subject to any benefit period maximum or lifetime maximum.

TEMPOROMANDIBULAR JOINT DYSFUNCTION AND RELATED DISORDERS

Benefits for all Covered Services previously described under this benefit booklet are available for the diagnosis and treatment of Temporomandibular Joint Dysfunction and Related Disorders.

PORT-WINE STAIN TREATMENT

Benefits for all of the Covered Services previously described under this benefit booklet are available for the treatment to eliminate or provide maximum feasible treatment of nevus flammeus, also known as port-wine stains, including, but not limited to, port-wine stains caused by Sturge-Weber Syndrome. This benefit does not apply to Port-Wine Stain Treatment, solely for cosmetic reasons.

MASTECTOMY-RELATED SERVICES

Benefits for Covered Services related to mastectomies are the same as for any other condition. Mastectomy-related Covered Services include, but are not limited to:

1. Reconstruction of the breast on which the mastectomy has been performed;

2. Surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. Inpatient care following a mastectomy for the length of time determined by your attending Physician to be Medically Necessary and in accordance with protocols and guidelines based on sound scientific evidence and patient evaluation and a follow-up Physician office visit or in-home nurse visit within 48 hours after discharge;
4. Prostheses and physical complications of all stages of the mastectomy including, but not limited to, lymphedemas; and
5. The removal of breast implants when the removal of the implants is a Medically Necessary treatment for a sickness or injury. Surgery performed for removal of breast implants that were implanted solely for cosmetic reasons are not covered. Cosmetic changes performed as reconstruction resulting from sickness or injury is not considered Cosmetic Surgery.

VIRTUAL VISITS

Benefits will be provided for Covered Services described in this benefit booklet for the diagnosis and treatment of non-emergency medical injuries or illnesses in situations when a Virtual Provider determines that such diagnosis and treatment can be conducted without an in-person primary care office visit, convenient care, urgent care or emergency room visit. Benefits for such Covered Services will only be provided if you receive them via consultation with a Virtual Provider who has a specific written agreement with the Claim Administrator to provide Virtual Visits to you at the time services are rendered. For more information about this benefit, you may visit the Claim Administrator's website at *www.bcbsil.com* or call customer service at the number on the back of your Identification Card.

Benefits for Covered Services you receive through a Virtual Visit from a Participating Virtual Provider are subject to the same office visit Copayment as indicated for Participating Providers as described under the BENEFIT PAYMENT FOR PHYSICIAN SERVICES provision in the PHYSICIAN BENEFIT SECTION of this benefit booklet.

Benefits will not be provided for services you receive through an interactive audio or interactive audio/video communication from a Provider who does not have a specific agreement with the Claim Administrator to provide Virtual Visits.

Note: Not all medical conditions can be appropriately treated through Virtual Visits. The Virtual Provider will identify any condition for which treatment by an in-person Provider is necessary.

PAYMENT PROVISIONS

Lifetime Maximum

Your benefits are not subject to a lifetime maximum. The total dollar amount that will be available in benefits for you is unlimited.

TRAVEL BENEFITS

You will be reimbursed for travel expenses for transportation and lodging that you incur for travel that is necessary to obtain any Covered Service rendered by a Participating Provider if there is no Participating Provider able to perform that service located within 100 miles of your home address (such benefits referred to herein as "Travel Benefits"). Coverage is available for you and up to one companion, or, if the person receiving the Covered Service is under age 18, up to two companions. Reimbursement for lodging is limited to $50 per night for you and an additional $50 per night for each permitted companion. To obtain reimbursement, you will need to submit a form, which includes receipts and supporting documentation of your expenses. Meals are not reimbursable. Travel Benefits are limited to a cap of $4,000 per occurrence. Reimbursement is subject to the services, travel, and reimbursement being in accordance with all applicable laws or regulations.

OUT-OF-POCKET EXPENSE LIMIT

There are separate Out-of-Pocket Expense Limits applicable to Covered Services received from Participating Providers and Non-Participating Providers.

For Participating Providers

If, during one benefit period, your out-of-pocket expense (the amount remaining unpaid after benefits have been provided) equals $3,000, any additional eligible Claims for Participating Providers (except for those Covered Services specifically excluded below) during that benefit period will be paid in full up to the Eligible Charge or Maximum Allowance.

This out-of-pocket expense limit may be reached by:

- the payments for which you are responsible after benefits have been provided (except for any expenses incurred for Covered Services rendered by a Non-Participating or Non-Administrator Provider other than Emergency Accident Care, Emergency Medical Care, and Inpatient treatment during the period of time when your condition is serious)

The following expenses for Covered Services cannot be applied to the out-of-pocket expense limit and will not be paid at 100% of the Eligible Charge or Maximum Allowance when your out-of-pocket expense limit is reached:

- charges that exceed the Eligible Charge or Maximum Allowance
- the Coinsurance resulting from Covered Services rendered by a Non-Participating Provider or a Non-Administrator Provider
- charges for Covered Services which have a separate dollar maximum specifically mentioned in this benefit booklet
- Copayments resulting from noncompliance with the provisions of the UTILIZATION MANAGEMENT AND REVIEW PROGRAM and/or the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT

If you have Family Coverage and your out-of-pocket expense as described above equals $6,000 during one benefit period, then, for the rest of the benefit period, all other family members will have benefits for Covered Services (except for those Covered Services specifically excluded above) provided at 100% of the Eligible Charge or Maximum Allowance. A member may not apply more than the individual out-of-pocket expense limit toward this amount.

For Non-Participating Providers

If, during one benefit period, your out-of-pocket expense (the amount remaining unpaid after benefits have been provided) equals $6,000, any additional eligible Claims for Non-Participating Providers (except for those Covered Services specifically excluded below) during that benefit period will be paid in full up to the Eligible Charge or Maximum Allowance.

This out-of-pocket expense limit may be reached by:

- the payments for Covered Services rendered by a Non-Participating Provider for which you are responsible after benefits have been provided

The following expenses for Covered Services cannot be applied to the out-of-pocket expense limit and will not be paid at 100% of the Eligible Charge or Maximum Allowance when your out-of-pocket expense limit is reached:

- charges that exceed the Eligible Charge or Maximum Allowance
- the Coinsurance resulting from Covered Services rendered by a Non-Administrator Hospital or other Non-Administrator Provider facility
- charges for Covered Services which have a separate dollar maximum specifically mentioned in this benefit booklet
- the urgent care Copayment
- the Hospital emergency room Copayment
- Copayments resulting from noncompliance with the provisions of the UTILIZATION MANAGEMENT AND REVIEW PROGRAM and/or the CLAIM ADMINISTRATOR'S BEHAVIORAL HEALTH UNIT

If you have Family Coverage and your expense as described above equals $12,000 during one benefit period, then, for the rest of the benefit period, all other family members will have benefits for Covered Services (except for those Covered Services specifically excluded above) provided at 100% of the Eligible Charge or Maximum Allowance. A member may not apply more than the individual out-of-pocket expense limit toward this amount.

EXTENSION OF BENEFITS IN CASE OF TERMINATION

If you are an Inpatient at the time your coverage under this plan is terminated, benefits will be provided for, and limited to, the Covered Services of this plan which are rendered by and regularly charged for by a Hospital, Skilled Nursing Facility, Substance Use Disorder Treatment Facility, Partial

Hospitalization Treatment Program, Residential Treatment Center or Coordinated Home Care Program. Benefits will be provided until you are discharged or until the end of your benefit period, whichever occurs first.

HOSPICE CARE PROGRAM

Your Hospital coverage also includes benefits for Hospice Care Program Service.

Benefits will be provided for the Hospice Care Program Service described below when these services are rendered to you by a Hospice Care Program Provider. However, for benefits to be available you must have a terminal illness with a life expectancy of one year or less, as certified by your attending Physician, and you will no longer benefit from standard medical care or have chosen to receive hospice care rather than standard care. Also, a family member or friend should be available to provide custodial type care between visits from Hospice Care Program Providers if hospice is being provided in the home.

The following services are covered under the Hospice Care Program:

1. Coordinated Home Care;
2. Medical supplies and dressings;
3. Medication;
4. Nursing Services - Skilled and non-Skilled;
5. Occupational Therapy;
6. Pain management services;
7. Physical Therapy;
8. Physician visits;
9. Social and spiritual services;
10. Respite Care Service.

The following services are **not** covered under the Hospice Care Program:

1. Durable medical equipment;
2. Home delivered meals;
3. Homemaker services;
4. Traditional medical services provided for the direct care of the terminal illness, disease or condition;
5. Transportation, including, but not limited to, Ambulance Transportation.

Notwithstanding the above, there may be clinical situations when short episodes of traditional care would be appropriate even when the patient remains in the hospice setting. While these traditional services are not eligible under this Hospice Care Program section, they may be Covered Services under other sections of this benefit booklet.

Benefit Payment for Hospice Care Program Services

Benefit payment for Covered Services rendered by a Hospice Care Program Provider will be provided at the same payment level as described for Inpatient Hospital Covered Services.

HEARING CARE PROGRAM

Your coverage includes benefits for hearing care when you receive such care from a Physician, Otologist, Audiologist or Hearing Aid Dealer.

The benefits of this section are subject to all of the terms and conditions described in this benefit booklet. Please refer to the DEFINITIONS, ELIGIBILITY and EXCLUSIONS sections of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

For hearing care benefits to be available, such care must be Medically Necessary and you must receive such care on or after your Coverage Date.

In addition to the Definitions of this benefit booklet, the following definitions are applicable to this Benefit Section:

AUDIOLOGIST.....means a duly licensed audiologist.

HEARING AID DEALER.....means a Provider licensed to make and provide hearing aids to you.

OTOLOGIST.....means a duly licensed otologist or otolaryngologist.

Benefit Period

Your hearing care benefit period beings on the first date a Covered Service is received after your Coverage Date and continues for a period of 24 consecutive months thereafter. Later benefit periods will begin on the first date a Covered Service is received following the expiration of your prior benefit period.

Covered Services

Benefits will be provided under this Benefit Section for the following:

Audiometric Examination
Hearing Aid Evaluation
Conformity Evaluation
Hearing Aids

Benefits will be limited to Covered Service(s) of each type listed above per benefit period.

Special Limitations

Benefits will not be provided for the following:

1. Audiometric examinations by an Audiologist when not ordered by your Physician within 6 months of such examination.
2. Medical or surgical treatment.
3. Drugs or other medications.
4. Replacement for lost or broken hearing aids, except if otherwise eligible under frequency limitations.

5. Hearing aids ordered while covered but delivered more than 60 days after termination.

Benefit Payment for Hearing Care

Benefits for hearing care Covered Services will be provided at 100% of the Usual and Customary Fee.

Benefits for hearing aids will be provided up to a lifetime maximum of $5,000.

For purpose of this Benefits Section only, the definition of Usual and Customary Fee shall read as follows:

> USUAL AND CUSTOMARY FEE.....means the fee as reasonably determined by the Claim Administrator, which is based on the fee which the Physician, Otologist, Audiologist or Hearing Aid Dealer who renders the particular service usually charges his patient or customers for the same service and the fee which is within the range of usual fees other Physicians, Otologists, Audiologists or Hearing Aid Dealers of similar training and experience in the same geographic are charge their patient or customers for the same service, under similar or comparable circumstances.

BENEFITS FOR MEDICARE ELIGIBLE COVERED PERSONS

This section describes the benefits which will be provided for Medicare Eligible covered persons who are not affected by MSP laws, unless otherwise specified in this benefit booklet (see provisions entitled ''Medicare Eligible covered persons'' in the ELIGIBILITY SECTION of this benefit booklet).

The benefits and provisions described throughout this benefit booklet apply to you, however, in determining the benefits to be paid for your Covered Services, consideration is given to the benefits available under Medicare.

The process used in determining benefits under the Health Care Plan is as follows:

1. determine what the payment for a Covered Service would be following the payment provisions of this coverage and
2. deduct from this resulting amount the amount paid or payable by Medicare. (If you are eligible for Medicare, the amount that is available from Medicare will be deducted whether or not you have enrolled and/or received payment from Medicare.) The difference, if any, is the amount that will be paid under the Health Care Plan.

When you have a Claim, you must send the Claim Administrator a copy of your Explanation of Medicare Benefits ("EOMB") in order for your Claim to be processed. In the event you are eligible for Medicare but have not enrolled in Medicare, the amount that would have been available from Medicare, had you enrolled, will be used.

EXCLUSIONS - WHAT IS NOT COVERED

Expenses for the following are not covered under your benefit program:

— **Hospitalization, services and supplies which are not Medically Necessary.**
No benefits will be provided for services which are not, in the reasonable judgment of the Claim Administrator, Medically Necessary. Medically Necessary means that a specific medical, health care or Hospital service is required, in the reasonable medical judgment of the Claim Administrator, for the treatment or management of a medical symptom or condition and that the service or care provided is the most efficient and economical service which can safely be provided.

Hospitalization is not Medically Necessary when, in the reasonable medical judgment of the Claim Administrator, the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital or some other setting without adversely affecting the patient's condition.

Examples of hospitalization and other health care services and supplies that are not Medically Necessary include:

— Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.

— Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.

— Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.

— Hospitalization or admission to a Skilled Nursing Facility, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.

— Hospitalization or admission to a Skilled Nursing Facility for the convenience of the patient or Physician or because care in the home is not available or is unsuitable.

— The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or their family members.

These are just some examples, not an exhaustive list, of hospitalizations or other services and supplies that are not Medically Necessary.

The Claim Administrator will make the decision whether hospitalization or other health care services or supplies were not Medically Necessary and therefore not eligible for payment under the terms of your health care plan. In most instances this decision is made by the Claim Administrator AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED.

The fact that your Physician may prescribe, order, recommend, approve, or view hospitalization or other health care services and supplies as Medically Necessary does not make the hospitalization, services or supplies Medically Necessary and does not mean that the Claim Administrator will pay the cost of the hospitalization, services, or supplies.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's decision, your plan provides for an appeal of that decision.

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

REMEMBER, EVEN IF YOUR PHYSICIAN PRESCRIBES, ORDERS, RECOMMENDS, APPROVES OR VIEWS HOSPITALIZATION OR OTHER HEALTH CARE SERVICES AND SUPPLIES AS MEDICALLY NECESSARY, THE CLAIM ADMINISTRATOR WILL NOT PAY FOR THE HOSPITALIZATION, SERVICES AND SUPPLIES IF IT DECIDES THEY WERE NOT MEDICALLY NECESSARY.

— Services or supplies that are not specifically mentioned in this benefit booklet.

— Services or supplies for any illness or injury arising out of or in the course of employment for which benefits are available under any Workers' Compensation Law or other similar laws whether or not you make a claim for such compensation or receive such benefits. However, this exclusion shall not apply if you are a corporate officer of any domestic or foreign corporation and are employed by the corporation and elect to withdraw yourself from the operation of the Illinois Workers' Compensation Act according to the provisions of the Act.

— Services or supplies that are furnished to you by the local, state or federal government and for any services or supplies to the extent payment or benefits are provided or available from the local, state or federal government (for example, Medicare) whether or not that payment or benefits are received, except in the case of Medicare, except however, this exclusion shall not be applicable to medical assistance benefits under Article V or VI of the Illinois Public Aid Code (305 ILCS 5/5-1 et seq. or 5/6-1 et seq.) or similar Legislation of any state, benefits provided

in compliance with the Tax Equity and Fiscal Responsibility Act or as otherwise provided by law.

— Services and supplies for any illness or injury occurring on or after your Coverage Date as a result of war or an act of war.

— Services or supplies that were received prior to your Coverage Date or after the date that your coverage was terminated.

— Services or supplies from more than one Provider on the same day(s) to the extent benefits are duplicated.

— Services or supplies that do not meet accepted standards of medical and/or dental practice.

— Investigational Services and Supplies and all related services and supplies, except as may be provided under this benefit booklet for a) the cost of routine patient care associated with Investigational cancer treatment if you are a qualified individual participating in a qualified clinical cancer trial, if those services or supplies would otherwise be covered under this benefit booklet if not provided in connection with a qualified cancer trial program and b) applied behavior analysis used for the treatment of Autism Spectrum Disorder(s).

— Custodial Care Service.

— Long Term Care Service.

— Respite Care Service, except as specifically mentioned under the Hospice Care Program.

— Inpatient Private Duty Nursing Service.

— Routine physical examinations, unless otherwise specified in this benefit booklet.

— Services or supplies received during an Inpatient stay when the stay is primarily related to behavioral, social maladjustment, lack of discipline or other antisocial actions which are not specifically the result of Mental Illness. This does not include services or supplies provided for the treatment of an injury resulting from an act of domestic violence or a medical condition (including both physical and mental health conditions).

— Cosmetic Surgery and related services and supplies, except for the correction of congenital deformities or for conditions resulting from accidental injuries, scars, tumors, or diseases.

— Services or supplies for which you are not required to make payment or would have no legal obligation to pay if you did not have this or similar coverage.

— Charges for failure to keep a scheduled visit or charges for completion of a Claim form.

— Personal hygiene, comfort or convenience items commonly used for other than medical purposes, such as air conditioners, humidifiers, physical fitness equipment, televisions, and telephones.

— Special braces, splints, specialized equipment, appliances, ambulatory apparatus, battery implants, except as specifically mentioned in this benefit booklet.

— Services or supplies for intersegmental traction; all types of home traction devices and equipment; vertebral axial decompression sessions; surface EMGs; spinal manipulation under anesthesia; muscle testing through computerized kinesiology machines such as Isostation, Digital Myograph and Dynatron; and balance testing through computerized dynamic posturography sensory organization test.

— Blood derivatives which are not classified as drugs in the official formularies.

— Eyeglasses, contact lenses or cataract lenses and the examination for prescribing or fitting of glasses or contact lenses or for determining the refractive state of the eye, except as specifically mentioned in this benefit booklet.

— Treatment of flat foot conditions and the prescription of supportive devices for such conditions and the treatment of subluxations of the foot.

— Routine foot care, except for persons diagnosed with diabetes.

— Treatment of decreased blood flow to the legs with pneumatic compression device high pressure rapid inflation deflation cycle, or treatment of tissue damage in any location with platelet rich plasma.

— Treatment of tissue damage or disease in any location with platelet-rich plasma.

— Immunizations, unless otherwise specified in this benefit booklet.

— Maintenance Occupational Therapy, Maintenance Physical Therapy and Maintenance Speech Therapy, except as specifically mentioned in this benefit booklet.

— Maintenance Care.

— Speech Therapy when rendered for the treatment of psychosocial speech delay, behavioral problems (including impulsive behavior and impulsivity syndrome), attention disorder, conceptual disability, or mental disability, except as may be provided under this benefit booklet for Autism Spectrum Disorder(s).

— Habilitative Services that are solely educational in nature or otherwise paid under state or federal law for purely educational services.

— Hypnotism.

— Services and supplies to the extent benefits are duplicated because the spouse, parent and/or child are covered separately under this Health Care Plan.

— Diagnostic Service as part of routine physical examinations or check-ups, premarital examinations, determination of the refractive errors of the eyes, auditory problems, surveys, case finding, research studies, screening, or similar procedures and studies, or tests which are Investigational, unless otherwise specified in this benefit booklet.

— Procurement or use of prosthetic devices, special appliances and surgical implants which are for cosmetic purposes, the comfort and convenience of the patient, or unrelated to the treatment of a disease or injury.

— Wigs (also referred to as cranial prostheses), unless otherwise specified in this benefit booklet.

— Services and supplies rendered or provided for human organ or tissue transplants other than those specifically named in this benefit booklet.

— Scanning the visible front portion of the eye with computerized ophthalmic diagnostic imaging or measuring the firmness of the front of the eye with corneal hysteresis by air impulse stimulation.

— Testing of blood for measurement of levels of: Lipoprotein a; small dense low density lipoprotein; lipoprotein subclass high resolution; lipoprotein subclass particle numbers; lipoprotein associated phospholipase A2, which are fat/protein substances in the blood that might be ordered in people with suspected deposits in the walls of blood vessels; urine for measurement of collagen cross links, which is a substance that might be ordered in people with suspected high bone turnover; cervicovaginal fluid for amniotic fluid protein during pregnancy, which might be ordered in people suspected to have fluid leaking from around the baby(premature ruptured membranes); and allergen specific IgG measurement.

— Nutritional items such as infant formulas, weight-loss supplements, over-the-counter food substitutes, non-prescription vitamins, and herbal supplements, other than those specifically named in this benefit booklet.

— Reversals of sterilization.

— Appliances for Temporomandibular Joint Dysfunction.

— Any related services to a non-covered service. Related services are a) services in preparation for the non-covered service; b) services in connection with providing the non-covered service; c) hospitalization required to perform the non-covered service; or d) services that are usually provided following the non-covered service, such as follow up care or therapy after surgery.

— Self-Administered drugs dispensed by a Physician.

— Behavioral health services provided at behavioral modification facilities, boot camps, emotional group academies, military schools, therapeutic boarding schools, wilderness programs, halfway houses, and group homes, except for Covered Services provided by appropriate Providers as defined in this benefit booklet.

— This Plan does not cover cannabis. Cannabis means all parts of the plant genus Cannabis containing delta-9-tetrahydrocannabinol (THC) as an active ingredient, whether growing or not, the seeds of the plant, the resin extracted from any part of the plant, and every cannabis-derived compound, manufacture, salt, derivative, mixture or preparation of the plant, its seeds, or its resin. Cannabis with THC as an active ingredient may be called marijuana.

Any of the following applied behavioral analysis (ABA) related services:

— Services with a primary diagnosis that is not Autism Spectrum Disorder;

— Services that are facilitated by a Provider that is not properly credentialed. Please see the definition of "Qualified ABA Provider" in the DEFINITIONS SECTION of this benefit booklet;

— Activities primarily of an educational nature;

— Shadow or companion services; or

— Any other services not provided by an appropriately licensed Provider in accordance with nationally accepted treatment standards.

COORDINATION OF BENEFITS SECTION

Coordination of Benefits (COB) applies when you have health care coverage through more than one group program. The purpose of COB is to ensure that you receive all of the coverage to which you are entitled but no more than the actual cost of the care received. In other words, the total payment from all of your coverages together will not add up to be more than the total charges that you have incurred. It is your obligation to notify the Claim Administrator of the existence of such other group coverages.

To coordinate benefits, it is necessary to determine what the payment responsibility is for each benefit program. This is done by following these rules:

1. The coverage under which the patient is the Eligible Person (rather than a dependent) is primary (that is, full benefits are paid under that program). The other coverage is secondary and only pays any remaining eligible charges.
2. When a dependent child receives services, the birthdays of the child's parents are used to determine which coverage is primary. The coverage of the parent whose birthday (month and day) comes before the other parent's birthday in the calendar year will be considered the primary coverage. If both parents have the same birthday, then the coverage that has been in effect the longest is primary. If the other coverage does not have this ''birthday'' type of COB provision and, as a result, both coverages would be considered either primary or secondary, then the provisions of the other coverage will determine which coverage is primary.

   — However, when the parents are separated or divorced and the parent with custody of the child has not remarried, the benefits of a contract which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a contract which covers the child as a dependent of the parent without custody;

   — when the parents are divorced and the parent with custody of the child has remarried, the benefits of a contract which covers the child as a dependent of the parent with custody shall be determined before the benefits of a contract which covers that child as a dependent of the stepparent, and the benefits of a contract which covers that child as a dependent of the stepparent will be determined before the benefits of a contract which covers that child as a dependent of the parent without custody.

   Notwithstanding the items above, if there is a court decree which would otherwise establish financial responsibility for the medical, dental, or other health care expenses with respect to the child, the benefits of a contract which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other contract which covers the child as a

dependent child. It is the obligation of the person claiming benefits to notify the Claim Administrator, and upon its request to provide a copy, of such court decree.

3. If neither of the above rules apply, then the coverage that has been in effect the longest is primary.

The only time these rules will not apply is if the other group benefit program does not include a COB provision. In that case, the other group program is automatically primary.

The Claim Administrator has the right in administering these COB provisions to:

— pay any other organization an amount which it determines to be warranted if payments which should have been made by the Claim Administrator have been made by such other organization under any other group program.

— recover any overpayment which the Claim Administrator may have made to you, any Provider, insurance company, person, or other organization.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

Please refer to BMO Plan Documents.

CONTINUATION OF COVERAGE FOR DOMESTIC PARTNERS

Please refer to BMO Plan Documents.

HOW TO FILE A CLAIM AND APPEALS PROCEDURES

To obtain your benefits under this benefit program, it is necessary for a Claim to be filed with the Claim Administrator. To file a Claim, usually all you will have to do is show your Identification Card to your Hospital or Physician (or other Provider). They will file your Claim for you. Remember however, it is your responsibility to ensure that the necessary Claim information has been provided to the Claim Administrator.

Once the Claim Administrator receives your Claim, it will be processed, and the benefit payment will usually be sent directly to the Hospital or Physician. You will receive a statement telling you how your benefits were calculated. In some cases, the Claim Administrator will send the payment directly to you or if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on the Claim Administrator's records.

In certain situations, you will have to file your own Claims. This is primarily true when you are receiving services or supplies from Providers other than a Hospital or Physician. An example would be when you have had ambulance expenses. To file your own Claim, follow these instructions:

1. Complete a Claim Form. These are available from your Employee Benefits Department or from the Claim Administrator's office.
2. Attach copies of all bills to be considered for benefits. These bills must include the Provider's name and address, the patient's name, the diagnosis, the date of service and a description of the service and the Claim Charge.
3. Mail the completed Claim Form with attachments to:

   Blue Cross and Blue Shield of Illinois
   P. O. Box 805107
   Chicago, Illinois 60680-4112

In any case, Claims should be filed no later than twelve months after the date a service is received. Claims not filed within twelve months from the date a service is received, will not be eligible for payment.

Should you have any questions about filing Claims, ask your Employee Benefits Department or call the Claim Administrator's office.

INTERNAL CLAIM DETERMINATIONS AND APPEALS PROCESS

INITIAL CLAIM DETERMINATIONS

When the Claim Administrator receives a properly submitted claim, the Claim Administrator will determine benefits in accordance with the Health Benefit Plan provisions. The Claim Administrator will receive and review claims for benefits and will process claims consistent with administrative practices and procedures established by your Plan. You, your valid assignee, your authorized representative, or Provider will be notified of the Claim Administrator's benefit decision.

(For information regarding assigning benefits, see "Payment of Claims and Assignment of Benefits" provisions in the GENERAL PROVISIONS section of this benefit booklet.)

If a Claim Is Denied or Not Paid in Full

If the claim for benefits is denied, you or your authorized representative shall be notified in writing of the following:

a. The reasons for determination;

b. A reference to the benefit plan provisions on which the determination is based, or the contractual, administrative, medical policy or protocol for the determination;

c. A description of additional information which may be necessary to perfect the Claim and an explanation of why such material is necessary;

d. Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care provider, Claim amount (if applicable), diagnosis, treatment and determination codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;

e. An explanation of the Claim Administrator's internal review/appeals and external review processes (and how to initiate a review/appeal or external review);

f. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);

g. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;

h. The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the claim for benefits;

i. Any internal rule, guideline, protocol, or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;

j. An explanation of the scientific or clinical judgment relied on in the determination as applied to claimant's medical circumstances, if the determination was based on medical necessity, experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request;

k. In the case of a determination of an Urgent Care Clinical Claim, a description of the expedited review procedure applicable to such Claims. An Urgent Care Clinical Claim decision may be provided orally, so long as written notice is furnished to the claimant within three days of oral notification.

If You Need Assistance

If you have any questions about the Claims procedures or the review procedure, write or call the Claim Administrator Headquarters at 1-800-538-8833. The Claim Administrator's offices are open from 8:45 a.m. to 4:45 p.m., Monday through Friday. Customer service hours and operations are subject to change without notice.

Blue Cross and Blue Shield of Illinois
P. O. Box 805107
Chicago, Illinois 60680-4112
1-800-538-8833 Toll-free phone

If you need assistance with the internal Claims and appeals or the external review processes that are described below, you may contact the health insurance consumer assistance office or ombudsman. You may contact the Illinois ombudsman program at 1-877-527-9431 or call the number on the back of your Identification Card for contact information. In addition, for questions about your appeal rights or for assistance, you can contact the Employee Benefits Security Administration at 1-866-444-EBSA (3272).

INQUIRIES AND COMPLAINTS

An **"Inquiry"** is a general request for information regarding claims, benefits, or membership.

A **"Complaint"** is an expression of dissatisfaction by you either orally or in writing.

The Claim Administrator has a team available to assist you with Inquiries and Complaints. Issues may include, but are not limited to, the following:

- Claims
- Quality of care

When your Complaint relates to dissatisfaction with an Adverse Benefit Determination (or partial determination), then you have the right to a Claim review/appeal as described in the CLAIM APPEAL PROCEDURES.

To pursue an Inquiry or a Complaint, you may contact **customer service** at the number on the back of your Identification Card, or you may write to:

Blue Cross and Blue Shield of Illinois
300 East Randolph
Chicago, Illinois 60601

When you contact customer service to pursue an Inquiry or Complaint, you will receive a written acknowledgement of your call or correspondence. You will receive a written response to your Inquiry or Complaint within 30 days of

receipt by customer service. Sometimes the acknowledgement and the response will be combined. If the Claim Administrator needs more information, you will be contacted. If a response to your Inquiry or Complaint will be delayed due to the need for additional information, you will be contacted. If an Inquiry or Complaint is not resolved to your satisfaction, you may appeal to the Claim Administrator.

An appeal is an oral or written request for review of an Adverse Benefit Determination (as defined below) or an adverse action by the Claim Administrator, its employees, or a Provider.

The following is the contact information for the Illinois Department of Insurance consumer assistance and ombudsman:

For Complaints and general Inquiries:

Illinois Department of Insurance
Office of Consumer Health Insurance
320 West Washington Street
Springfield, Illinois 62767
(877) 527-9431 Toll-free phone
(217) 558-2083 Fax number
Consumer_complaints@ins.state.il.us Email address

Timing of Required Notices and Extensions

Separate schedules apply to the timing of required notices and extensions, depending on the type of Claim. There are three types of Claims as defined below.

a. **Urgent Care Clinical Claim** is any pre-service claim for benefits for medical care or treatment with respect to which the application of regular time periods for making health Claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment.

b. **Pre-Service Claim** is any non-urgent request for benefits or a determination with respect to which the terms of the benefit plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.

c. **Post-Service Claim** is notification in a form acceptable to the Claim Administrator that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim charge, and any other information which the Claim Administrator may request in connection with services rendered to you.

Urgent Care Clinical Claims*

Type of Notice or Extension	Timing
If your Claim is incomplete, the Claim Administrator must notify you within:	**24 hours****
If you are notified that your Claim is incomplete, you must then provide completed Claim information to the Claim Administrator within:	**48 hours after receiving notice**
The Claim Administrator must notify you of the Claim determination (whether adverse or not):	
if the initial Claim is complete as soon as possible (taking into account medical exigencies), but no later than:	**48 hours**
after receiving the completed Claim (if the initial Claim is incomplete), within:	**48 hours**

*You do not need to submit appeals of Urgent Care Clinical Claims in writing. You should call the Claim Administrator at the toll-free number listed on the back of your Identification Card as soon as possible to submit an Urgent Care Clinical Claim.

**Notification may be oral unless the claimant requests written notification.

Pre-Service Claims

Type of Notice or Extension	Timing
If your Claim is filed improperly, the Claim Administrator must notify you within:	**5 days***
If your Claim is incomplete, the Claim Administrator must notify you within:	**15 days**
If you are notified that your Claim is incomplete, you must then provide completed Claim information to the Claim Administrator within:	**45 days after receiving notice**
The Claim Administrator must notify you of the Claim determination (whether adverse or not):	
if the initial Claim is complete, within:	**15 days****
after receiving the completed Claim (if the initial Claim is incomplete), within:	**30 days**
If you require post-stabilization care after an Emergency within:	**the time appropriate to the circumstance not to exceed one hour after the time of request**

*Notification may be oral unless the claimant requests written notification.

**This period may be extended one time by the Claim Administrator for up to 15 days, provided that the Claim Administrator both (1) determines that such an extension is necessary due to matters beyond the control of the Claim Administrator and (2) notifies you, prior to the expiration of the initial 15-day period, of the circumstances requiring the extension of time and the date by which the Claim Administrator expects to render a decision.

Post-Service Claims

Type of Notice or Extension	Timing
If your Claim is incomplete, the Claim Administrator must notify you within:	**30 days**
If you are notified that your Claim is incomplete, you must then provide completed Claim information to the Claim Administrator within:	**45 days after receiving notice**
The Claim Administrator must notify you of any adverse Claim determination:	
if the initial Claim is complete, within:	**30 days***
after receiving the completed Claim (if the initial Claim is incomplete), within:	**45 days**

*This period may be extended one time by the Claim Administrator for up to 15 days, provided that the Claim Administrator both (1) determines that such an extension is necessary due to matters beyond the control of the Claim Administrator and (2) notifies you in writing, prior to the expiration of the initial 30-day period, of the circumstances requiring the extension of time and the date by which the Claim Administrator expects to render a decision.

Concurrent Care

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your Claim for benefits.

CLAIM APPEAL PROCEDURES - DEFINITIONS

An **"Adverse Benefit Determination"** means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, in response to a Claim, Pre-Service Claim or Urgent Care Clinical Claim, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator and the Claim Administrator reduces or terminates such treatment (other than by amendment or termination of the Group's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium.

Urgent Care/Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An **expedited clinical appeal** is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment is terminated or reduced, the Claim Administrator will provide you with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, the Claim Administrator will notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after submission of the appeal, of all the information needed to review the appeal. The Claim Administrator will render a decision on the appeal within 24 hours after it receives the requested information, but not more than 72 hours from the appeal request.

Standard or Non-Urgent Appeals

The Claim Administrator will send you a written decision for appeals that need medical review within 30 calendar days after we receive your appeal request, or if you are appealing before getting a service. All other appeals will be answered within 60 calendar days.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a review of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care provider may appeal on their own behalf. Under your health benefit plan, there is one level of internal appeal available to you. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Claim Administrator at the number on the back of your Identification Card. In urgent care situations, a doctor may act as your authorized representative without completing the form.

If you believe the Claim Administrator incorrectly denied all or part of your benefits, you may have your Claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to the Claim Administrator to request a Claim review. The Claim Administrator will need to know the reasons why you do not agree with the Adverse Benefit Determination.

- In support of your Claim review, you have the option of presenting evidence and testimony to the Claim Administrator. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments, and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the claim review process.
- The Illinois Department of Insurance (IDOI) offers consumer assistance. If your standard or expedited (urgent) external review request does not qualify for review by your plan or its representatives, you may file an appeal with the IDOI at the Springfield address below. Also, if you have questions about your rights, with to file a complaint or wish to take up your matter with the IDOI, you may use either address below:

  IDOI Consumer Division
  320 W. Washington St.
  Springfield, Illinois 62767
  1-217-782-4515

  or

  IDOI Consumer Division
  122 S. Michigan Ave., 19th Floor
  Chicago, Illinois 60603
  1-312-814-2420
  web: *http://insurance.Illinois.gov*

Your Right to Appeal
You may appeal if you think you have been denied benefits in error. For all levels of appeals and reviews described below, you may give a written explanation of why you think we should change our decision and you may give any documents you want to add to make your point. For appeals, you may also make a verbal statement about your case. Send a written appeal request to: The Claim Administrator Claim Review Section P.O. Box 2401 Chicago, Illinois 60690
To file an appeal or if you have questions, please call 800-538-8833 (TTY/TDD:711, send a fax to 888-235-2936, or send a secure email using our Message Center by logging into Blue Access for Members (BAM) at *bcbsil.com*

During your internal appeal(s), the Claim Administrator will provide you or your authorized representative (free of charge) with any new or additional evidence considered, relied upon, or generated by the Claim Administrator in connection with the appealed Claim, as well as any new or additional rationale for a determination at the internal appeals stage.

Such new or additional evidence or rationale will be provided to you or your authorized representative as soon as possible and sufficiently in advance of the date a final decision on appeal is made to give you a reasonable opportunity to respond. The Claim Administrator may extend the time period described in this benefit booklet for its final decision on appeal to provide you with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the Claim is based in whole or in part on a medical judgement, the appeal will be conducted by individuals associated with the Claim Administrator and/or by external advisors, but who were not involved in making the initial determination of your Claim. No deference will be given to the initial Adverse Benefit Determination. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by the Claim Administrator.

Timing of Non-Urgent Appeal Determinations

Upon receipt of a non-urgent concurrent pre-service or post-service appeal, the Claim Administrator will notify the party filing the appeal within five business days of all the information needed to review the appeal.

The Claim Administrator will render a decision of a non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 30 calendar days after receipt of all required information. We will send you a written decision for appeals that are related to health care services and not related to administrative matters or Complaints within 30 calendar days after receipt of any needed information, but no later than 30 calendar days of receipt of the request. All other appeals will be answered within 30 calendar days if you are appealing before getting a service or within 60 calendar days if you have already received the service.

If the appeal is related to administrative matters or Complaints, the Claim Administrator will render a decision of a pre-service or post-service appeal as soon as practical, but in no event more than 60 business days after receipt of all required information.

Notice of Appeal Determination

The Claim Administrator will notify the party filing the appeal, you, and, if a clinical appeal, any health care provider who recommended the services involved in the appeal.

The written notice will include:

1. The reasons for the determination;
2. A reference to the benefit plan provisions on which the determination is based, or the contractual, administrative or protocol for the determination;

3. Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care provider, Claim amount (if applicable), and a statement describing determination codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
4. An explanation of the Claim Administrator's internal review/appeals and external review processes (and how to initiate a review/appeal or an external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final determination on internal and external appeal;
5. An explanation that you and your Provider may file appeals separately and at the same time, and that deadlines for filing appeals or external review requests are not delayed by appeals made by your Provider UNLESS you have chosen your Provider to act for you as your authorized representative;
6. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);
7. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
8. The right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the claim for benefits;
9. Any internal rule, guideline, protocol, or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;
10. An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
11. A description of the standard that was used in denying the claim and a discussion of the decision;
12. When the notice is given upon the exhaustion of an appeal submitted by a health care Provider on their own behalf, the timeframes from the date of the adverse determination for the member to file an appeal or file an external review;
13. When the notice of final adverse determination is given upon the exhaustion of internal appeals by the member, a statement that all internal appeals have been exhausted and the member has 4 months from the date of the letter to file an external review;
14. A statement indicating whether the adverse determination relates to a MEMBER appeal (filed by the member or authorized representative who may be the health care Provider) or a PROVIDER appeal (pursuant to the

Provider contract) and shall explain timeframes from the date of the adverse determination for the member to appeal and to file an external review regardless of the status of a Provider appeal.

If the Claim Administrator's or your Employer's decision is to continue to deny or partially deny your Claim or you do not receive timely decision, you may be able to request an external review of your claim by an independent third party, who will review the determination and issue a final decision. Your external review rights are described in the **STANDARD EXTERNAL REVIEW** section below.

You may file a Complaint with the Illinois Department of Insurance. The Illinois Department of Insurance will notify the Claim Administrator of the Complaint. The Claim Administrator will have 21 days to respond to the Illinois Department of Insurance.

You must exercise the right to internal appeal as a precondition to taking any action against the Claim Administrator, either at law or in equity. If you have an adverse appeal determination, you may file civil action in a state or federal court.

Forum Selection

In the event of any dispute relating to or arising from this Plan, the jurisdiction and venue for the dispute is the United States District Court for the Northern District of Illinois. If, and only if, the United States District Court for the Northern District of Illinois lacks subject-matter jurisdiction over such dispute, the jurisdiction and venue for the dispute is the Circuit Court of Cook County, Illinois.

STANDARD EXTERNAL REVIEW

You or your authorized representative (as described above) may make a request for a standard external review or expedited external review of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination by an independent review organization (IRO). The external review is at no charge to the member.

An "**Adverse Benefit Determination**" means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator or your Employer and the Claim Administrator or your Employer reduces or terminates such treatment (other than by amendment or termination of the Employer's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not

include a termination of coverage for reasons related to non-payment of premium.

A "**Final Internal Adverse Benefit Determination**" means an Adverse Benefit Determination that has been upheld by the Claim Administrator at the completion of the Claim Administrator's internal review/appeal process.

1. **Request for external review.** Within 4 months after the date of receipt of a notice of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination from the Claim Administrator, you or your authorized representative must file your request for standard external review. If there is no corresponding date 4 months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.
2. **Preliminary review.** Within 5 business days following the date of receipt of the external review request, the Claim Administrator must complete a preliminary review of the request to determine whether:
    a. You are, or were, covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;
    b. The Adverse Benefit Determination or the Final Adverse Benefit Determination does not relate to your failure to meet the requirements for eligibility under the terms of the plan (e.g., worker classification or similar determination);
    c. You have exhausted the Claim Administrator's internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations. Please read the **EXHAUSTION** section below for additional information and exhaustion of the internal appeal process; and
    d. You or your authorized representative have provided all the information and forms required to process an external review.

    You will be notified within 1 business day after we complete the preliminary review if your request is eligible or if further information or documents are needed. You will have the remainder of the 4-month appeal period (or 48 hours following receipt of the notice), whichever is later, to perfect the appeal request. If your claim is not eligible for external review, we will outline the reasons it is ineligible in the notice and provide contact information for the Department of Labor's Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272).

3. **Referral to Independent Review Organization.** When an eligible request for external review is completed within the time period allowed, Claim Administrator will assign the matter to an independent review organization (IRO). The IRO assigned will be accredited by URAC or by similar nationally recognized accrediting organization. Moreover, the Claim Administrator will act against bias and to ensure independence. Accordingly, the Claim Administrator must contract within at least (3) IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the determination of benefits.

   The IRO must provide the following:

   a. Utilization of legal experts where appropriate to make coverage determinations under the plan.

   b. Timely notification to you or your authorized representative, in writing, of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.

   c. Within 5 business days after the date of assignment of the IRO, the Claim Administrator must provide to the assigned IRO the documents and any information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Failure by the Claim Administrator to timely provide the documents and information must not delay the conduct of the external review. If the Claim Administrator fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Within 1 business day after making the decision, the IRO must notify the Claim Administrator and you or your authorized representative.

   d. Upon receipt of any information submitted by you or your authorized representative, the assigned IRO must within 1 business day forward the information to the Claim Administrator. Upon receipt of any such information, the Claim Administrator may reconsider its Adverse Benefit Determination or Final Internal Adverse Benefit Determination that is the subject of the external review. Reconsideration by the Claim Administrator must not delay the external review. The external review may be terminated as a result of the reconsideration only if the Claim Administrator decides, upon completion of its reconsideration, to reverse its Adverse Benefit Determination or Final Internal Adverse Benefit

Determination and provide coverage or payment. Within 1 business day after making such a decision, the Claim Administrator must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the Claim Administrator.

e. Review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719 of the Public Health Service (PHS) Act. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available, and the IRO considers them appropriate, will consider the following in reaching a decision:

   (1) Your medical records;

   (2) The attending health care professional's recommendation;

   (3) Reports from appropriate health care professionals and other documents submitted by the Claim Administrator, you, or your treating provider;

   (4) The terms of your plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with applicable law;

   (5) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;

   (6) Any applicable clinical review criteria developed and used by the Claim Administrator, unless the criteria are inconsistent with the terms of the plan or with applicable law; and

   (7) The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available, and the clinical reviewer or reviewers consider appropriate.

f. Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to the Claim Administrator and you or your authorized representative.

g. The notice of final external review decision will contain:

   (1) A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care

provider, the claim amount (if applicable), the diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous determination);

(2) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;

(3) References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;

(4) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;

(5) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the Claim Administrator and you or your authorized representative;

(6) A statement that judicial review may be available to you or your authorized representative; and

(7) Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.

h. After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and you or your authorized representative.

4. **Reversal of plan's decision.** Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Claim Administrator immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

EXPEDITED EXTERNAL REVIEW

1. **Request for expedited external review.** Claim Administrator must allow you or your authorized representative to make a request for an expedited external review with the Claim Administrator at the time you receive:

a. An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition of the claimant for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize your life or health

or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

b. A Final Internal Adverse Benefit Determination, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.

2. **Preliminary review.** Immediately upon receipt of the request for expedited external review, the Claim Administrator must determine whether the request meets the reviewability requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must immediately send you a notice of its eligibility determination that meets the requirements set forth in STANDARD EXTERNAL REVIEW section above.

3. **Referral to independent review organization.** Upon a determination that a request is eligible for external review following the preliminary review, the Claim Administrator will assign an IRO pursuant to the requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

   The assigned IRO, to the extent the information or documents are available, and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the claim de novo and is not bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process.

4. **Notice of final external review decision.** The Claim Administrator's contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in the STANDARD EXTERNAL REVIEW section above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to the Claim Administrator and you or your authorized representative.

EXHAUSTION

For standard internal review, you have the right to request external review once the internal review process has been completed and you have received the Final Internal Adverse Benefit Determination. For expedited internal review, you may request external review simultaneously with the request for expedited internal review. The IRO will determine whether your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

You will be deemed to have exhausted the internal review process and may request external review if the Claim Administrator waives the internal review process or the Claim Administrator has failed to comply with the internal claims and appeals process. In the event you have been deemed to exhaust the internal review process due to the failure by the Claim Administrator to comply with the internal claims and appeals process, you also have the right to pursue any available remedies under 502(a) of ERISA or under State law.

External review may not be requested for an Adverse Benefit Determination involving a claim for benefits for a health care service that you have already received until the internal review process has been exhausted.

GENERAL PROVISIONS

1. CLAIM ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS AND OTHER ENTITIES

The Claim Administrator hereby informs you that it has contracts with certain Providers (''Administrator Providers'') in its service area to provide and pay for health care services to all persons entitled to health care benefits under health policies and contracts to which the Claim Administrator is a party, including all persons covered under the Health Care Plan. Under certain circumstances described in its contracts with Administrator Providers, the Claim Administrator may:

- receive substantial payments from Administrator Providers with respect to services rendered to you for which the Claim Administrator was obligated to pay the Administrator Provider, or
- pay Administrator Providers substantially less than their Claim Charges for services, by discount or otherwise, or
- receive from Administrator Providers other substantial allowances under the Claim Administrator's contracts with them.

In the case of Hospitals and other facilities, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by the Claim Administrator as described in this benefit booklet and the calculation of all required deductible and Coinsurance amounts payable by you as described in this benefit booklet shall be based on the Eligible Charge or Provider's Claim Charge for Covered Services rendered to you, reduced by the Average Discount Percentage ("ADP") applicable to your Claim or Claims. Your Employer has been advised that the Claim Administrator may receive such payments, discounts and/or other allowances during the term of the agreement between your Employer and the Claim Administrator. Neither the Employer nor you are entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how the Claim Administrator's separate financial arrangements with Provider's work, please consider the following example:

a. Assume you go into the Hospital for one night and the normal, full amount the Hospital bills for Covered Services is $1,000. How is the $1,000 bill paid?

b. You personally will have to pay the deductible and Coinsurance amounts set out in your benefit booklet.

c. However, for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums, the Hospital's Eligible Charge would be reduced by the ADP applicable to your Claim. In our

example, if the applicable ADP were 30%, the $1,000 Hospital bill would be reduced by 30% to $700 for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums.

d. Assuming you have already satisfied your deductible, you will still have to pay the Coinsurance portion of the $1,000 Hospital bill after it has been reduced by the ADP. In our example, if your Coinsurance obligation is 20%, you personally will have to pay 20% of $700, or $140. You should note that your 20% Coinsurance is based on the full $1,000 Hospital bill, after it is reduced by the applicable ADP.

e. After considering the deductible and Coinsurance amounts, the Claim Administrator will satisfy its portion of the Hospital bill. In most cases, the Claim Administrator has a contract with Hospitals that allows it to pay less, and requires the Hospital to accept less, than the amount of money the Claim Administrator would be required to pay if it did not have a contract with the Hospital.

So, in the example we are using, since the full Hospital bill is $1,000, your deductible has already been satisfied, and your Coinsurance is $140, then the Claim Administrator has to satisfy the rest of the Hospital bill, or $860. Assuming the Claim Administrator has a contract with the Hospital, the Claim Administrator will usually be able to satisfy the $860 bill that remains after your Coinsurance and deductible, by paying less than $860 to the Hospital, often substantially less than $860. The Claim Administrator receives, and keeps for its own account, the difference between the $860 bill and whatever the Claim Administrator ultimately pays under its contracts with Administrator Providers, and neither you nor your Employer are entitled to any part of these savings.

The Claim Administrator or its subsidiaries or affiliates may also have ownership interests in or financial arrangements with certain Providers who provide Covered Services to covered persons and/or vendors or other third parties who provide services related to the Policy or provide services to certain Providers.

2. INTER-PLAN ARRANGEMENTS

I. Out-of-Area Services

Overview

The Claim Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area the Claim Administrator serves, the Claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Claim Administrator's service area, you will receive it from one of two kinds of Providers. Most Providers ("participating Providers") contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue"). Some Providers ("non-participating Providers") do not contract with the Host Blue. The Claim Administrator explains below how the Claim Administrator pays both kinds of Providers.

Inter-Plan Arrangements Eligibility - Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits except when paid as medical claims/benefits, and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by the Claim Administrator to provide the specific service or services.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, the Claim Administrator will remain responsible for doing what we agreed in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating Providers.

For Inpatient facility services received in a Hospital, the Host Blue's participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the participating Provider will be sanctioned based on the Host Blue's contractual agreement with the Provider, and the member will be held harmless for the Provider sanction.

When you receive Covered Services outside the Claim Administrator's service area and the Claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- The billed charges for Covered Services, or
- The negotiated price that the Host Blue makes available to the Claim Administrator.

To help you understand how this calculation would work, please consider the following example:

a. Suppose you receive Covered Services for an illness while you are on vacation outside of Illinois. You show your Identification Card to the provider to let them know that you are covered by the Claim Administrator.

b. The provider has negotiated with the Host Blue a price of $80, even though the provider's standard charge for this service is $100. In this example, the provider bills the Host Blue $100.

c. The Host Blue, in turn, forwards the claim to the Claim Administrator and indicates that the negotiated price for the covered service is $80. The Claim Administrator would then base the amount you must pay for the service - the amount applied to your deductible, if any, and your coinsurance percentage - on the $80 negotiated price, not the $100 billed charge.

d. So, for example, if your coinsurance is 20%, you would pay $16 (20% of $80), not $20 (20% of $100). You are not responsible for amounts over the negotiated price for a covered service.

PLEASE NOTE: The Coinsurance percentage in the above example is for illustration purposes only. The example assumes that you have met your deductible and that there are no copayments associated with the service rendered. Your deductible(s), Coinsurance and Copayment(s) are specified in this benefit booklet.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, also take into account adjustments to correct for over or underestimation of modifications of past pricing of Claims, as noted above. However, such adjustments will not affect the price the Claim Administrator has used for your claim because they will not be applied after a Claim has already been paid.

B. Negotiated (non-BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, the Claim Administrator may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or negotiated price (refer to the description of negotiated price under Section A, BlueCard Program) made available to the Claim Administrator by the Host Blue.

If reference-based benefits, which are service-specific benefit dollar limits for specific procedures, based on a Host Blue's local market rates, are made available to you, you will be responsible for the amount that the healthcare provider bills above the specific reference benefit limit for the given procedure. For a participating Provider, that amount will be the difference between the negotiated price and the reference benefit limit. For a non-participating Provider, that amount will be the difference between the Provider's billed charge and the reference benefit limit.

Where a reference benefit limit is greater than either a negotiated price or a Provider's billed charge, you will incur no liability, other than any related patient cost sharing under this agreement.

C. Special Cases: Value Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Claim Administrator through average pricing or fee schedule adjustments.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If the Claim Administrator has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to your Employer on your behalf, the Claim Administrator will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, the Claim Administrator will include any such surcharge, tax, or other fee as part of the Claim Charge passed on to you.

E. Non-Participating Healthcare Providers Outside The Claim Administrator's Service Area

a. Member Liability Calculation

(1) In General

When Covered Services are provided outside of the Claim Administrator's service area by non-participating Providers, the amount(s) you pay for such services will be calculated using the methodology described in the benefit booklet for non-participating Providers located inside our service area. You may be responsible for the difference between the amount that the non-participating Provider bills and the payment the Claim Administrator will make for the Covered Services as set forth in this paragraph.

(2) Exceptions

In some exception cases, the Claim Administrator may, but is not required to, negotiate a payment with such non-participating Provider on an exception basis. If a negotiated payment is not

available, then the Claim Administrator may make a payment based on the lesser of:

1. The amount calculated using the methodology described in the benefit booklet for non-participating Providers located inside our service area (and described in Section (a)(1) above); or
2. The following:
   a. For professional Providers, make a payment based on publicly available Provider reimbursement data for the same or similar services, adjusted for geographical differences where applicable, or
   b. For Hospital or facility Providers, make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have reportedly incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the non-participating Provider bills and the payment the Claim Administrator will make for the Covered Services as set forth in this paragraph.

F. Blue Cross Blue Shield Global® Core

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists you with accessing a network of Inpatient, Outpatient and Professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the BlueCard service area, you will typically have to pay the Providers and submit the Claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or Hospital) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

- **Inpatient Services**

  In most cases, if you contact the service center for assistance, Hospitals will not require you to pay for covered Inpatient services, except for your cost-share amounts/Deductibles, Coinsurance, etc. In such cases, the Hospital will submit your Claims to the service center to begin claims processing. However, if you paid in full at the time of

service, you must submit a Claim to receive reimbursement for Covered Services. **You must contact the Claim Administrator to obtain Prior Authorization for non-emergency Inpatient services.**

- **Outpatient Services**

  Outpatient Services are available for Emergency Care, Physicians, urgent care centers and other Outpatient Providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a Claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

  When you pay for Covered Services outside the BlueCard service area, you must submit a Claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the Claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate Claims processing. Following the instructions on the Claim form will help ensure timely processing of your Claim. The Claim form is available from the Claim Administrator, the service center or online at www.bcbsglobalcore.com. If you need assistance with your Claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

Servicing Plans

In some instances, the Claim Administrator has entered into agreements with other Blue Cross and Blue Shield Plans ("Servicing Plans") to provide, on the Claim Administrator's behalf, Claim Payments, and certain administrative services for you. Under these agreements, the Claim Administrator will reimburse each Servicing Plan for all Claim Payments made on the Claim Administrator's behalf for you.

Certain Servicing Plans may have contracts similar to the contracts described above with certain Providers ("Servicing Plan Providers") in their service area. The Servicing Plan will process your claim in accordance with the Servicing Plan's applicable contract with the Servicing Plan Provider. Further, all amounts payable to the Servicing Plan by the Claim Administrator for Claim Payments made by the Servicing Plan and applicable service charges, and all benefit maximum amounts and any required deductible and Coinsurance amounts under this Health Care Plan will be calculated on the basis of the Servicing Plan Provider's Eligible Charge for Covered Services rendered to you or the cost agreed upon between the Servicing Plan and the Claim Administrator for Covered Services that the Servicing Plan passes to the Claim Administrator, whichever is lower.

Often, the agreed upon cost is a simple discount. Sometimes, however, the agreed upon cost may represent either an estimated discount or an average discount received or expected by the Servicing Plan based on separate financial arrangements with Servicing Plan Providers.

In other instances, laws in a small number of states dictate the basis upon which the Coinsurance is calculated. When Covered Services are rendered in those states, the Coinsurance amount will be calculated using the state's statutory method.

Claim Administrator's Separate Financial Arrangements with Pharmacy Benefit Managers

The Claim Administrator owns a significant portion of the equity of Prime Therapeutics LLC and informs you that the Claim Administrator has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as "Pharmacy Benefit Managers") to provide, on the Claim Administrator's behalf, Claim Payments and certain administrative services for your prescription drug benefits. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with the Claim Administrator. In addition, the mail-order pharmacy and specialty pharmacy operate through an affiliate partially owned by Prime Therapeutics, LLC. Neither the Employer nor you are entitled to receive any portion of such rebates.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of the Claim Administrator but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufactures to cover the administrative costs of processing late payments). The Claim Administrator may also negotiate rebate contracts with pharmaceutical manufacturers. The Claim Administrator may receive such rebates from Prime or pharmaceutical manufacturers. You are not entitled to receive any portion of any such rebates.

3. PAYMENT OF CLAIMS AND ASSIGNMENT OF BENEFITS

a. Under this Health Care Plan, the Claim Administrator has the right to make any benefit payment either to you or directly to the Provider of the Covered Services. For example, the Claim Administrator may pay benefits to you if you receive Covered Services from a Non-Administrator Provider. The Claim Administrator is specifically authorized by you to determine to whom any benefit payment should be made.

b. Once Covered Services are rendered by a Provider, you have no right to request the Claim Administrator not to pay the Claim submitted by such Provider and no such request will be given effect. In addition, the Claim Administrator will have no liability to you or any other person because of its rejection of such request.

c. A covered person's claim for benefits under this Health Care Plan is expressly non-assignable and non-transferable in whole or in part to any person or entity, including any Provider, at any time before or after Covered Services are rendered to a covered person. Coverage under this Health Care Plan is expressly non-assignable and non-transferable and will be forfeited if you attempt to assign or transfer coverage or aid or attempt to aid any other person in fraudulently obtaining coverage. Any such assignment or transfer of a claim for benefits or coverage shall be null and void.

4. YOUR PROVIDER RELATIONSHIPS

a. The choice of a Provider is solely your choice and the Claim Administrator will not interfere with your relationship with any Provider.

b. The Claim Administrator does not itself undertake to furnish health care services, but solely to make payments to Providers for the Covered Services received by you. The Claim Administrator is not in any event liable for any act or omission of any Provider or the agent or employee of such Provider, including, but not limited to, the failure or refusal to render services to you. Professional services which can only be legally performed by a Provider are not provided by the Claim Administrator. Any contractual relationship between a Physician and an Administrator Provider shall not be construed to mean that the Claim Administrator is providing professional service.

c. The use of an adjective such as Participating, Administrator, Preferred or approved in modifying a Provider shall in no way be construed as a recommendation, referral, or any other statement as to the ability or quality of such Provider. In addition, the omission, non-use or non-designation of Participating, Administrator, Preferred approved or any similar modifier or the use of a term such as Non-Administrator or Non-Participating should not be construed as carrying any statement or inference, negative or positive, as to the skill or quality of such Provider.

d. Each Provider provides Covered Services only to you and does not interact with or provide any services to your Employer (other than as an individual covered person) or your Employer's ERISA Health Benefit Program.

5. NOTICES

Any information or notice which you furnish to the Claim Administrator under the Health Care Plan as described in this benefit booklet must be in writing and sent to the Claim Administrator at its offices at 300 East Randolph, Chicago, Illinois 60601 (unless another address has been stated in this benefit booklet for a specific situation). Any information or notice which the Claim Administrator furnishes to you must be in writing and sent to you at your address as it appears on the Claim Administrator's records or in care of your Employer and if applicable, in the case of a Qualified Medical Child Support Order, to the designated

representative as it appears on the Claim Administrator's records. The Claim Administrator may also provide such notices electronically to the extent permitted by applicable law.

6. LIMITATIONS OF ACTIONS

No legal action may be brought to recover under the Health Care Plan as described in this benefit booklet, prior to the expiration of sixty (60) days after a Claim has been furnished to the Claim Administrator in accordance with the requirements described in this benefit booklet. In addition, no such action shall be brought after the expiration of three (3) years after the time a Claim is required to be furnished to the Claim Administrator in accordance with the requirements described in this benefit booklet.

7. INFORMATION AND RECORDS

You agree that it is your responsibility to insure that any Provider, other Blue Cross and Blue Shield Plan, insurance company, employee benefit association, government body or program, any other person or entity, having knowledge of or records relating to (a) any illness or injury for which a Claim or Claims for benefits are made under the Health Care Plan, (b) any medical history which might be pertinent to such illness, injury, Claim or Claims, or (c) any benefits or indemnity on account of such illness or injury or on account of any previous illness or injury which may be pertinent to such Claim or Claims, furnish to the Claim Administrator or its agent, and agree that any such Provider, person or other entity may furnish to the Claim Administrator or its agent, at any time upon its request, any and all information and records (including copies of records) relating to such illness, injury, Claim or Claims. In addition, the Claim Administrator may furnish similar information and records (or copies of records) to Providers, Blue Cross and Blue Shield Plans, insurance companies, governmental bodies or programs or other entities providing insurance-type benefits requesting the same. It is also your responsibility to furnish the Claim Administrator and/or your Employer or group administrator information regarding your or your dependents becoming eligible for Medicare, termination of Medicare eligibility or any changes in Medicare eligibility status in order that the Claim Administrator be able to make Claim Payments in accordance with MSP laws.

8. OVERPAYMENT

If your group's benefit plan or the Claim Administrator pays benefits for eligible expenses incurred by you or your dependents and it is found that the payment was more than it should have been, or it was made in error ("Overpayment"), your group's benefit plan or the Claim Administrator has the right to obtain a refund of the Overpayment amount from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities, or organizations, including, but not limited to Participating Providers or Non-Participating Providers.

If no refund is received, your group's benefit plan and/or Blue Cross and Blue Shield (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due up to an amount equal to the Overpayment, from:

a. Any future benefit payment made to any person or entity under this benefit booklet, whether for the same or a different member; or

b. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program and/or Blue Cross and Blue Shield administered insured benefit program or policy, if the future benefit payment owed is to a Contracted Provider; or

c. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield insured group benefit plan or individual policy, if the future benefit payment owed is to a Contracted Provider; or

d. Any future benefit payment, or other payment, made to any person or entity; or

e. Any future payment owed to one or more Contracted Providers.

Further, the Claim Administrator has the right to reduce your benefit plan's payment to a Contracted Provider by the amount necessary to recover another Blue Cross and Blue Shield's plan or policy Overpayment to the same Contracted Provider and to remit the recovered amount to the other Blue Cross and Blue Shield plan or policy.

9. VALUE BASED DESIGN PROGRAMS

The Claim Administrator and your Employer has the right to offer medical management programs, quality improvement programs and health behavior wellness, incentive, maintenance, or improvement programs that allow for a reward, a contribution, a penalty, a differential in premiums or a differential in medical, prescription drug or equipment Copayments, Coinsurance or deductibles, or costs, or a combination of these incentives or disincentives for participation in any such program offered or administered by the Claim Administrator or an entity chosen by the Claim Administrator to administer such programs. In addition, discount, or incentive programs for various health and wellness-related, insurance-related, or other items and services may be available from time-to-time. Such programs may be discontinued with or without notice.

Contact your Employer for additional information regarding any value-based programs offered by your Employer.

REIMBURSEMENT PROVISION

If you or one of your covered dependents incur expenses for sickness or injury that occurred due to negligence of a third party and benefits are provided for Covered Services described in this benefit booklet, you agree:

a. the Claim Administrator has the rights to reimbursement for all benefits the Claim Administrator provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you or your legal representative as a result of sickness or injury, in the amount of the total Eligible Charge or Provider's Claim Charge for Covered Services for which the Claim Administrator has provided benefits to you, reduced by any Average Discount Percentage ("ADP") applicable to your Claim or Claims.

b. the Claim Administrator is assigned the right to recover from the third party, or their insurer, to the extent of the benefits the Claim Administrator provided for that sickness or injury.

The Claim Administrator shall have the right to first reimbursement out of all funds you, your covered dependents, or your legal representative, are or were able to obtain for the same expenses for which the Claim Administrator has provided benefits as a result of that sickness or injury.

You are required to furnish any information or assistance or provide any documents that the Claim Administrator may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability. (See provisions of this benefit booklet regarding "Claim Administrator's Separate Financial Arrangements with Providers.")

BENEFIT BOOKLET
NO SURPRISES ACT AMENDMENT

Amendment Effective Date: This Amendment is effective on the Employer's Contract Anniversary Date or for the Plan Year of your Employer's Group Health Plan occurring on or after January 1, 2022.

The terms of this Amendment supersede the terms of the benefit booklet to which this Amendment is attached and becomes a part of the benefit booklet. Unless otherwise required by Federal or Illinois law, in the event of a conflict between the terms on this Amendment and the terms of the benefit booklet, the terms on this Amendment apply. However, definitions set forth in this Amendment are for purposes of this Amendment only. Additionally, for purposes of this Amendment, references to You and Your mean any Member, including Subscriber and Dependents.

The benefit booklet is hereby amended as indicated below:

I. Continuity of Care

If You are under the care of a Participating Provider as defined in the benefit booklet who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), You may be able to continue coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

1. You are undergoing a course of treatment for a serious and complex condition,
2. You are undergoing institutional or inpatient care,
3. You are scheduled to undergo nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery),
4. You are pregnant or undergoing a course of treatment for Your pregnancy, or
5. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if You are currently receiving chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date The Plan notifies You of the Provider's termination, or any longer period provided by state law. If You are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be

extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery. You have the right to appeal any decision made for a request for Benefits under this provision, as explained in the benefit booklet.

II. Federal No Surprises Act

1. Definitions

The definitions below apply only to Section IV. Federal No Surprises Act, of this Amendment. To the extent the same terms are defined in both the benefit booklet and this Amendment, those terms will apply only to their use in the benefit booklet or this Amendment, respectively.

"Air Ambulance Services" means, for purposes of this Amendment only, medical transport by helicopter or airplane for patients.

"Emergency Medical Condition" means, for purposes of this Amendment only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition: (i) placing the health of the individual, or with respect to a pregnant woman her unborn child in serious jeopardy; (ii) constituting a serious impairment to bodily functions; or (iii) constituting a serious dysfunction of any bodily organ or part.

"Emergency Services" means, for purposes of this Amendment only,

- a medical screening examination performed in the emergency department of a hospital or a Freestanding Emergency Department;
- further medical examination or treatment You receive at a Hospital, regardless of the department of the Hospital, or a Freestanding Emergency Department to evaluate and treat an Emergency Medical Condition until Your condition is stabilized; and
- Covered Services You receive from a Non-Participating Provider during the same visit after Your Emergency Medical Condition has stabilized unless:

    1. Your Non-Participating Provider determines You can travel by non-medical or non-emergency transport;
    2. Your Non-Participating Provider has provided You with a notice to consent form for balance billing of services; and
    3. You have provided informed consent.

"Non-Participating Provider" means, for purposes of this Amendment only, with respect to a covered item or service, a physician or other health care provider who does not have a contractual relationship with Blue Cross and Blue Shield of Illinois (BCBSIL) for furnishing such item or service under the Plan to which this Amendment is attached.

"Non-Participating Emergency Facility" means, for purposes of this Amendment only, with respect to a covered item or service, an emergency department of a hospital or an independent freestanding emergency department that does not have a contractual relationship with BCBSIL for furnishing such item or service under the Plan to which this Amendment is attached.

"Participating Provider" means, for purposes of this Amendment only, with respect to a Covered Service, a physician or other health care provider who has a contractual relationship with BCBSIL setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached regardless whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

"Participating Facility" means, for purposes of this Amendment only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a contractual relationship with BCBSIL setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached. Whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

"Qualifying Payment Amount" means, for purposes of this Amendment only, a median of contracted rates calculated pursuant to federal or state law, regulation and/or guidance.

"Recognized Amount" means, for purposes of this Amendment only, an amount determined pursuant a state law that provides a method for determining the total amount payable for the item or service (if applicable); or, if there is no state law that provides a method for determining the total amount payable for the item or service, the lesser of the Qualifying Payment Amount or billed charges.

2. Federal No Surprises Act Surprise Billing Protections

a. The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections ("Included Services") are listed below.

- Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
- Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless You give written consent and give up balance billing protections).
- Air Ambulance Services received from a Non-Participating Provider if the services would be covered if received from a Participating Provider.

b. Claim Payments

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

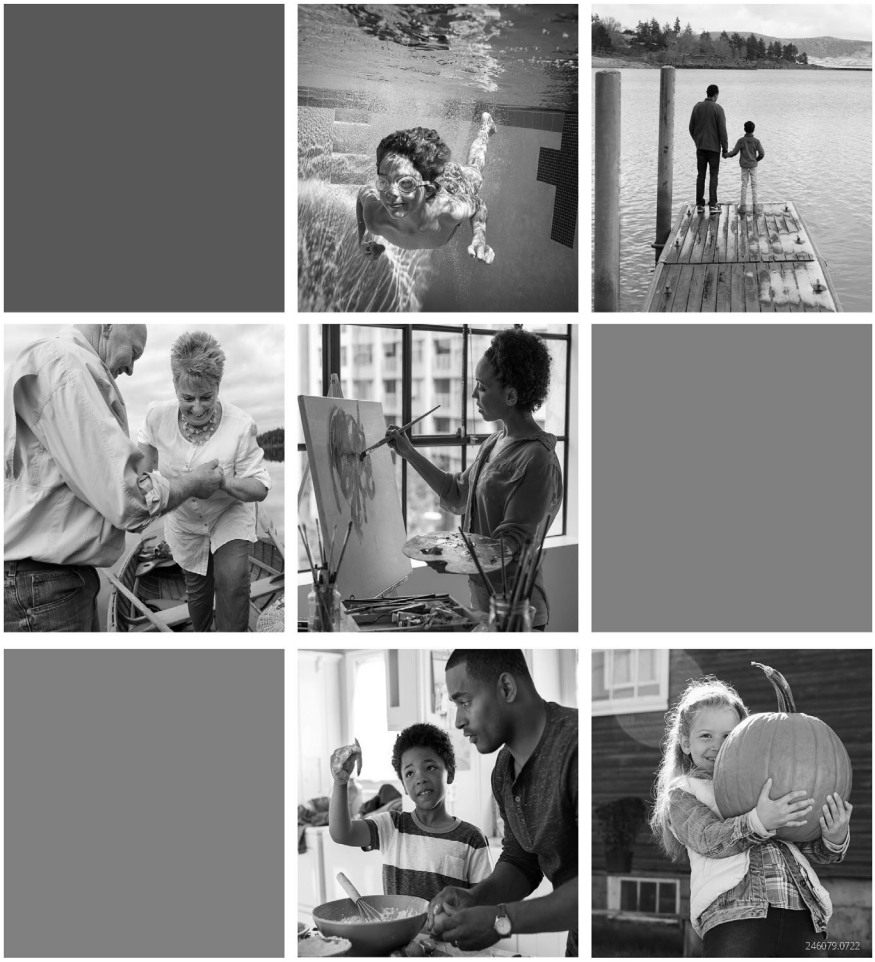
c. Cost-Sharing

For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward Your Participating Provider deductible and/or out-of-pocket expense limit, if any.

3. Prohibition of Balance Billing



You are protected from balance billing on Included Services as set forth below.

If You receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill You is Your in-network cost-share. You cannot be balance billed for these Emergency Services unless You give written consent and give up Your protections not to be balanced billed for services You receive after You are in a stable condition.

When You receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill You is Your Plan's in-network cost-share requirements. When You receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill You and may not ask You to give up Your protections not to be balance billed. If You get other services at Participating Facilities, Non-Participating Providers can't balance bill You unless You give written consent and give up Your protections.

If Your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill You is Your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

NOTE: The revisions to Your Plan made by this Amendment are based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. To the extent federal regulations are adopted or additional guidance is issued by federal regulatory agencies that alter the terms of this Amendment, the regulations and any additional guidance will control over conflicting language in this Amendment.

BMO

Prescription Drug Coverage

Plan Details

EVERNORTH℠
HEALTH SERVICES
Express Scripts® Pharmacy Benefit Services

Quick Facts

Vendor	Express Scripts (Evernorth Health Services)

Overview

When you enroll in a BMO medical plan administered by Blue Cross Blue Shield of Illinois (BCBSIL), you automatically receive prescription drug coverage through Express Scripts, our pharmacy benefits manager. Express Scripts helps manage your prescriptions and your health. Here are a few highlights you can expect:

- **Easy**. Register online or download the Express Scripts mobile app to always have your info with you. Check coverage, compare prices, and see if generic medications are available.
- **Accessible**. Connect with pharmacists in the app, or online and by phone 24/7.
- **Personalized**. Select your communication preferences so you can control how you receive information.
- **Convenient**. Order refills, track shipments, compare prices and access your plan information online.

	Visit www.express-scripts.com First time visitors must register using their member ID or Social Security Number. You can manage your medication online when your coverage takes effect. Before then, you can set up your online account, including your preferred shipping address, preferences, and payment method(s) for home delivery orders. Have a question about Account management & preferences, prescription orders, prices & paying for medication past orders & records, getting medicine: nearby or delivered, prescription rules & coverage, common terms, or taking medicine log in and go to the **Help** menu and select **FAQs & Contact Us** for support!
	Visit your favorite app store to download the Express Scripts mobile app
	Text JOIN to 69717 for a link to Express Scripts registration page Automated text message will be sent to you. Message and data rates apply. Not a condition of purchase.

Prescription Drug Coverage: HDHP vs. PPO

Prescription drug benefits are subject to the annual deductible and out-of-pocket maximum in both HDHP and PPO medical plans, but how you pay for medications can differ. Understanding these variables can help you make informed decisions about your prescription drug spending and maximize your benefits.

There are also certain categories of prescriptions that are considered preventive and therefore not subject to the deductible and either covered at 100% by the Plan or immediately covered at applicable copayment or coinsurance. Your out-of-pocket cost for prescriptions will vary based on your health plan and:

- Where you fill your prescription (retail pharmacy or home delivery)
- What type of drug it is (generic, preferred brand-name, or non-preferred brand-name).

Prescription Category	Examples	Plan Coverage
Affordable Care Act (ACA) Preventive Drug List	Aspirin products, fluoride products, folic acid products, contraceptive methods, smoking cessation products, most vaccines, bowel preps and primary prevention of breast cancer	You pay $0*
	**Not all prescriptions for the listed medications are covered at 100% and are subject to change. Specific criteria, exclusions, and other rules or limitations may apply to all categories (i.e., quantity limit, age, gender).*	
Expanded Preventive Drug List	Maintenance medications to treat conditions such as high blood pressure, high cholesterol, diabetes, asthma and more	Deductible does not apply; you pay applicable copay or coinsurance based on the Plan's cost share structure
Non-Preventive Prescription Drugs	All other covered prescription Medications	After the deductible, you pay applicable copay or coinsurance based on the Plan's cost share structure

	HDHP	PPO
MEDICAL		
Annual Deductible (individual/family)	$1,750/$3,500 (includes *medical and prescription drugs*)	$750/$1,500 (includes *medical only)*
Deductible Type*	Aggregate	Embedded
Annual Out-of-Pocket Maximum (individual/family)	$3,425/$6,850 (includes deductible, copays and coinsurance for *medical and prescription drugs*)	$3,000/$6,000 (includes deductible, copays and coinsurance for *medical and prescription drugs*)
PRESCRIPTION DRUGS		
Annual Deductible (individual/family)	Combined with medical	$250/$500 (includes *prescription drugs only*)
Annual Out-of-Pocket Maximum	Combined with medical	
Generic	Retail: $10 copay | Mail order: $25 copay	
Formulary	30% coinsurance | Retail: $25 minimum; $100 maximum | Mail order: $62.50 minimum; $250 maximum	
Non-Formulary	40% coinsurance | Retail: $50 minimum; no maximum | Mail order: $125 minimum; no maximum	

***How the deductibles work**

The HDHP plan has an "aggregate deductible," which means: As a family, you have one family deductible and out-of-pocket maximum that applies to the entire family. If combined expenses for the family meet the family deductible, the deductible is met for the entire family, and the plan begins to pay coinsurance for the whole family. The plan works similarly for the out-of-pocket maximum.

The PPO plan has an "embedded deductible," which means: Each member of your family has an individual deductible and individual out-of-pocket maximum. If any one person in the family meets the individual deductible amount, the plan starts paying coinsurance for that person. If expenses for two or more family members reach the family deductible amount, the whole family has met the deductible, and the plan begins to pay coinsurance for the whole family. The plan works similarly for the out-of-pocket maximum.

What's Covered

Benefits are provided only if the drugs are prescribed by a physician, deemed medically necessary and considered eligible under the plan. Some covered medications may be excluded from coverage or be subject to Express Scripts' clinical programs, including but not limited to prior authorization, step therapy, quantity limits and refill too soon.

The Plan includes a list of preferred drugs (both generic and brand name) that are either more effective at treating a particular condition than other drugs in the same class of drugs, or as effective as and less costly than similar medications. Non-preferred drugs may also be covered under the prescription drug program, but at a higher cost-sharing tier. Collectively, these lists of drugs make up the Plan's Formulary.

Formularies can help you save money by alerting you to more affordable and clinically effective medications. Medications chosen for the formulary have gone through an extensive review process, guided by an independent panel of clinical experts that review quality and efficacy (they're known to work well, with minimal side effects), safety and cost-effectiveness. In addition, the Plan's Formulary is updated periodically and subject to change:

- a drug may be moved to a higher or lower cost-sharing Formulary tier;
- additional drugs may be excluded from the Formulary;
- a restriction may be added on coverage for a Formulary-covered drug (e.g. Prior Authorization);
- a Formulary-covered brand name drug may be replaced with a Formulary-covered generic drug.

To get the most up-to-date drug information go online to www.express-scripts.com/bmofinancialgroup or call Express Scripts Member Services at 1 - 877-795-2926.

Please be sure to check before the drug is purchased to make sure it is covered on the Formulary. Certain drugs even if covered on the Formulary will require prior authorization in advance of receiving the drug. Other Formulary covered drugs may not be covered under the Plan unless an established protocol is followed first; this is known as step-therapy. As with all aspects of the Formulary, these requirements may also change from time to time.

Drugs that are excluded from the formulary are not covered under the Plan unless approved in advance through a Formulary exception process managed by Express Scripts on the basis that the drug requested is:

- medically necessary and essential to the Covered Person's health and safety and/or,

- all Formulary drugs comparable to the excluded drug have been tried by the Covered Person.

If approved through that process, the applicable Formulary copayment or coinsurance would apply for the approved drug based on the Plan's cost share structure. Absent such approval, individuals selecting drugs excluded from the Formulary will be required to pay the full cost of the drug without any reimbursement under the Plan. If the Covered Person's Physician believes that an excluded drug meets the requirements described above, the Physician should take the necessary steps to initiate a Formulary exception review.

Important information about your prescription coverage

Specialty Drug Program through Accredo

Specialty medications are drugs that are used to treat complex conditions such as cancer, growth hormone deficiency, hemophilia, hepatitis C, immune deficiency, multiple sclerosis and rheumatoid arthritis. For these types of prescriptions, you are required to fill your prescriptions through the Express Scripts dedicated specialty pharmacy, Accredo Health Group, Inc. You may call Member Services at 1-877-795-2926 for information on how to order your specialty medications or to find out more information about Accredo.

Dispense As Written (DAW)

If you, or your doctor, request a brand-name medication when a generic equivalent is available, you will pay the generic copayment, plus the difference in cost between the brand and the generic. If you cannot take a generic equivalent due to medical necessity, your doctor may request a review and provide supporting documentation on why the brand is medically necessary. If approved by Express Scripts, you will pay the brand copayment.

Exclusive Smart90

Exclusive Smart90 requires you to fill 3–month supplies of long-term prescriptions at a Smart90 retailer (Walgreens or CVS) or through Express Scripts home delivery. Members can get two retail 30-day grace fills for maintenance medications before you must make the switch to a 90-day supply at a Smart90 network pharmacy.

Manufacturer Copay Assistance

Manufacturer copay assistance funds will NOT accumulate towards the deductible or max out-of-pocket amounts.

Evernorth EnGuide Pharmacy

Evernorth EnGuide Pharmacy is dedicated solely to dispensing, packaging, and shipping GLP-1 medications. Given the complexity of these medications, Evernorth EnGuide Pharmacy benefits from a staff of pharmacists specially trained in GLP-1s, giving a more focused level of care to patients and helping them get on the right dose long-term, while advising on any potential side effects.

For home delivery, you may previously have received your GLP-1 medications from Express Scripts® Pharmacy, our home delivery pharmacy, but as of June 15, 2025, you'll be receiving your GLP-1 medications through Evernorth EnGuide Pharmacy/CHD. You may also choose to fill at other in-network pharmacies.

Drug Specific Cap

Infertility medications are covered up to a lifetime pharmacy benefit maximum of $40,000. Once this limit is reached, no additional infertility medication expenses will be reimbursed under the plan.

Over-the-counter (OTC) NARCAN® Nasal Spray (naloxone)

Naloxone is a life-saving medication that can reverse an overdose from opioids, including heroin, fentanyl and prescription opioid medications. NARCAN is not effective for overdoses of non-opioids, such as methamphetamine. Naloxone is safe and will not harm someone if you give it to them when they are not overdosing on an opioid.

Why is NARCAN important?

NARCAN is used in emergency situations to reverse the effects of opioids and allow a person to breathe properly. Anyone can carry naloxone to help respond to an overdose. Individuals who are concerned about the risk of an opioid overdose, including people who use prescription or illicit opioids, their family members, friends and caregivers, and concerned members of the public, should consider having naloxone on hand. This allows them to administer naloxone if they witness someone experiencing an overdose.

Additional help

- To learn how to administer NARCAN, visit: https://www.ama-assn.org/delivering-care/nation-s-overdose-epidemic/how-administer-naloxone

Pharmacy Program Descriptions

Formulary Overview: Express Scripts formulary options help decrease prescription drug expenses. To ensure the clinical appropriateness of their formularies, Express Scripts physicians and pharmacists carefully evaluate pharmaceuticals and prepare recommendations for the National Pharmacy & Therapeutics (P&T) Committee, which reviews and approves Express Scripts formularies.

Drug Quantity Management (DQM) makes sure that members are getting the right amount of medication and that it is prescribed in the most efficient way. For example, the doctor may say, “take two 20mg pills each morning.” If that medication is also available in 40mg pills, Express Scripts will contact the doctor about prescribing one 40mg pill a day instead of two 20mg pills. In addition, if the doctor writes the original prescription for 30 pills (a 15-day supply), the new prescription for 30 pills will last a full month — and the members will have just one copayment, not two.

DQM also makes sure that a member’s prescriptions do not exceed the amount of medication that the Plan covers. If the prescription is for too large a quantity, the pharmacist can fill the prescription for the amount that the Plan covers or contact the doctor to discuss other options, such as increasing the strength or getting a prior authorization for the quantity originally prescribed.

Prior Authorization monitors both cost and safety. If a pharmacist tells a member that a prescription requires prior authorization, Express Scripts will need to communicate with the doctor to be sure that the medicine is right and will verify that the Plan covers the drug. This is like when a healthcare plan authorizes a medical procedure in advance.

When a prescription requires prior authorization, the doctor can call Express Scripts or prescribe a different medicine that is covered by the Plan. Only doctors can give Express Scripts the information needed to determine if the drug may be covered. Express Scripts answers its prior authorization phone lines 24/7, and a determination can be made right away. If the medicine is covered, the member will pay the normal copay. If the medication is not covered but the member wants to take it, the member will pay the full price of the medicine.

Step Therapy is a program for people who take prescription medicine regularly to treat long-term conditions, such as arthritis, asthma or high blood pressure. It lets members get the treatment they need affordably.

- First-line medicines are the first step. First-line medicines are generic and lower-cost brand-name medicines approved by the U.S. Food & Drug Administration (FDA). They are proven to be safe, effective and affordable. Step therapy suggests that a patient try these medicines first because, in most cases, they provide the same health benefit as more expensive drugs, but at a lower cost.

- Second-line drugs are the second and third steps. Second-line drugs typically are brand-name drugs. They are best suited for the few patients who do not respond to first-line medicines. Second-line drugs are the most expensive options.

The first time a member tries to fill a prescription that is not for a first-line medicine, the pharmacist should explain that step therapy asks the member to try a first-line medicine before a second-line drug. Only the doctor can change the current prescription to a first-line medicine covered by the Plan.

To get a first-line medicine that the Plan covers, a member should ask the pharmacist to call the doctor and ask for a new prescription. If it is easier, the member can also call the doctor to ask for a new prescription. Also, the pharmacist should explain to the member that there's an option to choose a second-line alternative to the first-line medicine. However, because the Plan will not cover second-line drugs until after the member and the doctor have considered a first-line medicine to treat the condition, the member will pay full price for that second-line drug.

For information on Formulary medications, Drug Quantity Management, Prior Authorization or Step Therapy programs contact Express Scripts at 1-877-795-2926. To inquire about specific medications, search medications directly by logging into your account at www.express-scripts.com, or if you are not yet a member, visit the pre-member site at www.express-scripts.com/bmofinancialgroup.

Retail Pharmacy Network

Express Scripts has many participating retail pharmacies across the country where you can purchase smaller quantities of prescriptions to be used for 30 days or less. For example, if your doctor prescribes short-term antibiotics, or you need to quickly get your initial supply of a maintenance drug, just go to a participating retail network pharmacy and present your Express Scripts prescription ID card or digital ID card and pay the applicable copayment or coinsurance.

For a list of participating network pharmacies, visit www.express-scripts.com, or call Member Services at 1-877-795-2926.

If you do not present your prescription drug ID card at the time of your purchase at the retail pharmacy, or if you purchase your prescription from a non-participating pharmacy, you will have to submit the claim yourself to Express Scripts. The amount that you will be reimbursed for using a non-participating pharmacy will be based upon the cost of the drug if you had used a participating network pharmacy. You will be responsible for the amount above the discounted in-network pharmacy rate plus the required copayment/coinsurance. The reimbursement claim is generally responded to within 10 business days.

Log into your account at www.express-scripts.com. Once logged in, on the Benefits tab, simply click on Forms, and then click on the link to start a claim to request reimbursement. You can download and print the Prescription Drug Reimbursement Form and mail it to the address found on the form, or you can also request a blank claim for to be mailed to you. If you are a first-time visitor, take a moment to register. Please remember to have your member ID number and recent prescription number available. If you do not have a recent prescription number, you may still register; just remember to add a prescription number later so that you can fully manage your prescription benefit online.

Home Delivery

Home delivery, also referred to as mail order, is designed for longer-term medication (any medicine you must take for three or more months to control symptoms or to prevent complications from a condition) of up to 90 days. Examples of conditions that might require long-term medicine include high blood pressure, high cholesterol, diabetes, arthritis, heart conditions, and long-term pain. When you need longer-term prescriptions, using home delivery saves you both time and money. Benefits of delivery from Express Scripts includes:

- Up to a 3-month supply of your long-term medicine with each refill
- Medicine shipped to your door
- Online order tracking
- Easy online payments through the extended payment program let you spread out the cost over 3 months
- Access to an Express Scripts pharmacist any time of the day or night

Extended payment program (EPP)
This lets you pay for your delivery prescriptions in three monthly payments (installments), instead of paying the full amount all at once. Each monthly payment is automatically processed using your preferred payment method. **Example**: You order a prescription that costs $90, and your preferred payment method is a credit card. Under the EPP, you would make 3 monthly payments as follows:

- First payment: As soon as your prescription ships, we'll charge your card $30.
- Second payment: 30 days after your prescription ships, we'll charge your card another $30.
- Third payment: 60 days after your prescription ships, we'll charge your card the final payment of $30. EPP does not cover expedited shipping costs. If you select expedited shipping for your order, the total shipping cost will be billed with your first payment.

Medical necessity appeals: Express Scripts performs appeal services internally or facilitates the performance of appeal services through a contracted, independent, third-

party utilization management company. Appeal cases are handled by reviewing available information as well as clinical guidelines and current clinical literature to determine if drug coverage is permitted under the plan's pharmacy benefit coverage rules. The review considers plan rules based on Food and Drug Administration (FDA)-approved prescribing and safety information, as well as relevant clinical guidelines.

WHAT'S NOT COVERED UNDER PRESCRIPTION DRUGS

The Prescription Drug Program does not cover:

- acts of war: injury or illness caused or contributed to international armed conflict, hostile acts of foreign enemies, invasion, or war or acts of war, whether declared or undeclared;
- allergy serums;
- any charge for the administration of prescription products;
- all illegal medications or supplies, even if prescribed by a duly licensed medical professional;
- any medication, prescription or non-prescription which is taken or administered at the place where it is dispensed;
- any medication which is meant to be taken by or administered in whole or in part while the covered person is treated at a hospital, physician's office or extended care facility, but is instead self-administered or administered elsewhere, unless expressly designated by the pharmacy benefits administrator;
- charges that are in access of the contracted amount;
- claims received later than 12 months from the date of service;
- compound prescriptions unless approved by this plan;
- compounded prescriptions delivered through home delivery, except for specialty prescriptions through a specialty pharmacy;
- cosmetic drugs
- difference in cost between a generic product and brand product when the medical professional has not specified a brand product or has not indicated that the brand product is necessary;
- duplicate services and charges or inappropriate billing;
- glucoWatch products;
- hair growth stimulants and products indicated only for cosmetic use;
- injectable contraceptives;
- nutritional supplements;
- ostomy supplies
- over-the-counter contraceptives;
- over-the-counter products, unless specifically provided under this plan;
- non-specialty implantable medications;
- non-systemic prescription contraceptives (i.e. diaphragm, cervical caps, etc.);

- prescription medications which are administered or dispensed as take home drugs as part of treatment while in the hospital or at a medical facility and that requires a physician's prescription;
- prescription products that are not dispensed by a licensed pharmacist or medical professional;
- prescription products dispensed in a foreign country if you traveled solely for the purpose of reimporting prescription drugs into the United States and/or you used other means to ship or bring prescription products from a foreign country into the United States;
- prescription products that may be received without charge under local, state or federal programs, including worker's compensation;
- prescription products that require Prior Authorization or any other clinical process in which the prescription was denied or was needed and not requested;
- prescriptions and prescription refills which exceed the Plan's quantity limits;
- prescriptions or supplies rendered before coverage begins under this Plan or after coverage ends;
- refilling a prescription more than the number specified on the prescription or any refill dispensed after one year from the order of the medical professional;
- replacement prescription products resulting from loss, theft, or damage, except in the case of loss due directly to a natural disaster.

If your requested medication or supply is not covered, in whole or in part, you still have the right to purchase that product, however the entire cost of the product will be your responsibility.

CLAIMING BENEFITS FOR PRESCRIPTION DRUGS LIMITATION OF ACTION

You cannot bring any legal action against BMO Financial Corp. or the pharmacy benefits administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against BMO Financial Corp. or the pharmacy benefits administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against BMO Financial Corp. or the pharmacy benefits administrator. You cannot bring any legal action against BMO Financial Corp. or the pharmacy benefits administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring legal action against BMO Financial Corp. or the pharmacy benefits administrator you must do so within three years of the

date you are notified of the final decision on your appeal or lose any rights to bring such action against BMO Financial Corp. or the pharmacy benefits administrator.

MANDATORY VENUE

Any lawsuit to challenge a final claim determination or to address any other dispute arising out of or relating to the Plan must be brought to federal court in Cook County, Illinois. The federal courts governing Cook County, Illinois, along with the United States Supreme Court, have exclusive jurisdiction over all disputes arising out of or in any way relating to this Plan.

CLAIM DENIALS AND APPEALS

In the event you receive an adverse benefit determination following a request for coverage of a prescription benefit claims, you have the right to appeal the adverse benefit determination in writing within 180 days of receipt of notice of the initial coverage decision. An appeal may be initiated by you or your authorized representative (such as your physician). To initiate an appeal for coverage, provide in writing your name, member ID, phone number, the prescription drug for which benefit coverage has been denied, the diagnosis code and treatment codes to which the prescription relates (together with the corresponding explanation for those codes) and any additional information that may be relevant to your appeal. This information should be mailed to:

Express Scripts
8111 Royal Ridge Parkway
Irving, TX 75063

A decision regarding your appeal will be sent to you within 15 days of receipt of your written request. The notice will include information to identify the claim involved, the specific reasons for the decision, new or additional evidence, if any considered by the plan in relation to your appeal, the plan provisions on which the decision is based, a description of applicable internal and external review processes and contact information for an office of consumer assistance or ombudsman (if any) that might be available to assist you with the claims and appeals processes and any additional information needed to perfect your claim. You have the right to receive, upon request and at no charge, the information used to review your appeal.

If you are not satisfied with the decision made on appeal, you may request in writing, within 90 days of receipt of notice of the decision, a second-level appeal. A second level appeal may be initiated by you or your authorized representative (such as your physician). To initiate a second level appeal, provide in writing your name, member ID, phone number, the prescription drug for which benefit coverage has been denied the diagnosis code and treatment codes to which the prescription relates (and the corresponding explanation for those codes) and any additional information that may be relevant to your appeal. This information should be mailed to:

Express Scripts
8111 Royal Ridge Parkway
Irving, TX 75063

You have the right to review your file and present evidence and testimony as part of your appeal, and the right to a full and fair impartial review of your claim. A decision regarding your request will be sent to you in writing within 15 days of receipt of your written request for an appeal. The notice will include information to identify the claim involved, the specific reasons for the decision, new or additional evidence, if any considered by the plan in relation to your appeal, the plan provisions on which the decision is based, a description of applicable internal and external review processes and contact information for an office of consumer assistance or ombudsman (if any) that might be available to assist you with the claims and appeals processes. You have the right to receive, upon request and at no charge, the information used to review your second level appeal. If new information is received and considered or relied upon in the review of your second level appeal, such information will be provided to you together with an opportunity to respond prior to issuance to any final adverse determination of this appeal. The decision made on your second level appeal is final and binding.

If your second level appeal is denied and you are not satisfied with the decision of the second level appeal or your adverse benefit determination notice or final adverse benefit determination notice does not contain all the information required under ERISA, you also have the right to bring a civil action under section 502(a) of the Employee Retirement Income Security Act of 1974 (ERISA).

You also may have the right to obtain an independent external review. Details about the process to initiate an external review will be described in any notice of an adverse benefit determination. External reviews are not available for decisions relating to eligibility.

In the case of a claim for coverage involving urgent care, you will be notified of the benefit determination within 24 hours of receipt of the claim. An urgent care claim is any claim for treatment with respect to which the application of the time periods for making non -urgent care determinations could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, or in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed. If the claim does not contain sufficient information to determine whether, or to what extent, benefits are covered, you will be notified within 24 hours after receiving receipt of your claim of the information necessary to complete the claim. You will then have 48 hours to provide the information and will be notified of the decision within 24 hours of receiving the information. If you don't provide the needed information within the 48-hour period, your claim will be deemed denied.

You have the right to request an urgent appeal of an adverse benefit determination (including a deemed denial) if you request coverage of a claim that is urgent. Urgent appeal requests may be oral or written. You or your physician may call 1-800-864-1135 or send a written request to:

Attn: Urgent Appeals Express Scripts
8111 Royal Ridge Parkway
Irving, TX 75063

In the case of an urgent appeal for coverage involving urgent care, you will be notified of the benefit determination within 72 hours of receipt of the claim. This coverage decision is final and binding. You have the right to receive, upon request and at no charge, the information used to review your appeal. If new information is received and considered or relied upon in the review of your appeal, such information will be provided to you together with an opportunity to respond prior to issuance to any final adverse determination of this appeal. The decision made on your second level appeal is final and binding. You also have the right to bring a civil action under section 502(a) of Employee Retirement Income Security Act of 1974 (ERISA) if your appeal is denied or your adverse benefit determination notice, or final adverse benefit determination notice does not contain all the information required under ERISA. You also have the right to obtain an independent external review. In situations where the timeframe for completion of an internal review would seriously jeopardize your life or health or your ability to regain maximum function you could have the right to immediately request an expedited external review, prior to exhausting the internal appeal process, provided you simultaneously file your request for an internal appeal of the adverse benefit determination. Details about the process to initiate an external review will be described in any notice of an adverse benefit determination.

If your claim is denied, you will receive a written notice within 30 days of receipt of the claim, if all the information needed is provided with the claim. You will be notified within this 30-day period if additional information is needed to process the claim and a one-time extension not longer than 15 days may be requested and your claim pending until all information is received. Once you are notified of the extension, you then have 45 days to provide this information. If all the needed information is received within the 45-day time frame and the claim is denied, you will be notified of the denial within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be deemed denied.

If you are not satisfied with the decision regarding your benefit coverage or your claim is deemed denied, you have the right to appeal this decision in writing within 180 days of receipt of notice of the initial decision. To initiate an appeal for coverage, you or your authorized representative (such as your physician), must provide in writing your name, member ID, phone number, the prescription drug for which benefit coverage has been reduced or denied, the diagnosis code and treatment codes to which the prescription

relates (together with the corresponding explanation for those codes) and any additional information that may be relevant to your appeal. This information should be mailed to:

Express Scripts
8111 Royal Ridge Parkway
Irving, TX 75063

KAISER PERMANENTE®

2025 *Group Agreement* and *Evidence of Coverage* Summary of Changes and Clarifications for Oregon Large Employer Groups

This is a summary of changes and clarifications that we made to your *Group Agreement* for the 2025 plan year. The *Group Agreement* includes the *Evidence of Coverage* (*EOC*), *Benefit Summary*, and any applicable notices, riders, and endorsement documents. This summary does not include minor changes and clarifications we are making to improve the readability and accuracy of the *Group Agreement*, or changes that may occur throughout the remainder of the plan year as a result of federal or state mandates.

Other plan-specific or product-specific benefit changes, including changes to deductible, copayment, or coinsurance amounts, may apply to your plan. Please refer to the 2025 renewal proposal and/or confirmation for your group and the 2025 Oregon and Washington Plan Changes document for information about these types of changes.

This Summary of Changes and Clarifications supplements the information contained in your *Group Agreement*. In the event of conflict between this summary and the *Group Agreement*, the *Group Agreement* shall control. Unless another date is listed, the changes described in this summary are effective when your *Group Agreement* renews in 2025. The products named below are offered and underwritten by Kaiser Foundation Health Plan of the Northwest.

Changes and Clarifications that Apply to Medical Plans

These changes apply to Kaiser Permanente's commercial (non-Medicare) group plans. Changes to our Senior Advantage plans may be found at the end of this summary.

Benefit Changes

- **Kaiser Permanente at Home in HDHP Plans**. The Kaiser Permanente at Home benefit has been removed from High Deductible plans.

Benefit Clarifications

- **Bariatric Surgery Services.** For groups that cover Bariatric Surgery, the "Bariatric Surgery Services" section of the *Benefit Summary* was updated to include a row for "Outpatient surgery visit." This change is also reflected in the "Bariatric Surgery Services" section of the *EOC*.
- **Cochlear Implants**. We added a "Cochlear implant surgery visit" row under the "Outpatient Services" section of the *Benefit Summary* to indicate the cost share for this service is only subject to the Deductible in High-Deductible plans. Additionally, we removed mention of cochlear implants from the "Benefits for Inpatient Hospital Services" section of the *EOC* as this service is performed as an outpatient procedure.
- **Eye Exam Clarifying Language**. In the "Benefits for Outpatient Services" section of the *EOC*, the eye exam bullet was altered to clarify that refraction exams are included in covered eye exams.
- **Hearing Aids Age Limit Language**. We made minor revisions in the "Hearing Aids and Other Hearing Devices" section of the *EOC* and *Benefit Summary* to clarify that Services covered under the section are available to all Members under the Dependent Limiting Age. One such revision included changing the section title from "Hearing Aids and Other Hearing Devices for Dependents" to "Hearing Aids and Other Hearing Devices."

- **Rehabilitative Therapy Services**. We removed the rehabilitative therapy Services bullet from the "Benefits for Outpatient Services" and "Benefits for Inpatient Hospital Services" sections of the *EOC* to reduce redundancy, as more information about these Services can be found in the "Rehabilitative Therapy Services" section.
- **Substance Use Disorder Prescriptions**. In accordance with OR House Bill 4002, we made minor edits in the "Limited Outpatient Prescription Drugs and Supplies" section of the *EOC* and in the "Outpatient Prescription Drug Rider" to clarify the early refill and prior authorization requirements around Substance Use Disorder medications.

Other Changes or Clarifications

- **Added Choice Network Name Change**. The term "Select," which was used to describe the facility, pharmacy, physician, or provider that contracts directly with Kaiser Permanente in the Added Choice® product documents, was changed to "KP Select".
- **Allowances.** We added clarification in the Added Choice® and PPO Plus *Benefit Summaries* that any applicable day limits are also combined for benefits received from all provider types unless otherwise indicated in the *EOC*.
- ***Benefit Summary* Introductory Paragraph Edit**. In the Traditional, Deductible, and High-Deductible *Benefit Summary* introductory paragraphs, we removed the sentence referencing exclusions, limitations, and reductions, as this information is redundant and already provided in the *EOC*.
- **External Review.** We revised the "External Review" section of the *EOC* to reflect that in certain circumstances, the external review process no longer requires a signed waiver prior to review.
- **Gender Inclusivity.** Throughout the *EOC* we have made minor updates to remove some gendered language.
- **Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance.** In the *EOC*, the Third Party Administrator and address for filing claims or legal action against another party or insurer has changed from "Equian, LLC" to "The Phia Group, LLC."
- **Member Register URL.** The URL in the sections of the *EOC* that direct members where to register was updated from **kp.org** to **kp.org/register** for a more direct link to register.
- **Post-Service Claims - Services Already Received Revisions.** We made minor revisions in the "Post-Service Claims - Services Already Received" section of the *EOC* to make it clear that information in this section also applies to pharmacy claims.
- **Primary Care Provider Paneling**. In accordance with 2022 Oregon Senate Bill 1529 and 2024 Oregon House Bill 4010, we have made several changes to the *EOC* including:
    - Adding a definition of "Primary Care Provider" to the "Definitions" section;
    - Revising the "Your Primary Care Provider" section to include information on the Primary Care Provider (PCP) paneling process and create standardized language between product types; and
    - In the PPO Plus plan, adding the "Your Primary Care Provider" section to the *EOC* to match the other products.
- **Provider Title Change.** In accordance with Oregon House Bill 4010, we have revised our *EOC* to update the term "Physician Assistant" to "Physician Associate."
- **Removal of the "Women's Health Care Services" Section.** We removed the "Women's Health Care Services" section in the *EOC* to reduce redundancy, as the information in that section is addressed in

other "Benefits" sections. This does not apply to the PPO Plus or Dual Choice *EOC*, as the "Women's Health Care Services" section was not present in those products.

Changes and Clarifications that Apply to Medical Benefit Riders

Other Changes or Clarifications

- **Hearing Aids Age Limit Language**. We made minor revisions in the "Hearing Aid Rider" to clarify that Services covered under the Rider are available to Members who are the Dependent Limiting Age and older. Members under the Dependent Limiting Age are covered as described under the "Hearing Aids and Other Hearing Devices" section of the *EOC*.
- **URL Changes for Dual Choice Riders.** The existing product specific URL page (**kp.org/dualchoice/nw**) was changed in the Dual Choice "Pediatric Vision Hardware and Optical Services Rider" and "Hearing Aid Rider" to the more general **kp.org/choiceproducts/nw** landing page to improve members' navigation experience at **kp.org**, and match the information members will see on their ID cards and other member materials.

Changes and Clarifications that Apply to Dental Plans

Benefit Changes

- **Nightguard Frequency Limitation**. We added a nightguard frequency limitation of one every five years.
- **Prior Authorization Revisions**. In the PPO Dental *EOC,* we made minor language modifications in the "Prior Authorization" section to improve readability and minimize redundant language found in other sections.

Benefit Clarifications

- **Full Mouth Gross Debridement Limitation**. In the "Exclusions and Limitations" section of the Traditional Dental plan *EOC* we added a limitation for full mouth gross debridement of once every 36 months.

Other Changes or Clarifications

- **Deductible Definition**. We removed redundant language from the "Deductible" definition in the PPO Dental *EOC*.
- **Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance.** In the *EOC*, the Third Party Administrator and address for filing claims or legal action against another party or insurer has changed from "Equian, LLC" to "The Phia Group, LLC."
- **Least Costly Treatment Alternative**. We altered the least costly treatment language in the "Benefits" section of the Traditional Dental *EOC* for improved readability and to reduce redundancy.
- **Member Register URL.** In the Traditional Dental *EOC*, the URL in the sections of the *EOC* that direct members where to register was updated from **kp.org/dental/nw** to **kp.org/register** for a more direct registration link.
- **Post-Service Claims Address**. In the "Post-Service Claims – Services Already Received" and "Post-service Claim" sections of the Traditional Dental *EOC*, we updated the address where Members can send dental claims for services they received from Non-Participating Providers without a referral.

- **Provider Definition Changes**. We made edits to the "Non-Participating Provider," "Participating Dentist," and "Participating Provider" definitions in the *EOC* for added clarity and alignment across products.

Changes and Clarifications that Apply to Senior Advantage Plans

Benefit Changes or Clarifications

- **Primary Care Provider Paneling.** We updated *EOC* language in Chapter 3, Section 2.1, to show that Members will be required to choose one of our available network providers to be their primary care provider (PCP). If a member does not choose a PCP, a PCP or primary care team will be assigned to the member, and the member will be notified. Members can change their assigned PCP at any time.
- **Fitness Benefit.** We updated the *Medical Benefits Chart* to show that the Silver&Fit® fitness program has been replaced with the One Pass™ fitness program, which includes access to in-network gyms, online fitness classes and resources, home fitness kits, and an online brain health program.
- **"Drug List" Change.** For groups with Part D coverage, we updated *EOC* language in Chapter 5, Section 6.2, and definitions in Chapter 12 related to biological products and biosimilars. As part of changes to our "Drug List," starting in 2025, original biological products can be immediately replaced with certain biosimilars. This means, for instance, if a member is taking an original biological product that is being replaced by a biosimilar, the member may not get notice of the change 30 days before we make it or get a month's supply of the original biological product at a network pharmacy. If the member is taking the original biological product at the time we make the change, the member will still get information on the specific change we made, but it may arrive after we make the change.
- **Part D Out-of-Pocket Costs.** For groups with Part D coverage, we updated Chapter 6, Sections 1.3, 5.5, and 6 of the *EOC* to show that the amount of out-of-pocket costs that a member must pay for Part D prescription drugs before moving from the Initial Coverage Stage to the Catastrophic Coverage Stage has been reduced from $8,000 to $2,000.
- **Prescription Payment Option.** For groups with Part D coverage, we added language to the *EOC* in Chapter 1, Section 4.5, and Chapter 2, Section 7, about the Medicare Prescription Payment Plan, a new payment option that works with your current drug coverage and can help you manage your drug costs by spreading them across monthly payments that vary throughout the year (January – December).

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST

A Nonprofit Corporation

Group Agreement

INTRODUCTION

This *Group Agreement* (*Agreement*), including the attached *Evidence of Coverage* (*EOC)* incorporated herein by reference, and any amendments, constitutes the contract between Kaiser Foundation Health Plan of the Northwest (Company) and **Bmo Financial Corp.** (Group). In this *Agreement,* some capitalized terms have special meaning; please see the "Definitions" section in the *EOC* document for terms you should know.

To be eligible under this *Agreement*, the Group must meet the underwriting requirements set forth in Company's Rate Assumptions and Requirements document.

PREMIUM

Group will pay to Company, for each Subscriber and their Dependents, the Premium amount(s) specified for each month on or before the date on the monthly invoice or, if Group is self-pay, then the date to which Company and Group agree in writing, but in no event later than the last day of the month preceding the month of coverage (the "Premium Due Date").

When this *Agreement* terminates, if Group does not have another agreement with Company, then the due date for all Premium amounts will be the earlier of: (1) the last Premium Due Date, or (2) the termination date of this *Agreement*.

Monthly Premium Amounts

Group will pay Company the following Premium amount(s) each month for each Subscriber and their Dependents. Only Members for whom Company has received the appropriate Premium payment listed below are entitled to coverage under this *Agreement*, and then only for the period for which Company has received appropriate payment.

Subscriber only: $481.12

Subscriber and Spouse: $1058.46

Subscriber, Spouse, and child(ren): $2001.46

Subscriber and child(ren): $938.18

Medicare as Secondary Payer

Members who are eligible and enrolled in Medicare Part A or B and for whom Medicare is secondary payer are subject to the same Premium amounts (shown above) and receive the same benefits as Members who are not eligible for Medicare. Members who are eligible and enrolled in Medicare Parts A and B as secondary payer and who meet applicable eligibility requirements may also enroll in a Kaiser Permanente Senior Advantage Plan. These Members receive the coverages described in both the non-Medicare Plan and the Senior Advantage Plan, and the Premium amounts for these Members are the Premium amounts for the non-Medicare Plan (shown above).

Medicare as Primary Payer

Premium amounts are based on the assumption that Company or its designee will receive Medicare payments for Medicare-covered Services provided to certain types of Members. For each Member to whom this "Medicare as Primary Payer" section applies, Group must pay the applicable Premium shown above in this

"Monthly Premium Amounts" section if the Member is for any reason not enrolled through Group in Kaiser Permanente Senior Advantage (including inability to enroll because they do not meet the Senior Advantage Plan's eligibility requirements or Group does not offer a Senior Advantage Plan).

Those Members eligible for Medicare based on disability, end stage renal disease (ESRD), domestic partner status, or who are Medicare eligible and enrolled in COBRA will be charged the Premium amount for the non-Medicare Plan (shown above).

Members to whom this "Medicare as Primary Payer" section applies. This "Medicare as Primary Payer" section applies to Members who meet all of the following requirements:

- They are age 65 or over.
- They are eligible for Medicare Parts A and B as primary payer (i.e., retirees).

TERM OF *AGREEMENT*, ACCEPTANCE OF *AGREEMENT*, AND RENEWAL

Term of *Agreement*

Unless terminated as set forth in the "Termination of *Agreement*" section, this *Agreement* is effective for the term shown on the cover page.

Acceptance of *Agreement*

Group will be deemed as having accepted this *Agreement* and any amendments issued during the term of this *Agreement*, if Group pays Company any amount toward Premium.

Group may **not** change this *Agreement* by adding or deleting words, and any such addition or deletion is void. If Group wishes to change anything in this *Agreement*, Group must contact its Company account manager. Company might not respond to any changes or comments that Group may submit. Group may not construe Company's lack of response to any submitted changes or comments to imply acceptance. Company will issue a new *agreement* or amendment if Company and Group agree on any changes.

Renewal

This *Agreement* is guaranteed renewable but does not automatically renew. If Group complies with all of the terms of this *Agreement,* Company will offer to renew this *Agreement,* upon not less than 30 days prior written notice to Group, either by sending Group a new group *agreement* to become effective immediately after termination of this *Agreement,* or by extending the term of this *Agreement* pursuant to "Amendments Effective on Anniversary Date" in the "Amendment of *Agreement*" section. The new or extended group *agreement* will include a new term of *agreement* and other changes. If Group does not renew this *Agreement*, Group must give Company written notice as described under "Termination on Notice" in the "Termination of *Agreement*" section.

AMENDMENT OF *AGREEMENT*

Amendments Effective on Anniversary Date

Upon not less than 30 days prior written notice to Group, Company may extend the term of this *Agreement* and make other changes by amending this *Agreement* effective on the anniversary date of any year (see cover page for anniversary date).

Amendment due to Tax or Other Charges

If during the term of this *Agreement* a government agency or other taxing authority imposes or increases a tax or other charge (other than a tax on or measured by net income) upon Company, Medical Group, or Kaiser Foundation Hospitals or upon any activity of any of them, then upon 31 days prior written notice, Company may increase Group's Premium to include Group's share of the new or increased tax or charge.

Other Amendments

Company may amend this *Agreement* at any time by giving written notice to Group, in order to: (a) address any law or regulatory requirement; (b) reduce or expand the Company Service Area; or (c) increase any benefits of any Medicare product approved by the Centers for Medicare and Medicaid Services (CMS), if applicable to this *Agreement*.

TERMINATION OF *AGREEMENT*

This *Agreement* will terminate under any of the conditions listed in this "Termination of *Agreement*" section. All rights to benefits under this *Agreement* end at 11:59 p.m. PT on the termination date, except as expressly provided in the "Termination of Membership" or "Continuation of Membership" sections of *the EOC*.

If this *Agreement* terminates and Group does not replace this coverage with another Plan, Company will give Group written notice of termination not later than 10 working days after the termination date and will explain the rights of Members regarding continuation of coverage as provided by federal and state law.

If Company fails to give notice as required, this *Agreement* shall continue in effect from the date notice should have been given until the date the Group receives the notice. Company will waive the Premium for the period for which coverage is continued and the time period within which Member may exercise any right to continuation shall commence on the date that Group receives the notice. Company will properly notify Members of their right to continuation of coverage under federal and state law.

Termination on Notice

Group may terminate this *Agreement* by giving prior written notice to Company not less than 30 days prior to the termination date and remitting all amounts payable relating to this *Agreement*, including Premium, for the period through the termination date.

Termination due to Nonacceptance of Amendments

All amendments are deemed accepted by Group unless Group gives Company written notice of nonacceptance at least 15 days before the effective date of the amendment in which case this *Agreement* will terminate the day before the effective date of the amendment.

Termination for Nonpayment

When Group fails to pay Premium on or before the Premium Due Date, Group shall have a period of at least 31 days to pay all Premiums owed ("Grace Period"). The Grace Period shall begin the day after the Premium Due Date. If Group fails to pay all Premiums owed (including those owed for the Grace Period) on or before the last day of the Grace Period, then Company may, at its option and in lieu of any other remedy, terminate this Agreement without further extension or consideration.

Company will notify Group of the past-due amount and the effective date of termination. Such notice shall be sent at least 10 days prior to the effective date of termination. Group shall continue to be liable for all Premiums due through the date of termination.

This Agreement will remain in full force and effect throughout the Grace Period and Group will remain responsible for payment of Premiums. If Company receives full payment of Premiums on or before the last day of the Grace Period, this Agreement will remain in effect according to its terms and conditions.

If Premiums are paid after the Grace Period ends, Company may charge interest on the overdue Premiums. Interest shall not accrue during the Grace Period, and the (simple) interest rate shall be 6 percent per year or the maximum amount permitted by applicable law, whichever is less.

Termination for Fraud

Company may terminate this *Agreement* by giving at least 30 days prior written notice to Group, if Group commits fraud or makes an intentional misrepresentation of material fact as prohibited by the terms of the Plan. For example, an intentional misrepresentation of material fact occurs if Group intentionally furnishes incorrect or incomplete material information to Company or is aware that incorrect or incomplete material information has been provided to Company on enrollment or other Company forms.

Termination for Violation of Contribution or Participation Requirements

Company may terminate this *Agreement* upon 31 days prior written notice to Group, if Group fails to comply with Company's contribution or participation requirements (including those listed in the "Contribution and Participation Requirements" section).

Termination for Discontinuance of a Product or all Products within a Market

Company may terminate a particular product or all products offered in the group market as permitted by law.

Company may terminate this *Agreement* if it ceases to write new business in the group market in Oregon or in a specific service area within Oregon, or elects not to renew all of its group Plans in Oregon or in a specific service area within Oregon, or both cease offering and cease renewing all products in Oregon or a specific service area in Oregon, if Company fails to reach an agreement with health care providers. To discontinue all products, Company must: (a) notify the Director of the Department of Consumer and Business Services and all Groups; and (b) not cancel coverage for 180 days after the date of notice to the Director and Groups.

Company may terminate this *Agreement* if it elects not to offer or renew, or offer and renew, this type of Plan in Oregon or within a specific service area within Oregon. Except as provided below regarding failure to reach agreement with providers, in order to discontinue a product, Company must: (a) cease to offer and/or cease to renew this Plan for all groups; (b) offer (in writing) to each group covered by this Plan, enrollment in any other Plan offered by Company in the group market, not less than 90 days prior to discontinuance; and (c) act uniformly without regard to claims experience of affected groups or the health status of any current or prospective Member.

Company may terminate this *Agreement* if the Director of the Department of Consumer and Business Services orders Company to discontinue coverage upon finding that continuation of coverage (a) would not be in the best interests of the Members; or (b) would impair Company's ability to meet its contractual obligations.

Company may terminate this *Agreement* by providing not less than 90 days prior written notice if there are no Members covered under this *Agreement*.

Company may terminate this *Agreement* if it is unable to reach an agreement with the health care providers to provide Services within a specific service area. Company must: (a) cease to offer and cease to renew this Plan for all groups within the service area; and (b) not less than 90 days prior to discontinuance, notify the Director of the Department of Consumer and Business Services and each group in that service area of the decision to discontinue offering the Plan(s) and offer all other group Plans available in that service area.

CONTRIBUTION AND PARTICIPATION REQUIREMENTS

No change in Group's contribution or participation requirements is effective for purposes of this *Agreement* unless Company consents in writing.

Group must:

- Meet all underwriting requirements set forth in Company's Rate Assumptions and Requirements document.
- With respect to all persons entitled to coverage under Group's Plan(s), offer enrollment in Company's Plan to all such persons on conditions no less favorable than those for any other Plan available through Group.
- Permit Company to examine Group's records with respect to contribution and participation requirements, eligibility, and payments under this *Agreement*.

MISCELLANEOUS PROVISIONS

Administration of *Agreement*

Company may adopt policies, procedures, rules, and interpretations to promote efficient administration of this *Agreement*.

Assignment

Company may assign this *Agreement*. Group may not assign this *Agreement* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without Company's prior written consent. This *Agreement* shall be binding on the successors and permitted assignees of Company and Group.

Attorney Fees and Costs

If Company or Group institutes legal action against the other to collect any sums owed under this *Agreement*, the party that substantially prevails will be reimbursed for its reasonable costs of collection, including attorneys' fees, by the other party.

Governing Law

Except as preempted by federal law, this *Agreement* will be governed in accord with Oregon law and any provision that is required to be in this *Agreement* by state or federal law shall bind Group and Company regardless of whether that provision is set forth in this *Agreement*.

Grandfathered Health Plan Coverage

For any coverage identified in an *EOC* as a "grandfathered health plan" under the Patient Protection and Affordable Care Act and regulations, Group must immediately inform Company if this coverage does not meet (or no longer meets) the requirements for grandfathered status. This includes, but is not limited to, any change in its contribution rate to the cost of any grandfathered health plan(s) during the contract year. Group represents that, for any coverage identified as a grandfathered health plan in the applicable *EOC*, Group has not decreased its contribution rate more than five percent for any rate tier in that plan when compared to the contribution rate in effect on March 23, 2010, for the same plan. Company will rely on Group's representation when issuing and/or continuing grandfathered health plan coverage.

Nonduplication Agreement

Company agrees to undertake performance of the following regulatory requirements, and Group may rely on Company's performance in order to satisfy its obligation to perform the same activities with respect to the coverages issued to Group by Company:

- Preparation and publication of machine-readable files on a public website for in-network rates and billed charges and Allowed Amounts for out-of-network providers in the required form and manner as set forth in applicable regulations and any sub-regulatory guidance;

- Provision of an internet, self-service tool as well as paper reports and telephone assistance to provide personalized estimates of cost sharing for 500 shoppable services beginning on January 1, 2023, and for all covered services as of January 1, 2024, as set forth in applicable regulations and any sub-regulatory guidance;
- Annual reporting of prescription drug and health care costs reporting required to be furnished in accordance with applicable regulations and any sub-regulatory guidance;
- Publication of a consumer notice regarding federal and, when applicable, any state legal requirements related to balance billing by non-participating providers in accordance with applicable regulations and any sub-regulatory guidance;
- Annual reporting of data related to the provision and cost of air ambulance services for 2022 and 2023 in the required form and manner as set forth in applicable regulations and any sub-regulatory guidance; and
- Annual submission of a Gag Clause Prohibition Compliance Attestation in the required form and manner as set forth in applicable regulations, if any, and sub-regulatory guidance.

No Waiver

Company's failure to enforce any provision of this *Agreement* will not constitute a waiver of that or any other provision or impair Company's right thereafter to require Group's strict performance of any provision.

Notices

Notices must be sent to the addresses listed below, except that Company or Group may change its address for notices by giving written notice to the other. Notices are deemed given when delivered in person, sent via email, or deposited in a U.S. Postal Service receptacle for the collection of U.S. mail.

Notices from Company to Group will be sent to:

Group Contact	Shannon Sarcia-Carlson
Group Name	Bmo Financial Corp.
Group Address	395 N Executive Dr
Group Address	
Group Address	Brookfield, WI 53005
Producer Contact	Beth Grellner
Producer Name	Willis Towers Watson US LLC (Los Angeles)
Producer Address	Lockbox 28852
Producer Address	
Producer Address	New York, NY 10087

Note: When Company sends Group a new (or renewed) group *agreement*, Company will enclose a summary that discusses the changes Company has made to this *Agreement*. Groups that want information about changes before receiving the new group *agreement* may request advance information from Group's Company account manager. Also, if Group designates in writing a third party such as a "Producer of Record," Company may send the advance information to the third party rather than to Group (unless Group requests a copy also).

Notices from Group to Company regarding billing and enrollment must be sent to:

Kaiser Foundation Health Plan of the Northwest
P.O. Box 23127
San Diego, CA 92193
Or emailed to: **csc-den-roc-group@kp.org**

Notices from Group to Company regarding Premium payments must be sent to:

Kaiser Foundation Health Plan of the Northwest
PO Box 34178
Seattle, WA 98124

Notices from Group to Company regarding termination of this *Agreement* must be sent to the Group's account manager at:

Kaiser Foundation Health Plan of the Northwest
500 NE Multnomah Street, Suite 100
Portland, OR 97232

Other Group Coverages that Cover Essential Health Benefits (EHBs)

Essential Health Benefits means benefits that the U.S. Department of Health and Human Services (HHS) Secretary defines as essential health benefits. Essential Health Benefits must be equal to the scope of benefits provided under a typical employer plan, except that they must include at least the following: ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services (including oral and vision care).

For each non-grandfathered non-Medicare health plan coverage, except for any retiree-only coverage, Group must do all of the following if Group provides Company Members with other medical or dental coverage (for example, separate pharmacy coverage) that covers any Essential Health Benefits that Company coverage does not cover:

- Notify Company of the Out-of-Pocket Maximum (OOPM) that applies to those Essential Health Benefits in each of the other medical or dental coverages.
- Ensure that the sum of the OOPM in Company's coverage plus the OOPMs that apply to those Essential Health Benefits in all of the other medical and dental coverages does not exceed the annual limitation on cost sharing described in 45 CFR 156.130.

Premium Rebates

If state or federal law requires Company to rebate premiums from this or any earlier contract year and Company rebates premiums to Group, Group represents that Group will use that rebate for the benefit of Members, in a manner consistent with the requirements of the Public Health Service Act, the Affordable Care Act, and the obligations of a fiduciary under the Employee Retirement Income Security Act (ERISA).

Reporting Membership Changes and Retroactivity

Company's billing statement to Group explains how to report membership changes. Group's Kaiser Permanente account manager can also provide Group with this information. Group must report membership changes (including sending Company-approved membership forms) within the time limit for retroactive changes and in accord with any applicable "rescission" provisions of the Patient Protection and Affordable Care Act and regulations. The time limit for retroactive membership changes is the calendar month when Company's San Diego Service Center receives Group's notification of the change plus the previous two months unless Company agrees otherwise in writing.

Representation Regarding Waiting Periods

Pursuant to section 2708 of the Public Health Service Act (PHSA) and 45 CFR 147.116(b), Group hereby represents that Group does not impose a waiting period exceeding 90 days on its employees who meet

Group's substantive eligibility requirements. (A waiting period is the period that must pass before coverage for an individual who is otherwise eligible to enroll under the terms of a group health plan can become effective, including completion of Group's reasonable and bona fide employment-based orientation period that does not exceed one month, if any.)

In addition, Group represents that eligibility data provided by the Group to Company will include coverage effective dates for Group's employees that correctly account for eligibility in compliance with the waiting period requirements in 45 CFR 147.116.

Social Security and Tax Identification Numbers

Within 60 days after Company sends Group a written request, Group will send Company a list of all Members covered under this *Agreement,* along with the following:

- The Member's Social Security number.
- The tax identification number of the employer of the Subscriber in the Member's Family.
- Any other information that Company is required by law to collect.

Summaries of Benefits and Coverage

Group will provide electronic or paper summaries of benefits and coverage (SBCs) to participants and beneficiaries to the extent required by law, except that Company will provide SBCs to Members who make a request to Company.

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST

A Nonprofit Corporation

Group Agreement

INTRODUCTION

This *Group Agreement* (*Agreement*), including the attached *Evidence of Coverage* (*EOC)* incorporated herein by reference, and any amendments, constitutes the contract between Kaiser Foundation Health Plan of the Northwest (Company) and **Bmo Financial Corp.** (Group). In this *Agreement,* some capitalized terms have special meaning; please see the "Definitions" section in the *EOC* document for terms you should know.

To be eligible under this *Agreement*, the Group must meet the underwriting requirements set forth in Company's Rate Assumptions and Requirements document.

PREMIUM

Group will pay to Company, for each Subscriber and their Dependents, the Premium amount(s) specified for each month on or before the date on the monthly invoice or, if Group is self-pay, then the date to which Company and Group agree in writing, but in no event later than the last day of the month preceding the month of coverage (the "Premium Due Date").

When this *Agreement* terminates, if Group does not have another agreement with Company, then the due date for all Premium amounts will be the earlier of: (1) the last Premium Due Date, or (2) the termination date of this *Agreement*.

Monthly Premium Amounts

Group will pay Company the following Premium amount(s) each month for each Subscriber and their Dependents. Only Members for whom Company has received the appropriate Premium payment listed below are entitled to coverage under this *Agreement*, and then only for the period for which Company has received appropriate payment.

Subscriber only: $826.17

Subscriber and Spouse: $1817.54

Subscriber, Spouse, and child(ren): $3436.87

Subscriber and child(ren): $1611.03

Medicare as Secondary Payer

Members who are eligible and enrolled in Medicare Part A or B and for whom Medicare is secondary payer are subject to the same Premium amounts (shown above) and receive the same benefits as Members who are not eligible for Medicare. Members who are eligible and enrolled in Medicare Parts A and B as secondary payer and who meet applicable eligibility requirements may also enroll in a Kaiser Permanente Senior Advantage Plan. These Members receive the coverages described in both the non-Medicare Plan and the Senior Advantage Plan, and the Premium amounts for these Members are the Premium amounts for the non-Medicare Plan (shown above).

Medicare as Primary Payer

Premium amounts are based on the assumption that Company or its designee will receive Medicare payments for Medicare-covered Services provided to certain types of Members. For each Member to whom this "Medicare as Primary Payer" section applies, Group must pay the applicable Premium shown above in this

"Monthly Premium Amounts" section if the Member is for any reason not enrolled through Group in Kaiser Permanente Senior Advantage (including inability to enroll because they do not meet the Senior Advantage Plan's eligibility requirements or Group does not offer a Senior Advantage Plan).

Those Members eligible for Medicare based on disability, end stage renal disease (ESRD), domestic partner status, or who are Medicare eligible and enrolled in COBRA will be charged the Premium amount for the non-Medicare Plan (shown above).

Members to whom this "Medicare as Primary Payer" section applies. This "Medicare as Primary Payer" section applies to Members who meet all of the following requirements:

- They are age 65 or over.
- They are eligible for Medicare Parts A and B as primary payer (i.e., retirees).

TERM OF *AGREEMENT*, ACCEPTANCE OF *AGREEMENT*, AND RENEWAL

Term of *Agreement*

Unless terminated as set forth in the "Termination of *Agreement*" section, this *Agreement* is effective for the term shown on the cover page.

Acceptance of *Agreement*

Group will be deemed as having accepted this *Agreement* and any amendments issued during the term of this *Agreement*, if Group pays Company any amount toward Premium.

Group may **not** change this *Agreement* by adding or deleting words, and any such addition or deletion is void. If Group wishes to change anything in this *Agreement*, Group must contact its Company account manager. Company might not respond to any changes or comments that Group may submit. Group may not construe Company's lack of response to any submitted changes or comments to imply acceptance. Company will issue a new *agreement* or amendment if Company and Group agree on any changes.

Renewal

This *Agreement* is guaranteed renewable but does not automatically renew. If Group complies with all of the terms of this *Agreement,* Company will offer to renew this *Agreement,* upon not less than 30 days prior written notice to Group, either by sending Group a new group *agreement* to become effective immediately after termination of this *Agreement,* or by extending the term of this *Agreement* pursuant to "Amendments Effective on Anniversary Date" in the "Amendment of *Agreement*" section. The new or extended group *agreement* will include a new term of *agreement* and other changes. If Group does not renew this *Agreement*, Group must give Company written notice as described under "Termination on Notice" in the "Termination of *Agreement*" section.

AMENDMENT OF *AGREEMENT*

Amendments Effective on Anniversary Date

Upon not less than 30 days prior written notice to Group, Company may extend the term of this *Agreement* and make other changes by amending this *Agreement* effective on the anniversary date of any year (see cover page for anniversary date).

Amendment due to Tax or Other Charges

If during the term of this *Agreement* a government agency or other taxing authority imposes or increases a tax or other charge (other than a tax on or measured by net income) upon Company, Medical Group, or Kaiser Foundation Hospitals or upon any activity of any of them, then upon 31 days prior written notice, Company may increase Group's Premium to include Group's share of the new or increased tax or charge.

Other Amendments

Company may amend this *Agreement* at any time by giving written notice to Group, in order to: (a) address any law or regulatory requirement; (b) reduce or expand the Company Service Area; or (c) increase any benefits of any Medicare product approved by the Centers for Medicare and Medicaid Services (CMS), if applicable to this *Agreement*.

TERMINATION OF *AGREEMENT*

This *Agreement* will terminate under any of the conditions listed in this "Termination of *Agreement*" section. All rights to benefits under this *Agreement* end at 11:59 p.m. PT on the termination date, except as expressly provided in the "Termination of Membership" or "Continuation of Membership" sections of *the EOC*.

If this *Agreement* terminates and Group does not replace this coverage with another Plan, Company will give Group written notice of termination not later than 10 working days after the termination date and will explain the rights of Members regarding continuation of coverage as provided by federal and state law.

If Company fails to give notice as required, this *Agreement* shall continue in effect from the date notice should have been given until the date the Group receives the notice. Company will waive the Premium for the period for which coverage is continued and the time period within which Member may exercise any right to continuation shall commence on the date that Group receives the notice. Company will properly notify Members of their right to continuation of coverage under federal and state law.

Termination on Notice

Group may terminate this *Agreement* by giving prior written notice to Company not less than 30 days prior to the termination date and remitting all amounts payable relating to this *Agreement*, including Premium, for the period through the termination date.

Termination due to Nonacceptance of Amendments

All amendments are deemed accepted by Group unless Group gives Company written notice of nonacceptance at least 15 days before the effective date of the amendment in which case this *Agreement* will terminate the day before the effective date of the amendment.

Termination for Nonpayment

When Group fails to pay Premium on or before the Premium Due Date, Group shall have a period of at least 31 days to pay all Premiums owed ("Grace Period"). The Grace Period shall begin the day after the Premium Due Date. If Group fails to pay all Premiums owed (including those owed for the Grace Period) on or before the last day of the Grace Period, then Company may, at its option and in lieu of any other remedy, terminate this Agreement without further extension or consideration.

Company will notify Group of the past-due amount and the effective date of termination. Such notice shall be sent at least 10 days prior to the effective date of termination. Group shall continue to be liable for all Premiums due through the date of termination.

This Agreement will remain in full force and effect throughout the Grace Period and Group will remain responsible for payment of Premiums. If Company receives full payment of Premiums on or before the last day of the Grace Period, this Agreement will remain in effect according to its terms and conditions.

If Premiums are paid after the Grace Period ends, Company may charge interest on the overdue Premiums. Interest shall not accrue during the Grace Period, and the (simple) interest rate shall be 6 percent per year or the maximum amount permitted by applicable law, whichever is less.

Termination for Fraud

Company may terminate this *Agreement* by giving at least 30 days prior written notice to Group, if Group commits fraud or makes an intentional misrepresentation of material fact as prohibited by the terms of the Plan. For example, an intentional misrepresentation of material fact occurs if Group intentionally furnishes incorrect or incomplete material information to Company or is aware that incorrect or incomplete material information has been provided to Company on enrollment or other Company forms.

Termination for Violation of Contribution or Participation Requirements

Company may terminate this *Agreement* upon 31 days prior written notice to Group, if Group fails to comply with Company's contribution or participation requirements (including those listed in the "Contribution and Participation Requirements" section).

Termination for Discontinuance of a Product or all Products within a Market

Company may terminate a particular product or all products offered in the group market as permitted by law.

Company may terminate this *Agreement* if it ceases to write new business in the group market in Oregon or in a specific service area within Oregon, or elects not to renew all of its group Plans in Oregon or in a specific service area within Oregon, or both cease offering and cease renewing all products in Oregon or a specific service area in Oregon, if Company fails to reach an agreement with health care providers. To discontinue all products, Company must: (a) notify the Director of the Department of Consumer and Business Services and all Groups; and (b) not cancel coverage for 180 days after the date of notice to the Director and Groups.

Company may terminate this *Agreement* if it elects not to offer or renew, or offer and renew, this type of Plan in Oregon or within a specific service area within Oregon. Except as provided below regarding failure to reach agreement with providers, in order to discontinue a product, Company must: (a) cease to offer and/or cease to renew this Plan for all groups; (b) offer (in writing) to each group covered by this Plan, enrollment in any other Plan offered by Company in the group market, not less than 90 days prior to discontinuance; and (c) act uniformly without regard to claims experience of affected groups or the health status of any current or prospective Member.

Company may terminate this *Agreement* if the Director of the Department of Consumer and Business Services orders Company to discontinue coverage upon finding that continuation of coverage (a) would not be in the best interests of the Members; or (b) would impair Company's ability to meet its contractual obligations.

Company may terminate this *Agreement* by providing not less than 90 days prior written notice if there are no Members covered under this *Agreement*.

Company may terminate this *Agreement* if it is unable to reach an agreement with the health care providers to provide Services within a specific service area. Company must: (a) cease to offer and cease to renew this Plan for all groups within the service area; and (b) not less than 90 days prior to discontinuance, notify the Director of the Department of Consumer and Business Services and each group in that service area of the decision to discontinue offering the Plan(s) and offer all other group Plans available in that service area.

CONTRIBUTION AND PARTICIPATION REQUIREMENTS

No change in Group's contribution or participation requirements is effective for purposes of this *Agreement* unless Company consents in writing.

Group must:

- Meet all underwriting requirements set forth in Company's Rate Assumptions and Requirements document.
- With respect to all persons entitled to coverage under Group's Plan(s), offer enrollment in Company's Plan to all such persons on conditions no less favorable than those for any other Plan available through Group.
- Permit Company to examine Group's records with respect to contribution and participation requirements, eligibility, and payments under this *Agreement*.

MISCELLANEOUS PROVISIONS

Administration of *Agreement*

Company may adopt policies, procedures, rules, and interpretations to promote efficient administration of this *Agreement*.

Assignment

Company may assign this *Agreement*. Group may not assign this *Agreement* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without Company's prior written consent. This *Agreement* shall be binding on the successors and permitted assignees of Company and Group.

Attorney Fees and Costs

If Company or Group institutes legal action against the other to collect any sums owed under this *Agreement*, the party that substantially prevails will be reimbursed for its reasonable costs of collection, including attorneys' fees, by the other party.

Governing Law

Except as preempted by federal law, this *Agreement* will be governed in accord with Oregon law and any provision that is required to be in this *Agreement* by state or federal law shall bind Group and Company regardless of whether that provision is set forth in this *Agreement*.

Grandfathered Health Plan Coverage

For any coverage identified in an *EOC* as a "grandfathered health plan" under the Patient Protection and Affordable Care Act and regulations, Group must immediately inform Company if this coverage does not meet (or no longer meets) the requirements for grandfathered status. This includes, but is not limited to, any change in its contribution rate to the cost of any grandfathered health plan(s) during the contract year. Group represents that, for any coverage identified as a grandfathered health plan in the applicable *EOC*, Group has not decreased its contribution rate more than five percent for any rate tier in that plan when compared to the contribution rate in effect on March 23, 2010, for the same plan. Company will rely on Group's representation when issuing and/or continuing grandfathered health plan coverage.

Nonduplication Agreement

Company agrees to undertake performance of the following regulatory requirements, and Group may rely on Company's performance in order to satisfy its obligation to perform the same activities with respect to the coverages issued to Group by Company:

- Preparation and publication of machine-readable files on a public website for in-network rates and billed charges and Allowed Amounts for out-of-network providers in the required form and manner as set forth in applicable regulations and any sub-regulatory guidance;

- Provision of an internet, self-service tool as well as paper reports and telephone assistance to provide personalized estimates of cost sharing for 500 shoppable services beginning on January 1, 2023, and for all covered services as of January 1, 2024, as set forth in applicable regulations and any sub-regulatory guidance;
- Annual reporting of prescription drug and health care costs reporting required to be furnished in accordance with applicable regulations and any sub-regulatory guidance;
- Publication of a consumer notice regarding federal and, when applicable, any state legal requirements related to balance billing by non-participating providers in accordance with applicable regulations and any sub-regulatory guidance;
- Annual reporting of data related to the provision and cost of air ambulance services for 2022 and 2023 in the required form and manner as set forth in applicable regulations and any sub-regulatory guidance; and
- Annual submission of a Gag Clause Prohibition Compliance Attestation in the required form and manner as set forth in applicable regulations, if any, and sub-regulatory guidance.

No Waiver

Company's failure to enforce any provision of this *Agreement* will not constitute a waiver of that or any other provision or impair Company's right thereafter to require Group's strict performance of any provision.

Notices

Notices must be sent to the addresses listed below, except that Company or Group may change its address for notices by giving written notice to the other. Notices are deemed given when delivered in person, sent via email, or deposited in a U.S. Postal Service receptacle for the collection of U.S. mail.

Notices from Company to Group will be sent to:

Group Contact	Shannon Sarcia-Carlson
Group Name	Bmo Financial Corp.
Group Address	395 N Executive Dr
Group Address	
Group Address	Brookfield, WI 53005
Producer Contact	Beth Grellner
Producer Name	Willis Towers Watson US LLC (Los Angeles)
Producer Address	Lockbox 28852
Producer Address	
Producer Address	New York, NY 10087

Note: When Company sends Group a new (or renewed) group *agreement*, Company will enclose a summary that discusses the changes Company has made to this *Agreement*. Groups that want information about changes before receiving the new group *agreement* may request advance information from Group's Company account manager. Also, if Group designates in writing a third party such as a "Producer of Record," Company may send the advance information to the third party rather than to Group (unless Group requests a copy also).

Notices from Group to Company regarding billing and enrollment must be sent to:

Kaiser Foundation Health Plan of the Northwest
P.O. Box 23127
San Diego, CA 92193
Or emailed to: **csc-den-roc-group@kp.org**

Notices from Group to Company regarding Premium payments must be sent to:

Kaiser Foundation Health Plan of the Northwest
PO Box 34178
Seattle, WA 98124

Notices from Group to Company regarding termination of this *Agreement* must be sent to the Group's account manager at:

Kaiser Foundation Health Plan of the Northwest
500 NE Multnomah Street, Suite 100
Portland, OR 97232

Other Group Coverages that Cover Essential Health Benefits (EHBs)

Essential Health Benefits means benefits that the U.S. Department of Health and Human Services (HHS) Secretary defines as essential health benefits. Essential Health Benefits must be equal to the scope of benefits provided under a typical employer plan, except that they must include at least the following: ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services (including oral and vision care).

For each non-grandfathered non-Medicare health plan coverage, except for any retiree-only coverage, Group must do all of the following if Group provides Company Members with other medical or dental coverage (for example, separate pharmacy coverage) that covers any Essential Health Benefits that Company coverage does not cover:

- Notify Company of the Out-of-Pocket Maximum (OOPM) that applies to those Essential Health Benefits in each of the other medical or dental coverages.
- Ensure that the sum of the OOPM in Company's coverage plus the OOPMs that apply to those Essential Health Benefits in all of the other medical and dental coverages does not exceed the annual limitation on cost sharing described in 45 CFR 156.130.

Premium Rebates

If state or federal law requires Company to rebate premiums from this or any earlier contract year and Company rebates premiums to Group, Group represents that Group will use that rebate for the benefit of Members, in a manner consistent with the requirements of the Public Health Service Act, the Affordable Care Act, and the obligations of a fiduciary under the Employee Retirement Income Security Act (ERISA).

Reporting Membership Changes and Retroactivity

Company's billing statement to Group explains how to report membership changes. Group's Kaiser Permanente account manager can also provide Group with this information. Group must report membership changes (including sending Company-approved membership forms) within the time limit for retroactive changes and in accord with any applicable "rescission" provisions of the Patient Protection and Affordable Care Act and regulations. The time limit for retroactive membership changes is the calendar month when Company's San Diego Service Center receives Group's notification of the change plus the previous two months unless Company agrees otherwise in writing.

Representation Regarding Waiting Periods

Pursuant to section 2708 of the Public Health Service Act (PHSA) and 45 CFR 147.116(b), Group hereby represents that Group does not impose a waiting period exceeding 90 days on its employees who meet

Group's substantive eligibility requirements. (A waiting period is the period that must pass before coverage for an individual who is otherwise eligible to enroll under the terms of a group health plan can become effective, including completion of Group's reasonable and bona fide employment-based orientation period that does not exceed one month, if any.)

In addition, Group represents that eligibility data provided by the Group to Company will include coverage effective dates for Group's employees that correctly account for eligibility in compliance with the waiting period requirements in 45 CFR 147.116.

Social Security and Tax Identification Numbers

Within 60 days after Company sends Group a written request, Group will send Company a list of all Members covered under this *Agreement,* along with the following:

- The Member's Social Security number.
- The tax identification number of the employer of the Subscriber in the Member's Family.
- Any other information that Company is required by law to collect.

Summaries of Benefits and Coverage

Group will provide electronic or paper summaries of benefits and coverage (SBCs) to participants and beneficiaries to the extent required by law, except that Company will provide SBCs to Members who make a request to Company.

HIGH DEDUCTIBLE HEALTH PLAN BENEFIT SUMMARY

This "Benefit Summary," which is part of the *Evidence of Coverage (EOC)*, is a summary of answers to the most frequently asked questions about benefits. This summary does not fully describe benefits, limitations, or exclusions. To see complete explanations of what is covered for each benefit, including exclusions and limitations, and for additional benefits that are not included in this summary, please refer to the "Benefits," "Exclusions and Limitations," and "Reductions" sections of this *EOC*. For a list of defined terms, refer to the "Definitions" section of this *EOC*.

All Services except preventive care are subject to the Deductible.

Calendar year is the time period (Year) in which dollar, day, and visit limits, Deductibles and Out-of-Pocket Maximums accumulate.

Deductible	
Self-only Deductible per Year (for a Family of one Member)	$1,750
Individual Family Member Deductible per Year (for each Member in a Family of two or more Members)	$3,500
Family Deductible per Year (for an entire Family)	$3,500
Out-of-Pocket Maximum	
Self-only Out-of-Pocket Maximum per Year (for a Family of one Member)	$3,425
Individual Family Member Out-of-Pocket Maximum per Year (for each Member in a Family of two or more Members)	$6,850
Family Out-of-Pocket Maximum per Year (for an entire Family)	$6,850
(Note: All Deductible, Copayments, and Coinsurance amounts count toward the Out-of-Pocket Maximum, unless otherwise indicated in this *EOC*. The Deductible and Out-of-Pocket Maximum amounts are subject to increase if the U.S. Department of Treasury changes the minimum Deductible and Out-of-Pocket Maximum required in High Deductible Health Plans.)	
Preventive Care Services	**You Pay**
Routine preventive physical exam (includes adult, well baby, and well child)	$0
Immunizations	$0
Preventive tests	$0

INTRODUCTION

This *Evidence of Coverage* (*EOC*), including the "Benefit Summary" and any benefit riders attached to this *EOC*, describes the health care benefits of this Large Group High Deductible Health Plan provided under the *Group Agreement* (*Agreement)* between Kaiser Foundation Health Plan of the Northwest and your Group. Members are entitled to covered Services only at Participating Facilities and from Participating Providers, except as noted in this *EOC*. For benefits provided under any other Plan, refer to that Plan's evidence of coverage.

This health benefit Plan is a high deductible health Plan that meets the requirements of Section 223 (c)(2) of the Internal Revenue Code. The health care coverage described in this *EOC* is designed to be compatible for use with a Health Savings Account (HSA) under federal tax law.

The tax references contained in this *EOC* relate to federal income tax only. The tax treatment of HSA contributions and distributions under your state income tax laws may differ from the federal tax treatment and differ from state to state. Kaiser Foundation Health Plan of the Northwest does not provide tax advice. You should consult with your financial or tax advisor for tax advice or more information, including information about your eligibility for an HSA.

Please be aware that enrollment in a high deductible health Plan that is HSA-compatible is only one of the eligibility requirements for establishing and contributing to an HSA. Some examples of other requirements include that you must not be:

- Covered by another health coverage Plan that is not also an HSA-compatible Plan, with certain exceptions.
- Enrolled in Medicare Part A or Part B.
- Able to be claimed as a dependent on another person's tax return.

The provider network for this High Deductible Health Plan is the Classic network.

The provisions of this *EOC* must be considered together to fully understand the benefits available under the *EOC*. In this *EOC*, Kaiser Foundation Health Plan of the Northwest is sometimes referred to as "Company," "we," "our," or "us." Members are sometimes referred to as "you." Some capitalized terms have special meaning in this *EOC*. See the "Definitions" section for terms you should know.

It is important to familiarize yourself with your coverage by reading this *EOC* and the "Benefit Summary" completely, so that you can take full advantage of your Plan benefits. Also, if you have special health care needs, carefully read the sections applicable to you.

If you would like additional information about your benefits, important health plan disclosures, or other products and services, please call Member Services or e-mail us by registering at **kp.org/register**.

Term of This EOC

This *EOC* is effective for the period stated on the cover page, unless amended. Your Group's benefits administrator can tell you whether this *EOC* is still in effect.

DEFINITIONS

The following terms, when capitalized and used in any part of this *EOC,* mean:

Allowed Amount. The lower of the following amounts:

- The actual fee the provider, facility, or vendor charged for the Service.
- 160 percent of the Medicare fee for the Service, as indicated by the applicable Current Procedural Terminology (CPT) code or Healthcare Common Procedure Coding System (HCPCS) code shown on the current Medicare fee schedule. The Medicare fee schedule is developed by the Centers for Medicare and

Medicaid Services (CMS) and adjusted by Medicare geographical practice indexes. When there is no established CPT or HCPCS code indicating the Medicare fee for a particular Service, the Allowed Amount is 70 percent of the actual fee the provider, facility, or vendor charged for the Service.

Ancillary Service. Services that are:

- Related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a physician or non-physician practitioner.
- Provided by assistant surgeons, hospitalists, and intensivists.
- Diagnostic Services, including radiology and laboratory Services.
- Provided by a Non-Participating Provider if there is no Participating Provider who can furnish such Service at the facility.
- Provided as a result of unforeseen, urgent medical needs that arise at the time the Service is provided, regardless of whether the Non-Participating Provider or Non-Participating Facility satisfies the notice and consent requirements under federal law.

Behavioral Health Assessment. Behavioral Health Assessment means an evaluation by a medical or behavioral health provider, in person or using telemedicine, to determine a patient's need for behavioral health treatment, including immediate crisis stabilization.

Behavioral Health Condition. Behavioral Health Condition means a disorder as found in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)*, published by the American Psychiatric Association.

Behavioral Health Crisis. Behavioral Health Crisis means a disruption in an individual's mental or emotional stability or functioning resulting in an urgent need for immediate outpatient treatment in an emergency department or admission to a hospital to prevent a serious deterioration in the individual's behavioral or physical health.

Benefit Summary. A section of this *EOC* which provides a brief description of your medical Plan benefits and what you pay for covered Services.

Charges. Charges means the following:

- For Services provided by Medical Group and Kaiser Foundation Hospitals, the amount in Company's schedule of Medical Group and Kaiser Foundation Hospitals charges for Services provided to Members.
- For Services for which a provider or facility (other than Medical Group or Kaiser Foundation Hospitals) is compensated on a capitation basis, the amount in the schedule of charges that Company negotiates with the capitated provider.
- For Services received from other Participating Providers or Participating Facilities we contract with, the amount the provider or facility has agreed to accept as payment.
- For items obtained at a pharmacy owned and operated by Kaiser Permanente, the amount the pharmacy would charge a Member for the item if the Member's benefit Plan did not cover the pharmacy item. This amount is an estimate of: the cost of acquiring, storing, and dispensing drugs, the direct and indirect costs of providing pharmacy Services to Members, and the pharmacy program's contribution to the net revenue requirements of Company.
- For Emergency Services received from a Non-Participating Provider or Non-Participating Facility (including Post-Stabilization Care that constitutes Emergency Services under federal law), the amount required to be paid by Company pursuant to state law, when it is applicable, or federal law, including any amount determined through negotiation or an independent dispute resolution (IDR) process.

- For all other Services received from a Non-Participating Provider or Non-Participating Facility (including Post-Stabilization Services that are not Emergency Services under federal law), the amount (1) required to be paid pursuant to state law, when it is applicable, or federal law, including any amount determined through negotiation or an independent dispute resolution (IDR) process, or (2) in the event that neither state or federal law prohibiting balance billing apply, then the amount agreed to by the Non-Participating Provider and Company or, absent such an agreement, the Allowed Amount.

Coinsurance. The percentage of Charges that you must pay when you receive a covered Service.

Company. Kaiser Foundation Health Plan of the Northwest, an Oregon nonprofit corporation. This *EOC* sometimes refers to our Company as "we," "our," or "us."

Copayment. The defined dollar amount that you must pay when you receive a covered Service.

Cost Share. The Deductible, Copayment, or Coinsurance you must pay for covered Services.

Deductible. The amount you must pay for certain Services you receive in a Year before we will cover those Services, subject to any applicable Copayment or Coinsurance, in that Year.

Dependent. A Member who meets the eligibility requirements for a Dependent as described in the "Who Is Eligible" section.

Dependent Limiting Age. The "Premium, Eligibility, and Enrollment" section requires that most types of Dependents (other than Spouses and disabled Dependents as described in the "Dependents" section) be under the Dependent Limiting Age in order to be eligible for membership. The "Benefit Summary" shows the Dependent Limiting Age (the student Dependent Limiting Age is for students, and the general Dependent Limiting Age is for non-students).

Durable Medical Equipment (DME). A non-disposable supply or item of equipment that is able to withstand repeated use, primarily and customarily used to serve a medical purpose and generally not useful to you if you are not ill or injured.

Emergency Medical Condition. An Emergency Medical Condition means a medical condition:

- That manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in any of the following:
  - Placing the person's health (or, with respect to a pregnant person, the health of them or their unborn child) in serious jeopardy.
  - Serious impairment to bodily functions.
  - Serious dysfunction of any bodily organ or part.
- With respect to a pregnant person who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which a transfer may pose a threat to the health or safety of them or the unborn child.
- That is a Behavioral Health Crisis.

Emergency Medical Service Provider. A person who has received formal training in prehospital and emergency care, and is licensed to attend any person who is ill or injured or who has a disability. Police officers, firefighters, funeral home employees and other persons serving in a dual capacity, one of which meets this definition, are considered Emergency Medical Services Providers.

Emergency Medical Services Transport. An Emergency Medical Service Provider's evaluation and stabilization of an individual experiencing an Emergency Medical Condition and the transportation of the individual to the nearest medical facility capable of meeting the needs of the individual.

Emergency Services. All of the following with respect to an Emergency Medical Condition:

- An Emergency Medical Services Transport.
- A medical screening examination (as required under the federal Emergency Medical Treatment and Active Labor Act, "EMTALA"), or Behavioral Health Assessment, that is within the capability of the emergency department of a hospital, or of an Independent Freestanding Emergency Department, including Ancillary Services and patient observation routinely available to the emergency department to evaluate the Emergency Medical Condition.
- Within the capabilities of the staff and facilities available at the hospital, or Independent Freestanding Emergency Department, the further examination and treatment required under EMTALA (or would be required under EMTALA if it applied to an Independent Freestanding Emergency Department) to Stabilize the patient, regardless of the department of the hospital in which such further examination or treatment is furnished.
- Post-Stabilization Care Services provided by a Non-Participating Provider or Non-Participating Facility are considered Emergency Services when federal law applies, and:
    - Your Non-Participating Provider determines that you are not able to travel using non-medical transportation or non-emergency medical transportation to an available Participating Provider within a reasonable travel distance, taking into account your medical or Behavioral Health Condition; or,
    - You or your authorized representative are not in a condition to provide consent to receiving Post-Stabilization Services or other covered Services from a Non-Participating Provider.

ERISA. The Employee Retirement Income Security Act of 1974, as amended.

***Evidence of Coverage* (*EOC*).** This *Evidence of Coverage* document provided to the Subscriber that specifies and describes benefits and conditions of coverage. This document, on its own, is not designed to meet the requirements of a summary plan description (SPD) under ERISA. After you enroll, you will receive a postcard that explains how you may either download an electronic copy of this *EOC* or request that this *EOC* be mailed to you.

External Prosthetic Devices. External prosthetic devices are rigid or semi-rigid external devices required to replace all or any part of a body organ or extremity.

Family. A Subscriber and all of their Dependents.

Gender Affirming Treatment. A Medically Necessary treatment, procedure, drug, device, product, or other Service that a health care provider prescribes to treat an individual for incongruence between the individual's gender identity and the individual's sex assignment at birth.

Group. The employer, union trust, or association with which we have an *Agreement* that includes this *EOC*.

Health Savings Account (HSA). A tax-exempt trust or custodial account established under Section 223(d) of the Internal Revenue Code exclusively for the purpose of paying qualified medical expenses of the account beneficiary. Contributions made to a Health Savings Account by an eligible individual are tax deductible under federal tax law whether or not the individual itemizes deductions. In order to make contributions to a Health Savings Account, you must be covered under a qualified high deductible health Plan and meet other tax law requirements.

Company does not provide tax advice. Consult with your financial or tax advisor for tax advice or more information about your eligibility for a Health Savings Account.

Home Health Agency. A "home health agency" is an agency that: (i) meets any legal licensing required by the state or other locality in which it is located; (ii) qualifies as a participating home health agency under Medicare; and (iii) specializes in giving skilled nursing facility care Services and other therapeutic Services,

such as physical therapy, in the patient's home (or to a place of temporary or permanent residence used as your home).

Homemaker Services. Assistance in personal care, maintenance of a safe and healthy environment, and Services to enable the individual to carry out the plan of care.

Independent Freestanding Emergency Department. A health care facility that is geographically separate and distinct and licensed separately from a hospital under applicable State law and that provides Emergency Services.

Kaiser Permanente. Kaiser Foundation Hospitals (a California nonprofit corporation), Medical Group, and Kaiser Foundation Health Plan of the Northwest (Company).

Medical Facility Directory. The *Medical Facility Directory* includes addresses, maps, and telephone numbers for Participating Medical Offices and other Participating Facilities; and provides general information about getting care at Kaiser Permanente. After you enroll, you will receive an email or flyer that explains how you may either download an electronic copy of the *Medical Facility Directory* or request that the *Medical Facility Directory* be mailed to you.

Medical Group. Northwest Permanente, P.C., Physicians and Surgeons, a professional corporation of physicians organized under the laws of the state of Oregon. Medical Group contracts with Company to provide professional medical Services to Members and others primarily on a capitated, prepaid basis in Participating Facilities.

Medically Necessary. Our determination that the Service is all of the following: (i) medically required to prevent, diagnose or treat your condition or clinical symptoms; (ii) in accordance with generally accepted standards of medical practice; (iii) not solely for the convenience of you, your family and/or your provider; and, (iv) the most appropriate level of Service which can safely be provided to you. For purposes of this definition, "generally accepted standards of medical practice" means (a) standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community; (b) physician specialty society recommendations; (c) the view of physicians practicing in the relevant clinical area or areas within Kaiser Permanente locally or nationally; and/or (d) any other relevant factors reasonably determined by us. Unless otherwise required by law, we decide if a Service is Medically Necessary. You may appeal our decision as set forth in the "Grievances, Claims, Appeals, and External Review" section. The fact that a Participating Provider has prescribed, recommended, or approved a Service does not, in itself, make such Service Medically Necessary and, therefore, a covered Service.

Medicare. A federal health insurance program for people aged 65 and older, certain people with disabilities, and those with end-stage renal disease (ESRD).

Member. A person who is eligible and enrolled under this *EOC,* and for whom we have received applicable Premium. This *EOC* sometimes refers to a Member as "you." The term Member may include the Subscriber, their Dependent, or other individual who is eligible for and has enrolled under this *EOC.*

Non-Participating Facility. Any of the following licensed institutions that provide Services, but which are not Participating Facilities: hospitals and other inpatient centers; ambulatory surgical or treatment centers; birthing centers; medical offices and clinics; skilled nursing facilities; residential treatment centers; diagnostic, laboratory, and imaging centers; and rehabilitation settings. This includes any of these facilities that are owned and operated by a political subdivision or instrumentality of the state and other facilities as required by federal law and implementing regulations.

Non-Participating Provider. A physician or other health care provider, facility, business, or vendor regulated under state law to provide health or health-related services or otherwise providing health care services within the scope of licensure or certification consistent with state law that does not have a written agreement with Kaiser Permanente to participate as a health care provider for this Plan.

Orthotic Devices. Orthotic devices are rigid or semi-rigid external devices (other than casts) required to support or correct a defective form or function of an inoperative or malfunctioning body part or to restrict motion in a diseased or injured part of the body.

Out-of-Pocket Maximum. The total amount of Deductible, Copayments, and Coinsurance you will be responsible to pay in a Year, as described in the "Out-of-Pocket Maximum" section of this *EOC*.

Participating Facility. Any facility listed as a Participating Facility in the *Medical Facility Directory*. Participating Facilities are subject to change.

Participating Hospital. Any hospital listed as a Participating Hospital in the *Medical Facility Directory*. Participating Hospitals are subject to change.

Participating Medical Office. Any outpatient treatment facility listed as a Participating Medical Office in the *Medical Facility Directory*. Participating Medical Offices are subject to change.

Participating Pharmacy. A pharmacy owned and operated by Kaiser Permanente or another pharmacy that we designate, that is listed as a Participating Pharmacy in the *Medical Facility Directory*. Participating Pharmacies are subject to change.

Participating Physician. Any licensed physician who is an employee of the Medical Group, or contracts directly or indirectly with Medical Group. Participating Physicians are subject to change.

Participating Provider. Any person who is a Participating Physician; or a physician or other health care provider, facility, business, or vendor regulated under state law to provide health or health-related services or otherwise providing health care services within the scope of licensure or certification consistent with state law and which contracts directly or indirectly with Kaiser Permanente to provide Services to Members enrolled in this Plan. Participating Providers are subject to change.

Participating Skilled Nursing Facility. A facility that provides inpatient skilled nursing Services, rehabilitation Services, or other related health Services and is licensed by the state of Oregon or Washington and approved by Company. The facility's primary business must be the provision of 24-hour-a-day licensed skilled nursing care. The term "Participating Skilled Nursing Facility" does not include a convalescent nursing home, rest facility, or facility for the aged that furnishes primarily custodial care, including training in routines of daily living. A "Participating Skilled Nursing Facility" may also be a unit or section within another facility (for example, a Participating Hospital) as long as it continues to meet the definition above. Participating Skilled Nursing Facilities are subject to change.

Plan. Any hospital expense, medical expense, or hospital and/or medical expense policy or certificate, health care service contractor or health maintenance organization subscriber contract, any plan provided by a multiple employer welfare arrangement or by another benefit arrangement defined in the federal Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Post-Stabilization Care. The Services you receive after your treating physician determines that your Emergency Medical Condition is clinically stable.

Premium. Monthly membership charges paid by Group.

Primary Care Provider. An individual, clinic, or team of health care providers licensed or certified in Oregon to provide outpatient, nonspecialty medical services or to provide the coordination of health care for the purpose of:

- Promoting or maintaining mental and physical health and wellness; and
- Diagnosing, treating, or managing acute or chronic conditions caused by disease, injury, or illness.

Service Area. Our Service Area consists of certain geographic areas in the Northwest which we designate by ZIP code. Our Service Area may change. Contact Member Services for a complete listing of our Service Area ZIP codes.

Services. Health care services, supplies, or items.

Specialist. Any licensed Participating Provider who practices in a specialty care area of medicine (not family medicine, pediatrics, gynecology, obstetrics, general practice, or internal medicine). In most cases, you will need a referral in order to receive covered Services from a Specialist.

Spouse. The person to whom you are legally married under applicable law. For the purposes of this *EOC,* the term "Spouse" includes a person who is legally recognized as your domestic partner in a valid Certificate of Registered Domestic Partnership issued by the state of Oregon, validly registered as your domestic partner under the laws of another state, or otherwise recognized as your domestic partner under criteria agreed upon, in writing, by Kaiser Foundation Health Plan of the Northwest and your Group.

Stabilize. With respect to an Emergency Medical Condition, to provide the medical treatment of the condition that is necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the person from the facility. With respect to a pregnant person who is having contractions, when there is inadequate time to safely transfer them to another hospital before delivery (or the transfer may pose a threat to the health or safety of them or their unborn child), "Stabilize" means to deliver the infant (including the placenta).

Subscriber. A Member who is eligible for membership on their own behalf and not by virtue of Dependent status and who meets the eligibility requirements as a Subscriber.

Substance Use Disorder. A substance-related or addictive disorder listed in the most current version of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)* published by the American Psychiatric Association.

Urgent Care. Treatment for an unforeseen condition that requires prompt medical attention to keep it from becoming more serious, but that is not an Emergency Medical Condition.

Utilization Review. The formal application of clinical criteria and clinical guidance, screening procedures, decision rules, and medical protocols designed to ensure that each Member is receiving Services at the appropriate level. Utilization Review is used to monitor or evaluate:

- Medical necessity, appropriateness, effectiveness, or efficiency of a specific Service, procedure, or setting.
- Appropriateness of a Service for which prior authorization is requested or for which an exception to step therapy has been requested.
- Any other coverage that we indicate is subject to Utilization Review.

When Utilization Review is required to approve certain Services in advance, this is called prior authorization. Utilization Review to approve an ongoing course of treatment to be provided over a period of time or number of treatments is called concurrent review.

Year. A period of time that is either a) a calendar year beginning on January 1 of any year and ending at midnight December 31 of the same year, or b) a plan year beginning on an effective date and ending at midnight prior to the anniversary date agreed to by Company and Group. The "Benefit Summary" shows which period is applicable to this Plan.

PREMIUM, ELIGIBILITY, AND ENROLLMENT

Premium

Your Group is responsible for paying the Premium. If you are responsible for any contribution to the Premium, your Group will tell you the amount and how to pay your Group.

Who Is Eligible

General

To be eligible to enroll and to remain enrolled under this employer's *Agreement*, you must meet all of the following requirements:

- You must meet your Group's eligibility requirements that we have approved. (Your Group is required to inform Subscribers of its eligibility requirements.)
- You must meet the Subscriber or Dependent eligibility requirements described below unless your Group has different eligibility requirements that we have approved.

Subscribers

To be eligible to enroll and to remain enrolled as a Subscriber, you must meet the following requirements:

- You are an employee of your Group; or
- You are otherwise entitled to coverage through your Group under a trust agreement, retirement benefit program, employment contract, or the rules of a professional, trade, or bona fide association.
- You live or physically work inside our Service Area at least 50 percent of the time. For assistance about the Service Area or eligibility, please contact Member Services. The Subscriber's or the Subscriber's Spouse's otherwise eligible children are not ineligible solely because they live outside our Service Area or in another Kaiser Foundation Health Plan service area.

Dependents

If you are a Subscriber (or if you are a subscriber under our Kaiser Permanente Senior Advantage (HMO) plan offered by your Group), the following persons are eligible to enroll as your Dependents under this *EOC*. (Note: if you are a subscriber under a Kaiser Permanente Senior Advantage plan offered by your Group, all of your Dependents who are enrolled under this or any other non-Medicare evidence of coverage offered by your Group must be enrolled under the same non-Medicare evidence of coverage. A "non-Medicare" evidence of coverage is one that does not require members to be entitled to Medicare.)

- Your Spouse.
- A person who is under the general Dependent Limiting Age shown in the "Benefit Summary" and who is any of the following:
  - Your or your Spouse's child.
  - A child adopted by you or your Spouse, or for whom you or your Spouse have assumed a legal obligation in anticipation of adoption.
  - Any other person for whom you or your Spouse is a court-appointed guardian.
  - A child placed with you or your Spouse for foster care.
- A person who is over the general Dependent Limiting Age but under the student Dependent Limiting Age shown in the "Benefit Summary," who is a full-time registered student at an accredited college or accredited vocational school, and is any of the following:
  - Your or your Spouse's child.
  - A child adopted by you or your Spouse, or for whom you or your Spouse have assumed a legal obligation in anticipation of adoption.
  - Any other person for whom you or your Spouse is a court-appointed guardian.

Students who suffer a severe illness or injury that causes them to lose full-time student status will continue to be considered full-time students for eligibility purposes, provided that within 31 days after the loss of full-time student status, we receive written certification from the child's treating physician that the child is suffering from a serious illness or injury and that the leave of absence or other change of enrollment is Medically Necessary. Eligibility as a full-time student under this provision may then continue for up to 12 months from the date that your child's medical leave of absence began, or until your child reaches the student Dependent Limiting Age shown in the "Benefit Summary," whichever comes first.

- A person of any age who is primarily dependent upon you or your Spouse for support and maintenance if the person is incapable of self-sustaining employment by reason of a developmental disability, mental illness, or a physical disability that occurred prior to the person reaching the general Dependent Limiting Age shown in the "Benefit Summary," if the person is any of the following:
  - Your or your Spouse's child.
  - A child adopted by you or your Spouse, or for whom you or your Spouse have assumed legal obligation in anticipation of adoption.
  - Any other person for whom you or your Spouse is a court-appointed guardian and was a court-appointed guardian prior to the person reaching the Dependent Limiting Age shown in the "Benefit Summary."

  We may request proof of incapacity and dependency annually.

Children born to a Dependent other than your Spouse (for example, your grandchildren) are not eligible for coverage beyond the first 31 days of life, including the date of birth, unless: (a) you or your Spouse adopts them or assumes a legal obligation in anticipation of adoption; (b) they are primarily supported by you or your Spouse and you or your Spouse is their court-appointed guardian; or, (c) your Group has different eligibility requirements that we have approved.

Company will not deny enrollment of a newborn child, newly adopted child, child for whom legal obligation is assumed in anticipation of adoption, child newly placed for adoption, or newly placed foster child solely on the basis that: (a) the child was born out of wedlock; (b) the child is not claimed as a dependent on the parent's federal tax return; (c) the child does not reside with the child's parent or in our Service Area; or (d) the mother of the child used drugs containing diethylstilbestrol prior to the child's birth. Also, Company does not discriminate between married and unmarried persons, or between children of married or unmarried persons.

When You Can Enroll and When Coverage Begins

A Group is required to inform employees about when they are eligible to enroll and their effective date of coverage. The effective date of coverage for employees and their eligible Dependents is determined by the Group in accord with waiting period requirements in state and federal law. The Group is required to inform the Subscriber of the date membership becomes effective.

If an individual is eligible to be a Dependent under this *EOC* but the subscriber in their family is enrolled under our Kaiser Permanente Senior Advantage evidence of coverage offered by the Group, the subscriber must follow the rules for adding Dependents as described in this "When You Can Enroll and When Coverage Begins" section.

New Employees and Their Dependents

When a Group informs an employee that they are eligible to enroll as a Subscriber, they may enroll themselves and any eligible Dependents by submitting a Company-approved enrollment application to the Group within 30 days of eligibility for enrollment.

Open Enrollment

The Group will inform an employee of their open enrollment period and effective date of coverage. An eligible employee may enroll as a Subscriber along with any eligible Dependents if they or their Dependents were not previously enrolled. If you are an existing Subscriber, you may add eligible Dependents not previously enrolled following your Group's enrollment process during the open enrollment period.

Special Enrollment

If an eligible employee or their eligible Dependents do not enroll when they are first eligible, and later want to enroll, they can enroll only during open enrollment unless they experience a qualifying event as defined in applicable state and federal law. Your Group will administer special enrollment rights under applicable state and federal law.

Examples of qualifying events include, but are not limited to:

- Loss of minimum essential coverage for any reason other than nonpayment of Premium, rescission of coverage, misrepresentation, fraud or voluntary termination of coverage.
- Gaining a Dependent through marriage or entering into a domestic partnership, birth, adoption, placement for adoption, placement for foster care, or through a child support order or other court order.
- Loss of a Dependent through divorce or legal separation, or if the enrollee, or their Dependent dies.

Note: If the individual is enrolling as a Subscriber along with at least one eligible Dependent, only one enrollee must meet one of the requirements for a qualifying event.

The individual must notify the Group within 30 days of a qualifying event, 60 days if they are requesting enrollment due to a change in eligibility for Medicaid or Child Health Insurance Program (CHIP) coverage. The Group will determine if the individual is eligible to select or change coverage. Contact the Group for further instructions on how to enroll.

A Group may require an employee declining coverage to provide a written statement indicating whether the coverage is being declined due to other health coverage. If this statement is not provided, or if coverage is not declined due to other health coverage, the employee may not be eligible for special enrollment due to loss of other health coverage. Contact the Group for further information.

Adding New Dependents to an Existing Account

To enroll a Dependent who becomes eligible to enroll after you became a Subscriber, you must submit a Company-approved enrollment application to your Group as described in this "Adding New Dependents to an Existing Account" section.

Newborns, newly adopted children, children newly placed for adoption, or newly placed foster children are covered for 31 days after birth, adoption, placement for adoption, or placement for foster care. In order for coverage to continue beyond this 31-day period, you must submit an enrollment application to your Group within 31 days after the date of birth, adoption, placement for adoption, or placement for foster care if additional Premium is required to add the Dependent. If additional Premium is not required, the application requirement is waived; however, please notify your Group and Member Services, to add the child to your Plan.

To add all other newly eligible Dependents (such as a new Spouse), you must submit an enrollment application to your Group within 30 days after the qualifying event.

Contact your Group for further instructions on how to enroll your newly eligible Dependent.

When Coverage Begins

Your Group will notify you of the date your coverage will begin. Membership begins at 12 a.m. PT of the effective date specified.

If an individual enrolls in, adds a Dependent, or changes health plan coverage during a special enrollment period, the membership effective date will be determined by your Group under applicable state and federal law.

HOW TO OBTAIN SERVICES

The provider network for this High Deductible Health Plan is the Classic network.

The Classic network includes Participating Providers who are either employed by us or contract directly or indirectly with us to provide covered Services for Members enrolled in this High Deductible Health Plan. You pay the Cost Share amount shown on your "Benefit Summary" when you receive covered Services from Participating Providers and Participating Facilities.

To receive covered benefits, you must obtain Services from Participating Providers and Participating Facilities except as described under the following sections in this *EOC*:

- "Referrals to Non-Participating Providers and Non-Participating Facilities."
- "Emergency, Post-Stabilization, and Urgent Care."
- "Receiving Care in Another Kaiser Foundation Health Plan Service Area."
- "Out-of-Area Coverage for Dependents."
- "Ambulance Services."

To locate a Participating Provider or Participating Facility, contact Member Services or visit **kp.org/doctors** to see all Kaiser Permanente locations near you, search for Participating Providers, and read online provider profiles.

We will not directly or indirectly prohibit you from freely contracting at any time to obtain health care Services from Non-Participating Providers and Non-Participating Facilities outside the Plan. However, if you choose to receive Services from Non-Participating Providers and Non-Participating Facilities except as otherwise specifically provided in this *EOC*, those Services will not be covered under this *EOC* and you will be responsible for the full price of the Services. Any amounts you pay for non-covered Services will not count toward your Deductible (if any) or Out-of-Pocket Maximum.

Using Your Identification Card

We provide each Member with a Company identification (ID) card that contains the Member health record number. Have your health record number available when you call for advice, make an appointment, or seek Services. We use your health record number to identify your medical records, for billing purposes and for membership information. You should always have the same health record number. If we ever inadvertently issue you more than one health record number, please let us know by calling Member Services. If you need to replace your ID card, please call Member Services.

Your ID card is for identification only, and it does not entitle you to Services. To receive covered Services, you must be a current Member. Anyone who is not a Member will be billed as a non-member for any Services they receive. If you allow someone else to use your ID card, we may keep your card and terminate your membership (see the "Termination for Cause" section). We may request photo identification in conjunction with your ID card to verify your identity.

Advice Nurses

If you are unsure whether you need to be seen by a physician or where to go for Services, or if you would like to discuss a medical concern, call Member Services during normal business hours, evenings, weekends, and holidays to be directed to one of our advice nurses.

You may also use the Member section of our website, **kp.org**, to send *nonurgent* questions to an advice nurse or pharmacist.

Your Primary Care Provider

We encourage you to choose a Primary Care Provider for each covered Family Member. This decision is important as your Primary Care Provider provides or arranges most of your health care needs.

You may select a Participating Provider from family practice, internal medicine, or pediatrics as your Primary Care Provider. Members also have the option of choosing a women's health care Participating Provider as their Primary Care Provider. A women's health care provider is an obstetrician or gynecologist, a physician associate specializing in women's health, an advanced registered nurse practitioner specializing in women's health, a naturopathic physician specializing in women's health, or a certified nurse midwife. Not all Participating Providers in these specialties are designated Primary Care Providers.

If you do not select a Primary Care Provider within 90 days, we will assign you to an individual Primary Care Provider or primary care team. We will send you a letter that includes information to help you learn more about your provider or care team, how to find information about other Primary Care Providers near you, and how to change your Primary Care Provider. You may select a different Primary Care Provider at any time. The change will take effect immediately.

For more information, visit **kp.org/doctors** to search for Participating Providers and Kaiser Permanente locations near you and read online provider profiles. For help with selecting or changing your Primary Care Provider, contact Member Services.

Appointments for Routine Services

Routine appointments are for medical needs that are not urgent such as checkups and follow-up visits that can wait more than a few days.

If you need to make a routine care appointment, go to **kp.org** to schedule an appointment online or call Member Services. Try to make your routine care appointments as far in advance as possible. For information about getting other types of care, refer to the "Emergency, Post-Stabilization, and Urgent Care" section.

Healthy Resources

You have access to these value-added programs and resources at no cost, unless otherwise noted below. You can register online at **kp.org/register** or on the Kaiser Permanente mobile app. You'll need your health/medical record number, which you can find on your Kaiser Permanente ID card.

- **Sign up for healthy lifestyle programs.** With our online wellness programs, you'll get advice, encouragement, and tools to help you create positive changes in your life. Our programs can help you lose weight, eat healthier, quit smoking, reduce stress, manage ongoing conditions like diabetes or depression. Start with a Total Health Assessment, a simple online survey to give you a complete look at your health. You can also share and discuss the results with your doctor. Visit **kp.org/healthylifestyles**.
- **Get a wellness coach.** If you need a little extra support, we offer Wellness Coaching by Phone. You'll work one-on-one with your personal coach to make a plan to help you reach your health goals. Visit **kp.org/wellnesscoach**.
- **Join health classes.** You can sign up for health classes and support groups. Classes vary at each location and some may require a fee. Visit **kp.org/classes**.
- **Enjoy reduced rates.** Get reduced rates on a variety of health-related products and services through The ChooseHealthy® program. These include:
    - Active&Fit Direct – You pay $25 per month (plus a one-time $25 enrollment fee) for access to a national network of more than 10,000 fitness centers.

- Up to 25% off a contracted provider's regular rates for acupuncture, chiropractic care, and massage therapy.*

Visit **kp.org/choosehealthy**. *Please note that the ChooseHealthy program is not insurance. You should check your benefits before using this discount program, as those benefits may result in lower costs to you than using this discount program.

- **Self-care.** Manage stress, improve your mood, sleep better, and more with the help of wellness apps, available to adult members. Visit **kp.org/selfcareapps**.
- **Health guides.** Stay informed on popular health subjects or discover something new through our healthy living guides. Visit **kp.org/livehealthy**.

The programs and resources described above are not covered under your health plan benefits and are not subject to the terms set forth in this *EOC* or other plan documents. Programs and resources are provided by third-party entities and may be discontinued at any time. If you would like additional information about these programs and resources, call Member Services.

Getting Assistance

We want you to be satisfied with your health care Services. If you have any questions or concerns about Services you received from Participating Providers or Participating Facilities, please discuss them with your Primary Care Provider or with other Participating Providers who are treating you.

Member Services representatives can answer questions you have about your benefits, available Services, and the facilities where you can receive Services. For example, they can explain your benefits, how to make your first medical appointment, what to do if you move, what to do if you need Services while you are traveling, and how to replace your ID card. These representatives can also help you if you need to file a claim, complaint, grievance, or appeal, as described in the "Grievances, Claims, Appeals, and External Review" section. Upon request Member Services can also provide you with written materials about your coverage.

Member Services representatives are available to assist you Monday through Friday (except holidays), from 8 a.m. to 6 p.m. PT.

All areas 1-800-813-2000

TTY for the hearing and speech impaired 711

Language interpretation services..... 1-800-324-8010

You may also e-mail us by registering on our website at **kp.org/register**.

Referrals

Referrals to Participating Providers and Participating Facilities

Primary Care Providers provide primary medical care, including pediatric care and obstetrics/gynecology care. Specialists provide specialty medical care in areas such as surgery, orthopedics, cardiology, oncology, urology, dermatology, and allergy/immunology. Your Primary Care Provider will refer you to a Specialist when appropriate. In most cases, you will need a referral to see a Specialist the first time. Please call Member Services for information about specialty Services that require a referral or discuss your concerns with your Primary Care Provider. In some cases, a standing referral may be allowed to a Specialist for a time period that is in accord with your individual medical needs as determined by the Participating Provider and Company.

Some outpatient specialty care is available in Participating Medical Offices without a referral. You do not need a referral for outpatient Services provided in the following departments at Participating Medical Offices

owned and operated by Kaiser Permanente. Please call Member Services to schedule routine appointments in these departments:

- Audiology (routine hearing exams).
- Cancer Counseling.
- Behavioral Health Services.
- Obstetrics/Gynecology.
- Occupational Health.
- Optometry (eye exams).
- Social Services.
- Substance Use Disorder Services.

Referrals to Non-Participating Providers and Non-Participating Facilities

If your Participating Provider decides that you require Services not available from Participating Providers or Participating Facilities, they will recommend to Medical Group and Company that you be referred to a Non-Participating Provider or Non-Participating Facility. If the Medical Group's assigned Participating Provider determines that the Services are Medically Necessary and are not available from a Participating Provider or Participating Facility and Company determines that the Services are covered Services, Company will authorize your referral to a Non-Participating Provider or Non-Participating Facility for the covered Services. You pay the same Cost Share for authorized referral Services that you would pay if you received the Services from a Participating Provider or at a Participating Facility. You will need written authorization in advance in order for the Services to be covered. If Company authorizes the Services, you will receive a written "Authorization for Outside Medical Care" approved referral to the Non-Participating Provider or Non-Participating Facility, and only the Services and number of visits that are listed on the written referral will be covered, subject to any benefit limitations and exclusions applicable to these Services.

Prior Authorization Review Requirements

When you need Services, you should talk with your Participating Provider about your medical needs or your request for Services. Your Participating Provider provides covered Services that are Medically Necessary. Participating Providers will use their judgment to determine if Services are Medically Necessary. Some Services are subject to approval through Utilization Review, based on Utilization Review criteria developed by Medical Group or another organization utilized by the Medical Group and approved by Company. If you seek a specific Service, you should talk with your Participating Provider. Your Participating Provider will discuss your needs and recommend an appropriate course of treatment.

If you request Services that must be approved through Utilization Review and the Participating Provider believes they are Medically Necessary, the Participating Provider may submit the request for Utilization Review on your behalf.

If the request is denied, we will notify you and the requesting Participating Provider of the decision within two business days of the request. The decision letter will explain the reason for the determination along with instructions for filing an appeal.

If more information is needed to make a decision, we will notify you and the requesting Participating Provider in writing, of the specific additional information needed to make the determination, before the initial decision period ends.

We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.

If we do not receive any of the requested information, we will make a decision based on the information we have, 15 days after the date of the request for additional information.

Approved requests for prior authorization of a treatment, other than a prescription drug, are binding on us for a period ending on the later of the following:

- The reasonable duration of the treatment based on clinical standards; or
- Sixty (60) days after the date that the treatment begins following our approval of the prior authorization request.

You may request a copy of the complete Utilization Review criteria used to make the determination by calling Member Services.

If you disagree with the prior authorization review decision made by Company, you may appeal the decision, by following the course of grievances and appeals as outlined in the "Grievances, Claims, Appeals and External Review" section.

Your Participating Provider will request prior authorization when necessary. The following are examples of Services that require prior authorization:

- Bariatric surgery Services.
- Breast reduction surgery.
- Dental and orthodontic Services for the treatment of craniofacial anomalies.
- Drug formulary exceptions.
- Durable Medical Equipment.
- External Prosthetic Devices and Orthotic Devices.
- Gender Affirming Treatment.
- General anesthesia and associated hospital or ambulatory surgical facility Services provided in conjunction with non-covered dental Services.
- Habilitative Services.
- Hospice and home health Services.
- Inpatient hospital Services.
- Inpatient and residential Substance Use Disorder Services.
- Inpatient, residential, and Assertive Community Treatment (ACT) behavioral health Services.
- Non-emergency medical transportation.
- Open MRI.
- Plastic surgery.
- Referrals for any Non-Participating Facility Services or Non-Participating Provider Services.
- Referrals to Specialists who are not employees of Medical Group.
- Rehabilitative therapy Services.
- Routine foot Services.
- Skilled nursing facility Services.
- Transplant Services.
- Travel and lodging expenses.

For more information about Utilization Review, a copy of the complete Utilization Review criteria developed by Medical Group and approved by Company for a specific condition, or to talk to a Utilization Review staff person, please contact Member Services.

If you ask for Services that the Participating Provider believes are not Medically Necessary and does not submit a request on your behalf, you may ask for a second opinion from another Participating Provider. You should contact the manager in the area where the Participating Provider is located. Member Services can connect you with the correct manager, who will listen to your issues and discuss your options.

You may also choose to submit a request for Services that you have not yet received, as described under "Pre-service Claims and Appeals" in the "Grievances, Claims, Appeals, and External Review" section.

Except in the case of misrepresentation, prior authorization determinations that relate to your membership eligibility are binding on us if obtained no more than five business days before you receive the Service. Prior authorization determinations that relate to whether the Service is Medically Necessary or are covered under the Plan are binding on us if obtained no more than 60 days before you receive the Service. We may revoke or amend an authorization for Services you have not yet received if your membership terminates or your coverage changes or you lose your eligibility.

Participating Providers and Participating Facilities Contracts

Participating Providers and Participating Facilities may be paid in various ways, including salary, per diem rates, case rates, fee-for-service, incentive payments, and capitation payments. Capitation payments are based on a total number of Members (on a per-Member per-month basis), regardless of the amount of Services provided. Company may directly or indirectly make capitation payments to Participating Providers and Participating Facilities only for the professional Services they deliver, and not for Services provided by other physicians, hospitals, or facilities. Call Member Services if you would like to learn more about the ways Participating Providers and Participating Facilities are paid to provide or arrange medical and hospital Services for Members.

Our contracts with Participating Providers and Participating Facilities provide that you are not liable for any amounts we owe. You will be liable for the cost of non-covered Services that you receive from any providers or facilities, including Participating Providers and/or Participating Facilities.

Provider Whose Contract Terminates

You may be eligible to continue receiving covered Services from a Participating Provider for a limited period of time after our contract with the Participating Provider terminates.

This continuity of care provision applies when our contract with a Participating Provider terminates, or when a physician's employment with Medical Group terminates, except when the termination is because of quality of care issues or because the Participating Provider:

- Has retired.
- Has died.
- No longer holds an active license.
- Has moved outside our Service Area.
- Has gone on sabbatical.
- Is prevented from continuing to care for patients because of other circumstances.

If you satisfy all of the following requirements, you may qualify for this continuity of care:

- You are a Member on the date you receive the Services.

- You are undergoing an active course of treatment that is Medically Necessary and you and the Participating Provider agree that it is desirable to maintain continuity of care.
- We would have covered the Services if you had received them from a Participating Provider.
- The provider agrees to adhere to the conditions of the terminated contract between the provider and Company or its designee.

Except for the pregnancy situation described below, this extension will continue until the earlier of the following:

- The day following the completion of the active course of treatment giving rise to your exercising your continuity of care right; or
- The 120th day from the date we notify you about the contract termination.

If you are in the second trimester of pregnancy this extension will continue until the later of the following dates:

- The 45th day after the birth; or
- As long as you continue under an active course of treatment, but no later than the 120th day from the date we notify you about the contract termination.

Receiving Care in Another Kaiser Foundation Health Plan Service Area

You may receive covered Services from another Kaiser Foundation Health Plan, if the Services are provided, prescribed, or directed by that other plan, and if the Services would have been covered under this *EOC*. Covered Services are subject to the terms and conditions of this *EOC*, including prior authorization requirements, the applicable Cost Share shown in the "Benefit Summary," and the exclusions, limitations and reductions described in this *EOC*.

For more information about receiving care in other Kaiser Foundation Health Plan service areas, including availability of Services, and provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at **kp.org/travel**.

Out-of-Area Coverage for Dependents

This limited out-of-area benefit is available to Dependent children who are under the Dependent Limiting Age as shown in the "Benefit Summary" and who are outside any Kaiser Foundation Health Plan service area.

We cover certain Medically Necessary Services that a Dependent child receives from Non-Participating Providers inside the United States (which for the purpose of this benefit means the 50 states, the District of Columbia, and United States territories). These out-of-area benefits are limited to the following Services as otherwise covered under this *EOC*. Any other Services not specifically listed as covered are excluded under this out-of-area benefit.

- Office visits are limited to preventive care, primary care, specialty care, outpatient physical therapy visits, outpatient behavioral health and Substance Use Disorder Services, naturopathic medicine Services, and allergy injections – limited to ten visits combined per Year.
- Laboratory and diagnostic X-rays – limited to ten visits per Year. This benefit does not include special diagnostic procedures such as CT, MRI, or PET scans.
- Prescription drug fills – limited to ten fills per Year.

You pay the Cost Share as shown in the "Benefit Summary" under the "Out-of-Area Coverage for Dependents" section.

This out-of-area benefit cannot be combined with any other benefit, so we will not pay under this "Out-of-Area Coverage for Dependents" section for a Service we are covering under another section of this *EOC*, such as:

- "Receiving Care in Another Kaiser Foundation Health Plan Service Area."
- Services covered in the "Emergency, Post-Stabilization, and Urgent Care" section and under "Your Primary Care Provider" in the "How to Obtain Services" section.
- "Transplant Services."

POST-SERVICE CLAIMS – SERVICES ALREADY RECEIVED

In general, if you have a medical or pharmacy bill from a Non-Participating Provider, Non-Participating Facility, or non-participating pharmacy, our Claims Administration Department will handle the claim. Member Services can assist you with questions about specific claims or about the claim procedures in general.

If you receive Services from a Non-Participating Provider following an authorized referral from a Participating Provider, the Non-Participating Provider will send the bill to Claims Administration directly. You are not required to file a claim.

If you receive Services from a Non-Participating Provider or Non-Participating Facility without an authorized referral, or from a pharmacy that is not a Participating Pharmacy, and you believe Company should cover the Services, you need to send a completed medical claim form and the itemized bill to:

Kaiser Permanente
National Claims Administration - Northwest
PO Box 370050
Denver, CO 80237-9998

You can request a claim form from Member Services or download it from **kp.org**. When you submit the claim, please include a copy of your medical records from the Non-Participating Provider or Non-Participating Facility if you have them.

Company accepts CMS 1500 claim forms for professional Services and UB-04 forms for hospital claims. Even if the provider bills Company directly, you still need to submit the claim form.

You must submit a claim for a Service within 12 months after receiving that Service. If it is not reasonably possible to submit a claim within 12 months, then you must submit a claim as soon as reasonably possible, but in no case more than 15 months after receiving the Service, except in the absence of legal capacity.

We will reach a decision on the claim and pay those covered Charges within 30 calendar days from receipt unless additional information, not related to coordination of benefits, is required to make a decision. If the 30-day period must be extended, you will be notified in writing with an explanation about why. This written notice will explain how long the time period may be extended depending on the requirements of applicable state and federal laws, including ERISA.

You will receive written notification about the claim determination. This notification will provide an explanation for any unpaid amounts. It will also tell you how to appeal the determination if you are not satisfied with the outcome, along with other important disclosures required by state and federal laws.

If you have questions or concerns about a bill from Company, you may contact Member Services for an explanation. If you believe the Charges are not appropriate, Member Services will advise you on how to proceed.

EMERGENCY, POST-STABILIZATION, AND URGENT CARE

Emergency Services

If you have an Emergency Medical Condition, call 911 (where available) or go to the nearest hospital emergency department or Independent Freestanding Emergency Department. You do not need prior authorization for Emergency Services. When you have an Emergency Medical Condition, we cover Emergency Services you receive from Participating Providers, Participating Facilities, Non-Participating Providers, and Non-Participating Facilities anywhere in the world, as long as the Services would have been covered under the "Benefits" section (subject to the "Exclusions and Limitations" section) if you had received them from Participating Providers or Participating Facilities.

You pay the emergency department visit Cost Share shown in the "Benefit Summary" under "Outpatient Services" for all Services received in the emergency department.

If you receive covered inpatient hospital Services, you pay the Cost Share shown in the "Benefit Summary" under "Inpatient Hospital Services," regardless of whether the Services also constitute Emergency Services or Post-Stabilization Care. If you visit an emergency department and are not admitted directly as an inpatient, you pay the emergency department visit Cost Share shown in the "Benefit Summary" under "Outpatient Services" for all Services received in the emergency department.

If you have an Emergency Medical Condition, we cover the Services of an Emergency Medical Service (EMS) Provider and transportation to the nearest medical facility that meets your needs. Emergency transportation may be by air, ground, or water.

Emergency Services are available from Participating Hospital emergency departments 24 hours a day, seven days a week. Contact Member Services or see our *Medical Facility Directory* for locations of these emergency departments.

Post-Stabilization Care

We cover Post-Stabilization Care if one of the following is true:

- A Participating Provider or Participating Facility provides the Services.
- We authorize the Services from the Non-Participating Provider or Non-Participating Facility.
- Services are provided after you are Stabilized and as part of outpatient observation or an inpatient or outpatient stay with respect to the visit during which screening and Stabilization Services have been furnished.

Coverage for Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility is limited to the Allowed Amount. In addition to the applicable Cost Share, you are responsible for paying any amount over the Allowed Amount, and any such payments do not count toward the Deductible or the Out-of-Pocket Maximum. You are not responsible for paying any amount over the Allowed Amount for Post-Stabilization Care from a Non-Participating Provider at a Participating Facility.

To request prior authorization for your receiving Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility, you or someone on your behalf must call us at 503-735-2596, or toll-free at 1-877-813-5993, before you receive the Services if it is reasonably possible to do so, but no later than 24 hours after any admission.

We understand that extraordinary circumstances can delay your ability to call us, for example if you are unconscious or if there is no parent or guardian with a young child. In these cases, you or someone on your behalf must call us as soon as reasonably possible. If you (or someone on your behalf) do not call us by the applicable deadline, we will not cover Post-Stabilization Care that you receive from a Non-Participating Provider or Non-Participating Facility.

After we are notified, we will discuss your condition with the Non-Participating Provider. If we decide that the Post-Stabilization Care is Medically Necessary and would be covered if you received it from a Participating Provider or Participating Facility, we will either authorize the Services from the Non-Participating Provider or Non-Participating Facility, or arrange to have a Participating Provider or Participating Facility provide the Services.

If we decide to arrange to have a Participating Provider or Participating Facility (or other designated provider or facility) provide the Services to you, we may authorize special transportation Services that are medically required to get you to the provider or facility. This may include transportation that is otherwise not covered.

When you receive Emergency Services from Non-Participating Providers, Post Stabilization Care may qualify as Emergency Services pursuant to federal law. We will not require prior authorization for such Post-Stabilization Care when your attending Non-Participating Provider determines that, after you are Stabilized, and taking into account your medical or Behavioral Health Condition, you are not able to travel to an available Participating Provider located within a reasonable travel distance, using non-medical transportation or non-emergency transportation.

Non-Participating Providers may provide notice and seek your consent to provide Post-Stabilization Care Services or other covered Services. Such Services will not be covered if you provide consent and do not obtain prior authorization as described in this section. You will be responsible for paying for the Services.

Urgent Care

Inside Our Service Area

You may receive covered Urgent Care Services from Participating Providers, including Kaiser Permanente Urgent Care. Visit **kp.org/getcare** or call Member Services to find the Kaiser Permanente Urgent Care locations nearest you.

Outside Our Service Area

You may receive covered Urgent Care Services from Participating Providers or Participating Facilities. Visit **kp.org/getcare** or call Member Services to find Urgent Care locations nearest you.

If you are temporarily outside our Service Area, we also cover Urgent Care you receive from a Non-Participating Provider or Non-Participating Facility, if we determine the Services were necessary to prevent serious deterioration of your health and that the Services could not be delayed until you returned to our Service Area.

WHAT YOU PAY

This section contains information to help you understand your health care costs. We also provide a cost estimator tool to assist you in planning for the estimated costs of Services. To access the secure cost estimator tool, log in to your **kp.org** member account and navigate to the cost estimates link on the "Coverage & Costs" tab. If you would like additional information about cost estimates, call Member Services.

Deductible

For each Year, all covered Services are subject to the Deductible and count toward the Deductible, except for certain preventive care Services and other items that are shown as not subject to the Deductible in the "Benefit Summary."

For Services that are subject to the Deductible, you must pay Charges for the Services when you receive them, until you meet your Deductible.

If you are the only Member in your Family, then you must meet the self-only Deductible. If there is at least one other Member in your Family, then you must each meet the individual Family Member Deductible, or

your Family must meet the Family Deductible, whichever occurs first. Each individual Family Member Deductible amount counts toward the Family Deductible amount. Once the Family Deductible is satisfied, no further individual Family Member Deductible will be due for the remainder of the Year. The Deductible amounts are shown in the "Benefit Summary."

After you meet the Deductible, you pay the applicable Copayments and Coinsurance for covered Services for the remainder of the Year until you meet your Out-of-Pocket Maximum (see "Out-of-Pocket Maximum" in this "What You Pay" section).

Increasing the Deductible

If the U.S. Department of Treasury increases the minimum Deductible required in high deductible health Plans, we will increase the Deductible if necessary to meet the new minimum Deductible requirement, and we will notify your Group.

Changes to your Family. When your Family changes during a Year from self-only enrollment to two or more Members (or vice versa), the only Deductible payments that will count in the new Family are those for Services that Members in the new Family received in that Year under this *EOC*. For example:

- If you add Dependents to your Family, the only Deductible payments that will count in the new Family are those for Services that Members in the new Family received in that Year under this *EOC*.
- If all of your Dependents cease to be Members in your Family so that your Family becomes a Family of one Member, only the amounts that had been applied toward the Deductible for Services that you received during the Year will be applied toward the Deductible required for self-only enrollment. You must pay Charges for covered Services you receive on or after the date you become a Family of one Member until you meet the Deductible required for self-only enrollment, even if the Family had previously met the Deductible for a Family of two or more Members.

Copayments and Coinsurance

The Copayment or Coinsurance for each covered Service is shown in the "Benefit Summary." Copayments or Coinsurance are due when you receive the Service. If we must bill you, an accounting fee may be added to offset handling costs.

Out-of-Pocket Maximum

There is a maximum to the total dollar amount of Deductible, Copayments, and Coinsurance that you must pay for covered Services that you receive within the same Year.

If you are the only Member in your Family, then you must meet the self-only Out-of-Pocket Maximum. If there is at least one other Member in your Family, then you must each meet the individual Family Member Out-of-Pocket Maximum, or your Family must meet the Family Out-of-Pocket Maximum, whichever occurs first. Each individual Family Member Out-of-Pocket Maximum amount counts toward the Family Out-of-Pocket Maximum amount. The Out-of-Pocket Maximum amounts are shown in the "Benefit Summary."

All Deductible, Copayments, and Coinsurance count toward the Out-of-Pocket Maximum, unless otherwise indicated. After you reach the Out-of-Pocket Maximum, you are not required to pay Copayments and Coinsurance for these Services for the remainder of the Year. Member Services can provide you with the amount you have paid toward your Out-of-Pocket Maximum.

The following amounts do not count toward the Out-of-Pocket Maximum and you will continue to be responsible for these amounts even after the Out-of-Pocket Maximum is satisfied:

- Payments for Services that are not covered under this *EOC*.
- Payments that you make because you exhausted (used up) your benefit allowance, or because we already covered the benefit maximum amount or the maximum number of days or visits for a Service.

- Payments for Services under the "Adult Vision Hardware and Optical Services Rider," if purchased by your Group.
- Amounts recovered from a liability claim against another party subject to reimbursement under the "Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance" section.

BENEFITS

The Services described in this "Benefits" section are covered only if all the following conditions are satisfied, and will not be retrospectively denied:

- You are a Member on the date you receive the Services.
- A Participating Provider determines that the Services are Medically Necessary.
- The Services are provided, prescribed, authorized, or directed by a Participating Provider except where specifically noted to the contrary in this *EOC*.
- You receive the Services from a Participating Provider, Participating Facility, or from a Participating Skilled Nursing Facility, except where specifically noted to the contrary in this *EOC*.
- You receive prior authorization for the Services, if required under "Prior Authorization Review Requirements" in the "How to Obtain Services" section.

All Services are subject to the coverage requirements described in this "Benefits" section. Some Services are subject to benefit-specific exclusions and/or limitations, which are listed, when applicable, in each benefit section. A broader list of exclusions and limitations that apply to all benefits is provided under the "Exclusions and Limitations" section.

All covered Services are subject to any applicable Cost Share as described in the "What You Pay" section and in the "Benefit Summary."

The benefits under this Plan are not subject to a pre-existing condition waiting period.

Preventive Care Services

We cover a variety of preventive care Services, which are Services to keep you healthy or to prevent illness, and are not intended to diagnose or treat a current or ongoing illness, injury, sign or symptom of a disease, or condition.

Preventive care Services include:

- Services recommended by, and rated A or B by, the U.S. Preventive Services Task Force (USPSTF). You can access the list of preventive care Services at **www.uspreventiveservicestaskforce.org/uspstf/recommendation-topics/uspstf-a-and-b-recommendations**.
- Immunizations recommended by the Advisory Committee on Immunization Practices of the CDC.
- Preventive care and screenings for infants, children, and adolescents supported by the Health Resources and Services Administration (HRSA).
- Preventive care and screenings supported by HRSA. You can access the list of preventive care Services at **www.hrsa.gov/womens-guidelines/**.
- Any additional reproductive health preventive Services for all Members as required by applicable state law.

Services received for a current or ongoing illness, injury, sign or symptom of a disease, or condition during a preventive care examination or procedure may be subject to the applicable Cost Share.

Covered preventive care Services include, but are not limited to:

- Bone densitometry.
- Cervical cancer screening.
- Chlamydia test.
- Cholesterol tests (all types).
- Colorectal cancer screening for Members age 45 or older, or for younger Members who are at high risk, including:
  - Fecal occult blood test yearly plus one flexible sigmoidoscopy every four years, or more frequently as recommended by your Participating Provider.
  - Colonoscopy every ten years, or double contrast barium enema every five years, or more frequently as recommended by your Participating Provider.
  - Follow-up colonoscopy for screening to be achieved following abnormal findings identified by flexible sigmoidoscopy or CT colonography screening.
  - Required specialist consultation prior to the screening procedure.
  - Bowel preparation medications prescribed for the screening procedure.
  - Anesthesia Services performed in connection with the screening procedure.
  - Polyp removal performed during the screening procedure.
  - Any pathology exam on a polyp biopsy performed as part of the screening procedure.
- Contraceptive Services and supplies, including insertion/removal of IUD or implanted birth control drugs and devices.
- Diabetic retinopathy screening.
- Fasting glucose test.
- Healthy diet counseling and counseling for obesity and weight management.
- Immunizations.
- Mammography.
- Prostate screening examinations once every two years for men 50 years of age or older or for younger Members who are at high risk, and more frequently if your Participating Provider recommends it because you are at high risk for prostate cancer or disease.
- Routine preventive physical exam (adult, well-child, and well-baby).
- Screening prostate-specific antigen (PSA) test (not including monitoring or ultrasensitive tests).
- Transabdominal and transcervical sterilization procedures.

When a Participating Provider determines that a recommended Service is medically appropriate for an individual and the individual satisfies the criteria for the Service or treatment, we will provide coverage for the recommended Service regardless of sex assigned at birth, gender identity, or gender of the individual otherwise recorded by us.

If you would like additional information about covered preventive care Services, call Member Services. Information is also available online at **kp.org/prevention**.

Benefits for Outpatient Services

We cover the following outpatient Services for diagnosis, treatment, and preventive medicine upon payment of any applicable Cost Share shown in the "Benefit Summary" in the "Outpatient Services" section. Additional types of outpatient Services are covered as described under other headings in this "Benefits" section.

- Allergy testing and treatment materials.
- Biofeedback.
- Cardiac rehabilitative therapy visits.
- Chemotherapy and radiation therapy Services.
- Child abuse medical assessment including Services provided by an Oregon children's advocacy center that reports to the Child Abuse Multidisciplinary Intervention Program. Services may include, but are not limited to, a physical exam, forensic interview and behavioral health treatment.
- Diagnostic Services and scope insertion procedures, such as colonoscopy, endoscopy, and laparoscopy.
- Drugs, injectables, and radioactive materials used for therapeutic or diagnostic purposes, if they are administered to you in a Participating Medical Office or during home visits, subject to the drug formulary and exclusions described under the "Limited Outpatient Prescription Drugs and Supplies" section.
- Emergency department visits.
- Eye exams, including refraction exams.
- Gender Affirming Treatment.
- Internally implanted devices, including bilateral cochlear implants and bone-anchored hearing aids, except for internally implanted insulin pumps, artificial hearts, and artificial larynx.
- Interrupted pregnancy surgery performed in an outpatient setting.
- Nurse treatment room visits to receive injections, including allergy injections.
- Outpatient surgery and other outpatient procedures.
- Primary care visits for internal medicine, gynecology, family medicine, and pediatrics.
- Respiratory therapy.
- Routine hearing exams.
- Specialty care visits.
- Treatment for temporomandibular joint (TMJ) disorder.
- Urgent Care visits.
- Vasectomy.

Benefits for Inpatient Hospital Services

We cover the following Services when you are admitted as an inpatient in a Participating Hospital. Additional types of inpatient Services are covered as described under other headings in this "Benefits" section.

- Anesthesia.
- Blood, blood products, blood storage, and their administration, including the Services and supplies of a blood bank.
- Chemotherapy and radiation therapy Services.

- Dialysis Services (this benefit is subject to the benefit limitations described under "Dialysis Services" in this "Benefits" section).
- Drugs and radioactive materials used for therapeutic purposes, except for the types of drugs excluded under the "Limited Outpatient Prescription Drugs and Supplies" section.
- Durable Medical Equipment and medical supplies.
- Emergency detoxification.
- Gender Affirming Treatment.
- General and special nursing care Services.
- Internally implanted devices, except for internally implanted insulin pumps, artificial hearts, and artificial larynx.
- Interrupted pregnancy surgery when performed in an inpatient setting.
- Laboratory, X-rays and other imaging, and special diagnostic procedures.
- Medical foods and formulas if Medically Necessary.
- Medical social Services and discharge planning.
- Operating and recovery rooms.
- Orthognathic surgery and supplies for treatment of temporomandibular joint (TMJ) disorder or injury, sleep apnea or congenital anomaly.
- Palliative care.
- Participating Provider's Services, including consultation and treatment by Specialists.
- Prescription drugs, including injections.
- Respiratory therapy.
- Room and board, including a private room if Medically Necessary.
- Specialized care and critical care units.
- Temporomandibular joint (TMJ) surgery for the treatment of TMJ disorders subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.
- Vasectomy.

Ambulance Services

We cover licensed ambulance Services:

- For Emergency Medical Services Transport, or
- If we give prior authorization for an ambulance to transport you to or from a location where you receive covered Services.

Covered Emergency Medical Services Transport includes air, ground and water transportation.

Ambulance Services Exclusions

- Ambulance Services for personal comfort or convenience.

Bariatric Surgery Services

We cover inpatient and outpatient bariatric surgery procedures and related pre-surgery and post-surgery Services for clinically severe obesity in adults, subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

You may request Utilization Review criteria, and a list of the approved surgical procedures we cover when criteria is met, by calling Member Services.

In addition to Utilization Review, you must meet one of the following requirements:

- You fully comply with the Kaiser Permanente Severe Obesity Evaluation and Management Program's contract for participation approved by Company; or,
- You receive the Service at a facility accredited by the Metabolic and Bariatric Surgery Accreditation and Quality Improvement Program (MBSAQIP).

Behavioral Health Services

We cover Services to treat Behavioral Health Conditions as found in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)*, published by the American Psychiatric Association, including Medically Necessary applied behavior analysis (ABA) for autism spectrum disorder, and Medically Necessary treatment for pervasive developmental disorder (PDD).

Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company. You may request the criteria by calling Member Services.

The benefits described in this "Behavioral Health Services" section comply with the Mental Health Parity and Addiction Equity Act.

Outpatient Services

We cover individual office visits, group therapy visits, intensive outpatient visits, partial hospitalization, and Assertive Community Treatment (ACT) Services for behavioral health treatment. ACT Services are designed to provide comprehensive outpatient treatment and support to Members who are diagnosed with a severe mental illness and whose symptoms of mental illness lead to serious dysfunction in daily living.

Inpatient Hospital Services

We cover inpatient hospital Services for behavioral health treatment, including drugs that are prescribed as part of your plan of care and administered to you by medical personnel in the inpatient facility. Prior authorization is not required for Members who are involuntarily committed and subsequently treated in a state hospital.

Residential Services

We cover residential Services in a residential facility, including drugs that are prescribed as part of your plan of care and administered to you by medical personnel in the residential facility.

Psychological Testing

If, in the professional judgment of a Participating Provider you require psychological testing as part of diagnostic evaluation, prescribed tests are covered in accord with this "Behavioral Health Services" section. We do not cover court-ordered testing or testing for ability, aptitude, intelligence, or interest unless Medically Necessary.

Dialysis Services

We cover two types of dialysis: hemodialysis and peritoneal dialysis. You pay the Cost Share shown in the "Benefit Summary" under "Dialysis Services." We cover dialysis Services for acute renal failure and end-stage renal disease subject to Utilization Review criteria developed by Medical Group and approved by Company.

We cover treatment at outpatient dialysis facilities.

We also cover home dialysis. Coverage includes necessary equipment, training, and medical supplies.

If you receive dialysis Services as part of an inpatient hospital stay or at a Participating Skilled Nursing Facility, the Services will be covered according to your inpatient hospital or skilled nursing facility benefit.

External Prosthetic Devices and Orthotic Devices

We cover External Prosthetic Devices and Orthotic Devices, subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company, when the following are true:

- The device is Medically Necessary to restore or maintain your ability to complete activities of daily living or essential job-related activities and is not solely for comfort or convenience.
- The device is required to replace all or part of an organ or extremity designated by CMS in the "L codes" of the Healthcare Common Procedure Coding System.

This coverage includes Services and supplies that are Medically Necessary for the effective use of an External Prosthetic Device or Orthotic Device, including formulating its design, fabrication, material and component selection, measurements, fittings, static and dynamic alignments, patient instruction in the use of the device, and repair and replacement of the Medically Necessary device.

Internally implanted prosthetic and Orthotic Devices, such as pacemakers, intraocular lenses, cochlear implants, osseointegrated hearing devices, and hip joints, are not covered under this "External Prosthetic Devices and Orthotic Devices" benefit, but may be covered if they are implanted during a surgery that we are covering under another section of this "Benefits" section.

Covered External Prosthetic Devices and Orthotic Devices include, but are not limited to:

- Compression garments for burns.
- Diabetic foot care appliances and therapeutic shoes and inserts to prevent and treat diabetes-related complications.
- External prostheses after a Medically Necessary mastectomy, including prostheses when Medically Necessary, and up to four brassieres required to hold a prosthesis every 12 months.
- Fitting and adjustments.
- Halo vests.
- Lymphedema wraps and garments.
- Maxillofacial prosthetic devices: coverage is limited to the least costly clinically appropriate treatment as determined by a Participating Provider. We cover maxillofacial prosthetic devices if they are necessary for restoration and management of head and facial structures that cannot be replaced with living tissue and are defective because of disease, trauma, or birth and developmental deformities when this restoration and management are performed for the purpose of:
    - Controlling or eliminating infection;
    - Controlling or eliminating pain; or
    - Restoring facial configuration or functions such as speech, swallowing, or chewing, but not including cosmetic procedures rendered to improve the normal range of conditions.

- Ocular prosthesis.
- Prosthetic devices for treatment of temporomandibular joint (TMJ) conditions.
- Prosthetic devices required to replace all or part of an organ or extremity, but only if they also replace the function of the organ or extremity. This includes but is not limited to ostomy and urological supplies.
- Rigid and semi-rigid Orthotic Devices required to support or correct a defective body part.
- Tracheotomy equipment.

We periodically update the list of approved External Prosthetic Devices and Orthotic Devices to keep pace with changes in medical technology and clinical practice. To find out if a particular prosthetic or orthotic device is on our approved list for your condition, please call Member Services.

Coverage is limited to the standard External Prosthetic Device or Orthotic Device that adequately meets your medical needs. Our guidelines allow you to obtain non-standard devices (those not on our approved list for your condition) if we determine that the device meets all other coverage requirements, and Medical Group or a designated physician determines that the device is Medically Necessary and that there is no standard alternative that will meet your medical needs.

External Prosthetic Devices and Orthotic Devices Exclusions

- Artificial hearts.
- Artificial larynx.
- Comfort, convenience, or luxury equipment or features.
- Dental appliances and dentures.
- Internally implanted insulin pumps.

Fertility Services

Covered fertility Services include:

- Consultation and evaluation of fertility status.
- Diagnostic imaging and laboratory tests, such as tests to rule out sexually transmitted diseases, hormone level tests, and semen analysis.
- Diagnostic laparoscopy or hysteroscopy.
- Other Medically Necessary diagnostic Services to determine if there is an underlying medical condition that may affect fertility.

Diagnostic Services may include both the individual and their partner; however, Services are covered only for the person who is the Member.

You may have additional coverage if your Group has purchased a "Fertility Treatment Services Rider."

Fertility Services Exclusions

- Fertility preservation.
- Inpatient and outpatient fertility treatment Services.
- Oral and injectable drugs prescribed for fertility treatment.
- Services related to conception by artificial means, such as intrauterine insemination (IUI), in vitro fertilization (IVF), ovum transplants, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), and artificial insemination.
- Services to reverse voluntary, surgically induced infertility.

Habilitative Services

We cover inpatient and outpatient habilitative Services subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company. Coverage includes the range of Medically Necessary Services or health care devices designed to help a person keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who is not walking or talking at the expected age. These Services may include physical, occupational, and speech therapy, and other Services for people with disabilities, and that:

- Takes into account the unique needs of the individual.
- Targets measurable, specific treatment goals appropriate for the person's age, and physical and mental condition.

We cover these habilitative Services at the Cost Share shown in the "Benefit Summary." The "Benefit Summary" also shows a visit maximum for habilitative Services. That visit maximum will be exhausted (used up) for a Year when the number of visits that we covered during the Year under this *EOC*, plus any visits we covered during the Year under any other evidence of coverage with the same group number printed on this *EOC*, add up to the visit maximum. After you reach the visit maximum, we will not cover any more visits for the remainder of the Year. Visit maximums do not apply to habilitative Services to treat Behavioral Health Conditions covered under this *EOC*.

Habilitative Services Exclusions

- Daycare.
- Exercise programs for healthy individuals (unless Medically Necessary within an applied behavior analysis (ABA) treatment plan).
- Housing.
- Recreational activities (unless Medically Necessary within an applied behavior analysis (ABA) treatment plan).
- Respite care.
- Services and devices delivered pursuant to federal Individuals with Disabilities Education Act of 2004 (IDEA) requirements.
- Services solely for palliative purposes.
- Social services.
- Specialized job testing.

Health Education Services

We cover a variety of health education Services to help you take an active role in improving and maintaining your health. These Services include:

- Diabetic counseling.
- Diabetic and other outpatient self-management training and education.
- Medical nutritional therapy for diabetes.
- Post coronary counseling and nutritional counseling.
- Tobacco use cessation. For the purposes of this *EOC*, tobacco use is defined as the use of tobacco on average four or more times per week within no longer than the past six months. This includes all tobacco products, except that tobacco use does not include religious or ceremonial use of tobacco.

If you receive health education Services during a primary care visit, you pay the primary care Cost Share shown in the "Benefit Summary." If you receive health education Services during a specialty care visit, you pay the specialty care Cost Share shown in the "Benefit Summary."

Some Health Education Services may also be covered under the "Preventive Care Services" section.

There are fees for some health education classes. For more information about in-person and online health education programs, see our *Healthy Living* catalog, call Member Services, or visit **kp.org** and select Health & Wellness. To register by phone, call 503-286-6816 or 1-866-301-3866 (toll-free) and select option 1.

Hearing Aids and Other Hearing Devices

We cover Medically Necessary Services for the treatment of hearing loss as described in this "Hearing Aids and Other Hearing Devices" section when prescribed by a Participating Provider and obtained from a Participating Provider. You pay the Cost Share shown in the "Benefit Summary." These Services are limited to Members who are under the Dependent Limiting Age shown in the "Benefit Summary." You may have additional coverage if your Group has purchased a "Hearing Aid Rider."

Hearing Exam

We cover exams to determine the need for hearing correction, diagnostic hearing tests appropriate to the Member's age or developmental need, and aided testing. Medically Necessary diagnostic and treatment exams are covered at least twice per Year for Members who are younger than four years of age, and at least once per Year for Members who are four years of age or older. In addition, we cover visits to determine the appropriate hearing aid or hearing device model, visits to verify that the hearing aid or device conforms to the prescription, and visits for fitting, adjustment, cleaning, inspection, counseling, programming, and reprogramming of the hearing device.

Hearing Aids

We cover one hearing aid per impaired ear for the treatment of hearing loss, as shown in the "Benefit Summary", or more frequently if modifications to an existing hearing aid will not meet the needs of the Member. Coverage includes the cost of repair or replacement parts if they are not covered by a warranty and are necessary for the device to function correctly for the Member. Ear molds and replacement ear molds are covered as Medically Necessary and at least four times per Year for Members who are seven years of age or younger, and at least once per Year for Members eight years of age or older.

A hearing aid is any non-disposable, wearable electronic instrument or device designed to aid or compensate for impaired human hearing and any necessary ear molds, parts, attachments, batteries, components, or accessories necessary to the function of the hearing aid, except cords.

The date we cover a hearing aid is the date on which you are fitted for the device. Therefore, if you are fitted for a device while you are covered under this *EOC*, and if we would otherwise cover the device, we will provide the device even if you do not receive it until after you are no longer covered under this *EOC*.

Other Hearing Devices

Assistive Listening Devices

We cover assistive listening devices and bone conduction sound processors for the treatment of hearing loss, as shown in the "Benefit Summary". Coverage includes the cost of repair or replacement parts if they are not covered by a warranty and are necessary for the device to function correctly for the Member.

An assistive listening device is a device used with or without hearing aids or cochlear implants to provide access to sound or improve the ability of a user with hearing loss to hear in various listening situations, such as being located a distance from a speaker, in an environment with competing background noise, or in a room with poor acoustics or reverberation.

The date we cover an assistive listening device is the date on which you are fitted for the device. Therefore, if you are fitted for a device while you are covered under this *EOC*, and if we would otherwise cover the device, we will provide the device even if you do not receive it until after you are no longer covered under this *EOC*.

Internally Implanted Hearing Devices

We cover cochlear implants and other implantable hearing devices for one or both ears if Medically Necessary for the treatment of hearing loss, including fitting, programming, reprogramming, and repair and replacement parts necessary for the device to function correctly for the Member. Devices such as bone-anchored hearing aids, cochlear implants, and other implantable hearing devices that are internally implanted during a surgical procedure are covered under the benefits for the surgical procedure. Please refer to internally implanted devices in the "Benefits for Outpatient Services" section. Internally implanted hearing devices are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

Hearing Aids and Other Hearing Devices Limitations

- Hearing aids are limited to one of the following digital models from a specified collection of hearing aids: (i) in the ear; (ii) behind the ear; (iii) on the body (Body Aid Model); or (iv) canal/CIC aids.
- Replacement batteries are limited to one box per Year for each hearing aid.

Hearing Aids and Other Hearing Devices Exclusions

- Non-prescription hearing aids or hearing aid components, except as described in this "Hearing Aids and Other Hearing Devices" section.
- Replacement of lost hearing aids and devices.

Home Health Services

Home health Services are Services provided in the home by nurses, medical social workers, home health aides, and physical, occupational, speech, and respiratory therapists. We cover home health Services only if all of the following are true:

- You are substantially confined to your home (or to a place of temporary or permanent residence used as your home) or the care is provided in lieu of Medically Necessary hospitalization.
- A Medical Group physician determines that it is feasible to maintain effective supervision and control of your care in your home and that the Services can be safely and effectively provided in your home.
- You receive prior authorization from Company in accordance with Utilization Review criteria developed by Medical Group and approved by Company.
- Services are provided through a licensed Home Health Agency.

The "Benefit Summary" shows a visit maximum for home health Services. That visit maximum will be exhausted (used up) for a Year when the number of visits that we covered during the Year under this *EOC*, plus any visits we covered during the Year under any other evidence of coverage with the same group number printed on this *EOC*, add up to the visit maximum. After you reach the visit maximum, we will not cover any more visits for the remainder of the Year.

The following types of Services are covered in the home only as described under these headings in this "Benefits" section:

- "Dialysis Services."
- "Outpatient Durable Medical Equipment (DME)."
- "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures."

Home Health Services Exclusions

- "Meals on Wheels" or similar food services.
- Nonmedical, custodial, homemaker or housekeeping type services except by home health aides as ordered in the approved plan of treatment.
- Nutritional guidance.
- Private duty or continuous nursing Services.
- Services designed to maintain optimal health in the absence of symptoms.
- Services not included in an approved plan of treatment.
- Services of a person who normally lives in the home or who is a member of the family.
- Services that an unlicensed family member or other layperson could provide safely and effectively in the home setting after receiving appropriate training. These Services are excluded even if we would cover the Services if they were provided by a qualified medical professional in a hospital or skilled nursing facility.
- Supportive environmental materials such as handrails, ramps, telephones, air conditioners, and similar appliances and devices.

Hospice Services

Hospice is a specialized form of interdisciplinary care designed to provide palliative care to help alleviate your physical, emotional, and spiritual discomfort through the last phases of life due to a terminal illness. It also provides support to your primary caregiver and your family. When you choose hospice, you are choosing to receive palliative (comfort) care for pain and other symptoms associated with the terminal illness, but not to receive care to try to cure the terminal illness. You may change your decision to receive hospice Services at any time. You pay the Cost Share shown in the "Benefit Summary" under "Hospice Services."

We cover hospice Services if all of the following requirements are met:

- A Medical Group physician has diagnosed you with a terminal illness and determines that your life expectancy is six months or less.
- The Services are provided in your home (or a place of temporary or permanent residence used as your home).
- The Services are provided by a licensed hospice agency approved by Kaiser Foundation Hospitals.
- The Services are necessary for the palliation and management of your terminal illness and related conditions.
- The Services meet Utilization Review by Company using criteria developed by Medical Group and approved by Company.

We cover the following hospice Services:

- Counseling and bereavement Services for up to one year.
- Durable Medical Equipment (DME).
- Home health aide Services.
- Medical social Services.
- Medication and medical supplies and appliances.
- Participating Provider Services.
- Rehabilitative therapy Services for purposes of symptom control or to enable you to maintain activities of daily living.

- Services of volunteers.
- Short-term inpatient Services including respite care and care for pain control and acute and chronic symptom management.
- Skilled nursing Services, including assessment, evaluation, and case management of nursing needs, treatment for pain and symptom control, provision of emotional support to you and your family, and instruction to caregivers.

Limited Dental Services

We do not cover dental Services except as described below. Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company. You may request these criteria by calling Member Services.

Covered Dental Services

We cover dental Services only as described below:

- Dental and orthodontic Services for the treatment of craniofacial anomalies if the Services are Medically Necessary to improve or restore function.
- Dental Services necessary for or resulting from medical treatment such as surgery on the jawbone and radiation treatment, limited to (a) emergency dental Services, or (b) extraction of teeth to prepare the jaw for radiation treatments of neoplastic disease.
- Dental Services for Members who are potential transplant recipients and require Medically Necessary pre-transplant dental evaluation and clearance before being placed on the waiting list for a covered transplant. Covered Services are routine dental Services necessary to ensure the oral cavity is clear of infection, and may include oral examination, dental x-rays, prophylaxis (dental cleaning), fluoride treatment, fillings, and dental extractions. In the case of urgent transplantation, we will cover these Services when performed post-transplant.
- General anesthesia and associated hospital or ambulatory surgical facility Services in conjunction with non-covered dental Services when Medically Necessary for Members who:
    - have a medical condition that your Participating Provider determines would place you at undue risk if the dental procedure were performed in a dental office; or
    - are physically or developmentally disabled.

Covered Services may be provided by a licensed dentist or other person who is regulated under state law to practice dental or dental-related Services or otherwise practicing dental care Services consistent with state law, including an expanded practice dental hygienist, denturist, dental therapist, or pediatric dental assistant. You pay the Cost Share you would pay if the Services were not related to a covered dental Service.

Limited Dental Services Exclusions

The following dental Services are not covered, except where specifically noted to the contrary in this *EOC*:

- Dental appliances and dentures.
- Dental implants.
- Extraction of teeth, except as described above in the "Covered Dental Services" section.
- Hospital Services for dental care, except as described above in the "Covered Dental Services" section.
- Orthodontics, except as described above in the "Covered Dental Services" section.
- Routine or preventive dental Services.

- Services to correct malocclusion.

Limited Outpatient Prescription Drugs and Supplies

We cover limited outpatient prescription drugs and supplies as described in this "Limited Outpatient Prescription Drugs and Supplies" section. You may have additional coverage if your Group has purchased an "Outpatient Prescription Drug Rider."

Covered drugs or supplies must be prescribed by a Participating Provider or any licensed dentist in accordance with our drug formulary guidelines.

You must obtain drugs or supplies at a Participating Pharmacy (including our Mail-Order Pharmacy). You may obtain a first fill of a drug or supply at any Participating Pharmacy. All refills must be obtained through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy), or at another Participating Pharmacy that we designate for covered refills. See your *Medical Facility Directory*, visit **kp.org/directory/nw**, or contact Member Services.

Covered Drugs and Supplies

Items covered under this "Limited Outpatient Prescription Drugs and Supplies" benefit include:

- Certain preventive medications (including, but not limited to, aspirin, fluoride, folic acid supplements, liquid iron for infants, and tobacco use cessation drugs) according to, and as recommended by, the USPSTF, when obtained with a prescription order.
- Certain self-administered IV drugs, fluids, additives, and nutrients that require specific types of parenteral-infusion (such as IV or intraspinal-infusion) for up to a 30-day supply, including the supplies and equipment required for their administration.
- Contraceptive drugs and devices approved by the U.S. Food and Drug Administration (FDA), including injectable contraceptives and internally implanted time-release contraceptive drugs, emergency contraceptives, and contraceptive devices such as intrauterine devices, diaphragms, and cervical caps. Over-the-counter contraceptive drugs, devices, and products approved by the FDA do not require a prescription in order to be covered. You may receive a three-month supply for a first dispensing of a contraceptive drug and a 12-month supply of a subsequent dispensing of the same contraceptive drug, unless you request a smaller supply. You pay the Cost Share as shown in the "Benefit Summary."
- Drugs, injectables, and radioactive materials used for therapeutic or diagnostic purposes, if they are administered to you in a Participating Medical Office or during home visits. We cover these items upon payment of the administered medications Cost Share shown under "Outpatient Services" in the "Benefit Summary."
- Glucagon emergency kits, insulin, ketone test strips for urine-testing, blood glucose test strips, and disposable needles and syringes when prescribed for the treatment of diabetes. We cover additional diabetic equipment and supplies, including lancets and injection aids, under the "Outpatient Durable Medical Equipment (DME)" section and the "External Prosthetic Devices and Orthotic Devices" section.
- Self-administered chemotherapy medications used for the treatment of cancer.

These limited drugs and supplies are available to you even if your Group has not purchased additional drug coverage. If your Group has purchased additional drug coverage, the limited drugs and supplies listed in this "Limited Outpatient Prescription Drugs and Supplies" section are not covered under it.

Day Supply Limit

The prescribing provider determines how much of a drug or supply to prescribe. For purposes of day supply coverage limits, the prescribing provider determines the amount of a drug or supply that constitutes a Medically Necessary 30-day (or any other number of days) supply for you. When you pay the applicable Cost

Share shown in the "Benefit Summary," you will receive the prescribed supply up to the day supply limit. If you wish to receive more than the covered day supply limit, then you must pay Charges for any prescribed quantity that exceeds the day supply limit.

You may receive a three-month supply for a first dispensing of a contraceptive drug and a 12-month supply of a subsequent dispensing of the same contraceptive drug, unless you request a smaller supply.

How to Get Covered Drugs or Supplies

Participating Pharmacies are located in many Participating Facilities. To find a Participating Pharmacy please see your *Medical Facility Directory*, visit **kp.org/directory/nw**, or contact Member Services.

Participating Pharmacies include our Mail-Order Pharmacy. This pharmacy offers postage-paid delivery to residents of Oregon and Washington. Some drugs and supplies are not available through our Mail-Order Pharmacy, for example drugs that require special handling or refrigeration, or are high cost. Drugs and supplies available through our Mail-Order Pharmacy are subject to change at any time without notice.

If you would like to use our Mail-Order Pharmacy, call 1-800-548-9809 or order online at **kp.org/refill**.

About Our Drug Formulary

Our drug formulary is a list of drugs that our Regional Formulary and Therapeutics Committee has reviewed and approved for our Members and includes drugs covered under this *EOC*. Drugs on the formulary have been approved by the FDA.

Our Regional Formulary and Therapeutics Committee is made up of Participating Physicians, other Participating Providers, and administrative staff. The committee chooses drugs for the formulary based on several factors, including safety and effectiveness as determined from a review of the scientific literature. They may not approve a drug if there is not enough scientific evidence that it is clinically effective. They may also exclude a drug if it does not have a clinical or cost advantage over comparable formulary drugs.

The Regional Formulary and Therapeutics Committee meets to review new drugs and reconsider drugs currently on the market. After this review, they may add drugs to the formulary or remove drugs from it. If a drug is removed from the formulary, you will need to switch to another comparable drug that is on the drug formulary, unless your old drug meets exception criteria. Refer to the "Drug Formulary Exception Process" in this "Limited Outpatient Prescription Drugs and Supplies" section for more information.

If a formulary change affects a prescription drug you are taking, we encourage you to discuss any questions or concerns with your Participating Provider or another member of your health care team.

To see if a drug or supply is on our drug formulary, go online to **kp.org/formulary**. You may also call our Formulary Application Services Team (FAST) at 503-261-7900. If you would like a copy of our drug formulary or additional information about the formulary process, please call Member Services. The presence of a drug on our drug formulary does not necessarily mean that your Participating Provider will prescribe it for a particular medical condition.

Drug Formulary Exception Process

Our drug formulary guidelines include an exception process that is available when a Participating Provider or any licensed dentist prescribes a drug or supply that our drug formulary does not list for your condition, if the law requires the item to bear the legend "Rx only." The exception process is not available for drugs and supplies that the law does not require to bear this legend, or for any drug or supply prescribed by someone other than a Participating Provider or any licensed dentist.

A Participating Provider or any licensed dentist may request an exception if they determine that the non-formulary drug or supply is Medically Necessary. We will make a coverage determination within 72 hours of

receipt for standard requests and within 24 hours of receipt for expedited requests. We will approve the exception if all of the following requirements are met:

- We determine that the drug or supply meets all other coverage requirements except for the fact that our drug formulary does not list it for your condition.
- Medical Group or a designated physician makes the following determinations:
  - The drug or supply is Medically Necessary because you are allergic to, or intolerant of, or have experienced treatment failure with, any alternative drugs or supplies that our drug formulary lists for your condition.
  - Your condition meets any additional requirements that the Regional Formulary and Therapeutics Committee has approved for the drug or supply. For this drug or supply, the Participating Pharmacy can provide a copy of the additional criteria upon request. In some cases, there may be a short delay in filling your prescription while your information is being reviewed.

If we approve an exception through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the "Benefit Summary."

If we do not approve the formulary exception request, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under "External Review" in the "Grievances, Claims, Appeals, and External Review" section.

Limited Outpatient Prescription Drugs and Supplies Exclusions

- Any packaging, such as blister or bubble repacking, other than the dispensing pharmacy's standard packaging.
- Drugs prescribed for an indication if the FDA has determined that use of the drug for that indication is contraindicated.
- Drugs prescribed for an indication if the FDA has not approved the drug for that indication, except that this exclusion does not apply if the Oregon Health Evidence Review Commission or our Regional Formulary and Therapeutics Committee determines that the drug is recognized as effective for that use (i) in one of the standard reference compendia, or (ii) in the majority of relevant peer-reviewed medical literature, or (iii) by the Secretary of the U.S. Department of Health and Human Services.
- Drugs and supplies that are available without a prescription, even if the non-prescription item is in a different form or different strength (or both), except that this exclusion does not apply to non-prescription drugs or supplies described in the "Covered Drugs and Supplies" section.
- Drugs, biological products, and devices that the FDA has not approved.
- Drugs used to enhance athletic performance.
- Extemporaneously compounded drugs, unless the formulation is approved by our Regional Formulary and Therapeutics Committee.
- Injectable drugs that are self-administered (except insulin).
- Mail-order drugs for anyone who is not a resident of Oregon or Washington.
- Nutritional supplements.
- Replacement of drugs and supplies due to loss, damage, or carelessness. This exclusion does not apply to drugs used to treat Substance Use Disorder.
- The following are excluded, but you may have coverage for them if your Group purchased an "Outpatient Prescription Drug Rider":

- Prescription drugs and supplies that are dispensed on an outpatient basis, except those listed under "Covered Drugs and Supplies" of this "Limited Outpatient Prescription Drugs and Supplies" section.
- Drugs prescribed for fertility treatment.
- Drugs and supplies to treat sexual dysfunction are excluded except for drugs that are FDA-approved to treat behavioral health symptoms of sexual dysfunction.
- Drugs used in weight management.

Maternity and Newborn Care

We cover the following maternity and newborn care Services:

- Prenatal care visits and postpartum visits.
- Maternal diabetes management, including medication and supplies (Medically Necessary Services beginning with conception and ending through six weeks postpartum).
- Maternity hospital care for mother and baby, including Services for complications of pregnancy.
- Obstetrical care and delivery (including cesarean section).
- Newborn medical Services following birth and initial physical exam.
- Newborn nurse home visiting Services for Dependent children up to six months of age, if available in your area.
- Newborn PKU test.

We will not limit the length of a maternity hospital stay for a mother and baby to less than 48 hours for vaginal delivery and 96 hours for a cesarean section delivery. The length of inpatient stay is determined by an attending Participating Provider, in consultation with the mother. Our policy complies with the federal Newborns' and Mothers' Health Protection Act of 1996 (NMHPA).

Newborns are covered from the moment of birth for the first 31 days of life and are subject to their own Cost Share. In order for coverage to continue beyond this 31-day period, you must follow the rules for adding Dependents as described under "Adding New Dependents to an Existing Account" in the "When You Can Enroll and When Coverage Begins" section.

Certain maternity Services, such as screening for gestational diabetes and breastfeeding equipment, supplies, counseling, and support, are covered under the "Preventive Care Services" section. Outpatient Services for laboratory, X-ray, imaging, and special diagnostic procedures are covered under the "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures" section.

Maternity and Newborn Care Exclusions

- Birthing center Services.
- Home birth Services.

Medical Foods and Formula

We cover the following Medically Necessary medical foods and formula subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company:

- Elemental formula for the treatment of eosinophilic gastrointestinal associated disorder.
- Enteral formula for home treatment of severe intestinal malabsorption when the formula comprises the sole or essential source of nutrition.
- Medical foods and formula necessary for the treatment of phenylketonuria (PKU), specified inborn errors of metabolism, or other metabolic disorders.

Naturopathic Medicine

We cover outpatient visits for naturopathic medicine Services when provided by a Participating Provider in the Participating Provider's office. You do not need a referral or prior authorization.

Naturopathic medicine is a natural approach to health and healing which emphasizes a holistic approach to the diagnosis, treatment and prevention of illness. Naturopathic physicians diagnose and treat patients by using natural modalities such as clinical nutrition, herbal medicine, and homeopathy.

Covered Services include:

- Evaluation and management.
- Health condition related treatments.
- Physical therapy modalities such as hot and cold packs.

To locate a Participating Provider, visit **www.chpgroup.com**. The CHP Group is a Participating Provider we contract with to provide naturopathic medicine Services. If you need assistance searching for a Participating Provider, or to verify the current participation status of a provider, or if you do not have access to the online directory, please contact Member Services.

Outpatient Durable Medical Equipment (DME)

We cover outpatient Durable Medical Equipment (DME) subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

DME must be for use in your home (or a place of temporary or permanent residence used as your home).

When you receive DME in a home health setting in lieu of hospitalization, DME is covered at the same level as if it were received in an inpatient hospital care setting.

We decide whether to rent or purchase the DME, and we select the vendor. We also decide whether to repair, adjust, or replace the DME item when necessary.

Covered DME includes, but is not limited to:

- Bilirubin lights.
- CADD (continuous ambulatory drug delivery) pumps.
- Diabetic equipment and supplies including external insulin pumps, infusion devices, blood glucose monitors, continuous glucose monitors, lancets, and injection aids.
- Enteral pumps and supplies.
- Home ultraviolet light therapy equipment for treatment of certain skin conditions such as cutaneous lymphoma, eczema, psoriasis, and scleroderma.
- Osteogenic bone stimulators.
- Osteogenic spine stimulators.
- Oxygen and oxygen supplies.
- Peak flow meters.
- Ventilators.
- Wheelchairs.
- Wigs following chemotherapy or radiation therapy, limited to one synthetic wig per Year.

We periodically update the list of approved DME items to keep pace with changes in medical technology and clinical practice. To find out if a particular DME item is on our approved list for your condition, please call Member Services.

Coverage is limited to the standard DME item that adequately meets your medical needs. Our guidelines allow you to obtain non-standard DME items (those not on our approved list for your condition) if we determine that the item meets all other coverage requirements, and Medical Group or a designated physician determines that the item is Medically Necessary and that there is no standard alternative that will meet your medical needs.

Outpatient Durable Medical Equipment (DME) Exclusions

- Comfort, convenience, or luxury equipment or features.
- Devices for testing blood or other body substances unless specifically listed as covered in this "Outpatient Durable Medical Equipment (DME)" section.
- Exercise or hygiene equipment.
- Modifications to your home or car.
- More than one corrective appliance or artificial aid or item of DME, serving the same function or the same part of the body, except for necessary repairs, adjustments and replacements as specified under this "Outpatient Durable Medical Equipment (DME)" section.
- Non-medical items, such as sauna baths or elevators.
- Repair or replacement of DME items due to loss or misuse.
- Spare or duplicate use DME.

Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures

We cover outpatient Services for laboratory, X-ray, imaging, and special diagnostic procedures. Some Services, such as preventive screenings and routine mammograms, are not covered under this "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures" benefit but may be covered under the "Preventive Care Services" section.

Laboratory, X-ray, and Imaging

We cover outpatient laboratory, X-ray, and imaging Services. Covered outpatient laboratory, X-ray, and imaging Services include, but are not limited to:

- Bone densitometry.
- Cardiovascular testing.
- Cultures.
- Diagnostic and supplemental breast imaging, including diagnostic mammography, breast MRI, or breast ultrasound that is used to:
    - Evaluate an abnormality.
    - Screen for breast cancer when there is no abnormality seen or suspected, and is based on personal or family medical history, or additional factors that may increase the individual's risk of breast cancer.
- Glucose tolerance.
- X-ray.
- Ultrasound imaging.
- Urinalysis.

Special Diagnostic Procedures

Special diagnostic procedures may or may not involve radiology or imaging technology. Some special diagnostic Services may be subject to a higher Cost Share, as shown in the "Benefit Summary." Covered special diagnostic procedures include, but are not limited to:

- CT scans.
- MRI.
- Nerve conduction studies.
- PET scans.
- Pulmonary function studies.
- Sleep studies.

You must receive prior authorization by Company for MRI, CT scans, PET scans, and bone density/DXA scans. (See "Prior Authorization Review Requirements" in the "How to Obtain Services" section.)

Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures Limitations

Covered genetic testing Services are limited to preconception and prenatal testing for detection of congenital and heritable disorders, and testing for the prediction of high-risk occurrence or reoccurrence of disease when Medically Necessary. These Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

Reconstructive Surgery Services

We cover inpatient and outpatient reconstructive surgery Services as indicated below, when prescribed by a Participating Provider. Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

- To correct disfigurement resulting from an injury or from Medically Necessary surgery.
- To correct a congenital defect, disease, or anomaly in order to produce improvement in physical function.
- To treat congenital hemangioma known as port wine stains on the face.

With respect to maxillofacial prosthetic services, coverage is limited to the least costly clinically appropriate treatment as determined by a Participating Provider. We cover maxillofacial prosthetic Services if they are necessary for restoration and management of head and facial structures that cannot be replaced with living tissue and are defective because of disease, trauma, or birth and developmental deformities when this restoration and management are performed for the purpose of any of the following:

- Controlling or eliminating infection.
- Controlling or eliminating pain.
- Restoring facial configuration or functions such as speech, swallowing, or chewing, but not including cosmetic procedures rendered to improve the normal range of conditions.

Members who have undergone mastectomy are entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). "Mastectomy" means the surgical removal of breast tissue and breast lumps due to malignancy or suspected malignancy. We cover:

- All stages of reconstruction of the breast on which a mastectomy was performed, including but not limited to nipple reconstruction, skin grafts, and stippling of the nipple and areola.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Mastectomy-related prostheses.

- Treatment of physical complications of the mastectomy, including lymphedemas.
- Inpatient care related to the mastectomy and post-mastectomy Services.

Mastectomy-related prosthetics and Orthotic Devices are covered under and subject to the "External Prosthetic Devices and Orthotic Devices" section.

Rehabilitative Therapy Services

We cover inpatient and outpatient physical, occupational, and speech therapy Services, when prescribed by a Participating Provider, subject to the benefit descriptions and limitations contained in this "Rehabilitative Therapy Services" section. These Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

Outpatient Rehabilitative Therapy Services

We cover outpatient rehabilitative therapy Services for the treatment of conditions which, in the judgment of the Participating Provider, will show sustainable, objective, measurable improvement as a result of the prescribed therapy. Prescribed outpatient therapy Services must receive prior authorization as described under "Prior Authorization Review Requirements" in the "How to Obtain Services" section.

The "Benefit Summary" shows a visit maximum for outpatient rehabilitative therapy Services. That visit maximum will be exhausted (used up) for the Year when the number of visits that we covered during the Year under this *EOC*, plus any visits we covered during the Year under any other evidence of coverage with the same group number printed on this *EOC*, add up to the visit maximum. After you reach the visit maximum, we will not cover any more visits for the remainder of the Year. This limitation does not apply to inpatient hospital Services or to outpatient rehabilitative therapy Services to treat Behavioral Health Conditions covered under this *EOC*.

Outpatient Rehabilitative Therapy Services Limitations

- Physical therapy Services and occupational therapy Services are covered as Medically Necessary to restore or improve functional abilities when physical and/or sensory perceptual impairment exists due to injury, illness, stroke, or surgery.
- Speech therapy Services are covered as Medically Necessary for speech impairments of specific organic origin such as cleft palate, or when speech, language, or the swallowing function is lost due to injury, illness, stroke, or surgery.

Inpatient Rehabilitative Therapy Services

We cover inpatient rehabilitative therapy Services for the treatment of conditions which, in the judgment of a Participating Provider, will show sustainable, objective, measurable improvement as a result of the prescribed therapy. Prescribed inpatient therapy Services must receive prior authorization as described under "Prior Authorization Review Requirements" in the "How to Obtain Services" section.

Rehabilitative Therapy Services Exclusions

- Services designed to maintain optimal health in the absence of symptoms.

Services Provided in Connection with Clinical Trials

We cover routine costs of Medically Necessary conventional Services you receive in connection with a clinical trial if all of the following conditions are met:

- We would have covered the Services if they were not related to a clinical trial.

- You are eligible to participate in the clinical trial according to the trial protocol, as determined in one of the following ways:
  - A Participating Provider makes this determination.
  - You provide us with medical and scientific information establishing this determination.
  - If any Participating Providers participate in the clinical trial and will accept you as a participant in the clinical trial, you must participate in the clinical trial through a Participating Provider unless the clinical trial is outside the state where you live.
- The clinical trial is a phase I, phase II, phase III, or phase IV clinical trial, and it meets one of the following requirements:
  - The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration (FDA).
  - The study or investigation is a drug trial that is exempt from having an investigational new drug application.
  - The study or investigation is approved or funded by at least one of the following:
    - The National Institutes of Health.
    - The Centers for Disease Control and Prevention.
    - The Agency for Health Care Research and Quality.
    - The Centers for Medicare & Medicaid Services.
    - A cooperative group or center of any of the above entities or of the Department of Defense or the Department of Veterans Affairs.
    - A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
    - The Department of Veterans Affairs or the Department of Defense or the Department of Energy, but only if the study or investigation has been reviewed and approved through a system of peer review that the U.S. Secretary of Health and Human Services determines meets all of the following requirements:
      - It is comparable to the National Institutes of Health system of peer review of studies and investigations.
      - It assures unbiased review of the highest scientific standards by qualified people who have no interest in the outcome of the review.

For covered Services related to a clinical trial, you will pay the Cost Share you would pay if the Services were not related to a clinical trial. For example, see "Inpatient Hospital Services" in the "Benefit Summary" for the Cost Share that applies to hospital inpatient care.

Services Provided in Connection with Clinical Trials Exclusions

- The investigational Service.
- Services provided solely for data collection and analysis and that are not used in your direct clinical management.
- Services required solely for the clinically appropriate monitoring of the Service being tested in the clinical trial.
- Services customarily provided by a clinical trial sponsor free of charge to any participant in the clinical trial.

- Services that would not be covered outside of the clinical trial.

Skilled Nursing Facility Services

We cover skilled inpatient Services in a licensed Participating Skilled Nursing Facility, including drugs that are prescribed as part of your plan of care and administered to you by medical personnel in the facility. The skilled inpatient Services must be those customarily provided by Participating Skilled Nursing Facilities. These Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

When your benefit has a day maximum, the "Benefit Summary" shows a day maximum for skilled nursing facility Services. That day maximum will be exhausted (used up) for a Year when the number of days that we covered during the Year under this *EOC*, plus any days we covered during the Year under any other evidence of coverage with the same group number printed on this *EOC*, add up to the day maximum. After you reach the day maximum, we will not cover any more days for the remainder of the Year.

We cover the following:

- Blood, blood products, blood storage, and their administration, including the Services and supplies of a blood bank.
- Dialysis Services.
- DME Services.
- Habilitative Services.
- Medical and biological supplies.
- Medical social Services.
- Nursing Services.
- Rehabilitative therapy Services.
- Room and board.

Substance Use Disorder Services

We cover Substance Use Disorder Services as found in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)*, published by the American Psychiatric Association, including medical treatment for withdrawal symptoms. Emergency detoxification for medical conditions associated with acute alcohol, drug, or other substance abuse is covered without prior authorization.

Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company. You may request the criteria by calling Member Services.

The benefits described in this "Substance Use Disorder Services" section comply with the Mental Health Parity and Addiction Equity Act.

Outpatient Services for Substance Use Disorder

Covered Services include:

- Individual office visits.
- Group therapy visits.
- Court-ordered screening interviews or treatment programs for a Member convicted of driving under the influence of intoxicants (DUII).

Inpatient Hospital Services for Substance Use Disorder

We cover inpatient hospital Services for Substance Use Disorder, including drugs that are prescribed as part of your plan of care and administered to you by medical personnel in the inpatient facility.

Residential Services

We cover residential Services in a residential program, including drugs that are prescribed as part of your plan of care and administered to you by medical personnel in the residential facility.

Day Treatment Services

We cover day treatment Services in a day treatment program.

Telemedicine Services

Telemedicine is a means of delivering health care Services using information and telecommunication technologies to provide consultation and education, or to facilitate diagnosis, treatment, care management or self-management of your health care.

We cover telemedicine Services at the applicable "Telemedicine Services" Cost Share shown in your "Benefit Summary" if:

- The Service is otherwise covered under this EOC if received in person;
- The Service is Medically Necessary;
- The Service is determined to be safely and effectively provided using telemedicine, according to generally accepted health care practices and standards; and
- The application and technology used to provide the Service meets all standards required by state and federal laws governing the privacy and security of protected health information.

During a state of emergency, we will cover telemedicine provided to Members residing in the geographic area specified in the declaration of the state of emergency, if the telemedicine Service is delivered using any commonly available technology, regardless of whether the technology meets all standards required by state and federal laws governing the privacy and security of protected health information.

Covered telemedicine applications and technologies may include:

- Landlines, wireless communications, internet and telephone networks; and
- Synchronous or asynchronous transmission using audio only, video only, audio and video and transmission of data from remote monitoring devices.

You may choose to receive a covered health Service in person or via telemedicine. You are not required to have an established patient-provider relationship with a Participating Provider to receive telemedicine Services from the provider.

Telephone and Video Visits

We cover scheduled telephone visits and video visits.

If you have a minor condition that does not require an in-person medical exam, you have the option to schedule a telephone visit. If you prefer to meet face-to-face with a provider online by computer, smartphone or tablet, you may set up a video visit just as you would with an in-person appointment.

Telephone visits and video visits are appropriate for routine care such as medication management and test results; and urgent care such as cough, cold, flu, bug bite, fever, earache, minor sprain, urinary tract infection, wounds or burns. Video visits are also appropriate for specialty care such as post-op follow-up, behavioral health appointments, dermatology and speech therapy.

To schedule a telephone visit or video visit, sign on to **kp.org** or the Kaiser Permanente app, then select "Appointments" or call Member Services.

E-Visits

We cover e-visits for common conditions such as cough/cold, nausea/vomiting, pink eye, urinary tract infection, sore throat, sinus problems, constipation or diarrhea. To access an e-visit, log in to your **kp.org** member account on your desktop, laptop, or tablet and fill out a questionnaire about your symptoms. A nurse will get back to you with a care plan, usually within six hours. If needed, a prescription may be sent to your pharmacy. E-visits may include secure chat instant messaging.

To learn more about telephone, video and e-visits, including a short instructional video and troubleshooting tips, visit **kp.org/telehealth/northwest**.

Transplant Services

We cover inpatient and outpatient Services for the transplants listed in this "Transplant Services" section. These Services are covered only when received from Participating Providers and Participating Facilities, and only at National Transplant Network facilities we designate. Services are subject to Utilization Review criteria developed by Medical Group and approved by Company.

You pay the applicable Cost Share you would pay if the Services were not related to a transplant. Inpatient Services associated with a covered transplant are covered at the "Inpatient Hospital Services" Cost Share shown on your "Benefit Summary." Outpatient Services associated with a covered transplant are covered at the applicable Cost Share shown on your "Benefit Summary" for the corresponding benefit, for example, "Outpatient Services," "Outpatient Durable Medical Equipment," and "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures."

A National Transplant Network facility is a transplant facility that meets all of the following requirements:

- It is licensed in the state where it operates.
- It is certified by Medicare as a transplant facility for the specific transplant.
- It is designated by Company as a transplant facility for the specific transplant.
- It is able to meet reasonable access standards for organ transplants based on Regional Organ Procurement Agency statistics for the facility location (a Regional Organ Procurement Agency is the geographic area designated by a state-licensed organ procurement organization for transplants in the state of Oregon).

We cover only the following transplants at National Transplant Network facilities:

- Bone marrow.
- Cornea.
- Heart.
- Heart-lung.
- Kidney.
- Liver.
- Lung.
- Pancreas.
- Pancreas after kidney.
- Simultaneous kidney-pancreas.
- Small bowel.

- Small bowel/liver.
- Stem cell.

Transplant Services Limitations

After the referral to a transplant facility, the following apply:

- If either Medical Group or the referral facility determines that you do not satisfy its respective criteria for a transplant, we will only cover Services you receive before that determination is made.
- Company, Participating Hospitals, Medical Group, and Participating Providers are not responsible for finding, furnishing, or ensuring the availability of an organ, tissue, or bone marrow donor.
- We provide or pay for certain donation-related Services for a donor, or an individual identified by Medical Group as a potential donor, even if the donor is not a Member. These Services must be directly related to a covered transplant for you. Our criteria for coverage of Services for living transplant donors are available by calling Member Services.
- If we refer you for or preauthorize transplant Services at a distant location (farther away than the normal community patterns of care) and you choose to obtain your transplant at this distant location, we cover appropriate travel and lodging expenses for you and a caregiver. Your transplant coordinator can provide information about covered expenses.

Transplant Services Exclusions

- Non-human and artificial organs and tissues, and their implantation.

EXCLUSIONS AND LIMITATIONS

The Services listed in this "Exclusions and Limitations" section are either completely excluded from coverage or partially limited under this *EOC*. These exclusions and limitations apply to all Services that would otherwise be covered under this *EOC* and are in addition to the exclusions and limitations that apply only to a particular Service as listed in the description of that Service in this *EOC*.

Acupuncture. Services for acupuncture are excluded unless your employer Group has purchased an "Alternative Care Services Rider" that includes coverage for self-referred acupuncture Services.

Certain Exams and Services. Physical examinations and other Services are excluded when: (a) required for obtaining or maintaining employment or participation in employee programs, (b) required for insurance or governmental licensing, or (c) court ordered or required for parole or probation. This exclusion does not apply to Medically Necessary court-ordered Services that are covered under "Substance Use Disorder Services" or "Behavioral Health Services" in the "Benefits" section.

Chiropractic Services. Chiropractic and related Services are excluded, unless your employer Group has purchased an "Alternative Care Services Rider" that includes coverage for self-referred chiropractic Services.

Cosmetic Services. Services that are intended primarily to change or maintain your appearance and will not result in significant improvement of the condition being treated. This exclusion does not apply to Medically Necessary Services that are covered under "Reconstructive Surgery Services" in the "Benefits" section, Gender Affirming Treatment, or any other Services that are Medically Necessary.

Custodial Care. Assistance with activities of daily living (such as walking, getting in and out of a bed or chair, bathing, dressing, eating, using the toilet, and taking medicine) or personal care that can be performed safely and effectively by persons who, in order to provide the care, do not require licensure, certification, or the presence of a supervising licensed nurse.

Dental Services. This exclusion does not apply to Services that are covered under "Limited Dental Services" in the "Benefits" section.

Designated Blood Donations. Collection, processing, and storage of blood donated by donors whom you designate, and procurement and storage of cord blood is covered only when Medically Necessary for the imminent use at the time of collection for a designated recipient.

Employer Responsibility. We do not reimburse the employer for any Services that the law requires an employer to provide. When we cover any of these Services we may recover the Charges for the Services from the employer.

Experimental or Investigational Services. Services are excluded if any of the following is true about the Service:

- They cannot be legally marketed in the United States without the approval of the U.S. Food and Drug Administration (FDA), and the FDA has not granted this approval.
- They are the subject of a current new drug or new device application on file with the FDA.
- They are provided as part of a Phase I, Phase II, or Phase IV clinical trial, as the experimental or research arm of a Phase III clinical trial, or in any other manner that is intended to evaluate the safety, toxicity, or efficacy of the Services.
- They are provided pursuant to a written protocol or other document that lists an evaluation of the Services' safety, toxicity, or efficacy as among its objectives.
- They are subject to the approval or review of an Institutional Review Board (IRB) or other body that approves or reviews research concerning the safety, toxicity, or efficacy of Services.
- They are provided pursuant to informed consent documents that describe the Services as experimental or investigational, or in other terms that indicate that the Services are being evaluated for their safety, toxicity, or efficacy.
- The prevailing opinion among experts as expressed in the published authoritative medical or scientific literature is that:
    - Use of the Services should be substantially confined to research settings, or
    - Further research is necessary to determine the safety, toxicity, or efficacy of the Services.

In making determinations whether a Service is experimental or investigational, the following sources of information will be relied upon exclusively:

- Your medical records.
- The written protocols and other documents pursuant to which the Service has been or will be provided.
- Any consent documents you or your representative has executed or will be asked to execute, to receive the Service.
- The files and records of the IRB or similar body that approves or reviews research at the institution where the Service has been or will be provided, and other information concerning the authority or actions of the IRB or similar body.
- The published authoritative medical or scientific literature about the Service, as applied to your illness or injury.
- Regulations, records, applications, and any other documents or actions issued by, filed with, or taken by, the FDA or other agencies within the United States Department of Health and Human Services, or any state agency performing similar functions.

We consult Medical Group and then use the criteria described above to decide if a particular Service is experimental or investigational.

This exclusion does not apply to Services that we cover under "Services Provided in Connection with Clinical Trials" in the "Benefits" section of this *EOC*.

Eye Surgery. Radial keratotomy, photorefractive keratectomy, and refractive surgery, including evaluations for the procedures.

Family Services. Services provided by a member of your immediate family.

Genetic Testing. Genetic testing and related Services are excluded except as described under "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures" in the "Benefits" section.

Government Agency Responsibility. We do not reimburse the government agency for any Services that the law requires be provided only by or received only from a government agency. When we cover any of these Services, we may recover the Charges for the Services from the government agency. However, this exclusion does not apply to Medicaid.

Hearing Aids. Hearing aids, tests to determine their efficacy, and hearing tests to determine an appropriate hearing aid are excluded, unless your Group has purchased the "Hearing Aid Rider." This exclusion does not apply to Services that are covered under "Hearing Aids and Other Hearing Devices" in the "Benefits" section.

Hypnotherapy. All Services related to hypnotherapy.

Intermediate Services. Services in an intermediate care facility are excluded.

Low-Vision Aids. Low-vision aids are excluded, unless your employer Group has purchased the "Pediatric Vision Hardware and Optical Services Rider" or "Pediatric Vision Hardware and Optical Services Enhanced Benefit Rider."

Massage Therapy Services. Massage therapy and related Services are excluded, unless your employer Group has purchased an "Alternative Care Services Rider" that includes coverage for self-referred massage therapy Services.

Non-Medically Necessary Services. Services that are not Medically Necessary.

Nonreusable Medical Supplies. Nonreusable medical supplies, such as splints, slings, and wound dressing, including bandages and ace wrap bandages, are limited to those supplied and applied by a licensed health care provider, while providing a covered Service. Nonreusable medical supplies that a Member purchases or obtains from another source are excluded.

Optometric Vision Therapy and Orthoptics (Eye Exercises). Services related to optometric vision therapy and orthoptics (eye exercises) are excluded.

Professional Services for Evaluation, Fitting, and Follow-Up Care for Contact Lenses. This exclusion does not apply to Services that are covered under the "Pediatric Vision Hardware and Optical Services Rider" or "Adult Vision Hardware and Optical Services Rider," if purchased by your Group.

Services Related to a Non-Covered Service. When a Service is not covered, all Services related to the non-covered Service are also excluded. However, this exclusion does not apply to Services we would otherwise cover if they are to treat complications which arise from the non-covered Service and to Medically Necessary Services for a Member enrolled in and participating in a qualifying clinical trial if we would typically cover those Services absent a clinical trial.

Services That are Not Health Care Services, Supplies, or Items. This exclusion does not apply to Medically Necessary applied behavior analysis (ABA) Services. For example, we do not cover:

- Teaching manners and etiquette.
- Teaching and support services to develop planning skills such as daily activity planning and project or task planning.

- Items and services that increase academic knowledge or skills.
- Teaching and support services to increase intelligence.
- Academic coaching or tutoring for skills such as grammar, math, and time management.
- Teaching you how to read, whether or not you have dyslexia.
- Educational testing.
- Teaching art, dance, horse riding, music, play or swimming.
- Teaching skills for employment or vocational purposes.
- Vocational training or teaching vocational skills.
- Professional growth courses.
- Training for a specific job or employment counseling.
- Aquatic therapy and other water therapy.

Supportive Care and Other Services. Supportive care primarily to maintain the level of correction already achieved; care primarily for the convenience of the Member; and care on a non-acute, symptomatic basis are excluded.

Surrogacy. Services for anyone in connection with a Surrogacy Arrangement, whether traditional or gestational, except for otherwise-covered Services provided to a Member who is a surrogate. A "Surrogacy Arrangement" is one in which a woman (the surrogate) agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate. See "Surrogacy Arrangements – Traditional and Gestational Carriers" in the "Reductions" section for information about your obligations to us in connection with a Surrogacy Arrangement, including your obligations to reimburse us for any Services we cover and to provide information about anyone who may be financially responsible for Services the baby (or babies) receive.

Travel and Lodging. Transportation or living expenses for any person, including the patient, are limited to travel and lodging expenses needed for Member to receive covered Services at Non-Participating Facilities, subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

Travel Immunizations. Travel-related immunizations for yellow fever, typhoid, and Japanese encephalitis, unless your Group has purchased a "Travel Immunizations Rider."

Vision Hardware and Optical Services. Corrective lenses, eyeglasses, and contact lenses are excluded, unless your Group has purchased an "Adult Vision Hardware and Optical Services Rider" and/or "Pediatric Vision Hardware and Optical Services Rider" or "Pediatric Vision Hardware and Optical Services Enhanced Benefit Rider."

REDUCTIONS

Coordination of Benefits

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules governs the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100 percent of the total Allowable expense.

Definitions

A. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

(1) Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, group or individual closed panel Plans, other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; Medicare or any other federal governmental Plan, as permitted by law; and group and individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care.

(2) Plan does not include: independent, non-coordinated hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. The order of benefit determination rules determines whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan.

When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100 percent of the total Allowable expense.

D. Allowable expense is a health care expense, including deductibles, coinsurance, and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of Services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable expense.

The following are examples of expenses that are not Allowable expenses:

(1) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.

(2) If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.

(3) If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.

(4) If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement

methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary Plan to determine its benefits.

(5) The amount of any benefit reduction by the Primary Plan because a covered person has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. Closed panel Plan is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.

B. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying Plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel Plan to provide out-of-network benefits.

C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, subscriber or retiree is the Secondary Plan and the other Plan is the Primary plan.

(2) Dependent child covered under more than one Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

(i) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or

(ii) If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

1. The Plan covering the Custodial parent;
2. The Plan covering the spouse of the Custodial parent;
3. The Plan covering the non-custodial parent; and then
4. The Plan covering the spouse of the non-custodial parent.

(c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(d) For a dependent child:

(i) Who has coverage under either or both parents' plans and also has coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.

(ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent and the dependent's spouse.

(3) Active employee or retired or laid-off employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid-off nor retired, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(4) COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as

a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(5) Longer or shorter length of coverage. The Plan that covered the person as an employee, member, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

(6) If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary Plan shall credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more Closed panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed panel Plan, COB shall not apply between that Plan and other Closed panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, it may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by This Plan is more than it should have paid under this COB provision, This Plan may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Questions About Coordination of Benefits?
Contact Your State Insurance Department

Hospitalization on Your Effective Date

If you are an inpatient in a hospital on your membership effective date but had other Group coverage on the day before your membership effective date, your other Group coverage will be responsible for covering the Services you receive until you are released from the hospital, or until you have exhausted your benefit with the other Group coverage and the benefits available under this Plan will be reduced accordingly.

Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance

This "Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance" section applies if you receive covered Services for an injury or illness alleged to be any of the following:

- Caused by another party's act or omission.
- Received on the premises of another party.
- Covered by a no-fault insurance provision.

For purposes of this section, "no-fault insurance" means a type of insurance policy that covers your medical expenses for injury or illness due to an accident, regardless of who caused the accident.

Subject to applicable law, if you obtain a settlement, award, or judgment from or on behalf of another party or insurer, or a payment under a no-fault insurance provision, you must ensure we are reimbursed for covered Services that you receive for the injury or illness.

This "Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance" section does not affect your obligation to pay any applicable Cost Share for these covered Services. The amount of reimbursement due to the Plan is not limited by or subject to the Out-of-Pocket Maximum provision.

If you do not recover anything from or on behalf of the other party, or no-fault insurance, then you are responsible only for any applicable Cost Share.

To the extent permitted by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against another party, or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by another party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney, but we will be subrogated only to the extent of the total Charges for the relevant covered Services.

To secure our rights, we will have a lien on the proceeds of any judgment, award, or settlement you or we (when we subrogate) obtain against another party, or any other insurer, regardless of how those proceeds may be characterized or designated. Subject to applicable law, the proceeds of any judgment, award, or settlement that you or we obtain shall first be applied to satisfy our lien, regardless of whether the total amount of the proceeds is less than the actual losses and damages you incurred.

Within 30 days after submitting or filing a claim or legal action against another party, or any insurer, you must send written notice of the claim or legal action to us at:

The Phia Group, LLC
40 Pequot Way
Canton, MA 02021
Fax: 781-848-1154

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send to us all consents, releases, trust agreements, authorizations, assignments, and other documents, including lien forms directing your attorney, the responsible party, and the responsible party's insurer to pay us directly. You must not take any action prejudicial to our rights.

You must provide us written notice before you settle a claim or obtain a judgment or award, or if it appears you will make a recovery of any kind. Subject to applicable law, if you recover any amounts from another party or any other insurer based on your injury or illness, you must pay us after you are reimbursed the total amount of the actual losses and damages you incurred. Sufficient funds to satisfy our claims must be held in a specifically identifiable account until our claims are resolved. Pending final resolution of our claims, you must retain control over the recovered amounts to which we may assert a right.

If reasonable collections costs have been incurred by your attorney in connection with obtaining recovery, we will reduce the amount of our claim by the amount of an equitable apportionment of the collection costs between us and you. This reduction will be made only if:

- We receive a list of the fees and associated costs before settlement, and
- Your attorney's actions were directly related to securing a recovery for you.

In addition to the rights set forth above, we shall also be entitled to all of the remedies, benefits, and other rights of sections 742.520 – 742.544, Oregon Revised Statutes.

If your estate, parent, guardian, or conservator asserts a claim against another party or any insurer based on your injury or illness, any settlement or judgment recovered shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

Surrogacy Arrangements – Traditional and Gestational Carriers

If you enter into a Surrogacy Arrangement, whether traditional or gestational, you must ensure we are reimbursed for covered Services you receive related to conception, pregnancy, delivery, or postpartum care in connection with that arrangement ("Surrogacy Health Services"), except that the amount we collect will not exceed the payments or other compensation you and any other payee are entitled to receive under the Surrogacy Arrangement. A "Surrogacy Arrangement" is one in which a woman agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate.

This section applies to any person who is impregnated by artificial insemination, intrauterine insemination, in vitro fertilization or through the surgical implantation of a fertilized egg of another person and includes both traditional surrogacy and gestational carriers. Note: This "Surrogacy Arrangements – Traditional and Gestational Carriers" section does not affect your obligation to pay any applicable Cost Share, or other amounts you are required to pay for these Services. After you surrender a baby to the legal parents, you are not obligated to pay Charges for any Services that the baby receives (the legal parents are financially responsible for any Services that the baby receives).

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or any other payee under the Surrogacy Arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and on any escrow account, trust, or any other account that holds those payments. Those payments (and amounts in any escrow account, trust, or other account that holds those payments) shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee

- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receive, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receive
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

Surrogacy Other Party Liability Supervisor
Equian
P.O. Box 36380
Louisville, KY 40233-6380
Fax: 1-502-214-1137
Phone: 1-800-552-8314

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this "Surrogacy Arrangements – Traditional and Gestational Carriers" section and to satisfy those rights. You may not agree to waive, release, or reduce our rights under this "Surrogacy Arrangements – Traditional and Gestational Carriers" section without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on the Surrogacy Arrangement, your estate, parent, guardian, or conservator and any settlement, award, or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against that party. We may assign our rights to enforce our liens and other rights.

Workers' Compensation or Employer's Liability

If you suffer from an injury or illness that is compensable under a workers' compensation or employer's liability law, we will provide Services even if it is unclear whether you are entitled to a payment or settlement under the law. You have an obligation to reimburse us to the extent of a payment or any other benefit, including any amount you receive as a settlement under the law.

In addition, we or our Participating Providers will be permitted to seek reimbursement for these Services directly from the responsible employer or the government agency that administers the law.

GRIEVANCES, CLAIMS, APPEALS, AND EXTERNAL REVIEW

Important Information for Members Whose Benefit Plans are Subject to ERISA.

The Employee Retirement Income Security Act of 1974 (ERISA) is a federal law that regulates employee benefits, including the claim and appeal procedures for benefit plans offered by certain employers. If an employer's benefit plan is subject to ERISA, each time you request Services that must be approved before the Service is provided, you are filing a "pre-service claim" for benefits. You are filing a "post-service claim" when you ask us to pay for or cover Services that have already been received. You must follow our procedure for filing claims, and we must follow certain rules established by ERISA for responding to claims.

Terms We Use in This Section

The following terms have the following meanings when used in this "Grievances, Claims, Appeals, and External Review" section:

- A claim is a request for us to:
  - Provide or pay for a Service that you have not received (pre-service claim);

- Continue to provide or pay for a Service that you are currently receiving (concurrent care claim); or
- Pay for a Service that you have already received (post-service claim).

- An adverse benefit determination is our decision to deny, reduce or terminate a Service, or failure or refusal to provide or to make a payment in whole or in part for a Service that is based on:
  - Denial or termination of enrollment of an individual in a health benefit plan;
  - Rescission or cancellation of a policy;
  - Imposition of a preexisting condition exclusion, source-of-injury exclusion, network exclusion, annual benefit limit or other limitation on otherwise covered Services;
  - Determination that a Service is experimental or investigational or not Medically Necessary or appropriate; or
  - Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care; or
  - Denial, in whole or in part, of a request for prior authorization, a request for an exception to step therapy or a request for coverage of a treatment, drug, device or diagnostic or laboratory test that is subject to Utilization Review requirements.
- A grievance is communication expressing dissatisfaction with an adverse benefit determination, without specifically declining any right to appeal or review, that is:
  - In writing, for an internal appeal or an external review;
  - In writing or orally for an expedited response or an expedited external review; or
  - A complaint regarding the:
    - Availability, delivery, or quality of a Service;
    - Claims payment, handling or reimbursement for Services and, unless a request for an appeal has not been submitted, the complaint is not disputing an adverse benefit determination; or
    - Matters pertaining to the contractual relationship between the Member and Company.
- An internal appeal is a request for us to review our initial adverse benefit determination.

Member Satisfaction Procedure

We want you to be satisfied with the Services you receive from Kaiser Permanente. We encourage you to discuss any questions or concerns about your care with your provider or another member of your health care team. If you are not satisfied with your provider, you may request another. Contact Member Services for assistance. You always have the right to a second opinion from a qualified provider at the applicable Cost Share.

If you are not satisfied with the Services received at a particular medical office, or if you have a concern about the personnel or some other matter relating to Services and wish to file a complaint, you may do so by following one of the procedures listed below:

- Call Member Services; or

- Send your written complaint to Member Relations at:

  Kaiser Foundation Health Plan of the Northwest
  Member Relations Department
  500 NE Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-855-347-7239

All complaints are handled in a confidential manner.

After you notify us of a complaint, this is what happens:

- A representative reviews the complaint and conducts an investigation, verifying all the relevant facts.
- The representative or a physician evaluates the facts and makes a recommendation for corrective action, if any.
- When you file a complaint, we will respond within 30 calendar days.

We want you to be satisfied with our facilities, Services, and providers. Using this Member satisfaction procedure gives us the opportunity to correct any problems that keep us from meeting your expectations and your health care needs. If you are dissatisfied for any reason, please let us know.

Language and Translation Assistance

If we send you grievance or adverse benefit determination correspondence, we will include a notice of language assistance (oral translation). You may request language assistance with your claim and/or appeal by calling 1-800-324-8010. The notice of language assistance "Help in Your Language" is also included in this *EOC*.

Appointing a Representative

If you would like someone to act on your behalf regarding your claim, you may appoint an authorized representative, an individual who by law or by your consent may act on your behalf. You must make this appointment in writing. Contact Member Services for information about how to appoint a representative. You must pay the cost of anyone you hire to represent or help you.

Help with Your Claim and/or Appeal

While you are encouraged to use our appeal procedures, you have the right to file a complaint or seek other assistance from the Consumer Advocacy Section of the Division of Financial Regulation. Contact them by mail, email, telephone, fax, or online at:

Department of Consumer and Business Services
Division of Financial Regulation
Consumer Advocacy Section
P.O. Box 14480
Salem, OR 97309-0405
Email: DFR.InsuranceHelp@oregon.gov
Phone: 503-947-7984
Toll-Free: 1-888-877-4894
Fax: 503-378-4351
https://dfr.oregon.gov/help/complaints-licenses/Pages/file-complaint.aspx

Reviewing Information Regarding Your Claim

If you want to review the information that we have collected regarding your claim, you may request, and we will provide without charge, copies of all relevant documents, records, and other information (including

complete medical necessity criteria, benefit provisions, guidelines, or protocols) used to make a denial determination. You also have the right to request any diagnosis and treatment codes and their meanings that are the subject of your claim. To make a request, you should contact Member Services.

Providing Additional Information Regarding Your Claim

When you appeal, you may send us additional information including comments, documents, and additional medical records that you believe support your claim. If we asked for additional information and you did not provide it before we made our initial decision about your claim, then you may still send us the additional information so that we may include it as part of our review of your appeal. Please mail or fax all additional information to:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

When you appeal, you may give testimony in writing or by telephone. Please send your written testimony to:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

To arrange to give testimony by telephone, you should contact Member Services.

We will add the information that you provide through testimony or other means to your claim file and we will review it without regard to whether this information was submitted and/or considered in our initial decision regarding your claim.

Sharing Additional Information That We Collect

If we believe that your appeal of our initial adverse benefit determination will be denied, then before we issue another adverse benefit determination, we will also share with you any new or additional reasons for that decision. We will send you a letter explaining the new or additional information and/or reasons and inform you how you can respond to the information in the letter if you choose to do so. If you do not respond before we must make our final decision, that decision will be based on the information already in your claim file.

Internal Claims and Appeals Procedures

Company will review claims and appeals, and we may use medical experts to help us review them.

There are several types of claims, and each has a different procedure described below for sending your claim and appeal to us as described in this "Internal Claims and Appeals Procedures" section:

- Pre-service claims (urgent and non-urgent)
- Concurrent care claims (urgent and non-urgent)
- Post-service claims

When you file an appeal, we will review your claim without regard to our previous adverse benefit determination. The individual who reviews your appeal will not have participated in our original decision regarding your claim nor will they be the subordinate of someone who did participate in our original decision.

If you miss a deadline for making a claim or appeal, we may decline to review it.

Except when simultaneous external review can occur (urgent pre-service appeal and urgent concurrent appeal), you must exhaust the internal claims and appeals procedures described below before initiating an external review.

Pre-service Claims and Appeals

Pre-service claims are requests that we provide or pay for a Service that you have not yet received. Failure to receive authorization before receiving a Service that must be authorized in order to be a covered benefit may be the basis for our denial of your pre-service claim or a post-service claim for payment. If you receive any of the Services you are requesting before we make our decision, your pre-service claim or appeal will become a post-service claim or appeal with respect to those Services. If you have any general questions about pre-service claims or appeals, please contact Member Services.

Here are the procedures for filing a non-urgent pre-service claim, an urgent pre-service claim, a non-urgent pre-service appeal, and an urgent pre-service appeal.

Non-Urgent Pre-service Claim

- You may request a pre-service benefit determination on your own behalf. Tell us in writing that you want to make a claim for us to provide or pay for a Service you have not yet received. Your request and any related documents you give us constitute your claim. You may email your request to us at **https://healthy.kaiserpermanente.org/oregon-washington/support**, mail or fax your claim to us at:

  Kaiser Foundation Health Plan of the Northwest
  Attn: Utilization Management
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-877-899-4972

- If you want us to consider your pre-service claim on an urgent basis, your request should tell us that. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.

- We will review your claim and, if we have all the information we need, we will make a decision within a reasonable period of time, but no later than two business days after we receive your claim.

  We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you prior to the expiration of the initial decision period.

  If more information is needed to make a decision, we will ask you for the information in writing within two business days after we receive your claim, and we will give you 15 calendar days to send the information.

  We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.

  We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within 15 calendar days after we send our request, we will make a decision based on the information we have no later than 15 calendar days following the date the additional information was requested.

If we notify you of our decision orally, we will send you written confirmation no later than two business days after the oral notification.

- We will send written notice of our decision to you and, if applicable, to your provider.

Urgent Pre-service Claim

- If your pre-service claim was considered on an urgent basis, we will notify you of our decision orally or in writing within a timeframe appropriate to your clinical condition, but no later than two business days after we receive your claim.
- We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you prior to the expiration of the initial decision period.
- If more information is needed to make a decision, we will ask you for the information in writing within 2 business days after we receive your claim, and we will give you 15 calendar days to send the information.
- We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.
- We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.
- If we do not receive any of the requested information (including documents) within 15 calendar days after we send our request, we will make a decision based on the information we have no later than 15 calendar days following the date the additional information was requested.

  If we notify you of our decision orally, we will send you written confirmation no later than two business days after the oral notification.
- If we deny your claim (if we do not agree to provide or pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Non-Urgent Pre-service Appeal

- Within 180 calendar days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our denial of your pre-service claim. Please include the following:

  (1) Your name and health record number;

  (2) Your medical condition or relevant symptoms;

  (3) The specific Service that you are requesting;

  (4) All of the reasons why you disagree with our adverse benefit determination; and

  (5) All supporting documents.

  Your request and the supporting documents constitute your appeal. You must mail or fax your appeal to us at:

  Kaiser Foundation Health Plan of the Northwest
  Member Relations Department
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-855-347-7239

- We will acknowledge your appeal in writing within five calendar days after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 30 calendar days after we receive your appeal.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

Urgent Pre-service Appeal

- Tell us that you want to urgently appeal our adverse benefit determination regarding your pre-service claim. Please include the following:

  (1) Your name and health record number;

  (2) Your medical condition or relevant symptoms;

  (3) The specific Service that you are requesting;

  (4) All of the reasons why you disagree with our adverse benefit determination; and

  (5) All supporting documents.

  Your request and the supporting documents constitute your appeal. You must call Member Services, mail, or fax your appeal to us at:

  Kaiser Foundation Health Plan of the Northwest
  Member Relations Department
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-855-347-7239
- When you send your appeal, you may also request simultaneous external review of our initial adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your pre-service appeal qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see "External Review" in this "Grievances, Claims, Appeals, and External Review" section), if our internal appeal decision is not in your favor.
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and give you oral or written notice of our decision as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three calendar days after the oral notification.

- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

Concurrent Care Claims and Appeals

Concurrent care claims are requests that Company continues to provide, or pay for, an ongoing course of covered treatment to be provided over a period of time or number of treatments, when the course of treatment already being received is scheduled to end. If you have any general questions about concurrent care claims or appeals, please call Member Services.

Unless you are appealing an urgent care claim, if we either (a) deny your request to extend your current authorized ongoing care (your concurrent care claim) or (b) inform you that authorized care that you are currently receiving is going to end early and you appeal our adverse benefit determination at least 24 hours before your ongoing course of covered treatment will end, then during the time that we are considering your appeal, you may continue to receive the authorized Services. If you continue to receive these Services while we consider your appeal and your appeal does not result in our approval of your concurrent care claim, then you will have to pay for the Services that we decide are not covered.

Here are the procedures for filing a non-urgent concurrent care claim, an urgent concurrent care claim, a non-urgent concurrent care appeal, and an urgent concurrent care appeal:

Non-Urgent Concurrent Care Claim

- Tell us that you want to make a concurrent care claim for an ongoing course of covered treatment. Inform us in detail of the reasons that your authorized ongoing care should be continued or extended. Your request and any related documents you give us constitute your claim. You must call Member Services, mail, or fax your claim to us at:

  Kaiser Foundation Health Plan of the Northwest
  Attn: Utilization Management
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-877-899-4972

- If you want us to consider your claim on an urgent basis and you contact us at least 24 hours before your authorized care ends, you may request that we review your concurrent care claim on an urgent basis. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.

- We will review your claim, and if we have all the information we need, we will make a decision within a reasonable period of time.

  If you submitted your claim 24 hours or more before your authorized care is ending, we will make our decision before your authorized care actually ends.

  If your authorized care ended before you submitted your claim, we will make our decision no later than 15 calendar days after we receive your claim.

  We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we send you notice before the initial decision period ends.

If more information is needed to make a decision, we will ask you for the information in writing before the initial decision period ends, and we will give you until your care is ending or, if your care has ended, 45 calendar days to send us the information.

We will make our decision as soon as possible if your care has not ended, or within 15 calendar days after we first receive any information (including documents) we requested.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within 45 calendar days after we send our request, we will make a decision based on the information we have within the appropriate timeframe, not to exceed 15 calendar days following the end of the timeframe we gave you for sending the additional information.

- We will send written notice of our decision to you and, if applicable, to your provider.

Urgent Concurrent Care Claim

- If we consider your concurrent care claim on an urgent basis, we will notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 24 hours after we receive your claim. If we notify you of our decision orally, we will send you written confirmation within three calendar days after the oral notification.
- If more information is needed to make a decision, we will give you seven calendar days to send the information.
- We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

  We will notify you of our decision within 48 hours of receiving the first piece of requested information or by the deadline for receiving the information, whichever is sooner.
- If we deny your claim (if we do not agree to provide or pay for extending the ongoing course of treatment), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Non-Urgent Concurrent Care Appeal

- Within 180 calendar days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our adverse benefit determination. Please include the following:

  (1) Your name and health record number;

  (2) Your medical condition or relevant symptoms;

  (3) The ongoing course of covered treatment that you want to continue or extend;

  (4) All of the reasons why you disagree with our adverse benefit determination; and

  (5) All supporting documents.

  Your request and all supporting documents constitute your appeal. You must mail or fax your appeal to us at:

  Kaiser Foundation Health Plan of the Northwest
  Member Relations Department
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-855-347-7239
- We will fully and fairly review all available information relevant to your appeal without deferring to

prior decisions.

- We will review your appeal and send you a written decision as soon as possible if your care has not ended but no later than 30 calendar days after we receive your appeal.
- If we deny your appeal, our adverse benefit determination decision will tell you why we denied your appeal and will include information about any further process, including external review, which may be available to you.

Urgent Concurrent Care Appeal

- Tell us that you want to urgently appeal our adverse benefit determination regarding your urgent concurrent care claim. Please include the following:

  (1) Your name and health record number;

  (2) Your medical condition or relevant symptoms;

  (3) The ongoing course of covered treatment that you want to continue or extend;

  (4) All of the reasons why you disagree with our adverse benefit determination; and

  (5) All supporting documents.

  Your request and the supporting documents constitute your appeal. You must call Member Services, mail, or fax your appeal to us at:

  Kaiser Foundation Health Plan of the Northwest
  Member Relations Department
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your concurrent care claim qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see "External Review" in this "Grievances, Claims, Appeals, and External Review" section).
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three calendar days after the oral notification.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

Post-service Claims and Appeals

Post-service claims are requests that we pay for Services you already received, including claims for out-of-Plan Emergency Services. If you have any general questions about post-service claims or appeals, please call Member Services.

Here are the procedures for filing a post-service claim and a post-service appeal:

Post-service Claim

- Within 12 months from the date you received the Services, mail us a letter explaining the Services for which you are requesting payment. Provide us with the following:

  (1) The date you received the Services;

  (2) Where you received them;

  (3) Who provided them;

  (4) Why you think we should pay for the Services; and

  (5) A copy of the bill and any supporting documents, including medical records.

  Your letter and the related documents constitute your claim. You may contact Member Services to obtain a claim form. You must mail your claim to the Claims Department at:

  Kaiser Foundation Health Plan of the Northwest
  National Claims Administration – Northwest
  PO Box 370050
  Denver, CO 80237-9998

- We will not accept or pay for claims received from you after 12 months from the date of Service, except in the absence of legal capacity.
- We will review your claim, and if we have all the information we need, we will send you a written decision within 30 calendar days after we receive your claim.

  We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you within 30 calendar days after we receive your claim.

  If more information is needed to make a decision, we will ask you for the information before the initial decision period ends, and we will give you 45 calendar days to send us the information.

  We will make a decision within 15 calendar days after we receive the first piece of information (including documents) we requested.

  We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

  If we do not receive any of the requested information (including documents) within 45 calendar days after we send our request, we will make a decision based on the information we have within 15 calendar days following the end of the 45 calendar-day period.

- If we deny your claim (if we do not pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Post-service Appeal

- Within 180 calendar days after you receive our adverse benefit determination, tell us in writing that you want to appeal our denial of your post-service claim. Please include the following:

  (1) Your name and health record number;

(2) Your medical condition or relevant symptoms;

(3) The specific Services that you want us to pay for;

(4) All of the reasons why you disagree with our adverse benefit determination; and

(5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 N.E. Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

- We will acknowledge your appeal in writing within five calendar days after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 30 calendar days after we receive your appeal.
- If we deny your appeal, our adverse benefit determination will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

External Review

If you are dissatisfied with our final adverse benefit determination, you have a right to request an external review. An external review is a request for an independent review organization (IRO) to determine whether our internal appeal decision is correct. For example, you have the right to request external review of an adverse decision that is based on any of the following:

- Relies on medical judgment, including but not limited to, medical necessity, appropriateness, health care setting, level of care, or that the requested Service is not efficacious or otherwise unjustified under evidence-based medical criteria.
- Concludes that a treatment is experimental or investigational.
- Whether a course or plan of treatment is an active course of treatment for purposes of continuity of care when a Participating Provider's contract with us is terminated.
- Whether an exception to the prescription drug formulary or step therapy prescribing criteria should be granted.
- Concludes that parity exists in the non-quantitative treatment limitations applied to behavioral health care (mental health and/or Substance Use Disorder) benefits.
- Involves consideration of whether we are complying with federal law requirements regarding balance (surprise) billing and/or cost sharing protections pursuant to the No Surprises Act (Public Health Service Act sections 2799A-1 and 2799A-2 and 45 C.F.R. §§149.110 --149.130).
- Involves a decision related to rescission of your coverage.

You must exhaust our internal claims and appeals procedure for your claim before you may request external review unless one of the following is true:

- External review is permitted to occur simultaneously with your urgent pre-service appeal or urgent concurrent care appeal;
- Your request qualifies for expedited external review;
- We have failed to comply with federal requirements regarding our claims and appeals procedures.

You are not responsible for the costs of the external review, and you may name someone else to file the request for external review for you if you give permission in writing and include that with your request for external review. Company will be bound by and act in accordance with the decision of the independent review organization (IRO) notwithstanding the definition of Medically Necessary care. If we do not follow a decision of an IRO, you have the right to sue us.

Within 180 calendar days after the date of our appeal denial letter you must send your request for external review to Member Relations in writing (via mail, fax, or online through our website at **kp.org**). If you wish to mail or fax your request, you may send it to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

You may be required to provide us with a signed waiver form that enables us to disclose your protected health information, including pertinent medical records, to the IRO that will evaluate your request. The "Authorization for Use or Disclosure of Protected Health Information" form is also available at **info.kaiserpermanente.org/northwest/roi/forms.html**.

The appeal denial letter that we send to you explains the external review process and includes the waiver form. Member Relations will forward your request to the director of the Oregon Department of Consumer and Business Services (DCBS), Division of Financial Regulation (DFR), within two business days after receiving your request. Your request for external review will be assigned to one of the nationally accredited IROs contracted by DCBS no later than the next business day after the director receives your request for external review from us.

Within two business days of receiving notice of your request, DCBS will send you a written description of the IRO they selected along with more information about the process. They will also notify us of the IRO they selected, and within five business days after receiving notification from DCBS, we will send the IRO any documents and information we considered in making our adverse benefit determination.

You will have five business days to submit to the IRO, in writing, any additional information that the IRO must consider when conducting the external review. The IRO will forward to us any additional information you submit within one business day of receipt. We may also forward additional information directly to the IRO. The IRO will have one business day after receiving the additional information to forward that information to you.

Unless your external review is expedited, the IRO will issue a decision within 30 calendar days after the date when we receive your request for external review. The IRO will notify you and us of its decision no later than five calendar days after the decision is issued.

You may also contact DCBS directly to request an external review. If DCBS receives a request for external review directly from you, they will notify us of your request no later than the next business day. Upon receipt of your request from DCBS, we will follow the process described above. You may contact the Oregon DCBS by mail, e-mail, telephone, or online at:

Department of Consumer and Business Services
Division of Financial Regulation
Consumer Advocacy Section
P.O. Box 14480
Salem, OR 97309-0405
E-mail: DFR.InsuranceHelp@oregon.gov
Phone: 503-947-7984
Toll-Free: 1-888-877-4894
https://dfr.oregon.gov/help/Pages/index.aspx

Expedited External Review

We shall expedite the external review if:

- The adverse benefit determination concerns an admission, the availability of care, a continued stay or a health care Service for a medical condition for which you received Emergency Services and you have not been discharged from a health care facility; or
- A provider you have an established relationship with certifies in writing and provides supporting documentation that the ordinary time period for external review would (a) seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.

Additional Review

You may have certain additional rights if you remain dissatisfied after you have exhausted our internal claims and appeals procedures. If you are enrolled through a plan that is subject to the Employee Retirement Income Security Act (ERISA), you may file a civil action under section 502(a) of the federal ERISA statute. To understand these rights, you should check with your benefits office or contact the Employee Benefits Security Administration (part of the U.S. Department of Labor) at 1-866-444-EBSA (3272). Alternatively, if your plan is not subject to ERISA (for example, most state or local government plans and church plans or all individual plans), you may have a right to request review in state court.

TERMINATION OF *AGREEMENT*

If the *Agreement* terminates and Group does not replace this coverage with another Plan, Company will give Group written notice of termination no later than 10 working days after the termination date and will explain the rights of Members regarding continuation of coverage as provided by federal and state law.

TERMINATION OF MEMBERSHIP

If your membership terminates, all rights to benefits end at 11:59 p.m. PT on the termination date. In addition, Dependents' memberships end at the same time the Subscribers' membership ends.

You will be billed as a non-member for any Services you receive after your membership terminates. Company and Participating Providers and Participating Facilities have no further liability or responsibility under this *EOC* after your membership terminates.

Termination During Confinement in a Hospital

If you are hospitalized on the date when your membership terminates, we will continue to cover otherwise covered Services in that hospital if all of the following conditions are met:

- The coverage under this *EOC* is being immediately replaced by another insured group health insurance policy.
- You are an inpatient receiving covered Services on the date your membership ends.
- You must continue to pay any applicable Cost Share.

Your coverage under this provision continues until the earlier of:

- Your discharge from the hospital or
- Your exhaustion of hospital benefits under this *EOC*.

Termination Due to Loss of Eligibility

You and your Dependents must remain eligible to maintain your Group coverage. You must immediately report to your Group any changes in eligibility status, such as a Spouse's loss of eligibility due to divorce or a Dependent child who has reached the Dependent Limiting Age. If you no longer meet the eligibility requirements described in this *EOC*, please confirm with your Group's benefits administrator when your membership will end.

Termination for Cause

If you or any other Member in your Family knowingly commits fraud in connection with membership, Company, or a Participating Provider, we may terminate your membership under this employer's *Agreement* by sending written notice, including the specific reason for termination with supporting evidence to the Subscriber at least 31 days before the membership termination date. Some examples of fraud include:

- Misrepresenting eligibility information about yourself or a Dependent.
- Presenting an invalid prescription or physician order for Services.
- Intentionally misusing a Company ID card (or letting someone else use your ID card to obtain Services pretending to be you).
- Giving us incorrect or incomplete material information.
- Failing to notify us of changes in Family status or Medicare coverage that may affect your eligibility or benefits.

We may report fraud and other illegal acts to the authorities for prosecution.

If we terminate your membership for cause, we will:

- Refund any amounts we owe your Group for Premium paid for the period after the termination date.
- Pay you any amounts we have determined that we owe you for claims during your membership.

We may deduct any amounts you owe Company, Participating Providers, or Participating Facilities from any payment we make to you.

If your coverage is terminated for any of the above reasons, you have the right to file an appeal. For more information, please contact Member Services.

Termination of Your Group's *Agreement* with Us

If your Group's *Agreement* with us terminates for any reason, your membership ends on the same date. We require the Group to notify Subscribers in writing if the *Agreement* with us terminates.

Termination of Certain Types of Health Benefit Plans by Us

We may terminate a particular Plan or all Plans offered in the group market as permitted by law. If we discontinue offering a particular Plan in the group market, we will terminate the particular Plan upon 90 days prior written notice to you. If we discontinue offering all Plans in the group market, we may terminate the *Agreement* upon 180 days prior written notice to you.

CONTINUATION OF MEMBERSHIP

Strike, Lock-Out, or Other Labor Disputes

If your compensation is suspended directly or indirectly as a result of a strike, lock-out, or other labor dispute, you may continue membership under this *EOC* by paying Premium for yourself and eligible Dependents directly to the Group for up to six months. If the Group's coverage is terminated by Company, reinstatement with Company is subject to all terms and conditions of your Group's *Agreement* with Company. When your Group continuation coverage under this *EOC* stops, you and your Dependents may be eligible to purchase an individual plan offered by Company.

Illness, Temporary Plant Shut Down, or Leave of Absence

If you are off work due to illness, temporary plant shutdown, or other leave of absence authorized by your Group, you may make arrangements to make monthly payments through your Group for up to 12 weeks. The 12-week period may be extended by advance arrangements confirmed in writing by Company. Once the 12-week period is exhausted, you may also be eligible to convert to an individual plan. (See the "Conversion to an Individual Plan" section.)

Continuation of Group Coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA)

You may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by the federal COBRA law. COBRA applies to most employees (and most of their covered dependents) of most employers with 20 or more employees (however, it does not apply to church plans as defined by federal law). Please contact your Group for details about COBRA continuation coverage, such as how to elect coverage and how much you must pay your Group for the coverage.

Federal or State-Mandated Continuation of Coverage

Termination of coverage will be postponed if the Member is on a leave of absence and continuation of coverage is required by the federal or state-mandated family or medical leave act or law, as amended.

State Continuation Coverage for Surviving, Divorced, or Separated Spouses 55 or Older

If your Group has 20 or more employees, you and your Dependents may be able to continue your coverage under this *EOC* through your Group if you meet all of the following criteria:

- You are the Subscriber's Spouse.
- You are age 55 or older.
- The Subscriber died, or you divorced or are legally separated from the Subscriber.
- You are not eligible for Medicare.

To continue coverage, you must notify Member Services in writing within 60 days after legal separation or divorce, or the Group must notify us in writing within 30 days after the death of the Subscriber. Within 14 days after we receive the notice, we will send you an election form, payment information, and instructions for

electing continuation coverage. You must return the completed election form no later than 60 days after the date we mailed it to you.

The first Premium payment must be paid within 45 days of your coverage election date. Your right to continue coverage as a surviving, separated, or divorced Spouse will end upon the earliest of the following events:

- You fail to pay your Premium.
- The Group's *Agreement* with us terminates.
- You become covered under another group health coverage.
- You, as a separated or divorced Spouse, remarry.
- You become eligible for Medicare.

State Continuation Coverage for Non-COBRA Groups

You may be able to continue coverage under this *EOC* for up to nine months if all of the following requirements are met:

- Your Group is not subject to COBRA law.
- The Subscriber in your Family was covered continuously under this *EOC* during the three-month period ending on the date of the qualifying event.
- You were covered under this *EOC* on the day before the qualifying event, or you are a child born to or adopted by the Subscriber while the Subscriber has continuation coverage under this "State Continuation Coverage for Non-COBRA Groups" section and you would have been covered under this *EOC* if you had been born or adopted on the day before the qualifying event. For the purposes of this "State Continuation Coverage for Non-COBRA Groups" section, "qualifying event" means the loss of membership under this *EOC* caused by one of the following:
  - Voluntary or involuntary termination of the employment of the Subscriber.
  - A reduction in hours worked by the Subscriber.
  - The Subscriber's becoming eligible for Medicare.
  - A Dependent's losing Dependent child status under this *EOC*.
  - Termination of membership in your Group resulting in loss of eligibility under the Group's evidence of coverage.
  - The death of the Subscriber.
- You are not eligible for Medicare, and you are not eligible for coverage under any other hospital or medical coverage or program that was not covering you on the day before the qualifying event.

To request continuation coverage under this "State Continuation Coverage for Non-COBRA Groups" section, you must send us a written request for this continuation coverage no later than 15 days after the later of the following:

- The date of your qualifying event.
- The date on which we sent you notice of your right to continue coverage under this *EOC*.

You must mail or fax your written request to us at:

Consolidated Service Center (CSC)
PO Box 23127
San Diego, CA 92193
Fax: 866-311-5974

Your Premium will be 100 percent of the applicable Premium. You must pay your first Premium payment to your Group within 31 days after the date of your qualifying event. Subsequent Premium payments are due on the last day of the month preceding the month of membership.

Continuation coverage under this "State Continuation Coverage for Non-COBRA Groups" section ends on the earliest of the following dates:

- The date that is nine months after your qualifying event.
- The end of the period for which we received your last timely Premium payment.
- The Premium due date coinciding with or next following the date that you become eligible for Medicare or for coverage under any other hospital or medical coverage or program that was not covering you on the day before the qualifying event.
- The date on which your Group's *Agreement* with us terminates.

If you are a surviving, divorced, or separated Spouse and are not eligible for continuation coverage under the "State Continuation Coverage for Surviving, Divorced, or Separated Spouses 55 or Older" section you may continue coverage for yourself and your Dependents under this "State Continuation Coverage for Non-COBRA Groups" section under the same terms as the Subscriber.

If you are a Subscriber who is laid off and then rehired by the same employer within nine months and you were eligible for coverage at the time of the layoff, you may not be subjected to any waiting period even if you chose not to continue coverage under this "State Continuation Coverage for Non-COBRA Groups" section.

If your Group coverage was under another evidence of coverage on the date of your qualifying event and you later became covered under this *EOC*, you may be able to continue coverage under this *EOC* if you otherwise meet the eligibility requirements in this "State Continuation Coverage for Non-COBRA Groups" section. The period of state continuation coverage includes the number of months you were covered under the previous evidence of coverage plus the number of months of coverage under this *EOC*, not to exceed nine months.

State Continuation Coverage after Workers' Compensation Claim

If you are a Subscriber and you file a workers' compensation claim for an injury or illness, you may be able to continue coverage under this *EOC* for up to six months after you would otherwise lose eligibility. Please contact your Group for details such as how to elect coverage and how much you must pay your Group for the coverage.

Uniformed Services Employment and Reemployment Rights Act (USERRA)

If you are called to active duty in the uniformed services, you may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by federal law (USERRA).

You must submit an USERRA election form to your Group within 60 days after your call to active duty. Please contact your Group if you want to know how to elect USERRA coverage and how much you must pay your Group for the coverage.

Conversion to an Individual Plan

After your Group notifies us to terminate your membership, we will send a termination letter to the Subscriber's address of record. The letter will include information about options that may be available to you to remain a Member. You may contact Member Services if you have questions.

Moving to Another Kaiser Foundation Health Plan Service Area

If you move to another Kaiser Foundation Health Plan service area, you should contact your Group's benefits administrator to learn about your Group health care options. You may be eligible to enroll in a plan in the other Kaiser Foundation Health Plan service area. Eligibility requirements, benefits, premium, deductible, copayments, and coinsurance may not be the same in the other service area.

MISCELLANEOUS PROVISIONS

Administration of *Agreement*

We may adopt reasonable policies, procedures, and interpretations to promote orderly and efficient administration of this *EOC*.

Agreement Binding on Members

By electing coverage or accepting benefits under this *EOC*, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all provisions of this *EOC*.

Amendment of *Agreement*

Your Group's *Agreement* with us will change periodically. If these changes affect this *EOC*, your Group is required to make revised materials available to you.

Annual Summaries and Additional Information

Additional information that we have filed with the Oregon Department of Consumer and Business Services (DCBS) is available to you upon request. You may contact the Oregon DCBS to request the following:

- Our annual summary of grievances and appeals.
- Our annual summary of the utilization management program.
- Our annual summary of quality assurance activities.
- The results of publicly available accreditation surveys of our health plan.
- Our annual summary of health-promotion and disease-prevention activities.
- An annual summary of scope of network and accessibility of Services.

Contact the Oregon DCBS by mail, e-mail, telephone, or online at:

Department of Consumer and Business Services
Division of Financial Regulation
Consumer Advocacy Section
P.O. Box 14480
Salem, OR 97309-0405
E-mail: DFR.InsuranceHelp@oregon.gov
Phone: 503-947-7984
Toll-Free: 1-888-877-4894
https://dfr.oregon.gov/help/Pages/index.aspx

Applications and Statements

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this *EOC*. In the absence of fraud, all statements made by an applicant, Group, or Subscriber shall be deemed representations and not warranties. No statement made for the purpose of effecting coverage shall void coverage or reduce benefits unless contained in a written instrument signed by the Group or Subscriber, a copy of which has been furnished to the Group or Subscriber.

Assignment

You may not assign this *EOC* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without our prior written consent.

Attorney Fees and Expenses

In any dispute between a Member and Company or Medical Group or Kaiser Foundation Hospitals, each party will bear its own attorney fees and other expenses, except as otherwise required by law.

Exercise of Conscience

We recognize the right to exercise religious beliefs and conscience. If a Participating Provider or Participating Facility declines to provide a covered Service for reasons of conscience or religion, we will make arrangements to provide the covered Services.

Governing Law

Except as preempted by federal law, this *EOC* will be governed in accord with Oregon law and any provision that is required to be in this *EOC* by state or federal law shall bind Members and Company whether or not set forth in this *EOC*.

Group and Members not Company Agents

Neither your Group nor any Member is the agent or representative of Company.

Information about New Technology

When a new medical technology or procedure needs review, our Inter-regional New Technology Committee examines and evaluates data from government agencies, medical experts, medical journals, and medical specialty societies. Recommendations from this inter-regional committee then are passed onto the local committee. The committee reviews the national recommendations to see how they apply to local medical practices. Once this review takes place, the committee makes recommendations for the new technology or procedure to become a covered benefit. In addition, the committee communicates practice guidelines to network providers and related health care providers. If the committee's recommendation is accepted, the new technology is added to the covered benefits, either immediately or when this contract renews.

No Waiver

Our failure to enforce any provision of this *EOC* will not constitute a waiver of that or any other provision or impair our right thereafter to require your strict performance of any provision.

Nondiscrimination

We do not discriminate in our employment practices or in the delivery of Services on the basis of race, ethnicity, nationality, actual or perceived gender, age, physical or mental disability, marital status, sexual orientation, genetic information, or religion.

Notices

We will send our notices to you to the most recent address we have for the Subscriber. The Subscriber is responsible for notifying us of any change in address. Subscribers who move should call Member Services as soon as possible to give us their new address.

Overpayment Recovery

We may recover any overpayment we make for Services from anyone who receives an overpayment, or from any person or organization obligated to pay for the Services.

Privacy Practices

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers to protect your PHI. Your PHI is individually identifiable information about your health, health care Services you receive, or payment for your health care. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, health research, and health care operations purposes, such as measuring the quality of Services. We are sometimes required by law to give PHI to others, such as government agencies or in judicial actions. In addition, Member-identifiable health information is shared with your Group only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices*. Giving us this authorization is at your discretion.

You have the right to request that Kaiser Permanente send your PHI directly to you, and not to the Subscriber of your Plan. You have the right to tell us where you want us to redirect communications containing your PHI, including a different mailing address, email address or telephone number. To make a request for confidential communication, please call Member Services and ask for a "Confidential Communication Request" form. It may take up to 30 days from the date of receipt of the form for us to process your request.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices,* which provides additional information about our privacy practices and your rights regarding your PHI, is available and will be furnished to you upon request. To request a copy, please call Member Services. You can also find the notice on our website at **kp.org**.

Unusual Circumstances

In the event of unusual circumstances that delay or render impractical the provision of Services, such as major disaster, epidemic, war, riot, civil insurrection, labor disputes, disability of a large share of personnel at Participating Facilities, and complete or partial destruction of Participating Facilities, we will make a good faith effort to provide or arrange for covered Services within the limitations of available personnel and facilities. Kaiser Permanente shall have no other liability or obligation if covered Services are delayed or unavailable due to unusual circumstances.

NONDISCRIMINATION STATEMENT AND NOTICE OF LANGUAGE ASSISTANCE

Nondiscrimination Notice

Kaiser Foundation Health Plan of the Northwest (Kaiser Health Plan) complies with applicable federal and state civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, sex,

gender identity, or sexual orientation. Kaiser Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, gender identity, or sexual orientation. We also:

- Provide no cost aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats, such as large print, audio, and accessible electronic formats
- Provide no cost language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, call Member Services at **1-800-813-2000** (TTY: **711**).

If you believe that Kaiser Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, sex, gender identity, or sexual orientation, you can file a grievance with our Civil Rights Coordinator, by mail, phone, or fax. If you need help filing a grievance, our Civil Rights Coordinator is available to help you. You may contact our Civil Rights Coordinator at:

Member Relations Department
Attention: Kaiser Civil Rights Coordinator
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: **1-855-347-7239**

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint portal, available at **https://ocrportal.hhs.gov/ocr/portal/lobby.jsf**, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue SW
Room 509F, HHH Building
Washington, DC 20201
Phone: **1-800-368-1019**
TDD: **1-800-537-7697**

Complaint forms are available at **www.hhs.gov/ocr/office/file/index.html**.

YOUR RIGHTS AND PROTECTIONS AGAINST SURPRISE MEDICAL BILLS

When you get emergency care or are treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from balance billing. In these cases, you shouldn't be charged more than your plan's copayments, coinsurance and/or deductible.

What is "balance billing" (sometimes called "surprise billing")?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, like a copayment, coinsurance, or deductible. You may have additional costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network and/or your plan does not cover out-of-network services.

"Out-of-network" means providers and facilities that haven't signed a contract with your health plan to provide services. Out-of-network providers may be allowed to bill you for the difference between what your plan pays and the full amount charged for a service. This is called "**balance billing**." This amount is likely more than your in-network costs for the same service and might not count toward your plan's deductible or annual out-of-pocket limit. Your health plan coverage may not cover out-of-network services when you agree (consent) to receive services from the out-of-network providers.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider. Surprise medical bills could cost thousands of dollars depending on the procedure or service. Providers and facilities are not balance billing you when they seek to collect cost sharing or another amount that you agreed to pay or are required to pay under your plan for the services that they provided.

You are protected from balance billing for:

Emergency Services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most they can bill you is your plan's in-network cost-sharing amount (such as copayments, coinsurance, and deductibles). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balanced billed for these post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers can bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services, or when an in-network provider is not available. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other types of services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

You're <u>never</u> required to give up your protections from balance billing. You also aren't required to get out-of-network care. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have these protections:

- You're only responsible for paying your share of the cost (like the copayments, coinsurance, and deductible that you would pay if the provider or facility was in-network). Your health plan will pay any additional costs to out-of-network providers and facilities directly.
- Generally, your health plan must:
  - Cover emergency services without requiring you to get approval for services in advance (also known as "prior authorization").
  - Cover emergency services by out-of-network providers and facilities.
  - Base what you owe the provider or facility (your cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
  - Count any amount you pay for emergency services or non-emergency services provided by certain out-of-network providers at an in-network facility toward your in-network deductible and out-of-pocket limit.

If you think you've been wrongly billed by a provider or facility, contact the federal government at **www.cms.gov/nosurprises/consumers** or by calling **1-800-985-3059**; or the Division of Financial Regulation, Department of Consumer and Business Services at **https://dfr.oregon.gov/help/complaints-licenses/Pages/file-complaint.aspx** or call **1-888-877-4894**.

Visit **www.cms.gov/nosurprises/consumers** for more information about your rights under federal law.

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST ALTERNATIVE CARE SERVICES RIDER

This rider is part of the *Evidence of Coverage (EOC)* to which it is attached. All provisions of this rider become part of the *EOC* "Benefits" section, except for the "Alternative Care Services Rider Benefit Summary," which becomes part of the *EOC* "Benefit Summary." This entire benefit rider is therefore subject to all the terms and provisions of the *EOC*, unless otherwise indicated.

Alternative Care Services

We cover the self-referred alternative care Services described in this "Alternative Care Services Rider" when Services are received from a Participating Provider and provided as outpatient Services in the provider's office.

To locate a Participating Provider, visit **www.chpgroup.com**. The CHP Group is a Participating Provider we contract with to provide alternative care Services. If you need assistance searching for a Participating Provider, or to verify the current participation status of a provider, or if you do not have access to the online directory, please contact Member Services.

Benefits are subject to visit limits and applicable Cost Shares shown in the "Alternative Care Services Rider Benefit Summary."

Acupuncture Services

Acupuncturists influence the health of the body by the insertion of very fine needles. Acupuncture treatment is primarily used to relieve pain, reduce inflammation, and promote healing. Covered Services include:

- Evaluation and management.
- Acupuncture.
- Electro acupuncture.

Chiropractic Services

Chiropractic and manual manipulation of the spine, joints or soft tissue focuses on reducing pain and improving the function and structure of the body. It is a system of therapy that involves non-invasive care promoting science-based approaches to a variety of ailments. Covered Services include:

- Evaluation and management.
- Musculoskeletal treatments.
- Physical therapy modalities such as hot and cold packs.

When prescribed, X-ray procedures are covered as described in the "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures" section in the "Benefits" section of the *EOC*.

Alternative Care Services Exclusions

- Dermal friction technique.
- East Asian massage and tui na.
- Laserpuncture.
- Nambudripad allergy elimination technique (NAET).
- Point injection therapy.
- Qi gong.

- Services designed to maintain optimal health in the absence of symptoms.
- Sonopuncture.

Alternative Care Services Rider Benefit Summary

	You Pay
Acupuncture Services (up to 20 visits per Year)	20% Coinsurance after Deductible
Chiropractic Services (up to 20 visits per Year)	20% Coinsurance after Deductible

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST OUTPATIENT PRESCRIPTION DRUG RIDER

This rider is part of the *Evidence of Coverage* (*EOC*) to which it is attached. This rider becomes part of the *EOC* "Benefits" section, except for the "Outpatient Prescription Drug Rider Benefit Summary," which becomes part of the *EOC* "Benefit Summary." The provisions of the *EOC* apply to this entire rider.

Note: We also cover some outpatient drugs and supplies in the "Limited Outpatient Prescription Drugs and Supplies" section of the *EOC*.

Covered Drugs and Supplies

We cover outpatient prescription drugs and supplies as described in this "Outpatient Prescription Drug Rider."

Covered drugs and supplies must be prescribed by a Participating Provider or any licensed dentist in accordance with our drug formulary guidelines.

You must obtain drugs and supplies at a Participating Pharmacy (including our Mail-Order Pharmacy). You may obtain a first fill of a drug or supply at any Participating Pharmacy. All refills must be obtained through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy), or at another Participating Pharmacy that we designate for covered refills. See your *Medical Facility Directory*, visit **kp.org**, or contact Member Services.

Cost Share for Covered Drugs and Supplies

When you get a prescription from a Participating Pharmacy, or order a prescription from our Mail-Order Pharmacy, you pay the applicable Cost Share as shown in the "Outpatient Prescription Drug Rider Benefit Summary." This applies for each prescription consisting of up to the day supply shown in the "Outpatient Prescription Drug Rider Benefit Summary."

Outpatient prescription drugs and supplies are subject to the applicable Cost Share until the medical Out-of-Pocket Maximum is met.

If Charges for the drug or supply are less than your Copayment, you pay the lesser amount.

When you obtain your prescription through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy) you may be able to use an approved drug manufacturer coupon as payment for your prescription Copayment or Coinsurance, after you satisfy your Plan's required Deductible. Drug manufacturer coupons cannot be used toward payment of the Deductible in this HSA-compatible high deductible health Plan.

If the coupon does not cover the entire amount of your Copayment or Coinsurance, you are responsible for the additional amount up to the applicable Copayment or Coinsurance as shown in the "Benefit Summary." When you use an approved coupon for payment of your Copayment or Coinsurance, the coupon amount will count toward the Out-of-Pocket Maximum. For more information about the Kaiser Permanente coupon program rules and limitations, please call Member Services or go to **kp.org/rxcoupons**.

Day Supply Limit

The prescribing provider determines how much of a drug or supply to prescribe. For purposes of day supply coverage limits, the prescribing provider determines the amount of a drug or supply that constitutes a Medically Necessary 30-day (or any other number of days) supply for you. When you pay the applicable Cost Share shown in the "Outpatient Prescription Drug Rider Benefit Summary," you will receive the prescribed

supply up to the day supply limit. If you wish to receive more than the covered day supply limit, then you must pay Charges for any prescribed quantity that exceeds the day supply limit.

Medication Synchronization

Medication synchronization is the coordination of medication refills, if you are taking two or more medications for a chronic condition, so that your medications are refilled on the same schedule. You may request medication synchronization for a new prescription from the prescribing provider or a Participating Pharmacy who will determine the appropriateness of medication synchronization for the drugs being dispensed and inform you of the decision.

How to Get Covered Drugs or Supplies

Participating Pharmacies are located in many Participating Facilities. To find a Participating Pharmacy, please see your *Medical Facility Directory*, visit **kp.org/directory/nw**, or contact Member Services.

Participating Pharmacies include our Mail-Order Pharmacy. This pharmacy offers postage-paid delivery to addresses in Oregon and Washington. Some drugs and supplies are not available through our Mail-Order Pharmacy, for example drugs that require special handling or refrigeration, or are high cost. Drugs and supplies available through our Mail-Order Pharmacy are subject to change at any time without notice.

If you would like to use our Mail-Order Pharmacy, call 1-800-548-9809 or order online at **kp.org/refill**.

Definitions

The following terms, when capitalized and used in this "Outpatient Prescription Drug Rider," mean:

- **Brand-Name Drug.** The first approved version of a drug. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Generic Drug.** A drug that contains the same active ingredient as a Brand-Name Drug and is approved by the U.S. Food and Drug Administration (FDA) as being therapeutically equivalent and having the same active ingredients(s) as the Brand-Name Drug. Generally, Generic Drugs cost less than Brand-Name Drugs, and must be identical in strength, safety, purity, and effectiveness.
- **Non-Preferred Brand-Name Drug.** A Brand-Name drug or supply that is not approved by Company's Regional Formulary and Therapeutics Committee and requires prior authorization for coverage.
- **Preferred Brand-Name Drug.** A Brand-Name drug or supply that Company's Regional Formulary and Therapeutics Committee has approved. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Specialty Drug.** A drug or supply, including many self-injectables as well as other medications, often used to treat complex chronic health conditions, is generally high cost, and is approved by the U.S. Food and Drug Administration (FDA). Specialty drug treatments often require specialized delivery, handling, monitoring, and administration.

About Our Drug Formulary

Our drug formulary is a list of drugs that our Regional Formulary and Therapeutics Committee has reviewed and approved for our Members and includes drugs covered under this rider. Drugs on the formulary have been approved by the FDA.

Our Regional Formulary and Therapeutics Committee is made up of Participating Physicians, other Participating Providers, and administrative staff. The committee chooses drugs for the formulary based on several factors, including safety and effectiveness as determined from a review of the scientific literature. They may not approve a drug if there is not enough scientific evidence that it is clinically effective. They may also exclude a drug if it does not have a clinical or cost advantage over comparable formulary drugs.

The Regional Formulary and Therapeutics Committee meets to review new drugs and reconsider drugs currently on the market. After this review, they may add drugs to the formulary or remove drugs from it. If a drug is removed from the formulary, you will need to switch to another comparable drug that is on the drug formulary, unless your old drug meets exception criteria. Refer to the "Drug Formulary Exception Process" in this rider for more information.

If a formulary change affects a prescription drug you are taking, we encourage you to discuss any questions or concerns with your Participating Provider or another member of your health care team.

Drugs on our formulary may move to a different drug tier during the Year. For example, a drug could move from the Non-Preferred Brand-Name Drug list to the Preferred Brand-Name Drug list. If a drug you are taking is moved to a different drug tier, this could change the Cost Share you pay for that drug.

To see if a drug or supply is on our drug formulary, or to find out what drug tier the drug is in, go online to **kp.org/formulary**. You may also call our Formulary Application Services Team (FAST) at 503-261-7900 or toll-free at 1-888-572-7231. If you would like a copy of our drug formulary or additional information about the formulary process, please call Member Services. The presence of a drug on our drug formulary does not necessarily mean that your Participating Provider will prescribe it for a particular medical condition.

Drug Formulary Exception Process

Our drug formulary guidelines include an exception process that is available when a Participating Provider or any licensed dentist prescribes a drug or supply that our drug formulary does not list for your condition, if the law requires the item to bear the legend "Rx only." The exception process is not available for drugs and supplies that the law does not require to bear this legend, or for any drug or supply prescribed by someone other than a Participating Provider or any licensed dentist.

A Participating Provider or any licensed dentist may request an exception if they determine that the non-formulary drug or supply is Medically Necessary. We will make a coverage determination within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests.

We will approve the exception if all of the following requirements are met:

- We determine that the drug or supply meets all other coverage requirements except for the fact that our drug formulary does not list it for your condition.
- Medical Group or a designated physician makes the following determinations:
    - The drug or supply is Medically Necessary because you are allergic to, or intolerant of, or have experienced treatment failure with, any alternative drugs or supplies that our drug formulary lists for your condition.
    - Your condition meets any additional requirements that the Regional Formulary and Therapeutics Committee has approved for the drug or supply. For this drug or supply, the Participating Pharmacy can provide a copy of the additional criteria upon request. In some cases, there may be a short delay in filling your prescription while your information is being reviewed.

If we approve an exception through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the "Outpatient Prescription Drug Rider Benefit Summary."

If we do not approve the formulary exception request, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under "External Review" in the "Grievances, Claims, Appeals, and External Review" section.

Prior Authorization and Step Therapy Prescribing Criteria

Prior authorization is required when you are prescribed certain drugs or supplies before they can be covered. A Participating Provider may request prior authorization if they determine that the drug or supply is Medically

Necessary. Prescribing Participating Providers must supply to Company the medical information necessary for Company to make the prior authorization determination. Coverage for a prescribed drug or supply that is approved for prior authorization begins on the date Company approves the request.

Approved requests for prior authorization are binding on us for one year from the date that the treatment begins following our approval if the drug:

- Is prescribed as a maintenance therapy that is expected to last at least 12 months based on medical or scientific evidence;
- Continues to be prescribed throughout the 12-month period; and
- Is prescribed for a condition that is within the scope of use for the drug as approved by the FDA, or has been proven to be a safe and effective form of treatment for your medical condition based on clinical practice guidelines developed from peer-reviewed medical literature.

A list of those drugs and supplies that require prior authorization and the Utilization Review criteria we use are available online at **kp.org/formulary** or you may contact Member Services.

We apply step therapy prescribing criteria, developed by Medical Group and approved by Company, to certain drugs and supplies. The step therapy prescribing criteria require that you try a therapeutically similar drug (step 1) for a specified length of time before we will cover another drug (step 2) prescribed for the same condition. A list of drugs and supplies subject to step therapy prescribing criteria, and the requirements for moving to the next step drug, are available online at **kp.org/formulary** or you may contact Member Services.

Prior Authorization Exception Process

We have a process for you or your prescribing Participating Provider to request a review of a prior authorization determination that a drug or supply is not covered. This exception process is not available for drugs and supplies that the law does not require to bear the legend "Rx only."

Your prescribing Participating Provider may request an exception if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to the Participating Pharmacy the medical information necessary to review the request for exception. A coverage determination will be made within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests.

If the exception request is approved through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the "Outpatient Prescription Drug Rider Benefit Summary."

If the exception request is not approved, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under "External Review" in the "Grievances, Claims, Appeals, and External Review" section.

Emergency Fill

For purposes of this section, "emergency fill" means a limited dispensed amount of the prescribed drug that allows time for the processing of a prior authorization request. You may have the right to receive an emergency fill of a prescription drug that requires prior authorization under the following circumstances:

- The Participating Pharmacy is unable to reach the Company's prior authorization department by phone, as it is outside the department's business hours; or
- The Participating Pharmacy is unable to reach the prescribing Participating Provider for full consultation, and
- Delay in treatment would result in imminent emergency care, hospital admission or might seriously jeopardize the life or health of the patient or others in contact with the patient.

An emergency fill must be received at a Participating Pharmacy and is subject to the applicable Cost Share shown in the "Outpatient Prescription Drug Rider Benefit Summary." An emergency fill is limited to no more than a seven-day supply or the minimum packaging size available.

Your Prescription Drug Rights

You have the right to safe and effective pharmacy Services. You also have the right to know what drugs are covered under this Plan and the limits that apply. If you have a question or a concern about your prescription drug benefits, please contact Member Services or visit us online at **kp.org**.

Medication Management Program

The Medication Management Program is available at no extra cost to Members who use Participating Pharmacies. The program's primary focus is on reducing cardiovascular risk by controlling lipid levels and high blood pressure. Providers, including pharmacists, nurse care managers, and other staff, work with Members to educate, monitor, and adjust medication doses.

Outpatient Prescription Drug Rider Limitations

- If your prescription allows refills, there are limits to how early you can receive a refill. In most cases, we will refill your prescription when you have used at least 70 percent of the quantity. Prescriptions for most controlled substances cannot be refilled early. Please ask your pharmacy if you have questions about when you can get a covered refill.
- The Participating Pharmacy may reduce the day supply dispensed at the applicable Cost Share to a 30-day supply in any 30-day period if it determines that the drug or supply is in limited supply in the market or for certain other items. Your Participating Pharmacy can tell you if a drug or supply you use is one of these items.
- For certain drugs or supplies we may limit the amount of a drug or supply that is covered for a specified time frame. Quantity limits are in place to ensure safe and appropriate use of a drug or supply. Drugs and supplies subject to quantity limits are indicated on our drug formulary, available at **kp.org/formulary**. You may also contact Member Services for more information.
- Not all drugs are available through mail order. Examples of drugs that cannot be mailed include controlled substances as determined by state and/or federal regulations, drugs that require special handling, and drugs affected by temperature.

Outpatient Prescription Drug Rider Exclusions

- Any packaging, such as blister or bubble repacking, other than the dispensing pharmacy's standard packaging.
- Brand-Name Drugs for which a Generic Drug is available, unless approved. Refer to the "Prior Authorization and Step Therapy Prescribing Criteria" section.
- Drugs prescribed for an indication if the FDA has determined that use of that drug for that indication is contraindicated.
- Drugs prescribed for an indication if the FDA has not approved the drug for that indication, except that this exclusion does not apply if the Oregon Health Evidence Review Commission or our Regional Formulary and Therapeutics Committee determines that the drug is recognized as effective for that use (i) in one of the standard reference compendia, or (ii) in the majority of relevant peer-reviewed medical literature, or (iii) by the Secretary of the U.S. Department of Health and Human Services.
- Drugs and supplies ordered from the Mail-Order Pharmacy to addresses outside of Oregon or Washington.

- Drugs and supplies that are available without a prescription, even if the non-prescription item is in a different form or different strength (or both), except that this exclusion does not apply to non-prescription drugs or supplies described under "Covered Drugs and Supplies" in the "Limited Outpatient Prescription Drugs and Supplies" section of the *EOC*.
- Drugs, biological products, and devices that the FDA has not approved.
- Drugs and supplies to treat sexual dysfunction are excluded except for drugs that are FDA-approved to treat behavioral health symptoms of sexual dysfunction.
- Drugs used to enhance athletic performance.
- Extemporaneously compounded drugs, unless the formulation is approved by our Regional Formulary and Therapeutics Committee.
- Internally implanted time-release drugs, except that internally implanted time-release contraceptive drugs are covered.
- Nutritional supplements.
- Outpatient drugs that require professional administration by medical personnel or observation by medical personnel during self-administration (refer instead to the "Limited Outpatient Prescription Drugs and Supplies" section).
- Replacement of drugs and supplies due to loss, damage, or carelessness. This exclusion does not apply to drugs used to treat Substance Use Disorder.

Outpatient Prescription Drug Rider Benefit Summary

Outpatient Prescription Drugs and Supplies	**Participating Pharmacies You Pay**
Generic Drugs	$10 for up to a 30-day supply after Deductible
Generic Drugs from our Mail-Order Pharmacy	$10 for up to a 30-day supply after Deductible $20 for a 31- to 90-day supply after Deductible

Fertility drugs up to a $10,000 lifetime benefit maximum	20% Coinsurance for up to a 30-day supply after Deductible

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST HEARING AID RIDER

This rider is part of the *Evidence of Coverage* (*EOC*) to which it is attached. All provisions of this rider become part of the *EOC* "Benefits" section, except for the "Hearing Aid Rider Benefit Summary," which becomes part of the *EOC* "Benefit Summary." This entire benefit rider is therefore subject to all the terms and provisions of the *EOC*. The hearing aid exclusion in the *EOC* "Exclusions and Limitations" section does not apply to Services we cover under this rider.

Hearing aid Services covered under this "Hearing Aid Rider" are only for Members who are the Dependent Limiting Age and older, as shown in the "Benefit Summary." Dependents who are under the Dependent Limiting Age are not covered under this "Hearing Aid Rider," but are covered instead as described under "Hearing Aids and Other Hearing Devices" in the "Benefits" section of the *EOC*.

Hearing Aids

We cover prescription hearing aids, visits to determine the appropriate hearing aid model, visits to verify that the hearing aid conforms to the prescription, and visits for fitting, counseling, adjustment, cleaning, and inspection. These Services are covered only when received from Participating Providers.

Hearing exams to determine the need for hearing correction and to provide a prescription for hearing aids are not covered under this "Hearing Aid Rider" (see the "Benefits" section of the *EOC*).

We provide an allowance for each ear toward the price of a hearing aid. The allowance is shown in the "Hearing Aid Rider Benefit Summary." You do not have to use the allowances for both ears at the same time, but we will not provide the allowance for an ear if we have previously covered a hearing aid for that ear within the same benefit period shown in the "Hearing Aid Rider Benefit Summary," under this or any other evidence of coverage (including riders) with the same group number printed on this *EOC*.

The date we cover a hearing aid is the date on which you are fitted for the hearing aid. Therefore, if you are fitted for a hearing aid while you are covered under this *EOC*, and if we would otherwise cover the hearing aid, we will cover the hearing aid even if you do not receive the hearing aid until after you are no longer covered under this *EOC*.

Covered hearing aids are electronic devices worn on the person for the purpose of amplifying sound and assisting in the process of hearing, including an ear mold, if necessary, and are limited to one of the following digital models: (i) in-the-ear; (ii) behind-the-ear; (iii) on-the-body (Body Aid Model); or (iv) canal/CIC aids.

Hearing Aid Exclusions

- Bone anchored hearing aids.
- Cleaners, moisture guards, and assistive listening devices (for example, FM systems, cell phone or telephone amplifiers, and personal amplifiers designed to improve your ability to hear in a specific listening situation).
- Hearing aids that were fitted before you were covered under this *EOC* (for example, a hearing aid that was fitted during the previous contract year will not be covered under this *EOC*, though it might be covered under your evidence of coverage for the previous contract year).
- Internally implanted hearing aids.
- Non-prescription hearing aids.
- Repair of hearing aids beyond the warranty period.
- Replacement of lost or broken hearing aids, if you have exhausted (used up) your allowance.

- Replacement parts and batteries.

Hearing Aid Rider Benefit Summary

Hearing Aid Services	You Pay
Visits for hearing aid Services	20% Coinsurance after Deductible
Hearing aids $2,000 allowance for each hearing aid per ear every 36 months	After Deductible is met, you pay any amount by which price exceeds allowance

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST FERTILITY TREATMENT SERVICES RIDER

This rider is part of the *Evidence of Coverage* (*EOC*) to which it is attached. All provisions of this rider become part of the *EOC* "Benefits" section, except for the "Fertility Treatment Services Rider Benefit Summary," which becomes part of the *EOC* "Benefit Summary." This entire benefit rider is therefore subject to all the terms and provisions of the *EOC*. The "Fertility Services Exclusions" section in the *EOC* does not apply to Services we cover under this rider.

The following section is added to the *EOC* "Benefits" section:

Fertility Treatment Services

We cover fertility treatment Services, including Services related to conception by artificial means, such as artificial insemination, in vitro fertilization (IVF), gamete intrafallopian transfer (GIFT), and zygote intrafallopian transfer (ZIFT). Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company. You may request Utilization Review criteria by calling Member Services. These Services are covered only when received from Participating Providers.

Diagnostic Services for fertility are covered as described under the "Fertility Services" section in the "Benefits" section of the *EOC*.

This benefit has a Lifetime Benefit Maximum. For purposes of this rider, a Lifetime Benefit Maximum means we will not cover more than the amount shown in the "Fertility Treatment Services Rider Benefit Summary" for all covered fertility treatment Services during your lifetime. Your Lifetime Benefit Maximum is calculated by adding up the Charges for all Services we covered for treatment of fertility and subtracting any Cost Share you paid for those Services.

Fertility Treatment Services Exclusions

- The cost of donor semen, donor eggs, and Services related to their procurement and storage (such as cryopreservation).
- Oral and injectable drugs prescribed for fertility treatment unless your Group has purchased an "Outpatient Prescription Drug Rider" that includes coverage for fertility drugs.
- Services to reverse voluntary, surgically induced infertility.

Fertility Treatment Services Rider Benefit Summary

	You Pay
Fertility treatment Services up to a $20,000 Lifetime Benefit Maximum	20% Coinsurance after Deductible

NOTES

KAISER PERMANENTE®

2025 *Group Agreement* and *Evidence of Coverage* Summary of Changes and Clarifications for Oregon Large Employer Groups

This is a summary of changes and clarifications that we made to your *Group Agreement* for the 2025 plan year. The *Group Agreement* includes the *Evidence of Coverage* (*EOC*), *Benefit Summary*, and any applicable notices, riders, and endorsement documents. This summary does not include minor changes and clarifications we are making to improve the readability and accuracy of the *Group Agreement*, or changes that may occur throughout the remainder of the plan year as a result of federal or state mandates.

Other plan-specific or product-specific benefit changes, including changes to deductible, copayment, or coinsurance amounts, may apply to your plan. Please refer to the 2025 renewal proposal and/or confirmation for your group and the 2025 Oregon and Washington Plan Changes document for information about these types of changes.

This Summary of Changes and Clarifications supplements the information contained in your *Group Agreement*. In the event of conflict between this summary and the *Group Agreement*, the *Group Agreement* shall control. Unless another date is listed, the changes described in this summary are effective when your *Group Agreement* renews in 2025. The products named below are offered and underwritten by Kaiser Foundation Health Plan of the Northwest.

Changes and Clarifications that Apply to Medical Plans

These changes apply to Kaiser Permanente's commercial (non-Medicare) group plans. Changes to our Senior Advantage plans may be found at the end of this summary.

Benefit Changes

- **Kaiser Permanente at Home in HDHP Plans**. The Kaiser Permanente at Home benefit has been removed from High Deductible plans.

Benefit Clarifications

- **Bariatric Surgery Services.** For groups that cover Bariatric Surgery, the "Bariatric Surgery Services" section of the *Benefit Summary* was updated to include a row for "Outpatient surgery visit." This change is also reflected in the "Bariatric Surgery Services" section of the *EOC*.
- **Cochlear Implants**. We added a "Cochlear implant surgery visit" row under the "Outpatient Services" section of the *Benefit Summary* to indicate the cost share for this service is only subject to the Deductible in High-Deductible plans. Additionally, we removed mention of cochlear implants from the "Benefits for Inpatient Hospital Services" section of the *EOC* as this service is performed as an outpatient procedure.
- **Eye Exam Clarifying Language**. In the "Benefits for Outpatient Services" section of the *EOC*, the eye exam bullet was altered to clarify that refraction exams are included in covered eye exams.
- **Hearing Aids Age Limit Language**. We made minor revisions in the "Hearing Aids and Other Hearing Devices" section of the *EOC* and *Benefit Summary* to clarify that Services covered under the section are available to all Members under the Dependent Limiting Age. One such revision included changing the section title from "Hearing Aids and Other Hearing Devices for Dependents" to "Hearing Aids and Other Hearing Devices."

- **Rehabilitative Therapy Services**. We removed the rehabilitative therapy Services bullet from the "Benefits for Outpatient Services" and "Benefits for Inpatient Hospital Services" sections of the *EOC* to reduce redundancy, as more information about these Services can be found in the "Rehabilitative Therapy Services" section.
- **Substance Use Disorder Prescriptions**. In accordance with OR House Bill 4002, we made minor edits in the "Limited Outpatient Prescription Drugs and Supplies" section of the *EOC* and in the "Outpatient Prescription Drug Rider" to clarify the early refill and prior authorization requirements around Substance Use Disorder medications.

Other Changes or Clarifications

- **Added Choice Network Name Change**. The term "Select," which was used to describe the facility, pharmacy, physician, or provider that contracts directly with Kaiser Permanente in the Added Choice® product documents, was changed to "KP Select".
- **Allowances.** We added clarification in the Added Choice® and PPO Plus *Benefit Summaries* that any applicable day limits are also combined for benefits received from all provider types unless otherwise indicated in the *EOC*.
- ***Benefit Summary* Introductory Paragraph Edit**. In the Traditional, Deductible, and High-Deductible *Benefit Summary* introductory paragraphs, we removed the sentence referencing exclusions, limitations, and reductions, as this information is redundant and already provided in the *EOC*.
- **External Review.** We revised the "External Review" section of the *EOC* to reflect that in certain circumstances, the external review process no longer requires a signed waiver prior to review.
- **Gender Inclusivity.** Throughout the *EOC* we have made minor updates to remove some gendered language.
- **Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance.** In the *EOC*, the Third Party Administrator and address for filing claims or legal action against another party or insurer has changed from "Equian, LLC" to "The Phia Group, LLC."
- **Member Register URL.** The URL in the sections of the *EOC* that direct members where to register was updated from **kp.org** to **kp.org/register** for a more direct link to register.
- **Post-Service Claims - Services Already Received Revisions.** We made minor revisions in the "Post-Service Claims - Services Already Received" section of the *EOC* to make it clear that information in this section also applies to pharmacy claims.
- **Primary Care Provider Paneling**. In accordance with 2022 Oregon Senate Bill 1529 and 2024 Oregon House Bill 4010, we have made several changes to the *EOC* including:
    - Adding a definition of "Primary Care Provider" to the "Definitions" section;
    - Revising the "Your Primary Care Provider" section to include information on the Primary Care Provider (PCP) paneling process and create standardized language between product types; and
    - In the PPO Plus plan, adding the "Your Primary Care Provider" section to the *EOC* to match the other products.
- **Provider Title Change.** In accordance with Oregon House Bill 4010, we have revised our *EOC* to update the term "Physician Assistant" to "Physician Associate."
- **Removal of the "Women's Health Care Services" Section.** We removed the "Women's Health Care Services" section in the *EOC* to reduce redundancy, as the information in that section is addressed in

other "Benefits" sections. This does not apply to the PPO Plus or Dual Choice *EOC*, as the "Women's Health Care Services" section was not present in those products.

Changes and Clarifications that Apply to Medical Benefit Riders

Other Changes or Clarifications

- **Hearing Aids Age Limit Language**. We made minor revisions in the "Hearing Aid Rider" to clarify that Services covered under the Rider are available to Members who are the Dependent Limiting Age and older. Members under the Dependent Limiting Age are covered as described under the "Hearing Aids and Other Hearing Devices" section of the *EOC*.
- **URL Changes for Dual Choice Riders.** The existing product specific URL page (**kp.org/dualchoice/nw**) was changed in the Dual Choice "Pediatric Vision Hardware and Optical Services Rider" and "Hearing Aid Rider" to the more general **kp.org/choiceproducts/nw** landing page to improve members' navigation experience at **kp.org**, and match the information members will see on their ID cards and other member materials.

Changes and Clarifications that Apply to Dental Plans

Benefit Changes

- **Nightguard Frequency Limitation**. We added a nightguard frequency limitation of one every five years.
- **Prior Authorization Revisions**. In the PPO Dental *EOC,* we made minor language modifications in the "Prior Authorization" section to improve readability and minimize redundant language found in other sections.

Benefit Clarifications

- **Full Mouth Gross Debridement Limitation**. In the "Exclusions and Limitations" section of the Traditional Dental plan *EOC* we added a limitation for full mouth gross debridement of once every 36 months.

Other Changes or Clarifications

- **Deductible Definition**. We removed redundant language from the "Deductible" definition in the PPO Dental *EOC*.
- **Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance.** In the *EOC*, the Third Party Administrator and address for filing claims or legal action against another party or insurer has changed from "Equian, LLC" to "The Phia Group, LLC."
- **Least Costly Treatment Alternative**. We altered the least costly treatment language in the "Benefits" section of the Traditional Dental *EOC* for improved readability and to reduce redundancy.
- **Member Register URL.** In the Traditional Dental *EOC*, the URL in the sections of the *EOC* that direct members where to register was updated from **kp.org/dental/nw** to **kp.org/register** for a more direct registration link.
- **Post-Service Claims Address**. In the "Post-Service Claims – Services Already Received" and "Post-service Claim" sections of the Traditional Dental *EOC*, we updated the address where Members can send dental claims for services they received from Non-Participating Providers without a referral.

- **Provider Definition Changes**. We made edits to the "Non-Participating Provider," "Participating Dentist," and "Participating Provider" definitions in the *EOC* for added clarity and alignment across products.

Changes and Clarifications that Apply to Senior Advantage Plans

Benefit Changes or Clarifications

- **Primary Care Provider Paneling.** We updated *EOC* language in Chapter 3, Section 2.1, to show that Members will be required to choose one of our available network providers to be their primary care provider (PCP). If a member does not choose a PCP, a PCP or primary care team will be assigned to the member, and the member will be notified. Members can change their assigned PCP at any time.
- **Fitness Benefit.** We updated the *Medical Benefits Chart* to show that the Silver&Fit® fitness program has been replaced with the One Pass™ fitness program, which includes access to in-network gyms, online fitness classes and resources, home fitness kits, and an online brain health program.
- **"Drug List" Change.** For groups with Part D coverage, we updated *EOC* language in Chapter 5, Section 6.2, and definitions in Chapter 12 related to biological products and biosimilars. As part of changes to our "Drug List," starting in 2025, original biological products can be immediately replaced with certain biosimilars. This means, for instance, if a member is taking an original biological product that is being replaced by a biosimilar, the member may not get notice of the change 30 days before we make it or get a month's supply of the original biological product at a network pharmacy. If the member is taking the original biological product at the time we make the change, the member will still get information on the specific change we made, but it may arrive after we make the change.
- **Part D Out-of-Pocket Costs.** For groups with Part D coverage, we updated Chapter 6, Sections 1.3, 5.5, and 6 of the *EOC* to show that the amount of out-of-pocket costs that a member must pay for Part D prescription drugs before moving from the Initial Coverage Stage to the Catastrophic Coverage Stage has been reduced from $8,000 to $2,000.
- **Prescription Payment Option.** For groups with Part D coverage, we added language to the *EOC* in Chapter 1, Section 4.5, and Chapter 2, Section 7, about the Medicare Prescription Payment Plan, a new payment option that works with your current drug coverage and can help you manage your drug costs by spreading them across monthly payments that vary throughout the year (January – December).

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST

A Nonprofit Corporation

Group Agreement

INTRODUCTION

This *Group Agreement* (*Agreement*), including the attached *Evidence of Coverage* (*EOC)* incorporated herein by reference, and any amendments, constitutes the contract between Kaiser Foundation Health Plan of the Northwest (Company) and **Bmo Financial Corp.** (Group). In this *Agreement,* some capitalized terms have special meaning; please see the "Definitions" section in the *EOC* document for terms you should know.

To be eligible under this *Agreement*, the Group must meet the underwriting requirements set forth in Company's Rate Assumptions and Requirements document.

PREMIUM

Group will pay to Company, for each Subscriber and their Dependents, the Premium amount(s) specified for each month on or before the date on the monthly invoice or, if Group is self-pay, then the date to which Company and Group agree in writing, but in no event later than the last day of the month preceding the month of coverage (the "Premium Due Date").

When this *Agreement* terminates, if Group does not have another agreement with Company, then the due date for all Premium amounts will be the earlier of: (1) the last Premium Due Date, or (2) the termination date of this *Agreement*.

Monthly Premium Amounts

Group will pay Company the following Premium amount(s) each month for each Subscriber and their Dependents. Only Members for whom Company has received the appropriate Premium payment listed below are entitled to coverage under this *Agreement*, and then only for the period for which Company has received appropriate payment.

Subscriber only: $592.39

Subscriber and Spouse: $1303.26

Subscriber, Spouse, and child(ren): $2464.31

Subscriber and child(ren): $1155.16

Medicare as Secondary Payer

Members who are eligible and enrolled in Medicare Part A or B and for whom Medicare is secondary payer are subject to the same Premium amounts (shown above) and receive the same benefits as Members who are not eligible for Medicare. Members who are eligible and enrolled in Medicare Parts A and B as secondary payer and who meet applicable eligibility requirements may also enroll in a Kaiser Permanente Senior Advantage Plan. These Members receive the coverages described in both the non-Medicare Plan and the Senior Advantage Plan, and the Premium amounts for these Members are the Premium amounts for the non-Medicare Plan (shown above).

Medicare as Primary Payer

Premium amounts are based on the assumption that Company or its designee will receive Medicare payments for Medicare-covered Services provided to certain types of Members. For each Member to whom this "Medicare as Primary Payer" section applies, Group must pay the applicable Premium shown above in this

"Monthly Premium Amounts" section if the Member is for any reason not enrolled through Group in Kaiser Permanente Senior Advantage (including inability to enroll because they do not meet the Senior Advantage Plan's eligibility requirements or Group does not offer a Senior Advantage Plan).

Those Members eligible for Medicare based on disability, end stage renal disease (ESRD), domestic partner status, or who are Medicare eligible and enrolled in COBRA will be charged the Premium amount for the non-Medicare Plan (shown above).

Members to whom this "Medicare as Primary Payer" section applies. This "Medicare as Primary Payer" section applies to Members who meet all of the following requirements:

- They are age 65 or over.
- They are eligible for Medicare Parts A and B as primary payer (i.e., retirees).

TERM OF *AGREEMENT*, ACCEPTANCE OF *AGREEMENT*, AND RENEWAL

Term of *Agreement*

Unless terminated as set forth in the "Termination of *Agreement*" section, this *Agreement* is effective for the term shown on the cover page.

Acceptance of *Agreement*

Group will be deemed as having accepted this *Agreement* and any amendments issued during the term of this *Agreement*, if Group pays Company any amount toward Premium.

Group may **not** change this *Agreement* by adding or deleting words, and any such addition or deletion is void. If Group wishes to change anything in this *Agreement*, Group must contact its Company account manager. Company might not respond to any changes or comments that Group may submit. Group may not construe Company's lack of response to any submitted changes or comments to imply acceptance. Company will issue a new *agreement* or amendment if Company and Group agree on any changes.

Renewal

This *Agreement* is guaranteed renewable but does not automatically renew. If Group complies with all of the terms of this *Agreement,* Company will offer to renew this *Agreement,* upon not less than 30 days prior written notice to Group, either by sending Group a new group *agreement* to become effective immediately after termination of this *Agreement,* or by extending the term of this *Agreement* pursuant to "Amendments Effective on Anniversary Date" in the "Amendment of *Agreement*" section. The new or extended group *agreement* will include a new term of *agreement* and other changes. If Group does not renew this *Agreement*, Group must give Company written notice as described under "Termination on Notice" in the "Termination of *Agreement*" section.

AMENDMENT OF *AGREEMENT*

Amendments Effective on Anniversary Date

Upon not less than 30 days prior written notice to Group, Company may extend the term of this *Agreement* and make other changes by amending this *Agreement* effective on the anniversary date of any year (see cover page for anniversary date).

Amendment due to Tax or Other Charges

If during the term of this *Agreement* a government agency or other taxing authority imposes or increases a tax or other charge (other than a tax on or measured by net income) upon Company, Medical Group, or Kaiser Foundation Hospitals or upon any activity of any of them, then upon 31 days prior written notice, Company may increase Group's Premium to include Group's share of the new or increased tax or charge.

Other Amendments

Company may amend this *Agreement* at any time by giving written notice to Group, in order to: (a) address any law or regulatory requirement; (b) reduce or expand the Company Service Area; or (c) increase any benefits of any Medicare product approved by the Centers for Medicare and Medicaid Services (CMS), if applicable to this *Agreement*.

TERMINATION OF *AGREEMENT*

This *Agreement* will terminate under any of the conditions listed in this "Termination of *Agreement*" section. All rights to benefits under this *Agreement* end at 11:59 p.m. PT on the termination date, except as expressly provided in the "Termination of Membership" or "Continuation of Membership" sections of *the EOC*.

If this *Agreement* terminates and Group does not replace this coverage with another Plan, Company will give Group written notice of termination not later than 10 working days after the termination date and will explain the rights of Members regarding continuation of coverage as provided by federal and state law.

If Company fails to give notice as required, this *Agreement* shall continue in effect from the date notice should have been given until the date the Group receives the notice. Company will waive the Premium for the period for which coverage is continued and the time period within which Member may exercise any right to continuation shall commence on the date that Group receives the notice. Company will properly notify Members of their right to continuation of coverage under federal and state law.

Termination on Notice

Group may terminate this *Agreement* by giving prior written notice to Company not less than 30 days prior to the termination date and remitting all amounts payable relating to this *Agreement*, including Premium, for the period through the termination date.

Termination due to Nonacceptance of Amendments

All amendments are deemed accepted by Group unless Group gives Company written notice of nonacceptance at least 15 days before the effective date of the amendment in which case this *Agreement* will terminate the day before the effective date of the amendment.

Termination for Nonpayment

When Group fails to pay Premium on or before the Premium Due Date, Group shall have a period of at least 31 days to pay all Premiums owed ("Grace Period"). The Grace Period shall begin the day after the Premium Due Date. If Group fails to pay all Premiums owed (including those owed for the Grace Period) on or before the last day of the Grace Period, then Company may, at its option and in lieu of any other remedy, terminate this Agreement without further extension or consideration.

Company will notify Group of the past-due amount and the effective date of termination. Such notice shall be sent at least 10 days prior to the effective date of termination. Group shall continue to be liable for all Premiums due through the date of termination.

This Agreement will remain in full force and effect throughout the Grace Period and Group will remain responsible for payment of Premiums. If Company receives full payment of Premiums on or before the last day of the Grace Period, this Agreement will remain in effect according to its terms and conditions.

If Premiums are paid after the Grace Period ends, Company may charge interest on the overdue Premiums. Interest shall not accrue during the Grace Period, and the (simple) interest rate shall be 6 percent per year or the maximum amount permitted by applicable law, whichever is less.

Termination for Fraud

Company may terminate this *Agreement* by giving at least 30 days prior written notice to Group, if Group commits fraud or makes an intentional misrepresentation of material fact as prohibited by the terms of the Plan. For example, an intentional misrepresentation of material fact occurs if Group intentionally furnishes incorrect or incomplete material information to Company or is aware that incorrect or incomplete material information has been provided to Company on enrollment or other Company forms.

Termination for Violation of Contribution or Participation Requirements

Company may terminate this *Agreement* upon 31 days prior written notice to Group, if Group fails to comply with Company's contribution or participation requirements (including those listed in the "Contribution and Participation Requirements" section).

Termination for Discontinuance of a Product or all Products within a Market

Company may terminate a particular product or all products offered in the group market as permitted by law.

Company may terminate this *Agreement* if it ceases to write new business in the group market in Oregon or in a specific service area within Oregon, or elects not to renew all of its group Plans in Oregon or in a specific service area within Oregon, or both cease offering and cease renewing all products in Oregon or a specific service area in Oregon, if Company fails to reach an agreement with health care providers. To discontinue all products, Company must: (a) notify the Director of the Department of Consumer and Business Services and all Groups; and (b) not cancel coverage for 180 days after the date of notice to the Director and Groups.

Company may terminate this *Agreement* if it elects not to offer or renew, or offer and renew, this type of Plan in Oregon or within a specific service area within Oregon. Except as provided below regarding failure to reach agreement with providers, in order to discontinue a product, Company must: (a) cease to offer and/or cease to renew this Plan for all groups; (b) offer (in writing) to each group covered by this Plan, enrollment in any other Plan offered by Company in the group market, not less than 90 days prior to discontinuance; and (c) act uniformly without regard to claims experience of affected groups or the health status of any current or prospective Member.

Company may terminate this *Agreement* if the Director of the Department of Consumer and Business Services orders Company to discontinue coverage upon finding that continuation of coverage (a) would not be in the best interests of the Members; or (b) would impair Company's ability to meet its contractual obligations.

Company may terminate this *Agreement* by providing not less than 90 days prior written notice if there are no Members covered under this *Agreement*.

Company may terminate this *Agreement* if it is unable to reach an agreement with the health care providers to provide Services within a specific service area. Company must: (a) cease to offer and cease to renew this Plan for all groups within the service area; and (b) not less than 90 days prior to discontinuance, notify the Director of the Department of Consumer and Business Services and each group in that service area of the decision to discontinue offering the Plan(s) and offer all other group Plans available in that service area.

CONTRIBUTION AND PARTICIPATION REQUIREMENTS

No change in Group's contribution or participation requirements is effective for purposes of this *Agreement* unless Company consents in writing.

Group must:

- Meet all underwriting requirements set forth in Company's Rate Assumptions and Requirements document.
- With respect to all persons entitled to coverage under Group's Plan(s), offer enrollment in Company's Plan to all such persons on conditions no less favorable than those for any other Plan available through Group.
- Permit Company to examine Group's records with respect to contribution and participation requirements, eligibility, and payments under this *Agreement*.

MISCELLANEOUS PROVISIONS

Administration of *Agreement*

Company may adopt policies, procedures, rules, and interpretations to promote efficient administration of this *Agreement*.

Assignment

Company may assign this *Agreement*. Group may not assign this *Agreement* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without Company's prior written consent. This *Agreement* shall be binding on the successors and permitted assignees of Company and Group.

Attorney Fees and Costs

If Company or Group institutes legal action against the other to collect any sums owed under this *Agreement*, the party that substantially prevails will be reimbursed for its reasonable costs of collection, including attorneys' fees, by the other party.

Governing Law

Except as preempted by federal law, this *Agreement* will be governed in accord with Oregon law and any provision that is required to be in this *Agreement* by state or federal law shall bind Group and Company regardless of whether that provision is set forth in this *Agreement*.

Grandfathered Health Plan Coverage

For any coverage identified in an *EOC* as a "grandfathered health plan" under the Patient Protection and Affordable Care Act and regulations, Group must immediately inform Company if this coverage does not meet (or no longer meets) the requirements for grandfathered status. This includes, but is not limited to, any change in its contribution rate to the cost of any grandfathered health plan(s) during the contract year. Group represents that, for any coverage identified as a grandfathered health plan in the applicable *EOC*, Group has not decreased its contribution rate more than five percent for any rate tier in that plan when compared to the contribution rate in effect on March 23, 2010, for the same plan. Company will rely on Group's representation when issuing and/or continuing grandfathered health plan coverage.

Nonduplication Agreement

Company agrees to undertake performance of the following regulatory requirements, and Group may rely on Company's performance in order to satisfy its obligation to perform the same activities with respect to the coverages issued to Group by Company:

- Preparation and publication of machine-readable files on a public website for in-network rates and billed charges and Allowed Amounts for out-of-network providers in the required form and manner as set forth in applicable regulations and any sub-regulatory guidance;

- Provision of an internet, self-service tool as well as paper reports and telephone assistance to provide personalized estimates of cost sharing for 500 shoppable services beginning on January 1, 2023, and for all covered services as of January 1, 2024, as set forth in applicable regulations and any sub-regulatory guidance;
- Annual reporting of prescription drug and health care costs reporting required to be furnished in accordance with applicable regulations and any sub-regulatory guidance;
- Publication of a consumer notice regarding federal and, when applicable, any state legal requirements related to balance billing by non-participating providers in accordance with applicable regulations and any sub-regulatory guidance;
- Annual reporting of data related to the provision and cost of air ambulance services for 2022 and 2023 in the required form and manner as set forth in applicable regulations and any sub-regulatory guidance; and
- Annual submission of a Gag Clause Prohibition Compliance Attestation in the required form and manner as set forth in applicable regulations, if any, and sub-regulatory guidance.

No Waiver

Company's failure to enforce any provision of this *Agreement* will not constitute a waiver of that or any other provision or impair Company's right thereafter to require Group's strict performance of any provision.

Notices

Notices must be sent to the addresses listed below, except that Company or Group may change its address for notices by giving written notice to the other. Notices are deemed given when delivered in person, sent via email, or deposited in a U.S. Postal Service receptacle for the collection of U.S. mail.

Notices from Company to Group will be sent to:

Group Contact	Shannon Sarcia-Carlson
Group Name	Bmo Financial Corp.
Group Address	395 N Executive Dr
Group Address	
Group Address	Brookfield, WI 53005
Producer Contact	Beth Grellner
Producer Name	Willis Towers Watson US LLC (Los Angeles)
Producer Address	Lockbox 28852
Producer Address	
Producer Address	New York, NY 10087

Note: When Company sends Group a new (or renewed) group *agreement*, Company will enclose a summary that discusses the changes Company has made to this *Agreement*. Groups that want information about changes before receiving the new group *agreement* may request advance information from Group's Company account manager. Also, if Group designates in writing a third party such as a "Producer of Record," Company may send the advance information to the third party rather than to Group (unless Group requests a copy also).

Notices from Group to Company regarding billing and enrollment must be sent to:

Kaiser Foundation Health Plan of the Northwest
P.O. Box 23127
San Diego, CA 92193
Or emailed to: **csc-den-roc-group@kp.org**

Notices from Group to Company regarding Premium payments must be sent to:

Kaiser Foundation Health Plan of the Northwest
PO Box 34178
Seattle, WA 98124

Notices from Group to Company regarding termination of this *Agreement* must be sent to the Group's account manager at:

Kaiser Foundation Health Plan of the Northwest
500 NE Multnomah Street, Suite 100
Portland, OR 97232

Other Group Coverages that Cover Essential Health Benefits (EHBs)

Essential Health Benefits means benefits that the U.S. Department of Health and Human Services (HHS) Secretary defines as essential health benefits. Essential Health Benefits must be equal to the scope of benefits provided under a typical employer plan, except that they must include at least the following: ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services (including oral and vision care).

For each non-grandfathered non-Medicare health plan coverage, except for any retiree-only coverage, Group must do all of the following if Group provides Company Members with other medical or dental coverage (for example, separate pharmacy coverage) that covers any Essential Health Benefits that Company coverage does not cover:

- Notify Company of the Out-of-Pocket Maximum (OOPM) that applies to those Essential Health Benefits in each of the other medical or dental coverages.
- Ensure that the sum of the OOPM in Company's coverage plus the OOPMs that apply to those Essential Health Benefits in all of the other medical and dental coverages does not exceed the annual limitation on cost sharing described in 45 CFR 156.130.

Premium Rebates

If state or federal law requires Company to rebate premiums from this or any earlier contract year and Company rebates premiums to Group, Group represents that Group will use that rebate for the benefit of Members, in a manner consistent with the requirements of the Public Health Service Act, the Affordable Care Act, and the obligations of a fiduciary under the Employee Retirement Income Security Act (ERISA).

Reporting Membership Changes and Retroactivity

Company's billing statement to Group explains how to report membership changes. Group's Kaiser Permanente account manager can also provide Group with this information. Group must report membership changes (including sending Company-approved membership forms) within the time limit for retroactive changes and in accord with any applicable "rescission" provisions of the Patient Protection and Affordable Care Act and regulations. The time limit for retroactive membership changes is the calendar month when Company's San Diego Service Center receives Group's notification of the change plus the previous two months unless Company agrees otherwise in writing.

Representation Regarding Waiting Periods

Pursuant to section 2708 of the Public Health Service Act (PHSA) and 45 CFR 147.116(b), Group hereby represents that Group does not impose a waiting period exceeding 90 days on its employees who meet

Group's substantive eligibility requirements. (A waiting period is the period that must pass before coverage for an individual who is otherwise eligible to enroll under the terms of a group health plan can become effective, including completion of Group's reasonable and bona fide employment-based orientation period that does not exceed one month, if any.)

In addition, Group represents that eligibility data provided by the Group to Company will include coverage effective dates for Group's employees that correctly account for eligibility in compliance with the waiting period requirements in 45 CFR 147.116.

Social Security and Tax Identification Numbers

Within 60 days after Company sends Group a written request, Group will send Company a list of all Members covered under this *Agreement,* along with the following:

- The Member's Social Security number.
- The tax identification number of the employer of the Subscriber in the Member's Family.
- Any other information that Company is required by law to collect.

Summaries of Benefits and Coverage

Group will provide electronic or paper summaries of benefits and coverage (SBCs) to participants and beneficiaries to the extent required by law, except that Company will provide SBCs to Members who make a request to Company.

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST

A Nonprofit Corporation

Group Agreement

INTRODUCTION

This *Group Agreement* (*Agreement*), including the attached *Evidence of Coverage* (*EOC)* incorporated herein by reference, and any amendments, constitutes the contract between Kaiser Foundation Health Plan of the Northwest (Company) and **Bmo Financial Corp.** (Group). In this *Agreement,* some capitalized terms have special meaning; please see the "Definitions" section in the *EOC* document for terms you should know.

To be eligible under this *Agreement*, the Group must meet the underwriting requirements set forth in Company's Rate Assumptions and Requirements document.

PREMIUM

Group will pay to Company, for each Subscriber and their Dependents, the Premium amount(s) specified for each month on or before the date on the monthly invoice or, if Group is self-pay, then the date to which Company and Group agree in writing, but in no event later than the last day of the month preceding the month of coverage (the "Premium Due Date").

When this *Agreement* terminates, if Group does not have another agreement with Company, then the due date for all Premium amounts will be the earlier of: (1) the last Premium Due Date, or (2) the termination date of this *Agreement*.

Monthly Premium Amounts

Group will pay Company the following Premium amount(s) each month for each Subscriber and their Dependents. Only Members for whom Company has received the appropriate Premium payment listed below are entitled to coverage under this *Agreement*, and then only for the period for which Company has received appropriate payment.

Subscriber only: $1017.24

Subscriber and Spouse: $2237.92

Subscriber, Spouse, and child(ren): $4231.70

Subscriber and child(ren): $1983.61

Medicare as Secondary Payer

Members who are eligible and enrolled in Medicare Part A or B and for whom Medicare is secondary payer are subject to the same Premium amounts (shown above) and receive the same benefits as Members who are not eligible for Medicare. Members who are eligible and enrolled in Medicare Parts A and B as secondary payer and who meet applicable eligibility requirements may also enroll in a Kaiser Permanente Senior Advantage Plan. These Members receive the coverages described in both the non-Medicare Plan and the Senior Advantage Plan, and the Premium amounts for these Members are the Premium amounts for the non-Medicare Plan (shown above).

Medicare as Primary Payer

Premium amounts are based on the assumption that Company or its designee will receive Medicare payments for Medicare-covered Services provided to certain types of Members. For each Member to whom this "Medicare as Primary Payer" section applies, Group must pay the applicable Premium shown above in this

"Monthly Premium Amounts" section if the Member is for any reason not enrolled through Group in Kaiser Permanente Senior Advantage (including inability to enroll because they do not meet the Senior Advantage Plan's eligibility requirements or Group does not offer a Senior Advantage Plan).

Those Members eligible for Medicare based on disability, end stage renal disease (ESRD), domestic partner status, or who are Medicare eligible and enrolled in COBRA will be charged the Premium amount for the non-Medicare Plan (shown above).

Members to whom this "Medicare as Primary Payer" section applies. This "Medicare as Primary Payer" section applies to Members who meet all of the following requirements:

- They are age 65 or over.
- They are eligible for Medicare Parts A and B as primary payer (i.e., retirees).

TERM OF *AGREEMENT*, ACCEPTANCE OF *AGREEMENT*, AND RENEWAL

Term of *Agreement*

Unless terminated as set forth in the "Termination of *Agreement*" section, this *Agreement* is effective for the term shown on the cover page.

Acceptance of *Agreement*

Group will be deemed as having accepted this *Agreement* and any amendments issued during the term of this *Agreement*, if Group pays Company any amount toward Premium.

Group may **not** change this *Agreement* by adding or deleting words, and any such addition or deletion is void. If Group wishes to change anything in this *Agreement*, Group must contact its Company account manager. Company might not respond to any changes or comments that Group may submit. Group may not construe Company's lack of response to any submitted changes or comments to imply acceptance. Company will issue a new *agreement* or amendment if Company and Group agree on any changes.

Renewal

This *Agreement* is guaranteed renewable but does not automatically renew. If Group complies with all of the terms of this *Agreement,* Company will offer to renew this *Agreement,* upon not less than 30 days prior written notice to Group, either by sending Group a new group *agreement* to become effective immediately after termination of this *Agreement,* or by extending the term of this *Agreement* pursuant to "Amendments Effective on Anniversary Date" in the "Amendment of *Agreement*" section. The new or extended group *agreement* will include a new term of *agreement* and other changes. If Group does not renew this *Agreement*, Group must give Company written notice as described under "Termination on Notice" in the "Termination of *Agreement*" section.

AMENDMENT OF *AGREEMENT*

Amendments Effective on Anniversary Date

Upon not less than 30 days prior written notice to Group, Company may extend the term of this *Agreement* and make other changes by amending this *Agreement* effective on the anniversary date of any year (see cover page for anniversary date).

Amendment due to Tax or Other Charges

If during the term of this *Agreement* a government agency or other taxing authority imposes or increases a tax or other charge (other than a tax on or measured by net income) upon Company, Medical Group, or Kaiser Foundation Hospitals or upon any activity of any of them, then upon 31 days prior written notice, Company may increase Group's Premium to include Group's share of the new or increased tax or charge.

Other Amendments

Company may amend this *Agreement* at any time by giving written notice to Group, in order to: (a) address any law or regulatory requirement; (b) reduce or expand the Company Service Area; or (c) increase any benefits of any Medicare product approved by the Centers for Medicare and Medicaid Services (CMS), if applicable to this *Agreement*.

TERMINATION OF *AGREEMENT*

This *Agreement* will terminate under any of the conditions listed in this "Termination of *Agreement*" section. All rights to benefits under this *Agreement* end at 11:59 p.m. PT on the termination date, except as expressly provided in the "Termination of Membership" or "Continuation of Membership" sections of *the EOC*.

If this *Agreement* terminates and Group does not replace this coverage with another Plan, Company will give Group written notice of termination not later than 10 working days after the termination date and will explain the rights of Members regarding continuation of coverage as provided by federal and state law.

If Company fails to give notice as required, this *Agreement* shall continue in effect from the date notice should have been given until the date the Group receives the notice. Company will waive the Premium for the period for which coverage is continued and the time period within which Member may exercise any right to continuation shall commence on the date that Group receives the notice. Company will properly notify Members of their right to continuation of coverage under federal and state law.

Termination on Notice

Group may terminate this *Agreement* by giving prior written notice to Company not less than 30 days prior to the termination date and remitting all amounts payable relating to this *Agreement*, including Premium, for the period through the termination date.

Termination due to Nonacceptance of Amendments

All amendments are deemed accepted by Group unless Group gives Company written notice of nonacceptance at least 15 days before the effective date of the amendment in which case this *Agreement* will terminate the day before the effective date of the amendment.

Termination for Nonpayment

When Group fails to pay Premium on or before the Premium Due Date, Group shall have a period of at least 31 days to pay all Premiums owed ("Grace Period"). The Grace Period shall begin the day after the Premium Due Date. If Group fails to pay all Premiums owed (including those owed for the Grace Period) on or before the last day of the Grace Period, then Company may, at its option and in lieu of any other remedy, terminate this Agreement without further extension or consideration.

Company will notify Group of the past-due amount and the effective date of termination. Such notice shall be sent at least 10 days prior to the effective date of termination. Group shall continue to be liable for all Premiums due through the date of termination.

This Agreement will remain in full force and effect throughout the Grace Period and Group will remain responsible for payment of Premiums. If Company receives full payment of Premiums on or before the last day of the Grace Period, this Agreement will remain in effect according to its terms and conditions.

If Premiums are paid after the Grace Period ends, Company may charge interest on the overdue Premiums. Interest shall not accrue during the Grace Period, and the (simple) interest rate shall be 6 percent per year or the maximum amount permitted by applicable law, whichever is less.

Termination for Fraud

Company may terminate this *Agreement* by giving at least 30 days prior written notice to Group, if Group commits fraud or makes an intentional misrepresentation of material fact as prohibited by the terms of the Plan. For example, an intentional misrepresentation of material fact occurs if Group intentionally furnishes incorrect or incomplete material information to Company or is aware that incorrect or incomplete material information has been provided to Company on enrollment or other Company forms.

Termination for Violation of Contribution or Participation Requirements

Company may terminate this *Agreement* upon 31 days prior written notice to Group, if Group fails to comply with Company's contribution or participation requirements (including those listed in the "Contribution and Participation Requirements" section).

Termination for Discontinuance of a Product or all Products within a Market

Company may terminate a particular product or all products offered in the group market as permitted by law.

Company may terminate this *Agreement* if it ceases to write new business in the group market in Oregon or in a specific service area within Oregon, or elects not to renew all of its group Plans in Oregon or in a specific service area within Oregon, or both cease offering and cease renewing all products in Oregon or a specific service area in Oregon, if Company fails to reach an agreement with health care providers. To discontinue all products, Company must: (a) notify the Director of the Department of Consumer and Business Services and all Groups; and (b) not cancel coverage for 180 days after the date of notice to the Director and Groups.

Company may terminate this *Agreement* if it elects not to offer or renew, or offer and renew, this type of Plan in Oregon or within a specific service area within Oregon. Except as provided below regarding failure to reach agreement with providers, in order to discontinue a product, Company must: (a) cease to offer and/or cease to renew this Plan for all groups; (b) offer (in writing) to each group covered by this Plan, enrollment in any other Plan offered by Company in the group market, not less than 90 days prior to discontinuance; and (c) act uniformly without regard to claims experience of affected groups or the health status of any current or prospective Member.

Company may terminate this *Agreement* if the Director of the Department of Consumer and Business Services orders Company to discontinue coverage upon finding that continuation of coverage (a) would not be in the best interests of the Members; or (b) would impair Company's ability to meet its contractual obligations.

Company may terminate this *Agreement* by providing not less than 90 days prior written notice if there are no Members covered under this *Agreement*.

Company may terminate this *Agreement* if it is unable to reach an agreement with the health care providers to provide Services within a specific service area. Company must: (a) cease to offer and cease to renew this Plan for all groups within the service area; and (b) not less than 90 days prior to discontinuance, notify the Director of the Department of Consumer and Business Services and each group in that service area of the decision to discontinue offering the Plan(s) and offer all other group Plans available in that service area.

CONTRIBUTION AND PARTICIPATION REQUIREMENTS

No change in Group's contribution or participation requirements is effective for purposes of this *Agreement* unless Company consents in writing.

Group must:

- Meet all underwriting requirements set forth in Company's Rate Assumptions and Requirements document.
- With respect to all persons entitled to coverage under Group's Plan(s), offer enrollment in Company's Plan to all such persons on conditions no less favorable than those for any other Plan available through Group.
- Permit Company to examine Group's records with respect to contribution and participation requirements, eligibility, and payments under this *Agreement*.

MISCELLANEOUS PROVISIONS

Administration of *Agreement*

Company may adopt policies, procedures, rules, and interpretations to promote efficient administration of this *Agreement*.

Assignment

Company may assign this *Agreement*. Group may not assign this *Agreement* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without Company's prior written consent. This *Agreement* shall be binding on the successors and permitted assignees of Company and Group.

Attorney Fees and Costs

If Company or Group institutes legal action against the other to collect any sums owed under this *Agreement*, the party that substantially prevails will be reimbursed for its reasonable costs of collection, including attorneys' fees, by the other party.

Governing Law

Except as preempted by federal law, this *Agreement* will be governed in accord with Oregon law and any provision that is required to be in this *Agreement* by state or federal law shall bind Group and Company regardless of whether that provision is set forth in this *Agreement*.

Grandfathered Health Plan Coverage

For any coverage identified in an *EOC* as a "grandfathered health plan" under the Patient Protection and Affordable Care Act and regulations, Group must immediately inform Company if this coverage does not meet (or no longer meets) the requirements for grandfathered status. This includes, but is not limited to, any change in its contribution rate to the cost of any grandfathered health plan(s) during the contract year. Group represents that, for any coverage identified as a grandfathered health plan in the applicable *EOC*, Group has not decreased its contribution rate more than five percent for any rate tier in that plan when compared to the contribution rate in effect on March 23, 2010, for the same plan. Company will rely on Group's representation when issuing and/or continuing grandfathered health plan coverage.

Nonduplication Agreement

Company agrees to undertake performance of the following regulatory requirements, and Group may rely on Company's performance in order to satisfy its obligation to perform the same activities with respect to the coverages issued to Group by Company:

- Preparation and publication of machine-readable files on a public website for in-network rates and billed charges and Allowed Amounts for out-of-network providers in the required form and manner as set forth in applicable regulations and any sub-regulatory guidance;

- Provision of an internet, self-service tool as well as paper reports and telephone assistance to provide personalized estimates of cost sharing for 500 shoppable services beginning on January 1, 2023, and for all covered services as of January 1, 2024, as set forth in applicable regulations and any sub-regulatory guidance;
- Annual reporting of prescription drug and health care costs reporting required to be furnished in accordance with applicable regulations and any sub-regulatory guidance;
- Publication of a consumer notice regarding federal and, when applicable, any state legal requirements related to balance billing by non-participating providers in accordance with applicable regulations and any sub-regulatory guidance;
- Annual reporting of data related to the provision and cost of air ambulance services for 2022 and 2023 in the required form and manner as set forth in applicable regulations and any sub-regulatory guidance; and
- Annual submission of a Gag Clause Prohibition Compliance Attestation in the required form and manner as set forth in applicable regulations, if any, and sub-regulatory guidance.

No Waiver

Company's failure to enforce any provision of this *Agreement* will not constitute a waiver of that or any other provision or impair Company's right thereafter to require Group's strict performance of any provision.

Notices

Notices must be sent to the addresses listed below, except that Company or Group may change its address for notices by giving written notice to the other. Notices are deemed given when delivered in person, sent via email, or deposited in a U.S. Postal Service receptacle for the collection of U.S. mail.

Notices from Company to Group will be sent to:

Group Contact	Shannon Sarcia-Carlson
Group Name	Bmo Financial Corp.
Group Address	395 N Executive Dr
Group Address	
Group Address	Brookfield, WI 53005
Producer Contact	Beth Grellner
Producer Name	Willis Towers Watson US LLC (Los Angeles)
Producer Address	Lockbox 28852
Producer Address	
Producer Address	New York, NY 10087

Note: When Company sends Group a new (or renewed) group *agreement*, Company will enclose a summary that discusses the changes Company has made to this *Agreement*. Groups that want information about changes before receiving the new group *agreement* may request advance information from Group's Company account manager. Also, if Group designates in writing a third party such as a "Producer of Record," Company may send the advance information to the third party rather than to Group (unless Group requests a copy also).

Notices from Group to Company regarding billing and enrollment must be sent to:

Kaiser Foundation Health Plan of the Northwest
P.O. Box 23127
San Diego, CA 92193
Or emailed to: **csc-den-roc-group@kp.org**

Notices from Group to Company regarding Premium payments must be sent to:

Kaiser Foundation Health Plan of the Northwest
PO Box 34178
Seattle, WA 98124

Notices from Group to Company regarding termination of this *Agreement* must be sent to the Group's account manager at:

Kaiser Foundation Health Plan of the Northwest
500 NE Multnomah Street, Suite 100
Portland, OR 97232

Other Group Coverages that Cover Essential Health Benefits (EHBs)

Essential Health Benefits means benefits that the U.S. Department of Health and Human Services (HHS) Secretary defines as essential health benefits. Essential Health Benefits must be equal to the scope of benefits provided under a typical employer plan, except that they must include at least the following: ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services (including oral and vision care).

For each non-grandfathered non-Medicare health plan coverage, except for any retiree-only coverage, Group must do all of the following if Group provides Company Members with other medical or dental coverage (for example, separate pharmacy coverage) that covers any Essential Health Benefits that Company coverage does not cover:

- Notify Company of the Out-of-Pocket Maximum (OOPM) that applies to those Essential Health Benefits in each of the other medical or dental coverages.
- Ensure that the sum of the OOPM in Company's coverage plus the OOPMs that apply to those Essential Health Benefits in all of the other medical and dental coverages does not exceed the annual limitation on cost sharing described in 45 CFR 156.130.

Premium Rebates

If state or federal law requires Company to rebate premiums from this or any earlier contract year and Company rebates premiums to Group, Group represents that Group will use that rebate for the benefit of Members, in a manner consistent with the requirements of the Public Health Service Act, the Affordable Care Act, and the obligations of a fiduciary under the Employee Retirement Income Security Act (ERISA).

Reporting Membership Changes and Retroactivity

Company's billing statement to Group explains how to report membership changes. Group's Kaiser Permanente account manager can also provide Group with this information. Group must report membership changes (including sending Company-approved membership forms) within the time limit for retroactive changes and in accord with any applicable "rescission" provisions of the Patient Protection and Affordable Care Act and regulations. The time limit for retroactive membership changes is the calendar month when Company's San Diego Service Center receives Group's notification of the change plus the previous two months unless Company agrees otherwise in writing.

Representation Regarding Waiting Periods

Pursuant to section 2708 of the Public Health Service Act (PHSA) and 45 CFR 147.116(b), Group hereby represents that Group does not impose a waiting period exceeding 90 days on its employees who meet

Group's substantive eligibility requirements. (A waiting period is the period that must pass before coverage for an individual who is otherwise eligible to enroll under the terms of a group health plan can become effective, including completion of Group's reasonable and bona fide employment-based orientation period that does not exceed one month, if any.)

In addition, Group represents that eligibility data provided by the Group to Company will include coverage effective dates for Group's employees that correctly account for eligibility in compliance with the waiting period requirements in 45 CFR 147.116.

Social Security and Tax Identification Numbers

Within 60 days after Company sends Group a written request, Group will send Company a list of all Members covered under this *Agreement,* along with the following:

- The Member's Social Security number.
- The tax identification number of the employer of the Subscriber in the Member's Family.
- Any other information that Company is required by law to collect.

Summaries of Benefits and Coverage

Group will provide electronic or paper summaries of benefits and coverage (SBCs) to participants and beneficiaries to the extent required by law, except that Company will provide SBCs to Members who make a request to Company.

DEDUCTIBLE PLAN BENEFIT SUMMARY

This "Benefit Summary," which is part of the *Evidence of Coverage (EOC)*, is a summary of answers to the most frequently asked questions about benefits. This summary does not fully describe benefits, limitations, or exclusions. To see complete explanations of what is covered for each benefit, including exclusions and limitations, and for additional benefits that are not included in this summary, please refer to the "Benefits," "Exclusions and Limitations," and "Reductions" sections of this *EOC*. For a list of defined terms, refer to the "Definitions" section of this *EOC*.

Calendar year is the time period (Year) in which dollar, day, and visit limits, Deductibles and Out-of-Pocket Maximums accumulate.

Deductible	
Self-only Deductible per Year (for a Family of one Member)	$750
Individual Family Member Deductible per Year (for each Member in a Family of two or more Members)	$750
Family Deductible per Year (for an entire Family)	$1,500
Out-of-Pocket Maximum	
Self-only Out-of-Pocket Maximum per Year (for a Family of one Member)	$3,000
Individual Family Member Out-of-Pocket Maximum per Year (for each Member in a Family of two or more Members)	$3,000
Family Out-of-Pocket Maximum per Year (for an entire Family)	$6,000
(Note: All Deductible, Copayments, and Coinsurance amounts count toward the Out-of-Pocket Maximum, unless otherwise indicated in this *EOC*.)	
Preventive Care Services	**You Pay**
Routine preventive physical exam (includes adult, well baby, and well child)	$0
Immunizations	$0
Preventive tests	$0
Outpatient Services	**You Pay**
Primary care visit First 3 visits (or days) are any combination of in-person or telemedicine Services for primary care non-specialty medical Services, behavioral health outpatient Services, naturopathic medicine, or Substance Use Disorder outpatient Services.	$5 for first 3 visits; then $25 for additional visits in the same Year
Specialty care visit	$40
TMJ therapy visit	$25
Routine eye exam (covered until the end of the month in which Member turns 19 years of age)	$25
Routine eye exam for Members 19 years and older	$25
Nurse treatment room visits to receive injections	$10
Administered medications, including injections (all outpatient settings)	20% Coinsurance after Deductible
Urgent Care visit	$40
Emergency department visit	$300 (Waived if admitted)
Outpatient surgery visit	20% Coinsurance after Deductible
Cochlear implant surgery visit	20% Coinsurance
Vasectomy	$0
Interrupted pregnancy surgery	$0

Chemotherapy/radiation therapy visit	$25
Respiratory therapy visit	$25
Cardiac rehabilitative therapy visit	$25
Inpatient Hospital Services	**You Pay**
Room and board, surgery, anesthesia, X-ray, imaging, laboratory, and drugs	20% Coinsurance after Deductible
Vasectomy	$0
Interrupted pregnancy surgery	$0
Kaiser Permanente at Home™	**You Pay**
Medical Services in your home as an alternative to receiving acute care in a hospital	$0
Ambulance Services	**You Pay**
Per transport	20% Coinsurance after Deductible
Bariatric Surgery Services	**You Pay**
Inpatient hospital Services	20% Coinsurance after Deductible
Outpatient surgery visit	20% Coinsurance after Deductible
Behavioral Health Services	**You Pay**
Outpatient Services First 3 visits (or days) are any combination of in-person or telemedicine Services for primary care non-specialty medical Services, behavioral health outpatient Services, naturopathic medicine, or Substance Use Disorder outpatient Services.	$5 for first 3 visits; then $25 per visit for additional visits in the same Year
Intensive outpatient Services First 3 visits (or days) are any combination of in-person or telemedicine Services for primary care non-specialty medical Services, behavioral health outpatient Services, naturopathic medicine, or Substance Use Disorder outpatient Services.	$5 for first 3 days; then $25 per day for additional days in the same Year
Partial hospitalization First 3 visits (or days) are any combination of in-person or telemedicine Services for primary care non-specialty medical Services, behavioral health outpatient Services, naturopathic medicine, or Substance Use Disorder outpatient Services.	$5 for first 3 days; then $25 per day for additional days in the same Year
Assertive Community Treatment (ACT) Services	$0
Inpatient hospital Services	20% Coinsurance after Deductible
Residential Services	20% Coinsurance after Deductible
Dialysis Services	**You Pay**
Outpatient dialysis visit	$25
Home dialysis	$0
External Prosthetic Devices and Orthotic Devices	**You Pay**
External Prosthetic Devices	20% Coinsurance after Deductible
Orthotic Devices	20% Coinsurance after Deductible
Fertility Services	**You Pay**
Consultation and office visits for diagnostic Services	20% Coinsurance after Deductible
Diagnostic imaging and laboratory tests	20% Coinsurance after Deductible

Habilitative Services (Visit or day maximums do not apply to habilitative Services for treatment of Behavioral Health Conditions.)	**You Pay**
Outpatient physical, speech, and occupational therapies (up to 60 visits combined per Year)	$25
Inpatient Services	20% Coinsurance after Deductible
Hearing Aids and Other Hearing Devices	**You Pay**
Hearing exams, testing, and visits for hearing loss Services	$40
Hearing aids and assistive listening devices (for Members who are under the Dependent Limiting Age), limited to once per hearing impaired ear every 36 months.	20% Coinsurance
Home Health Services	**You Pay**
Home health (up to 120 visits per Year)	$0
Hospice Services	**You Pay**
Hospice Services (respite care limited to no more than five consecutive days in a 30-day period)	$0
Limited Outpatient Prescription Drugs and Supplies	**You Pay**
Certain preventive medications (including, but not limited to, aspirin, fluoride, and liquid iron for infants)	$0
Certain self-administered IV drugs, fluids, additives, and nutrients including the supplies and equipment required for their administration	$0
Blood glucose test strips	Refer to your Outpatient Prescription Drug Rider
Contraceptive drugs or devices	$0
Insulin	Subject to the applicable drug tier Copayment or Coinsurance shown in your Outpatient Prescription Drug Rider, up to $35 for each 30-day supply
Post-surgical immunosuppressive drugs after covered transplant Services	Refer to your Outpatient Prescription Drug Rider
Self-administered chemotherapy medications used for the treatment of cancer	Refer to your Outpatient Prescription Drug Rider
Tobacco use cessation drugs	$0
Maternity and Newborn Care	**You Pay**
Scheduled prenatal care visits and postpartum visits	$0
Maternal diabetes management, including medication and supplies (Medically Necessary Services beginning with conception and ending through six weeks postpartum)	$0
Inpatient hospital Services	20% Coinsurance after Deductible
Newborn nurse home visiting Services	$0
Medical Foods and Formula	**You Pay**
Medical foods and formula	20% Coinsurance after Deductible
Naturopathic Medicine	**You Pay**
Evaluation and treatment First 3 visits (or days) are any combination of in-person or telemedicine Services for primary care non-specialty medical Services, behavioral health outpatient Services, naturopathic medicine, or Substance Use Disorder outpatient Services.	$5 for first 3 visits; then $25 for additional visits in the same Year

Out-of-Area Coverage for Dependents	**You Pay**
Limited office visits, laboratory, diagnostic X-rays, and prescription drug fills as described in the *EOC* under "Out-of-Area Coverage for Dependents" in the "How to Obtain Services" section	20% of the actual fee the provider, facility, or vendor charged for the Service
Outpatient Durable Medical Equipment (DME)	**You Pay**
Outpatient Durable Medical Equipment (DME)	20% Coinsurance after Deductible
Home ultraviolet light therapy equipment	$0
Peak flow meters, blood glucose monitors, and lancets	20% Coinsurance
Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures	**You Pay**
Laboratory	20% Coinsurance after Deductible
Genetic testing	20% Coinsurance after Deductible
X-ray, imaging, and special diagnostic procedures	20% Coinsurance after Deductible
Diagnostic and supplemental breast imaging	$0
CT, MRI, PET scans	20% Coinsurance after Deductible
Reconstructive Surgery Services	**You Pay**
Inpatient hospital Services	20% Coinsurance after Deductible
Outpatient surgery visit	20% Coinsurance after Deductible
Rehabilitative Therapy Services (Visit or day maximums do not apply to rehabilitative therapy Services for treatment of Behavioral Health Conditions.)	**You Pay**
Outpatient physical, speech, and occupational therapies (up to 60 visits combined per Year)	$25
Inpatient Services	20% Coinsurance after Deductible
Skilled Nursing Facility Services	**You Pay**
Inpatient skilled nursing Services (up to 100 days per Year)	20% Coinsurance after Deductible
Substance Use Disorder Services	**You Pay**
Outpatient Services First 3 visits (or days) are any combination of in-person or telemedicine Services for primary care non-specialty medical Services, behavioral health outpatient Services, naturopathic medicine, or Substance Use Disorder outpatient Services.	$5 for first 3 visits; then $25 per visit for additional visits in the same Year
Inpatient hospital Services	20% Coinsurance after Deductible
Residential Services	20% Coinsurance after Deductible
Day treatment Services First 3 visits (or days) are any combination of in-person or telemedicine Services for primary care non-specialty medical Services, behavioral health outpatient Services, naturopathic medicine, or Substance Use Disorder outpatient Services.	$5 for first 3 days; then $25 per day for additional days in the same Year
Telemedicine Services	**You Pay**
Telephone visits, video visits, and e-visits Telemedicine Services for primary care count toward the first 3 visits (or days) combined with in-person Services for primary care non-specialty Services, behavioral health outpatient Services, naturopathic medicine, or Substance Use Disorder outpatient Services.	$0
Transplant Services	**You Pay**
Inpatient hospital Services	20% Coinsurance after Deductible

INTRODUCTION

This *Evidence of Coverage* (*EOC*), including the "Benefit Summary" and any benefit riders attached to this *EOC*, describes the health care benefits of this Large Group Deductible Plan provided under the *Group Agreement* (*Agreement)* between Kaiser Foundation Health Plan of the Northwest and your Group. Members are entitled to covered Services only at Participating Facilities and from Participating Providers, except as noted in this *EOC*. For benefits provided under any other Plan, refer to that Plan's evidence of coverage.

The provider network for this Deductible Plan is the Classic network.

The provisions of this *EOC* must be considered together to fully understand the benefits available under the *EOC*. In this *EOC*, Kaiser Foundation Health Plan of the Northwest is sometimes referred to as "Company," "we," "our," or "us." Members are sometimes referred to as "you." Some capitalized terms have special meaning in this *EOC*. See the "Definitions" section for terms you should know.

It is important to familiarize yourself with your coverage by reading this *EOC* and the "Benefit Summary" completely, so that you can take full advantage of your Plan benefits. Also, if you have special health care needs, carefully read the sections applicable to you.

If you would like additional information about your benefits, important health plan disclosures, or other products and services, please call Member Services or e-mail us by registering at **kp.org/register**.

Term of This EOC

This *EOC* is effective for the period stated on the cover page, unless amended. Your Group's benefits administrator can tell you whether this *EOC* is still in effect.

DEFINITIONS

The following terms, when capitalized and used in any part of this *EOC,* mean:

Allowed Amount. The lower of the following amounts:

- The actual fee the provider, facility, or vendor charged for the Service.
- 160 percent of the Medicare fee for the Service, as indicated by the applicable Current Procedural Terminology (CPT) code or Healthcare Common Procedure Coding System (HCPCS) code shown on the current Medicare fee schedule. The Medicare fee schedule is developed by the Centers for Medicare and Medicaid Services (CMS) and adjusted by Medicare geographical practice indexes. When there is no established CPT or HCPCS code indicating the Medicare fee for a particular Service, the Allowed Amount is 70 percent of the actual fee the provider, facility, or vendor charged for the Service.

Ancillary Service. Services that are:

- Related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a physician or non-physician practitioner.
- Provided by assistant surgeons, hospitalists, and intensivists.
- Diagnostic Services, including radiology and laboratory Services.
- Provided by a Non-Participating Provider if there is no Participating Provider who can furnish such Service at the facility.
- Provided as a result of unforeseen, urgent medical needs that arise at the time the Service is provided, regardless of whether the Non-Participating Provider or Non-Participating Facility satisfies the notice and consent requirements under federal law.

Behavioral Health Assessment. Behavioral Health Assessment means an evaluation by a medical or behavioral health provider, in person or using telemedicine, to determine a patient's need for behavioral health treatment, including immediate crisis stabilization.

Behavioral Health Condition. Behavioral Health Condition means a disorder as found in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)*, published by the American Psychiatric Association.

Behavioral Health Crisis. Behavioral Health Crisis means a disruption in an individual's mental or emotional stability or functioning resulting in an urgent need for immediate outpatient treatment in an emergency department or admission to a hospital to prevent a serious deterioration in the individual's behavioral or physical health.

Benefit Summary. A section of this *EOC* which provides a brief description of your medical Plan benefits and what you pay for covered Services.

Charges. Charges means the following:

- For Services provided by Medical Group and Kaiser Foundation Hospitals, the amount in Company's schedule of Medical Group and Kaiser Foundation Hospitals charges for Services provided to Members.
- For Services for which a provider or facility (other than Medical Group or Kaiser Foundation Hospitals) is compensated on a capitation basis, the amount in the schedule of charges that Company negotiates with the capitated provider.
- For Services received from other Participating Providers or Participating Facilities we contract with, the amount the provider or facility has agreed to accept as payment.
- For items obtained at a pharmacy owned and operated by Kaiser Permanente, the amount the pharmacy would charge a Member for the item if the Member's benefit Plan did not cover the pharmacy item. This amount is an estimate of: the cost of acquiring, storing, and dispensing drugs, the direct and indirect costs of providing pharmacy Services to Members, and the pharmacy program's contribution to the net revenue requirements of Company.
- For Emergency Services received from a Non-Participating Provider or Non-Participating Facility (including Post-Stabilization Care that constitutes Emergency Services under federal law), the amount required to be paid by Company pursuant to state law, when it is applicable, or federal law, including any amount determined through negotiation or an independent dispute resolution (IDR) process.
- For all other Services received from a Non-Participating Provider or Non-Participating Facility (including Post-Stabilization Services that are not Emergency Services under federal law), the amount (1) required to be paid pursuant to state law, when it is applicable, or federal law, including any amount determined through negotiation or an independent dispute resolution (IDR) process, or (2) in the event that neither state or federal law prohibiting balance billing apply, then the amount agreed to by the Non-Participating Provider and Company or, absent such an agreement, the Allowed Amount.

Coinsurance. The percentage of Charges that you must pay when you receive a covered Service.

Company. Kaiser Foundation Health Plan of the Northwest, an Oregon nonprofit corporation. This *EOC* sometimes refers to our Company as "we," "our," or "us."

Copayment. The defined dollar amount that you must pay when you receive a covered Service.

Cost Share. The Deductible, Copayment, or Coinsurance you must pay for covered Services.

Deductible. The amount you must pay for certain Services you receive in a Year before we will cover those Services, subject to any applicable Copayment or Coinsurance, in that Year. Deductible amounts include the Deductible take-over amounts as described in the "Deductible" section of this *EOC*.

Dependent. A Member who meets the eligibility requirements for a Dependent as described in the "Who Is Eligible" section.

Dependent Limiting Age. The "Premium, Eligibility, and Enrollment" section requires that most types of Dependents (other than Spouses and disabled Dependents as described in the "Dependents" section) be under the Dependent Limiting Age in order to be eligible for membership. The "Benefit Summary" shows the Dependent Limiting Age (the student Dependent Limiting Age is for students, and the general Dependent Limiting Age is for non-students).

Durable Medical Equipment (DME). A non-disposable supply or item of equipment that is able to withstand repeated use, primarily and customarily used to serve a medical purpose and generally not useful to you if you are not ill or injured.

Emergency Medical Condition. An Emergency Medical Condition means a medical condition:

- That manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in any of the following:
  - Placing the person's health (or, with respect to a pregnant person, the health of them or their unborn child) in serious jeopardy.
  - Serious impairment to bodily functions.
  - Serious dysfunction of any bodily organ or part.
- With respect to a pregnant person who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which a transfer may pose a threat to the health or safety of them or the unborn child.
- That is a Behavioral Health Crisis.

Emergency Medical Service Provider. A person who has received formal training in prehospital and emergency care, and is licensed to attend any person who is ill or injured or who has a disability. Police officers, firefighters, funeral home employees and other persons serving in a dual capacity, one of which meets this definition, are considered Emergency Medical Services Providers.

Emergency Medical Services Transport. An Emergency Medical Service Provider's evaluation and stabilization of an individual experiencing an Emergency Medical Condition and the transportation of the individual to the nearest medical facility capable of meeting the needs of the individual.

Emergency Services. All of the following with respect to an Emergency Medical Condition:

- An Emergency Medical Services Transport.
- A medical screening examination (as required under the federal Emergency Medical Treatment and Active Labor Act, "EMTALA"), or Behavioral Health Assessment, that is within the capability of the emergency department of a hospital, or of an Independent Freestanding Emergency Department, including Ancillary Services and patient observation routinely available to the emergency department to evaluate the Emergency Medical Condition.
- Within the capabilities of the staff and facilities available at the hospital, or Independent Freestanding Emergency Department, the further examination and treatment required under EMTALA (or would be required under EMTALA if it applied to an Independent Freestanding Emergency Department) to Stabilize the patient, regardless of the department of the hospital in which such further examination or treatment is furnished.
- Post-Stabilization Care Services provided by a Non-Participating Provider or Non-Participating Facility are considered Emergency Services when federal law applies, and:

- Your Non-Participating Provider determines that you are not able to travel using non-medical transportation or non-emergency medical transportation to an available Participating Provider within a reasonable travel distance, taking into account your medical or Behavioral Health Condition; or,
- You or your authorized representative are not in a condition to provide consent to receiving Post-Stabilization Services or other covered Services from a Non-Participating Provider.

ERISA. The Employee Retirement Income Security Act of 1974, as amended.

***Evidence of Coverage* (*EOC*).** This *Evidence of Coverage* document provided to the Subscriber that specifies and describes benefits and conditions of coverage. This document, on its own, is not designed to meet the requirements of a summary plan description (SPD) under ERISA. After you enroll, you will receive a postcard that explains how you may either download an electronic copy of this *EOC* or request that this *EOC* be mailed to you.

External Prosthetic Devices. External prosthetic devices are rigid or semi-rigid external devices required to replace all or any part of a body organ or extremity.

Family. A Subscriber and all of their Dependents.

Gender Affirming Treatment. A Medically Necessary treatment, procedure, drug, device, product, or other Service that a health care provider prescribes to treat an individual for incongruence between the individual's gender identity and the individual's sex assignment at birth.

Group. The employer, union trust, or association with which we have an *Agreement* that includes this *EOC*.

Home Health Agency. A "home health agency" is an agency that: (i) meets any legal licensing required by the state or other locality in which it is located; (ii) qualifies as a participating home health agency under Medicare; and (iii) specializes in giving skilled nursing facility care Services and other therapeutic Services, such as physical therapy, in the patient's home (or to a place of temporary or permanent residence used as your home).

Homemaker Services. Assistance in personal care, maintenance of a safe and healthy environment, and Services to enable the individual to carry out the plan of care.

Independent Freestanding Emergency Department. A health care facility that is geographically separate and distinct and licensed separately from a hospital under applicable State law and that provides Emergency Services.

Kaiser Permanente. Kaiser Foundation Hospitals (a California nonprofit corporation), Medical Group, and Kaiser Foundation Health Plan of the Northwest (Company).

***Medical Facility Directory*.** The *Medical Facility Directory* includes addresses, maps, and telephone numbers for Participating Medical Offices and other Participating Facilities; and provides general information about getting care at Kaiser Permanente. After you enroll, you will receive an email or flyer that explains how you may either download an electronic copy of the *Medical Facility Directory* or request that the *Medical Facility Directory* be mailed to you.

Medical Group. Northwest Permanente, P.C., Physicians and Surgeons, a professional corporation of physicians organized under the laws of the state of Oregon. Medical Group contracts with Company to provide professional medical Services to Members and others primarily on a capitated, prepaid basis in Participating Facilities.

Medically Necessary. Our determination that the Service is all of the following: (i) medically required to prevent, diagnose or treat your condition or clinical symptoms; (ii) in accordance with generally accepted standards of medical practice; (iii) not solely for the convenience of you, your family and/or your provider; and, (iv) the most appropriate level of Service which can safely be provided to you. For purposes of this definition, "generally accepted standards of medical practice" means (a) standards that are based on credible

scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community; (b) physician specialty society recommendations; (c) the view of physicians practicing in the relevant clinical area or areas within Kaiser Permanente locally or nationally; and/or (d) any other relevant factors reasonably determined by us. Unless otherwise required by law, we decide if a Service is Medically Necessary. You may appeal our decision as set forth in the "Grievances, Claims, Appeals, and External Review" section. The fact that a Participating Provider has prescribed, recommended, or approved a Service does not, in itself, make such Service Medically Necessary and, therefore, a covered Service.

Medicare. A federal health insurance program for people aged 65 and older, certain people with disabilities, and those with end-stage renal disease (ESRD).

Member. A person who is eligible and enrolled under this *EOC,* and for whom we have received applicable Premium. This *EOC* sometimes refers to a Member as "you." The term Member may include the Subscriber, their Dependent, or other individual who is eligible for and has enrolled under this *EOC*.

Non-Participating Facility. Any of the following licensed institutions that provide Services, but which are not Participating Facilities: hospitals and other inpatient centers; ambulatory surgical or treatment centers; birthing centers; medical offices and clinics; skilled nursing facilities; residential treatment centers; diagnostic, laboratory, and imaging centers; and rehabilitation settings. This includes any of these facilities that are owned and operated by a political subdivision or instrumentality of the state and other facilities as required by federal law and implementing regulations.

Non-Participating Provider. A physician or other health care provider, facility, business, or vendor regulated under state law to provide health or health-related services or otherwise providing health care services within the scope of licensure or certification consistent with state law that does not have a written agreement with Kaiser Permanente to participate as a health care provider for this Plan.

Orthotic Devices. Orthotic devices are rigid or semi-rigid external devices (other than casts) required to support or correct a defective form or function of an inoperative or malfunctioning body part or to restrict motion in a diseased or injured part of the body.

Out-of-Pocket Maximum. The total amount of Deductible, Copayments, and Coinsurance you will be responsible to pay in a Year, as described in the "Out-of-Pocket Maximum" section of this *EOC*.

Participating Facility. Any facility listed as a Participating Facility in the *Medical Facility Directory*. Participating Facilities are subject to change.

Participating Hospital. Any hospital listed as a Participating Hospital in the *Medical Facility Directory*. Participating Hospitals are subject to change.

Participating Medical Office. Any outpatient treatment facility listed as a Participating Medical Office in the *Medical Facility Directory*. Participating Medical Offices are subject to change.

Participating Pharmacy. A pharmacy owned and operated by Kaiser Permanente or another pharmacy that we designate, that is listed as a Participating Pharmacy in the *Medical Facility Directory*. Participating Pharmacies are subject to change.

Participating Physician. Any licensed physician who is an employee of the Medical Group, or contracts directly or indirectly with Medical Group. Participating Physicians are subject to change.

Participating Provider. Any person who is a Participating Physician; or a physician or other health care provider, facility, business, or vendor regulated under state law to provide health or health-related services or otherwise providing health care services within the scope of licensure or certification consistent with state law and which contracts directly or indirectly with Kaiser Permanente to provide Services to Members enrolled in this Plan. Participating Providers are subject to change.

Participating Skilled Nursing Facility. A facility that provides inpatient skilled nursing Services, rehabilitation Services, or other related health Services and is licensed by the state of Oregon or Washington

and approved by Company. The facility's primary business must be the provision of 24-hour-a-day licensed skilled nursing care. The term "Participating Skilled Nursing Facility" does not include a convalescent nursing home, rest facility, or facility for the aged that furnishes primarily custodial care, including training in routines of daily living. A "Participating Skilled Nursing Facility" may also be a unit or section within another facility (for example, a Participating Hospital) as long as it continues to meet the definition above. Participating Skilled Nursing Facilities are subject to change.

Plan. Any hospital expense, medical expense, or hospital and/or medical expense policy or certificate, health care service contractor or health maintenance organization subscriber contract, any plan provided by a multiple employer welfare arrangement or by another benefit arrangement defined in the federal Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Post-Stabilization Care. The Services you receive after your treating physician determines that your Emergency Medical Condition is clinically stable.

Premium. Monthly membership charges paid by Group.

Primary Care Provider. An individual, clinic, or team of health care providers licensed or certified in Oregon to provide outpatient, nonspecialty medical services or to provide the coordination of health care for the purpose of:

- Promoting or maintaining mental and physical health and wellness; and
- Diagnosing, treating, or managing acute or chronic conditions caused by disease, injury, or illness.

Service Area. Our Service Area consists of certain geographic areas in the Northwest which we designate by ZIP code. Our Service Area may change. Contact Member Services for a complete listing of our Service Area ZIP codes.

Services. Health care services, supplies, or items.

Specialist. Any licensed Participating Provider who practices in a specialty care area of medicine (not family medicine, pediatrics, gynecology, obstetrics, general practice, or internal medicine). In most cases, you will need a referral in order to receive covered Services from a Specialist.

Spouse. The person to whom you are legally married under applicable law. For the purposes of this *EOC,* the term "Spouse" includes a person who is legally recognized as your domestic partner in a valid Certificate of Registered Domestic Partnership issued by the state of Oregon, validly registered as your domestic partner under the laws of another state, or otherwise recognized as your domestic partner under criteria agreed upon, in writing, by Kaiser Foundation Health Plan of the Northwest and your Group.

Stabilize. With respect to an Emergency Medical Condition, to provide the medical treatment of the condition that is necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the person from the facility. With respect to a pregnant person who is having contractions, when there is inadequate time to safely transfer them to another hospital before delivery (or the transfer may pose a threat to the health or safety of them or their unborn child), "Stabilize" means to deliver the infant (including the placenta).

Subscriber. A Member who is eligible for membership on their own behalf and not by virtue of Dependent status and who meets the eligibility requirements as a Subscriber.

Substance Use Disorder. A substance-related or addictive disorder listed in the most current version of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)* published by the American Psychiatric Association.

Urgent Care. Treatment for an unforeseen condition that requires prompt medical attention to keep it from becoming more serious, but that is not an Emergency Medical Condition.

Utilization Review. The formal application of clinical criteria and clinical guidance, screening procedures, decision rules, and medical protocols designed to ensure that each Member is receiving Services at the appropriate level. Utilization Review is used to monitor or evaluate:

- Medical necessity, appropriateness, effectiveness, or efficiency of a specific Service, procedure, or setting.
- Appropriateness of a Service for which prior authorization is requested or for which an exception to step therapy has been requested.
- Any other coverage that we indicate is subject to Utilization Review.

When Utilization Review is required to approve certain Services in advance, this is called prior authorization. Utilization Review to approve an ongoing course of treatment to be provided over a period of time or number of treatments is called concurrent review.

Year. A period of time that is either a) a calendar year beginning on January 1 of any year and ending at midnight December 31 of the same year, or b) a plan year beginning on an effective date and ending at midnight prior to the anniversary date agreed to by Company and Group. The "Benefit Summary" shows which period is applicable to this Plan.

PREMIUM, ELIGIBILITY, AND ENROLLMENT

Premium

Your Group is responsible for paying the Premium. If you are responsible for any contribution to the Premium, your Group will tell you the amount and how to pay your Group.

Who Is Eligible

General

To be eligible to enroll and to remain enrolled under this employer's *Agreement*, you must meet all of the following requirements:

- You must meet your Group's eligibility requirements that we have approved. (Your Group is required to inform Subscribers of its eligibility requirements.)
- You must meet the Subscriber or Dependent eligibility requirements described below unless your Group has different eligibility requirements that we have approved.

Subscribers

To be eligible to enroll and to remain enrolled as a Subscriber, you must meet the following requirements:

- You are an employee of your Group; or
- You are otherwise entitled to coverage through your Group under a trust agreement, retirement benefit program, employment contract, or the rules of a professional, trade, or bona fide association.
- You live or physically work inside our Service Area at least 50 percent of the time. For assistance about the Service Area or eligibility, please contact Member Services. The Subscriber's or the Subscriber's Spouse's otherwise eligible children are not ineligible solely because they live outside our Service Area or in another Kaiser Foundation Health Plan service area.

Dependents

If you are a Subscriber (or if you are a subscriber under our Kaiser Permanente Senior Advantage (HMO) plan offered by your Group), the following persons are eligible to enroll as your Dependents under this *EOC*. (Note: if you are a subscriber under a Kaiser Permanente Senior Advantage plan offered by your Group, all of your Dependents who are enrolled under this or any other non-Medicare evidence of coverage offered by

your Group must be enrolled under the same non-Medicare evidence of coverage. A "non-Medicare" evidence of coverage is one that does not require members to be entitled to Medicare.)

- Your Spouse.
- A person who is under the general Dependent Limiting Age shown in the "Benefit Summary" and who is any of the following:
  - Your or your Spouse's child.
  - A child adopted by you or your Spouse, or for whom you or your Spouse have assumed a legal obligation in anticipation of adoption.
  - Any other person for whom you or your Spouse is a court-appointed guardian.
  - A child placed with you or your Spouse for foster care.
- A person who is over the general Dependent Limiting Age but under the student Dependent Limiting Age shown in the "Benefit Summary," who is a full-time registered student at an accredited college or accredited vocational school, and is any of the following:
  - Your or your Spouse's child.
  - A child adopted by you or your Spouse, or for whom you or your Spouse have assumed a legal obligation in anticipation of adoption.
  - Any other person for whom you or your Spouse is a court-appointed guardian.

  Students who suffer a severe illness or injury that causes them to lose full-time student status will continue to be considered full-time students for eligibility purposes, provided that within 31 days after the loss of full-time student status, we receive written certification from the child's treating physician that the child is suffering from a serious illness or injury and that the leave of absence or other change of enrollment is Medically Necessary. Eligibility as a full-time student under this provision may then continue for up to 12 months from the date that your child's medical leave of absence began, or until your child reaches the student Dependent Limiting Age shown in the "Benefit Summary," whichever comes first.
- A person of any age who is primarily dependent upon you or your Spouse for support and maintenance if the person is incapable of self-sustaining employment by reason of a developmental disability, mental illness, or a physical disability that occurred prior to the person reaching the general Dependent Limiting Age shown in the "Benefit Summary," if the person is any of the following:
  - Your or your Spouse's child.
  - A child adopted by you or your Spouse, or for whom you or your Spouse have assumed legal obligation in anticipation of adoption.
  - Any other person for whom you or your Spouse is a court-appointed guardian and was a court-appointed guardian prior to the person reaching the Dependent Limiting Age shown in the "Benefit Summary."

  We may request proof of incapacity and dependency annually.

Children born to a Dependent other than your Spouse (for example, your grandchildren) are not eligible for coverage beyond the first 31 days of life, including the date of birth, unless: (a) you or your Spouse adopts them or assumes a legal obligation in anticipation of adoption; (b) they are primarily supported by you or your Spouse and you or your Spouse is their court-appointed guardian; or, (c) your Group has different eligibility requirements that we have approved.

Company will not deny enrollment of a newborn child, newly adopted child, child for whom legal obligation is assumed in anticipation of adoption, child newly placed for adoption, or newly placed foster child solely on

the basis that: (a) the child was born out of wedlock; (b) the child is not claimed as a dependent on the parent's federal tax return; (c) the child does not reside with the child's parent or in our Service Area; or (d) the mother of the child used drugs containing diethylstilbestrol prior to the child's birth. Also, Company does not discriminate between married and unmarried persons, or between children of married or unmarried persons.

When You Can Enroll and When Coverage Begins

A Group is required to inform employees about when they are eligible to enroll and their effective date of coverage. The effective date of coverage for employees and their eligible Dependents is determined by the Group in accord with waiting period requirements in state and federal law. The Group is required to inform the Subscriber of the date membership becomes effective.

If an individual is eligible to be a Dependent under this *EOC* but the subscriber in their family is enrolled under our Kaiser Permanente Senior Advantage evidence of coverage offered by the Group, the subscriber must follow the rules for adding Dependents as described in this "When You Can Enroll and When Coverage Begins" section.

New Employees and Their Dependents

When a Group informs an employee that they are eligible to enroll as a Subscriber, they may enroll themselves and any eligible Dependents by submitting a Company-approved enrollment application to the Group within 30 days of eligibility for enrollment.

Open Enrollment

The Group will inform an employee of their open enrollment period and effective date of coverage. An eligible employee may enroll as a Subscriber along with any eligible Dependents if they or their Dependents were not previously enrolled. If you are an existing Subscriber, you may add eligible Dependents not previously enrolled following your Group's enrollment process during the open enrollment period.

Special Enrollment

If an eligible employee or their eligible Dependents do not enroll when they are first eligible, and later want to enroll, they can enroll only during open enrollment unless they experience a qualifying event as defined in applicable state and federal law. Your Group will administer special enrollment rights under applicable state and federal law.

Examples of qualifying events include, but are not limited to:

- Loss of minimum essential coverage for any reason other than nonpayment of Premium, rescission of coverage, misrepresentation, fraud or voluntary termination of coverage.
- Gaining a Dependent through marriage or entering into a domestic partnership, birth, adoption, placement for adoption, placement for foster care, or through a child support order or other court order.
- Loss of a Dependent through divorce or legal separation, or if the enrollee, or their Dependent dies.

Note: If the individual is enrolling as a Subscriber along with at least one eligible Dependent, only one enrollee must meet one of the requirements for a qualifying event.

The individual must notify the Group within 30 days of a qualifying event, 60 days if they are requesting enrollment due to a change in eligibility for Medicaid or Child Health Insurance Program (CHIP) coverage. The Group will determine if the individual is eligible to select or change coverage. Contact the Group for further instructions on how to enroll.

A Group may require an employee declining coverage to provide a written statement indicating whether the coverage is being declined due to other health coverage. If this statement is not provided, or if coverage is not

declined due to other health coverage, the employee may not be eligible for special enrollment due to loss of other health coverage. Contact the Group for further information.

Adding New Dependents to an Existing Account

To enroll a Dependent who becomes eligible to enroll after you became a Subscriber, you must submit a Company-approved enrollment application to your Group as described in this "Adding New Dependents to an Existing Account" section.

Newborns, newly adopted children, children newly placed for adoption, or newly placed foster children are covered for 31 days after birth, adoption, placement for adoption, or placement for foster care. In order for coverage to continue beyond this 31-day period, you must submit an enrollment application to your Group within 31 days after the date of birth, adoption, placement for adoption, or placement for foster care if additional Premium is required to add the Dependent. If additional Premium is not required, the application requirement is waived; however, please notify your Group and Member Services, to add the child to your Plan.

To add all other newly eligible Dependents (such as a new Spouse), you must submit an enrollment application to your Group within 30 days after the qualifying event.

Contact your Group for further instructions on how to enroll your newly eligible Dependent.

When Coverage Begins

Your Group will notify you of the date your coverage will begin. Membership begins at 12 a.m. PT of the effective date specified.

If an individual enrolls in, adds a Dependent, or changes health plan coverage during a special enrollment period, the membership effective date will be determined by your Group under applicable state and federal law.

HOW TO OBTAIN SERVICES

The provider network for this Deductible Plan is the Classic network.

The Classic network includes Participating Providers who are either employed by us or contract directly or indirectly with us to provide covered Services for Members enrolled in this Deductible Plan. You pay the Cost Share amount shown on your "Benefit Summary" when you receive covered Services from Participating Providers and Participating Facilities.

To receive covered benefits, you must obtain Services from Participating Providers and Participating Facilities except as described under the following sections in this *EOC*:

- "Referrals to Non-Participating Providers and Non-Participating Facilities."
- "Emergency, Post-Stabilization, and Urgent Care."
- "Receiving Care in Another Kaiser Foundation Health Plan Service Area."
- "Out-of-Area Coverage for Dependents."
- "Ambulance Services."

To locate a Participating Provider or Participating Facility, contact Member Services or visit **kp.org/doctors** to see all Kaiser Permanente locations near you, search for Participating Providers, and read online provider profiles.

We will not directly or indirectly prohibit you from freely contracting at any time to obtain health care Services from Non-Participating Providers and Non-Participating Facilities outside the Plan. However, if you choose to receive Services from Non-Participating Providers and Non-Participating Facilities except as otherwise specifically provided in this *EOC*, those Services will not be covered under this *EOC* and you will

be responsible for the full price of the Services. Any amounts you pay for non-covered Services will not count toward your Deductible (if any) or Out-of-Pocket Maximum.

Using Your Identification Card

We provide each Member with a Company identification (ID) card that contains the Member health record number. Have your health record number available when you call for advice, make an appointment, or seek Services. We use your health record number to identify your medical records, for billing purposes and for membership information. You should always have the same health record number. If we ever inadvertently issue you more than one health record number, please let us know by calling Member Services. If you need to replace your ID card, please call Member Services.

Your ID card is for identification only, and it does not entitle you to Services. To receive covered Services, you must be a current Member. Anyone who is not a Member will be billed as a non-member for any Services they receive. If you allow someone else to use your ID card, we may keep your card and terminate your membership (see the "Termination for Cause" section). We may request photo identification in conjunction with your ID card to verify your identity.

Advice Nurses

If you are unsure whether you need to be seen by a physician or where to go for Services, or if you would like to discuss a medical concern, call Member Services during normal business hours, evenings, weekends, and holidays to be directed to one of our advice nurses.

You may also use the Member section of our website, **kp.org**, to send *nonurgent* questions to an advice nurse or pharmacist.

Your Primary Care Provider

We encourage you to choose a Primary Care Provider for each covered Family Member. This decision is important as your Primary Care Provider provides or arranges most of your health care needs.

You may select a Participating Provider from family practice, internal medicine, or pediatrics as your Primary Care Provider. Members also have the option of choosing a women's health care Participating Provider as their Primary Care Provider. A women's health care provider is an obstetrician or gynecologist, a physician associate specializing in women's health, an advanced registered nurse practitioner specializing in women's health, a naturopathic physician specializing in women's health, or a certified nurse midwife. Not all Participating Providers in these specialties are designated Primary Care Providers.

If you do not select a Primary Care Provider within 90 days, we will assign you to an individual Primary Care Provider or primary care team. We will send you a letter that includes information to help you learn more about your provider or care team, how to find information about other Primary Care Providers near you, and how to change your Primary Care Provider. You may select a different Primary Care Provider at any time. The change will take effect immediately.

For more information, visit **kp.org/doctors** to search for Participating Providers and Kaiser Permanente locations near you and read online provider profiles. For help with selecting or changing your Primary Care Provider, contact Member Services.

Appointments for Routine Services

Routine appointments are for medical needs that are not urgent such as checkups and follow-up visits that can wait more than a few days.

If you need to make a routine care appointment, go to **kp.org** to schedule an appointment online or call Member Services. Try to make your routine care appointments as far in advance as possible. For information about getting other types of care, refer to the "Emergency, Post-Stabilization, and Urgent Care" section.

Healthy Resources

You have access to these value-added programs and resources at no cost, unless otherwise noted below. You can register online at **kp.org/register** or on the Kaiser Permanente mobile app. You'll need your health/medical record number, which you can find on your Kaiser Permanente ID card.

- **Sign up for healthy lifestyle programs.** With our online wellness programs, you'll get advice, encouragement, and tools to help you create positive changes in your life. Our programs can help you lose weight, eat healthier, quit smoking, reduce stress, manage ongoing conditions like diabetes or depression. Start with a Total Health Assessment, a simple online survey to give you a complete look at your health. You can also share and discuss the results with your doctor. Visit **kp.org/healthylifestyles**.
- **Get a wellness coach.** If you need a little extra support, we offer Wellness Coaching by Phone. You'll work one-on-one with your personal coach to make a plan to help you reach your health goals. Visit **kp.org/wellnesscoach**.
- **Join health classes.** You can sign up for health classes and support groups. Classes vary at each location and some may require a fee. Visit **kp.org/classes**.
- **Enjoy reduced rates.** Get reduced rates on a variety of health-related products and services through The ChooseHealthy® program. These include:
  - Active&Fit Direct – You pay $25 per month (plus a one-time $25 enrollment fee) for access to a national network of more than 10,000 fitness centers.
  - Up to 25% off a contracted provider's regular rates for acupuncture, chiropractic care, and massage therapy.*

  Visit **kp.org/choosehealthy**. *Please note that the ChooseHealthy program is not insurance. You should check your benefits before using this discount program, as those benefits may result in lower costs to you than using this discount program.
- **Self-care.** Manage stress, improve your mood, sleep better, and more with the help of wellness apps, available to adult members. Visit **kp.org/selfcareapps**.
- **Health guides.** Stay informed on popular health subjects or discover something new through our healthy living guides. Visit **kp.org/livehealthy**.

The programs and resources described above are not covered under your health plan benefits and are not subject to the terms set forth in this *EOC* or other plan documents. Programs and resources are provided by third-party entities and may be discontinued at any time. If you would like additional information about these programs and resources, call Member Services.

Getting Assistance

We want you to be satisfied with your health care Services. If you have any questions or concerns about Services you received from Participating Providers or Participating Facilities, please discuss them with your Primary Care Provider or with other Participating Providers who are treating you.

Member Services representatives can answer questions you have about your benefits, available Services, and the facilities where you can receive Services. For example, they can explain your benefits, how to make your first medical appointment, what to do if you move, what to do if you need Services while you are traveling, and how to replace your ID card. These representatives can also help you if you need to file a claim, complaint, grievance, or appeal, as described in the "Grievances, Claims, Appeals, and External Review" section. Upon request Member Services can also provide you with written materials about your coverage.

Member Services representatives are available to assist you Monday through Friday (except holidays), from 8 a.m. to 6 p.m. PT.

All areas 1-800-813-2000

TTY for the hearing and speech impaired 711

Language interpretation services..... 1-800-324-8010

You may also e-mail us by registering on our website at **kp.org/register**.

Referrals

Referrals to Participating Providers and Participating Facilities

Primary Care Providers provide primary medical care, including pediatric care and obstetrics/gynecology care. Specialists provide specialty medical care in areas such as surgery, orthopedics, cardiology, oncology, urology, dermatology, and allergy/immunology. Your Primary Care Provider will refer you to a Specialist when appropriate. In most cases, you will need a referral to see a Specialist the first time. Please call Member Services for information about specialty Services that require a referral or discuss your concerns with your Primary Care Provider. In some cases, a standing referral may be allowed to a Specialist for a time period that is in accord with your individual medical needs as determined by the Participating Provider and Company.

Some outpatient specialty care is available in Participating Medical Offices without a referral. You do not need a referral for outpatient Services provided in the following departments at Participating Medical Offices owned and operated by Kaiser Permanente. Please call Member Services to schedule routine appointments in these departments:

- Audiology (routine hearing exams).
- Cancer Counseling.
- Behavioral Health Services.
- Obstetrics/Gynecology.
- Occupational Health.
- Optometry (eye exams).
- Social Services.
- Substance Use Disorder Services.

Referrals to Non-Participating Providers and Non-Participating Facilities

If your Participating Provider decides that you require Services not available from Participating Providers or Participating Facilities, they will recommend to Medical Group and Company that you be referred to a Non-Participating Provider or Non-Participating Facility. If the Medical Group's assigned Participating Provider determines that the Services are Medically Necessary and are not available from a Participating Provider or Participating Facility and Company determines that the Services are covered Services, Company will authorize your referral to a Non-Participating Provider or Non-Participating Facility for the covered Services. You pay the same Cost Share for authorized referral Services that you would pay if you received the Services from a Participating Provider or at a Participating Facility. You will need written authorization in advance in order for the Services to be covered. If Company authorizes the Services, you will receive a written "Authorization for Outside Medical Care" approved referral to the Non-Participating Provider or Non-Participating Facility, and only the Services and number of visits that are listed on the written referral will be covered, subject to any benefit limitations and exclusions applicable to these Services.

Prior Authorization Review Requirements

When you need Services, you should talk with your Participating Provider about your medical needs or your request for Services. Your Participating Provider provides covered Services that are Medically Necessary.

Participating Providers will use their judgment to determine if Services are Medically Necessary. Some Services are subject to approval through Utilization Review, based on Utilization Review criteria developed by Medical Group or another organization utilized by the Medical Group and approved by Company. If you seek a specific Service, you should talk with your Participating Provider. Your Participating Provider will discuss your needs and recommend an appropriate course of treatment.

If you request Services that must be approved through Utilization Review and the Participating Provider believes they are Medically Necessary, the Participating Provider may submit the request for Utilization Review on your behalf.

If the request is denied, we will notify you and the requesting Participating Provider of the decision within two business days of the request. The decision letter will explain the reason for the determination along with instructions for filing an appeal.

If more information is needed to make a decision, we will notify you and the requesting Participating Provider in writing, of the specific additional information needed to make the determination, before the initial decision period ends.

We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.

If we do not receive any of the requested information, we will make a decision based on the information we have, 15 days after the date of the request for additional information.

Approved requests for prior authorization of a treatment, other than a prescription drug, are binding on us for a period ending on the later of the following:

- The reasonable duration of the treatment based on clinical standards; or
- Sixty (60) days after the date that the treatment begins following our approval of the prior authorization request.

You may request a copy of the complete Utilization Review criteria used to make the determination by calling Member Services.

If you disagree with the prior authorization review decision made by Company, you may appeal the decision, by following the course of grievances and appeals as outlined in the "Grievances, Claims, Appeals and External Review" section.

Your Participating Provider will request prior authorization when necessary. The following are examples of Services that require prior authorization:

- Bariatric surgery Services.
- Breast reduction surgery.
- Dental and orthodontic Services for the treatment of craniofacial anomalies.
- Drug formulary exceptions.
- Durable Medical Equipment.
- External Prosthetic Devices and Orthotic Devices.
- Gender Affirming Treatment.
- General anesthesia and associated hospital or ambulatory surgical facility Services provided in conjunction with non-covered dental Services.
- Habilitative Services.
- Hospice and home health Services.

- Inpatient hospital Services.
- Inpatient and residential Substance Use Disorder Services.
- Inpatient, residential, and Assertive Community Treatment (ACT) behavioral health Services.
- Non-emergency medical transportation.
- Open MRI.
- Plastic surgery.
- Referrals for any Non-Participating Facility Services or Non-Participating Provider Services.
- Referrals to Specialists who are not employees of Medical Group.
- Rehabilitative therapy Services.
- Routine foot Services.
- Skilled nursing facility Services.
- Transplant Services.
- Travel and lodging expenses.

For more information about Utilization Review, a copy of the complete Utilization Review criteria developed by Medical Group and approved by Company for a specific condition, or to talk to a Utilization Review staff person, please contact Member Services.

If you ask for Services that the Participating Provider believes are not Medically Necessary and does not submit a request on your behalf, you may ask for a second opinion from another Participating Provider. You should contact the manager in the area where the Participating Provider is located. Member Services can connect you with the correct manager, who will listen to your issues and discuss your options.

You may also choose to submit a request for Services that you have not yet received, as described under "Pre-service Claims and Appeals" in the "Grievances, Claims, Appeals, and External Review" section.

Except in the case of misrepresentation, prior authorization determinations that relate to your membership eligibility are binding on us if obtained no more than five business days before you receive the Service. Prior authorization determinations that relate to whether the Service is Medically Necessary or are covered under the Plan are binding on us if obtained no more than 60 days before you receive the Service. We may revoke or amend an authorization for Services you have not yet received if your membership terminates or your coverage changes or you lose your eligibility.

Participating Providers and Participating Facilities Contracts

Participating Providers and Participating Facilities may be paid in various ways, including salary, per diem rates, case rates, fee-for-service, incentive payments, and capitation payments. Capitation payments are based on a total number of Members (on a per-Member per-month basis), regardless of the amount of Services provided. Company may directly or indirectly make capitation payments to Participating Providers and Participating Facilities only for the professional Services they deliver, and not for Services provided by other physicians, hospitals, or facilities. Call Member Services if you would like to learn more about the ways Participating Providers and Participating Facilities are paid to provide or arrange medical and hospital Services for Members.

Our contracts with Participating Providers and Participating Facilities provide that you are not liable for any amounts we owe. You will be liable for the cost of non-covered Services that you receive from any providers or facilities, including Participating Providers and/or Participating Facilities.

Provider Whose Contract Terminates

You may be eligible to continue receiving covered Services from a Participating Provider for a limited period of time after our contract with the Participating Provider terminates.

This continuity of care provision applies when our contract with a Participating Provider terminates, or when a physician's employment with Medical Group terminates, except when the termination is because of quality of care issues or because the Participating Provider:

- Has retired.
- Has died.
- No longer holds an active license.
- Has moved outside our Service Area.
- Has gone on sabbatical.
- Is prevented from continuing to care for patients because of other circumstances.

If you satisfy all of the following requirements, you may qualify for this continuity of care:

- You are a Member on the date you receive the Services.
- You are undergoing an active course of treatment that is Medically Necessary and you and the Participating Provider agree that it is desirable to maintain continuity of care.
- We would have covered the Services if you had received them from a Participating Provider.
- The provider agrees to adhere to the conditions of the terminated contract between the provider and Company or its designee.

Except for the pregnancy situation described below, this extension will continue until the earlier of the following:

- The day following the completion of the active course of treatment giving rise to your exercising your continuity of care right; or
- The 120th day from the date we notify you about the contract termination.

If you are in the second trimester of pregnancy this extension will continue until the later of the following dates:

- The 45th day after the birth; or
- As long as you continue under an active course of treatment, but no later than the 120th day from the date we notify you about the contract termination.

Receiving Care in Another Kaiser Foundation Health Plan Service Area

You may receive covered Services from another Kaiser Foundation Health Plan, if the Services are provided, prescribed, or directed by that other plan, and if the Services would have been covered under this *EOC*. Covered Services are subject to the terms and conditions of this *EOC*, including prior authorization requirements, the applicable Cost Share shown in the "Benefit Summary," and the exclusions, limitations and reductions described in this *EOC*.

For more information about receiving care in other Kaiser Foundation Health Plan service areas, including availability of Services, and provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at **kp.org/travel**.

Out-of-Area Coverage for Dependents

This limited out-of-area benefit is available to Dependent children who are under the Dependent Limiting Age as shown in the "Benefit Summary" and who are outside any Kaiser Foundation Health Plan service area.

We cover certain Medically Necessary Services that a Dependent child receives from Non-Participating Providers inside the United States (which for the purpose of this benefit means the 50 states, the District of Columbia, and United States territories). These out-of-area benefits are limited to the following Services as otherwise covered under this *EOC*. Any other Services not specifically listed as covered are excluded under this out-of-area benefit.

- Office visits are limited to preventive care, primary care, specialty care, outpatient physical therapy visits, outpatient behavioral health and Substance Use Disorder Services, naturopathic medicine Services, and allergy injections – limited to ten visits combined per Year.
- Laboratory and diagnostic X-rays – limited to ten visits per Year. This benefit does not include special diagnostic procedures such as CT, MRI, or PET scans.
- Prescription drug fills – limited to ten fills per Year.

You pay the Cost Share as shown in the "Benefit Summary" under the "Out-of-Area Coverage for Dependents" section.

This out-of-area benefit cannot be combined with any other benefit, so we will not pay under this "Out-of-Area Coverage for Dependents" section for a Service we are covering under another section of this *EOC*, such as:

- "Receiving Care in Another Kaiser Foundation Health Plan Service Area."
- Services covered in the "Emergency, Post-Stabilization, and Urgent Care" section and under "Your Primary Care Provider" in the "How to Obtain Services" section.
- "Transplant Services."

POST-SERVICE CLAIMS – SERVICES ALREADY RECEIVED

In general, if you have a medical or pharmacy bill from a Non-Participating Provider, Non-Participating Facility, or non-participating pharmacy, our Claims Administration Department will handle the claim. Member Services can assist you with questions about specific claims or about the claim procedures in general.

If you receive Services from a Non-Participating Provider following an authorized referral from a Participating Provider, the Non-Participating Provider will send the bill to Claims Administration directly. You are not required to file a claim.

If you receive Services from a Non-Participating Provider or Non-Participating Facility without an authorized referral, or from a pharmacy that is not a Participating Pharmacy, and you believe Company should cover the Services, you need to send a completed medical claim form and the itemized bill to:

Kaiser Permanente
National Claims Administration - Northwest
PO Box 370050
Denver, CO 80237-9998

You can request a claim form from Member Services or download it from **kp.org**. When you submit the claim, please include a copy of your medical records from the Non-Participating Provider or Non-Participating Facility if you have them.

Company accepts CMS 1500 claim forms for professional Services and UB-04 forms for hospital claims. Even if the provider bills Company directly, you still need to submit the claim form.

You must submit a claim for a Service within 12 months after receiving that Service. If it is not reasonably possible to submit a claim within 12 months, then you must submit a claim as soon as reasonably possible, but in no case more than 15 months after receiving the Service, except in the absence of legal capacity.

We will reach a decision on the claim and pay those covered Charges within 30 calendar days from receipt unless additional information, not related to coordination of benefits, is required to make a decision. If the 30-day period must be extended, you will be notified in writing with an explanation about why. This written notice will explain how long the time period may be extended depending on the requirements of applicable state and federal laws, including ERISA.

You will receive written notification about the claim determination. This notification will provide an explanation for any unpaid amounts. It will also tell you how to appeal the determination if you are not satisfied with the outcome, along with other important disclosures required by state and federal laws.

If you have questions or concerns about a bill from Company, you may contact Member Services for an explanation. If you believe the Charges are not appropriate, Member Services will advise you on how to proceed.

EMERGENCY, POST-STABILIZATION, AND URGENT CARE

Emergency Services

If you have an Emergency Medical Condition, call 911 (where available) or go to the nearest hospital emergency department or Independent Freestanding Emergency Department. You do not need prior authorization for Emergency Services. When you have an Emergency Medical Condition, we cover Emergency Services you receive from Participating Providers, Participating Facilities, Non-Participating Providers, and Non-Participating Facilities anywhere in the world, as long as the Services would have been covered under the "Benefits" section (subject to the "Exclusions and Limitations" section) if you had received them from Participating Providers or Participating Facilities.

You pay the emergency department visit Cost Share shown in the "Benefit Summary" under "Outpatient Services" for all Services received in the emergency department.

If you receive covered inpatient hospital Services, you pay the Cost Share shown in the "Benefit Summary" under "Inpatient Hospital Services," regardless of whether the Services also constitute Emergency Services or Post-Stabilization Care. If you visit an emergency department and are not admitted directly as an inpatient or to Kaiser Permanente at Home™, you pay the emergency department visit Cost Share shown in the "Benefit Summary" under "Outpatient Services" for all Services received in the emergency department.

If you have an Emergency Medical Condition, we cover the Services of an Emergency Medical Service (EMS) Provider and transportation to the nearest medical facility that meets your needs. Emergency transportation may be by air, ground, or water.

Emergency Services are available from Participating Hospital emergency departments 24 hours a day, seven days a week. Contact Member Services or see our *Medical Facility Directory* for locations of these emergency departments.

Post-Stabilization Care

We cover Post-Stabilization Care if one of the following is true:

- A Participating Provider or Participating Facility provides the Services.
- We authorize the Services from the Non-Participating Provider or Non-Participating Facility.
- Services are provided after you are Stabilized and as part of outpatient observation or an inpatient or outpatient stay with respect to the visit during which screening and Stabilization Services have been furnished.

Coverage for Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility is limited to the Allowed Amount. In addition to the applicable Cost Share, you are responsible for paying any amount over the Allowed Amount, and any such payments do not count toward the Deductible or the Out-of-Pocket Maximum. You are not responsible for paying any amount over the Allowed Amount for Post-Stabilization Care from a Non-Participating Provider at a Participating Facility.

To request prior authorization for your receiving Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility, you or someone on your behalf must call us at 503-735-2596, or toll-free at 1-877-813-5993, before you receive the Services if it is reasonably possible to do so, but no later than 24 hours after any admission.

We understand that extraordinary circumstances can delay your ability to call us, for example if you are unconscious or if there is no parent or guardian with a young child. In these cases, you or someone on your behalf must call us as soon as reasonably possible. If you (or someone on your behalf) do not call us by the applicable deadline, we will not cover Post-Stabilization Care that you receive from a Non-Participating Provider or Non-Participating Facility.

After we are notified, we will discuss your condition with the Non-Participating Provider. If we decide that the Post-Stabilization Care is Medically Necessary and would be covered if you received it from a Participating Provider or Participating Facility, we will either authorize the Services from the Non-Participating Provider or Non-Participating Facility, or arrange to have a Participating Provider or Participating Facility provide the Services.

If we decide to arrange to have a Participating Provider or Participating Facility (or other designated provider or facility) provide the Services to you, we may authorize special transportation Services that are medically required to get you to the provider or facility. This may include transportation that is otherwise not covered.

When you receive Emergency Services from Non-Participating Providers, Post Stabilization Care may qualify as Emergency Services pursuant to federal law. We will not require prior authorization for such Post-Stabilization Care when your attending Non-Participating Provider determines that, after you are Stabilized, and taking into account your medical or Behavioral Health Condition, you are not able to travel to an available Participating Provider located within a reasonable travel distance, using non-medical transportation or non-emergency transportation.

Non-Participating Providers may provide notice and seek your consent to provide Post-Stabilization Care Services or other covered Services. Such Services will not be covered if you provide consent and do not obtain prior authorization as described in this section. You will be responsible for paying for the Services.

Urgent Care

Inside Our Service Area

You may receive covered Urgent Care Services from Participating Providers, including Kaiser Permanente Urgent Care. Visit **kp.org/getcare** or call Member Services to find the Kaiser Permanente Urgent Care locations nearest you.

Outside Our Service Area

You may receive covered Urgent Care Services from Participating Providers or Participating Facilities. Visit **kp.org/getcare** or call Member Services to find Urgent Care locations nearest you.

If you are temporarily outside our Service Area, we also cover Urgent Care you receive from a Non-Participating Provider or Non-Participating Facility, if we determine the Services were necessary to prevent serious deterioration of your health and that the Services could not be delayed until you returned to our Service Area.

WHAT YOU PAY

This section contains information to help you understand your health care costs. We also provide a cost estimator tool to assist you in planning for the estimated costs of Services. To access the secure cost estimator tool, log in to your **kp.org** member account and navigate to the cost estimates link on the "Coverage & Costs" tab. If you would like additional information about cost estimates, call Member Services.

Deductible

For each Year, most covered Services are subject to the Deductible amounts shown in the "Benefit Summary." The "Benefit Summary" indicates which Services are subject to the Deductible.

For Services that are subject to the Deductible, you must pay Charges for the Services when you receive them, until you meet your Deductible.

If you are the only Member in your Family, then you must meet the self-only Deductible. If there is at least one other Member in your Family, then you must each meet the individual Family Member Deductible, or your Family must meet the Family Deductible, whichever occurs first. Each individual Family Member Deductible amount counts toward the Family Deductible amount. Once the Family Deductible is satisfied, no further individual Family Member Deductible will be due for the remainder of the Year. The Deductible amounts are shown in the "Benefit Summary."

After you meet the Deductible, you pay the applicable Copayments and Coinsurance for covered Services for the remainder of the Year until you meet your Out-of-Pocket Maximum (see "Out-of-Pocket Maximum" in this "What You Pay" section).

For each Year, the following amounts count toward your Deductible:

- Charges you pay for covered Services you receive in that Year and that are subject to the Deductible.
- **Deductible take-over.** Payments that were counted toward your deductible under your prior group health coverage if all of the following requirements are met:
  - This group health coverage with Company replaces the Group's prior group health coverage.
  - Your prior group health coverage was not with Company or with any Kaiser Foundation Health Plan.
  - You were covered under Group's prior group health coverage on the day before the effective date of this *EOC*.
  - The payments were for Services you received during the period of 12 months or less that occurred between the plan year effective date under Group's prior group health coverage and your effective date of coverage under this *EOC*.
  - The payments were for Services that we would have covered under this *EOC* if you had received them as a Member during the term of this *EOC*.
  - We would have counted the payments toward your Deductible under this *EOC* if you had received the Services as a Member during the term of this *EOC*.

Note: If your Group has purchased benefits with a specific benefit Deductible, such as a prescription drug benefit, payments made for these benefits will be counted only to that specific benefit Deductible and will accumulate separately from the Deductible for covered Services shown in the "Benefit Summary."

Copayments and Coinsurance

The Copayment or Coinsurance for each covered Service is shown in the "Benefit Summary." Copayments or Coinsurance are due when you receive the Service. If we must bill you, an accounting fee may be added to offset handling costs.

Out-of-Pocket Maximum

There is a maximum to the total dollar amount of Deductible, Copayments, and Coinsurance that you must pay for covered Services that you receive within the same Year.

If you are the only Member in your Family, then you must meet the self-only Out-of-Pocket Maximum. If there is at least one other Member in your Family, then you must each meet the individual Family Member Out-of-Pocket Maximum, or your Family must meet the Family Out-of-Pocket Maximum, whichever occurs first. Each individual Family Member Out-of-Pocket Maximum amount counts toward the Family Out-of-Pocket Maximum amount. The Out-of-Pocket Maximum amounts are shown in the "Benefit Summary."

All Deductible, Copayments, and Coinsurance count toward the Out-of-Pocket Maximum, unless otherwise indicated. After you reach the Out-of-Pocket Maximum, you are not required to pay Copayments and Coinsurance for these Services for the remainder of the Year. Member Services can provide you with the amount you have paid toward your Out-of-Pocket Maximum.

The following amounts do not count toward the Out-of-Pocket Maximum and you will continue to be responsible for these amounts even after the Out-of-Pocket Maximum is satisfied:

- Payments for Services that are not covered under this *EOC*.
- Payments that you make because you exhausted (used up) your benefit allowance, or because we already covered the benefit maximum amount or the maximum number of days or visits for a Service.
- Payments for Services under the "Adult Vision Hardware and Optical Services Rider," if purchased by your Group.
- Payments for Services under the "Hearing Aid Rider," if purchased by your Group.
- Payments for enhanced benefit Services under the "Pediatric Vision Hardware and Optical Services Enhanced Benefit Rider," if purchased by your Group.
- Amounts recovered from a liability claim against another party subject to reimbursement under the "Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance" section.

BENEFITS

The Services described in this "Benefits" section are covered only if all the following conditions are satisfied, and will not be retrospectively denied:

- You are a Member on the date you receive the Services.
- A Participating Provider determines that the Services are Medically Necessary.
- The Services are provided, prescribed, authorized, or directed by a Participating Provider except where specifically noted to the contrary in this *EOC*.
- You receive the Services from a Participating Provider, Participating Facility, or from a Participating Skilled Nursing Facility, except where specifically noted to the contrary in this *EOC*.
- You receive prior authorization for the Services, if required under "Prior Authorization Review Requirements" in the "How to Obtain Services" section.

All Services are subject to the coverage requirements described in this "Benefits" section. Some Services are subject to benefit-specific exclusions and/or limitations, which are listed, when applicable, in each benefit section. A broader list of exclusions and limitations that apply to all benefits is provided under the "Exclusions and Limitations" section.

All covered Services are subject to any applicable Cost Share as described in the "What You Pay" section and in the "Benefit Summary."

The benefits under this Plan are not subject to a pre-existing condition waiting period.

Preventive Care Services

We cover a variety of preventive care Services, which are Services to keep you healthy or to prevent illness, and are not intended to diagnose or treat a current or ongoing illness, injury, sign or symptom of a disease, or condition.

Preventive care Services include:

- Services recommended by, and rated A or B by, the U.S. Preventive Services Task Force (USPSTF). You can access the list of preventive care Services at **www.uspreventiveservicestaskforce.org/uspstf/recommendation-topics/uspstf-a-and-b-recommendations**.
- Immunizations recommended by the Advisory Committee on Immunization Practices of the CDC.
- Preventive care and screenings for infants, children, and adolescents supported by the Health Resources and Services Administration (HRSA).
- Preventive care and screenings supported by HRSA. You can access the list of preventive care Services at **www.hrsa.gov/womens-guidelines/**.
- Any additional reproductive health preventive Services for all Members as required by applicable state law.

Services received for a current or ongoing illness, injury, sign or symptom of a disease, or condition during a preventive care examination or procedure may be subject to the applicable Cost Share.

Covered preventive care Services include, but are not limited to:

- Bone densitometry.
- Cervical cancer screening.
- Chlamydia test.
- Cholesterol tests (all types).
- Colorectal cancer screening for Members age 45 or older, or for younger Members who are at high risk, including:
  - Fecal occult blood test yearly plus one flexible sigmoidoscopy every four years, or more frequently as recommended by your Participating Provider.
  - Colonoscopy every ten years, or double contrast barium enema every five years, or more frequently as recommended by your Participating Provider.
  - Follow-up colonoscopy for screening to be achieved following abnormal findings identified by flexible sigmoidoscopy or CT colonography screening.
  - Required specialist consultation prior to the screening procedure.
  - Bowel preparation medications prescribed for the screening procedure.
  - Anesthesia Services performed in connection with the screening procedure.
  - Polyp removal performed during the screening procedure.
  - Any pathology exam on a polyp biopsy performed as part of the screening procedure.
- Contraceptive Services and supplies, including insertion/removal of IUD or implanted birth control drugs and devices.

- Diabetic retinopathy screening.
- Fasting glucose test.
- Healthy diet counseling and counseling for obesity and weight management.
- Immunizations.
- Mammography.
- Prostate screening examinations once every two years for men 50 years of age or older or for younger Members who are at high risk, and more frequently if your Participating Provider recommends it because you are at high risk for prostate cancer or disease.
- Routine preventive physical exam (adult, well-child, and well-baby).
- Screening prostate-specific antigen (PSA) test (not including monitoring or ultrasensitive tests).
- Transabdominal and transcervical sterilization procedures.

When a Participating Provider determines that a recommended Service is medically appropriate for an individual and the individual satisfies the criteria for the Service or treatment, we will provide coverage for the recommended Service regardless of sex assigned at birth, gender identity, or gender of the individual otherwise recorded by us.

If you would like additional information about covered preventive care Services, call Member Services. Information is also available online at **kp.org/prevention**.

Benefits for Outpatient Services

We cover the following outpatient Services for diagnosis, treatment, and preventive medicine upon payment of any applicable Cost Share shown in the "Benefit Summary" in the "Outpatient Services" section. Additional types of outpatient Services are covered as described under other headings in this "Benefits" section.

- Allergy testing and treatment materials.
- Biofeedback.
- Cardiac rehabilitative therapy visits.
- Chemotherapy and radiation therapy Services.
- Child abuse medical assessment including Services provided by an Oregon children's advocacy center that reports to the Child Abuse Multidisciplinary Intervention Program. Services may include, but are not limited to, a physical exam, forensic interview and behavioral health treatment.
- Diagnostic Services and scope insertion procedures, such as colonoscopy, endoscopy, and laparoscopy.
- Drugs, injectables, and radioactive materials used for therapeutic or diagnostic purposes, if they are administered to you in a Participating Medical Office or during home visits, subject to the drug formulary and exclusions described under the "Limited Outpatient Prescription Drugs and Supplies" section.
- Emergency department visits.
- Eye exams, including refraction exams.
- Gender Affirming Treatment.
- Internally implanted devices, including bilateral cochlear implants and bone-anchored hearing aids, except for internally implanted insulin pumps, artificial hearts, and artificial larynx.
- Interrupted pregnancy surgery performed in an outpatient setting.

- Nurse treatment room visits to receive injections, including allergy injections.
- Outpatient surgery and other outpatient procedures.
- Primary care visits for internal medicine, gynecology, family medicine, and pediatrics.
- Respiratory therapy.
- Routine hearing exams.
- Specialty care visits.
- Treatment for temporomandibular joint (TMJ) disorder.
- Urgent Care visits.
- Vasectomy.

Benefits for Inpatient Hospital Services

We cover the following Services when you are admitted as an inpatient in a Participating Hospital. Additional types of inpatient Services are covered as described under other headings in this "Benefits" section.

- Anesthesia.
- Blood, blood products, blood storage, and their administration, including the Services and supplies of a blood bank.
- Chemotherapy and radiation therapy Services.
- Dialysis Services (this benefit is subject to the benefit limitations described under "Dialysis Services" in this "Benefits" section).
- Drugs and radioactive materials used for therapeutic purposes, except for the types of drugs excluded under the "Limited Outpatient Prescription Drugs and Supplies" section.
- Durable Medical Equipment and medical supplies.
- Emergency detoxification.
- Gender Affirming Treatment.
- General and special nursing care Services.
- Internally implanted devices, except for internally implanted insulin pumps, artificial hearts, and artificial larynx.
- Interrupted pregnancy surgery when performed in an inpatient setting.
- Laboratory, X-rays and other imaging, and special diagnostic procedures.
- Medical foods and formulas if Medically Necessary.
- Medical social Services and discharge planning.
- Operating and recovery rooms.
- Orthognathic surgery and supplies for treatment of temporomandibular joint (TMJ) disorder or injury, sleep apnea or congenital anomaly.
- Palliative care.
- Participating Provider's Services, including consultation and treatment by Specialists.
- Prescription drugs, including injections.
- Respiratory therapy.

- Room and board, including a private room if Medically Necessary.
- Specialized care and critical care units.
- Temporomandibular joint (TMJ) surgery for the treatment of TMJ disorders subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.
- Vasectomy.

Kaiser Permanente at Home™

Kaiser Permanente at Home is a personalized, patient-centered program that provides care in your home (or a place of temporary or permanent residence used as your home) as an alternative to receiving acute care in a hospital.

Kaiser Permanente at Home Services must be associated with an acute medical condition, such as, but not limited to, congestive heart failure, pneumonia, cellulitis or upper urinary tract infection, and are subject to prior authorization from Company in accordance with Utilization Review criteria developed by Medical Group and approved by Company.

To receive Kaiser Permanente at Home Services:

- You must be referred into the program by a Participating Provider.
- Your condition must meet criteria for Medically Necessary hospitalization.
- A Medical Group physician determines that it is feasible to maintain effective supervision and control of your care in the home, and that based on your health status, treatment plan, and home setting, you can be treated safely and effectively in the home.
- You must consent to receiving Kaiser Permanente at Home Services because you prefer to receive the care described in your treatment plan in your home.
- The care location must be within 30 minutes of a 911 response.
- The care location must have cell service.

Services are provided or arranged by Kaiser Permanente and the Participating Providers we contract with to provide Services under this program, including:

- Telemedical visits and in-person home visits by a care team of specialized health care providers including physicians, nurse practitioners, physician associates, RNs, physical therapists, occupational therapists, speech therapists, respiratory therapists, nutritionists, home health aides, and other healthcare professionals providing Services in accord with your Kaiser Permanente at Home treatment plan and the provider's scope of practice and license.
- A medical command center staffed by physicians and nurses who monitor your care and coordinate your care team. The medical command center provides 24/7 telemedical monitoring and access to your care team.
- Equipment temporarily installed in your home to monitor your vital signs, such as temperature, pulse, blood pressure, oxygen levels, and weight. This information is sent automatically to the medical command center and is available to any member of your care team.
- Communication devices such as a tablet computer for video visits, a "pick up the handset" phone with direct connection to the medical command center, and a wearable personal emergency response system (PERS) call button to allow you to contact the medical command center 24 hours a day, 7 days a week if you are unable to get to a phone. This includes communication technology to support reliable communication, backup power supply, and backup internet.

- Equipment necessary to ensure that you are monitored appropriately in your home: blood pressure cuff/monitor, pulse oximeter, scale, and thermometer.
- Laboratory tests, mobile imaging (X-rays, ultrasounds), and EKGs.
- Safety items when Medically Necessary, such as shower stools, raised toilet seats, grabbers, long handled shoehorns, and sock aids.
- Meals when Medically Necessary while you are receiving acute care in the home.

The Cost Shares for the following covered Services, described elsewhere in this *EOC*, will not apply when the Services are prescribed as part of your Kaiser Permanente at Home treatment plan:

- Durable Medical Equipment.
- Medical supplies.
- Ambulance transportation to and from Participating Facilities when ambulance transport is Medically Necessary.
- Physician associate and nurse practitioner house calls.
- Emergency Department visits associated with this program.

The Cost Shares for covered Services described elsewhere in this *EOC* will apply to any Services that are not part of your Kaiser Permanente at Home treatment plan (for example, DME not specified in your Kaiser Permanente at Home treatment plan).

For outpatient prescription drug coverage and Cost Share information, please refer to the "Limited Outpatient Prescription Drugs and Supplies" section in the *EOC* and "Benefit Summary," and the "Outpatient Prescription Drug Rider," if purchased by your Group.

Kaiser Permanente at Home Exclusions

- Housekeeping or meal services that are not part of your Kaiser Permanente at Home treatment plan.
- Any care provided by or for a family member.
- Any other Services rendered in the home which are not specified in your Kaiser Permanente at Home treatment plan.

Ambulance Services

We cover licensed ambulance Services:

- For Emergency Medical Services Transport, or
- If we give prior authorization for an ambulance to transport you to or from a location where you receive covered Services.

Covered Emergency Medical Services Transport includes air, ground and water transportation.

Ambulance Services Exclusions

- Ambulance Services for personal comfort or convenience.

Bariatric Surgery Services

We cover inpatient and outpatient bariatric surgery procedures and related pre-surgery and post-surgery Services for clinically severe obesity in adults, subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

You may request Utilization Review criteria, and a list of the approved surgical procedures we cover when criteria is met, by calling Member Services.

In addition to Utilization Review, you must meet one of the following requirements:

- You fully comply with the Kaiser Permanente Severe Obesity Evaluation and Management Program's contract for participation approved by Company; or,
- You receive the Service at a facility accredited by the Metabolic and Bariatric Surgery Accreditation and Quality Improvement Program (MBSAQIP).

Behavioral Health Services

We cover Services to treat Behavioral Health Conditions as found in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)*, published by the American Psychiatric Association, including Medically Necessary applied behavior analysis (ABA) for autism spectrum disorder, and Medically Necessary treatment for pervasive developmental disorder (PDD).

Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company. You may request the criteria by calling Member Services.

The benefits described in this "Behavioral Health Services" section comply with the Mental Health Parity and Addiction Equity Act.

Outpatient Services

We cover individual office visits, group therapy visits, intensive outpatient visits, partial hospitalization, and Assertive Community Treatment (ACT) Services for behavioral health treatment. ACT Services are designed to provide comprehensive outpatient treatment and support to Members who are diagnosed with a severe mental illness and whose symptoms of mental illness lead to serious dysfunction in daily living.

Inpatient Hospital Services

We cover inpatient hospital Services for behavioral health treatment, including drugs that are prescribed as part of your plan of care and administered to you by medical personnel in the inpatient facility. Prior authorization is not required for Members who are involuntarily committed and subsequently treated in a state hospital.

Residential Services

We cover residential Services in a residential facility, including drugs that are prescribed as part of your plan of care and administered to you by medical personnel in the residential facility.

Psychological Testing

If, in the professional judgment of a Participating Provider you require psychological testing as part of diagnostic evaluation, prescribed tests are covered in accord with this "Behavioral Health Services" section. We do not cover court-ordered testing or testing for ability, aptitude, intelligence, or interest unless Medically Necessary.

Dialysis Services

We cover two types of dialysis: hemodialysis and peritoneal dialysis. You pay the Cost Share shown in the "Benefit Summary" under "Dialysis Services." We cover dialysis Services for acute renal failure and end-stage renal disease subject to Utilization Review criteria developed by Medical Group and approved by Company.

We cover treatment at outpatient dialysis facilities.

We also cover home dialysis. Coverage includes necessary equipment, training, and medical supplies.

If you receive dialysis Services as part of an inpatient hospital stay or at a Participating Skilled Nursing Facility, the Services will be covered according to your inpatient hospital or skilled nursing facility benefit.

External Prosthetic Devices and Orthotic Devices

We cover External Prosthetic Devices and Orthotic Devices, subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company, when the following are true:

- The device is Medically Necessary to restore or maintain your ability to complete activities of daily living or essential job-related activities and is not solely for comfort or convenience.
- The device is required to replace all or part of an organ or extremity designated by CMS in the "L codes" of the Healthcare Common Procedure Coding System.

This coverage includes Services and supplies that are Medically Necessary for the effective use of an External Prosthetic Device or Orthotic Device, including formulating its design, fabrication, material and component selection, measurements, fittings, static and dynamic alignments, patient instruction in the use of the device, and repair and replacement of the Medically Necessary device.

Internally implanted prosthetic and Orthotic Devices, such as pacemakers, intraocular lenses, cochlear implants, osseointegrated hearing devices, and hip joints, are not covered under this "External Prosthetic Devices and Orthotic Devices" benefit, but may be covered if they are implanted during a surgery that we are covering under another section of this "Benefits" section.

Covered External Prosthetic Devices and Orthotic Devices include, but are not limited to:

- Compression garments for burns.
- Diabetic foot care appliances and therapeutic shoes and inserts to prevent and treat diabetes-related complications.
- External prostheses after a Medically Necessary mastectomy, including prostheses when Medically Necessary, and up to four brassieres required to hold a prosthesis every 12 months.
- Fitting and adjustments.
- Halo vests.
- Lymphedema wraps and garments.
- Maxillofacial prosthetic devices: coverage is limited to the least costly clinically appropriate treatment as determined by a Participating Provider. We cover maxillofacial prosthetic devices if they are necessary for restoration and management of head and facial structures that cannot be replaced with living tissue and are defective because of disease, trauma, or birth and developmental deformities when this restoration and management are performed for the purpose of:
  - Controlling or eliminating infection;
  - Controlling or eliminating pain; or
  - Restoring facial configuration or functions such as speech, swallowing, or chewing, but not including cosmetic procedures rendered to improve the normal range of conditions.
- Ocular prosthesis.
- Prosthetic devices for treatment of temporomandibular joint (TMJ) conditions.
- Prosthetic devices required to replace all or part of an organ or extremity, but only if they also replace the function of the organ or extremity. This includes but is not limited to ostomy and urological supplies.
- Rigid and semi-rigid Orthotic Devices required to support or correct a defective body part.
- Tracheotomy equipment.

We periodically update the list of approved External Prosthetic Devices and Orthotic Devices to keep pace with changes in medical technology and clinical practice. To find out if a particular prosthetic or orthotic device is on our approved list for your condition, please call Member Services.

Coverage is limited to the standard External Prosthetic Device or Orthotic Device that adequately meets your medical needs. Our guidelines allow you to obtain non-standard devices (those not on our approved list for your condition) if we determine that the device meets all other coverage requirements, and Medical Group or a designated physician determines that the device is Medically Necessary and that there is no standard alternative that will meet your medical needs.

External Prosthetic Devices and Orthotic Devices Exclusions

- Artificial hearts.
- Artificial larynx.
- Comfort, convenience, or luxury equipment or features.
- Dental appliances and dentures.
- Internally implanted insulin pumps.

Fertility Services

Covered fertility Services include:

- Consultation and evaluation of fertility status.
- Diagnostic imaging and laboratory tests, such as tests to rule out sexually transmitted diseases, hormone level tests, and semen analysis.
- Diagnostic laparoscopy or hysteroscopy.
- Other Medically Necessary diagnostic Services to determine if there is an underlying medical condition that may affect fertility.

Diagnostic Services may include both the individual and their partner; however, Services are covered only for the person who is the Member.

You may have additional coverage if your Group has purchased a "Fertility Treatment Services Rider."

Fertility Services Exclusions

- Fertility preservation.
- Inpatient and outpatient fertility treatment Services.
- Oral and injectable drugs prescribed for fertility treatment.
- Services related to conception by artificial means, such as intrauterine insemination (IUI), in vitro fertilization (IVF), ovum transplants, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), and artificial insemination.
- Services to reverse voluntary, surgically induced infertility.

Habilitative Services

We cover inpatient and outpatient habilitative Services subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company. Coverage includes the range of Medically Necessary Services or health care devices designed to help a person keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who is not walking or talking at the expected

age. These Services may include physical, occupational, and speech therapy, and other Services for people with disabilities, and that:

- Takes into account the unique needs of the individual.
- Targets measurable, specific treatment goals appropriate for the person's age, and physical and mental condition.

We cover these habilitative Services at the Cost Share shown in the "Benefit Summary." The "Benefit Summary" also shows a visit maximum for habilitative Services. That visit maximum will be exhausted (used up) for a Year when the number of visits that we covered during the Year under this *EOC*, plus any visits we covered during the Year under any other evidence of coverage with the same group number printed on this *EOC*, add up to the visit maximum. After you reach the visit maximum, we will not cover any more visits for the remainder of the Year. Visit maximums do not apply to habilitative Services to treat Behavioral Health Conditions covered under this *EOC*.

Habilitative Services Exclusions

- Daycare.
- Exercise programs for healthy individuals (unless Medically Necessary within an applied behavior analysis (ABA) treatment plan).
- Housing.
- Recreational activities (unless Medically Necessary within an applied behavior analysis (ABA) treatment plan).
- Respite care.
- Services and devices delivered pursuant to federal Individuals with Disabilities Education Act of 2004 (IDEA) requirements.
- Services solely for palliative purposes.
- Social services.
- Specialized job testing.

Health Education Services

We cover a variety of health education Services to help you take an active role in improving and maintaining your health. These Services include:

- Diabetic counseling.
- Diabetic and other outpatient self-management training and education.
- Medical nutritional therapy for diabetes.
- Post coronary counseling and nutritional counseling.
- Tobacco use cessation. For the purposes of this *EOC*, tobacco use is defined as the use of tobacco on average four or more times per week within no longer than the past six months. This includes all tobacco products, except that tobacco use does not include religious or ceremonial use of tobacco.

If you receive health education Services during a primary care visit, you pay the primary care Cost Share shown in the "Benefit Summary." If you receive health education Services during a specialty care visit, you pay the specialty care Cost Share shown in the "Benefit Summary."

Some Health Education Services may also be covered under the "Preventive Care Services" section.

There are fees for some health education classes. For more information about in-person and online health education programs, see our *Healthy Living* catalog, call Member Services, or visit **kp.org** and select Health & Wellness. To register by phone, call 503-286-6816 or 1-866-301-3866 (toll-free) and select option 1.

Hearing Aids and Other Hearing Devices

We cover Medically Necessary Services for the treatment of hearing loss as described in this "Hearing Aids and Other Hearing Devices" section when prescribed by a Participating Provider and obtained from a Participating Provider. You pay the Cost Share shown in the "Benefit Summary." These Services are limited to Members who are under the Dependent Limiting Age shown in the "Benefit Summary." You may have additional coverage if your Group has purchased a "Hearing Aid Rider."

Hearing Exam

We cover exams to determine the need for hearing correction, diagnostic hearing tests appropriate to the Member's age or developmental need, and aided testing. Medically Necessary diagnostic and treatment exams are covered at least twice per Year for Members who are younger than four years of age, and at least once per Year for Members who are four years of age or older. In addition, we cover visits to determine the appropriate hearing aid or hearing device model, visits to verify that the hearing aid or device conforms to the prescription, and visits for fitting, adjustment, cleaning, inspection, counseling, programming, and reprogramming of the hearing device.

Hearing Aids

We cover one hearing aid per impaired ear for the treatment of hearing loss, as shown in the "Benefit Summary", or more frequently if modifications to an existing hearing aid will not meet the needs of the Member. Coverage includes the cost of repair or replacement parts if they are not covered by a warranty and are necessary for the device to function correctly for the Member. Ear molds and replacement ear molds are covered as Medically Necessary and at least four times per Year for Members who are seven years of age or younger, and at least once per Year for Members eight years of age or older.

A hearing aid is any non-disposable, wearable electronic instrument or device designed to aid or compensate for impaired human hearing and any necessary ear molds, parts, attachments, batteries, components, or accessories necessary to the function of the hearing aid, except cords.

The date we cover a hearing aid is the date on which you are fitted for the device. Therefore, if you are fitted for a device while you are covered under this *EOC*, and if we would otherwise cover the device, we will provide the device even if you do not receive it until after you are no longer covered under this *EOC*.

Other Hearing Devices

Assistive Listening Devices

We cover assistive listening devices and bone conduction sound processors for the treatment of hearing loss, as shown in the "Benefit Summary". Coverage includes the cost of repair or replacement parts if they are not covered by a warranty and are necessary for the device to function correctly for the Member.

An assistive listening device is a device used with or without hearing aids or cochlear implants to provide access to sound or improve the ability of a user with hearing loss to hear in various listening situations, such as being located a distance from a speaker, in an environment with competing background noise, or in a room with poor acoustics or reverberation.

The date we cover an assistive listening device is the date on which you are fitted for the device. Therefore, if you are fitted for a device while you are covered under this *EOC*, and if we would otherwise cover the device, we will provide the device even if you do not receive it until after you are no longer covered under this *EOC*.

Internally Implanted Hearing Devices

We cover cochlear implants and other implantable hearing devices for one or both ears if Medically Necessary for the treatment of hearing loss, including fitting, programming, reprogramming, and repair and replacement parts necessary for the device to function correctly for the Member. Devices such as bone-anchored hearing aids, cochlear implants, and other implantable hearing devices that are internally implanted during a surgical procedure are covered under the benefits for the surgical procedure. Please refer to internally implanted devices in the "Benefits for Outpatient Services" section. Internally implanted hearing devices are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

Hearing Aids and Other Hearing Devices Limitations

- Hearing aids are limited to one of the following digital models from a specified collection of hearing aids: (i) in the ear; (ii) behind the ear; (iii) on the body (Body Aid Model); or (iv) canal/CIC aids.
- Replacement batteries are limited to one box per Year for each hearing aid.

Hearing Aids and Other Hearing Devices Exclusions

- Non-prescription hearing aids or hearing aid components, except as described in this "Hearing Aids and Other Hearing Devices" section.
- Replacement of lost hearing aids and devices.

Home Health Services

Home health Services are Services provided in the home by nurses, medical social workers, home health aides, and physical, occupational, speech, and respiratory therapists. We cover home health Services only if all of the following are true:

- You are substantially confined to your home (or to a place of temporary or permanent residence used as your home) or the care is provided in lieu of Medically Necessary hospitalization.
- A Medical Group physician determines that it is feasible to maintain effective supervision and control of your care in your home and that the Services can be safely and effectively provided in your home.
- You receive prior authorization from Company in accordance with Utilization Review criteria developed by Medical Group and approved by Company.
- Services are provided through a licensed Home Health Agency.

The "Benefit Summary" shows a visit maximum for home health Services. That visit maximum will be exhausted (used up) for a Year when the number of visits that we covered during the Year under this *EOC*, plus any visits we covered during the Year under any other evidence of coverage with the same group number printed on this *EOC*, add up to the visit maximum. After you reach the visit maximum, we will not cover any more visits for the remainder of the Year.

The following types of Services are covered in the home only as described under these headings in this "Benefits" section:

- "Dialysis Services."
- "Outpatient Durable Medical Equipment (DME)."
- "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures."

Home Health Services Exclusions

- "Meals on Wheels" or similar food services.
- Nonmedical, custodial, homemaker or housekeeping type services except by home health aides as ordered in the approved plan of treatment.

- Nutritional guidance.
- Private duty or continuous nursing Services.
- Services designed to maintain optimal health in the absence of symptoms.
- Services not included in an approved plan of treatment.
- Services of a person who normally lives in the home or who is a member of the family.
- Services that an unlicensed family member or other layperson could provide safely and effectively in the home setting after receiving appropriate training. These Services are excluded even if we would cover the Services if they were provided by a qualified medical professional in a hospital or skilled nursing facility.
- Supportive environmental materials such as handrails, ramps, telephones, air conditioners, and similar appliances and devices.

Hospice Services

Hospice is a specialized form of interdisciplinary care designed to provide palliative care to help alleviate your physical, emotional, and spiritual discomfort through the last phases of life due to a terminal illness. It also provides support to your primary caregiver and your family. When you choose hospice, you are choosing to receive palliative (comfort) care for pain and other symptoms associated with the terminal illness, but not to receive care to try to cure the terminal illness. You may change your decision to receive hospice Services at any time. You pay the Cost Share shown in the "Benefit Summary" under "Hospice Services."

We cover hospice Services if all of the following requirements are met:

- A Medical Group physician has diagnosed you with a terminal illness and determines that your life expectancy is six months or less.
- The Services are provided in your home (or a place of temporary or permanent residence used as your home).
- The Services are provided by a licensed hospice agency approved by Kaiser Foundation Hospitals.
- The Services are necessary for the palliation and management of your terminal illness and related conditions.
- The Services meet Utilization Review by Company using criteria developed by Medical Group and approved by Company.

We cover the following hospice Services:

- Counseling and bereavement Services for up to one year.
- Durable Medical Equipment (DME).
- Home health aide Services.
- Medical social Services.
- Medication and medical supplies and appliances.
- Participating Provider Services.
- Rehabilitative therapy Services for purposes of symptom control or to enable you to maintain activities of daily living.
- Services of volunteers.
- Short-term inpatient Services including respite care and care for pain control and acute and chronic symptom management.

- Skilled nursing Services, including assessment, evaluation, and case management of nursing needs, treatment for pain and symptom control, provision of emotional support to you and your family, and instruction to caregivers.

Limited Dental Services

We do not cover dental Services except as described below. Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company. You may request these criteria by calling Member Services.

Covered Dental Services

We cover dental Services only as described below:

- Dental and orthodontic Services for the treatment of craniofacial anomalies if the Services are Medically Necessary to improve or restore function.
- Dental Services necessary for or resulting from medical treatment such as surgery on the jawbone and radiation treatment, limited to (a) emergency dental Services, or (b) extraction of teeth to prepare the jaw for radiation treatments of neoplastic disease.
- Dental Services for Members who are potential transplant recipients and require Medically Necessary pre-transplant dental evaluation and clearance before being placed on the waiting list for a covered transplant. Covered Services are routine dental Services necessary to ensure the oral cavity is clear of infection, and may include oral examination, dental x-rays, prophylaxis (dental cleaning), fluoride treatment, fillings, and dental extractions. In the case of urgent transplantation, we will cover these Services when performed post-transplant.
- General anesthesia and associated hospital or ambulatory surgical facility Services in conjunction with non-covered dental Services when Medically Necessary for Members who:
    - have a medical condition that your Participating Provider determines would place you at undue risk if the dental procedure were performed in a dental office; or
    - are physically or developmentally disabled.

Covered Services may be provided by a licensed dentist or other person who is regulated under state law to practice dental or dental-related Services or otherwise practicing dental care Services consistent with state law, including an expanded practice dental hygienist, denturist, dental therapist, or pediatric dental assistant. You pay the Cost Share you would pay if the Services were not related to a covered dental Service.

Limited Dental Services Exclusions

The following dental Services are not covered, except where specifically noted to the contrary in this *EOC*:

- Dental appliances and dentures.
- Dental implants.
- Extraction of teeth, except as described above in the "Covered Dental Services" section.
- Hospital Services for dental care, except as described above in the "Covered Dental Services" section.
- Orthodontics, except as described above in the "Covered Dental Services" section.
- Routine or preventive dental Services.
- Services to correct malocclusion.

Limited Outpatient Prescription Drugs and Supplies

We cover limited outpatient prescription drugs and supplies as described in this "Limited Outpatient Prescription Drugs and Supplies" section. You may have additional coverage if your Group has purchased an "Outpatient Prescription Drug Rider."

Covered drugs or supplies must be prescribed by a Participating Provider or any licensed dentist in accordance with our drug formulary guidelines.

You must obtain drugs or supplies at a Participating Pharmacy (including our Mail-Order Pharmacy). You may obtain a first fill of a drug or supply at any Participating Pharmacy. All refills must be obtained through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy), or at another Participating Pharmacy that we designate for covered refills. See your *Medical Facility Directory*, visit **kp.org/directory/nw**, or contact Member Services.

Covered Drugs and Supplies

Items covered under this "Limited Outpatient Prescription Drugs and Supplies" benefit include:

- Certain preventive medications (including, but not limited to, aspirin, fluoride, folic acid supplements, liquid iron for infants, and tobacco use cessation drugs) according to, and as recommended by, the USPSTF, when obtained with a prescription order.
- Certain self-administered IV drugs, fluids, additives, and nutrients that require specific types of parenteral-infusion (such as IV or intraspinal-infusion) for up to a 30-day supply, including the supplies and equipment required for their administration.
- Contraceptive drugs and devices approved by the U.S. Food and Drug Administration (FDA), including injectable contraceptives and internally implanted time-release contraceptive drugs, emergency contraceptives, and contraceptive devices such as intrauterine devices, diaphragms, and cervical caps. Over-the-counter contraceptive drugs, devices, and products approved by the FDA do not require a prescription in order to be covered. You may receive a three-month supply for a first dispensing of a contraceptive drug and a 12-month supply of a subsequent dispensing of the same contraceptive drug, unless you request a smaller supply. You pay the Cost Share as shown in the "Benefit Summary."
- Drugs, injectables, and radioactive materials used for therapeutic or diagnostic purposes, if they are administered to you in a Participating Medical Office or during home visits. We cover these items upon payment of the administered medications Cost Share shown under "Outpatient Services" in the "Benefit Summary."
- Glucagon emergency kits, insulin, ketone test strips for urine-testing, blood glucose test strips, and disposable needles and syringes when prescribed for the treatment of diabetes. We cover additional diabetic equipment and supplies, including lancets and injection aids, under the "Outpatient Durable Medical Equipment (DME)" section and the "External Prosthetic Devices and Orthotic Devices" section.
- Self-administered chemotherapy medications used for the treatment of cancer.

These limited drugs and supplies are available to you even if your Group has not purchased additional drug coverage. If your Group has purchased additional drug coverage, the limited drugs and supplies listed in this "Limited Outpatient Prescription Drugs and Supplies" section are not covered under it.

Day Supply Limit

The prescribing provider determines how much of a drug or supply to prescribe. For purposes of day supply coverage limits, the prescribing provider determines the amount of a drug or supply that constitutes a Medically Necessary 30-day (or any other number of days) supply for you. When you pay the applicable Cost Share shown in the "Benefit Summary," you will receive the prescribed supply up to the day supply limit. If you wish to receive more than the covered day supply limit, then you must pay Charges for any prescribed quantity that exceeds the day supply limit.

You may receive a three-month supply for a first dispensing of a contraceptive drug and a 12-month supply of a subsequent dispensing of the same contraceptive drug, unless you request a smaller supply.

How to Get Covered Drugs or Supplies

Participating Pharmacies are located in many Participating Facilities. To find a Participating Pharmacy please see your *Medical Facility Directory*, visit **kp.org/directory/nw**, or contact Member Services.

Participating Pharmacies include our Mail-Order Pharmacy. This pharmacy offers postage-paid delivery to residents of Oregon and Washington. Some drugs and supplies are not available through our Mail-Order Pharmacy, for example drugs that require special handling or refrigeration, or are high cost. Drugs and supplies available through our Mail-Order Pharmacy are subject to change at any time without notice.

If you would like to use our Mail-Order Pharmacy, call 1-800-548-9809 or order online at **kp.org/refill**.

About Our Drug Formulary

Our drug formulary is a list of drugs that our Regional Formulary and Therapeutics Committee has reviewed and approved for our Members and includes drugs covered under this *EOC*. Drugs on the formulary have been approved by the FDA.

Our Regional Formulary and Therapeutics Committee is made up of Participating Physicians, other Participating Providers, and administrative staff. The committee chooses drugs for the formulary based on several factors, including safety and effectiveness as determined from a review of the scientific literature. They may not approve a drug if there is not enough scientific evidence that it is clinically effective. They may also exclude a drug if it does not have a clinical or cost advantage over comparable formulary drugs.

The Regional Formulary and Therapeutics Committee meets to review new drugs and reconsider drugs currently on the market. After this review, they may add drugs to the formulary or remove drugs from it. If a drug is removed from the formulary, you will need to switch to another comparable drug that is on the drug formulary, unless your old drug meets exception criteria. Refer to the "Drug Formulary Exception Process" in this "Limited Outpatient Prescription Drugs and Supplies" section for more information.

If a formulary change affects a prescription drug you are taking, we encourage you to discuss any questions or concerns with your Participating Provider or another member of your health care team.

To see if a drug or supply is on our drug formulary, go online to **kp.org/formulary**. You may also call our Formulary Application Services Team (FAST) at 503-261-7900. If you would like a copy of our drug formulary or additional information about the formulary process, please call Member Services. The presence of a drug on our drug formulary does not necessarily mean that your Participating Provider will prescribe it for a particular medical condition.

Drug Formulary Exception Process

Our drug formulary guidelines include an exception process that is available when a Participating Provider or any licensed dentist prescribes a drug or supply that our drug formulary does not list for your condition, if the law requires the item to bear the legend "Rx only." The exception process is not available for drugs and supplies that the law does not require to bear this legend, or for any drug or supply prescribed by someone other than a Participating Provider or any licensed dentist.

A Participating Provider or any licensed dentist may request an exception if they determine that the non-formulary drug or supply is Medically Necessary. We will make a coverage determination within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests. We will approve the exception if all of the following requirements are met:

- We determine that the drug or supply meets all other coverage requirements except for the fact that our drug formulary does not list it for your condition.

- Medical Group or a designated physician makes the following determinations:
  - The drug or supply is Medically Necessary because you are allergic to, or intolerant of, or have experienced treatment failure with, any alternative drugs or supplies that our drug formulary lists for your condition.
  - Your condition meets any additional requirements that the Regional Formulary and Therapeutics Committee has approved for the drug or supply. For this drug or supply, the Participating Pharmacy can provide a copy of the additional criteria upon request. In some cases, there may be a short delay in filling your prescription while your information is being reviewed.

If we approve an exception through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the "Benefit Summary."

If we do not approve the formulary exception request, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under "External Review" in the "Grievances, Claims, Appeals, and External Review" section.

Limited Outpatient Prescription Drugs and Supplies Exclusions

- Any packaging, such as blister or bubble repacking, other than the dispensing pharmacy's standard packaging.
- Drugs prescribed for an indication if the FDA has determined that use of the drug for that indication is contraindicated.
- Drugs prescribed for an indication if the FDA has not approved the drug for that indication, except that this exclusion does not apply if the Oregon Health Evidence Review Commission or our Regional Formulary and Therapeutics Committee determines that the drug is recognized as effective for that use (i) in one of the standard reference compendia, or (ii) in the majority of relevant peer-reviewed medical literature, or (iii) by the Secretary of the U.S. Department of Health and Human Services.
- Drugs and supplies that are available without a prescription, even if the non-prescription item is in a different form or different strength (or both), except that this exclusion does not apply to non-prescription drugs or supplies described in the "Covered Drugs and Supplies" section.
- Drugs, biological products, and devices that the FDA has not approved.
- Drugs used to enhance athletic performance.
- Extemporaneously compounded drugs, unless the formulation is approved by our Regional Formulary and Therapeutics Committee.
- Injectable drugs that are self-administered (except insulin).
- Mail-order drugs for anyone who is not a resident of Oregon or Washington.
- Nutritional supplements.
- Replacement of drugs and supplies due to loss, damage, or carelessness. This exclusion does not apply to drugs used to treat Substance Use Disorder.
- The following are excluded, but you may have coverage for them if your Group purchased an "Outpatient Prescription Drug Rider":
  - Prescription drugs and supplies that are dispensed on an outpatient basis, except those listed under "Covered Drugs and Supplies" of this "Limited Outpatient Prescription Drugs and Supplies" section.
  - Drugs prescribed for fertility treatment.
  - Drugs and supplies to treat sexual dysfunction are excluded except for drugs that are FDA-approved to treat behavioral health symptoms of sexual dysfunction.

- Drugs used in weight management.

Maternity and Newborn Care

We cover the following maternity and newborn care Services:

- Prenatal care visits and postpartum visits.
- Maternal diabetes management, including medication and supplies (Medically Necessary Services beginning with conception and ending through six weeks postpartum).
- Maternity hospital care for mother and baby, including Services for complications of pregnancy.
- Obstetrical care and delivery (including cesarean section).
- Newborn medical Services following birth and initial physical exam.
- Newborn nurse home visiting Services for Dependent children up to six months of age, if available in your area.
- Newborn PKU test.

We will not limit the length of a maternity hospital stay for a mother and baby to less than 48 hours for vaginal delivery and 96 hours for a cesarean section delivery. The length of inpatient stay is determined by an attending Participating Provider, in consultation with the mother. Our policy complies with the federal Newborns' and Mothers' Health Protection Act of 1996 (NMHPA).

Newborns are covered from the moment of birth for the first 31 days of life and are subject to their own Cost Share. In order for coverage to continue beyond this 31-day period, you must follow the rules for adding Dependents as described under "Adding New Dependents to an Existing Account" in the "When You Can Enroll and When Coverage Begins" section.

Certain maternity Services, such as screening for gestational diabetes and breastfeeding equipment, supplies, counseling, and support, are covered under the "Preventive Care Services" section. Outpatient Services for laboratory, X-ray, imaging, and special diagnostic procedures are covered under the "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures" section.

Maternity and Newborn Care Exclusions

- Birthing center Services.
- Home birth Services.

Medical Foods and Formula

We cover the following Medically Necessary medical foods and formula subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company:

- Elemental formula for the treatment of eosinophilic gastrointestinal associated disorder.
- Enteral formula for home treatment of severe intestinal malabsorption when the formula comprises the sole or essential source of nutrition.
- Medical foods and formula necessary for the treatment of phenylketonuria (PKU), specified inborn errors of metabolism, or other metabolic disorders.

Naturopathic Medicine

We cover outpatient visits for naturopathic medicine Services when provided by a Participating Provider in the Participating Provider's office. You do not need a referral or prior authorization.

Naturopathic medicine is a natural approach to health and healing which emphasizes a holistic approach to the diagnosis, treatment and prevention of illness. Naturopathic physicians diagnose and treat patients by using natural modalities such as clinical nutrition, herbal medicine, and homeopathy.

Covered Services include:

- Evaluation and management.
- Health condition related treatments.
- Physical therapy modalities such as hot and cold packs.

To locate a Participating Provider, visit **www.chpgroup.com**. The CHP Group is a Participating Provider we contract with to provide naturopathic medicine Services. If you need assistance searching for a Participating Provider, or to verify the current participation status of a provider, or if you do not have access to the online directory, please contact Member Services.

Outpatient Durable Medical Equipment (DME)

We cover outpatient Durable Medical Equipment (DME) subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

DME must be for use in your home (or a place of temporary or permanent residence used as your home).

When you receive DME in a home health setting in lieu of hospitalization, DME is covered at the same level as if it were received in an inpatient hospital care setting.

We decide whether to rent or purchase the DME, and we select the vendor. We also decide whether to repair, adjust, or replace the DME item when necessary.

Covered DME includes, but is not limited to:

- Bilirubin lights.
- CADD (continuous ambulatory drug delivery) pumps.
- Diabetic equipment and supplies including external insulin pumps, infusion devices, blood glucose monitors, continuous glucose monitors, lancets, and injection aids.
- Enteral pumps and supplies.
- Home ultraviolet light therapy equipment for treatment of certain skin conditions such as cutaneous lymphoma, eczema, psoriasis, and scleroderma.
- Osteogenic bone stimulators.
- Osteogenic spine stimulators.
- Oxygen and oxygen supplies.
- Peak flow meters.
- Ventilators.
- Wheelchairs.
- Wigs following chemotherapy or radiation therapy, limited to one synthetic wig per Year.

We periodically update the list of approved DME items to keep pace with changes in medical technology and clinical practice. To find out if a particular DME item is on our approved list for your condition, please call Member Services.

Coverage is limited to the standard DME item that adequately meets your medical needs. Our guidelines allow you to obtain non-standard DME items (those not on our approved list for your condition) if we

determine that the item meets all other coverage requirements, and Medical Group or a designated physician determines that the item is Medically Necessary and that there is no standard alternative that will meet your medical needs.

Outpatient Durable Medical Equipment (DME) Exclusions

- Comfort, convenience, or luxury equipment or features.
- Devices for testing blood or other body substances unless specifically listed as covered in this "Outpatient Durable Medical Equipment (DME)" section.
- Exercise or hygiene equipment.
- Modifications to your home or car.
- More than one corrective appliance or artificial aid or item of DME, serving the same function or the same part of the body, except for necessary repairs, adjustments and replacements as specified under this "Outpatient Durable Medical Equipment (DME)" section.
- Non-medical items, such as sauna baths or elevators.
- Repair or replacement of DME items due to loss or misuse.
- Spare or duplicate use DME.

Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures

We cover outpatient Services for laboratory, X-ray, imaging, and special diagnostic procedures. Some Services, such as preventive screenings and routine mammograms, are not covered under this "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures" benefit but may be covered under the "Preventive Care Services" section.

Laboratory, X-ray, and Imaging

We cover outpatient laboratory, X-ray, and imaging Services. Covered outpatient laboratory, X-ray, and imaging Services include, but are not limited to:

- Bone densitometry.
- Cardiovascular testing.
- Cultures.
- Diagnostic and supplemental breast imaging, including diagnostic mammography, breast MRI, or breast ultrasound that is used to:
  - Evaluate an abnormality.
  - Screen for breast cancer when there is no abnormality seen or suspected, and is based on personal or family medical history, or additional factors that may increase the individual's risk of breast cancer.
- Glucose tolerance.
- X-ray.
- Ultrasound imaging.
- Urinalysis.

Special Diagnostic Procedures

Special diagnostic procedures may or may not involve radiology or imaging technology. Some special diagnostic Services may be subject to a higher Cost Share, as shown in the "Benefit Summary." Covered special diagnostic procedures include, but are not limited to:

- CT scans.
- MRI.
- Nerve conduction studies.
- PET scans.
- Pulmonary function studies.
- Sleep studies.

You must receive prior authorization by Company for MRI, CT scans, PET scans, and bone density/DXA scans. (See "Prior Authorization Review Requirements" in the "How to Obtain Services" section.)

Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures Limitations

Covered genetic testing Services are limited to preconception and prenatal testing for detection of congenital and heritable disorders, and testing for the prediction of high-risk occurrence or reoccurrence of disease when Medically Necessary. These Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

Reconstructive Surgery Services

We cover inpatient and outpatient reconstructive surgery Services as indicated below, when prescribed by a Participating Provider. Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

- To correct disfigurement resulting from an injury or from Medically Necessary surgery.
- To correct a congenital defect, disease, or anomaly in order to produce improvement in physical function.
- To treat congenital hemangioma known as port wine stains on the face.

With respect to maxillofacial prosthetic services, coverage is limited to the least costly clinically appropriate treatment as determined by a Participating Provider. We cover maxillofacial prosthetic Services if they are necessary for restoration and management of head and facial structures that cannot be replaced with living tissue and are defective because of disease, trauma, or birth and developmental deformities when this restoration and management are performed for the purpose of any of the following:

- Controlling or eliminating infection.
- Controlling or eliminating pain.
- Restoring facial configuration or functions such as speech, swallowing, or chewing, but not including cosmetic procedures rendered to improve the normal range of conditions.

Members who have undergone mastectomy are entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). "Mastectomy" means the surgical removal of breast tissue and breast lumps due to malignancy or suspected malignancy. We cover:

- All stages of reconstruction of the breast on which a mastectomy was performed, including but not limited to nipple reconstruction, skin grafts, and stippling of the nipple and areola.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Mastectomy-related prostheses.
- Treatment of physical complications of the mastectomy, including lymphedemas.
- Inpatient care related to the mastectomy and post-mastectomy Services.

Mastectomy-related prosthetics and Orthotic Devices are covered under and subject to the "External Prosthetic Devices and Orthotic Devices" section.

Rehabilitative Therapy Services

We cover inpatient and outpatient physical, occupational, and speech therapy Services, when prescribed by a Participating Provider, subject to the benefit descriptions and limitations contained in this "Rehabilitative Therapy Services" section. These Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

Outpatient Rehabilitative Therapy Services

We cover outpatient rehabilitative therapy Services for the treatment of conditions which, in the judgment of the Participating Provider, will show sustainable, objective, measurable improvement as a result of the prescribed therapy. Prescribed outpatient therapy Services must receive prior authorization as described under "Prior Authorization Review Requirements" in the "How to Obtain Services" section.

The "Benefit Summary" shows a visit maximum for outpatient rehabilitative therapy Services. That visit maximum will be exhausted (used up) for the Year when the number of visits that we covered during the Year under this *EOC*, plus any visits we covered during the Year under any other evidence of coverage with the same group number printed on this *EOC*, add up to the visit maximum. After you reach the visit maximum, we will not cover any more visits for the remainder of the Year. This limitation does not apply to inpatient hospital Services or to outpatient rehabilitative therapy Services to treat Behavioral Health Conditions covered under this *EOC*.

Outpatient Rehabilitative Therapy Services Limitations

- Physical therapy Services and occupational therapy Services are covered as Medically Necessary to restore or improve functional abilities when physical and/or sensory perceptual impairment exists due to injury, illness, stroke, or surgery.
- Speech therapy Services are covered as Medically Necessary for speech impairments of specific organic origin such as cleft palate, or when speech, language, or the swallowing function is lost due to injury, illness, stroke, or surgery.

Inpatient Rehabilitative Therapy Services

We cover inpatient rehabilitative therapy Services for the treatment of conditions which, in the judgment of a Participating Provider, will show sustainable, objective, measurable improvement as a result of the prescribed therapy. Prescribed inpatient therapy Services must receive prior authorization as described under "Prior Authorization Review Requirements" in the "How to Obtain Services" section.

Rehabilitative Therapy Services Exclusions

- Services designed to maintain optimal health in the absence of symptoms.

Services Provided in Connection with Clinical Trials

We cover routine costs of Medically Necessary conventional Services you receive in connection with a clinical trial if all of the following conditions are met:

- We would have covered the Services if they were not related to a clinical trial.
- You are eligible to participate in the clinical trial according to the trial protocol, as determined in one of the following ways:
  - A Participating Provider makes this determination.
  - You provide us with medical and scientific information establishing this determination.
  - If any Participating Providers participate in the clinical trial and will accept you as a participant in the clinical trial, you must participate in the clinical trial through a Participating Provider unless the clinical trial is outside the state where you live.

- The clinical trial is a phase I, phase II, phase III, or phase IV clinical trial, and it meets one of the following requirements:
  - The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration (FDA).
  - The study or investigation is a drug trial that is exempt from having an investigational new drug application.
  - The study or investigation is approved or funded by at least one of the following:
    - The National Institutes of Health.
    - The Centers for Disease Control and Prevention.
    - The Agency for Health Care Research and Quality.
    - The Centers for Medicare & Medicaid Services.
    - A cooperative group or center of any of the above entities or of the Department of Defense or the Department of Veterans Affairs.
    - A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
    - The Department of Veterans Affairs or the Department of Defense or the Department of Energy, but only if the study or investigation has been reviewed and approved through a system of peer review that the U.S. Secretary of Health and Human Services determines meets all of the following requirements:
      - It is comparable to the National Institutes of Health system of peer review of studies and investigations.
      - It assures unbiased review of the highest scientific standards by qualified people who have no interest in the outcome of the review.

For covered Services related to a clinical trial, you will pay the Cost Share you would pay if the Services were not related to a clinical trial. For example, see "Inpatient Hospital Services" in the "Benefit Summary" for the Cost Share that applies to hospital inpatient care.

Services Provided in Connection with Clinical Trials Exclusions

- The investigational Service.
- Services provided solely for data collection and analysis and that are not used in your direct clinical management.
- Services required solely for the clinically appropriate monitoring of the Service being tested in the clinical trial.
- Services customarily provided by a clinical trial sponsor free of charge to any participant in the clinical trial.
- Services that would not be covered outside of the clinical trial.

Skilled Nursing Facility Services

We cover skilled inpatient Services in a licensed Participating Skilled Nursing Facility, including drugs that are prescribed as part of your plan of care and administered to you by medical personnel in the facility. The skilled inpatient Services must be those customarily provided by Participating Skilled Nursing Facilities. These Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

When your benefit has a day maximum, the "Benefit Summary" shows a day maximum for skilled nursing facility Services. That day maximum will be exhausted (used up) for a Year when the number of days that we covered during the Year under this *EOC*, plus any days we covered during the Year under any other evidence of coverage with the same group number printed on this *EOC*, add up to the day maximum. After you reach the day maximum, we will not cover any more days for the remainder of the Year.

We cover the following:

- Blood, blood products, blood storage, and their administration, including the Services and supplies of a blood bank.
- Dialysis Services.
- DME Services.
- Habilitative Services.
- Medical and biological supplies.
- Medical social Services.
- Nursing Services.
- Rehabilitative therapy Services.
- Room and board.

Substance Use Disorder Services

We cover Substance Use Disorder Services as found in the current edition of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)*, published by the American Psychiatric Association, including medical treatment for withdrawal symptoms. Emergency detoxification for medical conditions associated with acute alcohol, drug, or other substance abuse is covered without prior authorization.

Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company. You may request the criteria by calling Member Services.

The benefits described in this "Substance Use Disorder Services" section comply with the Mental Health Parity and Addiction Equity Act.

Outpatient Services for Substance Use Disorder

Covered Services include:

- Individual office visits.
- Group therapy visits.
- Court-ordered screening interviews or treatment programs for a Member convicted of driving under the influence of intoxicants (DUII).

Inpatient Hospital Services for Substance Use Disorder

We cover inpatient hospital Services for Substance Use Disorder, including drugs that are prescribed as part of your plan of care and administered to you by medical personnel in the inpatient facility.

Residential Services

We cover residential Services in a residential program, including drugs that are prescribed as part of your plan of care and administered to you by medical personnel in the residential facility.

Day Treatment Services

We cover day treatment Services in a day treatment program.

Telemedicine Services

Telemedicine is a means of delivering health care Services using information and telecommunication technologies to provide consultation and education, or to facilitate diagnosis, treatment, care management or self-management of your health care.

We cover telemedicine Services at the applicable "Telemedicine Services" Cost Share shown in your "Benefit Summary" if:

- The Service is otherwise covered under this EOC if received in person;
- The Service is Medically Necessary;
- The Service is determined to be safely and effectively provided using telemedicine, according to generally accepted health care practices and standards; and
- The application and technology used to provide the Service meets all standards required by state and federal laws governing the privacy and security of protected health information.

During a state of emergency, we will cover telemedicine provided to Members residing in the geographic area specified in the declaration of the state of emergency, if the telemedicine Service is delivered using any commonly available technology, regardless of whether the technology meets all standards required by state and federal laws governing the privacy and security of protected health information.

Covered telemedicine applications and technologies may include:

- Landlines, wireless communications, internet and telephone networks; and
- Synchronous or asynchronous transmission using audio only, video only, audio and video and transmission of data from remote monitoring devices.

You may choose to receive a covered health Service in person or via telemedicine. You are not required to have an established patient-provider relationship with a Participating Provider to receive telemedicine Services from the provider.

Telephone and Video Visits

We cover scheduled telephone visits and video visits.

If you have a minor condition that does not require an in-person medical exam, you have the option to schedule a telephone visit. If you prefer to meet face-to-face with a provider online by computer, smartphone or tablet, you may set up a video visit just as you would with an in-person appointment.

Telephone visits and video visits are appropriate for routine care such as medication management and test results; and urgent care such as cough, cold, flu, bug bite, fever, earache, minor sprain, urinary tract infection, wounds or burns. Video visits are also appropriate for specialty care such as post-op follow-up, behavioral health appointments, dermatology and speech therapy.

To schedule a telephone visit or video visit, sign on to **kp.org** or the Kaiser Permanente app, then select "Appointments" or call Member Services.

E-Visits

We cover e-visits for common conditions such as cough/cold, nausea/vomiting, pink eye, urinary tract infection, sore throat, sinus problems, constipation or diarrhea. To access an e-visit, log in to your **kp.org** member account on your desktop, laptop, or tablet and fill out a questionnaire about your symptoms. A nurse will get back to you with a care plan, usually within six hours. If needed, a prescription may be sent to your pharmacy. E-visits may include secure chat instant messaging.

To learn more about telephone, video and e-visits, including a short instructional video and troubleshooting tips, visit **kp.org/telehealth/northwest**.

Transplant Services

We cover inpatient and outpatient Services for the transplants listed in this "Transplant Services" section. These Services are covered only when received from Participating Providers and Participating Facilities, and only at National Transplant Network facilities we designate. Services are subject to Utilization Review criteria developed by Medical Group and approved by Company.

You pay the applicable Cost Share you would pay if the Services were not related to a transplant. Inpatient Services associated with a covered transplant are covered at the "Inpatient Hospital Services" Cost Share shown on your "Benefit Summary." Outpatient Services associated with a covered transplant are covered at the applicable Cost Share shown on your "Benefit Summary" for the corresponding benefit, for example, "Outpatient Services," "Outpatient Durable Medical Equipment," and "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures."

A National Transplant Network facility is a transplant facility that meets all of the following requirements:

- It is licensed in the state where it operates.
- It is certified by Medicare as a transplant facility for the specific transplant.
- It is designated by Company as a transplant facility for the specific transplant.
- It is able to meet reasonable access standards for organ transplants based on Regional Organ Procurement Agency statistics for the facility location (a Regional Organ Procurement Agency is the geographic area designated by a state-licensed organ procurement organization for transplants in the state of Oregon).

We cover only the following transplants at National Transplant Network facilities:

- Bone marrow.
- Cornea.
- Heart.
- Heart-lung.
- Kidney.
- Liver.
- Lung.
- Pancreas.
- Pancreas after kidney.
- Simultaneous kidney-pancreas.
- Small bowel.
- Small bowel/liver.
- Stem cell.

Transplant Services Limitations

After the referral to a transplant facility, the following apply:

- If either Medical Group or the referral facility determines that you do not satisfy its respective criteria for a transplant, we will only cover Services you receive before that determination is made.
- Company, Participating Hospitals, Medical Group, and Participating Providers are not responsible for finding, furnishing, or ensuring the availability of an organ, tissue, or bone marrow donor.

- We provide or pay for certain donation-related Services for a donor, or an individual identified by Medical Group as a potential donor, even if the donor is not a Member. These Services must be directly related to a covered transplant for you. Our criteria for coverage of Services for living transplant donors are available by calling Member Services.
- If we refer you for or preauthorize transplant Services at a distant location (farther away than the normal community patterns of care) and you choose to obtain your transplant at this distant location, we cover appropriate travel and lodging expenses for you and a caregiver. Your transplant coordinator can provide information about covered expenses.

Transplant Services Exclusions

- Non-human and artificial organs and tissues, and their implantation.

EXCLUSIONS AND LIMITATIONS

The Services listed in this "Exclusions and Limitations" section are either completely excluded from coverage or partially limited under this *EOC*. These exclusions and limitations apply to all Services that would otherwise be covered under this *EOC* and are in addition to the exclusions and limitations that apply only to a particular Service as listed in the description of that Service in this *EOC*.

Acupuncture. Services for acupuncture are excluded unless your employer Group has purchased an "Alternative Care Services Rider" that includes coverage for self-referred acupuncture Services.

Certain Exams and Services. Physical examinations and other Services are excluded when: (a) required for obtaining or maintaining employment or participation in employee programs, (b) required for insurance or governmental licensing, or (c) court ordered or required for parole or probation. This exclusion does not apply to Medically Necessary court-ordered Services that are covered under "Substance Use Disorder Services" or "Behavioral Health Services" in the "Benefits" section.

Chiropractic Services. Chiropractic and related Services are excluded, unless your employer Group has purchased an "Alternative Care Services Rider" that includes coverage for self-referred chiropractic Services.

Cosmetic Services. Services that are intended primarily to change or maintain your appearance and will not result in significant improvement of the condition being treated. This exclusion does not apply to Medically Necessary Services that are covered under "Reconstructive Surgery Services" in the "Benefits" section, Gender Affirming Treatment, or any other Services that are Medically Necessary.

Custodial Care. Assistance with activities of daily living (such as walking, getting in and out of a bed or chair, bathing, dressing, eating, using the toilet, and taking medicine) or personal care that can be performed safely and effectively by persons who, in order to provide the care, do not require licensure, certification, or the presence of a supervising licensed nurse.

Dental Services. This exclusion does not apply to Services that are covered under "Limited Dental Services" in the "Benefits" section.

Designated Blood Donations. Collection, processing, and storage of blood donated by donors whom you designate, and procurement and storage of cord blood is covered only when Medically Necessary for the imminent use at the time of collection for a designated recipient.

Employer Responsibility. We do not reimburse the employer for any Services that the law requires an employer to provide. When we cover any of these Services we may recover the Charges for the Services from the employer.

Experimental or Investigational Services. Services are excluded if any of the following is true about the Service:

- They cannot be legally marketed in the United States without the approval of the U.S. Food and Drug Administration (FDA), and the FDA has not granted this approval.
- They are the subject of a current new drug or new device application on file with the FDA.
- They are provided as part of a Phase I, Phase II, or Phase IV clinical trial, as the experimental or research arm of a Phase III clinical trial, or in any other manner that is intended to evaluate the safety, toxicity, or efficacy of the Services.
- They are provided pursuant to a written protocol or other document that lists an evaluation of the Services' safety, toxicity, or efficacy as among its objectives.
- They are subject to the approval or review of an Institutional Review Board (IRB) or other body that approves or reviews research concerning the safety, toxicity, or efficacy of Services.
- They are provided pursuant to informed consent documents that describe the Services as experimental or investigational, or in other terms that indicate that the Services are being evaluated for their safety, toxicity, or efficacy.
- The prevailing opinion among experts as expressed in the published authoritative medical or scientific literature is that:
  - Use of the Services should be substantially confined to research settings, or
  - Further research is necessary to determine the safety, toxicity, or efficacy of the Services.

In making determinations whether a Service is experimental or investigational, the following sources of information will be relied upon exclusively:

- Your medical records.
- The written protocols and other documents pursuant to which the Service has been or will be provided.
- Any consent documents you or your representative has executed or will be asked to execute, to receive the Service.
- The files and records of the IRB or similar body that approves or reviews research at the institution where the Service has been or will be provided, and other information concerning the authority or actions of the IRB or similar body.
- The published authoritative medical or scientific literature about the Service, as applied to your illness or injury.
- Regulations, records, applications, and any other documents or actions issued by, filed with, or taken by, the FDA or other agencies within the United States Department of Health and Human Services, or any state agency performing similar functions.

We consult Medical Group and then use the criteria described above to decide if a particular Service is experimental or investigational.

This exclusion does not apply to Services that we cover under "Services Provided in Connection with Clinical Trials" in the "Benefits" section of this *EOC*.

Eye Surgery. Radial keratotomy, photorefractive keratectomy, and refractive surgery, including evaluations for the procedures.

Family Services. Services provided by a member of your immediate family.

Genetic Testing. Genetic testing and related Services are excluded except as described under "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures" in the "Benefits" section.

Government Agency Responsibility. We do not reimburse the government agency for any Services that the law requires be provided only by or received only from a government agency. When we cover any of these

Services, we may recover the Charges for the Services from the government agency. However, this exclusion does not apply to Medicaid.

Hearing Aids. Hearing aids, tests to determine their efficacy, and hearing tests to determine an appropriate hearing aid are excluded, unless your Group has purchased the "Hearing Aid Rider." This exclusion does not apply to Services that are covered under "Hearing Aids and Other Hearing Devices" in the "Benefits" section.

Hypnotherapy. All Services related to hypnotherapy.

Intermediate Services. Services in an intermediate care facility are excluded.

Low-Vision Aids. Low-vision aids are excluded, unless your employer Group has purchased the "Pediatric Vision Hardware and Optical Services Rider" or "Pediatric Vision Hardware and Optical Services Enhanced Benefit Rider."

Massage Therapy Services. Massage therapy and related Services are excluded, unless your employer Group has purchased an "Alternative Care Services Rider" that includes coverage for self-referred massage therapy Services.

Non-Medically Necessary Services. Services that are not Medically Necessary.

Nonreusable Medical Supplies. Nonreusable medical supplies, such as splints, slings, and wound dressing, including bandages and ace wrap bandages, are limited to those supplied and applied by a licensed health care provider, while providing a covered Service. Nonreusable medical supplies that a Member purchases or obtains from another source are excluded.

Optometric Vision Therapy and Orthoptics (Eye Exercises). Services related to optometric vision therapy and orthoptics (eye exercises) are excluded.

Professional Services for Evaluation, Fitting, and Follow-Up Care for Contact Lenses. This exclusion does not apply to Services that are covered under the "Pediatric Vision Hardware and Optical Services Rider" or "Adult Vision Hardware and Optical Services Rider," if purchased by your Group.

Services Related to a Non-Covered Service. When a Service is not covered, all Services related to the non-covered Service are also excluded. However, this exclusion does not apply to Services we would otherwise cover if they are to treat complications which arise from the non-covered Service and to Medically Necessary Services for a Member enrolled in and participating in a qualifying clinical trial if we would typically cover those Services absent a clinical trial.

Services That are Not Health Care Services, Supplies, or Items. This exclusion does not apply to Medically Necessary applied behavior analysis (ABA) Services. For example, we do not cover:

- Teaching manners and etiquette.
- Teaching and support services to develop planning skills such as daily activity planning and project or task planning.
- Items and services that increase academic knowledge or skills.
- Teaching and support services to increase intelligence.
- Academic coaching or tutoring for skills such as grammar, math, and time management.
- Teaching you how to read, whether or not you have dyslexia.
- Educational testing.
- Teaching art, dance, horse riding, music, play or swimming.
- Teaching skills for employment or vocational purposes.

- Vocational training or teaching vocational skills.
- Professional growth courses.
- Training for a specific job or employment counseling.
- Aquatic therapy and other water therapy.

Supportive Care and Other Services. Supportive care primarily to maintain the level of correction already achieved; care primarily for the convenience of the Member; and care on a non-acute, symptomatic basis are excluded.

Surrogacy. Services for anyone in connection with a Surrogacy Arrangement, whether traditional or gestational, except for otherwise-covered Services provided to a Member who is a surrogate. A "Surrogacy Arrangement" is one in which a woman (the surrogate) agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate. See "Surrogacy Arrangements – Traditional and Gestational Carriers" in the "Reductions" section for information about your obligations to us in connection with a Surrogacy Arrangement, including your obligations to reimburse us for any Services we cover and to provide information about anyone who may be financially responsible for Services the baby (or babies) receive.

Travel and Lodging. Transportation or living expenses for any person, including the patient, are limited to travel and lodging expenses needed for Member to receive covered Services at Non-Participating Facilities, subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

Travel Immunizations. Travel-related immunizations for yellow fever, typhoid, and Japanese encephalitis, unless your Group has purchased a "Travel Immunizations Rider."

Vision Hardware and Optical Services. Corrective lenses, eyeglasses, and contact lenses are excluded, unless your Group has purchased an "Adult Vision Hardware and Optical Services Rider" and/or "Pediatric Vision Hardware and Optical Services Rider" or "Pediatric Vision Hardware and Optical Services Enhanced Benefit Rider."

REDUCTIONS

Coordination of Benefits

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules governs the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100 percent of the total Allowable expense.

Definitions

A. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

   (1) Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, group or individual closed panel Plans, other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; Medicare or any other federal governmental Plan, as permitted by law;

and group and individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care.

(2) Plan does not include: independent, non-coordinated hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. The order of benefit determination rules determines whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan.

When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100 percent of the total Allowable expense.

D. Allowable expense is a health care expense, including deductibles, coinsurance, and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of Services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable expense.

The following are examples of expenses that are not Allowable expenses:

(1) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.

(2) If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.

(3) If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.

(4) If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary Plan to determine its benefits.

(5) The amount of any benefit reduction by the Primary Plan because a covered person has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of Plan

provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. Closed panel Plan is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.

B. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying Plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel Plan to provide out-of-network benefits.

C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, subscriber or retiree is the Secondary Plan and the other Plan is the Primary plan.

(2) Dependent child covered under more than one Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

(i) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or

(ii) If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

1. The Plan covering the Custodial parent;
2. The Plan covering the spouse of the Custodial parent;
3. The Plan covering the non-custodial parent; and then
4. The Plan covering the spouse of the non-custodial parent.

(c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(d) For a dependent child:

(i) Who has coverage under either or both parents' plans and also has coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.

(ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent and the dependent's spouse.

(3) Active employee or retired or laid-off employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid-off nor retired, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(4) COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(5) Longer or shorter length of coverage. The Plan that covered the person as an employee, member, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

(6) If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary Plan shall credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more Closed panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed panel Plan, COB shall not apply between that Plan and other Closed panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, it may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by This Plan is more than it should have paid under this COB provision, This Plan may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Questions About Coordination of Benefits?
Contact Your State Insurance Department

Hospitalization on Your Effective Date

If you are an inpatient in a hospital on your membership effective date but had other Group coverage on the day before your membership effective date, your other Group coverage will be responsible for covering the Services you receive until you are released from the hospital, or until you have exhausted your benefit with the other Group coverage and the benefits available under this Plan will be reduced accordingly.

Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance

This "Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance" section applies if you receive covered Services for an injury or illness alleged to be any of the following:

- Caused by another party's act or omission.
- Received on the premises of another party.
- Covered by a no-fault insurance provision.

For purposes of this section, "no-fault insurance" means a type of insurance policy that covers your medical expenses for injury or illness due to an accident, regardless of who caused the accident.

Subject to applicable law, if you obtain a settlement, award, or judgment from or on behalf of another party or insurer, or a payment under a no-fault insurance provision, you must ensure we are reimbursed for covered Services that you receive for the injury or illness.

This "Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance" section does not affect your obligation to pay any applicable Cost Share for these covered Services. The amount of reimbursement due to the Plan is not limited by or subject to the Out-of-Pocket Maximum provision.

If you do not recover anything from or on behalf of the other party, or no-fault insurance, then you are responsible only for any applicable Cost Share.

To the extent permitted by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against another party, or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by another party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney, but we will be subrogated only to the extent of the total Charges for the relevant covered Services.

To secure our rights, we will have a lien on the proceeds of any judgment, award, or settlement you or we (when we subrogate) obtain against another party, or any other insurer, regardless of how those proceeds may be characterized or designated. Subject to applicable law, the proceeds of any judgment, award, or settlement that you or we obtain shall first be applied to satisfy our lien, regardless of whether the total amount of the proceeds is less than the actual losses and damages you incurred.

Within 30 days after submitting or filing a claim or legal action against another party, or any insurer, you must send written notice of the claim or legal action to us at:

The Phia Group, LLC
40 Pequot Way
Canton, MA 02021
Fax: 781-848-1154

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send to us all consents, releases, trust agreements, authorizations, assignments, and other documents, including lien forms directing your attorney, the responsible party, and the responsible party's insurer to pay us directly. You must not take any action prejudicial to our rights.

You must provide us written notice before you settle a claim or obtain a judgment or award, or if it appears you will make a recovery of any kind. Subject to applicable law, if you recover any amounts from another party or any other insurer based on your injury or illness, you must pay us after you are reimbursed the total amount of the actual losses and damages you incurred. Sufficient funds to satisfy our claims must be held in a specifically identifiable account until our claims are resolved. Pending final resolution of our claims, you must retain control over the recovered amounts to which we may assert a right.

If reasonable collections costs have been incurred by your attorney in connection with obtaining recovery, we will reduce the amount of our claim by the amount of an equitable apportionment of the collection costs between us and you. This reduction will be made only if:

- We receive a list of the fees and associated costs before settlement, and
- Your attorney's actions were directly related to securing a recovery for you.

In addition to the rights set forth above, we shall also be entitled to all of the remedies, benefits, and other rights of sections 742.520 – 742.544, Oregon Revised Statutes.

If your estate, parent, guardian, or conservator asserts a claim against another party or any insurer based on your injury or illness, any settlement or judgment recovered shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

Surrogacy Arrangements – Traditional and Gestational Carriers

If you enter into a Surrogacy Arrangement, whether traditional or gestational, you must ensure we are reimbursed for covered Services you receive related to conception, pregnancy, delivery, or postpartum care in connection with that arrangement ("Surrogacy Health Services"), except that the amount we collect will not exceed the payments or other compensation you and any other payee are entitled to receive under the Surrogacy Arrangement. A "Surrogacy Arrangement" is one in which a woman agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate.

This section applies to any person who is impregnated by artificial insemination, intrauterine insemination, in vitro fertilization or through the surgical implantation of a fertilized egg of another person and includes both traditional surrogacy and gestational carriers. Note: This "Surrogacy Arrangements – Traditional and Gestational Carriers" section does not affect your obligation to pay any applicable Cost Share, or other amounts you are required to pay for these Services. After you surrender a baby to the legal parents, you are not obligated to pay Charges for any Services that the baby receives (the legal parents are financially responsible for any Services that the baby receives).

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or any other payee under the Surrogacy Arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and on any escrow account, trust, or any other account that holds those payments. Those payments (and amounts in any escrow account, trust, or other account that holds those payments) shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receive, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receive
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

Surrogacy Other Party Liability Supervisor
Equian
P.O. Box 36380
Louisville, KY 40233-6380
Fax: 1-502-214-1137
Phone: 1-800-552-8314

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this "Surrogacy Arrangements – Traditional and Gestational Carriers" section and to satisfy those rights. You may not agree to waive, release, or reduce our rights under this "Surrogacy Arrangements – Traditional and Gestational Carriers" section without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on the Surrogacy Arrangement, your estate, parent, guardian, or conservator and any settlement, award, or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against that party. We may assign our rights to enforce our liens and other rights.

Workers' Compensation or Employer's Liability

If you suffer from an injury or illness that is compensable under a workers' compensation or employer's liability law, we will provide Services even if it is unclear whether you are entitled to a payment or settlement under the law. You have an obligation to reimburse us to the extent of a payment or any other benefit, including any amount you receive as a settlement under the law.

In addition, we or our Participating Providers will be permitted to seek reimbursement for these Services directly from the responsible employer or the government agency that administers the law.

GRIEVANCES, CLAIMS, APPEALS, AND EXTERNAL REVIEW

Important Information for Members Whose Benefit Plans are Subject to ERISA.

The Employee Retirement Income Security Act of 1974 (ERISA) is a federal law that regulates employee benefits, including the claim and appeal procedures for benefit plans offered by certain employers. If an employer's benefit plan is subject to ERISA, each time you request Services that must be approved before the Service is provided, you are filing a "pre-service claim" for benefits. You are filing a "post-service claim" when you ask us to pay for or cover Services that have already been received. You must follow our procedure for filing claims, and we must follow certain rules established by ERISA for responding to claims.

Terms We Use in This Section

The following terms have the following meanings when used in this "Grievances, Claims, Appeals, and External Review" section:

- A claim is a request for us to:
  - Provide or pay for a Service that you have not received (pre-service claim);
  - Continue to provide or pay for a Service that you are currently receiving (concurrent care claim); or
  - Pay for a Service that you have already received (post-service claim).
- An adverse benefit determination is our decision to deny, reduce or terminate a Service, or failure or refusal to provide or to make a payment in whole or in part for a Service that is based on:
  - Denial or termination of enrollment of an individual in a health benefit plan;

- Rescission or cancellation of a policy;
- Imposition of a preexisting condition exclusion, source-of-injury exclusion, network exclusion, annual benefit limit or other limitation on otherwise covered Services;
- Determination that a Service is experimental or investigational or not Medically Necessary or appropriate; or
- Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care; or
- Denial, in whole or in part, of a request for prior authorization, a request for an exception to step therapy or a request for coverage of a treatment, drug, device or diagnostic or laboratory test that is subject to Utilization Review requirements.

- A grievance is communication expressing dissatisfaction with an adverse benefit determination, without specifically declining any right to appeal or review, that is:
  - In writing, for an internal appeal or an external review;
  - In writing or orally for an expedited response or an expedited external review; or
  - A complaint regarding the:
    - Availability, delivery, or quality of a Service;
    - Claims payment, handling or reimbursement for Services and, unless a request for an appeal has not been submitted, the complaint is not disputing an adverse benefit determination; or
    - Matters pertaining to the contractual relationship between the Member and Company.
- An internal appeal is a request for us to review our initial adverse benefit determination.

Member Satisfaction Procedure

We want you to be satisfied with the Services you receive from Kaiser Permanente. We encourage you to discuss any questions or concerns about your care with your provider or another member of your health care team. If you are not satisfied with your provider, you may request another. Contact Member Services for assistance. You always have the right to a second opinion from a qualified provider at the applicable Cost Share.

If you are not satisfied with the Services received at a particular medical office, or if you have a concern about the personnel or some other matter relating to Services and wish to file a complaint, you may do so by following one of the procedures listed below:

- Call Member Services; or
- Send your written complaint to Member Relations at:

  Kaiser Foundation Health Plan of the Northwest
  Member Relations Department
  500 NE Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-855-347-7239

All complaints are handled in a confidential manner.

After you notify us of a complaint, this is what happens:

- A representative reviews the complaint and conducts an investigation, verifying all the relevant facts.

- The representative or a physician evaluates the facts and makes a recommendation for corrective action, if any.
- When you file a complaint, we will respond within 30 calendar days.

We want you to be satisfied with our facilities, Services, and providers. Using this Member satisfaction procedure gives us the opportunity to correct any problems that keep us from meeting your expectations and your health care needs. If you are dissatisfied for any reason, please let us know.

Language and Translation Assistance

If we send you grievance or adverse benefit determination correspondence, we will include a notice of language assistance (oral translation). You may request language assistance with your claim and/or appeal by calling 1-800-324-8010. The notice of language assistance "Help in Your Language" is also included in this *EOC*.

Appointing a Representative

If you would like someone to act on your behalf regarding your claim, you may appoint an authorized representative, an individual who by law or by your consent may act on your behalf. You must make this appointment in writing. Contact Member Services for information about how to appoint a representative. You must pay the cost of anyone you hire to represent or help you.

Help with Your Claim and/or Appeal

While you are encouraged to use our appeal procedures, you have the right to file a complaint or seek other assistance from the Consumer Advocacy Section of the Division of Financial Regulation. Contact them by mail, email, telephone, fax, or online at:

Department of Consumer and Business Services
Division of Financial Regulation
Consumer Advocacy Section
P.O. Box 14480
Salem, OR 97309-0405
Email: DFR.InsuranceHelp@oregon.gov
Phone: 503-947-7984
Toll-Free: 1-888-877-4894
Fax: 503-378-4351
https://dfr.oregon.gov/help/complaints-licenses/Pages/file-complaint.aspx

Reviewing Information Regarding Your Claim

If you want to review the information that we have collected regarding your claim, you may request, and we will provide without charge, copies of all relevant documents, records, and other information (including complete medical necessity criteria, benefit provisions, guidelines, or protocols) used to make a denial determination. You also have the right to request any diagnosis and treatment codes and their meanings that are the subject of your claim. To make a request, you should contact Member Services.

Providing Additional Information Regarding Your Claim

When you appeal, you may send us additional information including comments, documents, and additional medical records that you believe support your claim. If we asked for additional information and you did not provide it before we made our initial decision about your claim, then you may still send us the additional

information so that we may include it as part of our review of your appeal. Please mail or fax all additional information to:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

When you appeal, you may give testimony in writing or by telephone. Please send your written testimony to:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

To arrange to give testimony by telephone, you should contact Member Services.

We will add the information that you provide through testimony or other means to your claim file and we will review it without regard to whether this information was submitted and/or considered in our initial decision regarding your claim.

Sharing Additional Information That We Collect

If we believe that your appeal of our initial adverse benefit determination will be denied, then before we issue another adverse benefit determination, we will also share with you any new or additional reasons for that decision. We will send you a letter explaining the new or additional information and/or reasons and inform you how you can respond to the information in the letter if you choose to do so. If you do not respond before we must make our final decision, that decision will be based on the information already in your claim file.

Internal Claims and Appeals Procedures

Company will review claims and appeals, and we may use medical experts to help us review them.

There are several types of claims, and each has a different procedure described below for sending your claim and appeal to us as described in this "Internal Claims and Appeals Procedures" section:

- Pre-service claims (urgent and non-urgent)
- Concurrent care claims (urgent and non-urgent)
- Post-service claims

When you file an appeal, we will review your claim without regard to our previous adverse benefit determination. The individual who reviews your appeal will not have participated in our original decision regarding your claim nor will they be the subordinate of someone who did participate in our original decision.

If you miss a deadline for making a claim or appeal, we may decline to review it.

Except when simultaneous external review can occur (urgent pre-service appeal and urgent concurrent appeal), you must exhaust the internal claims and appeals procedures described below before initiating an external review.

Pre-service Claims and Appeals

Pre-service claims are requests that we provide or pay for a Service that you have not yet received. Failure to receive authorization before receiving a Service that must be authorized in order to be a covered benefit may be the basis for our denial of your pre-service claim or a post-service claim for payment. If you receive any of

the Services you are requesting before we make our decision, your pre-service claim or appeal will become a post-service claim or appeal with respect to those Services. If you have any general questions about pre-service claims or appeals, please contact Member Services.

Here are the procedures for filing a non-urgent pre-service claim, an urgent pre-service claim, a non-urgent pre-service appeal, and an urgent pre-service appeal.

Non-Urgent Pre-service Claim

- You may request a pre-service benefit determination on your own behalf. Tell us in writing that you want to make a claim for us to provide or pay for a Service you have not yet received. Your request and any related documents you give us constitute your claim. You may email your request to us at **https://healthy.kaiserpermanente.org/oregon-washington/support**, mail or fax your claim to us at:

  Kaiser Foundation Health Plan of the Northwest
  Attn: Utilization Management
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-877-899-4972

- If you want us to consider your pre-service claim on an urgent basis, your request should tell us that. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.

- We will review your claim and, if we have all the information we need, we will make a decision within a reasonable period of time, but no later than two business days after we receive your claim.

  We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you prior to the expiration of the initial decision period.

  If more information is needed to make a decision, we will ask you for the information in writing within two business days after we receive your claim, and we will give you 15 calendar days to send the information.

  We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.

  We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

  If we do not receive any of the requested information (including documents) within 15 calendar days after we send our request, we will make a decision based on the information we have no later than 15 calendar days following the date the additional information was requested.

  If we notify you of our decision orally, we will send you written confirmation no later than two business days after the oral notification.

- We will send written notice of our decision to you and, if applicable, to your provider.

Urgent Pre-service Claim

- If your pre-service claim was considered on an urgent basis, we will notify you of our decision orally or in writing within a timeframe appropriate to your clinical condition, but no later than two business days after we receive your claim.
- We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you prior to the expiration of the initial decision period.
- If more information is needed to make a decision, we will ask you for the information in writing within 2 business days after we receive your claim, and we will give you 15 calendar days to send the information.
- We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.
- We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.
- If we do not receive any of the requested information (including documents) within 15 calendar days after we send our request, we will make a decision based on the information we have no later than 15 calendar days following the date the additional information was requested.

  If we notify you of our decision orally, we will send you written confirmation no later than two business days after the oral notification.
- If we deny your claim (if we do not agree to provide or pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Non-Urgent Pre-service Appeal

- Within 180 calendar days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our denial of your pre-service claim. Please include the following:

  (1) Your name and health record number;

  (2) Your medical condition or relevant symptoms;

  (3) The specific Service that you are requesting;

  (4) All of the reasons why you disagree with our adverse benefit determination; and

  (5) All supporting documents.

  Your request and the supporting documents constitute your appeal. You must mail or fax your appeal to us at:

  Kaiser Foundation Health Plan of the Northwest
  Member Relations Department
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-855-347-7239
- We will acknowledge your appeal in writing within five calendar days after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 30 calendar days after we receive your appeal.

- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

Urgent Pre-service Appeal

- Tell us that you want to urgently appeal our adverse benefit determination regarding your pre-service claim. Please include the following:

  (1) Your name and health record number;

  (2) Your medical condition or relevant symptoms;

  (3) The specific Service that you are requesting;

  (4) All of the reasons why you disagree with our adverse benefit determination; and

  (5) All supporting documents.

  Your request and the supporting documents constitute your appeal. You must call Member Services, mail, or fax your appeal to us at:

  Kaiser Foundation Health Plan of the Northwest
  Member Relations Department
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our initial adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your pre-service appeal qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see "External Review" in this "Grievances, Claims, Appeals, and External Review" section), if our internal appeal decision is not in your favor.
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and give you oral or written notice of our decision as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three calendar days after the oral notification.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

Concurrent Care Claims and Appeals

Concurrent care claims are requests that Company continues to provide, or pay for, an ongoing course of covered treatment to be provided over a period of time or number of treatments, when the course of treatment already being received is scheduled to end. If you have any general questions about concurrent care claims or appeals, please call Member Services.

Unless you are appealing an urgent care claim, if we either (a) deny your request to extend your current authorized ongoing care (your concurrent care claim) or (b) inform you that authorized care that you are currently receiving is going to end early and you appeal our adverse benefit determination at least 24 hours before your ongoing course of covered treatment will end, then during the time that we are considering your appeal, you may continue to receive the authorized Services. If you continue to receive these Services while we consider your appeal and your appeal does not result in our approval of your concurrent care claim, then you will have to pay for the Services that we decide are not covered.

Here are the procedures for filing a non-urgent concurrent care claim, an urgent concurrent care claim, a non-urgent concurrent care appeal, and an urgent concurrent care appeal:

Non-Urgent Concurrent Care Claim

- Tell us that you want to make a concurrent care claim for an ongoing course of covered treatment. Inform us in detail of the reasons that your authorized ongoing care should be continued or extended. Your request and any related documents you give us constitute your claim. You must call Member Services, mail, or fax your claim to us at:

  Kaiser Foundation Health Plan of the Northwest
  Attn: Utilization Management
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-877-899-4972

- If you want us to consider your claim on an urgent basis and you contact us at least 24 hours before your authorized care ends, you may request that we review your concurrent care claim on an urgent basis. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.

- We will review your claim, and if we have all the information we need, we will make a decision within a reasonable period of time.

  If you submitted your claim 24 hours or more before your authorized care is ending, we will make our decision before your authorized care actually ends.

  If your authorized care ended before you submitted your claim, we will make our decision no later than 15 calendar days after we receive your claim.

  We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we send you notice before the initial decision period ends.

  If more information is needed to make a decision, we will ask you for the information in writing before the initial decision period ends, and we will give you until your care is ending or, if your care has ended, 45 calendar days to send us the information.

We will make our decision as soon as possible if your care has not ended, or within 15 calendar days after we first receive any information (including documents) we requested.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within 45 calendar days after we send our request, we will make a decision based on the information we have within the appropriate timeframe, not to exceed 15 calendar days following the end of the timeframe we gave you for sending the additional information.

- We will send written notice of our decision to you and, if applicable, to your provider.

Urgent Concurrent Care Claim

- If we consider your concurrent care claim on an urgent basis, we will notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 24 hours after we receive your claim. If we notify you of our decision orally, we will send you written confirmation within three calendar days after the oral notification.
- If more information is needed to make a decision, we will give you seven calendar days to send the information.
- We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

  We will notify you of our decision within 48 hours of receiving the first piece of requested information or by the deadline for receiving the information, whichever is sooner.
- If we deny your claim (if we do not agree to provide or pay for extending the ongoing course of treatment), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Non-Urgent Concurrent Care Appeal

- Within 180 calendar days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our adverse benefit determination. Please include the following:

  (1) Your name and health record number;

  (2) Your medical condition or relevant symptoms;

  (3) The ongoing course of covered treatment that you want to continue or extend;

  (4) All of the reasons why you disagree with our adverse benefit determination; and

  (5) All supporting documents.

  Your request and all supporting documents constitute your appeal. You must mail or fax your appeal to us at:

  Kaiser Foundation Health Plan of the Northwest
  Member Relations Department
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-855-347-7239
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision as soon as possible if your care has not ended but no later than 30 calendar days after we receive your appeal.

- If we deny your appeal, our adverse benefit determination decision will tell you why we denied your appeal and will include information about any further process, including external review, which may be available to you.

Urgent Concurrent Care Appeal

- Tell us that you want to urgently appeal our adverse benefit determination regarding your urgent concurrent care claim. Please include the following:

  (1) Your name and health record number;

  (2) Your medical condition or relevant symptoms;

  (3) The ongoing course of covered treatment that you want to continue or extend;

  (4) All of the reasons why you disagree with our adverse benefit determination; and

  (5) All supporting documents.

  Your request and the supporting documents constitute your appeal. You must call Member Services, mail, or fax your appeal to us at:

  Kaiser Foundation Health Plan of the Northwest
  Member Relations Department
  500 N.E. Multnomah St., Suite 100
  Portland, OR 97232-2099
  Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your concurrent care claim qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see "External Review" in this "Grievances, Claims, Appeals, and External Review" section).
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three calendar days after the oral notification.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

Post-service Claims and Appeals

Post-service claims are requests that we pay for Services you already received, including claims for out-of-Plan Emergency Services. If you have any general questions about post-service claims or appeals, please call Member Services.

Here are the procedures for filing a post-service claim and a post-service appeal:

Post-service Claim

- Within 12 months from the date you received the Services, mail us a letter explaining the Services for which you are requesting payment. Provide us with the following:

  (1) The date you received the Services;

  (2) Where you received them;

  (3) Who provided them;

  (4) Why you think we should pay for the Services; and

  (5) A copy of the bill and any supporting documents, including medical records.

  Your letter and the related documents constitute your claim. You may contact Member Services to obtain a claim form. You must mail your claim to the Claims Department at:

  Kaiser Foundation Health Plan of the Northwest
  National Claims Administration – Northwest
  PO Box 370050
  Denver, CO 80237-9998

- We will not accept or pay for claims received from you after 12 months from the date of Service, except in the absence of legal capacity.
- We will review your claim, and if we have all the information we need, we will send you a written decision within 30 calendar days after we receive your claim.

  We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you within 30 calendar days after we receive your claim.

  If more information is needed to make a decision, we will ask you for the information before the initial decision period ends, and we will give you 45 calendar days to send us the information.

  We will make a decision within 15 calendar days after we receive the first piece of information (including documents) we requested.

  We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

  If we do not receive any of the requested information (including documents) within 45 calendar days after we send our request, we will make a decision based on the information we have within 15 calendar days following the end of the 45 calendar-day period.

- If we deny your claim (if we do not pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Post-service Appeal

- Within 180 calendar days after you receive our adverse benefit determination, tell us in writing that you want to appeal our denial of your post-service claim. Please include the following:

  (1) Your name and health record number;

(2) Your medical condition or relevant symptoms;

(3) The specific Services that you want us to pay for;

(4) All of the reasons why you disagree with our adverse benefit determination; and

(5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 N.E. Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

- We will acknowledge your appeal in writing within five calendar days after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 30 calendar days after we receive your appeal.
- If we deny your appeal, our adverse benefit determination will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

External Review

If you are dissatisfied with our final adverse benefit determination, you have a right to request an external review. An external review is a request for an independent review organization (IRO) to determine whether our internal appeal decision is correct. For example, you have the right to request external review of an adverse decision that is based on any of the following:

- Relies on medical judgment, including but not limited to, medical necessity, appropriateness, health care setting, level of care, or that the requested Service is not efficacious or otherwise unjustified under evidence-based medical criteria.
- Concludes that a treatment is experimental or investigational.
- Whether a course or plan of treatment is an active course of treatment for purposes of continuity of care when a Participating Provider's contract with us is terminated.
- Whether an exception to the prescription drug formulary or step therapy prescribing criteria should be granted.
- Concludes that parity exists in the non-quantitative treatment limitations applied to behavioral health care (mental health and/or Substance Use Disorder) benefits.
- Involves consideration of whether we are complying with federal law requirements regarding balance (surprise) billing and/or cost sharing protections pursuant to the No Surprises Act (Public Health Service Act sections 2799A-1 and 2799A-2 and 45 C.F.R. §§149.110 --149.130).
- Involves a decision related to rescission of your coverage.

You must exhaust our internal claims and appeals procedure for your claim before you may request external review unless one of the following is true:

- External review is permitted to occur simultaneously with your urgent pre-service appeal or urgent concurrent care appeal;
- Your request qualifies for expedited external review;
- We have failed to comply with federal requirements regarding our claims and appeals procedures.

You are not responsible for the costs of the external review, and you may name someone else to file the request for external review for you if you give permission in writing and include that with your request for external review. Company will be bound by and act in accordance with the decision of the independent review organization (IRO) notwithstanding the definition of Medically Necessary care. If we do not follow a decision of an IRO, you have the right to sue us.

Within 180 calendar days after the date of our appeal denial letter you must send your request for external review to Member Relations in writing (via mail, fax, or online through our website at **kp.org**). If you wish to mail or fax your request, you may send it to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

You may be required to provide us with a signed waiver form that enables us to disclose your protected health information, including pertinent medical records, to the IRO that will evaluate your request. The "Authorization for Use or Disclosure of Protected Health Information" form is also available at **info.kaiserpermanente.org/northwest/roi/forms.html**.

The appeal denial letter that we send to you explains the external review process and includes the waiver form. Member Relations will forward your request to the director of the Oregon Department of Consumer and Business Services (DCBS), Division of Financial Regulation (DFR), within two business days after receiving your request. Your request for external review will be assigned to one of the nationally accredited IROs contracted by DCBS no later than the next business day after the director receives your request for external review from us.

Within two business days of receiving notice of your request, DCBS will send you a written description of the IRO they selected along with more information about the process. They will also notify us of the IRO they selected, and within five business days after receiving notification from DCBS, we will send the IRO any documents and information we considered in making our adverse benefit determination.

You will have five business days to submit to the IRO, in writing, any additional information that the IRO must consider when conducting the external review. The IRO will forward to us any additional information you submit within one business day of receipt. We may also forward additional information directly to the IRO. The IRO will have one business day after receiving the additional information to forward that information to you.

Unless your external review is expedited, the IRO will issue a decision within 30 calendar days after the date when we receive your request for external review. The IRO will notify you and us of its decision no later than five calendar days after the decision is issued.

You may also contact DCBS directly to request an external review. If DCBS receives a request for external review directly from you, they will notify us of your request no later than the next business day. Upon receipt

of your request from DCBS, we will follow the process described above. You may contact the Oregon DCBS by mail, e-mail, telephone, or online at:

Department of Consumer and Business Services
Division of Financial Regulation
Consumer Advocacy Section
P.O. Box 14480
Salem, OR 97309-0405
E-mail: DFR.InsuranceHelp@oregon.gov
Phone: 503-947-7984
Toll-Free: 1-888-877-4894
https://dfr.oregon.gov/help/Pages/index.aspx

Expedited External Review

We shall expedite the external review if:

- The adverse benefit determination concerns an admission, the availability of care, a continued stay or a health care Service for a medical condition for which you received Emergency Services and you have not been discharged from a health care facility; or
- A provider you have an established relationship with certifies in writing and provides supporting documentation that the ordinary time period for external review would (a) seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.

Additional Review

You may have certain additional rights if you remain dissatisfied after you have exhausted our internal claims and appeals procedures. If you are enrolled through a plan that is subject to the Employee Retirement Income Security Act (ERISA), you may file a civil action under section 502(a) of the federal ERISA statute. To understand these rights, you should check with your benefits office or contact the Employee Benefits Security Administration (part of the U.S. Department of Labor) at 1-866-444-EBSA (3272). Alternatively, if your plan is not subject to ERISA (for example, most state or local government plans and church plans or all individual plans), you may have a right to request review in state court.

TERMINATION OF *AGREEMENT*

If the *Agreement* terminates and Group does not replace this coverage with another Plan, Company will give Group written notice of termination no later than 10 working days after the termination date and will explain the rights of Members regarding continuation of coverage as provided by federal and state law.

TERMINATION OF MEMBERSHIP

If your membership terminates, all rights to benefits end at 11:59 p.m. PT on the termination date. In addition, Dependents' memberships end at the same time the Subscribers' membership ends.

You will be billed as a non-member for any Services you receive after your membership terminates. Company and Participating Providers and Participating Facilities have no further liability or responsibility under this *EOC* after your membership terminates.

Termination During Confinement in a Hospital

If you are hospitalized on the date when your membership terminates, we will continue to cover otherwise covered Services in that hospital if all of the following conditions are met:

- The coverage under this *EOC* is being immediately replaced by another insured group health insurance policy.
- You are an inpatient receiving covered Services on the date your membership ends.
- You must continue to pay any applicable Cost Share.

Your coverage under this provision continues until the earlier of:

- Your discharge from the hospital or
- Your exhaustion of hospital benefits under this *EOC*.

Termination Due to Loss of Eligibility

You and your Dependents must remain eligible to maintain your Group coverage. You must immediately report to your Group any changes in eligibility status, such as a Spouse's loss of eligibility due to divorce or a Dependent child who has reached the Dependent Limiting Age. If you no longer meet the eligibility requirements described in this *EOC*, please confirm with your Group's benefits administrator when your membership will end.

Termination for Cause

If you or any other Member in your Family knowingly commits fraud in connection with membership, Company, or a Participating Provider, we may terminate your membership under this employer's *Agreement* by sending written notice, including the specific reason for termination with supporting evidence to the Subscriber at least 31 days before the membership termination date. Some examples of fraud include:

- Misrepresenting eligibility information about yourself or a Dependent.
- Presenting an invalid prescription or physician order for Services.
- Intentionally misusing a Company ID card (or letting someone else use your ID card to obtain Services pretending to be you).
- Giving us incorrect or incomplete material information.
- Failing to notify us of changes in Family status or Medicare coverage that may affect your eligibility or benefits.

We may report fraud and other illegal acts to the authorities for prosecution.

If we terminate your membership for cause, we will:

- Refund any amounts we owe your Group for Premium paid for the period after the termination date.
- Pay you any amounts we have determined that we owe you for claims during your membership.

We may deduct any amounts you owe Company, Participating Providers, or Participating Facilities from any payment we make to you.

If your coverage is terminated for any of the above reasons, you have the right to file an appeal. For more information, please contact Member Services.

Termination of Your Group's *Agreement* with Us

If your Group's *Agreement* with us terminates for any reason, your membership ends on the same date. We require the Group to notify Subscribers in writing if the *Agreement* with us terminates.

Termination of Certain Types of Health Benefit Plans by Us

We may terminate a particular Plan or all Plans offered in the group market as permitted by law. If we discontinue offering a particular Plan in the group market, we will terminate the particular Plan upon 90 days prior written notice to you. If we discontinue offering all Plans in the group market, we may terminate the *Agreement* upon 180 days prior written notice to you.

CONTINUATION OF MEMBERSHIP

Strike, Lock-Out, or Other Labor Disputes

If your compensation is suspended directly or indirectly as a result of a strike, lock-out, or other labor dispute, you may continue membership under this *EOC* by paying Premium for yourself and eligible Dependents directly to the Group for up to six months. If the Group's coverage is terminated by Company, reinstatement with Company is subject to all terms and conditions of your Group's *Agreement* with Company. When your Group continuation coverage under this *EOC* stops, you and your Dependents may be eligible to purchase an individual plan offered by Company.

Illness, Temporary Plant Shut Down, or Leave of Absence

If you are off work due to illness, temporary plant shutdown, or other leave of absence authorized by your Group, you may make arrangements to make monthly payments through your Group for up to 12 weeks. The 12-week period may be extended by advance arrangements confirmed in writing by Company. Once the 12-week period is exhausted, you may also be eligible to convert to an individual plan. (See the "Conversion to an Individual Plan" section.)

Continuation of Group Coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA)

You may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by the federal COBRA law. COBRA applies to most employees (and most of their covered dependents) of most employers with 20 or more employees (however, it does not apply to church plans as defined by federal law). Please contact your Group for details about COBRA continuation coverage, such as how to elect coverage and how much you must pay your Group for the coverage.

Federal or State-Mandated Continuation of Coverage

Termination of coverage will be postponed if the Member is on a leave of absence and continuation of coverage is required by the federal or state-mandated family or medical leave act or law, as amended.

State Continuation Coverage for Surviving, Divorced, or Separated Spouses 55 or Older

If your Group has 20 or more employees, you and your Dependents may be able to continue your coverage under this *EOC* through your Group if you meet all of the following criteria:

- You are the Subscriber's Spouse.
- You are age 55 or older.
- The Subscriber died, or you divorced or are legally separated from the Subscriber.
- You are not eligible for Medicare.

To continue coverage, you must notify Member Services in writing within 60 days after legal separation or divorce, or the Group must notify us in writing within 30 days after the death of the Subscriber. Within 14 days after we receive the notice, we will send you an election form, payment information, and instructions for

electing continuation coverage. You must return the completed election form no later than 60 days after the date we mailed it to you.

The first Premium payment must be paid within 45 days of your coverage election date. Your right to continue coverage as a surviving, separated, or divorced Spouse will end upon the earliest of the following events:

- You fail to pay your Premium.
- The Group's *Agreement* with us terminates.
- You become covered under another group health coverage.
- You, as a separated or divorced Spouse, remarry.
- You become eligible for Medicare.

State Continuation Coverage for Non-COBRA Groups

You may be able to continue coverage under this *EOC* for up to nine months if all of the following requirements are met:

- Your Group is not subject to COBRA law.
- The Subscriber in your Family was covered continuously under this *EOC* during the three-month period ending on the date of the qualifying event.
- You were covered under this *EOC* on the day before the qualifying event, or you are a child born to or adopted by the Subscriber while the Subscriber has continuation coverage under this "State Continuation Coverage for Non-COBRA Groups" section and you would have been covered under this *EOC* if you had been born or adopted on the day before the qualifying event. For the purposes of this "State Continuation Coverage for Non-COBRA Groups" section, "qualifying event" means the loss of membership under this *EOC* caused by one of the following:
  - Voluntary or involuntary termination of the employment of the Subscriber.
  - A reduction in hours worked by the Subscriber.
  - The Subscriber's becoming eligible for Medicare.
  - A Dependent's losing Dependent child status under this *EOC*.
  - Termination of membership in your Group resulting in loss of eligibility under the Group's evidence of coverage.
  - The death of the Subscriber.
- You are not eligible for Medicare, and you are not eligible for coverage under any other hospital or medical coverage or program that was not covering you on the day before the qualifying event.

To request continuation coverage under this "State Continuation Coverage for Non-COBRA Groups" section, you must send us a written request for this continuation coverage no later than 15 days after the later of the following:

- The date of your qualifying event.
- The date on which we sent you notice of your right to continue coverage under this *EOC*.

You must mail or fax your written request to us at:

Consolidated Service Center (CSC)
PO Box 23127
San Diego, CA 92193
Fax: 866-311-5974

Your Premium will be 100 percent of the applicable Premium. You must pay your first Premium payment to your Group within 31 days after the date of your qualifying event. Subsequent Premium payments are due on the last day of the month preceding the month of membership.

Continuation coverage under this "State Continuation Coverage for Non-COBRA Groups" section ends on the earliest of the following dates:

- The date that is nine months after your qualifying event.
- The end of the period for which we received your last timely Premium payment.
- The Premium due date coinciding with or next following the date that you become eligible for Medicare or for coverage under any other hospital or medical coverage or program that was not covering you on the day before the qualifying event.
- The date on which your Group's *Agreement* with us terminates.

If you are a surviving, divorced, or separated Spouse and are not eligible for continuation coverage under the "State Continuation Coverage for Surviving, Divorced, or Separated Spouses 55 or Older" section you may continue coverage for yourself and your Dependents under this "State Continuation Coverage for Non-COBRA Groups" section under the same terms as the Subscriber.

If you are a Subscriber who is laid off and then rehired by the same employer within nine months and you were eligible for coverage at the time of the layoff, you may not be subjected to any waiting period even if you chose not to continue coverage under this "State Continuation Coverage for Non-COBRA Groups" section.

If your Group coverage was under another evidence of coverage on the date of your qualifying event and you later became covered under this *EOC*, you may be able to continue coverage under this *EOC* if you otherwise meet the eligibility requirements in this "State Continuation Coverage for Non-COBRA Groups" section. The period of state continuation coverage includes the number of months you were covered under the previous evidence of coverage plus the number of months of coverage under this *EOC*, not to exceed nine months.

State Continuation Coverage after Workers' Compensation Claim

If you are a Subscriber and you file a workers' compensation claim for an injury or illness, you may be able to continue coverage under this *EOC* for up to six months after you would otherwise lose eligibility. Please contact your Group for details such as how to elect coverage and how much you must pay your Group for the coverage.

Uniformed Services Employment and Reemployment Rights Act (USERRA)

If you are called to active duty in the uniformed services, you may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by federal law (USERRA).

You must submit an USERRA election form to your Group within 60 days after your call to active duty. Please contact your Group if you want to know how to elect USERRA coverage and how much you must pay your Group for the coverage.

Conversion to an Individual Plan

After your Group notifies us to terminate your membership, we will send a termination letter to the Subscriber's address of record. The letter will include information about options that may be available to you to remain a Member. You may contact Member Services if you have questions.

Moving to Another Kaiser Foundation Health Plan Service Area

If you move to another Kaiser Foundation Health Plan service area, you should contact your Group's benefits administrator to learn about your Group health care options. You may be eligible to enroll in a plan in the other Kaiser Foundation Health Plan service area. Eligibility requirements, benefits, premium, deductible, copayments, and coinsurance may not be the same in the other service area.

MISCELLANEOUS PROVISIONS

Administration of *Agreement*

We may adopt reasonable policies, procedures, and interpretations to promote orderly and efficient administration of this *EOC*.

Agreement Binding on Members

By electing coverage or accepting benefits under this *EOC*, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all provisions of this *EOC*.

Amendment of *Agreement*

Your Group's *Agreement* with us will change periodically. If these changes affect this *EOC*, your Group is required to make revised materials available to you.

Annual Summaries and Additional Information

Additional information that we have filed with the Oregon Department of Consumer and Business Services (DCBS) is available to you upon request. You may contact the Oregon DCBS to request the following:

- Our annual summary of grievances and appeals.
- Our annual summary of the utilization management program.
- Our annual summary of quality assurance activities.
- The results of publicly available accreditation surveys of our health plan.
- Our annual summary of health-promotion and disease-prevention activities.
- An annual summary of scope of network and accessibility of Services.

Contact the Oregon DCBS by mail, e-mail, telephone, or online at:

Department of Consumer and Business Services
Division of Financial Regulation
Consumer Advocacy Section
P.O. Box 14480
Salem, OR 97309-0405
E-mail: DFR.InsuranceHelp@oregon.gov
Phone: 503-947-7984
Toll-Free: 1-888-877-4894
https://dfr.oregon.gov/help/Pages/index.aspx

Applications and Statements

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this *EOC*. In the absence of fraud, all statements made by an applicant, Group, or Subscriber shall be deemed representations and not warranties. No statement made for the purpose of effecting coverage shall void coverage or reduce benefits unless contained in a written instrument signed by the Group or Subscriber, a copy of which has been furnished to the Group or Subscriber.

Assignment

You may not assign this *EOC* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without our prior written consent.

Attorney Fees and Expenses

In any dispute between a Member and Company or Medical Group or Kaiser Foundation Hospitals, each party will bear its own attorney fees and other expenses, except as otherwise required by law.

Exercise of Conscience

We recognize the right to exercise religious beliefs and conscience. If a Participating Provider or Participating Facility declines to provide a covered Service for reasons of conscience or religion, we will make arrangements to provide the covered Services.

Governing Law

Except as preempted by federal law, this *EOC* will be governed in accord with Oregon law and any provision that is required to be in this *EOC* by state or federal law shall bind Members and Company whether or not set forth in this *EOC*.

Group and Members not Company Agents

Neither your Group nor any Member is the agent or representative of Company.

Information about New Technology

When a new medical technology or procedure needs review, our Inter-regional New Technology Committee examines and evaluates data from government agencies, medical experts, medical journals, and medical specialty societies. Recommendations from this inter-regional committee then are passed onto the local committee. The committee reviews the national recommendations to see how they apply to local medical practices. Once this review takes place, the committee makes recommendations for the new technology or procedure to become a covered benefit. In addition, the committee communicates practice guidelines to network providers and related health care providers. If the committee's recommendation is accepted, the new technology is added to the covered benefits, either immediately or when this contract renews.

No Waiver

Our failure to enforce any provision of this *EOC* will not constitute a waiver of that or any other provision or impair our right thereafter to require your strict performance of any provision.

Nondiscrimination

We do not discriminate in our employment practices or in the delivery of Services on the basis of race, ethnicity, nationality, actual or perceived gender, age, physical or mental disability, marital status, sexual orientation, genetic information, or religion.

Notices

We will send our notices to you to the most recent address we have for the Subscriber. The Subscriber is responsible for notifying us of any change in address. Subscribers who move should call Member Services as soon as possible to give us their new address.

Overpayment Recovery

We may recover any overpayment we make for Services from anyone who receives an overpayment, or from any person or organization obligated to pay for the Services.

Privacy Practices

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers to protect your PHI. Your PHI is individually identifiable information about your health, health care Services you receive, or payment for your health care. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, health research, and health care operations purposes, such as measuring the quality of Services. We are sometimes required by law to give PHI to others, such as government agencies or in judicial actions. In addition, Member-identifiable health information is shared with your Group only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices*. Giving us this authorization is at your discretion.

You have the right to request that Kaiser Permanente send your PHI directly to you, and not to the Subscriber of your Plan. You have the right to tell us where you want us to redirect communications containing your PHI, including a different mailing address, email address or telephone number. To make a request for confidential communication, please call Member Services and ask for a "Confidential Communication Request" form. It may take up to 30 days from the date of receipt of the form for us to process your request.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices,* which provides additional information about our privacy practices and your rights regarding your PHI, is available and will be furnished to you upon request. To request a copy, please call Member Services. You can also find the notice on our website at **kp.org**.

Unusual Circumstances

In the event of unusual circumstances that delay or render impractical the provision of Services, such as major disaster, epidemic, war, riot, civil insurrection, labor disputes, disability of a large share of personnel at Participating Facilities, and complete or partial destruction of Participating Facilities, we will make a good faith effort to provide or arrange for covered Services within the limitations of available personnel and facilities. Kaiser Permanente shall have no other liability or obligation if covered Services are delayed or unavailable due to unusual circumstances.

NONDISCRIMINATION STATEMENT AND NOTICE OF LANGUAGE ASSISTANCE

Nondiscrimination Notice

Kaiser Foundation Health Plan of the Northwest (Kaiser Health Plan) complies with applicable federal and state civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, sex,

gender identity, or sexual orientation. Kaiser Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, gender identity, or sexual orientation. We also:

- Provide no cost aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats, such as large print, audio, and accessible electronic formats
- Provide no cost language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, call Member Services at **1-800-813-2000** (TTY: **711**).

If you believe that Kaiser Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, sex, gender identity, or sexual orientation, you can file a grievance with our Civil Rights Coordinator, by mail, phone, or fax. If you need help filing a grievance, our Civil Rights Coordinator is available to help you. You may contact our Civil Rights Coordinator at:

Member Relations Department
Attention: Kaiser Civil Rights Coordinator
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: **1-855-347-7239**

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint portal, available at **https://ocrportal.hhs.gov/ocr/portal/lobby.jsf**, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue SW
Room 509F, HHH Building
Washington, DC 20201
Phone: **1-800-368-1019**
TDD: **1-800-537-7697**

Complaint forms are available at **www.hhs.gov/ocr/office/file/index.html**.

YOUR RIGHTS AND PROTECTIONS AGAINST SURPRISE MEDICAL BILLS

When you get emergency care or are treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from balance billing. In these cases, you shouldn't be charged more than your plan's copayments, coinsurance and/or deductible.

What is "balance billing" (sometimes called "surprise billing")?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, like a copayment, coinsurance, or deductible. You may have additional costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network and/or your plan does not cover out-of-network services.

"Out-of-network" means providers and facilities that haven't signed a contract with your health plan to provide services. Out-of-network providers may be allowed to bill you for the difference between what your plan pays and the full amount charged for a service. This is called "**balance billing**." This amount is likely more than your in-network costs for the same service and might not count toward your plan's deductible or annual out-of-pocket limit. Your health plan coverage may not cover out-of-network services when you agree (consent) to receive services from the out-of-network providers.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider. Surprise medical bills could cost thousands of dollars depending on the procedure or service. Providers and facilities are not balance billing you when they seek to collect cost sharing or another amount that you agreed to pay or are required to pay under your plan for the services that they provided.

You are protected from balance billing for:

Emergency Services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most they can bill you is your plan's in-network cost-sharing amount (such as copayments, coinsurance, and deductibles). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balanced billed for these post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers can bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services, or when an in-network provider is not available. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other types of services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

You're <u>never</u> required to give up your protections from balance billing. You also aren't required to get out-of-network care. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have these protections:

- You're only responsible for paying your share of the cost (like the copayments, coinsurance, and deductible that you would pay if the provider or facility was in-network). Your health plan will pay any additional costs to out-of-network providers and facilities directly.
- Generally, your health plan must:
  - Cover emergency services without requiring you to get approval for services in advance (also known as "prior authorization").
  - Cover emergency services by out-of-network providers and facilities.
  - Base what you owe the provider or facility (your cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
  - Count any amount you pay for emergency services or non-emergency services provided by certain out-of-network providers at an in-network facility toward your in-network deductible and out-of-pocket limit.

If you think you've been wrongly billed by a provider or facility, contact the federal government at **www.cms.gov/nosurprises/consumers** or by calling **1-800-985-3059**; or the Division of Financial Regulation, Department of Consumer and Business Services at **https://dfr.oregon.gov/help/complaints-licenses/Pages/file-complaint.aspx** or call **1-888-877-4894**.

Visit **www.cms.gov/nosurprises/consumers** for more information about your rights under federal law.

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST ALTERNATIVE CARE SERVICES RIDER

This rider is part of the *Evidence of Coverage (EOC)* to which it is attached. All provisions of this rider become part of the *EOC* "Benefits" section, except for the "Alternative Care Services Rider Benefit Summary," which becomes part of the *EOC* "Benefit Summary." This entire benefit rider is therefore subject to all the terms and provisions of the *EOC*, unless otherwise indicated.

Alternative Care Services

We cover the self-referred alternative care Services described in this "Alternative Care Services Rider" when Services are received from a Participating Provider and provided as outpatient Services in the provider's office.

To locate a Participating Provider, visit **www.chpgroup.com**. The CHP Group is a Participating Provider we contract with to provide alternative care Services. If you need assistance searching for a Participating Provider, or to verify the current participation status of a provider, or if you do not have access to the online directory, please contact Member Services.

Benefits are subject to visit limits and applicable Cost Shares shown in the "Alternative Care Services Rider Benefit Summary."

Acupuncture Services

Acupuncturists influence the health of the body by the insertion of very fine needles. Acupuncture treatment is primarily used to relieve pain, reduce inflammation, and promote healing. Covered Services include:

- Evaluation and management.
- Acupuncture.
- Electro acupuncture.

Chiropractic Services

Chiropractic and manual manipulation of the spine, joints or soft tissue focuses on reducing pain and improving the function and structure of the body. It is a system of therapy that involves non-invasive care promoting science-based approaches to a variety of ailments. Covered Services include:

- Evaluation and management.
- Musculoskeletal treatments.
- Physical therapy modalities such as hot and cold packs.

When prescribed, X-ray procedures are covered as described in the "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures" section in the "Benefits" section of the *EOC*.

Alternative Care Services Exclusions

- Dermal friction technique.
- East Asian massage and tui na.
- Laserpuncture.
- Nambudripad allergy elimination technique (NAET).
- Point injection therapy.
- Qi gong.

- Services designed to maintain optimal health in the absence of symptoms.
- Sonopuncture.

Alternative Care Services Rider Benefit Summary

	You Pay
Acupuncture Services (up to 20 visits per Year)	$25 per visit
Chiropractic Services (up to 20 visits per Year)	$25 per visit

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST OUTPATIENT PRESCRIPTION DRUG RIDER

This rider is part of the *Evidence of Coverage* (*EOC*) to which it is attached. This rider becomes part of the *EOC* "Benefits" section, except for the "Outpatient Prescription Drug Rider Benefit Summary," which becomes part of the *EOC* "Benefit Summary." The provisions of the *EOC* apply to this entire rider.

Note: We also cover some outpatient drugs and supplies in the "Limited Outpatient Prescription Drugs and Supplies" section of the *EOC*.

Covered Drugs and Supplies

We cover outpatient prescription drugs and supplies as described in this "Outpatient Prescription Drug Rider."

Covered drugs and supplies must be prescribed by a Participating Provider or any licensed dentist in accordance with our drug formulary guidelines.

You must obtain drugs and supplies at a Participating Pharmacy (including our Mail-Order Pharmacy). You may obtain a first fill of a drug or supply at any Participating Pharmacy. All refills must be obtained through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy), or at another Participating Pharmacy that we designate for covered refills. See your *Medical Facility Directory*, visit **kp.org**, or contact Member Services.

Cost Share for Covered Drugs and Supplies

When you get a prescription from a Participating Pharmacy, or order a prescription from our Mail-Order Pharmacy, you pay the applicable Cost Share as shown in the "Outpatient Prescription Drug Rider Benefit Summary." This applies for each prescription consisting of up to the day supply shown in the "Outpatient Prescription Drug Rider Benefit Summary."

Outpatient prescription drugs and supplies are subject to the applicable Cost Share until the medical Out-of-Pocket Maximum is met.

If Charges for the drug or supply are less than your Copayment, you pay the lesser amount.

When you obtain your prescription through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy) you may be able to use an approved drug manufacturer coupon as payment for your prescription Cost Share. If the coupon does not cover the entire amount of your Cost Share, you are responsible for the additional amount up to the applicable Cost Share as shown in the "Benefit Summary." When you use an approved coupon for payment of your Cost Share, the coupon amount will count toward the Out-of-Pocket Maximum. For more information about the Kaiser Permanente coupon program rules and limitations, please call Member Services or go to **kp.org/rxcoupons**.

Day Supply Limit

The prescribing provider determines how much of a drug or supply to prescribe. For purposes of day supply coverage limits, the prescribing provider determines the amount of a drug or supply that constitutes a Medically Necessary 30-day (or any other number of days) supply for you. When you pay the applicable Cost Share shown in the "Outpatient Prescription Drug Rider Benefit Summary," you will receive the prescribed supply up to the day supply limit. If you wish to receive more than the covered day supply limit, then you must pay Charges for any prescribed quantity that exceeds the day supply limit.

Medication Synchronization

Medication synchronization is the coordination of medication refills, if you are taking two or more medications for a chronic condition, so that your medications are refilled on the same schedule. You may request medication synchronization for a new prescription from the prescribing provider or a Participating Pharmacy who will determine the appropriateness of medication synchronization for the drugs being dispensed and inform you of the decision.

How to Get Covered Drugs or Supplies

Participating Pharmacies are located in many Participating Facilities. To find a Participating Pharmacy, please see your *Medical Facility Directory*, visit **kp.org/directory/nw**, or contact Member Services.

Participating Pharmacies include our Mail-Order Pharmacy. This pharmacy offers postage-paid delivery to addresses in Oregon and Washington. Some drugs and supplies are not available through our Mail-Order Pharmacy, for example drugs that require special handling or refrigeration, or are high cost. Drugs and supplies available through our Mail-Order Pharmacy are subject to change at any time without notice.

If you would like to use our Mail-Order Pharmacy, call 1-800-548-9809 or order online at **kp.org/refill**.

Definitions

The following terms, when capitalized and used in this "Outpatient Prescription Drug Rider," mean:

- **Brand-Name Drug.** The first approved version of a drug. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Cost Share.** The Prescription Drug Deductible, Copayment, or Coinsurance you must pay for covered Services.
- **Generic Drug.** A drug that contains the same active ingredient as a Brand-Name Drug and is approved by the U.S. Food and Drug Administration (FDA) as being therapeutically equivalent and having the same active ingredients(s) as the Brand-Name Drug. Generally, Generic Drugs cost less than Brand-Name Drugs, and must be identical in strength, safety, purity, and effectiveness.
- **Non-Preferred Brand-Name Drug.** A Brand-Name drug or supply that is not approved by Company's Regional Formulary and Therapeutics Committee and requires prior authorization for coverage.
- **Preferred Brand-Name Drug.** A Brand-Name drug or supply that Company's Regional Formulary and Therapeutics Committee has approved. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Prescription Drug Deductible.** The amount you must pay for certain prescription drugs and supplies you receive in a Year before we will cover those prescription drugs and supplies, subject to any applicable Copayment or Coinsurance, in that Year. Prescription Drug Deductible amounts count toward the medical Out-of-Pocket Maximum.
- **Preventive Drug.** A drug on our "Supplemental Tier for Preventive Drugs (non-ACA)" list. This Preventive Drug tier list includes formulary drugs that have been identified as preventive for certain conditions and complications from those conditions, such as asthma, high cholesterol, diabetes, high blood pressure, osteoporosis, and stroke prevention. This category does not include those preventive drugs required under the Patient Protection and Affordable Care Act (PPACA). If you would like a copy of the current list of eligible Preventive Drugs, please call Member Services.
- **Specialty Drug.** A drug or supply, including many self-injectables as well as other medications, often used to treat complex chronic health conditions, is generally high cost, and is approved by the U.S. Food and Drug Administration (FDA). Specialty drug treatments often require specialized delivery, handling, monitoring, and administration.

About Our Drug Formulary

Our drug formulary is a list of drugs that our Regional Formulary and Therapeutics Committee has reviewed and approved for our Members and includes drugs covered under this rider. Drugs on the formulary have been approved by the FDA.

Our Regional Formulary and Therapeutics Committee is made up of Participating Physicians, other Participating Providers, and administrative staff. The committee chooses drugs for the formulary based on several factors, including safety and effectiveness as determined from a review of the scientific literature. They may not approve a drug if there is not enough scientific evidence that it is clinically effective. They may also exclude a drug if it does not have a clinical or cost advantage over comparable formulary drugs.

The Regional Formulary and Therapeutics Committee meets to review new drugs and reconsider drugs currently on the market. After this review, they may add drugs to the formulary or remove drugs from it. If a drug is removed from the formulary, you will need to switch to another comparable drug that is on the drug formulary, unless your old drug meets exception criteria. Refer to the "Drug Formulary Exception Process" in this rider for more information.

If a formulary change affects a prescription drug you are taking, we encourage you to discuss any questions or concerns with your Participating Provider or another member of your health care team.

Drugs on our formulary may move to a different drug tier during the Year. For example, a drug could move from the Non-Preferred Brand-Name Drug list to the Preferred Brand-Name Drug list. If a drug you are taking is moved to a different drug tier, this could change the Cost Share you pay for that drug.

To see if a drug or supply is on our drug formulary, or to find out what drug tier the drug is in, go online to **kp.org/formulary**. You may also call our Formulary Application Services Team (FAST) at 503-261-7900 or toll-free at 1-888-572-7231. If you would like a copy of our drug formulary or additional information about the formulary process, please call Member Services. The presence of a drug on our drug formulary does not necessarily mean that your Participating Provider will prescribe it for a particular medical condition.

Drug Formulary Exception Process

Our drug formulary guidelines include an exception process that is available when a Participating Provider or any licensed dentist prescribes a drug or supply that our drug formulary does not list for your condition, if the law requires the item to bear the legend "Rx only." The exception process is not available for drugs and supplies that the law does not require to bear this legend, or for any drug or supply prescribed by someone other than a Participating Provider or any licensed dentist.

A Participating Provider or any licensed dentist may request an exception if they determine that the non-formulary drug or supply is Medically Necessary. We will make a coverage determination within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests.

We will approve the exception if all of the following requirements are met:

- We determine that the drug or supply meets all other coverage requirements except for the fact that our drug formulary does not list it for your condition.
- Medical Group or a designated physician makes the following determinations:
    - The drug or supply is Medically Necessary because you are allergic to, or intolerant of, or have experienced treatment failure with, any alternative drugs or supplies that our drug formulary lists for your condition.
    - Your condition meets any additional requirements that the Regional Formulary and Therapeutics Committee has approved for the drug or supply. For this drug or supply, the Participating Pharmacy can provide a copy of the additional criteria upon request. In some cases, there may be a short delay in filling your prescription while your information is being reviewed.

If we approve an exception through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the "Outpatient Prescription Drug Rider Benefit Summary."

If we do not approve the formulary exception request, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under "External Review" in the "Grievances, Claims, Appeals, and External Review" section.

Prior Authorization and Step Therapy Prescribing Criteria

Prior authorization is required when you are prescribed certain drugs or supplies before they can be covered. A Participating Provider may request prior authorization if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to Company the medical information necessary for Company to make the prior authorization determination. Coverage for a prescribed drug or supply that is approved for prior authorization begins on the date Company approves the request.

Approved requests for prior authorization are binding on us for one year from the date that the treatment begins following our approval if the drug:

- Is prescribed as a maintenance therapy that is expected to last at least 12 months based on medical or scientific evidence;
- Continues to be prescribed throughout the 12-month period; and
- Is prescribed for a condition that is within the scope of use for the drug as approved by the FDA, or has been proven to be a safe and effective form of treatment for your medical condition based on clinical practice guidelines developed from peer-reviewed medical literature.

A list of those drugs and supplies that require prior authorization and the Utilization Review criteria we use are available online at **kp.org/formulary** or you may contact Member Services.

We apply step therapy prescribing criteria, developed by Medical Group and approved by Company, to certain drugs and supplies. The step therapy prescribing criteria require that you try a therapeutically similar drug (step 1) for a specified length of time before we will cover another drug (step 2) prescribed for the same condition. A list of drugs and supplies subject to step therapy prescribing criteria, and the requirements for moving to the next step drug, are available online at **kp.org/formulary** or you may contact Member Services.

Prior Authorization Exception Process

We have a process for you or your prescribing Participating Provider to request a review of a prior authorization determination that a drug or supply is not covered. This exception process is not available for drugs and supplies that the law does not require to bear the legend "Rx only."

Your prescribing Participating Provider may request an exception if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to the Participating Pharmacy the medical information necessary to review the request for exception. A coverage determination will be made within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests.

If the exception request is approved through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the "Outpatient Prescription Drug Rider Benefit Summary."

If the exception request is not approved, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under "External Review" in the "Grievances, Claims, Appeals, and External Review" section.

Emergency Fill

For purposes of this section, "emergency fill" means a limited dispensed amount of the prescribed drug that allows time for the processing of a prior authorization request. You may have the right to receive an emergency fill of a prescription drug that requires prior authorization under the following circumstances:

- The Participating Pharmacy is unable to reach the Company's prior authorization department by phone, as it is outside the department's business hours; or
- The Participating Pharmacy is unable to reach the prescribing Participating Provider for full consultation, and
- Delay in treatment would result in imminent emergency care, hospital admission or might seriously jeopardize the life or health of the patient or others in contact with the patient.

An emergency fill must be received at a Participating Pharmacy and is subject to the applicable Cost Share shown in the "Outpatient Prescription Drug Rider Benefit Summary." An emergency fill is limited to no more than a seven-day supply or the minimum packaging size available.

Your Prescription Drug Rights

You have the right to safe and effective pharmacy Services. You also have the right to know what drugs are covered under this Plan and the limits that apply. If you have a question or a concern about your prescription drug benefits, please contact Member Services or visit us online at **kp.org**.

Medication Management Program

The Medication Management Program is available at no extra cost to Members who use Participating Pharmacies. The program's primary focus is on reducing cardiovascular risk by controlling lipid levels and high blood pressure. Providers, including pharmacists, nurse care managers, and other staff, work with Members to educate, monitor, and adjust medication doses.

Outpatient Prescription Drug Rider Limitations

- If your prescription allows refills, there are limits to how early you can receive a refill. In most cases, we will refill your prescription when you have used at least 70 percent of the quantity. Prescriptions for most controlled substances cannot be refilled early. Please ask your pharmacy if you have questions about when you can get a covered refill.
- The Participating Pharmacy may reduce the day supply dispensed at the applicable Cost Share to a 30-day supply in any 30-day period if it determines that the drug or supply is in limited supply in the market or for certain other items. Your Participating Pharmacy can tell you if a drug or supply you use is one of these items.
- For certain drugs or supplies we may limit the amount of a drug or supply that is covered for a specified time frame. Quantity limits are in place to ensure safe and appropriate use of a drug or supply. Drugs and supplies subject to quantity limits are indicated on our drug formulary, available at **kp.org/formulary**. You may also contact Member Services for more information.
- Not all drugs are available through mail order. Examples of drugs that cannot be mailed include controlled substances as determined by state and/or federal regulations, drugs that require special handling, and drugs affected by temperature.

Outpatient Prescription Drug Rider Exclusions

- Any packaging, such as blister or bubble repacking, other than the dispensing pharmacy's standard packaging.
- Brand-Name Drugs for which a Generic Drug is available, unless approved. Refer to the "Prior Authorization and Step Therapy Prescribing Criteria" section.
- Drugs prescribed for an indication if the FDA has determined that use of that drug for that indication is contraindicated.

- Drugs prescribed for an indication if the FDA has not approved the drug for that indication, except that this exclusion does not apply if the Oregon Health Evidence Review Commission or our Regional Formulary and Therapeutics Committee determines that the drug is recognized as effective for that use (i) in one of the standard reference compendia, or (ii) in the majority of relevant peer-reviewed medical literature, or (iii) by the Secretary of the U.S. Department of Health and Human Services.
- Drugs and supplies ordered from the Mail-Order Pharmacy to addresses outside of Oregon or Washington.
- Drugs and supplies that are available without a prescription, even if the non-prescription item is in a different form or different strength (or both), except that this exclusion does not apply to non-prescription drugs or supplies described under "Covered Drugs and Supplies" in the "Limited Outpatient Prescription Drugs and Supplies" section of the *EOC*.
- Drugs, biological products, and devices that the FDA has not approved.
- Drugs and supplies to treat sexual dysfunction are excluded except for drugs that are FDA-approved to treat behavioral health symptoms of sexual dysfunction.
- Drugs used to enhance athletic performance.
- Extemporaneously compounded drugs, unless the formulation is approved by our Regional Formulary and Therapeutics Committee.
- Internally implanted time-release drugs, except that internally implanted time-release contraceptive drugs are covered.
- Nutritional supplements.
- Outpatient drugs that require professional administration by medical personnel or observation by medical personnel during self-administration (refer instead to the "Limited Outpatient Prescription Drugs and Supplies" section).
- Replacement of drugs and supplies due to loss, damage, or carelessness. This exclusion does not apply to drugs used to treat Substance Use Disorder.

Outpatient Prescription Drug Rider Benefit Summary

Outpatient Prescription Drugs and Supplies	**Participating Pharmacies** **You Pay**
Prescription Drug Deductible (per Member per Year)	$250
Generic Drugs	$10 for up to a 30-day supply after Prescription Drug Deductible
Generic Drugs from our Mail-Order Pharmacy	$10 for up to a 30-day supply after Prescription Drug Deductible $20 for a 31- to 90-day supply after Prescription Drug Deductible
Preferred Brand-Name Drugs or supplies	30% Coinsurance up to $100 maximum for up to a 30-day supply after Prescription Drug Deductible
Preferred Brand-Name Drugs or supplies from our Mail-Order Pharmacy	30% Coinsurance up to $100 maximum for up to a 30-day supply after Prescription Drug Deductible 30% Coinsurance up to $200 maximum for a 31- to 90-day supply after Prescription Drug Deductible

Outpatient Prescription Drugs and Supplies	Participating Pharmacies You Pay
Non-Preferred Brand-Name Drugs or supplies	40% Coinsurance up to $350 maximum for up to a 30-day supply after Prescription Drug Deductible
Non-Preferred Brand-Name Drugs or supplies from our Mail-Order Pharmacy	40% Coinsurance up to $350 maximum for up to a 30-day supply after Prescription Drug Deductible 40% Coinsurance up to $700 maximum for a 31- to 90-day supply after Prescription Drug Deductible
Specialty Drugs or supplies	30% Coinsurance up to $250 maximum for up to a 30-day supply after Prescription Drug Deductible
Preventive Drugs or supplies (non-ACA)	$0 for up to a 30-day supply
Preventive Drugs or supplies (non-ACA) from our Mail-Order Pharmacy	$0 for up to a 30-day supply $0 for a 31- to 90-day supply
Blood glucose test strips	Subject to the applicable drug tier Copayment or Coinsurance
HIV post-exposure prophylaxis (PEP) drugs	$0
Self-administered chemotherapy medications used for the treatment of cancer	20% Coinsurance or subject to the applicable drug tier Cost Share, whichever is less
Fertility drugs up to a $10,000 lifetime benefit maximum	20% Coinsurance for up to a 30-day supply after Prescription Drug Deductible

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST HEARING AID RIDER

This rider is part of the *Evidence of Coverage* (*EOC*) to which it is attached. All provisions of this rider become part of the *EOC* "Benefits" section, except for the "Hearing Aid Rider Benefit Summary," which becomes part of the *EOC* "Benefit Summary." This entire benefit rider is therefore subject to all the terms and provisions of the *EOC*. The hearing aid exclusion in the *EOC* "Exclusions and Limitations" section does not apply to Services we cover under this rider.

Hearing aid Services covered under this "Hearing Aid Rider" are only for Members who are the Dependent Limiting Age and older, as shown in the "Benefit Summary." Dependents who are under the Dependent Limiting Age are not covered under this "Hearing Aid Rider," but are covered instead as described under "Hearing Aids and Other Hearing Devices" in the "Benefits" section of the *EOC*.

Hearing Aids

We cover prescription hearing aids, visits to determine the appropriate hearing aid model, visits to verify that the hearing aid conforms to the prescription, and visits for fitting, counseling, adjustment, cleaning, and inspection. These Services are covered only when received from Participating Providers.

Hearing exams to determine the need for hearing correction and to provide a prescription for hearing aids are not covered under this "Hearing Aid Rider" (see the "Benefits" section of the *EOC*).

We provide an allowance for each ear toward the price of a hearing aid. The allowance is shown in the "Hearing Aid Rider Benefit Summary." You do not have to use the allowances for both ears at the same time, but we will not provide the allowance for an ear if we have previously covered a hearing aid for that ear within the same benefit period shown in the "Hearing Aid Rider Benefit Summary," under this or any other evidence of coverage (including riders) with the same group number printed on this *EOC*.

The date we cover a hearing aid is the date on which you are fitted for the hearing aid. Therefore, if you are fitted for a hearing aid while you are covered under this *EOC*, and if we would otherwise cover the hearing aid, we will cover the hearing aid even if you do not receive the hearing aid until after you are no longer covered under this *EOC*.

Covered hearing aids are electronic devices worn on the person for the purpose of amplifying sound and assisting in the process of hearing, including an ear mold, if necessary, and are limited to one of the following digital models: (i) in-the-ear; (ii) behind-the-ear; (iii) on-the-body (Body Aid Model); or (iv) canal/CIC aids.

Hearing Aid Exclusions

- Bone anchored hearing aids.
- Cleaners, moisture guards, and assistive listening devices (for example, FM systems, cell phone or telephone amplifiers, and personal amplifiers designed to improve your ability to hear in a specific listening situation).
- Hearing aids that were fitted before you were covered under this *EOC* (for example, a hearing aid that was fitted during the previous contract year will not be covered under this *EOC*, though it might be covered under your evidence of coverage for the previous contract year).
- Internally implanted hearing aids.
- Non-prescription hearing aids.
- Repair of hearing aids beyond the warranty period.
- Replacement of lost or broken hearing aids, if you have exhausted (used up) your allowance.

- Replacement parts and batteries.

Hearing Aid Rider Benefit Summary

Hearing Aid Services	You Pay
Visits for hearing aid Services	$40
Hearing aids $2,000 allowance for each hearing aid per ear every three years	Any amount by which price exceeds allowance

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST FERTILITY TREATMENT SERVICES RIDER

This rider is part of the *Evidence of Coverage* (*EOC*) to which it is attached. All provisions of this rider become part of the *EOC* "Benefits" section, except for the "Fertility Treatment Services Rider Benefit Summary," which becomes part of the *EOC* "Benefit Summary." This entire benefit rider is therefore subject to all the terms and provisions of the *EOC*. The "Fertility Services Exclusions" section in the *EOC* does not apply to Services we cover under this rider.

The following section is added to the *EOC* "Benefits" section:

Fertility Treatment Services

We cover fertility treatment Services, including Services related to conception by artificial means, such as artificial insemination, in vitro fertilization (IVF), gamete intrafallopian transfer (GIFT), and zygote intrafallopian transfer (ZIFT). Services are subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company. You may request Utilization Review criteria by calling Member Services. These Services are covered only when received from Participating Providers.

Diagnostic Services for fertility are covered as described under the "Fertility Services" section in the "Benefits" section of the *EOC*.

This benefit has a Lifetime Benefit Maximum. For purposes of this rider, a Lifetime Benefit Maximum means we will not cover more than the amount shown in the "Fertility Treatment Services Rider Benefit Summary" for all covered fertility treatment Services during your lifetime. Your Lifetime Benefit Maximum is calculated by adding up the Charges for all Services we covered for treatment of fertility and subtracting any Cost Share you paid for those Services.

Fertility Treatment Services Exclusions

- The cost of donor semen, donor eggs, and Services related to their procurement and storage (such as cryopreservation).
- Oral and injectable drugs prescribed for fertility treatment unless your Group has purchased an "Outpatient Prescription Drug Rider" that includes coverage for fertility drugs.
- Services to reverse voluntary, surgically induced infertility.

Fertility Treatment Services Rider Benefit Summary

	You Pay
Fertility treatment Services up to a $20,000 Lifetime Benefit Maximum	20% Coinsurance after Deductible

NOTES

TITLE PAGE (Cover Page)

Important Benefit Information Enclosed
Evidence of Coverage

About this Evidence of Coverage (EOC)
This Evidence of Coverage (EOC) describes the health care coverage provided under the Agreement between Kaiser Foundation Health Plan of Colorado (Health Plan) and your Group. This EOC is for your Group's 2025 contract year.

In this EOC, Kaiser Foundation Health Plan of Colorado is sometimes referred to as "Plan," "we," or "us." Members are sometimes referred to as "you." Out-of-Health Plan is sometimes referred to as "out-of-Plan." Some capitalized terms have special meaning in this EOC; please see the "Definitions" section for terms you should know.

The health care coverage described in this EOC has been designed to be a High Deductible Health Plan (HDHP) compatible for use with a Health Savings Account (HSA). An HSA is a tax-exempt account established under Section 223(d) of the Internal Revenue Code exclusively for the purpose of paying qualified medical expenses of the account beneficiary. Contributions to such an account are tax deductible but in order to qualify for and make contributions to an HSA, you must be enrolled in a qualified High Deductible Health Plan.

Please note that the tax references contained in this document relate to federal income tax only. The tax treatment of HSA contributions and distributions under your state's income tax laws may differ from the federal tax treatment, and differs from state to state. Kaiser Permanente does not provide tax advice. Consult with your financial or tax advisor for tax advice or more information about your eligibility for an HSA.

KAISER PERMANENTE®

NONDISCRIMINATION NOTICE

Kaiser Foundation Health Plan of Colorado (Kaiser Health Plan) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Kaiser Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. We also:

- Provide no-cost aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats, such as large print, audio, and accessible electronic formats

- Provide no-cost language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, call **1-800-632-9700** (TTY **711**).

If you believe that Kaiser Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by mail at: Customer Experience Department, Attn: Kaiser Permanente Civil Rights Coordinator, 10350 E. Dakota Ave, Denver, CO 80247, or by phone at Member Services **1-800-632-9700** (TTY **711**).

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, **1-800-368-1019**, (TTY **1-800-537-7697**). Complaint forms are available at **hhs.gov/ocr/office/file/index.html**.

SCHEDULE OF BENEFITS (WHO PAYS WHAT)

This Schedule of Benefits discusses:

I. DEDUCTIBLES (if applicable)

II. ANNUAL OUT-OF-POCKET MAXIMUMS (OPM)

III. COPAYMENTS AND COINSURANCE

IMPORTANT INFORMATION: PLEASE READ

This Schedule of Benefits does not fully describe the Services covered under this EOC. ***For a complete understanding of the benefits, limitations and exclusions that apply to your coverage under this plan, it is important to read this EOC in conjunction with this Schedule of Benefits.*** Please refer to the heading in the "Benefits/Coverage (What Is Covered)" section and to the “Limitations/Exclusions (What Is Not Covered)” section of this EOC.

Services received may be described in multiple sections of this Schedule of Benefits (for example, Office Services, Durable Medical Equipment, X-ray, Laboratory, and Advanced Imaging Procedures may all apply to a broken arm). See the appropriate sections for applicable Copayment, Coinsurance, and Deductible information.

You are responsible for any applicable Copayment or Coinsurance for Services performed as part of or in conjunction with other outpatient Services, including but not limited to: office visits; Emergency Services; urgent care; and outpatient surgery.

Here is some ***important information*** to keep in mind as you read this Schedule of Benefits:

1. For a Service to be a covered Service:
   a. The Service ***must be*** Medically Necessary (refer to the “Definitions” section in this EOC); ***and***
   b. The Service ***must be*** provided, prescribed, recommended, or directed by a Plan Provider; ***and***
   c. The Service ***must be*** described in this EOC as covered. Refer to the “Benefits/Coverage (What is Covered)” section.
2. The Charges for your Services are ***not*** always known at the time you receive the Service. You ***will get a bill*** for any Deductibles, Copayments, or Coinsurance that are not known at the time you receive the Service.
3. The Deductibles, Copayments, or Coinsurance listed here apply to covered Services provided to Members enrolled in this plan. Only covered Services apply to the Deductible and OPM. Non-covered Services will not apply to the Deductible and OPM.
4. Copayments for Services are due at the time you receive the Service. Deductibles or Coinsurance for Services may also be due at the time you receive the Service.
5. Except for #6 below, you may be responsible for any amounts over eligible Charges in addition to any Copayment or Coinsurance.
6. With respect to Emergency Services received in an Out-of-Plan Facility, or Services rendered by an Out-of-Plan Provider in a Plan Facility, you will not be balance billed by either the Out-of-Plan Provider or Out-of-Plan Facility. You are responsible for the same Deductible, Copayment, or Coinsurance amounts that you would pay if the care was provided in a Plan Facility or provided by a Plan Provider.
7. You may be charged separate Deductibles, Copayments, or Coinsurance for additional Services you receive during your visit or if you receive Services from more than one provider during your visit.
8. We reserve the right to reschedule non-emergency, non-routine care if you do not pay all amounts due at the time you receive the Service.
9. For items ordered in advance, you pay the Deductibles, Copayments, or Coinsurance in effect on the order date.
10. You, as the Subscriber, are responsible for any Deductibles, Copayments, and/or Coinsurance incurred by your Dependents enrolled in the Plan.
11. If you are the only person on your plan, your plan will become a family plan upon the addition of any eligible Dependent to your plan. This includes, but is not limited to, any temporary additions to your plan, such as the coverage of a newborn for 31 days as required by state law.

I. DEDUCTIBLES

The medical Deductible represents the full amount you must pay for certain covered Services during the Accumulation Period before any Copayment or Coinsurance applies.

For covered Services that are subject to the medical Deductible, any amounts you pay over eligible Charges will not apply toward the medical Deductible.

A. For covered Services that **ARE** subject to the medical Deductible:

1. You must pay full charges for covered Services until your medical Deductible is satisfied. Please see "III. Copayments and Coinsurance" to find out which covered Services are subject to the medical Deductible.
2. Once you have met your medical Deductible for the Accumulation Period, you will then pay, for the rest of the Accumulation Period, your applicable Copayment or Coinsurance for those covered Services subject to the medical Deductible (see "III. Copayments and Coinsurance").
3. Your applicable Copayment and Coinsurance may apply to your annual OPM (see "II. Annual Out-of-Pocket Maximums").

B. For covered Services that **ARE NOT** subject to the medical Deductible:

1. Only services that apply to the medical Deductible are specified in "III. Copayments and Coinsurance." Covered Services that ARE NOT subject to the medical deductible will not be specified in "III. Copayments and Coinsurance."
2. Your Copayment or Coinsurance will apply, as listed in "III. Copayments and Coinsurance

II. ANNUAL OUT-OF-POCKET MAXIMUMS

The OPM limits the total amount you must pay during the Accumulation Period for certain covered Services. Covered Services may or may not apply toward the OPM (see "III. Copayments and Coinsurance"). It depends on the plan your Group has purchased.

For covered Services that apply toward the OPM, any amounts you pay over eligible Charges will not apply toward the OPM.

A. Your medical Deductible applies toward the OPM (see "I. Deductibles").

B. For covered Services that **APPLY** toward the OPM:

1. The only Copayments or Coinsurance ***that apply*** toward the OPM are those made for covered Services listed as ***applying*** to the OPM. Copayments or Coinsurances ***apply*** toward the OPM unless otherwise specified in "III. Copayments and Coinsurance".
2. Once your OPM is met, you will no longer pay for covered Services ***that apply*** toward the OPM for the rest of the Accumulation Period.

C. For covered Services that do **NOT APPLY** toward the OPM:

1. The only Copayments or Coinsurance that ***do not apply*** toward the OPM are those made for covered Services listed as ***not*** applying to the OPM (see "III. Copayments and Coinsurance").
2. Once your OPM is met, you will continue to pay for covered Services that ***do not apply*** toward the OPM for the rest of the Accumulation Period.

Tracking Deductible(s) and Out-of-Pocket Amounts

Once you have received Services and we have processed the claim for Services rendered, we will provide an Explanation of Benefits (EOB). The EOB will list the Services you received, the cost of those Services, and the payments made for the Services. It will also include information regarding what portion of the payments were applied to your Deductible(s) and/or OPM amounts.

For more information about your Deductible or OPM amounts, please call **Member Services** or go to **kp.org**.

III. COPAYMENTS AND COINSURANCE

Note: Day, visit, and dollar limits, Deductibles, and Out-of-Pocket Maximums are based on a calendar year Accumulation Period.

Medical Deductible

Note: Covered Services do not apply to the medical Deductible unless otherwise specified.

Aggregate	$1,750/Individual per Accumulation Period $3,500/Family per Accumulation Period
Medical Deductible An Aggregate Medical Deductible means: • If you are the only person covered on your plan, the individual Medical Deductible amount applies. After the individual medical Deductible is met, the Member will begin paying payments or Coinsurance for most covered Services for the rest of the Accumulation Period. • If there are two or more family Members on your plan, the individual Medical Deductible amount does not apply. The entire family Medical Deductible must be met before Copayment or Coinsurance is applied for any individual family Member. No one in the family is considered to have met the Deductible until the entire family Deductible is met.	

Out-of-Pocket Maximum

Note: Covered services apply to the Out-of-Pocket Maximum unless otherwise specified.

Aggregate Out-of-Pocket Maximum An Aggregate OPM means: • If you are the only person covered on your plan, the individual OPM amount applies. After the individual OPM is met, the Member will no longer pay Copayments or Coinsurance for those covered Services that apply to the OPM for the rest of the Accumulation Period. • If there are two or more family Members on your plan, the individual OPM amount does not apply. The family OPM amount applies to the entire family as a whole. The entire family medical OPM amount must be met before any covered family Member will no longer pay Copayments or Coinsurance for covered Services. No one in the family is considered to have met the OPM until the entire family OPM is met.	$3,425/Individual per Accumulation Period $6,850/Family per Accumulation Period

Covered services are not subject to the medical Deductible unless otherwise specified. Covered services apply to the Out-of-Pocket Maximum unless otherwise specified.	
Office Services	**You Pay**
Note: Additional charges may apply for Services described elsewhere in this Schedule of Benefits.

Eligibility Amendments

- Dependent Limiting Age

  The Dependent limiting age as described under Dependents in the "Eligibility" section of the EOC is the end of the month in which age 26 is reached. If the Member continues to meet all other eligibility requirements, a Dependent child will continue to be eligible until the Dependent child reaches this age. For additional information regarding eligible Dependents, including certain Dependents over the limiting age, please refer to the “Eligibility” section in the EOC.

- Domestic Partner

  Your Group coverage includes health benefits for both same- and opposite-sex domestic partners and their Dependents. To be covered they must meet:
  1. The eligibility requirements as described in the “Eligibility” section of this EOC; and
  2. The conditions for domestic partnership as described in the Affidavit of Domestic Partnership.

  You are required to complete and submit an Affidavit of Domestic Partnership to Health Plan. Please check with your Group’s benefit administrator for details.

- Grandchildren

  Under your Group contract, a grandchild of you or your Spouse can be enrolled as your Dependent in this health benefit plan. This includes an adopted or foster grandchild. The grandchild must meet all Group and Health Plan eligibility requirements.

Group-Specific Coverage

- Eligible Organization

  This plan covers federally mandated over-the-counter non-prescription female contraceptive drugs and devices.

Additional Provisions

Please see “Additional Provisions” for any supplemental information that applies to your coverage

ADDITIONAL PROVISIONS

I. ELIGIBILITY

A. Who Is Eligible

1. General

To be eligible to enroll and to remain enrolled in this health benefit plan, you must meet the following requirements:

a. You must meet your Group's eligibility requirements that we have approved. Your Group is required to inform Subscribers of the Group's eligibility requirements; and
b. You must also meet the Subscriber or Dependent eligibility requirements as described below; and
c. The Subscriber must live or reside in our Service Area. Our Service Area is described in the "Definitions" section.

2. Subscribers

You may be eligible to enroll as a Subscriber if you are entitled to Subscriber coverage under your Group's eligibility requirements. An example would be an employee of your Group who works at least the number of hours stated in those requirements.

3. Dependents

If you are a Subscriber, the following persons may be eligible to enroll as your Dependents under this plan:

a. Your Spouse. (Spouse includes a partner in a valid civil union under state law.)

b. Your or your Spouse's children (including adopted children and children placed with you for adoption) who are under the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)."

c. Other dependent persons (but not including foster children) who meet all of the following requirements:
   i. They are under the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)"; and
   ii. You or your Spouse is the court-appointed permanent legal guardian (or was before the person reached age 18).

d. Your or your Spouse's unmarried children over the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)" who are medically certified as disabled and dependent upon you or your Spouse are eligible to enroll or continue coverage as your Dependents if the following requirements are met:
   i. They are dependent on you or your Spouse; and
   ii. You give us proof of the Dependent's disability and dependency annually if we request it.

e. Subscriber's designated beneficiary prescribed by Colorado law, if your employer elects to cover designated beneficiaries as dependents.

Students on Medical Leave of Absence. Dependent children who lose dependent student status at a postsecondary educational institution due to a Medically Necessary leave of absence may remain eligible for coverage until the earlier of (i) one year after the first day of the Medically Necessary leave of absence; or (ii) the date dependent coverage would otherwise terminate under this EOC. We must receive written certification by a treating physician of the dependent child which states that the child is suffering from a serious illness or injury, and that the leave of absence or other change of enrollment is Medically Necessary.

If your plan has different eligibility requirements, please see the "Eligibility Amendments" section of the "Schedule of Benefits (Who Pays What)" and/or the "Additional Provisions."

4. Health Savings Account Eligibility

Enrollment in a High Deductible Health Plan that is HSA-compatible is only one of the eligibility requirements for establishing and contributing to an HSA. Other requirements include that you must not be: (a) covered by another health coverage plan (for example, through your spouse's employer) that is not also an HSA-compatible health plan, with certain exceptions; (b) enrolled in Medicare; or (c) able to be claimed as a Dependent on another person's tax return. Consult your tax advisor for more information about your eligibility for an HSA.

B. Enrollment and Effective Date of Coverage

Eligible people may enroll as follows, and membership begins at 12:00 a.m. on the membership effective date.

1. New Employees and their Dependents

If you are a new employee, you may enroll yourself and any eligible Dependents by submitting a Health Plan-approved enrollment application to your Group within 31 days after you become eligible. You should check with your Group to see when new employees become eligible. Your membership will become effective on the date specified by your Group.

2. Members Who are Inpatient on Effective Date of Coverage

If you are an inpatient in a hospital or institution when your coverage with us becomes effective and you had other coverage when you were admitted, state law will determine whether we or your prior carrier will be responsible for payment for your care until your date of discharge.

3. Special Enrollment Due to Newly Acquired Dependents
   You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan-approved enrollment application to your Group within 31 days after a Dependent becomes newly eligible.

   The membership effective date for the Dependents (and, if applicable, the new Subscriber) will be:

   a. For newborn children, the moment of birth. Your newborn child is covered for the first 31 days following birth. This coverage is required by state law, whether or not you intend to add the newborn to this plan.
      For existing Subscribers:
      i. If the addition of the newborn child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber, in order for the newborn to keep coverage beyond the first 31-day period of coverage, is required to: (A) pay the new amount due for coverage after the first 31-day period of coverage; and (B) notify Health Plan within 31 days of the newborn's birth.
      ii. If the addition of the newborn child to the Subscriber's coverage will not change the amount the Subscriber pays for coverage, the Subscriber must still notify Health Plan after the birth of the newborn to get the newborn enrolled onto the Subscriber's Health Plan coverage.

   b. For newly adopted children (including children newly placed for adoption), the date of the adoption or placement for adoption. An eligible adopted child must be enrolled within 31 days from the date the child is placed in your custody or the date of the final decree of adoption.
      For existing Subscribers:
      i. If the addition of the newly adopted child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber, in order for the newly adopted child to continue coverage beyond the initial 31-day period of coverage, is required to (A) pay the new amount due for coverage after the initial 31-day period of coverage; and (B) notify Health Plan within 31 days of the child's adoption or placement for adoption.
      ii. If the addition of the newly adopted child to the Subscriber's coverage will not change the amount the Subscriber pays for coverage, the Subscriber must still notify Health Plan after the adoption or placement for adoption of the child to get the child enrolled onto the Subscriber's Health Plan coverage.

   c. For all other Dependents, if enrolled within 31 days of becoming eligible, no later than the first day of the month following the date your Group receives the enrollment application. Your Group will let you know the membership effective date. Employees and Dependents who are not enrolled when newly eligible must wait until the next open enrollment period to become Members of Health Plan, unless: (i) they enroll under special circumstances, as agreed to by your Group and Health Plan; or (ii) they enroll under the provisions described in "Special Enrollment."

4. Special Enrollment
   You or your Dependent may experience a qualifying event that allows a change in your enrollment. Examples of qualifying events are the loss of coverage, a Dependent's aging off this plan, marriage, and birth of a child. The qualifying event results in a special enrollment period that usually (but not always) starts on the date of the qualifying event and lasts for 30 days. During the special enrollment period, you may enroll your Dependent(s) in this plan, or in certain circumstances, you may change plans (your plan choice may be limited). There are requirements that you must meet to take advantage of a special enrollment period including showing proof of your own or your Dependent's qualifying event. To learn more about qualifying events, special enrollment periods, how to enroll or change your plan (if permitted), timeframes for submitting information to Health Plan and other requirements, contact your Group. If your Group coverage is ending, call **Member Services** or go to kp.org/specialenrollment.

5. Open Enrollment
   You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan-approved enrollment application to your Group during the open enrollment period. Your Group will let you know when the open enrollment period begins and ends and the membership effective date.

6. Persons Barred from Enrolling
   You cannot enroll if you have had your entitlement to receive Services through Health Plan terminated for cause.

II. HOW TO ACCESS YOUR SERVICES AND OBTAIN APPROVAL OF BENEFITS

As a Member, you are selecting our medical care program to provide your health care. You must receive all covered Services from Plan Providers inside our Service Area, except as described under the following headings:

- "Emergency Services Provided by Out-of-Plan Providers (out-of-Plan Emergency Services)" in "Emergency Services and Urgent Care" in the "Benefits/Coverage (What is Covered)" section.

- "Urgent Care" in "Emergency Services and Urgent Care" in the "Benefits/Coverage (What is Covered)" section.
- "Out-of-Area Benefit" in the "Benefits/Coverage (What is Covered)" section.
- "Access to Other Providers" in this section.
- "Visiting Other Kaiser Regional Health Plan Service Areas" in this section.
- "Plus Benefit" if purchased by your Group. See the "Schedule of Benefits (Who Pays What)" to determine if your Group has purchased this coverage.

In some circumstances, you might receive Emergency or non-Emergency Services from an Out-of-Plan Provider or Out-of-Plan Facility. **Non-Emergency Services from Out-of-Plan Providers are not covered unless they are authorized by us.** If Services from an Out of-Plan Provider or Out-of-Plan Facility are authorized, the Deductible, Copayment, and/or Coinsurance for these authorized Services are the same as for covered Services received from a Plan Provider or Plan Facility. You have the right and responsibility to request a Plan Provider to provide Services.

A. Your Primary Care Provider

Your primary care provider (PCP) plays an important role in coordinating your health care needs. This includes hospital stays and referrals to specialists. Every member of your family should have their own PCP.

1. Choosing Your Primary Care Provider

   You may select a PCP from family medicine, pediatrics, or internal medicine. When possible, we encourage you to choose a PCP whose office is in a Kaiser Permanente Medical Office Building. **You may have a higher Copayment and/or Coinsurance with certain providers. Please refer to your "Schedule of Benefits (Who Pays What)" for additional details.** You may also receive a second medical opinion from a Plan Provider upon request. Please refer to the "Second Opinions" section.

   You must choose a PCP when you enroll. If you do not select a PCP upon enrollment, one near your home will be assigned to you. To review a list of Plan Providers and their biographies, go to kp.org/locations. You can also get a copy of the directory by calling **Member Services**. To choose a PCP, sign into your account online, or call the **Clinical Contact Center** for help choosing a PCP.

2. Changing Your Primary Care Provider

   Please call the **Clinical Contact Center** to change your PCP. You may also change your PCP online or when visiting a Kaiser Permanente Medical Office Building. You may change your PCP at any time.

B. Access to Other Providers

1. Referrals and Authorizations

   If your Plan Provider decides that you need covered Services not available from us, they will request a referral for you to see an Out-of-Plan Provider. If your Plan Provider decides you need specialty care that is not eligible for a self-referral, they will request a referral for you to see a specialty-care Plan Provider. (See the "Specialty Referrals" section below.)

   These referral requests result in an Authorization or a denial. However, there may be circumstances where Health Plan will partially authorize your provider's referral request.

   An Authorization is a referral request that has received approval from Health Plan. An Authorization is limited to a specific Service, treatment or series of treatments, and period of time. The provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid. An Authorization is required for Services provided by Out-of-Plan Providers or Out-of-Plan Facilities. If your provider refers you to an Out-of-Plan Provider or Out-of-Plan Facility, inside or outside our Service Area, you must have a written Authorization in order for us to cover the Services.

   All referral Services must be requested and authorized in advance. We will not pay for any care rendered by a provider unless the care is specifically authorized in advance by Health Plan. A written or verbal recommendation by a provider that you get non-covered Services (whether Medically Necessary or not) is not considered an Authorization, and is **not** covered.

2. Specialty Referrals

   Generally, you will need a referral and prior Authorization for Services (including routine visits) from specialty-care Plan Providers. You do not need a referral or prior Authorization in order to obtain access to eye care services from a Plan Provider. You do not need a referral or prior Authorization in order to obtain access to obstetrical or gynecological care from a Plan Provider who specializes in obstetrics or gynecology.

   For additional information on which Services require prior Authorization, please call **Member Services**. You will find specialty-care Plan Providers in the Kaiser Permanente Provider Directory. The Provider Directory is available on our website, kp.org/locations. If you need a printed copy of the Provider Directory, please call **Member Services**.

Authorization from Health Plan is required for: (i) Services in addition to those provided as part of the routine office visit, such as procedures or surgery; and (ii) visits to specialty-care Plan Providers not eligible for self-referrals; and (iii) Out-of-Plan Providers. The request for these Services can be generated by either your PCP or by a specialty-care provider. If the request is approved, the provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid.

A Plan Provider can directly refer you for some laboratory or radiology Services and for specialty procedures such as a CT scan or MRI. However, certain laboratory or radiology Services and specialty procedures will still require an Authorization.

3. Second Opinions

Upon request and subject to payment of any applicable Deductible, Copayments, and/or Coinsurance, you may get a second opinion from a Plan Provider about any proposed covered Services.

If the recommendations of the first and second providers differ regarding the need for Services, a third opinion may be covered if authorized by Health Plan. Third medical opinions are not covered unless authorized by Health Plan before Services are rendered.

Authorization of a second or third opinion is limited to a consultation only and does not include any additional Services. Authorization of a second or third opinion may be limited to providers in Kaiser Permanente Medical Office Buildings.

C. Plan Facilities

Services are available at Plan Facilities conveniently located throughout the Service Area. We encourage you to receive routine outpatient Services at a Kaiser Permanente Medical Office Building, which often provides all the covered Services you need, including specialized care. **You may have a different Copayment and/or Coinsurance at certain facilities. Please refer to your "Schedule of Benefits (Who Pays What)" for additional details.**

Plan Facilities are listed in our provider directory, which we update regularly. You can get a current copy of the directory by calling **Member Services**. You can also get a list of Plan Facilities on our website. Go to kp.org/locations.

D. Getting the Care You Need

Emergency care is covered 24 hours a day, 7 days a week anywhere in the world. **If you think you have a Life or Limb Threatening Emergency, call 911 or go to the nearest emergency department or Independent Freestanding Emergency Department.** For coverage information about emergency care, including out-of-Plan Emergency Services, and emergency benefits away from home, please refer to "Emergency Services" in the "Benefits/Coverage (What is Covered)" section.

If you need urgent care, you may use one of the designated urgent care Plan Facilities. There may be instances when you need to receive urgent care outside our Service Area. The Copayment or Coinsurance for urgent care listed in the "Schedule of Benefits (Who Pays What)" will apply. For additional information about urgent care, please refer to "Urgent Care" in the "Benefits/Coverage (What is Covered)" section.

E. Visiting Other Kaiser Regional Health Plan Service Areas

You may receive visiting member services from another Kaiser regional health plan as directed by that other plan so long as such services would be covered under this EOC. Kaiser regional health plan service areas may change at any time. Currently they are: the District of Columbia and parts of California, Colorado, Georgia, Hawaii, Maryland, Oregon, Virginia, and Washington. For more information, please call **Member Services.** Visiting member services shall be subject to the terms and conditions set forth in this EOC including but not limited to those pertaining to prior Authorization; Deductible; Copayment; Coinsurance; limitations and exclusions, as further described online at kp.org/travel. Certain services are not covered as visiting member services.

For more information about receiving visiting member services in other Kaiser regional health plan service areas, including provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at kp.org/travel.

F. Using Your Health Plan Identification Card

Each Member is issued a Health Plan Identification (ID) card with a Medical Record Number on it. This is useful when you call for advice, make an appointment, or go to a Plan Provider for care. The Medical Record Number is used to identify your medical records and membership information. You should always have the same Medical Record Number. Please call **Member Services** if: (1) we ever inadvertently issue you more than one Medical Record Number; or (2) you need to replace your Health Plan ID card.

Your Health Plan ID card is for identification only. To receive covered Services, you must be a current Health Plan Member. Anyone who is not a Member will be billed as a non-Member for any Services we provide. In addition, non-Member claims for Emergency or non-emergency care Services will be denied. If you let someone else use your Health Plan ID card, we may keep your card and terminate your membership.

When you receive Services, you will need to show photo identification along with your Health Plan ID card. This allows us to ensure proper identification and to better protect your coverage and medical information from fraud. If you suspect you or your membership is a victim of fraud, please call **Member Services** to report your concern.

III. BENEFITS/COVERAGE (WHAT IS COVERED)

The Services described in this "Benefits/Coverage (What is Covered)" section are covered only if all the following conditions are satisfied:

- The Services are Medically Necessary; and
- The Services are provided, prescribed, recommended, or directed by a Plan Provider. This does not apply where noted to the contrary in the following sections of this EOC: (a) "Emergency Services Provided by Out-of-Plan Providers (out-of-Plan Emergency Services)" and "Urgent Care" in "Emergency Services and Urgent Care"; and (b) "Out-of-Area Benefit"; and (c) "Plus Benefit" if purchased by your Group (see the "Schedule of Benefits (Who Pays What)" to determine if your Group has purchased this coverage); and
- You receive the Services from Plan Providers inside our Service Area. This does not apply where noted to the contrary in the following sections of this EOC: (a) "Referrals and Authorizations" and "Specialty Referrals"; and (b) Emergency Services, Urgent Care, certain Post Stabilization Care Services that qualify as Emergency Services (under applicable federal law and state law), and Ancillary Services for which you have prior Authorization in "Emergency Services and Urgent Care"; and (c) "Out-of-Area Benefit"; and (d) "Visiting Other Kaiser Regional Health Plan Service Areas"; and (e) "Plus Benefit" if purchased by your Group (see the "Schedule of Benefits (Who Pays What)" to determine if your Group has purchased this coverage); and
- Your provider has received prior Authorization for your Services, as appropriate. When you receive covered Services for which you do not have prior Authorization or that you receive from Out-of-Plan Providers or from Out-of-Plan Facilities that have not been approved by us in advance, we will not pay for them except when they are Emergency Services or urgent care.

We cover COVID-19 testing and treatment required under applicable federal or Colorado laws, regulations, or bulletins.

Exclusions and limitations that apply only to a certain benefit are described in this "Benefits/Coverage (What is Covered)" section. Exclusions, limitations, and reductions that apply to all benefits are described in the "Limitations/Exclusions (What is Not Covered)" section.

Note: Deductibles, Copayments, and/or Coinsurance may apply to the benefits and are described below. For a complete list of Deductible, Copayment, and Coinsurance requirements, see the "Schedule of Benefits (Who Pays What)." You will also be required to pay any amount in excess of eligible Charges and any amount for Services provided by an Out-of-Plan Provider when you consent to their provision of Services. You are responsible for any applicable Deductible, Copayment, or Coinsurance for Services performed as part of or in conjunction with other outpatient Services, including but not limited to: office visits; Emergency Services; urgent care; and outpatient surgery.

A. Office Services

Office Services for Preventive Care, Diagnosis, and Treatment

We cover, under this "Benefits/Coverage (What is Covered)" section and subject to any specific limitations, exclusions, or exceptions as noted throughout this EOC, the following office Services for preventive care, diagnosis, and treatment, including professional medical Services of physicians and other health care professionals in the physician's office, during medical office consultations, in a Skilled Nursing Facility, or at home:

1. Primary care visits: Services from family medicine, internal medicine, and pediatrics.
2. Specialty care visits: Services from providers that are not primary care, as defined above.
3. Routine prenatal and postpartum visits: The routine prenatal benefit covers office exams, routine chemical urinalysis and fetal stress tests performed during the office visit. Member may receive Services from a certified nurse midwife. See the applicable section of your "Schedule of Benefits (Who Pays What)" for the Copayment and/or Coinsurance for all other Services received during a prenatal visit.
4. Consultations with clinical pharmacists.
5. Other covered Services received during an office visit or a scheduled procedure visit.
6. Outpatient hospital clinic visits with an Authorization from Health Plan.
7. Blood, blood products, and their administration.
8. House calls when care can best be provided in your home as determined by a Plan Provider.
9. Second opinion.
10. Medical social Services.
11. Preventive care Services (see "Preventive Care Services" in this "Benefits/Coverage (What is Covered)" section for more details).
12. Professional review and interpretation of patient data from a remote monitoring device.
13. Virtual care Services.

14. Office-administered drugs. Some drugs may require prior Authorization.

    Note: If the following are administered during an office visit, urgent care visit, or home visit, and administration or observation by medical personnel is required, they are covered at the applicable office-administered drug Copayment or Coinsurance shown in the "Schedule of Benefits (Who Pays What)." This Copayment or Coinsurance may be in addition to the Copayment or Coinsurance for your visit.
    - Drugs (including Biologics and Biosimilars) and injectables;
    - Radioactive materials used for therapeutic purposes;
    - Vaccines and immunizations approved for use by the U.S. Food and Drug Administration (FDA); and
    - Allergy test and treatment materials.

Note: To determine if your Group has the bariatric surgery benefit, see the "Schedule of Benefits (Who Pays What)." If your Group has the bariatric surgery benefit, you must meet Utilization Management Program Criteria to be eligible for coverage.

B. Outpatient Hospital and Surgical Services

Outpatient Services at Designated Facilities

We cover, only as described under this "Benefits/Coverage (What is Covered)" section and subject to any specific limitations, exclusions, or exceptions as noted throughout this EOC, the following outpatient Services for diagnosis and treatment, including professional medical Services of physicians:

1. Outpatient surgery at Plan Facilities that are designated to provide surgical Services, including an ambulatory surgical center, surgical suite, or outpatient hospital facility. Kaiser Permanente applies Medicare global surgery guidelines in accordance with the Centers for Medicare and Medicaid Services (CMS).

   Note: Services provided during post-surgical office visits may have a cost-share.

2. Outpatient hospital Services at facilities that are designated to provide outpatient hospital Services, including but not limited to: electroencephalogram; sleep study; stress test; pulmonary function test; any treatment room; or direct admission to any observation room. You may be charged an additional Copayment or Coinsurance for any Service which is listed as a separate benefit under this "Benefits/Coverage (What is Covered)" section.

Note: To determine if your Group has the bariatric surgery benefit, see the "Schedule of Benefits (Who Pays What)." If your Group has the bariatric surgery benefit, you must meet Utilization Management Program Criteria to be eligible for coverage.

C. Hospital Inpatient Care

1. Inpatient Services in a Plan Hospital

   We cover, only as described under this "Benefits/Coverage (What is Covered)" section and subject to any specific limitations, exclusions or exceptions as noted throughout this EOC, the following inpatient Services in a Plan Hospital, when the Services are generally and customarily provided by acute care general hospitals in our Service Area:

   a. Room and board, such as semiprivate accommodations or, when it is Medically Necessary, private accommodations or private duty nursing care.
   b. Intensive care and related hospital Services.
   c. Professional Services of physicians and other health care professionals during a hospital stay.
   d. General nursing care.
   e. Obstetrical care and delivery. This includes Cesarean section. If the covered stay for childbirth ends after 8 p.m., coverage will be continued until 8 a.m. the following morning. **Note:** If you are discharged within 48 hours after delivery (or 96 hours if delivery is by Cesarean section), your Plan Provider may order a follow-up visit for you and your newborn to take place within 48 hours after discharge. All charges incurred by the newborn are subject to all Health Plan provisions. This includes the newborn's own Deductible, Out-of-Pocket Maximum, Copayment, and/or Coinsurance requirements. This applies even if the newborn is covered only for the first 31 days that is required by state law.
   f. Meals and special diets.
   g. Other hospital Services and supplies, such as:
      i. Operating, recovery, maternity, and other treatment rooms.
      ii. Prescribed drugs and medicines.
      iii. Diagnostic laboratory tests and X-rays.
      iv. Blood, blood products and their administration.
      v. Dressings, splints, casts, and sterile tray Services.
      vi. Anesthetics, including nurse anesthetist Services.
      vii. Medical supplies, appliances, medical equipment, including oxygen, and any covered items billed by a hospital for use at home.

Note: To determine if your Group has the bariatric surgery benefit, see the "Schedule of Benefits (Who Pays What)." If your Group has the bariatric surgery benefit, you must meet Utilization Management Program Criteria to be eligible for coverage.

2. Hospital Inpatient Care Exclusions
   a. Dental Services are excluded, except that we cover hospitalization and general anesthesia for dental Services provided to Members as required by state law.
   b. Cosmetic surgery related to bariatric surgery.

D. Ambulance Services and Other Transportation

1. Coverage
   We cover ambulance Services only if your condition requires the use of medical Services that only a licensed ambulance can provide. Kaiser Permanente applies Medicare guidelines for ambulance Services in accordance with the Centers for Medicare and Medicaid Services (CMS).

2. Ambulance Services Exclusions
   a. Non-emergency routine ambulance services to home or other non-acute health care setting are not covered.
   b. Transportation by other than a licensed ambulance is not covered. Transportation by car, taxi, bus, gurney van, minivan, or any other type of transportation is not covered, even if it is the only way to travel to a Plan Provider.

   Note: Health Plan will cover certain non-emergent, non-ambulance transportation when there is prior Authorization by Health Plan.

E. Clinical Trials

Note: We cover the initial evaluation for eligibility and acceptance into a clinical trial only if authorized by Health Plan.

1. Coverage **(applies to non-grandfathered health plans only)**
   We cover Services you receive in connection with a clinical trial if all of the following conditions are met:
   a. We would have covered the Services if they were not related to a clinical trial.
   b. You are eligible to participate in the clinical trial according to the trial protocol with respect to treatment of cancer or other life-threatening condition (a condition from which the likelihood of death is probable unless the course of the condition is interrupted), as determined in one of the following ways:
      i. A Plan Provider makes this determination.
      ii. You provide us with medical and scientific information establishing this determination.
   c. If any Plan Providers participate in the clinical trial and will accept you as a participant in the clinical trial, you must participate in the clinical trial through a Plan Provider unless the clinical trial is outside the state where you live.
   d. The clinical trial is a phase I, phase II, phase III, or phase IV clinical trial related to the prevention, detection, or treatment of cancer or other life-threatening condition and it meets one of the following requirements:
      i. The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration.
      ii. The study or investigation is a drug trial that is exempt from having an investigational new drug application.
      iii. The study or investigation is approved or funded by at least one of the following:
         (a) The National Institutes of Health.
         (b) The Centers for Disease Control and Prevention.
         (c) The Agency for Health Care Research and Quality.
         (d) The Centers for Medicare & Medicaid Services.
         (e) A cooperative group or center of any of the above entities or of the Department of Defense or the Department of Veterans Affairs.
         (f) A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
         (g) The Department of Veterans Affairs or the Department of Defense or the Department of Energy, but only if the study or investigation has been reviewed and approved though a system of peer review that the U.S. Secretary of Health and Human Services determines meets all of the following requirements:
            (i) It is comparable to the National Institutes of Health system of peer review of studies and investigations.
            (ii) It assures unbiased review of the highest scientific standards by qualified people who have no interest in the outcome of the review.

   For covered Services related to a clinical trial, you will pay the applicable Copayment, Coinsurance, and/or Deductible shown in the "Schedule of Benefits (Who Pays What)" that you would pay if the Services were not related to a clinical trial. For example, see "Hospital Inpatient Care" in the "Schedule of Benefits (Who Pays What)" for the Copayment, Coinsurance, and/or Deductible that apply to hospital inpatient care.

2. Clinical Trials Exclusions
   a. The investigational Service.

b. Services provided solely for data collection and analysis and that are not used in your direct clinical management.

F. Dialysis Care

We cover dialysis Services related to acute renal failure and end-stage renal disease if the following criteria are met:

1. The Services are provided inside our Service Area; and
2. You meet Utilization Management Program Criteria and medical criteria developed by the facility providing the dialysis; and
3. The facility is certified by Medicare and is a Plan Facility; and
4. A Plan Provider provides a written referral for care at the facility.

After the referral, we cover equipment, training, and medical supplies required for home dialysis.

G. Durable Medical Equipment (DME) and Prosthetics and Orthotics

We cover DME and prosthetics and orthotics, when prescribed by a Plan Provider as described below; when prescribed by a Plan Provider during a covered stay in a Skilled Nursing Facility, but only if Skilled Nursing Facilities ordinarily furnish the DME or prosthetics and orthotics.

Health Plan uses Local Coverage Determinations (LCD) and National Coverage Determinations (NCD) (hereinafter referred to as Medicare Guidelines) for our DME, prosthetic, and orthotic formulary guidelines. These are guidelines only. Health Plan reserves the right to exclude items listed in the Medicare Guidelines. Please note that this EOC may contain some, but not all, of these exclusions.

Limitations: Coverage is limited to the standard item of DME, prosthetic device, or orthotic device that adequately meets your medical needs.

1. Durable Medical Equipment (DME)
   a. Coverage
      DME, with the exception of the following, is **not** covered unless your Group has purchased additional coverage for DME, including prosthetic and orthotic devices. See "Additional Provisions."
      i. Oxygen dispensing equipment and oxygen used in your home are covered. Oxygen refills are covered while you are temporarily outside the Service Area. To qualify for coverage, you must have a pre-existing oxygen order and must obtain your oxygen from the vendor designated by Health Plan.
      ii. Insulin pumps, insulin pump supplies, and continuous glucose monitors are provided when clinical guidelines are met and when obtained from sources designated by Health Plan.
      iii. Infant apnea monitors are provided.
      iv. Enteral nutrition, medical foods, and related feeding equipment and supplies are provided when clinical guidelines are met and when obtained from sources designated by Health Plan.
      v. Home ultraviolet light therapy equipment for certain skin conditions.
   b. Durable Medical Equipment Exclusions
      i. All other DME not described above, unless your Group has purchased additional coverage for DME. See "Additional Provisions."
      ii. Replacement of lost or stolen equipment.
      iii. Repair, adjustments, or replacements necessitated by misuse.
      iv. Spare equipment or alternate use equipment.
      v. More than one piece of DME serving essentially the same function, except for replacements.
2. Prosthetic Devices
   a. Coverage
      We cover the following prosthetic devices, including repairs, adjustments, and replacements other than those necessitated by misuse, theft, or loss, when prescribed by a Plan Provider and obtained from sources designated by Health Plan:
      i. Internally implanted devices for functional purposes, such as pacemakers and hip joints.
      ii. Prosthetic devices for Members who have had a mastectomy. Health Plan will designate the source from which external prostheses can be obtained. Replacement will be made when a prosthesis is no longer functional. Custom-made prostheses will be provided when necessary.
      iii. Prosthetic devices, such as obturators and speech and feeding appliances, required for treatment of cleft lip and cleft palate when prescribed by a Plan Provider and obtained from sources designated by Health Plan.
      iv. Prosthetic devices intended to replace, in whole or in part, an arm or leg when prescribed by a Plan Provider, as Medically Necessary and provided in accordance with this EOC, including repairs and replacements of such prosthetic devices.
      v. Additional prosthetic device or devices if the treating physician determines that the additional prosthetic device or devices are necessary to enable the covered person to engage in physical recreational activities.

      Your Group may have purchased additional coverage for prosthetic devices. See "Additional Provisions."

b. Prosthetic Devices Exclusions
   i. All other prosthetic devices not described above, unless your Group has purchased additional coverage for prosthetic devices. See "Additional Provisions." Your Plan Provider can provide the Services necessary to determine your need for prosthetic devices and help you make arrangements to obtain such devices at a reasonable rate.
   ii. Internally implanted devices, equipment, and prosthetics related to treatment of sexual dysfunction, unless your Group has purchased additional coverage for this benefit.

3. Orthotic Devices
Orthotic devices are **not** covered unless your Group has purchased additional coverage for DME, including prosthetic and orthotic devices. See "Additional Provisions."

H. Early Childhood Intervention Services

1. Coverage
Covered children, from birth up to age three (3), who have significant delays in development or have a diagnosed physical or mental condition that has a high probability of resulting in significant delays in development as defined by state law, are covered for the number of Early Intervention Services (EIS) visits as required by state law. EIS are subject to the Deductible and apply toward the Out-of-Pocket Maximum. EIS are not subject to any Copayments or Coinsurance.

Note: You may be billed for any EIS received after the number of visits required by state law is satisfied.

2. Limitations
The number of visits as required by state law does not apply to:
   a. Rehabilitation or therapeutic Services which are necessary as the result of an acute medical condition or post-surgical rehabilitation;
   b. Services provided to a child who is not an eligible child and whose services are not provided pursuant to an Individualized Family Service Plan (IFSP); and
   c. Assistive technology covered by the durable medical equipment benefit provisions of this EOC.

3. Early Childhood Intervention Services Exclusions
   a. Respite care;
   b. Non-emergency medical transportation;
   c. Service coordination other than case management services; or
   d. Assistive technology, not to include durable medical equipment that is otherwise covered under this EOC.

I. Emergency Services and Urgent Care

1. Emergency Services
Emergency Services are available at all times - 24 HOURS A DAY, 7 DAYS A WEEK. If you have an Emergency Medical Condition or mental health emergency, call 911 or go to the nearest hospital emergency department or Independent Freestanding Emergency Department. You do not need prior Authorization for Emergency Services. When you have an Emergency Medical Condition, we cover Emergency Services you receive from Plan Providers and Out-of-Plan Providers anywhere in the world, as long as the Emergency Services would be covered under your plan if you had received them inside our Service Area. For information about emergency benefits away from home, please call **Member Services**.

You will pay your plan's Deductible, Copayment, and/or Coinsurance for covered Emergency Services, regardless of whether the Emergency Services are provided by a Plan Provider or an Out-of-Plan Provider. Even if you receive Emergency Services from a Plan Provider, you must still obtain prior Authorization from us before you receive Post Stabilization Care from such Plan Provider. We may direct that you receive covered Post Stabilization Care at a particular Plan Hospital or other Plan Facility (such as a Skilled Nursing Facility) so that we may better coordinate your care using Plan Providers and our electronic medical record system. We will pay for Post Stabilization Care only at the Plan Provider authorized by us. If you or your treating providers do not obtain prior Authorization from us for Post Stabilization Care Services that require prior Authorization, we will not pay any amount for those Services and you may be liable to pay for these Services, in addition to any amounts such as Deductibles, Copayments, or Coinsurance.

Please note that in addition to any Copayment or Coinsurance that applies under this section, you may incur additional Copayment or Coinsurance amounts for Services and procedures covered under other sections of this EOC. Coverage for Services that are not Emergency Services, Post Stabilization Care, or Urgent Care Services as described in this "Emergency Services and Urgent Care" section will be covered as described under other sections of this EOC. Please refer to the "Schedule of Benefits" for Copayment and Coinsurance information. If you are admitted to a hospital from its emergency department because your condition is not stabilized, the Copayment or Coinsurance shown under "Hospital Inpatient Care" in the "Schedule of Benefits" applies.

a. **Emergency Services Provided by Out-of-Plan Providers (out-of-Plan Emergency Services)**
"Out-of-Plan Emergency Services" are Emergency Services that are not provided by a Plan Provider or at a Plan Facility. There may be times when you or a family member may receive Emergency Services from Out-of-Plan

Providers. The patient's medical condition may be so critical that you cannot call or come to one of our Plan Facilities or the emergency department of a Plan Hospital, or the patient may need Emergency Services while traveling outside our Service Area.

When you receive Emergency Services from Out-of-Plan Providers, Post Stabilization Care may qualify as Emergency Services pursuant to federal law and state law. We will not require prior Authorization for such Post Stabilization Care at a non-Plan Hospital when your attending Out-of-Plan Provider determines that, after you receive Emergency (screening and stabilization) Services, you are not able to travel using nonmedical transportation or nonemergency medical transportation to an available Plan Provider located within a reasonable travel distance taking into account your medical condition.

Out-of-Plan Providers may provide notice and seek your consent to provide Post Stabilization Care Services or other covered Services. Such Services will not be covered when you do not obtain prior Authorization as described herein. If you (or your authorized representative) consent to the furnishing of Services by Out-of-Plan Providers, then you will be responsible for paying for such Services in the absence of any prior Authorization. In addition, if you (or your authorized representative) consent to the provision of Services by an Out-of-Plan Provider, then we will not pay for such Services, and the amount you pay will not count toward satisfaction of the Deductible, if any, or the Out-of-Pocket Maximum(s).

Please refer to "ii. Emergency Services Limitation for Out-of-Plan Providers" if you are hospitalized for Emergency Services.

i. We cover out-of-Plan Emergency Services as follows:

A. Outside our Service Area. If you are injured or become unexpectedly ill while you are outside our Service Area, we will cover out-of-Plan Emergency Services that could not reasonably be delayed until you could get to a Plan Facility or a hospital where we have contracted for Emergency Services. This applies only if a prudent layperson, having average knowledge of health services and medicine and acting reasonably, would have believed that an Emergency Medical Condition or Life or Limb Threatening Emergency existed.

B. Inside our Service Area. If you are inside our Service Area, we will cover out-of-Plan Emergency Services only if a prudent layperson would have reasonably believed that the delay in going to a Plan Facility or a hospital where we have contracted for Emergency Services for treatment would worsen the Emergency Medical Condition.

ii. Emergency Services Limitation for Out-of-Plan Providers

If you are admitted to an Out-of-Plan Facility or a hospital where we have contracted for Emergency Services, you or someone on your behalf must notify us within 24 hours, or as soon as reasonably possible. Please call the **Telephonic Medicine Center** at **303-743-5763**.

When you receive Emergency Services in Colorado (and federal law and state law do not require us to consider the Post Stabilization Care as Emergency Services), we cover Post Stabilization Care only if we provide prior Authorization for the Post Stabilization Care. **Therefore, it is very important that you, your provider including your Out-of-Plan Provider, or someone else acting on your behalf, call us to notify us that you need Post Stabilization Care and to get prior Authorization from us before you receive the Post Stabilization Care.**

After we are notified, we will discuss your condition with your emergency care Out-of-Plan Provider. We will decide whether to make arrangements for necessary continued care where you are, or to transfer you to a Plan Facility we designate once you are Stabilized. If you are admitted to an Out-of-Plan Facility or a hospital where we have contracted for Emergency Services, we may transfer you to a Plan Hospital or Plan Facility. By notifying us of your hospitalization as soon as possible, you will protect yourself from potential liability for payment for Services you receive after transfer to one of our Plan Facilities would have been possible. If you choose to remain at an Out-of-Plan Facility for Post Stabilization Care, non-Emergency Services are not covered after we have made arrangements to transfer you to a Plan Facility for care. You will be responsible for payment for any Post Stabilization Care received at the Out-of-Plan Facility.

b. Emergency Services Exclusions and Limitations

Continuing or follow-up treatment: We cover only the Emergency Services that are required before you could have been moved to a Plan Facility we designate either inside or outside our Service Area. If you are admitted to a Plan Facility, we may transfer you to another Plan Facility. When approved by Health Plan, we will cover ambulance Services or other transportation Medically Necessary to move you to a designated Plan Facility for continuing or follow-up treatment.

The exclusions and limitations of your plan will still apply if non-covered Services are provided by an Out-of-Plan Provider or Out-of-Plan Facility.

c. Payment

Our payment is reduced by:

i. any applicable Deductible, Copayment, and/or Coinsurance for Emergency Services and advanced imaging procedures performed in the emergency department. The emergency department and advanced imaging procedures Copayments, if applicable, are waived if you are admitted directly to the hospital as an inpatient; and
ii. the Deductible, Copayment, and/or Coinsurance for ambulance Services, if any; and
iii. coordination of benefits; and
iv. any other payments you would have had to make if you received the same Services from our Plan Providers; and
v. all amounts paid or payable, or which in the absence of this EOC would be payable, for the Services in question, under any insurance policy or contract, or any other contract, or any government program except Medicaid; and
vi. amounts you or your legal representative recover from motor vehicle insurance or because of third-party liability.

Note: As part of an emergent care episode, Medically Necessary DME and prosthetics and orthotics following Stabilization will be covered if authorized by Health Plan.

Note: If you receive Emergency Services or Post Stabilization Care from an Out-of-Plan Provider as described in this "Emergency Services and Urgent Care" section, or emergency ambulance transportation described under the "Ambulance Services and Other Transportation" section, you may have to pay the Out-of-Plan Provider and file a claim for reimbursement unless the Out-of-Plan Provider must refrain from billing you under applicable law or agrees to bill us. Also, you may be required to pay and file a claim for any Services prescribed by an Out-of-Plan Provider as part of your Emergency Services or Post Stabilization Care even if you receive the services at a Plan Provider.

2. Urgent Care

Urgent care Services are Services that are not Emergency Services, are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen illness, injury, or condition.

Urgent care that cannot wait for a scheduled visit with your PCP or specialist can be received at one of our designated urgent care Plan Facilities. In some circumstances, you may be able to receive care in your home. There may be instances when you need to receive urgent care outside our Service Area. When urgent care Services are required, we cover urgent care Services you receive from Plan Providers and Out-of-Plan Providers anywhere in the world, as long as the urgent care Services would be covered under your plan if you had received them inside our Service Area. For Copayment and Coinsurance information, see "Urgent Care" in the "Schedule of Benefits (Who Pays What)." For information regarding the designated urgent care Plan Facilities, please call **Member Services** during normal business hours. You can also go to our website, kp.org, for information on designated urgent care facilities.

You may call **Advice Nurses** at any time, and one of our advice nurses can speak with you. Our advice nurses are registered nurses (RNs) specially trained to help assess medical symptoms and provide advice over the phone, when medically appropriate. They can often answer questions about a minor concern or advise you about what to do next, including making an appointment for you if appropriate.

Note: The procedure for receiving reimbursement for out-of-Plan urgent care Services is described in the "Appeals and Complaints" section regarding "Post-Service Claims and Appeals."

Note: As part of an urgent care episode, Medically Necessary DME and prosthetics and orthotics following Stabilization will be covered if authorized by Health Plan.

J. Family Planning and Sterilization Services

1. Coverage

a. Family planning counseling. This includes counseling and information on birth control.
b. Tubal ligations.
c. Vasectomies.
d. Interruption of pregnancy (abortion). Your group may exclude coverage for part or all interruption of pregnancy services. Please refer to the "Schedule of Benefits (Who Pays What)".

Note: The following are covered, but not under this section: diagnostic procedures, see "X-ray, Laboratory, and Advanced Imaging Procedures"; contraceptive drugs and devices, see the "Prescription Drugs, Supplies, and Supplements" section.

2. Family Planning and Sterilization Services Exclusions

Any and all Services to reverse voluntary, surgically induced sterilization.

K. Gender Affirming Health Services

We cover gender affirming health Services when Medically Necessary to treat gender dysphoria or gender identity disorder. Prior Authorization may be required. You must meet Utilization Management Program Criteria to be eligible for coverage.

1. Coverage

Non-surgical Services:

a. Office visits and mental health visits.

b. Laboratory Services and X-ray Services.
c. Hormone therapy visits and administration.
d. Facial and body hair removal (assigned male at birth).
e. Outpatient prescription drugs, if covered by your plan.
f. Inpatient and outpatient hospital care.
g. Treatment for complications of surgery.

Surgical Services:
a. Pre-surgical and post-surgical consultations with surgeon.
b. Gender affirmation surgeries including:
   i. **Assigned female at birth**: hysterectomy; oophorectomy; metoidioplasty; phalloplasty; vaginectomy; scrotoplasty; erectile prosthesis; urethral extension; bilateral mastectomy with chest reconstruction; breast reduction; body contouring; gender affirming facial surgery.
   ii. **Assigned male at birth**: penectomy; vaginoplasty; clitoroplasty; labiaplasty; orchiectomy; breast augmentation; tracheal shave; body contouring; gender affirming facial surgery.
c. Inpatient and outpatient hospital care.
d. Treatment for complications of surgery.

You pay the applicable Copayment, Coinsurance, and/or Deductible shown in the "Schedule of Benefits (Who Pays What)." For example, see "Hospital Inpatient Care" in the "Schedule of Benefits (Who Pays What)" for the Copayment, Coinsurance, and/or Deductible that apply to hospital inpatient care.

2. Gender Affirming Health Services Exclusions
   a. Any gender affirming health Service that is not Medically Necessary.
   b. Calf implants.
   c. Hairline advancement.
   d. Pectoral implants.
   e. Permanent hair implantation.
   f. Voice modification surgery, unless medically necessary.

L. Health Education Services

We provide health education appointments to support understanding of chronic diseases such as diabetes and hypertension. We also teach self-care on topics such as stress management and nutrition.

M. Hearing Services

1. Members up to Age 18
   We cover hearing exams and tests to determine the need for hearing correction. For minor children with a verified hearing loss, coverage shall also include:
   a. Initial hearing aids and replacement hearing aids not more frequently than every five (5) years;
   b. A new hearing aid when alterations to the existing hearing aid cannot adequately meet the needs of the child; and
   c. Services and supplies including, but not limited to: the initial assessment; fitting; adjustments; and auditory training that is provided according to accepted professional standards.

2. Members Age 18 Years and Over
   a. Coverage
      We cover hearing exams and tests to determine the need for hearing correction. Your Group may have purchased additional coverage for hearing aids. See "Additional Provisions."
   b. Hearing Services Exclusions
      i. Tests to determine an appropriate hearing aid model, unless your Group has purchased that coverage.
      ii. Hearing aids and tests to determine their usefulness, unless your Group has purchased that coverage.

N. Home Health Care

1. Coverage
   We cover skilled nursing care, home infusion therapy, physical therapy, occupational therapy, speech therapy, home health aide Services, and medical social Services:
   a. only on an Intermittent Care basis (as described below); and
   b. only within our Service Area; and
   c. only to an eligible Member when ordered by a Plan Provider. Care must be provided under a home health care plan established by the Plan Provider and the approved home health services provider; and
   d. only if a Plan Provider determines that it is feasible to maintain effective supervision and control of your care in your home.

Intermittent Care basis means skilled nursing, therapy, social work, and home health aide Services, that are not custodial, and require a skilled professional, and are provided less than 8 hours (combined) each day and 28 or fewer hours each week.

Note: Services that are performed in the home, but that do not meet the Home Health Care requirements above, will be covered at the applicable Copayment or Coinsurance and limits for the Service performed (e.g. urgent care, physical, occupational, and/or speech therapy). See the "Schedule of Benefits (Who Pays What)."

Note: X-ray, laboratory, and advanced imaging procedures are not covered under this section. See "X-ray, Laboratory, and Advanced Imaging Procedures."

2. Home Health Care Exclusions
   a. Custodial care. Custodial care is care that helps with activities of daily living (like bathing, dressing, using the bathroom, and eating) or personal needs that could be done safely and reasonably without professional skills or training.
   b. Homemaker Services.
   c. Services that Health Plan determines may be appropriately provided in a Plan Facility or Skilled Nursing Facility, if we offer to provide that care in one of these facilities.

O. Hospice Special Services and Hospice Care

1. Hospice Special Services

   If you have been diagnosed with a life limiting illness with a life expectancy of 24 months or less, but are not yet ready to elect hospice care, you are eligible for Hospice Special Services. Coverage of hospice care is described below.

   Hospice Special Services give you and your family time to become more familiar with hospice-type Services and to decide what is best for you. It helps you bridge the gap between your diagnosis and preparing for the end of life.

   The difference between Hospice Special Services and regular Home Health Care visiting nurse visits is that: you may or may not be homebound or have skilled nursing care needs; or you may only require spiritual or emotional care. Services available through this program are provided by professionals with specific training in end-of-life issues.

2. Hospice Care

   We cover hospice care for terminally ill Members inside our Service Area. If a Plan Provider diagnoses you with a terminal illness and determines that your life expectancy is six (6) months or less, you can choose hospice care instead of traditional Services otherwise provided for your illness.

   If you elect to receive hospice care, you will not receive **additional** benefits for the terminal illness. However, you can continue to receive Health Plan benefits for conditions other than the terminal illness.

   We cover the following Services and other benefits when: (1) prescribed by a Plan Provider and the hospice care team; and (2) received from a licensed hospice approved, in writing, by Health Plan:
   a. Physician care.
   b. Nursing care.
   c. Physical, occupational, speech, and respiratory therapy.
   d. Medical social Services.
   e. Home health aide and homemaker Services.
   f. Medical supplies, drugs, biologicals, and appliances.
   g. Palliative drugs in accordance with our drug formulary guidelines.
   h. Short-term inpatient care including respite care, care for pain control, and acute and chronic pain management.
   i. Counseling and bereavement Services.
   j. Services of volunteers.

P. Mental Health Services

1. Coverage

   We cover mental health Services as shown below. Mental health includes but is not limited to biologically based illnesses or disorders.

   a. Outpatient Therapy
      i. We cover individual office visits and group office visits. Psychological testing as part of diagnostic evaluation is covered.
      ii. We cover partial hospitalization and intensive outpatient therapy.
      iii. We cover visits for the purpose of monitoring drug therapy.

   b. Inpatient Services

      We cover psychiatric hospitalization in a hospital or Residential Treatment Center designated by Health Plan. Hospital Services for psychiatric conditions include all Services of Plan Providers and mental health professionals and the following Services and supplies as prescribed by a Plan Provider while you are a registered bed patient: room and board;

psychiatric nursing care; group therapy; electroconvulsive therapy; occupational therapy; drug therapy; and medical supplies.

We cover mental health Services, whether they are voluntary or are court-ordered, when they are Medically Necessary and otherwise covered under the plan, and when rendered by a Plan Provider. We do not cover court-ordered treatment that exceeds the scope of coverage of this health benefit plan.

We will not deny coverage for intentionally self-inflicted injuries, including attempted suicide.

2. Mental Health Services Exclusions
   a. Evaluations for any purpose other than mental health treatment. This includes evaluations for: child custody; disability; or fitness for duty/return to work, unless Medically Necessary.
   b. Custodial Care, as defined in "Exclusions" under "Limitations/Exclusions (What is Not Covered)."

Q. Out-of-Area Benefit

A limited benefit is available to Dependents, up to the age of 26, receiving care outside any Kaiser regional health plan service area.

1. Coverage
   The Out-of-Area Benefit is limited to certain office visits; diagnostic X-rays; physical, occupational, and speech therapy; and prescription drug fills as covered under this EOC:
   a. Office visit exam limited to:
      i. Primary care visit.
      ii. Specialty care visit.
      iii. Preventive care visit.
      iv. Gynecology care visit.
      v. Hearing exam.
      vi. Mental health visit.
      vii. Substance use disorder visit.
      viii. The administration of allergy injections.
      ix. Prevention immunizations pursuant to the schedule established by the Advisory Committee on Immunization Practices (ACIP).
   b. Diagnostic X-rays.
   c. Physical, occupational, and speech therapy visits.
   d. Prescription drug fills.

   See the "Schedule of Benefits (Who Pays What)" for more details.

2. Out-of-Area Benefit Exclusions and Limitations
   The Out-of-Area Benefit does not include the following Services:
   a. Other Services provided during a covered office visit such as, but not limited to: procedures; laboratory tests; and office administered drugs and devices, except for allergy injections and prevention immunizations as listed in the "Coverage" section of this benefit.
   b. Services received outside the United States.
   c. Transplant Services.
   d. Services covered outside the Service Area under another section of this EOC (e.g., Emergency Services and Urgent Care).
   e. Allergy evaluation; routine prenatal and postpartum visits; chiropractic care; acupuncture services; applied behavior analysis (ABA); hearing tests; hearing aids; home health visits; hospice services; and travel immunizations.
   f. Breast cancer screening and/or imaging.
   g. Ultrasounds.
   h. Advanced imaging procedures, including but not limited to: CT; PET; MRI; nuclear medicine.
   i. Any and all Services not listed in the "Coverage" section of this benefit.

R. Physical, Occupational, and Speech Therapy and Inpatient Rehabilitation Services

1. Coverage
   a. Hospital Inpatient Care, Care in a Skilled Nursing Facility, and Home Health Care
      We cover physical, occupational, and speech therapy as part of your Hospital Inpatient Care, Skilled Nursing Facility, and Home Health Care benefit. Therapies that are performed in the home, but that do not meet the Home Health Care requirements, will be covered at the applicable Copayment or Coinsurance and limits for the therapy performed (i.e., physical, occupational, and/or speech). See the "Schedule of Benefits (Who Pays What)."
   b. Outpatient Care

We cover three (3) types of outpatient therapy (i.e., physical, occupational, and speech therapy) in a Plan Facility or other location approved by Health Plan, to improve or develop skills or functioning due to medical deficits, illness, or injury. See the "Schedule of Benefits (Who Pays What)."

c. Inpatient Rehabilitation Services
We will cover treatment while you are in a designated inpatient rehabilitation facility. See the "Schedule of Benefits (Who Pays What)."

d. Cardiac Rehabilitation
We cover treatment in a cardiac rehabilitation program if prescribed or recommended by a Plan Provider and provided by therapists at designated facilities.

e. Pulmonary Rehabilitation
We cover treatment in a pulmonary rehabilitation program if prescribed or recommended by a Plan Provider and provided by therapists at designated facilities. After your Deductible has been met, you pay the applicable physical, occupational and speech therapy Coinsurance.

f. Therapies for Congenital Defects and Birth Abnormalities
After the first 31 days of life, the limitations and exclusions applicable to this EOC apply, except that Medically Necessary physical, occupational, and speech therapy for the care and treatment of congenital defects and birth abnormalities for covered children from age three (3) to age six (6) shall be provided. The benefit level shall be the greater of the number of such visits provided under this health benefit plan or 20 therapy visits per Accumulation Period for each physical, occupational, and speech therapy. Such visits shall be distributed as Medically Necessary throughout the Accumulation Period without regard to whether the condition is acute or chronic and without regard to whether the purpose of the therapy is to maintain or improve functional capacity. See the "Schedule of Benefits (Who Pays What)."

Note 1: This benefit is also available for eligible children under the age of three (3) who are not participating in Early Intervention Services.

Note 2: The visit limit for therapy to treat congenital defects and birth abnormalities is not applicable if such therapy is Medically Necessary to treat autism spectrum disorders.

g. Therapies for the Treatment of Autism Spectrum Disorders
For the treatment of Autism Spectrum Disorders when prescribed by a Plan Provider and Medically Necessary, we cover:
   i. Outpatient physical, occupational, and speech therapy in a Kaiser Permanente Medical Office Building or Plan Facility. See the "Schedule of Benefits (Who Pays What)."
   ii. Applied behavior analysis, including consultations, direct care, supervision, or treatment, or any combination thereof by autism services providers. See the "Schedule of Benefits (Who Pays What)."

2. Limitations
Occupational therapy is limited to treatment to achieve improved self-care and other customary activities of daily living.

3. Physical, Occupational, and Speech Therapy and Inpatient Rehabilitation Services Exclusions
   a. Long-term rehabilitation, not including treatment for autism spectrum disorders.
   b. Speech therapy that is not Medically Necessary, such as: (i) therapy for educational placement or other educational purposes; or (ii) training or therapy to improve articulation in the absence of injury, illness, or medical condition affecting articulation; or (iii) therapy for tongue thrust in the absence of swallowing problems.

S. Prescription Drugs, Supplies, and Supplements

We use a drug formulary. A drug formulary includes the list of prescription drugs (including Biologics and Biosimilars) that have been approved by our formulary committee for our Members. Our committee is comprised of physicians, pharmacists, and a nurse practitioner. This committee selects prescription drugs for our drug formulary based on several factors, including safety and effectiveness as determined from a review of medical literature and research. The committee meets regularly to consider adding and removing prescription drugs on the drug formulary. If you would like information about whether a drug is included in our drug formulary, please call **Member Services**.

In any Accumulation Period, you must pay full Charges for all drugs until you meet your Deductible. After you meet your Deductible, you pay the applicable Copayment or Coinsurance for these drugs for the rest of the Accumulation Period, subject to the annual Out-of-Pocket Maximum limits.

If your prescription drug has a Copayment shown in the "Schedule of Benefits (Who Pays What)" and it exceeds the Charges for your prescribed medication, then you pay Charges for the medication instead of the Copayment. The drug formulary, discussed above, also applies.

For outpatient prescription drugs and/or items that are covered under the "Prescription Drugs, Supplies, and Supplements" section and obtained at a pharmacy owned and operated by Health Plan, you may be able to use approved manufacturer coupons as payment for the Copayment or Coinsurance that you owe, after you satisfy your plan's required Deductible, as allowed under Health Plan's coupon program. You will owe any additional amount if the coupon does not cover the entire Copayment or Coinsurance for your prescription. Certain health plan coverages are not eligible for coupons. You can get more information about the Kaiser Permanente coupon program rules and limitations at kp.org/rxcoupons.

1. Coverage
   a. Limited Drug Coverage Under Your Basic Drug Benefit
      If your Group has not purchased supplemental prescription drug coverage, then prescribed drug coverage under your basic drug benefit is limited. It includes base drugs such as: contraceptives; orally administered anti-cancer medication; and post-surgical immunosuppressive drugs required after a transplant. These drugs are available only when prescribed by a Plan Provider and obtained at Plan Pharmacies. You may obtain these drugs at the Copayment or Coinsurance shown in the "Schedule of Benefits (Who Pays What)." The amount covered cannot exceed the day supply for each maintenance drug or up to the day supply for each non-maintenance drug. Any amount you receive that exceeds the day supply will not be covered. If you receive more than the day supply, you will be charged as a non-Member for any amount that exceeds that limit. Each prescription refill is provided on the same basis as the original prescription.

      If your Group has purchased supplemental prescription drug coverage, the applicable generic or brand-name Copayment or Coinsurance and any pharmacy Deductible apply for these types of drugs. For more information, please refer to the "Schedule of Benefits (Who Pays What)."

      Note: Health Plan may, in its sole discretion, establish quantity limits for specific prescription drugs, regardless of whether your Group has limited or supplemental prescription drug coverage.

      i. We cover:
         (a) prescription contraceptives intended to last:
            (i) for a three-month period the first time the prescription contraceptive is dispensed to the covered person; and
            (ii) for a twelve-month period or through the end of the covered person's coverage under the policy, contract, or plan, whichever is shorter, for any subsequent dispensing of the same prescription contraceptive to the covered person, regardless of whether the covered person was enrolled in the policy, contract, or plan at the time the prescription contraceptive was first dispensed; or
         (b) a prescribed vaginal contraceptive ring intended to last for a three-month period.

         Note: For non-grandfathered health plans, we cover twelve (12) months of a prescription contraceptive at one time.

         For Copayment or Coinsurance information related to contraceptive drugs and certain devices, please refer to your "Schedule of Benefits (Who Pays What)."

      ii. We cover a five-day supply of an FDA-approved drug for the treatment of opioid dependence without prior authorization, except that the drug supply is limited to a first request within a twelve-month period.

   b. Outpatient Prescription Drugs
      Unless your Group has purchased additional outpatient prescription drug coverage, we do not cover outpatient drugs except as provided in other provisions of this "Prescription Drugs, Supplies, and Supplements" section. If your Group has purchased additional coverage for outpatient prescription drugs, see "Additional Provisions." The drug formulary, discussed above, also applies.

      i. Prescriptions by Mail
         If requested, refills of maintenance drugs will be mailed through Kaiser Permanente's mail-order prescription service by First-Class U.S. Mail with no charge for postage and handling. We cannot mail prescription drugs to some states. Refills of maintenance drugs prescribed by Plan Providers may be obtained for up to the day supply by mail order at the applicable Copayment or Coinsurance. Maintenance drugs are determined by Health Plan. Certain drugs and supplies may not be available through our mail-order service, for example, drugs that require special handling or refrigeration, have a significant potential for waste or diversion, or are high cost. Drugs and supplies available through our mail-order prescription service are subject to change at any time without notice. For information regarding our mail-order prescription service and specialty drugs not available by mail order, please contact **Member Services**.

      ii. Specialty Drugs
         Prescribed specialty drugs, such as self-administered injectable drugs, are provided at the specialty drug Copayment or Coinsurance up to the maximum amount per drug dispensed shown in the "Schedule of Benefits (Who Pays What)."

c. Food Supplements
We cover prescribed amino acid modified products used in the treatment of congenital errors of amino acid metabolism and severe protein allergic conditions, elemental enteral nutrition, and parenteral nutrition. Such products are covered for self-administered use upon payment of a $3.00 Copayment per product, per day. Food products for enteral feedings are not covered.

d. Diabetic Supplies and Accessories
Diabetic supplies and accessories, when obtained at Plan Pharmacies or from sources designated by Health Plan, will be provided. Such items include, but may not be limited to:
i. home glucose monitoring supplies.
ii. disposable syringes for the administration of insulin.
iii. glucose test strips.
iv. acetone test tablets and nitrate screening test strips for pediatric patient home use.

For more information, see the "Schedule of Benefits (Who Pays What)." If your Group has purchased supplemental prescription drug coverage, see "Additional Provisions."

2. Limitations
a. Adult and pediatric immunizations are limited to those that are not experimental, are medically indicated and are consistent with accepted medical practice. If you experience a severe adverse reaction from a covered countermeasure, please visit hrsa.gov/cicp.
b. Some drugs may require prior authorization.
c. If applicable, we may apply Step Therapy to certain drugs. You or your Plan Provider may request a Step Therapy exception if you previously tried a drug and your use of the drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event.
d. Coverage determinations for the off-label use of medications will be consistent with Medicare compendia, and coverage determinations for the off-label use of oncologic agents will be consistent with the Medicare Improvements for Patients and Providers Act (MIPPA) of 2008.

3. Prescription Drugs, Supplies, and Supplements Exclusions
a. Drugs for which a prescription is not required by law.
b. Disposable supplies for home use such as: bandages; gauze; tape; antiseptics; dressings; and ace-type bandages.
c. Drugs or injections for treatment of sexual dysfunction, unless your Group has purchased additional coverage, which is described in the "Schedule of Benefits (Who Pays What)."
d. Any packaging except the dispensing pharmacy's standard packaging.
e. Replacement of prescription drugs for any reason. This includes spilled, lost, damaged, or stolen prescriptions.
f. Drugs or injections for the treatment of infertility, unless your Group has purchased outpatient prescription drug coverage, which is described in the "Schedule of Benefits (Who Pays What)" and "Additional Provisions."
g. Drugs to shorten the length of the common cold.
h. Drugs to enhance athletic performance.
i. Drugs for the treatment of weight control.
j. Drugs available over the counter and by prescription for the same strength.
k. Certain drugs determined excluded by our Pharmacy and Therapeutics Committee.
l. Unless approved by Health Plan, drugs not approved by the FDA.
m. Non-preferred drugs, except those prescribed and authorized through the non-preferred drug process.
n. Prescription drugs necessary for Services excluded under this EOC.
o. Drugs administered during a medical office visit. See "Office Services."
p. Medical Foods and Medical Devices. See "Durable Medical Equipment (DME) and Prosthetics and Orthotics."

T. Preventive Care Services

If your plan has a different preventive care Services benefit, please see "Additional Provisions."

We cover certain preventive care Services that do one or more of the following:
1. Protect against disease;
2. Promote health; and/or
3. Detect disease in its earliest stages before noticeable symptoms develop.

Preventive Services may help you stay healthy. If you have symptoms, you may need other care, such as diagnostic or treatment Services. If you receive any other covered Services during a preventive care visit, you may pay the applicable Deductible, Copayment, and Coinsurance for those Services.

U. Reconstructive Surgery

1. Coverage

We cover reconstructive surgery when it: (a) will correct significant disfigurement resulting from an injury or Medically Necessary surgery; or (b) will correct a congenital defect, disease, or anomaly to produce major improvement in physical function; or (c) will treat congenital hemangioma and port wine stains. Following Medically Necessary removal of all or part of a breast, we also cover reconstruction of the breast, surgery and reconstruction of the other breast to produce a symmetrical appearance, and treatment of physical complications, including lymphedemas. An Authorization is required for all types of reconstructive surgeries.

2. Reconstructive Surgery Exclusions
   Plastic surgery or other cosmetic Services and supplies primarily to change your appearance. This includes cosmetic surgery related to bariatric surgery.

V. Reproductive Support Services

Note: If your Group is a religious purchaser, the coverage shown below may not apply to you. See the "Schedule of Benefits (Who Pays What)" to determine what coverage, if any, your Group has purchased.

1. Coverage
   We cover Services for the diagnosis and treatment of involuntary infertility, including Services for Members who may experience future impairment to their fertility due to medical treatment, or are unable to reproduce due to factors associated with their partner or lack of partner. The following Services are covered as shown in the "Schedule of Benefits (Who Pays What)":
   a. Office visits.
   b. Services including, but not limited to, X-ray and laboratory tests.
   c. Intrauterine insemination (IUI).
   d. In Vitro Fertilization (IVF).
   e. Gamete intrafallopian transfer (GIFT).
   f. Zygote intrafallopian transfer (ZIFT).
   g. Standard fertility preservation Services.
   h. Office administered drugs supplied and used during an office visit for IUI, IVF, GIFT, or ZIFT.

Note: Prescription drugs are not covered under this section. See "Prescription Drugs, Supplies, and Supplements" in the "Schedule of Benefits (Who Pays What)" to determine if you have coverage for prescription drugs received from a Plan Pharmacy.

2. Limitations
   a. There is a limit of three (3) completed oocyte retrievals with unlimited embryo transfers, using single embryo transfer when recommended and medically appropriate.
   b. There is a limit of one (1) year of storage for gametes and embryos.
   c. Services are covered only for the person who is the Member.

3. Reproductive Support Services Exclusions
   a. Any and all Services to reverse voluntary, surgically induced infertility.
   b. Donor semen, eggs, and embryos.
   c. Acupuncture for the treatment of infertility, unless your Group has purchased additional coverage for this service. See the "Schedule of Benefits (Who Pays What)" to determine if your Group has the acupuncture benefit.
   d. Prescription drugs received from a pharmacy for infertility services, unless prescription drug coverage is purchased.
   e. Any and all Services related to elective cryopreservation (e.g. elective egg freezing). This exclusion applies to, but is not limited to, the procurement and/or storage of semen, sperm, eggs, embryos, or other reproductive materials.

W. Skilled Nursing Facility Care

1. Coverage
   We cover skilled inpatient Services in a licensed Skilled Nursing Facility. Prior Authorization is required for all Skilled Nursing Facility admissions. The skilled inpatient Services must be those usually provided by Skilled Nursing Facilities. A prior three (3)-day stay in an acute care hospital is not required. We cover the following Services:

   a. Room and board.
   b. Nursing care.
   c. Medical social Services.
   d. Medical and biological supplies.
   e. Blood, blood products, and their administration.

   A Skilled Nursing Facility is an institution that: provides skilled nursing or skilled rehabilitation Services, or both; provides Services on a daily basis 24 hours a day; is licensed under applicable state law; and is approved in writing by Health Plan.

Note: The following are covered, but not under this section: drugs, see "Prescription Drugs, Supplies, and Supplements"; DME and prosthetics and orthotics, see "Durable Medical Equipment (DME) and Prosthetics and Orthotics"; X-ray, laboratory, and advanced imaging procedures, see "X-ray, Laboratory, and Advanced Imaging Procedures."

2. Skilled Nursing Facility Care Exclusion
   Custodial Care, as defined in "Exclusions" under the "Limitations/Exclusions (What is Not Covered)" section.

X. Substance Use Disorder Services

1. Inpatient Medical and Hospital Services
   We cover Services for the medical management of withdrawal symptoms. Detoxification is the process of removing toxic substances from the body.

2. Residential Rehabilitation
   The determination of the need for Services of a residential rehabilitation program and referral to such a facility or program is made by or under the supervision of a Plan Provider.

   We cover inpatient Services in a residential rehabilitation program authorized by Health Plan for the treatment of alcoholism, drug abuse, or drug addiction.

3. Outpatient Services
   a. We cover individual office visits and group office visits.
   b. We cover partial hospitalization and intensive outpatient therapy.
   c. We cover visits for the purpose of monitoring drug therapy.
   d. We cover substance use disorder Services intended to reduce, eliminate, or avoid the use of opioids for persons with chronic pain conditions.

We cover substance use disorder Services, whether they are voluntary or are court-ordered, when they are Medically Necessary and otherwise covered under the plan, and when rendered by a Plan Provider. We do not cover court-ordered treatment that exceeds the scope of coverage of this health benefit plan.

Mental health Services required in connection with treatment for substance use disorder are covered as provided in the "Mental Health Services" section.

4. Substance Use Disorder Services Exclusion
   Counseling for a patient who is not responsive to therapeutic management, as determined by a Plan Provider.

Y. Transplant Services

1. Coverage for Members who are transplant recipients
   Transplants are covered on a limited basis as follows:
   a. Covered transplants are limited to: kidney transplants; heart transplants; heart-lung transplants; liver transplants; liver transplants for children with biliary atresia and other rare congenital abnormalities; small bowel transplants; small bowel and liver transplants; lung transplants; cornea transplants; simultaneous kidney-pancreas transplants; and pancreas alone transplants.
   b. Bone marrow transplants (autologous stem cell or allogenic stem cell) associated with high dose chemotherapy for germ cell tumors and neuroblastoma in children; and bone marrow transplants for aplastic anemia, leukemia, severe combined immunodeficiency disease, and Wiskott-Aldrich syndrome.
   c. If all Utilization Management Program Criteria are met, we cover: stem cell rescue; and transplants of organs, tissue, or bone marrow.
   d. Prescribed post-surgical immunosuppressive outpatient drugs required after a transplant.
   e. These Services must be directly related to a covered transplant for you

2. Coverage for Members who are living organ donors
   We cover Services related to living organ donation for a Member who is a living organ donor. We will not impose any Deductibles, Copayments, Coinsurance, benefit maximums, waiting periods, or other limitations on coverage for the living organ donation.

3. Terms and Conditions
   a. Health Plan, Medical Group, and Plan Providers do not undertake: to provide a donor or donor organ or bone marrow or cornea; or to assure the availability of a donor or donor organ or bone marrow or cornea; or to assure the availability or capacity of referral transplant facilities approved by Health Plan. For information specific to your situation, please call your assigned Transplant Coordinator; or the **Transplant Administrative Offices**.
   b. Plan Providers must determine that you meet Utilization Management Program Criteria before you receive Services.
   c. A Plan Provider must provide a written referral for care at a transplant facility. The transplant facility must be from a list of approved facilities selected by Health Plan. The referral may be to a transplant facility outside our Service Area. Transplants are covered only at the facility Health Plan selects for the particular transplant, even if another facility within the Service Area could also perform the transplant.

d. After referral, if a Plan Provider or the medical staff of the referral facility determines you do not satisfy its respective criteria for the Service, Health Plan's obligation is only to pay for covered Services provided prior to such determination.

4. Transplant Services Exclusions and Limitations
   a. Bone marrow transplants associated with high dose chemotherapy for solid tissue tumors (except bone marrow transplants covered under this EOC) are excluded.
   b. Non-human and artificial organs and their implantation are excluded.
   c. Pancreas alone transplants are limited to patients without renal problems who meet set criteria.
   d. Travel and lodging expenses are excluded, except that in some situations, when Health Plan refers you to a provider outside our Service Area for transplant Services, as described in "Access to Other Providers" in the "How to Access Your Services and Obtain Approval of Benefits" section, we may pay certain expenses we preauthorize under our internal travel and lodging guidelines. For information specific to your situation, please call your assigned Transplant Coordinator or the **Transplant Administrative Offices**.

Z. Vision Services

1. Coverage

   We cover routine and non-routine eye exams. Refraction tests to determine the need for vision correction and to provide a prescription for eyeglasses are covered unless specifically excluded in the "Schedule of Benefits (Who Pays What)." We also cover professional exams and the fitting of Medically Necessary contact lenses when a Plan Provider or Plan Optometrist prescribes them for a specific medical condition.

   Professional Services for exams and fitting of contact lenses that are not Medically Necessary are provided at an additional Charge when obtained at Kaiser Permanente Medical Office Buildings.

2. Vision Services Exclusions
   a. Eyeglass lenses and frames.
   b. Contact lenses.
   c. Professional exams for fittings and dispensing of contact lenses except when Medically Necessary as described above.
   d. Miscellaneous Services and supplies, such as: eyeglass holders; eyeglass cases; repair kits; contact lens cases; contact lens cleaning and wetting solution; and lens protection plans.
   e. All Services related to eye surgery for the purpose of correcting refractive defects such as myopia, hyperopia, or astigmatism (for example, radial keratotomy, photo-refractive keratectomy, and similar procedures).
   f. Orthoptic (eye training) therapy or low vision therapy.

Your Group may have purchased additional optical coverage. See "Additional Provisions."

AA. X-ray, Laboratory, and Advanced Imaging Procedures

1. Coverage
   a. Outpatient

      We cover the following Services:

      i. Diagnostic X-ray tests, Services, and materials, including but not limited to isotopes, mammograms, and ultrasounds.

      ii. Laboratory tests, Services, and materials, including but not limited to electrocardiograms.
      Note: We use a laboratory formulary. A laboratory formulary is a list of laboratory tests, Services, and other materials that have been approved by Health Plan for our Members. If you would like information about whether a particular test or Service is included in our laboratory formulary, please call **Member Services**.

      iii. Therapeutic X-ray Services and materials.

      iv. Advanced imaging procedures such as: MRI; CT; PET; and nuclear medicine.
      Note: For advanced imaging procedures, you will be billed for each individual procedure performed. A procedure is defined in accordance with the Current Procedural Terminology (CPT) medical billing codes published annually by the American Medical Association. You are responsible for any applicable Deductible, Copayment, and/or Coinsurance for advanced imaging procedures performed as a part of or in conjunction with other outpatient Services, including but not limited to: Emergency Services; urgent care; and outpatient surgery.

      Diagnostic procedures include administered drugs. Therapeutic procedures may incur an additional charge for administered drugs.

   b. Inpatient

      During hospitalization, prescribed diagnostic X-ray and laboratory tests, Services and materials, including: diagnostic and therapeutic X-rays and isotopes; electrocardiograms; electroencephalograms; MRI; CT; PET; and nuclear medicine, are covered under your hospital inpatient care benefit.

2. X-ray, Laboratory, and Advanced Imaging Procedures Exclusions
   a. Testing of a Member for a non-Member's use and/or benefit.
   b. Testing of a non-Member for a Member's use and/or benefit.

IV. LIMITATIONS/EXCLUSIONS (WHAT IS NOT COVERED)

A. Exclusions

The Services listed below are not covered. These exclusions apply to all covered Services under this EOC. Additional exclusions that apply only to a particular Service are listed in the description of that Service in the "Benefits/Coverage (What is Covered)" section.

1. **Alternative Medical Services.** The following are not covered unless your Group has purchased additional coverage for these Services. See the "Schedule of Benefits (Who Pays What)" to determine if your Group has purchased additional coverage.
   a. Acupuncture Services;
   b. Naturopathy Services;
   c. Massage therapy;
   d. Chiropractic Services and supplies that are not provided by a Plan Provider under this Agreement.

2. **Behavioral Problems.** Any treatment or Service for a behavioral problem not associated with a manifest mental disorder or condition.

3. **Certain Maternity Services that are not Medically Necessary.** Certain maternity Services that are not Medically Necessary, including but not limited to: home birth Services and doula Services.

4. **Cosmetic Services.** Services that are intended: primarily to change or maintain your appearance; and that will not result in significant improvement in physical function. Examples of this include cosmetic surgery related to bariatric surgery and hair prostheses due to hair loss. Exception: Services covered under "Reconstructive Surgery" in the "Benefits/Coverage (What is Covered)" section.

5. **Custodial Care.** Assistance with activities of daily living or care that can be performed safely and effectively by people who, in order to provide the care, do not require medical licenses or certificates or the presence of a supervising licensed nurse. Activities of daily living include: walking; getting in and out of bed; bathing; dressing; feeding; toileting; and taking medicine.

6. **Dental Services.** Dental Services and dental X-rays, including: dental Services following injury to teeth; dental appliances; implants; orthodontia; TMJ; and dental Services as a result of and following medical treatment such as radiation treatment. This exclusion does not apply to: (a) Medically Necessary Services for the treatment of cleft lip or cleft palate when prescribed by a Plan Provider, unless the Member is covered for these Services under a dental insurance policy or contract, or (b) hospitalization and general anesthesia for dental Services, prescribed or directed by a Plan Provider for Dependent children who: (i) have a physical, mental, or medically compromising condition; or (ii) have dental needs for which local anesthesia is ineffective because of acute infection, anatomic variations, or allergy; or (iii) are extremely uncooperative, unmanageable, anxious, or uncommunicative with dental needs deemed sufficiently important that dental care cannot be deferred; or (iv) have sustained extensive orofacial and dental trauma, or (c) Medically Necessary Services required for the direct treatment of a covered transplant procedure for a Member who is a transplant recipient. Unless otherwise specified herein, (a) and (b) must be received at a Plan Facility or Skilled Nursing Facility.

   The following Services for TMJ may be covered if determined Medically Necessary: diagnostic X-rays; laboratory testing; physical therapy; and surgery.

7. **Directed Blood Donations.**

8. **Disposable Supplies.** All disposable, non-prescription, or over-the-counter supplies for home use such as:
   a. Bandages.
   b. Gauze.
   c. Tape.
   d. Antiseptics.
   e. Dressings.
   f. Ace-type bandages.
   g. Any other supplies, dressings, appliances, or devices not specifically listed as covered in the "Benefits/Coverage (What is Covered)" section.

9. **Educational Services.** Educational services are not health care services and are not covered. Examples include, but are not limited to:
   a. Items and services to increase academic knowledge or skills;

b. Special education or care for learning deficiencies, whether or not associated with a manifest mental disorder or condition, including but not limited to attention deficit disorder, learning disabilities, and developmental delays;
c. Teaching and support services to increase academic performance;
d. Academic coaching or tutoring for skills such as grammar, math, and time management;
e. Speech training that is not Medically Necessary, and not part of an approved treatment plan, and not provided by or under the direct supervision of a Plan Provider acting within the scope of their license under Colorado law that is intended to address speech impediments;
f. Teaching you how to read, whether or not you have dyslexia;
g. Educational testing; testing for ability, aptitude, intelligence, or interest;
h. Teaching, or any other items or services associated with, recreational activities such as: art; dance; horse riding; music; swimming; or teaching you how to play.

10. **Employer or Government Responsibility.** Financial responsibility for Services that an employer or a government agency is required by law to provide.

11. **Excess Charges from Out-of-Plan Providers.** Charges from Out-of-Plan Providers that exceed eligible Charge(s).

12. **Experimental or Investigational Services**
    a. A Service is experimental or investigational for a Member's condition if any of the following statements apply at the time the Service is or will be provided to the Member. The Service:

        i. has not been approved or granted by the U.S. Food and Drug Administration (FDA); or
        ii. is the subject of a current new drug or new device application on file with the FDA; or
        iii. is provided as part of a Phase I or Phase II clinical trial, as the experimental or research arm of a Phase III clinical trial or in any other manner that is intended to determine the safety, toxicity, or efficacy of the Service; or
        iv. is provided pursuant to a written protocol or other document that lists an evaluation of the Service's safety, toxicity, or efficacy as among its objectives; or
        v. is subject to the approval or review of an Institutional Review Board (IRB) or other body that approves or reviews research on the safety, toxicity, or efficacy of Services; or
        vi. has not been recommended for coverage by the Interregional New Technology Committee, the Medical Technology Assessment Team, or any committees reviewing new technologies within Kaiser Permanente, based on analysis of clinical studies and literature for safety and appropriateness, unless otherwise covered by Health Plan; or,
        vii. is provided pursuant to informed consent documents that describe the Service as experimental or investigational or in other terms that indicate that the Service is being looked at for its safety, toxicity, or efficacy; or
        viii. is part of a prevailing opinion among experts as expressed in the published authoritative medical or scientific literature that (A) use of the Service should be substantially confined to research settings or (B) further research is needed to determine the safety, toxicity, or efficacy of the Service.

    b. In determining whether a Service is experimental or investigational, the following sources of information will be solely relied upon:

        i. The Member's medical records; and
        ii. The written protocol(s) or other document(s) under which the Service has been or will be provided; and
        iii. Any consent document(s) the Member or the Member's representative has executed or will be asked to execute to receive the Service; and
        iv. The files and records of the IRB or similar body that approves or reviews research at the institution where the Service has been or will be provided, and other information concerning the authority or actions of the IRB or similar body; and
        v. The published authoritative medical or scientific literature on the Service as applied to the Member's illness or injury; and
        vi. Regulations, records, applications and other documents or actions issued by, filed with, or taken by the FDA, or other agencies within the U.S. Department of Health and Human Services, or any state agency performing similar functions.

    c. If two (2) or more Services are part of the same plan of treatment or diagnosis, all of the Services are excluded if one of the Services is experimental or investigational.

    d. Health Plan consults Medical Group and then uses the criteria described above to decide if a particular Service is experimental or investigational.

    Note: For non-grandfathered health plans only, this exclusion does not apply to Services covered under "Clinical Trials" in the "Benefits/Coverage (What is Covered)" section.

13. **Genetic Testing and Gene Therapy.** Genetic testing and gene therapy, unless determined to be: Medically Necessary; and you meet Utilization Management Program Criteria.

14. **Intermediate Care.** Care in an intermediate care facility.
15. **Residential Care.** Care in a facility where you stay overnight, except that this exclusion does not apply when the overnight stay is part of covered care in a hospital, a Residential Treatment Center, a Skilled Nursing Facility, or inpatient respite care covered in the "Hospice Care" section.
16. **Routine Foot Care Services.** Routine foot care Services that are not Medically Necessary.
17. **Services for Members in the Custody of Law Enforcement Officers.** Out-of-Plan Provider Services provided or arranged by criminal justice institutions for Members in the custody of law enforcement officers, unless the Services are covered as out-of-Plan Emergency Services or urgent care outside the Service Area.
18. **Services Not Available in our Service Area.** Services not generally and customarily available in our Service Area, except when it is a generally accepted medical practice in our Service Area to refer patients outside our Service Area for the Service.
19. **Services Related to a Non-Covered Service.** When a Service is not covered, all Services related to the non-covered Service are excluded. This does not include Services we would otherwise cover to treat complications as a result of the non-covered Service.
20. **Services that Are the Subject of an Out-of-Plan Provider's Notice and Consent.** Amounts owed to Out-of-Plan Providers when you or your authorized representative consent to waive your right against surprise billing/balance billing (unexpected medical bills) under applicable state or federal law.
21. **Third Party Requests or Requirements.** Physical exams, tests, or other services that do not directly treat an actual illness, injury, or condition, and any related reports or paperwork in connection with third party requests or requirements, including but not limited to those for:
    a. Employment;
    b. Participation in employee programs;
    c. Insurance;
    d. Disability;
    e. Licensing;
    f. School events, sports, or camp;
    g. Governmental agencies;
    h. Court order, parole, or probation;
    i. Travel.
22. **Travel and Lodging Expenses.** Travel and lodging expenses are excluded. We may pay certain expenses we preauthorize in accordance with our internal travel and lodging guidelines in some situations, when a Plan Provider refers you to an Out-of-Plan Provider outside our Service Area as described under "Access to Other Providers" in the "How to Access Your Services and Obtain Approval of Benefits" section.
23. **Unclassified Medical Technology Devices and Services.** Medical technology devices and Services which have not been classified as durable medical equipment or laboratory by a National Coverage Determination (NCD) issued by the Centers for Medicare & Medicaid Services (CMS), unless otherwise covered by Health Plan.
24. **Weight Management Facilities.** Services received in a weight management facility.
25. **Workers' Compensation or Employer's Liability.** If you suffer from an injury or illness that is compensable under a workers' compensation or employer's liability law, we will provide Services obtained at a Kaiser facility. We will not cover any workers compensation services obtained at contracted or non-contracted providers. Any workers' compensation services provided or paid for by the health plan are subject to your obligation to reimburse us to the extent of a payment or any other benefit, including any amount received as a settlement that you receive under applicable law.

    In addition, we or our Participating Providers will be permitted to seek reimbursement for these Services directly from the responsible employer or the government agency that administers applicable law.

B. Limitations

We will use our best efforts to provide or arrange covered Services in the event of unusual circumstances that delay or render impractical the provision of Services. Examples include: major disaster; epidemic; war; riot, civil insurrection; disability of a large share of personnel at a Plan Facility; complete or partial destruction of facilities; and labor disputes not involving Health Plan, Kaiser Foundation Hospitals or Medical Group. In these circumstances, Health Plan, Kaiser Foundation Hospitals, Medical Group and Medical Group Plan Providers will not have any liability for any delay or failure in providing covered Services. In the case of a labor dispute involving Health Plan, Kaiser Foundation Hospitals, or Medical Group, we may postpone care until the dispute is resolved if delaying your care is safe and will not result in harmful health consequences.

C. Reductions

1. Coordination of Benefits (COB)

The Services covered under this EOC are subject to Coordination of Benefit (COB) rules. If you have health care coverage with another health plan or insurance company, we will coordinate benefits with the other coverage under the COB guidelines below.

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order-of-benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** do not exceed 100% of the total **Allowable expense**.

DEFINITIONS

a. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

   i. **Plan** includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

   ii. **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

   Each contract for coverage under i. or ii. is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

b. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other **Plans**. Any other part of the contract providing health care benefits is separate from **This plan**. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

c. The order-of-benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health coverage under more than one **Plan**.

   When **This plan** is primary, its benefits are determined before those of any other **Plan** and without considering any other **Plan's** benefits. When **This plan** is secondary, its benefits are determined after those of another **Plan** and may be reduced because of the **Primary plan's** benefits, so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

d. **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

   The following are examples of expenses that are not **Allowable expenses**:

   i. The difference between the cost of a semi-private hospital room and a private hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private hospital room expenses or the patient's stay is medically necessary in terms of generally accepted medical practice or the hospital does not have a semi-private room.

   ii. If a person is covered by two or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.

   iii. If a person is covered by two or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.

   iv. If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another

Plan that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.

v. The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

e. **Claim determination period** is usually a calendar year, but a **Plan** may use some other period of time that fits the coverage of the group contract. A person is covered by a **Plan** during a portion of a **Claim determination period** if that person's coverage starts or ends during the **Claim determination period**. However, it does not include any part of a year during which a person has no coverage under **This plan**, or before the date this **COB** provision or a similar provision takes effect.

f. **Closed panel plan** is a **Plan** that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with either directly or indirectly or are employed by the **Plan**, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

g. **Custodial parent** means a parent awarded primary custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

ORDER-OF-BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order-of-benefit payment are as follows:

a. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other **Plan**.

b.

i. Except as provided in paragraph ii, a **Plan** that does not contain a coordination of benefits provision that is consistent with these rules is always primary unless the provisions of both **Plans** state that the complying **Plan** is primary.

ii. Coverage that is obtained by virtue of being members in a group, and designed to supplement part of the basic package of benefits, may provide supplementary coverage that shall be in excess of any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.

c. A **Plan** may consider the benefits paid or provided by another **Plan** in determining its benefits only when it is secondary to that other **Plan**.

d. Each **Plan** determines its order-of-benefits using the first of the following rules that apply:

i. Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent; and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee); then the order-of-benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

ii. Dependent Child Covered Under More Than One **Plan**. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order-of-benefits is determined as follows:

A. For a dependent child whose parents are married or are living together, whether or not they have ever been married:

1. The **Plan** of the parent whose birthday (month and day) falls earlier in the calendar year is the **Primary plan**; or
2. If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.

B. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

1. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;

2. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph A. above shall determine the order-of-benefits;
3. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph A. above shall determine the order-of-benefits; or
4. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order-of-benefits for the child are as follows:
   - The **Plan** covering the **Custodial parent**;
   - The **Plan** covering the spouse of the **Custodial parent**;
   - The **Plan** covering the **non-custodial parent**; and then
   - The **Plan** covering the spouse of the **non-custodial parent**.

C. For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph A. or B. above shall determine the order-of-benefits as if those individuals were the parents of the child.

iii. Active Employee or Retired or Laid-off Employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order-of-benefits, this rule is ignored. This rule does not apply if the rule labeled d.1. can determine the order-of-benefits.

iv. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order-of-benefits, this rule is ignored. This rule does not apply if the rule labeled d.1. can determine the order-of-benefits.

v. Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.

vi. If the preceding rules do not determine the order-of-benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

a. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

b. If a covered person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give Health Plan any facts we need to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, Health Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. Health Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY
If the amount of the payments made by Health Plan is more than it should have paid under this **COB** provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

If you have any questions about COB, please call or write **Patient Financial Services.**

2. Injuries or Illnesses Alleged to be Caused by Other Parties

If you obtain a judgment or settlement from or on behalf of another party who allegedly caused an injury or illness for which you received covered Services, you must reimburse us to the maximum extent allowed under applicable law. The reimbursement due to us is not limited by or subject to the Plan Out-of-Pocket Maximum. Note: This "Injuries or illnesses alleged to be caused by other parties" section does not affect your obligation to pay your Cost Share for these Services.

To the extent permitted or required by applicable law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against another party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by the other party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney.

To secure our rights, we will have a lien and reimbursement rights to the proceeds of any judgment or settlement you or we obtain against a third party that results in any settlement proceeds or judgment, from other types of coverage that include but are not limited to: liability, uninsured motorist, underinsured motorist, personal umbrella, workers' compensation, personal injury, medical payments and all other first party types.

Within 30 days after submitting or filing a claim or legal action against another party, you must send written notice of the claim or legal action to:

The Phia Group, LLC.
40 Pequot Way
Canton, MA 02021
Fax: 781-848-1154

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send us all consents, releases, authorizations, assignments, and other documents, including lien forms directing your attorney, the other party, and the other party's liability insurer to pay us directly. You may not agree to waive, release, reduce or, in any other manner, take action that may affect our rights under this provision without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on your injury or illness, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights under applicable law to the same extent as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

If you have Medicare, Medicare law may apply with respect to Services covered by Medicare.

3. Surrogacy Arrangements: Traditional or Gestational Carriers

In situations where you receive monetary compensation to act as either a traditional or gestational surrogate, Health Plan will seek reimbursement for covered Services you receive that are associated with conception, pregnancy and/or delivery of the child, except that we will recover no more than half of the monetary compensation you receive. A surrogate arrangement is one in which an individual agrees to become pregnant and to surrender the baby to another person or persons who intend to raise the child. This section applies to any person who is impregnated by artificial insemination, intrauterine insemination, in vitro fertilization or through the surgical implantation of a fertilized egg of another person and applies to both traditional surrogacy and gestational carriers.

Note: This "Surrogacy Arrangements: Traditional or Gestational Carriers" section does not affect your obligation to pay your Copayment, Coinsurance, and/or Deductible for these Services.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement

- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receives, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receives
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

The Phia Group, LLC.
40 Pequot Way
Canton, MA 02021
Fax: 781-848-1154

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this "Surrogacy Arrangements" section and to satisfy those rights. You may not agree to waive, release, reduce, or in any other manner, take action that may affect our rights under this "Surrogacy Arrangements" section without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on the Surrogacy Arrangement, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent under applicable law as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

If you have questions about your obligations under this provision, please call Member Services.

Note: A baby born under a Surrogacy Arrangement does not have health coverage rights under the surrogate's health coverage. The intended parents of a child born under a Surrogacy Arrangement will need to arrange for health coverage for the newborn.

V. MEMBER PAYMENT RESPONSIBILITY

Information on Member payment responsibility, including applicable Deductibles, annual Out-of-Pocket Maximum, Copayments, and Coinsurance, can be found in the "Schedule of Benefits (Who Pays What)." Payment responsibility information for Emergency Services and urgent care can be found in the "Benefits/Coverage (What is Covered)" section. For additional questions, contact **Member Services**.

Our contracts with Plan Providers provide that you are not liable for any amounts we owe them for covered Services. However, you may be liable for the cost of non-covered Services or Services you obtain from Out-of-Plan Providers. If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for covered Services you receive from that provider, in excess of any applicable Deductibles, Copayments, or Coinsurance amounts, until we make arrangements for the Services to be provided by another Plan Provider and so notify the Subscriber.

For Emergency Services (including Post Stabilization Care that federal law and state law define as Emergency Services) provided by an Out-of-Plan Provider, your Deductible, Copayment and/or Coinsurance, as applicable, will be the same amount or percentage, as applicable, as they would be for Emergency Services provided by a Plan Provider pursuant to applicable state law or, if state law is inapplicable, then federal law. In addition, in the event that an Out-of-Plan Provider provides Ancillary Services at a Plan Provider, then your Deductible, Copayment and/or Coinsurance shall be calculated as required by applicable state law or, if state law is inapplicable, then federal law. In addition, if you (or your authorized representative) consent to the provision of Services by an Out-of-Plan Provider, then we will not pay for such Services, and the amount you pay will not count toward satisfaction of the Deductible, if any, or the Out-of-Pocket Maximum(s).

VI. CLAIMS PROCEDURE (HOW TO FILE A CLAIM)

Plan Providers submit claims for payment for covered Services directly to Health Plan. For general information on claims, and how to submit pre-service claims, concurrent care claims, and post-service claims, see the "Appeals and Complaints" section. For covered Services by Out-of-Plan Providers, you may need to submit a claim on your own. Contact **Member Services** for more information on how to submit such claims. Health Plan complies with the time frames for resolution and payment of filed claims as required by state law.

You may file a claim (request for payment/reimbursement):

- by signing in to kp.org, completing an electronic form, and uploading supporting documentation;
- by mailing a paper form that can be obtained by visiting kp.org/formsandpubs or calling Member Services; or
- if you are unable to access the electronic form (or obtain the paper form), by mailing the minimum amount of information we need to process your claims:
  1. Member/patient name and Medical Record Number
  2. The date you received the Services
  3. Where you received the Services
  4. Who provided the Services
  5. Why you think we should pay for the Services
  6. A copy of the bill, your medical record(s) for these Services, and your receipt if you paid for the Services.

  Mailing address to submit your claim:

  Kaiser Permanente
  National Claims Administration - Colorado
  P.O. Box 373150
  Denver, CO 80237-3150

VII. GENERAL POLICY PROVISIONS

A. Access Plan

Colorado law requires that an Access Plan be available that describes Kaiser Foundation Health Plan of Colorado's network of provider Services. To obtain a copy, please call **Member Services**.

B. Access to Services for Foreign Language Speakers

1. **Member Services** will provide a telephone interpreter to assist Members who speak limited or no English.
2. Plan Providers have telephone access to interpreters in over 150 languages.
3. Plan Providers can also request an onsite interpreter for an appointment, procedure, or Service.
4. Any interpreter assistance we arrange or provide will be at no charge to the Member.

C. Administration of Agreement

We may adopt reasonable policies, procedures, and interpretations to promote efficient administration of the Group Agreement and this EOC.

D. Advance Directives

Federal law requires Kaiser Permanente to tell you about your right to make health care decisions.

Colorado law recognizes the right of an adult to accept or reject medical treatment, artificial nourishment and hydration, and cardiopulmonary resuscitation. Each adult has the right to establish, in advance of the need for medical treatment, any directives and instructions for the administration of medical treatment in the event the person lacks the decisional capacity to provide informed consent to or refusal of medical treatment. (Colorado Revised Statutes, Section 15-14-504)

Kaiser Permanente will not discriminate against you whether or not you have an advance directive. We will follow the requirements of Colorado law respecting advance directives. If you have an advance directive, please give a copy to the Kaiser Permanente medical records department or to your provider.

A health care provider or health care facility shall provide for the prompt transfer of the principal to another health care provider or health care facility if such health care provider or health care facility wishes not to comply with an agent's medical treatment decision on the basis of policies based on moral convictions or religious beliefs. (Colorado Revised Statutes, Section 15-14-507)

Two (2) brochures are available: *Your Right to Make Health Care Decisions* and *Making Health Care Decisions*. For copies of these brochures or for more information, please call **Member Services**.

E. Agreement Binding on Members

By electing coverage or accepting benefits under this EOC, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all provisions of this EOC.

F. Amendment of Agreement

Your Group's Agreement with us will change periodically. If these changes affect this EOC, your Group is required to notify you of them. If it is necessary to make revisions to this EOC, we will issue revised materials to you.

G. Applications and Statements

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this EOC.

H. Assignment

You may assign, in writing, payments due under the policy to a licensed hospital, other licensed health care provider, an occupational therapist, or a massage therapist, for covered Services provided to you. You may not assign this EOC or any other rights, interests, or obligations hereunder without our prior written consent.

I. Attorney Fees and Expenses

In any dispute between a Member and Health Plan or Plan Providers, each party will bear its own attorneys' fees and other expenses.

J. Claims Review Authority

We are responsible for determining whether you are entitled to benefits under this EOC. We have the authority to review and evaluate claims that arise under this EOC. We conduct this evaluation independently by interpreting the provisions of this EOC. If this EOC is part of a health benefit plan that is subject to the Employee Retirement Income Security Act (ERISA), then we are a "named fiduciary" to review claims under this EOC.

K. Contracts with Plan Providers

Plan Providers are paid in a number of ways, including: salary; capitation; per diem rates; case rates; fee for service; and incentive payments. If you would like further information about the way Plan Providers are paid to provide or arrange medical and hospital care for Members, please call **Member Services**.

Our contracts with Plan Providers provide that you are not liable for any amounts we owe. However, you may be liable for the cost of non-covered Services or Services you obtain from Out-of-Plan Providers. If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for covered Services you receive from that provider, in excess of any applicable Deductibles, Copayments and/or Coinsurance, until we make arrangements for the Services to be provided by another Plan Provider and so notify the Subscriber.

We may seek payment for any claims paid to Plan Providers for Services rendered after termination of your enrollment.

L. Deductible/Out-of-Pocket Maximum Takeover Credit

Deductible/Out-of-Pocket Maximum Takeover Credit is a one-time event which occurs at the point of the initial open enrollment. It applies only to:

1. Members of new groups enrolling with Kaiser Foundation Health Plan of Colorado for the first time. (In this situation, Members must have been covered under one of the group's other carriers at the time of the group's enrollment.).
2. Members of new or current groups who move from non-sole carrier status to sole-carrier status with Kaiser Foundation Health Plan of Colorado. Non-sole carrier status refers to when an employee has the option of choosing a group health plan either through Kaiser Foundation Health Plan of Colorado or through another carrier. (In this situation, Members must have been covered under one of the group's other carriers at the time the group moved to sole-carrier status.).

A credit will be applied toward your Deductible with Health Plan for certain eligible expenses accumulated toward your deductible under your prior coverage. You may also be eligible for a credit to be applied toward your Out-of-Pocket Maximum accumulated under your prior coverage. In order for expenses to be eligible for this credit, you must submit an Explanation of Benefits ("EOB") issued by your prior carrier showing that the expense was applied toward your deductible and/or out-of-pocket maximum under your prior coverage. All such expenses must be for Services that are covered and subject to the Deductible and/or Out-of-Pocket Maximum under this EOC.

For groups with effective dates of coverage during the months of April through December, expenses incurred from January 1 of the current year through the effective date of coverage with Kaiser Foundation Health Plan of Colorado may be eligible for credit.

For groups with effective dates of coverage during the months of January through March, expenses incurred up to 90 days prior to the effective date of coverage with Kaiser Foundation Health Plan may be eligible for credit.

You must submit all claims for Deductible/Out-of-Pocket Maximum Takeover Credit within 90 days from the effective date of coverage with Health Plan. To submit a claim, send all EOBs along with a completed Prior Carrier Information Cover Form to the **Kaiser Permanente Claims Department**. To get a copy of the Prior Carrier Information Cover Form, please call the **Claims Department**.

M. Genetic Testing Information

In accordance with state law: (1) Information derived from genetic testing shall be confidential and privileged. Any release, for purposes other than diagnosis, treatment, or therapy, of genetic testing information that identifies the person tested with the test results released requires specific written consent by the person tested. (2) Any entity that receives information derived from genetic testing may not seek, use, or keep the information for any nontherapeutic purpose or for any underwriting purpose connected with the provision of group disability insurance or long-term care insurance coverage.

N. Governing Law

Except as preempted by federal law, this EOC will be governed in accordance with Colorado law. Any provision that is required to be in this EOC by state or federal law shall bind Members and Health Plan whether or not set forth in this EOC.

O. Group and Members are not Health Plan's Agents

Neither your Group nor any Member is the agent or representative of Health Plan.

P. No Waiver

Our failure to enforce any provision of this EOC will not constitute a waiver of that or any other provision, or impair our right thereafter to require your strict performance of any provision.

Q. Nondiscrimination

We do not discriminate in our employment practices or in the delivery of health care Services on the basis of age, race, color, national origin, religion, sex, sexual orientation, or physical or mental disability.

R. Notices

Our notices to you will be sent to the most recent address we have for the Subscriber. The Subscriber is responsible for notifying us of any change in address. Members who move should call **Member Services** as soon as possible to give us their new address.

S. Overpayment Recovery

We may recover any overpayment we make for Services from anyone who receives such an overpayment, or from any person or organization obligated to pay for the Services.

T. Privacy Practices

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers to protect your PHI. Your PHI is individually-identifiable information (oral, written, or electronic) about your health, health care services you receive, or payment for your health care. You generally may access and receive copies of your PHI, update or amend your PHI, and ask us for an accounting of certain disclosures of your PHI. You also may request delivery of confidential communications to a location other than your usual address or by alternate means.

We may use or disclose your PHI for treatment, payment, and health care operations purposes, such as quality improvement. Sometimes we may be required by law to disclose PHI to others, such as government agencies or pursuant to judicial actions. Kaiser Permanente will not use or disclose your PHI for any other purpose without your (or your representative's) authorization, except as described in our *Notice of Privacy Practices* (see below). Giving us authorization is at your discretion.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices* provides additional information about our privacy practices and your rights regarding your PHI and will be provided to you upon request. To request a paper copy, please call Member Services. You can also find the notice at a Kaiser Permanente Medical Office Building or on our website, kp.org.

U. Value-Added Services

In addition to the Services we cover under this EOC, we make available a variety of value-added services. Value-added services are not covered by your plan. They are intended to give you more options for a healthy lifestyle. Examples may include:

1. Certain health education classes not covered by your plan;
2. Certain health education publications;
3. Discounts for fitness club memberships;
4. Health promotion and wellness programs; and
5. Rewards for participating in those programs.

Some of these value-added services are available to all Members. Others may be available only to Members enrolled through certain groups or plans. To take advantage of these services, you may need to:

1. Show your Health Plan ID card, and
2. Pay the fee, if any,

to the company that provides the value-added service. Because these services are not covered by your plan, any fees you pay will not count toward any coverage calculations, such as Deductible or Out-of-Pocket Maximum.

To learn about value-added services and which ones are available to you, please check our website, kp.org.

These value-added services are neither offered nor guaranteed under your Health Plan coverage. Health Plan may change or discontinue some or all value-added services at any time and without notice to you. Value-added services are not offered as inducements to purchase a health care plan from us. Although value-added services are not covered by your plan, we may have included an estimate of their cost when we calculated Premiums.

Health Plan does not endorse or make any representations regarding the quality or medical efficacy of value-added services, or the financial integrity of the companies offering them. We expressly disclaim any liability for the value-added services provided by these companies. If you have a dispute regarding a value-added service, you must resolve it with the company offering such service. Although Health Plan has no obligation to assist with this resolution, you may call **Member Services**, and a representative may try to assist in getting the issue resolved.

V. Women's Health and Cancer Rights Act

In accordance with the "Women's Health and Cancer Rights Act of 1998," as determined in consultation with the attending physician and the patient, we provide the following coverage after a mastectomy:

1. Reconstruction of the breast on which the mastectomy was performed.
2. Surgery and reconstruction of the other breast to produce a symmetrical (balanced) appearance.
3. Prostheses (artificial replacements).
4. Services for physical complications resulting from the mastectomy.

VIII. TERMINATION/NONRENEWAL/CONTINUATION

Your Group is required to inform the Subscriber of the date coverage terminates. If your membership terminates, all rights to benefits end at 11:59 p.m. on the termination date. Dependents' memberships end at the same time the Subscriber's membership ends. You will be billed as a non-Member for any Services you receive after your membership terminates. Health Plan and Plan Providers have no further responsibility under this EOC after your membership terminates, except as provided under "Termination of Group Agreement" in this "Termination/Nonrenewal/Continuation" section.

This section describes: how your membership may end; and explains how you may maintain Health Plan coverage if your membership under this EOC ends.

A. Termination Due to Loss of Eligibility

If you no longer meet the eligibility requirements in the "Eligibility" section, we or your Group will provide 30 days' advance written notice of termination.

B. Termination of Group Agreement

If your Group's Agreement with us terminates for any reason, your membership ends on the same date.

If your Group's Agreement terminates for reasons other than nonpayment of Premiums, fraud or abuse, while you are inpatient in a hospital or institution, your coverage will continue until your date of discharge.

C. Termination for Cause

We may terminate the memberships in your Family Unit if anyone in your Family Unit commits any of the following acts.

1. We will send written notice that will include the reason for termination to the Subscriber at least 30 days before the termination date if:
   a. You are disruptive, unruly, or abusive so that Health Plan's or a Plan Provider's ability to provide Services to you, or to other Members, is seriously impaired; or
   b. You fail to establish and maintain a satisfactory provider-patient relationship, after the Plan Provider has made reasonable efforts to promote such a relationship; or
2. We will send written notice that will include the reason for termination to the Subscriber at least 30 days before the termination date if:
   a. You knowingly: (a) misrepresent enrollment eligibility information or membership status; (b) present an invalid prescription or physician order; (c) misuse (or let someone else misuse) a Health Plan ID card; or (d) commit any other type of fraud in connection with your membership (including your enrollment application), Health Plan or a Plan Provider; or
   b. You knowingly: furnish incorrect or incomplete information to us; or fail to notify us of changes in your family status or Medicare coverage that may affect your eligibility or benefits.

Termination of membership for any one of these reasons applies to all members of your Family Unit. All rights to benefits cease on the date of termination. You will be billed as a non-Member for any Services received after the termination date. You have the right to appeal such a termination. To appeal, please call **Member Services**; or you can call the Colorado Division of Insurance.

We may report any member fraud to the authorities for prosecution. We may also pursue appropriate civil remedies.

D. Termination for Nonpayment

You are entitled to coverage only for the period for which we have received the appropriate Premiums from your Group. If your Group fails to pay us the appropriate Premiums for your Family Unit, we will terminate the memberships of everyone in your Family Unit.

After termination of your enrollment for nonpayment of Premiums, Health Plan may require payment of any outstanding Premiums for prior coverage if permitted by applicable law.

E. Termination of a Product or all Products (applies to non-grandfathered health plans only)

We may terminate a particular product or all products offered in the group market as permitted or required by law. If we discontinue offering a particular product in the group market, we will terminate just the particular product by sending you written notice at least 90 days before the product terminates. If we discontinue offering all products in the group market, we may terminate your Group's Agreement by sending you written notice at least 180 days before the Agreement terminates.

F. Rescission of Membership

We may rescind your membership after it is effective if you or anyone on your behalf did one of the following with respect to your membership (or application) prior to your membership effective date:

1. Performed an act, practice, or omission that constitutes fraud; or
2. Misrepresented a material fact with intent, such as an omission on the application.

We will send written notice to the Subscriber in your Family at least 30 days before we rescind your membership. The rescission will cancel your membership so no coverage ever existed. You will be required to pay as a non-Member for any Services we covered. We will refund all applicable Premiums, less any amounts you owe us.

G. Continuation of Group Coverage Under Federal Law, State Law or USERRA

1. Federal Law (COBRA)

   You may be able to continue your coverage under this EOC for a limited time after you would otherwise lose eligibility, if required by the federal COBRA law. Please contact your Group if you want to know how to elect COBRA coverage or how much you will have to pay your Group for it.

2. State Law

   If you are not eligible to continue uninterrupted group coverage under federal law (COBRA), you may be eligible to continue group coverage under Colorado law. Colorado law states that if you have been a Member for at least six (6) consecutive months immediately prior to termination of employment, continue to meet the eligibility requirements of Group and Health Plan and continue to pay applicable monthly Premiums to your Group, you may continue uninterrupted group coverage. If loss of eligibility occurs because of the following reasons, you and/or your Dependents may continue group coverage subject to the terms below:

   a. Your coverage is through a Subscriber who dies, divorces or legally separates, or becomes entitled to Medicare or Medicaid benefits; or
   b. You are a Subscriber (or your coverage is through a Subscriber) whose employment terminates, including voluntary termination or layoff, or whose hours of employment have been reduced.

   You may enroll children born or placed for adoption with you during the period of continuation coverage. The enrollment and effective date shall be as specified under the “Eligibility” section.

   To continue coverage, you must request continuation of group coverage on a form furnished by and returned to your Group along with payment of applicable Premiums, no later than 30 days after the date of termination of employment.

   Termination of State Continuation Coverage. Continuation of coverage under this provision continues upon payment of the applicable Premiums to your Group and terminates on the earlier of:

   a. 18 months after your coverage would have otherwise terminated because of termination of employment; or
   b. The date you become covered under another group medical plan; or
   c. The date Health Plan terminates its contract with the Group.

   We may terminate your continuation coverage if payment is not received when due.

   If you have chosen an alternate health care plan offered through your Group but elect during open enrollment to receive continuation coverage through Health Plan, you will only be entitled to continued coverage for the remainder of the 18-month maximum coverage period.

3. USERRA

   If you are called to active duty in the uniformed services, you may be able to continue your coverage under this EOC for a limited time after you would otherwise lose eligibility, if required by the federal USERRA law. You must submit a USERRA election form to your Group within 60 days after your call to active duty. Please contact your Group if you want to know how to elect USERRA coverage or how much you will have to pay your Group for it.

H. Moving Outside of our Service Area

If you move to an area not within any Kaiser regional health plan service area, your membership may be terminated. We will provide you with thirty (30) days’ notice of termination which will include the reason for termination.

I. Moving to Another Kaiser Regional Health Plan Service Area

You must notify us immediately if you permanently move outside the Service Area. If you move to another Kaiser regional health plan service area, you should contact your Group's benefits administrator before you move to learn about your Group health care options. You will be terminated from this plan, but you may be able to transfer your group membership if there is an arrangement with your Group in the new service area. However, eligibility requirements, benefits, Premiums, Deductibles, Copayments, Coinsurance, and Out-of-Pocket Maximum limits may not be the same in the other service area.

IX. APPEALS AND COMPLAINTS

A. Claims and Appeals

Health Plan will review claims and appeals, and we may use medical experts to help us review them. The following terms have the following meanings when used in this "Appeals and Complaints" section:

1. A **claim** is a request for us to:
   a. provide or pay for a Service that you have not received (pre-service claim),
   b. continue to provide or pay for a Service that you are currently receiving (concurrent care claim), or
   c. pay for a Service that you have already received (post-service claim).

2. An **adverse benefit determination** is our decision to do any of the following:
   a. deny your claim, in whole or in part, including (1) a denial, in whole or in part, of a pre-service claim (preauthorization for a Service), a concurrent care claim (continue to provide or pay for a Service that you are currently receiving) or a post-service claim (a request to pay for a Service) in whole or in part; (2) a denial of a request for Services on the ground that the Service is not Medically Necessary, appropriate, effective or efficient or is not provided in or at the appropriate health care setting or level of care; or, (3) a denial of a request for Services on the ground that the Service is experimental or investigational,
   b. terminate your membership retroactively except as the result of non-payment of Premiums (also called rescission or cancellation retroactively),
   c. deny your (or, if applicable, your dependent's) application for individual plan coverage,
   d. uphold our previous adverse benefit determination when you appeal.

   In addition, when we deny a request for medical care because it is excluded under this EOC, and you present evidence from a Colorado medical professional that there is a reasonable medical basis that the contractual exclusion does not apply to the denied medical care, then our denial shall be considered an adverse benefit determination.

3. An **appeal** is a request for us to review our initial adverse benefit determination.

If you miss a deadline for making a claim or appeal, we may decline to review it.

Except when simultaneous external review can occur, you must exhaust the internal claims and appeals procedure as described in this "Appeals and Complaints" section unless we fail to follow the claims and appeals process described in this Section IX.

Language and Translation Assistance

You may request language assistance with your claim and/or appeal by calling **Member Services**.

SPANISH (Español): Para obtener asistencia en Español, llame al 303-338-3800.
TAGALOG (Tagalog): Kung kailangan ninyo ang tulong sa Tagalog tumawag sa 303-338-3800.
CHINESE (中文): 如果需要中文的帮助，请拨打这个号码 303-338-3800.
NAVAJO (Dine): Dinek'ehgo shika at'ohwol ninisingo, kwiijigo holne' 303-338-3800.

Appointing a Representative

If you would like someone (including your provider (medical facility or health care professional)) to act on your behalf regarding your claim, you may appoint an authorized representative. You must make this appointment in writing. Please contact **Member Services** for information about how to appoint a representative. You must pay the cost of anyone you hire to represent or help you.

Help with Your Claim and/or Appeal

You may contact the Colorado Division of Insurance at:

Colorado Division of Insurance
1560 Broadway, Suite 850
Denver, Colorado 80202
(303) 894-7499

Reviewing Information Regarding Your Claim

If you want to review the information that we have collected regarding your claim, you may request, and we will provide without charge, copies of all relevant documents, records, and other information. You may request our Authorization for Release of Appeal Information form by calling **Member Services**.

You also have the right to request any diagnosis and treatment codes and their meanings that are the subject of your claim. To make a request, you should contact **Member Services**.

Providing Additional Information Regarding Your Claim and/or Appeal

When you appeal, you may send us additional information including comments, documents, and additional medical records that you believe support your claim. If we asked for additional information and you did not provide it before we made our initial decision about your claim, then you may still send us the additional information so that we may include it as part of our review of your appeal, if you ask for one. Please send all additional information to the Department that issued the adverse benefit determination.

When you appeal, you may give testimony in writing or by telephone. Please send your written testimony to **Member Relations**. To arrange to give testimony by telephone, you should contact **Member Services**.

We will add the information that you provide through testimony or other means to your claim file and we will review it without regard to whether this information was submitted and/or considered in our initial decision regarding your claim.

Sharing Additional Information That We Collect

If we believe that your appeal of our initial adverse benefit determination will be denied, then before we issue our next adverse benefit determination we will also share with you any new or additional reasons for that decision. We will send you a letter explaining the new or additional information and/or reasons and inform you how you can respond to the information in the letter if you choose to do so. If you do not respond before we must make our next decision, that decision will be based on the information already in your claim file.

Internal Claims and Appeals Procedures

There are several types of claims, and each has a different procedure described below for sending your claim and appeal to us as described in this Internal Claims and Appeals Procedures section:

1. Pre-service claims (urgent and non-urgent)
2. Concurrent care claims (urgent and non-urgent)
3. Post-service claims

In addition, there is a separate appeals procedure for adverse benefit determinations due to a retroactive termination of membership (rescission) or a denial of an application for individual plan coverage.

When you file an appeal, we will review your claim without regard to our previous adverse benefit determination. The individual who reviews your appeal will not have participated in our original decision regarding your claim nor will the reviewer be the subordinate of someone who did participate in our original decision.

1. Pre-Service Claims and Appeals

   Pre-service claims are requests that we provide or pay for a Service that you have not yet received. Failure to receive Authorization before receiving a Service that must be authorized or pre-certified in order to be a covered Service may be the basis for our denial of your pre-service claim. If you receive any of the Services you are requesting before we make our decision, your pre-service claim or appeal will become a post-service claim or appeal with respect to those Services. If you have any general questions about pre-service claims or appeals, please call **Member Services**.

   Here are the procedures for filing a pre-service claim, a non-urgent pre-service appeal, and an urgent pre-service appeal.

   a. Pre-Service Claim

      Tell Health Plan in writing that you want us to provide or pay for a Service you have not yet received. Your request and any related documents you give us constitute your claim. You must either mail or fax your claim to **Utilization Management**.

      If you want us to consider your pre-service claim on an urgent basis, your request should tell us that. We will decide whether your claim is urgent or non-urgent unless your attending health care provider tells us your claim is urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you have a physical or mental disability, creates an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting. We may, but are not required to, waive the requirements related to an urgent claim and appeal, to permit you to pursue an expedited external review.

      We will review your claim and, if we have all the information we need, we will make a decision within a reasonable period of time but not later than 15 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, so long as we notify you prior to the expiration of the initial 15-day period and explain the circumstances for which we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information within 15 days of receiving your claim, and we will give you 45 days to send the information. We will make a decision within 15 days after we receive the first piece of information (including documents) we requested. We encourage you to send all the requested information at

one time, so that we will be able to consider all of the information that you send us when we make our decision. If we do not receive any of the requested information (including documents) within 45 days after we send our request, we will make a decision based on the information we have within 15 days following the end of the 45-day period.

We will send written notice of our decision to you and, if applicable to your provider. Please let us know if you wish to have our decision sent to your provider.

If your pre-service claim was considered on an urgent basis, we will notify you of our decision (whether adverse or not) orally or in writing within a timeframe appropriate to your clinical condition but not later than 72 hours after we receive your claim. Within 24 hours after we receive your claim, we may ask you for more information. We will notify you of our decision within 48 hours of receiving the first piece of requested information. If we do not receive any of the requested information, then we will notify you of our decision within 48 hours after making our request. If we notify you of our decision orally, we will send you written confirmation within three (3) days after that.

If we deny your claim (if we do not agree to provide or pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Non-Urgent Pre-Service Appeal

Within 180 days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our denial of your pre-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or relevant symptoms, (3) the specific Service that you are requesting, (4) all of the reasons why you disagree with our adverse benefit denial, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You must either mail or fax your appeal to **Member Relations**.

You have the right to provide additional information regarding your appeal. You may provide this information either verbally or in writing, but you are not required to do so. If you would like to provide additional information verbally, please contact **Member Services**. If you would like to provide additional written documentation, please fax or mail this information to **Member Relations**.

We will review your appeal and send you a written decision within a reasonable period of time that is appropriate given your medical condition but not more than 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

c. Urgent Pre-Service Appeal

Tell us that you want to urgently appeal our adverse benefit determination regarding your pre-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the specific Service that you are requesting, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You may submit your appeal orally to **Member Services**, by mail or by fax to **Member Relations**.

When you send your appeal, you may also request simultaneous external review of our initial adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your pre-service appeal qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see "External Review" in this "Appeals and Complaints" section), if our internal appeal decision is not in your favor.

We will decide whether your appeal is urgent or non-urgent unless your attending health care provider tells us your appeal is urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you have a physical or mental disability, creates an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting. We may, but are not required to, waive the requirements related to an urgent appeal to permit you to pursue an expedited external review.

You do not have the right to attend or have counsel, advocates and health care professionals in attendance at the expedited review. You are, however, entitled to submit written comments, documents, records and other materials for the reviewer or reviewers to consider; and receive, upon request and free of charge, copies of all documents, records and other information regarding your request for benefits.

We will review your appeal and give you oral or written notice of our decision as soon as your clinical condition requires, but not later than 72 hours after we received your appeal. If we notify you of our decision orally, we will send you a written confirmation within three (3) days after that.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

2. Concurrent Care Claims and Appeals.
Concurrent care claims are requests that Health Plan continue to provide, or pay for, an ongoing course of covered treatment or Services for a period of time or number of treatments or Services, when the course of treatment already being received will end. If you have any general questions about concurrent care claims or appeals, please call **Member Services**.

Unless you are appealing an urgent care concurrent claim, if we either (a) deny your request to extend your current authorized ongoing care (your concurrent care claim) or (b) inform you that authorized care that you are currently receiving is going to end early and you then appeal our decision (an adverse benefit determination), then during the time that we are considering your appeal, you may continue to receive the authorized Services. If you continue to receive these Services while we consider your appeal and your appeal does not result in our approval of your concurrent care claim, then we will only pay for the continuation of Services until we notify you of our appeal decision.

Here are the procedures for filing a concurrent care claim, a non-urgent concurrent care appeal, and an urgent concurrent care appeal:

a. Concurrent Care Claim
Tell us in writing that you want to make a concurrent care claim for an ongoing course of covered treatment. Inform us in detail of the reasons that your authorized ongoing care should be continued or extended. Your request and any related documents you give us constitute your claim. You must either mail or fax your claim to **Utilization Managment**.

If you want us to consider your claim on an urgent basis and you contact us at least 24 hours before your care ends, you may request that we review your concurrent claim on an urgent basis. We will decide whether your claim is urgent or non-urgent unless your attending health care provider tells us your claim is urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life, health or ability to regain maximum function or if you have a physical or mental disability, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without extending your course of covered treatment. We may, but are not required to, waive the requirements related to an urgent claim or an appeal thereof, to permit you to pursue an expedited external review.

We will review your claim, and if we have all the information we need we will make a decision within a reasonable period of time. If you submitted your claim 24 hours or more before your care is ending, we will make our decision before your authorized care actually ends (that is, within 24 hours of receipt of your claim). If your authorized care ended before you submitted your claim, we will make our decision within a reasonable period of time but no later than 15 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, if we send you notice before the initial 15 days end and explain why we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information before the initial decision period ends, and we will give you until your care is ending or, if your care has ended, 45 days to send us the information. We will make our decision as soon as possible, if your care has not ended, or within 15 days after we first receive any information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within the stated timeframe after we send our request, we will make a decision based on the information we have within the appropriate timeframe, not to exceed 15 days following the end of the 45 days that we gave you for sending the additional information.

We will send written notice of our decision to you and, if applicable to your provider, upon request. Please let us know if you wish to have our decision sent to your provider.

If we consider your concurrent claim on an urgent basis, we will notify you of our decision orally or in writing as soon as your clinical condition requires, but not later than 24 hours after we received your appeal. If we notify you of our decision orally, we will send you written confirmation within three (3) days after receiving your claim.

If we deny your claim (if we do not agree to provide or pay for extending the ongoing course of treatment or Services), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Non-Urgent Concurrent Care Appeal
Within 180 days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our adverse benefit determination. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the ongoing course of covered treatment that you want to continue or extend, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting

documents. Your request and all supporting documents constitute your appeal. You must either mail or fax your appeal to **Member Relations**.

You have the right to provide additional information regarding your appeal. You may provide this information either verbally or in writing, but you are not required to do so. If you would like to provide additional information verbally, please contact **Member Services**. If you would like to provide additional written documentation, please fax or mail this information to **Member Relations**.

We will review your appeal and send you a written decision as soon as possible if you care has not ended but not later than 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination decision will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

c. Urgent Concurrent Care Appeal

Tell us that you want to urgently appeal our adverse benefit determination regarding your urgent concurrent claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the ongoing course of covered treatment that you want to continue or extend, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You may submit your appeal orally to **Member Services**, by mail or by fax to **Member Relations**.

When you send your appeal, you may also request simultaneous external review of our adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your concurrent care claim qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see "External Review" in this "Appeals and Complaints" section).

We will decide whether your appeal is urgent or non-urgent unless your attending health care provider tells us your appeal is urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you have a physical or mental disability, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without continuing your course of covered treatment. We may, but are not required to, waive the requirements related to an urgent appeal to permit you to pursue an expedited external review.

You do not have the right to attend or have counsel, advocates and health care professionals in attendance at the expedited review. You are, however, entitled to submit written comments, documents, records and other materials for the reviewer or reviewers to consider; and receive, upon request and free of charge, copies of all documents, records and other information regarding your request for benefits.

We will review your appeal and notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three (3) days after that.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

3. Post-Service Claims and Appeals

Post-service claims are requests that we for pay for Services you already received, including claims for out-of-Plan Emergency Services or urgent care Services. If you have any general questions about post-service claims or appeals, please call **Member Services**.

Here are the procedures for filing a post-service claim and a post-service appeal:

a. Post-Service Claim

Within twelve (12) months from the date you received the Services, mail us a letter explaining the Services for which you are requesting payment. Provide us with the following: (1) the date you received the Services, (2) where you received them, (3) who provided them, and (4) why you think we should pay for the Services. You must include a copy of the bill, your medical record(s) and any supporting documents. Your letter and the related documents constitute your claim. Or, you may contact **Member Services** to obtain a claims form. You must either mail or fax your claim to the **Claims Department**.

We will not accept or pay for claims received from you after twelve (12) months from the date of Services.

We will review your claim, and if we have all the information we need we will send you a written decision within 30 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if

circumstances beyond our control delay our decision, if we notify you within 15 days after we receive your claim and explain the circumstances for which we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information, and we will give you 45 days to send us the information. We will make a decision within 15 days after we receive the first piece of information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within 45 days after we send our request, we will make a decision based on the information we have within 15 days following the end of the 45-day period.

If we deny your claim (if we do not pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Post-Service Appeal

Within 180 days after you receive our adverse benefit determination, tell us in writing that you want to appeal our denial of your post-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the specific Services that you want us to pay for, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) include all supporting documents such as medical records. Your request and the supporting documents constitute your appeal. You must either mail or fax your appeal to **Member Relations**.

You have the right to provide additional information regarding your appeal. You may provide this information either verbally or in writing, but you are not required to do so. If you would like to provide additional information verbally, please contact Member Services. If you would like to provide additional written documentation, please fax or mail this information to **Member Relations**.

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

Voluntary Second Level of Appeal

Within 60 days after you receive our adverse decision regarding your appeal, you may ask us to review our adverse benefit decisions again. We will schedule a review of your second appeal within 60 days of receiving your request, and we will notify you about the date and time of this review no less than 20 days before it occurs. You have the right to request a postponement. You have the right to appear in person or by telephone conference at the meeting. We will make our decision within 7 days of the completion of this meeting.

Appeals of Retroactive Membership Termination (rescission or cancellation retroactively)

We may terminate your membership retroactively (see "Rescission of Membership" under the "Termination/Nonrenewal/Continuation" section). We will send you written notice at least 30 days prior to the termination. If you have general questions about retroactive membership terminations or appeals, please call **Member Services**.

Here is the procedure for filing an appeal of a retroactive membership termination:

Within 180 days after you receive our adverse benefit determination that your membership will be terminated retroactively, you must tell us in writing that you want to appeal our termination of your membership retroactively. Please include the following: (1) your name and Medical Record Number, (2) all of the reasons why you disagree with our retroactive membership termination, and (3) all supporting documents. Your request and the supporting documents constitute your appeal. You must mail your appeal to **Membership Administration**.

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

Appeals of Denial of Individual Plan Application

Here is the procedure for filing an appeal of our denial of an individual plan application:

Within 180 days after you receive our adverse benefit determination regarding your individual plan application, you must tell us in writing that you want to appeal our denial of an individual plan application. Please include the following: (1) your name and application reference number, (2) all of the reasons why you disagree with our adverse benefit determination, and (3) all supporting documents. Your request and the supporting documents constitute your appeal. You must mail your appeal to:

Member Services
P.O. Box 23127
San Diego, CA 92193

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review that may be available to you.

External Review

Following receipt of an adverse decision letter regarding your First Level Appeal or Voluntary Second Level Appeal, you may have a right to request an external review.

You have the right to request an independent external review of our decision, if our decision involves an adverse benefit determination regarding a denial of a claim, in whole or in part, that (1) is a denial of a preauthorization for a Service; (2) is a denial of a request for Services on the ground that the Service is not Medically Necessary, appropriate, effective or efficient or is not provided in or at the appropriate health care setting or level of care; (3) is a denial of a request for Services on the ground that the Service is experimental or investigational; (4) concludes that parity exists in the non-quantitative treatment limitations applied to behavioral health care (mental health and/or substance abuse) benefits; or, (5) involves consideration of whether we are complying with federal law and state law requirements regarding balance (surprise) billing and/or cost sharing protections pursuant to the No Surprises Act (Public Health Service Act sections 2799A-1 and 2799A-2 and 45 C.F.R. §§149.110 --149.130). If our final adverse decision does not involve an adverse benefit determination described in the preceding sentence, then your claim is **not** eligible for external review provided, however, independent external review is available when we deny your appeal because you request medical care that is excluded under your Kaiser Permanente plan and you present evidence from a licensed Colorado professional that there is a reasonable medical basis that the exclusion does not apply.

You will not be responsible for the cost of the external review. There is no minimum dollar amount for a claim to be eligible for an external review.

To request external review, you must:

1. Submit a completed Independent External Review of Carrier's Final Adverse Determination form which will be included with the mandatory internal appeal decision letter and explanation of your appeal rights (you may call **Member Services** to request a copy of this form) to **Member Relations** within four (4) months of the date of receipt of the mandatory internal appeal decision or Voluntary Second Level Appeal decision. We shall consider the date of receipt for our notice to be three (3) days after the date on which our notice was drafted, unless you can prove that you received our notice after the three (3) day period ends.
2. Include in your written request a statement authorizing us to release your claim file with your health information including your medical records; or, you may submit a completed Authorization for Release of Appeal Information form which is included with the mandatory internal appeal decision letter and explanation of your appeal rights (you may call **Member Services** to request a copy of this form).

If we do not receive your external review request form and/or authorization form to release your health information, then we will not be able to act on your request. We must receive all of this information prior to the end of the applicable timeframe for your request of external review.

Expedited External Review

You may request an expedited review if (1) you have a medical condition for which the timeframe for completion of a standard review would seriously jeopardize your life, health, or ability to regain maximum function, or, if you have a physical or mental disability, would create an imminent and substantial limitation to your existing ability to live independently, or (2) in the opinion of a physician with knowledge of your medical condition, the timeframe for completion of a standard review would subject you to severe pain that cannot be adequately managed without the medical services that you are seeking. A request for an expedited external review must be accompanied by a written statement from your physician that your condition meets the expedited criteria. You must include the physician's certification that you meet expedited external review criteria when you submit your request for external review along with the other required information (described, above).

Additional Requirements for External Review regarding Experimental or Investigational Services

You may request external review or expedited external review involving an adverse benefit determination based upon the Service being experimental or investigational. Your request for external review or expedited external review must include a written statement from your physician that either (a) standard health care services or treatments have not been effective in improving your condition or are not medically appropriate for you, or (b) there is no available standard health care service or treatment covered under this EOC that is more beneficial than the recommended or requested health care service (the physician must certify that scientifically valid studies using accepted protocols demonstrate that the requested health care service or treatment is more likely to be more beneficial to you than an available standard health care services or treatments), and the physician is a licensed, board-certified, or board-eligible physician to practice in the area of medicine to treat your condition. If you are requesting expedited external review, then your physician must also certify that the requested health care service or treatment would be less effective if not promptly initiated. These certifications must be submitted with your request for external review.

No expedited external review is available when you have already received the medical care that is the subject of your request for external review. If you do not qualify for expedited external review, we will treat your request as a request for standard external review.

After we receive your request for external review, we shall notify you of the information regarding the independent external review entity that the Division of Insurance has selected to conduct the external review.

If we deny your request for standard or expedited external review, including any assertion that we have not complied with the applicable requirements related to our internal claims and appeals procedure, then we may notify you in writing and include the specific reasons for the denial. Our notice will include information about your right to appeal the denial to the Division of Insurance. At the same time that we send this denial notice to you, we will send a copy of it to the Division of Insurance.

You will not be able to present your appeal in person to the independent external review organization. You may, however, send any additional information that is significantly different from information provided or considered during the internal claims and appeal procedure and, if applicable Voluntary Second Level of Appeal process. If you send new information, we may consider it and reverse our decision regarding your appeal.

You may submit your additional information to the independent external review organization for consideration during its review within five (5) working days of your receipt of our notice describing the independent review organization that has been selected to conduct the external review of your claim. Although it is not required to do so, the independent review organization may accept and consider additional information submitted after this five (5) working day period ends.

The independent external review entity shall review information regarding your benefit claim and shall base its determination on an objective review of relevant medical and scientific evidence. Within 45 days of the independent external review entity's receipt of your request for standard external review, it shall provide written notice of its decision to you. If the independent external review entity is deciding your expedited external review request, then the independent external review entity shall make its decision as expeditiously as possible and no more than 72 hours after its receipt of your request for external review and within 48 hours of notifying you orally of its decision provide written confirmation of its decision. This notice shall explain the external review entity's decision and that the external review decision is the final appeal available under state insurance law. An external review decision is binding on Health Plan and you except to the extent Health Plan and you have other remedies available under federal or state law. You or your designated representative may not file a subsequent request for external review involving the same Health Plan adverse determination for which you have already received an external review decision.

If the independent external review organization overturns our denial of payment for care you have already received, we will issue payment within five (5) working days. If the independent review organization overturns our decision not to authorize pre-service or concurrent care claims, Kaiser Permanente will authorize care within one (1) working day. Such covered services shall be provided subject to the terms and conditions applicable to benefits under your plan.

Except when external review is permitted to occur simultaneously with your urgent pre-service appeal or urgent concurrent care appeal, you must exhaust our internal claims and appeals procedure (but not the Voluntary Second Level of Appeal) for your claim before you may request external review unless we have failed to substantially comply with federal and/or state law requirements regarding our claims and appeals procedures.

Additional Review

You may have certain additional rights if you remain dissatisfied after you have exhausted our internal claims and appeals procedures, and if applicable, external review. If you are enrolled through a plan that is subject to the Employee Retirement Income Security Act (ERISA), you may file a civil action under section 502(a) of the federal ERISA statute. To understand these rights, you should check with your benefits office or contact the Employee Benefits Security Administration (part of the U.S. Department of Labor) at 1-866-444-EBSA (3272). Alternatively, if your plan is not subject to ERISA (for example, most state or local government plans and church plans or all individual plans), you may have a right to request review in state court.

B. Complaints

1. If you are not satisfied with the Services received at a particular Plan Facility, or if you have a concern about the personnel or some other matter relating to Services and wish to file a complaint, you may do so by:
   a. Sending your written complaint to **Member Relations**; or
   b. Telephoning **Member Services**.

2. After you notify us of a complaint, this is what happens:
   a. A **Member Relations** Liaison reviews the complaint and conducts an investigation, verifying all the relevant facts.
   b. The **Member Relations** Liaison or a Plan Provider evaluates the facts and makes a recommendation for corrective action, if any.
   c. When you file a written complaint, we usually respond in writing within 30 calendar days, unless additional information is required.
   d. When you make a verbal complaint, a verbal response is usually made within 30 calendar days.

3. If you are dissatisfied with the resolution, you have the right to request a second review. Please put your request in writing to **Member Relations**. **Member Relations** will respond to you in writing within 30 calendar days of receipt of your request.

We want you to be satisfied with our Plan Facilities, Services, and Plan Providers. Using this Member satisfaction procedure gives us the opportunity to correct any problems that keep us from meeting your expectations and your health care needs. If you are dissatisfied for any reason, please let us know. Please call **Member Services**.

X. INFORMATION ON POLICY AND RATE CHANGES

Your Group's Agreement with us will change periodically. If these changes affect this EOC or your Premiums, your Group is required to notify you of them. If it is necessary to make revisions to this EOC, we will issue revised materials to you.

XI. DEFINITIONS

The following terms, when capitalized and used in any part of this EOC, have the following meaning:

Accumulation Period: As stated in the "Schedule of Benefits (Who Pays What)," the period of time during which benefits are paid and are counted toward the maximum allowed for the specific benefit.

Affiliated Provider: A licensed medical provider, other than a Medical Group or Health Plan provider, who is contracted to provide covered Services to Members under this EOC. Affiliated Providers may change during the year.

Ancillary Services: Services that are:
- Items and services related to emergency medicine, anesthesiology, pathology, radiology and neonatology, whether provided by a physician or non-physician practitioner
- Items and services provided by assistant surgeons, hospitalists, and intensivists
- Diagnostic services, including radiology and laboratory services
- Items and services provided by a nonparticipating provider if there is no participating provider who can furnish such item or service at such facility
- Items or services furnished as a result of unforeseen, urgent medical needs that arise at the time an item or service is furnished, regardless of whether the Out-of-Plan Provider satisfies the notice and consent requirements under federal law and state law.

Authorization: A referral request that has received approval from Health Plan.

Biologic: A drug produced from a living organism and used to treat or prevent disease.

Biosimilar: A drug highly similar to an already approved biological drug.

Charge(s):
1. For Services provided by Plan Providers or Medical Group, the charges in Health Plan's schedule of Medical Group and Health Plan charges for Services provided to Members; or
2. For Services for which a provider (other than Medical Group or Health Plan) is compensated on a capitation basis, the charges in the schedule of charges that Kaiser Permanente negotiates with the capitated provider; or
3. For items obtained at a Plan Pharmacy, the amount the Plan Pharmacy would charge a Member for the item if a Member's benefit plan did not cover the item (this amount is an estimate of: the cost of acquiring, storing, and dispensing drugs, the direct and indirect costs of providing Kaiser Permanente pharmacy Services to Members, and the Plan Pharmacy program's contribution to the net revenue requirements of Health Plan); or
4. For Emergency Services received from Out-of-Plan Providers (including Post Stabilization Care that constitutes Emergency Services under federal law), the amount required to be paid by Health Plan pursuant to state law, when it is applicable, or federal law, including any amount determined through negotiation or an independent dispute resolution (IDR) process; or
5. For all other Services received from Out-of-Plan Providers (including Post Stabilization Services that are not Emergency Services under federal law and Ancillary Services), the amount (1) required to be paid pursuant to state law, when it is applicable, or federal law, including any amount determined through negotiation or an independent dispute resolution (IDR) process, or (2) in the even that neither state or federal law prohibiting balance billing apply, then the amount agreed to by the Out-of-Plan Provider and us, or absent such an agreement, the usual, customary and reasonable rate for those services as determined by us based on objective criteria.
6. For all other Services, the payments that Health Plan makes for the Services (or, if Health Plan subtracts a Copayment, Coinsurance or Deductible from its payment, the amount Health Plan would have paid if it did not subtract the Copayment, Coinsurance or Deductible).

CMS: The Centers for Medicare & Medicaid Services, the federal agency responsible for administering Medicare.

Coinsurance: A percentage of Charges that you must pay when you receive a covered Service, as listed in the "Schedule of Benefits (Who Pays What)."

Copayment (Copay): The specific dollar amount you must pay for a covered Service, as listed in the "Schedule of Benefits (Who Pays What)."

Deductible: The amount you must pay in an Accumulation Period for certain Services before we will cover those Services in that Accumulation Period. The "Schedule of Benefits (Who Pays What)" explains the amount of the Deductible and which Services are subject to the Deductible.

Dependent: A Member whose relationship to a Subscriber is the basis for membership eligibility and who meets the eligibility requirements as a Dependent. For Dependent eligibility requirements, see "Who Is Eligible" in the "Eligibility" section.

Emergency Medical Condition: A medical condition, including a mental health condition or substance use disorder, that manifests itself by acute symptoms of sufficient severity, including severe pain, that a prudent layperson with an average knowledge of health and medicine could reasonably expect, in the absence of immediate medical attention, to result in:

1. Serious jeopardy to the health of a person or, with respect to a pregnant individual, the health of the individual or their unborn child;
2. Serious impairment to bodily functions; or
3. Serious dysfunction of any bodily organ or part.

Emergency Services: All of the following with respect to an Emergency Medical Condition:

- An appropriate medical screening examination (as required under the federal Emergency Medical Treatment and Active Labor Act (section 1867 of the Social Security Act) ("EMTALA")) that is within the capability of the emergency department of a hospital or of an Independent Freestanding Emergency Department, including ancillary services routinely available to the emergency department to evaluate the Emergency Medical Condition.
- Within the capabilities of the staff and facilities available at the hospital, or Independent Freestanding Emergency Department, as applicable, such further medical examination and treatment required under EMTALA (or would be required under EMTALA if EMTALA applied to an Independent Freestanding Emergency Department) to stabilize the patient (regardless of the department of the hospital in which such further examination or treatment is furnished).
- Post Stabilization Care furnished by an Out-of-Plan Provider (including a nonparticipating emergency facility) is covered as Emergency Services when federal law and state law apply AND
    - Your attending Out-of-Plan Provider determines that you are not able to travel using nonmedical transportation or nonemergency medical transportation to an available Plan Provider within a reasonable travel distance, taking into account your medical condition; or,
    - You (or your authorized representative) are not in a condition to receive, and/or to provide consent to, the Out-of-Plan Provider's notice and consent form, in accordance with applicable state law pertaining to informed consent as determined by your attending Out-of-Plan Provider using appropriate medical judgment.

Note: Once your condition is stabilized, covered Services that you receive are Post Stabilization Care and not Emergency Services EXCEPT when you receive Emergency Services from Out-of-Plan Providers AND federal law and state law require coverage of your Post Stabilization Care as Emergency Services. Post Stabilization Care is subject to all of the terms and conditions of this EOC including but not limited to prior Authorization requirements unless federal law and state law applies and defines such Post Stabilization Care as Emergency Services.

Family Unit: A Subscriber and all of their Dependents.

Habilitative Services: Health care Services and devices that help a person keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who is not walking or talking at the expected age. These Services may include physical and occupational therapy, speech-language pathology, and other Services for people with disabilities in a variety of inpatient and/or outpatient settings.

Health Plan: Kaiser Foundation Health Plan of Colorado, a Colorado nonprofit corporation.

Health Savings Account (HSA): A tax-exempt trust or custodial account established under Section 223(d) of the Internal Revenue Code exclusively for the purpose of paying qualified medical expenses of the account beneficiary. Contributions made to a Health Savings Account by an eligible individual are tax deductible under federal tax law whether or not the individual itemizes deductions. In order to make contributions to a Health Savings Account, you must be covered under a qualified High Deductible Health Plan and meet other tax law requirements. Kaiser Permanente does not provide tax advice. Consult with your financial or tax advisor for tax advice or more information about your eligibility for a Health Savings Account.

High Deductible Health Plan (HDHP): A health benefit plan that meets the requirements of Section 223(c)(2) of the Internal Revenue Code. The health care coverage under this EOC has been designed to be a High Deductible Health Plan compatible for use with a Health Savings Account.

Independent Freestanding Emergency Department: A health care facility that is geographically separate and distinct and licensed separately from a hospital under applicable State law and that provides Emergency Services.

Kaiser Permanente: The direct service medical care program conducted by Health Plan, Kaiser Foundation Hospitals, and Medical Group, together.

Kaiser Permanente Medical Office Building: An outpatient treatment facility operated and staffed by Health Plan and Medical Group. Please refer to your Provider Directory for additional information about each Medical Office Building.

Life or Limb Threatening Emergency: Any event that a prudent layperson would believe threatens his or her life or limb in such a manner that a need for immediate medical care is created to prevent death or serious impairment of health.

Medical Group: The Colorado Permanente Medical Group, P.C., a for-profit medical corporation.

Medically Necessary services or supplies are those that are determined by Health Plan to be all of the following:
- Required to prevent, diagnose, or treat your condition or clinical symptoms; and
- In accordance with generally accepted standards of medical practice; and
- Not solely for the convenience of you, your family, and/or your provider; and
- The most appropriate level of care that can safely be provided to you.

The fact that a Plan Provider or Out-of-Plan Provider prescribes, recommends, or refers you to a Service does not make that Service Medically Necessary or covered under this EOC.

Medicare: A federal health insurance program for people 65 and over, certain disabled people, and those with end-stage renal disease (ESRD).

Member: A person who is eligible and enrolled under this EOC, and for whom we have received applicable Premiums. This EOC sometimes refers to a Member as "you" or "your."

Observation Services: Outpatient hospital Services given to help the doctor decide if you need to be admitted as an inpatient or can be discharged. Observation Services may be given in the emergency department or another area of the hospital.

Out-of-Plan Facility: Those facilities that are not contracted with, or owned by, Kaiser Permanente.

Out-of-Plan Provider: Those providers who are not contracted with, or employed by, Kaiser Permanente.

Out-of-Pocket Maximum: The annual limit to the total amount of Deductible (if any), certain Copayments and certain Coinsurance you must pay in an Accumulation Period for covered Services, as described in the "Schedule of Benefits (Who Pays What)."

Plan Facility: A medical office, ambulatory surgery center, urgent care center, Plan Hospital, or other facility that is owned by, or contracted with, Kaiser Permanente. This does not include facilities that contract only for referral Services. Plan Facilities may change during the year.

Plan Hospital: A hospital that has contracted to provide Services under this EOC. Services available at Plan Hospitals may vary. Plan Hospitals may change during the year.

Plan Optometrist: A licensed optometrist who is an employee of Health Plan or any licensed optometrist who contracts to provide Services to Members.

Plan Pharmacy: A pharmacy owned and operated by Kaiser Permanente or another pharmacy that we designate. Plan Pharmacies may change during the year.

Plan Provider: A licensed medical provider who is an employee of Medical Group or Health Plan, or an Affiliated Provider (but not including providers who contract only to provide referral Services). Plan Providers may change during the year.

Post Stabilization Care: Means Medically Necessary Services related to your Emergency Medical Condition that you receive after your treating physician determines that your Emergency Medical Condition is Stabilized. We cover Post Stabilization Care only when (1) it is considered to be Emergency Services under federal law and state law (without prior Authorization) or, (2) we determine that such Services are Medically Necessary pursuant to a request for prior Authorization for the Service.

Premiums: Periodic membership charges paid by Group.

Residential Treatment Center: A facility or distinct part of a facility for psychiatric care which provides a total 24-hour therapeutically planned and professionally staffed group living and learning environment. The term Residential Treatment Center does not include a provider, or that part of a provider, used mainly for:
1. Nursing care.
2. Rest care.
3. Convalescent care.
4. Care of the aged.
5. Custodial Care.
6. Educational care.

Service Area: Our Service Area consists of certain geographic areas in Colorado which we designate by county, where appropriate. Our Service Area may change. Contact Member Services for a complete listing of our Service Area counties.

Services: Health care services or items.

Skilled Nursing Facility: A facility that is licensed as such by the state of Colorado, certified by Medicare and approved by Health Plan. The facility's primary business must be the provision of 24-hour-a-day licensed skilled nursing care for patients who need skilled nursing or skilled rehabilitation care, or both, on a daily basis, as part of an ongoing medical treatment plan.

Spouse: Your partner in marriage or a civil union as determined by state law.

Stabilize: To provide the medical treatment of the Emergency Medical Condition that is necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the person from the facility. With respect to a pregnant individual who is having contractions, when there is inadequate time to safely transfer them to another hospital before delivery (or the transfer may pose a threat to the health or safety of the individual or unborn child), "Stabilize" means to deliver (including the placenta).

Step Therapy: A protocol that requires a covered person to use a prescription drug or sequence of prescription drugs, other than the drug that the covered person's health care provider recommends for the covered person's treatment, before the carrier provides coverage for the recommended prescription drug.

Subscriber: A Member who is eligible for membership on their own behalf and not by virtue of Dependent status and who meets the eligibility requirements as a Subscriber (for Subscriber eligibility requirements, see "Who Is Eligible" in the "Eligibility" section).

Utilization Management Program Criteria: Evidence-based guidelines, sources, and criteria used by Health Plan to make Medical Necessity determinations.

(This page intentionally left blank.)

CHIR0AA

CHIROPRACTIC CARE

1. Coverage
   Chiropractic Services are covered as shown in the "Schedule of Benefits (Who Pays What)" when provided by Plan Providers. Coverage includes:
   a. Evaluation;
   b. Manual and manipulative therapy of the spinal and extraspinal regions.

   You may self-refer for visits to Plan Providers.

   Note: The following are covered, but not under this section: Physical therapy, see "Physical, Occupational, and Speech Therapy and Inpatient Rehabilitation Services"; X-ray and laboratory tests, see "X-ray, Laboratory, and Advanced Imaging Procedures."

2. Exclusions
   a. Hypnotherapy.
   b. Behavior training.
   c. Sleep therapy.
   d. Weight loss programs.
   e. Services related to the treatment of the musculoskeletal system, except for the spinal and extraspinal regions.
   f. Vocational rehabilitation Services.
   g. Thermography.
   h. Air conditioners, air purifiers, therapeutic mattresses, supplies, or any other similar devices and appliances.
   i. Transportation costs. This includes local ambulance charges.
   j. Prescription drugs, vitamins, minerals, food supplements, or other similar products.
   k. Educational programs.
   l. Non-medical self-care or self-help training.
   m. All diagnostic testing related to these excluded Services.
   n. MRI and/or other types of diagnostic radiology.
   o. Massage therapy that is not a part of the manual and manipulative therapy.
   p. Durable medical equipment (DME) and/or supplies for use in the home.

This rider amends the EOC to provide coverage for chiropractic care. All of the terms, conditions, limitations and exclusions of the EOC shall also apply to this rider except where specifically changed by this rider.

CMPL0AA

ACUPUNCTURE SERVICES

1. Coverage

   Acupuncture Services are covered as shown in the "Schedule of Benefits (Who Pays What)" when provided by contracted acupuncturists and if clinically appropriate.

   Coverage includes treatment for:
   a. Neuromusculoskeletal pain due to an injury or illness; or
   b. Allergy, asthma, nausea, or vomiting.

   Services include:
   a. Acupuncture by manual stimulation.
   b. Electro-acupuncture applied to inserted needles and acupressure.

   Cupping or moxibustion are only covered in lieu of electrical stimulation.

   You may self-refer for visits to contracted acupuncturists.

2. Acupuncture Services Exclusions
   a. Rental or purchase of durable medical equipment (DME).
   b. Air purifiers, therapeutic mattresses, supplies or similar devices, appliances, or equipment. Their use or installation does not have to be for therapy or easy access.
   c. Radiology and lab tests.
   d. Prescription drugs, vitamins, herbs or food supplements. It does not matter if they are prescribed or recommended by a contracted acupuncturist.
   e. Massage or soft tissue techniques that are not part of the acupuncture treatment, except acupressure.
   f. Treatment mainly for obesity or weight control.
   g. Vocational, stroke or long term rehabilitation.
   h. Hypnotherapy.
   i. Behavior training.
   j. Sleep therapy or biofeedback.
   k. Acupuncture Services provided for maintenance or preventive care Services.
   l. Expenses for acupuncture Services provided during visits that exceed your visit limit.
   m. Expenses for any Services provided before coverage begins or after coverage ends for this benefit.
   n. Any Services provided by an acupuncturist who is not contracted. It does not matter if the Services are obtained in or out of Health Plan's Service Area.
   o. Acupuncture Services that Health Plan determines are not clinically appropriate in its utilization review. (Members may not be surcharged for such Services.)
   p. Services not authorized by Health Plan. This exclusion does not apply to Services listed in the "Coverage" section of this benefit.
   q. Any techniques or procedures not generally accepted in a majority of state acupuncture licensing boards.
   r. Benefits, items, or Services that are limited or excluded in the EOC, unless changed by this benefit.

This rider amends the EOC to provide limited coverage for acupuncture Services. All of the terms, conditions, limitations and exclusions of the EOC shall also apply to this rider except where specifically changed by this rider.

DMES0AB

DURABLE MEDICAL EQUIPMENT (DME) AND PROSTHETIC AND ORTHOTIC DEVICES

When prescribed by a Plan Provider and obtained from sources designated by Health Plan on either a purchase or rental basis, as determined by Health Plan, DME, prosthetics and orthotics, including replacements other than those necessitated by misuse, theft, or loss, are provided as shown on the "Schedule of Benefits (Who Pays What)" for your use during the period prescribed. Necessary fittings, repairs and adjustments, other than those necessitated by misuse, are covered. Health Plan may repair or replace a device at its option. Repair or replacement of defective equipment is covered at no additional charge.

Health Plan uses Local Coverage Determinations (LCD) and National Coverage Determinations (NCD) (hereinafter referred to as Medicare Guidelines) for our DME, prosthetic, and orthotic formulary guidelines. These are guidelines only. Health Plan reserves the right to exclude items listed in the Medicare Guidelines (does not apply to Kaiser Permanente Senior Advantage plans). Please note that this EOC may contain some, but not all, of these exclusions.

Limitations: Coverage is limited to a standard item of DME, prosthetic device, or orthotic device that adequately meets your medical needs.

1. Durable Medical Equipment (DME)
   a. Coverage
      i. DME is equipment that is appropriate for use in the home, able to withstand repeated use, Medically Necessary, not of use to a person in the absence of illness or injury, and approved for coverage under Medicare. It includes, but is not limited to, infant apnea monitors, insulin pumps and insulin pump supplies, and oxygen and oxygen dispensing equipment.
      ii. Insulin pumps and insulin pump supplies are provided when clinical guidelines are met and when obtained from sources designated by Health Plan.
      iii. When use is no longer prescribed by a Plan Provider, DME must be returned to Health Plan or its designee. If the equipment is not returned, you must pay Health Plan or its designee the fair market price, established by Health Plan, for the equipment.

   b. Limitation: Coverage is limited to the lesser of the purchase or rental price, as determined by Health Plan.

   c. Durable Medical Equipment Exclusions
      i. Electronic monitors of bodily functions, except infant apnea monitors are covered.
      ii. Devices to perform medical testing of body fluids, excretions or substances, except nitrate urine test strips for home use for pediatric patients are covered.
      iii. Non-medical items such as sauna baths or elevators.
      iv. Exercise or hygiene equipment.
      v. Comfort, convenience, or luxury equipment or features.
      vi. Disposable supplies for home use such as bandages, gauze*, tape, antiseptics, dressings, and ace-type bandages. *Gauze not excluded in Kaiser Permanente Senior Advantage Part D plans.
      vii. Replacement of lost or stolen equipment.
      viii. Repairs, adjustments, or replacements necessitated by misuse.
      ix. More than one piece of DME serving essentially the same function, except for replacements.
      x. Spare equipment or alternate use equipment is not covered.

2. Prosthetic Devices
   a. Coverage
      Prosthetic devices are those rigid or semi-rigid external devices that are required to replace all or part of a body organ or extremity. Coverage of prosthetic devices includes:
      i. Internally implanted devices for functional purposes, such as pacemakers and hip joints.
      ii. Prosthetic devices for Members who have had a mastectomy. Health Plan will designate the source from which external prostheses can be obtained. Replacement will be made when a prosthesis is no longer functional. Custom-made prostheses will be provided when necessary.
      iii. Prosthetic devices, such as obturators and speech and feeding appliances, required for the treatment of cleft lip and cleft palate are covered when prescribed by a Plan Provider and obtained from sources designated by Health Plan.
      iv. Prosthetic devices intended to replace, in whole or in part, an arm or leg when prescribed by a Plan Provider, as Medically Necessary and when obtained from sources designated by Health Plan.

   b. Prosthetic Devices Exclusions
      i. Dental prostheses, except for Medically Necessary prosthodontic treatment.
      ii. Internally implanted devices, equipment, and prosthetics related to treatment of sexual dysfunction.
      iii. More than one prosthetic device for the same part of the body, except for replacements.

iv. Spare devices or alternate use devices.
v. Replacement of lost or stolen prosthetic devices.
vi. Repairs, adjustments, or replacements necessitated by misuse.

3. Orthotic Devices
   a. Coverage
      Orthotic devices are those rigid or semi-rigid external devices that are required to support or correct a defective form or function of an inoperative or malfunctioning body part or to restrict motion in a diseased or injured part of the body.

   b. Orthotic Devices Exclusions
      i. Corrective shoes and orthotic devices for podiatric use and arch supports, except for diabetic shoes in accordance with clinical guidelines and therapeutic shoes for patients with a diagnosis of peripheral vascular disease or peripheral neuropathy.
      ii. Dental devices and appliances except that Medically Necessary treatment of cleft lip or cleft palate is covered when prescribed by a Plan Provider, unless you are covered for these Services under a dental insurance policy or contract.
      iii. Experimental and research braces.
      iv. More than one orthotic device for the same part of the body, except for covered replacements.
      v. Spare devices or alternate use devices.
      vi. Replacement of lost or stolen orthotic devices.
      vii. Repairs, adjustments, or replacements necessitated by misuse.

This rider amends the EOC to provide coverage for Durable Medical Equipment (DME) and prosthetic and orthotic devices. All of the terms, conditions, limitations and exclusions of the EOC shall also apply to this rider except where specifically changed by this rider.

DMES0AB (01-21)

HEAR0AC

HEARING AID CREDIT

1. Coverage
   For Members age 18 and over, a credit per ear, which can be applied toward the purchase of a hearing aid (including dispensing fees associated with the hearing aid purchase), is provided as shown on the "Schedule of Benefits (Who Pays What)" when prescribed by, and obtained from, a Plan Provider. Hearing aid means an electronic device worn on the person for the purpose of amplifying sound.

   The full per ear credit must be used at the initial point of sale. Any credit balance remaining after the initial point of sale is forfeited.

2. Hearing Aid Exclusions
   a. Replacement parts for the repair of a hearing aid.
   b. Replacement of lost or broken hearing aids.
   c. Accessory parts and routine maintenance.
   d. Batteries.

This rider amends the EOC to provide coverage for hearing aids. All of the terms, conditions, limitations and exclusions of the EOC shall also apply to this rider except where specifically changed by this rider.

PV0AD

PREVENTIVE SERVICES RIDER

Preventive care Services, as defined under the Patient Protection and Affordable Care Act, are provided at no charge including those shown on the "Schedule of Benefits (Who Pays What)" when prescribed by a Plan Provider. Please contact **Member Services** for a complete list of covered Preventive Services.

Note: If you receive any other covered Services before, during, or after a preventive care visit, you may pay the applicable Deductible, Copayment, and Coinsurance for those Services. For example:

- You schedule a routine physical maintenance exam. During your preventive exam your provider finds a problem with your health and orders non-preventive Services to diagnose your problem (such as laboratory or radiology tests). You may pay the applicable Deductible, Copayment, or Coinsurance for these additional diagnostic Services.
- You schedule a routine preventive exam. Your provider orders laboratory tests that are not preventive care Services according to the guidelines below. You may pay the applicable Deductible, Copayment, or Coinsurance for these additional non-preventive Services.
- You schedule a routine well-person exam. During your exam, you discuss new symptoms with your provider, or new health concerns are discovered. You may pay the applicable Deductible, Copayment, or Coinsurance for this visit.

Coverage includes, but is not limited to, preventive health care Services for the following in accordance with the A or B recommendations of the U.S. Preventive Services Task Force, the Health Resources and Services Administration women's preventive services guidelines, and those preventive services mandates required by state law, for the particular preventive health care Service:

1. Office visits for preventive care Services.
2. Alcohol misuse screening and behavioral counseling interventions for adults by your primary care provider.
3. Cervical cancer screening.
4. Breast cancer screening in accordance with state law.
5. Blood pressure screening.
6. Cholesterol screening.
7. Colorectal cancer screening.
8. Prostate cancer screening.
9. Immunizations pursuant to the schedule established by the ACIP.
10. Tobacco use screening, counseling, cessation attempt services, FDA-approved tobacco cessation medications, and the Colorado QuitLine.
11. Type 2 diabetes screening for adults with high blood pressure.
12. Diet counseling for adults with hyperlipidemia and at higher risk for cardiovascular and diet-related chronic disease.
13. Cervical cancer vaccines.
14. Influenza and pneumococcal vaccinations.
15. Approved Affordable Care Act contraceptive categories.
16. Counseling, prevention, and screening for a sexually transmitted infection regardless of your gender.

"ACIP" means the Advisory Committee on Immunization Practices to the Center for Disease Control and Prevention in the federal Department of Health and Human Services, or any successor entity. Go to cdc.gov/vaccines/acip/. For a list of preventive services that have a rating of A or B from the U.S. Preventive Task Force, go to uspreventiveservicestaskforce.org/Page/Name/uspstf-a-and-b-recommendations/. For the Health Resources and Services Administration women's preventive services guidelines, go to hrsa.gov/womensguidelines/.

This rider amends the EOC to provide coverage for preventive Services. All of the terms, conditions, limitations and exclusions of the EOC shall also apply to this rider except where specifically changed by this rider.

RX0BO

PRESCRIPTION DRUG BENEFIT

NOTE: When used in this EOC, the term "preferred" refers to drugs that are included in the Health Plan drug formulary. The term "non-preferred" refers to drugs that are not included in the Health Plan drug formulary.

Please refer to the "Schedule of Benefits (Who Pays What)" in this booklet for the specific Copayments, Coinsurance, Deductible, and supply limits that apply to the covered prescription drugs described below.

1. Coverage

   Prescribed covered drugs are provided at the applicable prescription drug Copayment or Coinsurance for each tier of drug coverage. This may include: a tier for preferred generic drugs; a tier for preferred brand-name drugs or medications not having a generic or a generic equivalent; a tier for prescribed non-preferred drugs authorized through the non-preferred drug process; and a tier for certain specialty drugs. **Note:** Some specialty drugs are available in other tiers. To learn more, please visit our website at **kp.org/formulary**.

   Non-Formulary Drug Exception Process:
   You, your designee, or your Plan Provider may request access to clinically appropriate drugs not otherwise covered by Health Plan (non-formulary drugs) through a special exception process. For additional information about the prescription drug exception processes for non-formulary drugs, please contact **Member Services**.

   Diabetic supplies and accessories include, but may not be limited to:
   a. Home glucose monitoring supplies.
   b. Glucose test strips.
   c. Acetone test tablets.
   d. Nitrate urine test strips for pediatric patients.
   e. Disposable syringes for the administration of insulin.

   Such items are provided when obtained at Plan Pharmacies or from sources designated by Health Plan.

   For Copayment or Coinsurance information related to contraceptive drugs and certain devices please refer to your "Schedule of Benefits (Who Pays What)."

   For each drug, the amount covered will be the lesser of the quantity prescribed or the day supply limit. Any amount you receive that exceeds the day supply will not be covered. If you receive more than the day supply limit, you will be charged as a non-Member for any prescribed amount exceeding the limit. Certain drugs have a significant potential for waste and diversion. Those drugs will be provided for up to a 30-day supply. Each prescription refill is provided on the same basis as the original prescription. Health Plan may, in its sole discretion, establish quantity limits for specific prescription drugs.

   Generic drugs that are available in the United States only from a single manufacturer and not listed as generic in the current commercially available drug database(s) to which Health Plan subscribes are provided at the brand-name Copayment or Coinsurance. The amount covered will be the lesser of the quantity prescribed or the day supply limit.

   Prescription drugs are covered only when prescribed by a:
   a. Plan Provider and obtained at Plan Pharmacies; or
   b. Provider to whom a Member has been referred by a Plan Provider and obtained at Plan Pharmacies; or
   c. Dentist (when prescribed for acute conditions) and obtained at Plan Pharmacies.

   Covered drugs include:
   a. Drugs for which a prescription is required by law.
   b. Insulin. You are not responsible for more than $100 per thirty-day supply of all covered prescription insulin drugs.
   c. Renewal of prescription eye drops and one additional bottle of prescription eye drops in accordance with state law.
   d. Compounded medications. **Note:** Compounded medications must be obtained from the pharmacy that is designated by Health Plan. Refills of compounded medications cannot be ordered on **kp.org**, by mail order, or through the automated refill line. Please call **303-764-4900** (TTY **711**) and press "0" to speak to the pharmacy staff for assistance.
   e. Epinephrine auto-injectors. You are not responsible for more than $60 for all prescription two-pack epinephrine auto-injectors.

   Plan Pharmacies may substitute a generic equivalent for a brand-name drug unless prohibited by the Plan Provider. If you request a brand-name drug when a generic equivalent drug is the preferred product, you must pay the brand-name Copayment, plus any difference in price between the preferred generic equivalent drug prescribed by the Plan Provider and the requested brand-name drug. If the brand-name drug is prescribed and authorized by the Plan due to Medical Necessity, you pay the applicable Copayment or Coinsurance.

2. Limitations
   a. Some drugs may require prior authorization. You do not need prior authorization for any FDA-approved prescription drug listed on our formulary for the treatment of substance use disorder, or for FDA-approved HIV infection prevention drugs when prescribed and dispensed by a pharmacist.
   b. We may apply Step Therapy to certain drugs with some exceptions. The exceptions are:
      i. substance use disorder drugs;
      ii. stage four advanced metastatic cancer drugs;
      iii. FDA-approved HIV infection prevention drugs when prescribed and dispensed by a pharmacist.

      You or your Plan Provider may request a Step Therapy exception if you previously tried a drug and your use of the drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event.
   c. Coverage determinations for the off-label use of medications will be consistent with Medicare compendia, and coverage determinations for the off-label use of oncologic agents will be consistent with the Medicare Improvements for Patients and Providers Act (MIPPA) of 2008.

3. Prescription Drugs, Supplies, and Supplements Exclusions
   a. Drugs for which a prescription is not required by law.
   b. Disposable supplies for home use such as bandages, gauze, tape, antiseptics, dressing and ace-type bandages.
   c. Prescription drugs necessary for Services excluded in the EOC.
   d. Non-preferred drugs, except those prescribed and authorized through the non-preferred drug process.
   e. Any drugs listed as not covered in the "Schedule of Benefits (Who Pays What)."
   f. Drugs to shorten the length of the common cold.
   g. Drugs to enhance athletic performance.
   h. Drugs available over the counter and by prescription for the same strength.
   i. Certain drugs determined excluded by our Pharmacy and Therapeutics Committee.
   j. Any prescription drug packaging except the dispensing pharmacy's standard packaging.
   k. Replacement of prescription drugs for any reason. This includes spilled, lost, damaged, or stolen prescriptions.
   l. Drugs administered during a medical office visit.
   m. Medical Foods and Medical Devices.
   n. Unless approved by Health Plan, drugs not approved by the FDA.

This rider amends the EOC to provide coverage for prescription drugs. All of the terms, conditions, limitations and exclusions of the EOC shall also apply to this rider except where specifically changed by this rider.

KAISER PERMANENTE®

NONDISCRIMINATION NOTICE

Kaiser Foundation Health Plan of Colorado (Kaiser Health Plan) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Kaiser Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. We also:

- Provide no-cost aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats, such as large print, audio, and accessible electronic formats

- Provide no-cost language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, call **1-800-632-9700** (TTY **711**).

If you believe that Kaiser Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by mail at: Customer Experience Department, Attn: Kaiser Permanente Civil Rights Coordinator, 10350 E. Dakota Ave, Denver, CO 80247, or by phone at Member Services **1-800-632-9700** (TTY **711**).

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, **1-800-368-1019**, (TTY **1-800-537-7697**). Complaint forms are available at **hhs.gov/ocr/office/file/index.html**.

SCHEDULE OF BENEFITS (WHO PAYS WHAT)

This Schedule of Benefits discusses:

I. DEDUCTIBLES (if applicable)

II. ANNUAL OUT-OF-POCKET MAXIMUMS (OPM)

III. COPAYMENTS AND COINSURANCE

IMPORTANT INFORMATION: PLEASE READ

This Schedule of Benefits does not fully describe the Services covered under this EOC. ***For a complete understanding of the benefits, limitations and exclusions that apply to your coverage under this plan, it is important to read this EOC in conjunction with this Schedule of Benefits.*** Please refer to the heading in the "Benefits/Coverage (What Is Covered)" section and to the “Limitations/Exclusions (What Is Not Covered)” section of this EOC.

Services received may be described in multiple sections of this Schedule of Benefits (for example, Office Services, Durable Medical Equipment, X-ray, Laboratory, and Advanced Imaging Procedures may all apply to a broken arm). See the appropriate sections for applicable Copayment, Coinsurance, and Deductible information.

You are responsible for any applicable Copayment or Coinsurance for Services performed as part of or in conjunction with other outpatient Services, including but not limited to: office visits; Emergency Services; urgent care; and outpatient surgery.

Here is some ***important information*** to keep in mind as you read this Schedule of Benefits:

1. For a Service to be a covered Service:
   a. The Service ***must be*** Medically Necessary (refer to the “Definitions” section in this EOC); ***and***
   b. The Service ***must be*** provided, prescribed, recommended, or directed by a Plan Provider; ***and***
   c. The Service ***must be*** described in this EOC as covered. Refer to the “Benefits/Coverage (What is Covered)” section.
2. The Charges for your Services are ***not*** always known at the time you receive the Service. You ***will get a bill*** for any Deductibles, Copayments, or Coinsurance that are not known at the time you receive the Service.
3. The Deductibles, Copayments, or Coinsurance listed here apply to covered Services provided to Members enrolled in this plan. Only covered Services apply to the Deductible and OPM. Non-covered Services will not apply to the Deductible and OPM.
4. Copayments for Services are due at the time you receive the Service. Deductibles or Coinsurance for Services may also be due at the time you receive the Service.
5. Except for #6 below, you may be responsible for any amounts over eligible Charges in addition to any Copayment or Coinsurance.
6. With respect to Emergency Services received in an Out-of-Plan Facility, or Services rendered by an Out-of-Plan Provider in a Plan Facility, you will not be balance billed by either the Out-of-Plan Provider or Out-of-Plan Facility. You are responsible for the same Deductible, Copayment, or Coinsurance amounts that you would pay if the care was provided in a Plan Facility or provided by a Plan Provider.
7. You may be charged separate Deductibles, Copayments, or Coinsurance for additional Services you receive during your visit or if you receive Services from more than one provider during your visit.
8. We reserve the right to reschedule non-emergency, non-routine care if you do not pay all amounts due at the time you receive the Service.
9. For items ordered in advance, you pay the Deductibles, Copayments, or Coinsurance in effect on the order date.
10. You, as the Subscriber, are responsible for any Deductibles, Copayments, and/or Coinsurance incurred by your Dependents enrolled in the Plan.
11. If you are the only person on your plan, your plan will become a family plan upon the addition of any eligible Dependent to your plan. This includes, but is not limited to, any temporary additions to your plan, such as the coverage of a newborn for 31 days as required by state law.

I. DEDUCTIBLES

A. The medical Deductible represents the full amount you must pay for certain covered Services during the Accumulation Period before any Copayment or Coinsurance applies. Covered Services may or may not be subject to the medical Deductible. It depends on the plan your Group has purchased.

For covered Services that are subject to the medical Deductible, any amounts you pay over eligible Charges will not apply toward the medical Deductible.

1. For covered Services that **ARE** subject to the medical Deductible:
   a. You must pay full charges for covered Services until your medical Deductible is satisfied. Please see "III. Copayments and Coinsurance" to find out which covered Services are subject to the medical Deductible.
   b. Once you have met your medical Deductible for the Accumulation Period, you will then pay, for the rest of the Accumulation Period, your applicable Copayment or Coinsurance for those covered Services subject to the medical Deductible (see "III. Copayments and Coinsurance").
   c. Your applicable Copayment, Coinsurance, and medical Deductible may apply to your annual OPM (see "II. Annual Out-of-Pocket Maximums").
2. For covered Services that **ARE NOT** subject to the medical Deductible:
   a. Only services that apply to the medical Deductible are specified in "III. Copayments and Coinsurance." Covered Services that **ARE NOT** subject to the medical deductible will not be specified in "III. Copayments and Coinsurance."
   b. Your Copayment or Coinsurance will apply, as listed in "III. Copayments and Coinsurance."

B. If your Group has purchased a supplemental prescription drug benefit with a pharmacy Deductible, payments made for prescription drugs apply *only* to the pharmacy Deductible.

The pharmacy Deductible represents the full amount you must pay for prescription drugs before any Copayment or Coinsurance applies. Prescription drugs may or may not be subject to the pharmacy Deductible. It depends on the plan your Group has purchased.

1. For prescription drugs that **ARE** subject to the pharmacy Deductible:
   a. You must pay full charges for prescription drugs until your pharmacy Deductible is satisfied. Please see "III. Copayments and Coinsurance", "Prescription Drugs, Supplies, and Supplements" to find out which prescription drugs are subject to the pharmacy Deductible.
   b. Once you have met your pharmacy Deductible for the Accumulation Period, you will then pay, for the rest of the Accumulation Period, your applicable Copayment or Coinsurance for those prescriptions drugs subject to the pharmacy Deductible (see "III. Copayments and Coinsurance", "Prescription Drugs, Supplies, and Supplements").
   c. If your Group purchased a plan with a pharmacy Deductible, payments made for prescription drugs will be applied *only* to the pharmacy Deductible. Your pharmacy Deductible does not apply to the medical Deductible and accumulates separately from the medical Deductible.
   d. Your applicable Copayment, Coinsurance, and/or pharmacy Deductible may not apply to your annual OPM (see "II. Annual Out-of-Pocket Maximums").
2. For prescription drugs that **ARE NOT** subject to the pharmacy Deductible:

   Your Copayment or Coinsurance will apply, as listed in "III. Copayments and Coinsurance", "Prescription Drugs, Supplies, and Supplements."

II. ANNUAL OUT-OF-POCKET MAXIMUMS

The OPM limits the total amount you must pay during the Accumulation Period for certain covered Services. Covered Services may or may not apply toward the OPM (see "III. Copayments and Coinsurance"). It depends on the plan your Group has purchased.

For covered Services that apply toward the OPM, any amounts you pay over eligible Charges will not apply toward the OPM.

A. Your Deductible(s) may apply toward the OPM (see "I. Deductibles").

B. For covered Services that **APPLY** toward the OPM:
   1. The only Copayments or Coinsurance ***that apply*** toward the OPM are those made for covered Services listed as ***applying*** to the OPM. Copayments or Coinsurances ***apply*** toward the OPM unless otherwise specified in "III. Copayments and Coinsurance".
   2. Once your OPM is met, you will no longer pay for covered Services ***that apply*** toward the OPM for the rest of the Accumulation Period.

C. For covered Services that do **NOT APPLY** toward the OPM:

1. The only Copayments or Coinsurance that ***do not apply*** toward the OPM are those made for covered Services listed as ***not*** applying to the OPM (see "III. Copayments and Coinsurance").
2. Once your OPM is met, you will continue to pay for covered Services that ***do not apply*** toward the OPM for the rest of the Accumulation Period.

Tracking Deductible(s) and Out-of-Pocket Amounts

Once you have received Services and we have processed the claim for Services rendered, we will provide an Explanation of Benefits (EOB). The EOB will list the Services you received, the cost of those Services, and the payments made for the Services. It will also include information regarding what portion of the payments were applied to your Deductible(s) and/or OPM amounts.

For more information about your Deductible or OPM amounts, please call **Member Services** or go to **kp.org**.

III. COPAYMENTS AND COINSURANCE

Note: Day, visit, and dollar limits, Deductibles, and Out-of-Pocket Maximums are based on a calendar year Accumulation Period.

Medical Deductible

Note: Covered Services do not apply to the medical Deductible unless otherwise specified.

Embedded	$750/Individual per Accumulation Period $1,500/Family per Accumulation Period
Medical Deductible An Embedded Medical Deductible means: • Each individual family Member has their own medical Deductible. • If you reach your individual medical Deductible before the family medical Deductible is met, you will begin paying Copayments or Coinsurance for most covered Services for the rest of the Accumulation Period. After the family medical Deductible is met, all covered family Members will begin paying Copayments or Coinsurance for most covered Services for the rest of the Accumulation Period. This is true even for family Members who have not met their individual medical Deductible	

Out-of-Pocket Maximum

Note: Covered services apply to the Out-of-Pocket Maximum unless otherwise specified.

Embedded Out-of-Pocket Maximum An Embedded OPM means: • Each individual family Member has their own OPM. • If you reach your individual OPM before the family OPM is met, you will no longer pay Copayments or Coinsurance for those covered Services that apply to the OPM for the rest of the Accumulation Period. • After the family OPM is met, all covered family Members will no longer pay Copayments or Coinsurance for those covered Services that apply to the OPM for the rest of the Accumulation Period. This is true even for family Members who have not met their individual OPM.	$3,000/Individual per Accumulation Period $6,000/Family per Accumulation Period

Covered services are not subject to the medical Deductible unless otherwise specified. Covered services apply to the Out-of-Pocket Maximum unless otherwise specified.

Eligibility Amendments

- Dependent Limiting Age

  The Dependent limiting age as described under Dependents in the "Eligibility" section of the EOC is the end of the month in which age 26 is reached. If the Member continues to meet all other eligibility requirements, a Dependent child will continue to be eligible until the Dependent child reaches this age. For additional information regarding eligible Dependents, including certain Dependents over the limiting age, please refer to the “Eligibility” section in the EOC.

- Domestic Partner

  Your Group coverage includes health benefits for both same- and opposite-sex domestic partners and their Dependents. To be covered they must meet:
  1. The eligibility requirements as described in the “Eligibility” section of this EOC; and
  2. The conditions for domestic partnership as described in the Affidavit of Domestic Partnership.
  You are required to complete and submit an Affidavit of Domestic Partnership to Health Plan. Please check with your Group’s benefit administrator for details.

- Grandchildren

  Under your Group contract, a grandchild of you or your Spouse can be enrolled as your Dependent in this health benefit plan. This includes an adopted or foster grandchild. The grandchild must meet all Group and Health Plan eligibility requirements.

Group-Specific Coverage

- Eligible Organization

  This plan covers federally mandated over-the-counter non-prescription female contraceptive drugs and devices.

Additional Provisions

Please see “Additional Provisions” for any supplemental information that applies to your coverage

ADDITIONAL PROVISIONS

I. ELIGIBILITY

A. Who Is Eligible

1. General

   To be eligible to enroll and to remain enrolled in this health benefit plan, you must meet the following requirements:

   a. You must meet your Group's eligibility requirements that we have approved. Your Group is required to inform Subscribers of the Group's eligibility requirements; and
   b. You must also meet the Subscriber or Dependent eligibility requirements as described below; and
   c. The Subscriber must live or reside in our Service Area. Our Service Area is described in the "Definitions" section.

2. Subscribers

   You may be eligible to enroll as a Subscriber if you are entitled to Subscriber coverage under your Group's eligibility requirements. An example would be an employee of your Group who works at least the number of hours stated in those requirements.

3. Dependents

   If you are a Subscriber, the following persons may be eligible to enroll as your Dependents under this plan:

   a. Your Spouse. (Spouse includes a partner in a valid civil union under state law.)

   b. Your or your Spouse's children (including adopted children and children placed with you for adoption) who are under the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)."

   c. Other dependent persons (but not including foster children) who meet all of the following requirements:
      i. They are under the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)"; and
      ii. You or your Spouse is the court-appointed permanent legal guardian (or was before the person reached age 18).

   d. Your or your Spouse's unmarried children over the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)" who are medically certified as disabled and dependent upon you or your Spouse are eligible to enroll or continue coverage as your Dependents if the following requirements are met:
      i. They are dependent on you or your Spouse; and
      ii. You give us proof of the Dependent's disability and dependency annually if we request it.

   e. Subscriber's designated beneficiary prescribed by Colorado law, if your employer elects to cover designated beneficiaries as dependents.

   Students on Medical Leave of Absence. Dependent children who lose dependent student status at a postsecondary educational institution due to a Medically Necessary leave of absence may remain eligible for coverage until the earlier of: (i) one year after the first day of the Medically Necessary leave of absence; or (ii) the date dependent coverage would otherwise terminate under this EOC. We must receive written certification by a treating physician of the dependent child which states that the child is suffering from a serious illness or injury, and that the leave of absence or other change of enrollment is Medically Necessary.

   If your plan has different eligibility requirements, please see the "Eligibility Amendments" section of the "Schedule of Benefits (Who Pays What)" and/or the "Additional Provisions."

B. Enrollment and Effective Date of Coverage

Eligible people may enroll as follows, and membership begins at 12:00 a.m. on the membership effective date:

1. New Employees and their Dependents

   If you are a new employee, you may enroll yourself and any eligible Dependents by submitting a Health Plan-approved enrollment application to your Group within 31 days after you become eligible. You should check with your Group to see when new employees become eligible. Your membership will become effective on the date specified by your Group.

2. Members Who are Inpatient on Effective Date of Coverage

   If you are an inpatient in a hospital or institution when your coverage with us becomes effective and you had other coverage when you were admitted, state law will determine whether we or your prior carrier will be responsible for payment for your care until your date of discharge.

3. Special Enrollment Due to Newly Acquired Dependents

   You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan-approved enrollment application to your Group within 31 days after a Dependent becomes newly eligible.

   The membership effective date for the Dependents (and, if applicable, the new Subscriber) will be:

   a. For newborn children, the moment of birth. Your newborn child is covered for the first 31 days following birth. This coverage is required by state law, whether or not you intend to add the newborn to this plan.

For existing Subscribers:

i. If the addition of the newborn child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber, in order for the newborn to keep coverage beyond the first 31-day period of coverage, is required to: (A) pay the new amount due for coverage after the first 31-day period of coverage; and (B) notify Health Plan within 31 days of the newborn's birth.

ii. If the addition of the newborn child to the Subscriber's coverage will not change the amount the Subscriber pays for coverage, the Subscriber must still notify Health Plan after the birth of the newborn to get the newborn enrolled onto the Subscriber's Health Plan coverage.

b. For newly adopted children (including children newly placed for adoption), the date of the adoption or placement for adoption. An eligible adopted child must be enrolled within 31 days from the date the child is placed in your custody or the date of the final decree of adoption.

For existing Subscribers:

i. If the addition of the newly adopted child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber, in order for the newly adopted child to continue coverage beyond the initial 31-day period of coverage, is required to: (A) pay the new amount due for coverage after the initial 31-day period of coverage; and (B) notify Health Plan within 31 days of the child's adoption or placement for adoption.

ii. If the addition of the newly adopted child to the Subscriber's coverage will not change the amount the Subscriber pays for coverage, the Subscriber must still notify Health Plan after the adoption or placement for adoption of the child to get the child enrolled onto the Subscriber's Health Plan coverage.

c. For all other Dependents, if enrolled within 31 days of becoming eligible, no later than the first day of the month following the date your Group receives the enrollment application. Your Group will let you know the membership effective date. Employees and Dependents who are not enrolled when newly eligible must wait until the next open enrollment period to become Members of Health Plan, unless: (i) they enroll under special circumstances, as agreed to by your Group and Health Plan; or (ii) they enroll under the provisions described in "Special Enrollment."

4. Special Enrollment

You or your Dependent may experience a qualifying event that allows a change in your enrollment. Examples of qualifying events are the loss of coverage, a Dependent's aging off this plan, marriage, and birth of a child. The qualifying event results in a special enrollment period that usually (but not always) starts on the date of the qualifying event and lasts for 30 days. During the special enrollment period, you may enroll your Dependent(s) in this plan, or in certain circumstances, you may change plans (your plan choice may be limited). There are requirements that you must meet to take advantage of a special enrollment period including showing proof of your own or your Dependent's qualifying event. To learn more about qualifying events, special enrollment periods, how to enroll or change your plan (if permitted), timeframes for submitting information to Health Plan and other requirements, contact your Group. If your Group coverage is ending, call **Member Services** or go to kp.org/specialenrollment.

5. Open Enrollment

You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan-approved enrollment application to your Group during the open enrollment period. Your Group will let you know when the open enrollment period begins and ends and the membership effective date.

6. Persons Barred from Enrolling

You cannot enroll if you have had your entitlement to receive Services through Health Plan terminated for cause.

II. HOW TO ACCESS YOUR SERVICES AND OBTAIN APPROVAL OF BENEFITS

As a Member, you are selecting our medical care program to provide your health care. You must receive all covered Services from Plan Providers inside our Service Area, except as described under the following headings:

- "Emergency Services Provided by Out-of-Plan Providers (out-of-Plan Emergency Services)" in "Emergency Services and Urgent Care" in the "Benefits/Coverage (What is Covered)" section.
- "Urgent Care" in "Emergency Services and Urgent Care" in the "Benefits/Coverage (What is Covered)" section.
- "Out-of-Area Benefit" in the "Benefits/Coverage (What is Covered)" section.
- "Access to Other Providers" in this section.
- "Visiting Other Kaiser Regional Health Plan Service Areas" in this section.
- "Plus Benefit" if purchased by your Group. See the "Schedule of Benefits (Who Pays What)" to determine if your Group has purchased this coverage.

In some circumstances, you might receive Emergency or non-Emergency Services from an Out-of-Plan Provider or Out-of-Plan Facility. **Non-Emergency Services from Out-of-Plan Providers are not covered unless they are authorized by us.** If Services from an Out-of-Plan Provider or Out-of-Plan Facility are authorized, the Deductible, Copayment, and/or Coinsurance for these authorized Services are the same as for covered Services received from a Plan Provider or Plan Facility. You have the right and responsibility to request a Plan Provider to provide Services.

A. Your Primary Care Provider

Your primary care provider (PCP) plays an important role in coordinating your health care needs. This includes hospital stays and referrals to specialists. Every member of your family should have their own PCP.

1. Choosing Your Primary Care Provider

   You may select a PCP from family medicine, pediatrics, or internal medicine. When possible, we encourage you to choose a PCP whose office is in a Kaiser Permanente Medical Office Building. **You may have a higher Copayment and/or Coinsurance with certain providers. Please refer to your "Schedule of Benefits (Who Pays What)" for additional details.** You may also receive a second medical opinion from a Plan Provider upon request. Please refer to the "Second Opinions" section.

   You must choose a PCP when you enroll. If you do not select a PCP upon enrollment, one near your home will be assigned to you. To review a list of Plan Providers and their biographies, go to kp.org/locations. You can also get a copy of the directory by calling **Member Services**. To choose a PCP, sign into your account online, or call the **Clinical Contact Center** for help choosing a PCP.

2. Changing Your Primary Care Provider

   Please call the **Clinical Contact Center** to change your PCP. You may also change your PCP online or when visiting a Kaiser Permanente Medical Office Building. You may change your PCP at any time.

B. Access to Other Providers

1. Referrals and Authorizations

   If your Plan Provider decides that you need covered Services not available from us, they will request a referral for you to see an Out-of-Plan Provider. If your Plan Provider decides you need specialty care that is not eligible for a self-referral, they will request a referral for you to see a specialty-care Plan Provider. (See the "Specialty Referrals" section below.)

   These referral requests result in an Authorization or a denial. However, there may be circumstances where Health Plan will partially authorize your provider's referral request.

   An Authorization is a referral request that has received approval from Health Plan. An Authorization is limited to a specific Service, treatment or series of treatments, and period of time. The provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid.

   An Authorization is required for Services provided by Out-of-Plan Providers or Out-of-Plan Facilities. If your provider refers you to an Out-of-Plan Provider or Out-of-Plan Facility, inside or outside our Service Area, you must have a written Authorization in order for us to cover the Services.

   All referral Services must be requested and authorized in advance. We will not pay for any care rendered by a provider unless the care is specifically authorized in advance by Health Plan. A written or verbal recommendation by a provider that you get non-covered Services (whether Medically Necessary or not) is not considered an Authorization, and is **not** covered.

2. Specialty Referrals

   Generally, you will need a referral and prior Authorization for Services (including routine visits) from specialty-care Plan Providers. You do not need a referral or prior Authorization in order to obtain access to eye care services from a Plan Provider. You do not need a referral or prior Authorization in order to obtain access to obstetrical or gynecological care from a Plan Provider who specializes in obstetrics or gynecology.

   For additional information on which Services require prior Authorization, please call **Member Services**. You will find specialty-care Plan Providers in the Kaiser Permanente Provider Directory. The Provider Directory is available on our website, kp.org/locations. If you need a printed copy of the Provider Directory, please call **Member Services**.

   Authorization from Health Plan is required for: (i) Services in addition to those provided as part of the routine office visit, such as procedures or surgery; and (ii) visits to specialty-care Plan Providers not eligible for self-referrals; and (iii) Out-of-Plan Providers. The request for these Services can be generated by either your PCP or by a specialty-care provider. If the request is approved, the provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid.

A Plan Provider can directly refer you for some laboratory or radiology Services and for specialty procedures such as a CT scan or MRI. However, certain laboratory or radiology Services and specialty procedures will still require an Authorization.

3. Second Opinions
Upon request and subject to payment of any applicable Deductible, Copayments, and/or Coinsurance, you may get a second opinion from a Plan Provider about any proposed covered Services.

If the recommendations of the first and second providers differ regarding the need for Services, a third opinion may be covered if authorized by Health Plan. Third medical opinions are not covered unless authorized by Health Plan before Services are rendered.

Authorization of a second or third opinion is limited to a consultation only and does not include any additional Services. Authorization of a second or third opinion may be limited to providers in Kaiser Permanente Medical Office Buildings.

C. Plan Facilities

Services are available at Plan Facilities conveniently located throughout the Service Area. We encourage you to receive routine outpatient Services at a Kaiser Permanente Medical Office Building, which often provides all the covered Services you need, including specialized care. **You may have a different Copayment and/or Coinsurance at certain facilities. Please refer to your "Schedule of Benefits (Who Pays What)" for additional details.**
Plan Facilities are listed in our provider directory, which we update regularly. You can get a current copy of the directory by calling **Member Services**. You can also get a list of Plan Facilities on our website. Go to kp.org/locations.

D. Getting the Care You Need

Emergency care is covered 24 hours a day, 7 days a week anywhere in the world. **If you think you have a Life or Limb Threatening Emergency, call 911 or go to the nearest emergency department or Independent Freestanding Emergency Department.** For coverage information about emergency care, including out-of-Plan Emergency Services, and emergency benefits away from home, please refer to "Emergency Services" in the "Benefits/Coverage (What is Covered)" section.

If you need urgent care, you may use one of the designated urgent care Plan Facilities. There may be instances when you need to receive urgent care outside our Service Area. The Copayment or Coinsurance for urgent care listed in the "Schedule of Benefits (Who Pays What)" will apply. For additional information about urgent care, please refer to "Urgent Care" in the "Benefits/Coverage (What is Covered)" section.

E. Visiting Other Kaiser Regional Health Plan Service Areas

You may receive visiting member services from another Kaiser regional health plan as directed by that other plan so long as such services would be covered under this EOC. Kaiser regional health plan service areas may change at any time. Currently they are: the District of Columbia and parts of California, Colorado, Georgia, Hawaii, Maryland, Oregon, Virginia, and Washington. For more information, please call **Member Services.** Visiting member services shall be subject to the terms and conditions set forth in this EOC including but not limited to those pertaining to prior Authorization; Deductible; Copayment; Coinsurance; limitations and exclusions, as further described online at kp.org/travel. Certain services are not covered as visiting member services.

For more information about receiving visiting member services in other Kaiser regional health plan service areas, including provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at kp.org/travel.

F. Using Your Health Plan Identification Card

Each Member is issued a Health Plan Identification (ID) card with a Medical Record Number on it. This is useful when you call for advice, make an appointment, or go to a Plan Provider for care. The Medical Record Number is used to identify your medical records and membership information. You should always have the same Medical Record Number. Please call **Member Services** if: (1) we ever inadvertently issue you more than one Medical Record Number; or (2) you need to replace your Health Plan ID card.

Your Health Plan ID card is for identification only. To receive covered Services, you must be a current Health Plan Member. Anyone who is not a Member will be billed as a non-Member for any Services we provide. In addition, non-Member claims for Emergency or non-emergency care Services will be denied. If you let someone else use your Health Plan ID card, we may keep your card and terminate your membership.

When you receive Services, you will need to show photo identification along with your Health Plan ID card. This allows us to ensure proper identification and to better protect your coverage and medical information from fraud. If you suspect you or your membership is a victim of fraud, please call **Member Services** to report your concern.

III. BENEFITS/COVERAGE (WHAT IS COVERED)

The Services described in this "Benefits/Coverage (What is Covered)" section are covered only if all the following conditions are satisfied:

- The Services are Medically Necessary; and
- The Services are provided, prescribed, recommended, or directed by a Plan Provider. This does not apply where noted to the contrary in the following sections of this EOC: (a) "Emergency Services Provided by Out-of-Plan Providers (out-of-Plan Emergency Services)" and "Urgent Care" in "Emergency Services and Urgent Care"; and (b) "Out-of-Area Benefit"; and (c) "Plus Benefit" if purchased by your Group (see the "Schedule of Benefits (Who Pays What)" to determine if your Group has purchased this coverage); and
- You receive the Services from Plan Providers inside our Service Area. This does not apply where noted to the contrary in the following sections of this EOC: (a) "Referrals and Authorizations" and "Specialty Referrals"; and (b) Emergency Services, Urgent Care, certain Post Stabilization Care Services that qualify as Emergency Services (under applicable federal law and state law), and Ancillary Services for which you have prior Authorization in "Emergency Services and Urgent Care"; and (c) "Out-of-Area Benefit"; and (d) "Visiting Other Kaiser Regional Health Plan Service Areas"; and (e) "Plus Benefit" if purchased by your Group (see the "Schedule of Benefits (Who Pays What)" to determine if your Group has purchased this coverage); and
- Your provider has received prior Authorization for your Services, as appropriate. When you receive covered Services for which you do not have prior Authorization or that you receive from Out-of-Plan Providers or from Out-of-Plan Facilities that have not been approved by us in advance, we will not pay for them except when they are Emergency Services or urgent care.

We cover COVID-19 testing and treatment required under applicable federal or Colorado laws, regulations, or bulletins.

Exclusions and limitations that apply only to a certain benefit are described in this "Benefits/Coverage (What is Covered)" section. Exclusions, limitations, and reductions that apply to all benefits are described in the "Limitations/Exclusions (What is Not Covered)" section.

Note: Deductibles, Copayments, and/or Coinsurance may apply to the benefits and are described below. For a complete list of Deductible, Copayment, and Coinsurance requirements, see the "Schedule of Benefits (Who Pays What)." You will also be required to pay any amount in excess of eligible Charges and any amount for Services provided by an Out-of-Plan Provider when you consent to their provision of Services. You are responsible for any applicable Deductible, Copayment, or Coinsurance for Services performed as part of or in conjunction with other outpatient Services, including but not limited to: office visits; Emergency Services; urgent care; and outpatient surgery.

A. Office Services

Office Services for Preventive Care, Diagnosis, and Treatment

We cover, under this "Benefits/Coverage (What is Covered)" section and subject to any specific limitations, exclusions, or exceptions as noted throughout this EOC, the following office Services for preventive care, diagnosis, and treatment, including professional medical Services of physicians and other health care professionals in the physician's office, during medical office consultations, in a Skilled Nursing Facility, or at home:

1. Primary care visits: Services from family medicine, internal medicine, and pediatrics.
2. Specialty care visits: Services from providers that are not primary care, as defined above.
3. Routine prenatal and postpartum visits: The routine prenatal benefit covers office exams, routine chemical urinalysis and fetal stress tests performed during the office visit. Member may receive Services from a certified nurse midwife. See the applicable section of your "Schedule of Benefits (Who Pays What)" for the Copayment and/or Coinsurance for all other Services received during a prenatal visit.
4. Consultations with clinical pharmacists.
5. Other covered Services received during an office visit or a scheduled procedure visit.
6. Outpatient hospital clinic visits with an Authorization from Health Plan.
7. Blood, blood products, and their administration.
8. House calls when care can best be provided in your home as determined by a Plan Provider.
9. Second opinion.
10. Medical social Services.
11. Preventive care Services (see "Preventive Care Services" in this "Benefits/Coverage (What is Covered)" section for more details).
12. Professional review and interpretation of patient data from a remote monitoring device.
13. Virtual care Services.
14. Office-administered drugs. Some drugs may require prior Authorization.

    Note: If the following are administered during an office visit, urgent care visit, or home visit, and administration or observation by medical personnel is required, they are covered at the applicable office-administered drug Copayment or

Coinsurance shown in the "Schedule of Benefits (Who Pays What)." This Copayment or Coinsurance may be in addition to the Copayment or Coinsurance for your visit.

- Drugs (including Biologics and Biosimilars) and injectables;
- Radioactive materials used for therapeutic purposes;
- Vaccines and immunizations approved for use by the U.S. Food and Drug Administration (FDA); and
- Allergy test and treatment materials.

Note: To determine if your Group has the bariatric surgery benefit, see the "Schedule of Benefits (Who Pays What)." If your Group has the bariatric surgery benefit, you must meet Utilization Management Program Criteria to be eligible for coverage.

B. Outpatient Hospital and Surgical Services

Outpatient Services at Designated Facilities

We cover, only as described under this "Benefits/Coverage (What is Covered)" section and subject to any specific limitations, exclusions, or exceptions as noted throughout this EOC, the following outpatient Services for diagnosis and treatment, including professional medical Services of physicians:

1. Outpatient surgery at Plan Facilities that are designated to provide surgical Services, including an ambulatory surgical center, surgical suite, or outpatient hospital facility. Kaiser Permanente applies Medicare global surgery guidelines in accordance with the Centers for Medicare and Medicaid Services (CMS).

   Note: Services provided during post-surgical office visits may have a cost-share.

2. Outpatient hospital Services at facilities that are designated to provide outpatient hospital Services, including but not limited to: electroencephalogram; sleep study; stress test; pulmonary function test; any treatment room; or direct admission to any observation room. You may be charged an additional Copayment or Coinsurance for any Service which is listed as a separate benefit under this "Benefits/Coverage (What is Covered)" section.

Note: To determine if your Group has the bariatric surgery benefit, see the "Schedule of Benefits (Who Pays What)." If your Group has the bariatric surgery benefit, you must meet Utilization Management Program Criteria to be eligible for coverage.

C. Hospital Inpatient Care

1. Inpatient Services in a Plan Hospital

   We cover, only as described under this "Benefits/Coverage (What is Covered)" section and subject to any specific limitations, exclusions, or exceptions as noted throughout this EOC, the following inpatient Services in a Plan Hospital, when the Services are generally and customarily provided by acute care general hospitals in our Service Area:

   a. Room and board, such as semiprivate accommodations or, when it is Medically Necessary, private accommodations or private duty nursing care.
   b. Intensive care and related hospital Services.
   c. Professional Services of physicians and other health care professionals during a hospital stay.
   d. General nursing care.
   e. Obstetrical care and delivery. This includes Cesarean section. If the covered stay for childbirth ends after 8 p.m., coverage will be continued until 8 a.m. the following morning. **Note:** If you are discharged within 48 hours after delivery (or 96 hours if delivery is by Cesarean section), your Plan Provider may order a follow-up visit for you and your newborn to take place within 48 hours after discharge. All charges incurred by the newborn are subject to all Health Plan provisions. This includes the newborn's own Deductible, Out-of-Pocket Maximum, Copayment, and/or Coinsurance requirements. This applies even if the newborn is covered only for the first 31 days that is required by state law.
   f. Meals and special diets.
   g. Other hospital Services and supplies, such as:
      i. Operating, recovery, maternity, and other treatment rooms.
      ii. Prescribed drugs and medicines.
      iii. Diagnostic laboratory tests and X-rays.
      iv. Blood, blood products and their administration.
      v. Dressings, splints, casts, and sterile tray Services.
      vi. Anesthetics, including nurse anesthetist Services.
      vii. Medical supplies, appliances, medical equipment, including oxygen, and any covered items billed by a hospital for use at home.

   Note: To determine if your Group has the bariatric surgery benefit, see the "Schedule of Benefits (Who Pays What)." If your Group has the bariatric surgery benefit, you must meet Utilization Management Program Criteria to be eligible for coverage.

2. Hospital Inpatient Care Exclusions

   a. Dental Services are excluded, except that we cover hospitalization and general anesthesia for dental Services provided to Members as required by state law.

b. Cosmetic surgery related to bariatric surgery.

D. Ambulance Services and Other Transportation

1. Coverage
   We cover ambulance Services only if your condition requires the use of medical Services that only a licensed ambulance can provide. Kaiser Permanente applies Medicare guidelines for ambulance Services in accordance with the Centers for Medicare and Medicaid Services (CMS).

2. Ambulance Services Exclusions
   a. Non-emergency routine ambulance services to home or other non-acute health care setting are not covered.
   b. Transportation by other than a licensed ambulance is not covered. Transportation by car, taxi, bus, gurney van, minivan, or any other type of transportation is not covered, even if it is the only way to travel to a Plan Provider.

   Note: Health Plan will cover certain non-emergent, non-ambulance transportation when there is prior Authorization by Health Plan.

E. Clinical Trials

Note: We cover the initial evaluation for eligibility and acceptance into a clinical trial only if authorized by Health Plan.

1. Coverage **(applies to non-grandfathered health plans only)**
   We cover Services you receive in connection with a clinical trial if all of the following conditions are met:
   a. We would have covered the Services if they were not related to a clinical trial.
   b. You are eligible to participate in the clinical trial according to the trial protocol with respect to treatment of cancer or other life-threatening condition (a condition from which the likelihood of death is probable unless the course of the condition is interrupted), as determined in one of the following ways:
      i. A Plan Provider makes this determination.
      ii. You provide us with medical and scientific information establishing this determination.
   c. If any Plan Providers participate in the clinical trial and will accept you as a participant in the clinical trial, you must participate in the clinical trial through a Plan Provider unless the clinical trial is outside the state where you live.
   d. The clinical trial is a phase I, phase II, phase III, or phase IV clinical trial related to the prevention, detection, or treatment of cancer or other life-threatening condition and it meets one of the following requirements:
      i. The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration.
      ii. The study or investigation is a drug trial that is exempt from having an investigational new drug application.
      iii. The study or investigation is approved or funded by at least one of the following:
         (a) The National Institutes of Health.
         (b) The Centers for Disease Control and Prevention.
         (c) The Agency for Health Care Research and Quality.
         (d) The Centers for Medicare & Medicaid Services.
         (e) A cooperative group or center of any of the above entities or of the Department of Defense or the Department of Veterans Affairs.
         (f) A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
         (g) The Department of Veterans Affairs or the Department of Defense or the Department of Energy, but only if the study or investigation has been reviewed and approved though a system of peer review that the U.S. Secretary of Health and Human Services determines meets all of the following requirements:
            (i) It is comparable to the National Institutes of Health system of peer review of studies and investigations.
            (ii) It assures unbiased review of the highest scientific standards by qualified people who have no interest in the outcome of the review.

   For covered Services related to a clinical trial, you will pay the applicable Copayment, Coinsurance, and/or Deductible shown in the "Schedule of Benefits (Who Pays What)" that you would pay if the Services were not related to a clinical trial. For example, see "Hospital Inpatient Care" in the "Schedule of Benefits (Who Pays What)" for the Copayment, Coinsurance, and/or Deductible that apply to hospital inpatient care.

2. Clinical Trials Exclusions
   a. The investigational Service.
   b. Services provided solely for data collection and analysis and that are not used in your direct clinical management.

F. Dialysis Care

We cover dialysis Services related to acute renal failure and end-stage renal disease if the following criteria are met:
1. The Services are provided inside our Service Area; and
2. You meet Utilization Management Program Criteria and medical criteria developed by the facility providing the dialysis; and

3. The facility is certified by Medicare and is a Plan Facility; and
4. A Plan Provider provides a written referral for care at the facility.

After the referral, we cover equipment, training, and medical supplies required for home dialysis.

G. Durable Medical Equipment (DME) and Prosthetics and Orthotics

We cover DME and prosthetics and orthotics, when prescribed by a Plan Provider as described below; when prescribed by a Plan Provider during a covered stay in a Skilled Nursing Facility, but only if Skilled Nursing Facilities ordinarily furnish the DME or prosthetics and orthotics.

Health Plan uses Local Coverage Determinations (LCD) and National Coverage Determinations (NCD) (hereinafter referred to as Medicare Guidelines) for our DME, prosthetic, and orthotic formulary guidelines. These are guidelines only. Health Plan reserves the right to exclude items listed in the Medicare Guidelines. Please note that this EOC may contain some, but not all, of these exclusions.

Limitations: Coverage is limited to the standard item of DME, prosthetic device, or orthotic device that adequately meets your medical needs.

1. Durable Medical Equipment (DME)
   a. Coverage
      DME, with the exception of the following, is **not** covered unless your Group has purchased additional coverage for DME, including prosthetic and orthotic devices. See "Additional Provisions."
      i. Oxygen dispensing equipment and oxygen used in your home are covered. Oxygen refills are covered while you are temporarily outside the Service Area. To qualify for coverage, you must have a pre-existing oxygen order and must obtain your oxygen from the vendor designated by Health Plan.
      ii. Insulin pumps, insulin pump supplies, and continuous glucose monitors are provided when clinical guidelines are met and when obtained from sources designated by Health Plan.
      iii. Infant apnea monitors are provided.
      iv. Enteral nutrition, medical foods, and related feeding equipment and supplies are provided when clinical guidelines are met and when obtained from sources designated by Health Plan.
      v. Home ultraviolet light therapy equipment for certain skin conditions.
   b. Durable Medical Equipment Exclusions
      i. All other DME not described above, unless your Group has purchased additional coverage for DME. See "Additional Provisions."
      ii. Replacement of lost or stolen equipment.
      iii. Repair, adjustments, or replacements necessitated by misuse.
      iv. Spare equipment or alternate use equipment.
      v. More than one piece of DME serving essentially the same function, except for replacements.
2. Prosthetic Devices
   a. Coverage
      We cover the following prosthetic devices, including repairs, adjustments, and replacements other than those necessitated by misuse, theft, or loss, when prescribed by a Plan Provider and obtained from sources designated by Health Plan:
      i. Internally implanted devices for functional purposes, such as pacemakers and hip joints.
      ii. Prosthetic devices for Members who have had a mastectomy. Health Plan will designate the source from which external prostheses can be obtained. Replacement will be made when a prosthesis is no longer functional. Custom made prostheses will be provided when necessary.
      iii. Prosthetic devices, such as obturators and speech and feeding appliances, required for treatment of cleft lip and cleft palate are covered when prescribed by a Plan Provider and obtained from sources designated by Health Plan.
      iv. Prosthetic devices intended to replace, in whole or in part, an arm or leg when prescribed by a Plan Provider, as Medically Necessary and provided in accordance with this EOC, including repairs and replacements of such prosthetic devices.
      v. Additional prosthetic device or devices if the treating physician determines that the additional prosthetic device or devices are necessary to enable the covered person to engage in physical recreational activities.

      Your Group may have purchased additional coverage for prosthetic devices. See "Additional Provisions."
   b. Prosthetic Devices Exclusions
      i. All other prosthetic devices not described above, unless your Group has purchased additional coverage for prosthetic devices. See "Additional Provisions." Your Plan Provider can provide the Services necessary to determine your need for prosthetic devices and help you make arrangements to obtain such devices at a reasonable rate.

ii. Internally implanted devices, equipment, and prosthetics related to treatment of sexual dysfunction, unless your Group has purchased additional coverage for this benefit.

3. Orthotic Devices
Orthotic devices are **not** covered unless your Group has purchased additional coverage for DME, including prosthetic and orthotic devices. See "Additional Provisions."

H. Early Childhood Intervention Services

1. Coverage
Covered children, from birth up to age three (3), who have significant delays in development or have a diagnosed physical or mental condition that has a high probability of resulting in significant delays in development as defined by state law, are covered for the number of Early Intervention Services (EIS) visits as required by state law. EIS are not subject to any Deductibles, Copayments or Coinsurance, or to any annual Out-of-Pocket Maximum or Lifetime Maximum.

Note: You may be billed for any EIS received after the number of visits required by state law is satisfied.

2. Limitations
The number of visits as required by state law does not apply to:
   a. Rehabilitation or therapeutic Services which are necessary as the result of an acute medical condition or post-surgical rehabilitation;
   b. Services provided to a child who is not an eligible child and whose services are not provided pursuant to an Individualized Family Service Plan (IFSP); and
   c. Assistive technology covered by the durable medical equipment benefit provisions of this EOC.

3. Early Childhood Intervention Services Exclusions
   a. Respite care;
   b. Non-emergency medical transportation;
   c. Service coordination other than case management services; or
   d. Assistive technology, not to include durable medical equipment that is otherwise covered under this EOC.

I. Emergency Services and Urgent Care

1. Emergency Services
Emergency Services are available at all times - 24 HOURS A DAY, 7 DAYS A WEEK. If you have an Emergency Medical Condition or mental health emergency, call 911 or go to the nearest hospital emergency department or Independent Freestanding Emergency Department. You do not need prior Authorization for Emergency Services. When you have an Emergency Medical Condition, we cover Emergency Services you receive from Plan Providers and Out-of-Plan Providers anywhere in the world, as long as the Emergency Services would be covered under your plan if you had received them inside our Service Area. For information about emergency benefits away from home, please call **Member Services**.

You will pay your plan's Deductible, Copayment, and/or Coinsurance for covered Emergency Services, regardless of whether the Emergency Services are provided by a Plan Provider or an Out-of-Plan Provider. Even if you receive Emergency Services from a Plan Provider, you must still obtain prior Authorization from us before you receive Post Stabilization Care from such Plan Provider. We may direct that you receive covered Post Stabilization Care at a particular Plan Hospital or other Plan Facility (such as a Skilled Nursing Facility) so that we may better coordinate your care using Plan Providers and our electronic medical record system. We will pay for Post Stabilization Care only at the Plan Provider authorized by us. If you or your treating providers do not obtain prior Authorization from us for Post Stabilization Care Services that require prior Authorization, we will not pay any amount for those Services and you may be liable to pay for these Services, in addition to any amounts such as Deductibles, Copayments, or Coinsurance.

Please note that in addition to any Copayment or Coinsurance that applies under this section, you may incur additional Copayment or Coinsurance amounts for Services and procedures covered under other sections of this EOC. Coverage for Services that are not Emergency Services, Post Stabilization Care, or Urgent Care Services as described in this "Emergency Services and Urgent Care" section will be covered as described under other sections of this EOC. Please refer to the "Schedule of Benefits" for Copayment and Coinsurance information. If you are admitted to a hospital from its emergency department because your condition is not stabilized, the Copayment or Coinsurance shown under "Hospital Inpatient Care" in the "Schedule of Benefits" applies.

   a. Emergency Services Provided by Out-of-Plan Providers (out-of-Plan Emergency Services)
   "Out-of-Plan Emergency Services" are Emergency Services that are not provided by a Plan Provider or at a Plan Facility. There may be times when you or a family member may receive Emergency Services from Out-of-Plan Providers. The patient's medical condition may be so critical that you cannot call or come to one of our Plan Facilities or the emergency department of a Plan Hospital, or the patient may need Emergency Services while traveling outside our Service Area.

   When you receive Emergency Services from Out-of-Plan Providers, Post Stabilization Care may qualify as Emergency Services pursuant to federal law and state law. We will not require prior Authorization for such Post Stabilization Care

at a non-Plan Hospital when your attending Out-of-Plan Provider determines that, after you receive Emergency (screening and stabilization) Services, you are not able to travel using nonmedical transportation or nonemergency medical transportation to an available Plan Provider located within a reasonable travel distance taking into account your medical condition.

Out-of-Plan Providers may provide notice and seek your consent to provide Post Stabilization Care Services or other covered Services. Such Services will not be covered when you do not obtain prior Authorization as described herein. If you (or your authorized representative) consent to the furnishing of Services by Out-of-Plan Providers, then you will be responsible for paying for such Services in the absence of any prior Authorization. In addition, if you (or your authorized representative) consent to the provision of Services by an Out-of-Plan Provider, then we will not pay for such Services, and the amount you pay will not count toward satisfaction of the Deductible, if any, or the Out-of-Pocket Maximum(s).

Please refer to "ii. Emergency Services Limitation for Out-of-Plan Providers" if you are hospitalized for Emergency Services.

i. We cover out-of-Plan Emergency Services as follows:

A. Outside our Service Area. If you are injured or become unexpectedly ill while you are outside our Service Area, we will cover out-of-Plan Emergency Services that could not reasonably be delayed until you could get to a Plan Facility or a hospital where we have contracted for Emergency Services. This applies only if a prudent layperson, having average knowledge of health services and medicine and acting reasonably, would have believed that an Emergency Medical Condition or Life or Limb Threatening Emergency existed.

B. Inside our Service Area. If you are inside our Service Area, we will cover out-of-Plan Emergency Services only if a prudent layperson would have reasonably believed that the delay in going to a Plan Facility or a hospital where we have contracted for Emergency Services for treatment would worsen the Emergency Medical Condition.

ii. Emergency Services Limitation for Out-of-Plan Providers
If you are admitted to an Out-of-Plan Facility or a hospital where we have contracted for Emergency Services, you or someone on your behalf must notify us within 24 hours, or as soon as reasonably possible. Please call the **Telephonic Medicine Center** at **303-743-5763**.

When you receive Emergency Services in Colorado (and federal law and state law do not require us to consider the Post Stabilization Care as Emergency Services), we cover Post Stabilization Care only if we provide prior Authorization for the Post Stabilization Care. **Therefore, it is very important that you, your provider including your Out-of-Plan Provider, or someone else acting on your behalf, call us to notify us that you need Post Stabilization Care and to get prior Authorization from us before you receive the Post Stabilization Care.**

After we are notified, we will discuss your condition with your emergency care Out-of-Plan Provider. We will decide whether to make arrangements for necessary continued care where you are, or to transfer you to a Plan Facility we designate once you are Stabilized. If you are admitted to an Out-of-Plan Facility or a hospital where we have contracted for Emergency Services, we may transfer you to a Plan Hospital or Plan Facility. By notifying us of your hospitalization as soon as possible, you will protect yourself from potential liability for payment for Services you receive after transfer to one of our Plan Facilities would have been possible. If you choose to remain at an Out-of-Plan Facility for Post Stabilization Care, non-Emergency Services are not covered after we have made arrangements to transfer you to a Plan Facility for care. You will be responsible for payment for any Post Stabilization Care received at the Out-of-Plan Facility.

b. Emergency Services Exclusions and Limitations
Continuing or follow-up treatment: We cover only the Emergency Services that are required before you could have been moved to a Plan Facility we designate either inside or outside our Service Area. If you are admitted to a Plan Facility, we may transfer you to another Plan Facility. When approved by Health Plan, we will cover ambulance Services or other transportation Medically Necessary to move you to a designated Plan Facility for continuing or follow-up treatment.

The exclusions and limitations of your plan will still apply if non-covered Services are provided by an Out-of-Plan Provider or Out-of-Plan Facility.

c. Payment
Our payment is reduced by:
i. any applicable Deductible, Copayment, and/or Coinsurance for Emergency Services and advanced imaging procedures performed in the emergency department. The emergency department and advanced imaging procedures Copayments, if applicable, are waived if you are admitted directly to the hospital as an inpatient; and
ii. the Deductible, Copayment, and/or Coinsurance for ambulance Services, if any; and
iii. coordination of benefits; and
iv. any other payments you would have had to make if you received the same Services from our Plan Providers; and

v. all amounts paid or payable, or which in the absence of this EOC would be payable, for the Services in question, under any insurance policy or contract, or any other contract, or any government program except Medicaid; and
vi. amounts you or your legal representative recover from motor vehicle insurance or because of third-party liability.

Note: As part of an emergent care episode, Medically Necessary DME and prosthetics and orthotics following Stabilization will be covered if authorized by Health Plan.

Note: If you receive Emergency Services or Post Stabilization Care from an Out-of-Plan Provider as described in this "Emergency Services and Urgent Care" section, or emergency ambulance transportation described under the "Ambulance Services and Other Transportation" section, you may have to pay the Out-of-Plan Provider and file a claim for reimbursement unless the Out-of-Plan Provider must refrain from billing you under applicable law or agrees to bill us. Also, you may be required to pay and file a claim for any Services prescribed by an Out-of-Plan Provider as part of your Emergency Services or Post Stabilization Care even if you receive the services at a Plan Provider.

2. Urgent Care

Urgent care Services are Services that are not Emergency Services, are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen illness, injury, or condition.

Urgent care that cannot wait for a scheduled visit with your PCP or specialist can be received at one of our designated urgent care Plan Facilities. In some circumstances, you may be able to receive care in your home. There may be instances when you need to receive urgent care outside our Service Area. When urgent care Services are required, we cover urgent care Services you receive from Plan Providers and Out-of-Plan Providers anywhere in the world, as long as the urgent care Services would be covered under your plan if you had received them inside our Service Area. For Copayment and Coinsurance information, see "Urgent Care" in the "Schedule of Benefits (Who Pays What)." For information regarding the designated urgent care Plan Facilities, please call **Member Services** during normal business hours. You can also go to our website, kp.org, for information on designated urgent care facilities.

You may call **Advice Nurses** at any time, and one of our advice nurses can speak with you. Our advice nurses are registered nurses (RNs) specially trained to help assess medical symptoms and provide advice over the phone, when medically appropriate. They can often answer questions about a minor concern or advise you about what to do next, including making an appointment for you if appropriate.

Note: The procedure for receiving reimbursement for out-of-Plan urgent care Services is described in the "Appeals and Complaints" section regarding "Post-Service Claims and Appeals."

Note: As part of an urgent care episode, Medically Necessary DME and prosthetics and orthotics following Stabilization will be covered if authorized by Health Plan.

J. Family Planning and Sterilization Services

1. Coverage
   a. Family planning counseling. This includes counseling and information on birth control.
   b. Tubal ligations.
   c. Vasectomies.
   d. Interruption of pregnancy (abortion). Your group may exclude coverage for part or all interruption of pregnancy services. Please refer to the "Schedule of Benefits (Who Pays What)".

Note: The following are covered, but not under this section: diagnostic procedures, see "X-ray, Laboratory, and Advanced Imaging Procedures"; contraceptive drugs and devices, see the "Prescription Drugs, Supplies, and Supplements" section.

2. Family Planning and Sterilization Services Exclusions

Any and all Services to reverse voluntary, surgically induced sterilization.

K. Gender Affirming Health Services

We cover gender affirming health Services when Medically Necessary to treat gender dysphoria or gender identity disorder. Prior Authorization may be required. You must meet Utilization Management Program Criteria to be eligible for coverage.

1. Coverage

Non-surgical Services:
   a. Office visits and mental health visits.
   b. Laboratory Services and X-ray Services.
   c. Hormone therapy visits and administration.
   d. Facial and body hair removal (assigned male at birth).
   e. Outpatient prescription drugs, if covered by your plan.
   f. Inpatient and outpatient hospital care.
   g. Treatment for complications of surgery.

Surgical Services:
a. Pre-surgical and post-surgical consultations with surgeon.
b. Gender affirmation surgeries including:
   i. **Assigned female at birth**: hysterectomy; oophorectomy; metoidioplasty; phalloplasty; vaginectomy; scrotoplasty; erectile prosthesis; urethral extension; bilateral mastectomy with chest reconstruction; breast reduction; body contouring; gender affirming facial surgery.
   ii. **Assigned male at birth**: penectomy; vaginoplasty; clitoroplasty; labiaplasty; orchiectomy; breast augmentation; tracheal shave; body contouring; gender affirming facial surgery.
c. Inpatient and outpatient hospital care.
d. Treatment for complications of surgery.

You pay the applicable Copayment, Coinsurance, and/or Deductible shown in the "Schedule of Benefits (Who Pays What)." For example, see "Hospital Inpatient Care" in the "Schedule of Benefits (Who Pays What)" for the Copayment, Coinsurance, and/or Deductible that apply to hospital inpatient care.

2. Gender Affirming Health Services Exclusions
   a. Any gender affirming health Service that is not Medically Necessary.
   b. Calf implants.
   c. Hairline advancement.
   d. Pectoral implants.
   e. Permanent hair implantation.
   f. Voice modification surgery, unless medically necessary.

L. Health Education Services

We provide health education appointments to support understanding of chronic diseases such as diabetes and hypertension. We also teach self-care on topics such as stress management and nutrition.

M. Hearing Services

1. Members up to Age 18

   We cover hearing exams and tests to determine the need for hearing correction. For minor children with a verified hearing loss, coverage shall also include:
   a. Initial hearing aids and replacement hearing aids not more frequently than every five (5) years;
   b. A new hearing aid when alterations to the existing hearing aid cannot adequately meet the needs of the child; and
   c. Services and supplies including, but not limited to: the initial assessment; fitting; adjustments; and auditory training that is provided according to accepted professional standards.

2. Members Age 18 Years and Over
   a. Coverage

      We cover hearing exams and tests to determine the need for hearing correction. Your Group may have purchased additional coverage for hearing aids. See "Additional Provisions."

   b. Hearing Services Exclusions
      i. Tests to determine an appropriate hearing aid model, unless your Group has purchased that coverage.
      ii. Hearing aids and tests to determine their usefulness, unless your Group has purchased that coverage.

N. Home Health Care

1. Coverage

   We cover skilled nursing care, home infusion therapy, physical therapy, occupational therapy, speech therapy, home health aide Services, and medical social Services:
   a. only on an Intermittent Care basis (as described below); and
   b. only within our Service Area; and
   c. only to an eligible Member when ordered by a Plan Provider. Care must be provided under a home health care plan established by the Plan Provider and the approved home health services provider; and
   d. only if a Plan Provider determines that it is feasible to maintain effective supervision and control of your care in your home.

   Intermittent Care basis means skilled nursing, therapy, social work, and home health aide Services, that are not custodial, and require a skilled professional, and are provided less than 8 hours (combined) each day and 28 or fewer hours each week.

   Note: Services that are performed in the home, but that do not meet the Home Health Care requirements above, will be covered at the applicable Copayment or Coinsurance and limits for the Service performed (e.g. urgent care, physical, occupational, and/or speech therapy). See the "Schedule of Benefits (Who Pays What)."

Note: X-ray, laboratory, and advanced imaging procedures are not covered under this section. See "X-ray, Laboratory, and Advanced Imaging Procedures."

2. Home Health Care Exclusions
   a. Custodial care. Custodial care is care that helps with activities of daily living (like bathing, dressing, using the bathroom, and eating) or personal needs that could be done safely and reasonably without professional skills or training.
   b. Homemaker Services.
   c. Services that Health Plan determines may be appropriately provided in a Plan Facility or Skilled Nursing Facility, if we offer to provide that care in one of these facilities.

O. Hospice Special Services and Hospice Care

1. Hospice Special Services

   If you have been diagnosed with a life limiting illness with a life expectancy of 24 months or less, but are not yet ready to elect hospice care, you are eligible for Hospice Special Services. Coverage of hospice care is described below.

   Hospice Special Services give you and your family time to become more familiar with hospice-type Services and to decide what is best for you. It helps you bridge the gap between your diagnosis and preparing for the end of life.

   The difference between Hospice Special Services and regular Home Health Care visiting nurse visits is that: you may or may not be homebound or have skilled nursing care needs; or you may only require spiritual or emotional care. Services available through this program are provided by professionals with specific training in end-of-life issues.

2. Hospice Care

   We cover hospice care for terminally ill Members inside our Service Area. If a Plan Provider diagnoses you with a terminal illness and determines that your life expectancy is six (6) months or less, you can choose hospice care instead of traditional Services otherwise provided for your illness.

   If you elect to receive hospice care, you will not receive **additional** benefits for the terminal illness. However, you can continue to receive Health Plan benefits for conditions other than the terminal illness.

   We cover the following Services and other benefits when: (1) prescribed by a Plan Provider and the hospice care team; and (2) received from a licensed hospice approved, in writing, by Health Plan:
   a. Physician care.
   b. Nursing care.
   c. Physical, occupational, speech, and respiratory therapy.
   d. Medical social Services.
   e. Home health aide and homemaker Services.
   f. Medical supplies, drugs, biologicals, and appliances.
   g. Palliative drugs in accordance with our drug formulary guidelines.
   h. Short-term inpatient care including respite care, care for pain control, and acute and chronic pain management.
   i. Counseling and bereavement Services.
   j. Services of volunteers.

P. Mental Health Services

1. Coverage

   We cover mental health Services as shown below. Mental health includes but is not limited to biologically based illnesses or disorders.

   a. Outpatient Therapy
      i. We cover individual office visits and group office visits. Psychological testing as part of diagnostic evaluation is covered.
      ii. We cover partial hospitalization and intensive outpatient therapy.
      iii. We cover visits for the purpose of monitoring drug therapy.

   b. Inpatient Services

      We cover psychiatric hospitalization in a hospital or Residential Treatment Center designated by Health Plan. Hospital Services for psychiatric conditions include all Services of Plan Providers and mental health professionals and the following Services and supplies as prescribed by a Plan Provider while you are a registered bed patient: room and board; psychiatric nursing care; group therapy; electroconvulsive therapy; occupational therapy; drug therapy; and medical supplies.

   We cover mental health Services, whether they are voluntary or are court-ordered, when they are Medically Necessary and otherwise covered under the plan, and when rendered by a Plan Provider. We do not cover court-ordered treatment that exceeds the scope of coverage of this health benefit plan.

   We will not deny coverage for intentionally self-inflicted injuries, including attempted suicide.

2. Mental Health Services Exclusions
   a. Evaluations for any purpose other than mental health treatment. This includes evaluations for: child custody; disability; or fitness for duty/return to work, unless Medically Necessary.
   b. Custodial Care, as defined in "Exclusions" under "Limitations/Exclusions (What is Not Covered)."

Q. Out-of-Area Benefit

A limited benefit is available to Dependents, up to the age of 26, receiving care outside any Kaiser regional health plan service area.

1. Coverage
   The Out-of-Area Benefit is limited to certain office visits; diagnostic X-rays; physical, occupational, and speech therapy; and prescription drug fills as covered under this EOC.
   a. Office visit exam limited to:
      i. Primary care visit.
      ii. Specialty care visit.
      iii. Preventive care visit.
      iv. Gynecology care visit.
      v. Hearing exam.
      vi. Mental health visit.
      vii. Substance use disorder visit.
      viii. The administration of allergy injections.
      ix. Prevention immunizations pursuant to the schedule established by the Advisory Committee on Immunization Practices (ACIP).

   b. Diagnostic X-rays.

   c. Physical, occupational, and speech therapy visits.

   d. Prescription drug fills.

   See the "Schedule of Benefits (Who Pays What)" for more details.

2. Out-of-Area Benefit Exclusions and Limitations
   The Out-of-Area Benefit does not include the following Services:
   a. Other Services provided during a covered office visit such as, but not limited to: procedures; laboratory tests; and office administered drugs and devices, except for allergy injections and prevention immunizations as listed in the "Coverage" section of this benefit.
   b. Services received outside the United States.
   c. Transplant Services.
   d. Services covered outside the Service Area under another section of this EOC (e.g., Emergency Services and Urgent Care).
   e. Allergy evaluation; routine prenatal and postpartum visits; chiropractic care; acupuncture services; applied behavior analysis (ABA); hearing tests; hearing aids; home health visits; hospice services; and travel immunizations.
   f. Breast cancer screening and/or imaging.
   g. Ultrasounds.
   h. Advanced imaging procedures, including but not limited to: CT; PET; MRI; nuclear medicine.
   i. Any and all Services not listed in the "Coverage" section of this benefit.

R. Physical, Occupational, and Speech Therapy and Inpatient Rehabilitation Services

1. Coverage
   a. Hospital Inpatient Care, Care in a Skilled Nursing Facility, and Home Health Care
      We cover physical, occupational, and speech therapy as part of your Hospital Inpatient Care, Skilled Nursing Facility, and Home Health Care benefit. Therapies that are performed in the home, but that do not meet the Home Health Care requirements, will be covered at the applicable Copayment or Coinsurance and limits for the therapy performed (i.e., physical, occupational, and/or speech). See the "Schedule of Benefits (Who Pays What)."

   b. Outpatient Care
      We cover three (3) types of outpatient therapy (i.e., physical, occupational, and speech therapy) in a Plan Facility or other location approved by Health Plan, to improve or develop skills or functioning due to medical deficits, illness, or injury. See the "Schedule of Benefits (Who Pays What)."

   c. Inpatient Rehabilitation Services
      We will cover treatment while you are in a designated inpatient rehabilitation facility. See the "Schedule of Benefits (Who Pays What)."

d. Cardiac Rehabilitation
We cover treatment in a cardiac rehabilitation program if prescribed or recommended by a Plan Provider and provided by therapists at designated facilities.

e. Pulmonary Rehabilitation
We cover treatment in a pulmonary rehabilitation program if prescribed or recommended by a Plan Provider and provided by therapists at designated facilities.

f. Therapies for Congenital Defects and Birth Abnormalities
After the first 31 days of life, the limitations and exclusions applicable to this EOC apply, except that Medically Necessary physical, occupational, and speech therapy for the care and treatment of congenital defects and birth abnormalities for covered children from age three (3) to age six (6) shall be provided. The benefit level shall be the greater of the number of such visits provided under this health benefit plan or 20 therapy visits per Accumulation Period for each physical, occupational, and speech therapy. Such visits shall be distributed as Medically Necessary throughout the Accumulation Period without regard to whether the condition is acute or chronic and without regard to whether the purpose of the therapy is to maintain or improve functional capacity. See the "Schedule of Benefits (Who Pays What)."

Note 1: This benefit is also available for eligible children under the age of three (3) who are not participating in Early Intervention Services.

Note 2: The visit limit for therapy to treat congenital defects and birth abnormalities is not applicable if such therapy is Medically Necessary to treat autism spectrum disorders.

g. Therapies for the Treatment of Autism Spectrum Disorders
For the treatment of Autism Spectrum Disorders when prescribed by a Plan Provider and Medically Necessary, we cover:
i. Outpatient physical, occupational, and speech therapy in a Kaiser Permanente Medical Office Building or Plan Facility. See the "Schedule of Benefits (Who Pays What)."
ii. Applied behavior analysis, including consultations, direct care, supervision, or treatment, or any combination thereof by autism services providers. See the "Schedule of Benefits (Who Pays What)."

2. Limitations
Occupational therapy is limited to treatment to achieve improved self-care and other customary activities of daily living.

3. Physical, Occupational, and Speech Therapy and Inpatient Rehabilitation Services Exclusions
a. Long-term rehabilitation, not including treatment for autism spectrum disorders.
b. Speech therapy that is not Medically Necessary, such as: (i) therapy for educational placement or other educational purposes; or (ii) training or therapy to improve articulation in the absence of injury, illness, or medical condition affecting articulation; or (iii) therapy for tongue thrust in the absence of swallowing problems.

S. Prescription Drugs, Supplies, and Supplements

We use a drug formulary. A drug formulary includes the list of prescription drugs (including Biologics and Biosimilars) that have been approved by our formulary committee for our Members. Our committee is comprised of physicians, pharmacists, and a nurse practitioner. This committee selects prescription drugs for our drug formulary based on several factors, including safety and effectiveness as determined from a review of medical literature and research. The committee meets regularly to consider adding and removing prescription drugs on the drug formulary. If you would like information about whether a drug is included in our drug formulary, please call **Member Services**.

If your prescription drug has a Copayment shown in the "Schedule of Benefits (Who Pays What)" and it exceeds the Charges for your prescribed medication, then you pay Charges for the medication instead of the Copayment. The drug formulary, discussed above, also applies.

For outpatient prescription drugs and/or items that are covered under the "Prescription Drugs, Supplies, and Supplements" section and obtained at a pharmacy owned and operated by Health Plan, you may be able to use approved manufacturer coupons as payment for the Copayment, Coinsurance, and/or Deductible that you owe, as allowed under Health Plan's coupon program. You will owe any additional amount if the coupon does not cover the entire Copayment, Coinsurance, and/or Deductible for your prescription. Certain health plan coverages are not eligible for coupons. You can get more information about the Kaiser Permanente coupon program rules and limitations at kp.org/rxcoupons.

1. Coverage
a. Limited Drug Coverage Under Your Basic Drug Benefit
If your Group has not purchased supplemental prescription drug coverage, then prescribed drug coverage under your basic drug benefit is limited. It includes base drugs such as: contraceptives; orally administered anti-cancer medication; and post-surgical immunosuppressive drugs required after a transplant. These drugs are available only when prescribed by a Plan Provider and obtained at Plan Pharmacies. You may obtain these drugs at the Copayment or Coinsurance shown in the "Schedule of Benefits (Who Pays What)." The amount covered cannot exceed the day

supply for each maintenance drug or up to the day supply for each non-maintenance drug. Any amount you receive that exceeds the day supply will not be covered. If you receive more than the day supply, you will be charged as a non-Member for any amount that exceeds that limit. Each prescription refill is provided on the same basis as the original prescription.

If your Group has purchased supplemental prescription drug coverage, the applicable generic or brand-name Copayment or Coinsurance and any pharmacy Deductible apply for these types of drugs. For more information, please refer to the "Schedule of Benefits (Who Pays What)."

Note: Health Plan may, in its sole discretion, establish quantity limits for specific prescription drugs, regardless of whether your Group has limited or supplemental prescription drug coverage.

i. We cover:
   (a) prescription contraceptives intended to last:
      (i) for a three-month period the first time the prescription contraceptive is dispensed to the covered person; and
      (ii) for a twelve-month period or through the end of the covered person's coverage under the policy, contract, or plan, whichever is shorter, for any subsequent dispensing of the same prescription contraceptive to the covered person, regardless of whether the covered person was enrolled in the policy, contract, or plan at the time the prescription contraceptive was first dispensed; or
   (b) a prescribed vaginal contraceptive ring intended to last for a three-month period.

   Note: For non-grandfathered health plans, we cover twelve (12) months of a prescription contraceptive at one time.

   For Copayment or Coinsurance information related to contraceptive drugs and certain devices, please refer to your "Schedule of Benefits (Who Pays What)."

ii. We cover a five-day supply of an FDA-approved drug for the treatment of opioid dependence without prior authorization, except that the drug supply is limited to a first request within a twelve-month period.

b. Outpatient Prescription Drugs

Unless your Group has purchased additional outpatient prescription drug coverage, we do not cover outpatient drugs except as provided in other provisions of this "Prescription Drugs, Supplies, and Supplements" section. If your Group has purchased additional coverage for outpatient prescription drugs, see "Additional Provisions." The drug formulary, discussed above, also applies.

i. Prescriptions by Mail

If requested, refills of maintenance drugs will be mailed through Kaiser Permanente's mail-order prescription service by First-Class U.S. Mail with no charge for postage and handling. We cannot mail prescription drugs to some states. Refills of maintenance drugs prescribed by Plan Providers may be obtained for up to the day supply by mail order at the applicable Copayment or Coinsurance. Maintenance drugs are determined by Health Plan. Certain drugs and supplies may not be available through our mail-order service, for example, drugs that require special handling or refrigeration, have a significant potential for waste or diversion, or are high cost. Drugs and supplies available through our mail-order prescription service are subject to change at any time without notice. For information regarding our mail-order prescription service and specialty drugs not available by mail order, please contact **Member Services**.

ii. Specialty Drugs

Prescribed specialty drugs, such as self-administered injectable drugs, are provided at the specialty drug Copayment or Coinsurance up to the maximum amount per drug dispensed shown in the "Schedule of Benefits (Who Pays What)."

c. Food Supplements

We cover prescribed amino acid modified products used in the treatment of congenital errors of amino acid metabolism and severe protein allergic conditions, elemental enteral nutrition, and parenteral nutrition. Such products are covered for self-administered use upon payment of a $3.00 Copayment per product, per day. Food products for enteral feedings are not covered.

d. Diabetic Supplies and Accessories

Diabetic supplies, when obtained at Plan Pharmacies or from sources designated by Health Plan, will be provided. Such items include, but may not be limited to:

i. home glucose monitoring supplies.
ii. disposable syringes for the administration of insulin.
iii. glucose test strips.
iv. acetone test tablets and nitrate screening test strips for pediatric patient home use.

For more information, see the "Schedule of Benefits (Who Pays What)." If your Group has purchased supplemental prescription drug coverage, see "Additional Provisions."

2. Limitations
   a. Adult and pediatric immunizations are limited to those that are not experimental, are medically indicated and are consistent with accepted medical practice. If you experience a severe adverse reaction from a covered countermeasure, please visit hrsa.gov/cicp.
   b. Some drugs may require prior authorization.
   c. If applicable, we may apply Step Therapy to certain drugs. You or your Plan Provider may request a Step Therapy exception if you previously tried a drug and your use of the drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event.
   d. Coverage determinations for the off-label use of medications will be consistent with Medicare compendia, and coverage determinations for the off-label use of oncologic agents will be consistent with the Medicare Improvements for Patients and Providers Act (MIPPA) of 2008.

3. Prescription Drugs, Supplies, and Supplements Exclusions
   a. Drugs for which a prescription is not required by law.
   b. Disposable supplies for home use such as: bandages; gauze; tape; antiseptics; dressings; and ace-type bandages.
   c. Drugs or injections for treatment of sexual dysfunction, unless your Group has purchased additional coverage, which is described in the "Schedule of Benefits (Who Pays What)."
   d. Any packaging except the dispensing pharmacy's standard packaging.
   e. Replacement of prescription drugs for any reason. This includes spilled, lost, damaged, or stolen prescriptions.
   f. Drugs or injections for the treatment of infertility, unless your Group has purchased outpatient prescription drug coverage, which is described in the "Schedule of Benefits (Who Pays What)" and "Additional Provisions."
   g. Drugs to shorten the length of the common cold.
   h. Drugs to enhance athletic performance.
   i. Drugs for the treatment of weight control.
   j. Drugs available over the counter and by prescription for the same strength.
   k. Certain drugs determined excluded by our Pharmacy and Therapeutics Committee.
   l. Unless approved by Health Plan, drugs not approved by the FDA.
   m. Non-preferred drugs, except those prescribed and authorized through the non-preferred drug process.
   n. Prescription drugs necessary for Services excluded under this EOC.
   o. Drugs administered during a medical office visit. See "Office Services."
   p. Medical Foods and Medical Devices. See "Durable Medical Equipment (DME) and Prosthetics and Orthotics."

T. Preventive Care Services

If your plan has a different preventive care Services benefit, please see "Additional Provisions."

We cover certain preventive care Services that do one or more of the following:
1. Protect against disease;
2. Promote health; and/or
3. Detect disease in its earliest stages before noticeable symptoms develop.

Preventive Services may help you stay healthy. If you have symptoms, you may need other care, such as diagnostic or treatment Services. If you receive any other covered Services during a preventive care visit, you may pay the applicable Deductible, Copayment, and Coinsurance for those Services.

U. Reconstructive Surgery

1. Coverage
   We cover reconstructive surgery when it: (a) will correct significant disfigurement resulting from an injury or Medically Necessary surgery; or (b) will correct a congenital defect, disease, or anomaly to produce major improvement in physical function; or (c) will treat congenital hemangioma and port wine stains. Following Medically Necessary removal of all or part of a breast, we also cover reconstruction of the breast, surgery and reconstruction of the other breast to produce a symmetrical appearance, and treatment of physical complications, including lymphedemas. An Authorization is required for all types of reconstructive surgeries.

2. Reconstructive Surgery Exclusions
   Plastic surgery or other cosmetic Services and supplies primarily to change your appearance. This includes cosmetic surgery related to bariatric surgery.

V. Reproductive Support Services

Note: If your Group is a religious purchaser, the coverage shown below may not apply to you. See the "Schedule of Benefits (Who Pays What)" to determine what coverage, if any, your Group has purchased.

1. Coverage

We cover Services for the diagnosis and treatment of involuntary infertility, including Services for Members who may experience future impairment to their fertility due to medical treatment, or are unable to reproduce due to factors associated with their partner or lack of partner. The following Services are covered as shown in the "Schedule of Benefits (Who Pays What)":

a. Office visits.
b. Services including, but not limited to, X-ray and laboratory tests.
c. Intrauterine insemination (IUI).
d. In Vitro Fertilization (IVF).
e. Gamete intrafallopian transfer (GIFT).
f. Zygote intrafallopian transfer (ZIFT).
g. Standard fertility preservation Services.
h. Office administered drugs supplied and used during an office visit for IUI, IVF, GIFT, or ZIFT.

Note: Prescription drugs are not covered under this section. See "Prescription Drugs, Supplies, and Supplements" in the "Schedule of Benefits (Who Pays What)" to determine if you have coverage for prescription drugs received from a Plan Pharmacy.

2. Limitations
   a. There is a limit of three (3) completed oocyte retrievals with unlimited embryo transfers, using single embryo transfer when recommended and medically appropriate.
   b. There is a limit of one (1) year of storage for gametes and embryos.
   c. Services are covered only for the person who is the Member.

3. Reproductive Support Services Exclusions
   a. Any and all Services to reverse voluntary, surgically induced infertility.
   b. Donor semen, eggs, and embryos.
   c. Acupuncture for the treatment of infertility, unless your Group has purchased additional coverage for this service. See the "Schedule of Benefits (Who Pays What)" to determine if your Group has the acupuncture benefit.
   d. Prescription drugs received from a pharmacy for infertility services, unless prescription drug coverage is purchased.
   e. Any and all Services related to elective cryopreservation (e.g. elective egg freezing). This exclusion applies to, but is not limited to, the procurement and/or storage of semen, sperm, eggs, embryos, or other reproductive materials.

W. Skilled Nursing Facility Care

1. Coverage

   We cover skilled inpatient Services in a licensed Skilled Nursing Facility. Prior Authorization is required for all Skilled Nursing Facility admissions. The skilled inpatient Services must be those usually provided by Skilled Nursing Facilities. A prior three (3)-day stay in an acute care hospital is not required. We cover the following Services:

   a. Room and board.
   b. Nursing care.
   c. Medical social Services.
   d. Medical and biological supplies.
   e. Blood, blood products, and their administration.

   A Skilled Nursing Facility is an institution that: provides skilled nursing or skilled rehabilitation Services, or both; provides Services on a daily basis 24 hours a day; is licensed under applicable state law; and is approved in writing by Health Plan.

   Note: The following are covered, but not under this section: drugs, see "Prescription Drugs, Supplies, and Supplements"; DME and prosthetics and orthotics, see "Durable Medical Equipment (DME) and Prosthetics and Orthotics"; X-ray, laboratory, and advanced imaging procedures, see "X-ray, Laboratory, and Advanced Imaging Procedures."

2. Skilled Nursing Facility Care Exclusion

   Custodial Care, as defined in "Exclusions" under the "Limitations/Exclusions (What is Not Covered)" section.

X. Substance Use Disorder Services

1. Inpatient Medical and Hospital Services

   We cover Services for the medical management of withdrawal symptoms. Detoxification is the process of removing toxic substances from the body.

2. Residential Rehabilitation

   The determination of the need for Services of a residential rehabilitation program and referral to such a facility or program is made by or under the supervision of a Plan Provider.

   We cover inpatient Services in a residential rehabilitation program authorized by Health Plan for the treatment of alcoholism, drug abuse, or drug addiction.

3. Outpatient Services
   a. We cover individual office visits and group office visits.
   b. We cover partial hospitalization and intensive outpatient therapy.
   c. We cover visits for the purpose of monitoring drug therapy.
   d. We cover substance use disorder Services intended to reduce, eliminate, or avoid the use of opioids for persons with chronic pain conditions.

We cover substance use disorder Services, whether they are voluntary or are court-ordered, when they are Medically Necessary and otherwise covered under the plan, and when rendered by a Plan Provider. We do not cover court-ordered treatment that exceeds the scope of coverage of this health benefit plan.

Mental health Services required in connection with treatment for substance use disorder are covered as provided in the "Mental Health Services" section.

4. Substance Use Disorder Services Exclusion
   Counseling for a patient who is not responsive to therapeutic management, as determined by a Plan Provider.

Y. Transplant Services

1. Coverage for Members who are transplant recipients
   Transplants are covered on a limited basis as follows:
   a. Covered transplants are limited to: kidney transplants; heart transplants; heart-lung transplants; liver transplants; liver transplants for children with biliary atresia and other rare congenital abnormalities; small bowel transplants; small bowel and liver transplants; lung transplants; cornea transplants; simultaneous kidney-pancreas transplants; and pancreas alone transplants.
   b. Bone marrow transplants (autologous stem cell or allogenic stem cell) associated with high dose chemotherapy for germ cell tumors and neuroblastoma in children; and bone marrow transplants for aplastic anemia, leukemia, severe combined immunodeficiency disease, and Wiskott-Aldrich syndrome.
   c. If all Utilization Management Program Criteria are met, we cover: stem cell rescue; and transplants of organs, tissue, or bone marrow.
   d. Prescribed post-surgical immunosuppressive outpatient drugs required after a transplant.
   e. These Services must be directly related to a covered transplant for you.

2. Coverage for Members who are living organ donors
   We cover Services related to living organ donation for a Member who is a living organ donor. We will not impose any Deductibles, Copayments, Coinsurance, benefit maximums, waiting periods, or other limitations on coverage for the living organ donation.

3. Terms and Conditions
   a. Health Plan, Medical Group, and Plan Providers do not undertake: to provide a donor or donor organ or bone marrow or cornea; or to assure the availability of a donor or donor organ or bone marrow or cornea; or to assure the availability or capacity of referral transplant facilities approved by Health Plan. For information specific to your situation, please call your assigned Transplant Coordinator; or the **Transplant Administrative Offices**.
   b. Plan Providers must determine that you meet Utilization Management Program Criteria before you receive Services.
   c. A Plan Provider must provide a written referral for care at a transplant facility. The transplant facility must be from a list of approved facilities selected by Health Plan. The referral may be to a transplant facility outside our Service Area. Transplants are covered only at the facility Health Plan selects for the particular transplant, even if another facility within the Service Area could also perform the transplant.
   d. After referral, if a Plan Provider or the medical staff of the referral facility determines you do not satisfy its respective criteria for the Service, Health Plan's obligation is only to pay for covered Services provided prior to such determination.

4. Transplant Services Exclusions and Limitations
   a. Bone marrow transplants associated with high dose chemotherapy for solid tissue tumors (except bone marrow transplants covered under this EOC) are excluded.
   b. Non-human and artificial organs and their implantation are excluded.
   c. Pancreas alone transplants are limited to patients without renal problems who meet set criteria.
   d. Travel and lodging expenses are excluded, except that in some situations, when Health Plan refers you to a provider outside our Service Area for transplant Services, as described in "Access to Other Providers" in the "How to Access Your Services and Obtain Approval of Benefits" section, we may pay certain expenses we preauthorize under our internal travel and lodging guidelines. For information specific to your situation, please call your assigned Transplant Coordinator or the **Transplant Administrative Offices.**

Z. Vision Services

1. Coverage

   We cover routine and non-routine eye exams. Refraction tests to determine the need for vision correction and to provide a prescription for eyeglasses are covered unless specifically excluded in the "Schedule of Benefits (Who Pays What)." We also cover professional exams and the fitting of Medically Necessary contact lenses when a Plan Provider or Plan Optometrist prescribes them for a specific medical condition.

   Professional Services for exams and fitting of contact lenses that are not Medically Necessary are provided at an additional Charge when obtained at Kaiser Permanente Medical Office Buildings.

2. Vision Services Exclusions
   a. Eyeglass lenses and frames.
   b. Contact lenses.
   c. Professional exams for fittings and dispensing of contact lenses except when Medically Necessary as described above.
   d. Miscellaneous Services and supplies, such as: eyeglass holders; eyeglass cases; repair kits; contact lens cases; contact lens cleaning and wetting solution; and lens protection plans.
   e. All Services related to eye surgery for the purpose of correcting refractive defects such as myopia, hyperopia, or astigmatism (for example, radial keratotomy, photo-refractive keratectomy, and similar procedures).
   f. Orthoptic (eye training) therapy or low vision therapy.

Your Group may have purchased additional optical coverage. See "Additional Provisions."

AA. X-ray, Laboratory, and Advanced Imaging Procedures

1. Coverage
   a. Outpatient

      We cover the following Services:

      i. Diagnostic X-ray tests, Services, and materials, including but not limited to isotopes, mammograms, and ultrasounds.

      ii. Laboratory tests, Services, and materials, including but not limited to electrocardiograms.
      Note: We use a laboratory formulary. A laboratory formulary is a list of laboratory tests, Services, and other materials that have been approved by Health Plan for our Members. If you would like information about whether a particular test or Service is included in our laboratory formulary, please call **Member Services**.

      iii. Therapeutic X-ray Services and materials.

      iv. Advanced imaging procedures such as: MRI; CT; PET; and nuclear medicine.
      Note: For advanced imaging procedures, you will be billed for each individual procedure performed. As such, if more than one procedure is performed in a single visit, more than one Copayment will apply. A procedure is defined in accordance with the Current Procedural Terminology (CPT) medical billing codes published annually by the American Medical Association. You are responsible for any applicable Deductible, Copayment, and/or Coinsurance for advanced imaging procedures performed as a part of or in conjunction with other outpatient Services, including but not limited to: Emergency Services; urgent care; and outpatient surgery.

      Diagnostic procedures include administered drugs. Therapeutic procedures may incur an additional charge for administered drugs.

   b. Inpatient

      During hospitalization, prescribed diagnostic X-ray and laboratory tests, Services and materials, including: diagnostic and therapeutic X-rays and isotopes; electrocardiograms; electroencephalograms; MRI; CT; PET; and nuclear medicine, are covered under your hospital inpatient care benefit.

2. X-ray, Laboratory, and Advanced Imaging Procedures Exclusions
   a. Testing of a Member for a non-Member's use and/or benefit.
   b. Testing of a non-Member for a Member's use and/or benefit.

IV. LIMITATIONS/EXCLUSIONS (WHAT IS NOT COVERED)

A. Exclusions

The Services listed below are not covered. These exclusions apply to all covered Services under this EOC. Additional exclusions that apply only to a particular Service are listed in the description of that Service in the "Benefits/Coverage (What is Covered)" section.

1. **Alternative Medical Services.** The following are not covered unless your Group has purchased additional coverage for these Services. See the "Schedule of Benefits (Who Pays What)" to determine if your Group has purchased additional coverage.
   a. Acupuncture Services.

b. Naturopathy Services.
c. Massage therapy.
d. Chiropractic Services and supplies that are not provided by a Plan Provider under this Agreement.

2. **Behavioral Problems.** Any treatment or Service for a behavioral problem not associated with a manifest mental disorder or condition.

3. **Certain Maternity Services that are not Medically Necessary.** Certain maternity Services that are not Medically Necessary, including but not limited to: home birth Services and doula Services.

4. **Cosmetic Services.** Services that are intended: primarily to change or maintain your appearance; and that will not result in significant improvement in physical function. Examples of this include cosmetic surgery related to bariatric surgery and hair prostheses due to hair loss. Exception: Services covered under "Reconstructive Surgery" in the "Benefits/Coverage (What is Covered)" section.

5. **Custodial Care.** Assistance with activities of daily living or care that can be performed safely and effectively by people who, in order to provide the care, do not require medical licenses or certificates or the presence of a supervising licensed nurse. Activities of daily living include: walking; getting in and out of bed; bathing; dressing; feeding; toileting; and taking medicine.

6. **Dental Services.** Dental Services and dental X-rays, including: dental Services following injury to teeth; dental appliances; implants; orthodontia; TMJ; and dental Services as a result of and following medical treatment such as radiation treatment. This exclusion does not apply to: (a) Medically Necessary Services for the treatment of cleft lip or cleft palate when prescribed by a Plan Provider, unless the Member is covered for these Services under a dental insurance policy or contract, or (b) hospitalization and general anesthesia for dental Services, prescribed or directed by a Plan Provider for Dependent children who: (i) have a physical, mental, or medically compromising condition; or (ii) have dental needs for which local anesthesia is ineffective because of acute infection, anatomic variations, or allergy; or (iii) are extremely uncooperative, unmanageable, anxious, or uncommunicative with dental needs deemed sufficiently important that dental care cannot be deferred; or (iv) have sustained extensive orofacial and dental trauma, or (c) Medically Necessary Services required for the direct treatment of a covered transplant procedure for a Member who is a transplant recipient. Unless otherwise specified herein, (a) and (b) must be received at a Plan Facility or Skilled Nursing Facility.

   The following Services for TMJ may be covered if determined Medically Necessary: diagnostic X-rays; laboratory testing; physical therapy; and surgery.

7. **Directed Blood Donations.**

8. **Disposable Supplies.** All disposable, non-prescription, or over-the-counter supplies for home use such as:
   a. Bandages.
   b. Gauze.
   c. Tape.
   d. Antiseptics.
   e. Dressings.
   f. Ace-type bandages.
   g. Any other supplies, dressings, appliances, or devices not specifically listed as covered in the "Benefits/Coverage (What is Covered)" section.

9. **Educational Services.** Educational services are not health care services and are not covered. Examples include, but are not limited to:
   a. Items and services to increase academic knowledge or skills;
   b. Special education or care for learning deficiencies, whether or not associated with a manifest mental disorder or condition, including but not limited to attention deficit disorder, learning disabilities, and developmental delays;
   c. Teaching and support services to increase academic performance;
   d. Academic coaching or tutoring for skills such as grammar, math, and time management;
   e. Speech training that is not Medically Necessary, and not part of an approved treatment plan, and not provided by or under the direct supervision of a Plan Provider acting within the scope of their license under Colorado law that is intended to address speech impediments;
   f. Teaching you how to read, whether or not you have dyslexia;
   g. Educational testing; testing for ability, aptitude, intelligence, or interest;
   h. Teaching, or any other items or services associated with, recreational activities such as: art; dance; horse riding; music; swimming; or teaching you how to play.

10. **Employer or Government Responsibility.** Financial responsibility for Services that an employer or a government agency is required by law to provide.

11. **Excess Charges from Out-of-Plan Providers.** Charges from Out-of-Plan Providers that exceed eligible Charge(s).

12. **Experimental or Investigational Services**
    a. A Service is experimental or investigational for a Member's condition if any of the following statements apply at the time the Service is or will be provided to the Member. The Service:
        i. has not been approved or granted by the U.S. Food and Drug Administration (FDA); or
        ii. is the subject of a current new drug or new device application on file with the FDA; or
        iii. is provided as part of a Phase I or Phase II clinical trial, as the experimental or research arm of a Phase III clinical trial or in any other manner that is intended to determine the safety, toxicity, or efficacy of the Service; or
        iv. is provided pursuant to a written protocol or other document that lists an evaluation of the Service's safety, toxicity, or efficacy as among its objectives; or
        v. is subject to the approval or review of an Institutional Review Board (IRB) or other body that approves or reviews research on the safety, toxicity, or efficacy of Services; or
        vi. has not been recommended for coverage by the Interregional New Technology Committee, the Medical Technology Assessment Team, or any committees reviewing new technologies within Kaiser Permanente, based on analysis of clinical studies and literature for safety and appropriateness, unless otherwise covered by Health Plan; or,
        vii. is provided pursuant to informed consent documents that describe the Service as experimental or investigational or in other terms that indicate that the Service is being looked at for its safety, toxicity, or efficacy; or
        viii. is part of a prevailing opinion among experts as expressed in the published authoritative medical or scientific literature that (A) use of the Service should be substantially confined to research settings or (B) further research is needed to determine the safety, toxicity, or efficacy of the Service.

    b. In determining whether a Service is experimental or investigational, the following sources of information will be solely relied upon:
        i. The Member's medical records; and
        ii. The written protocol(s) or other document(s) under which the Service has been or will be provided; and
        iii. Any consent document(s) the Member or the Member's representative has executed or will be asked to execute to receive the Service; and
        iv. The files and records of the IRB or similar body that approves or reviews research at the institution where the Service has been or will be provided, and other information concerning the authority or actions of the IRB or similar body; and
        v. The published authoritative medical or scientific literature on the Service as applied to the Member's illness or injury; and
        vi. Regulations, records, applications and other documents or actions issued by, filed with, or taken by the FDA, or other agencies within the U.S. Department of Health and Human Services, or any state agency performing similar functions.

    c. If two (2) or more Services are part of the same plan of treatment or diagnosis, all of the Services are excluded if one of the Services is experimental or investigational.

    d. Health Plan consults Medical Group and then uses the criteria described above to decide if a particular Service is experimental or investigational.

    Note: For non-grandfathered health plans only, this exclusion does not apply to Services covered under "Clinical Trials" in the "Benefits/Coverage (What is Covered)" section.

13. **Genetic Testing and Gene Therapy.** Genetic testing and gene therapy, unless determined to be: Medically Necessary; and you meet Utilization Management Program Criteria.

14. **Intermediate Care.** Care in an intermediate care facility.

15. **Residential Care.** Care in a facility where you stay overnight, except that this exclusion does not apply when the overnight stay is part of covered care in a hospital, a Residential Treatment Center, a Skilled Nursing Facility, or inpatient respite care covered in the "Hospice Care" section.

16. **Routine Foot Care Services.** Routine foot care Services that are not Medically Necessary.

17. **Services for Members in the Custody of Law Enforcement Officers.** Out-of-Plan Provider Services provided or arranged by criminal justice institutions for Members in the custody of law enforcement officers, unless the Services are covered as out-of-Plan Emergency Services or urgent care outside the Service Area.

18. **Services Not Available in our Service Area.** Services not generally and customarily available in our Service Area, except when it is a generally accepted medical practice in our Service Area to refer patients outside our Service Area for the Service.

19. **Services Related to a Non-Covered Service.** When a Service is not covered, all Services related to the non-covered Service are excluded. This does not include Services we would otherwise cover to treat complications as a result of the non-covered Service.

20. **Services that Are the Subject of an Out-of-Plan Provider's Notice and Consent.** Amounts owed to Out-of-Plan Providers when you or your authorized representative consent to waive your right against surprise billing/balance billing (unexpected medical bills) under applicable state or federal law.

21. **Third Party Requests or Requirements.** Physical exams, tests, or other services that do not directly treat an actual illness, injury, or condition, and any related reports or paperwork in connection with third party requests or requirements, including but not limited to those for:
    a. Employment;
    b. Participation in employee programs;
    c. Insurance;
    d. Disability;
    e. Licensing;
    f. School events, sports, or camp;
    g. Governmental agencies;
    h. Court order, parole, or probation;
    i. Travel.

22. **Travel and Lodging Expenses.** Travel and lodging expenses are excluded. We may pay certain expenses we preauthorize in accordance with our internal travel and lodging guidelines in some situations, when a Plan Provider refers you to an Out-of-Plan Provider outside our Service Area as described under "Access to Other Providers" in the "How to Access Your Services and Obtain Approval of Benefits" section.

23. **Unclassified Medical Technology Devices and Services.** Medical technology devices and Services which have not been classified as durable medical equipment or laboratory by a National Coverage Determination (NCD) issued by the Centers for Medicare & Medicaid Services (CMS), unless otherwise covered by Health Plan.

24. **Weight Management Facilities.** Services received in a weight management facility.

25. **Workers' Compensation or Employer's Liability.** If you suffer from an injury or illness that is compensable under a workers' compensation or employer's liability law, we will provide Services obtained at a Kaiser facility. We will not cover any workers compensation services obtained at contracted or non-contracted providers. Any workers' compensation services provided or paid for by the health plan are subject to your obligation to reimburse us to the extent of a payment or any other benefit, including any amount received as a settlement that you receive under applicable law.

    In addition, we or our Participating Providers will be permitted to seek reimbursement for these Services directly from the responsible employer or the government agency that administers applicable law.

B. Limitations

We will use our best efforts to provide or arrange covered Services in the event of unusual circumstances that delay or render impractical the provision of Services. Examples include: major disaster; epidemic; war; riot; civil insurrection; disability of a large share of personnel at a Plan Facility; complete or partial destruction of facilities; and labor disputes not involving Health Plan, Kaiser Foundation Hospitals or Medical Group. In these circumstances, Health Plan, Kaiser Foundation Hospitals, Medical Group and Medical Group Plan Providers will not have any liability for any delay or failure in providing covered Services. In the case of a labor dispute involving Health Plan, Kaiser Foundation Hospitals, or Medical Group, we may postpone care until the dispute is resolved if delaying your care is safe and will not result in harmful health consequences.

C. Reductions

1. Coordination of Benefits (COB)

   The Services covered under this EOC are subject to Coordination of Benefit (COB) rules. If you have health care coverage with another health plan or insurance company, we will coordinate benefits with the other coverage under the COB guidelines below.

   This coordination of benefits (COB) provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

   The order-of-benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** do not exceed 100% of the total **Allowable expense**.

   DEFINITIONS

a. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
   i. **Plan** includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
   ii. **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

   Each contract for coverage under i. or ii. is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

b. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other **Plans**. Any other part of the contract providing health care benefits is separate from **This plan**. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

c. The order-of-benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health coverage under more than one **Plan**.

   When **This plan** is primary, its benefits are determined before those of any other **Plan** and without considering any other **Plan's** benefits. When **This plan** is secondary, its benefits are determined after those of another **Plan** and may be reduced because of the **Primary plan's** benefits, so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

d. **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

   The following are examples of expenses that are not **Allowable expenses**:
   i. The difference between the cost of a semi-private hospital room and a private hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private hospital room expenses or the patient's stay is medically necessary in terms of generally accepted medical practice or the hospital does not have a semi-private room.
   ii. If a person is covered by two or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
   iii. If a person is covered by two or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
   iv. If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
   v. The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

e. **Claim determination period** is usually a calendar year, but a **Plan** may use some other period of time that fits the coverage of the group contract. A person is covered by a **Plan** during a portion of a **Claim determination period** if that person's coverage starts or ends during the **Claim determination period**. However, it does not include any part of a year during which a person has no coverage under **This plan**, or before the date this **COB** provision or a similar provision takes effect.

f. **Closed panel plan** is a **Plan** that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with either directly or indirectly or are employed by the **Plan**, and that limits

or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

g. **Custodial parent** means a parent awarded primary custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

ORDER-OF-BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order-of-benefit payment are as follows:

a. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other **Plan**.

b.

i. Except as provided in paragraph ii, a **Plan** that does not contain a coordination of benefits provision that is consistent with these rules is always primary unless the provisions of both **Plans** state that the complying **Plan** is primary.

ii. Coverage that is obtained by virtue of being members in a group, and designed to supplement part of the basic package of benefits, may provide supplementary coverage that shall be in excess of any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.

c. A **Plan** may consider the benefits paid or provided by another **Plan** in determining its benefits only when it is secondary to that other **Plan**.

d. Each **Plan** determines its order-of-benefits using the first of the following rules that apply:

i. Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent; and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee); then the order-of-benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

ii. Dependent Child Covered Under More Than One **Plan**. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan**, the order-of-benefits is determined as follows:

A. For a dependent child whose parents are married or are living together, whether or not they have ever been married:

1. The **Plan** of the parent whose birthday (month and day) falls earlier in the calendar year is the **Primary plan**; or
2. If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.

B. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

1. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;
2. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph A. above shall determine the order-of-benefits;
3. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph A. above shall determine the order-of-benefits; or
4. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order-of-benefits for the child are as follows:
   - The **Plan** covering the **Custodial parent**;
   - The **Plan** covering the spouse of the **Custodial parent**;
   - The **Plan** covering the **non-custodial parent**; and then
   - The **Plan** covering the spouse of the **non-custodial parent**.

C. For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph A. or B. above shall determine the order-of-benefits as if those individuals were the parents of the child.

iii. Active Employee or Retired or Laid-off Employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a

retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order-of-benefits, this rule is ignored. This rule does not apply if the rule labeled d.1. can determine the order-of-benefits.

iv. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order-of-benefits, this rule is ignored. This rule does not apply if the rule labeled d.1. can determine the order-of-benefits.

v. Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.

vi. If the preceding rules do not determine the order-of-benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

a. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

b. If a covered person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give Health Plan any facts we need to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, Health Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. Health Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Health Plan is more than it should have paid under this **COB** provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

2. Injuries or Illnesses Alleged to be Caused by Other Parties

If you obtain a judgment or settlement from or on behalf of another party who allegedly caused an injury or illness for which you received covered Services, you must reimburse us to the maximum extent allowed under applicable law. The reimbursement due to us is not limited by or subject to the Plan Out-of-Pocket Maximum. Note: This "Injuries or illnesses alleged to be caused by other parties" section does not affect your obligation to pay your Cost Share for these Services.

To the extent permitted or required by applicable law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against another party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused

by the other party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney.

To secure our rights, we will have a lien and reimbursement rights to the proceeds of any judgment or settlement you or we obtain against a third party that results in any settlement proceeds or judgment, from other types of coverage that include but are not limited to: liability, uninsured motorist, underinsured motorist, personal umbrella, workers' compensation, personal injury, medical payments and all other first party types.

Within 30 days after submitting or filing a claim or legal action against another party, you must send written notice of the claim or legal action to:

The Phia Group, LLC.
40 Pequot Way
Canton, MA 02021
Fax: 781-848-1154

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send us all consents, releases, authorizations, assignments, and other documents, including lien forms directing your attorney, the other party, and the other party's liability insurer to pay us directly. You may not agree to waive, release, reduce or, in any other manner, take action that may affect our rights under this provision without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on your injury or illness, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights under applicable law to the same extent as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

If you have Medicare, Medicare law may apply with respect to Services covered by Medicare.

3. Surrogacy Arrangements: Traditional or Gestational Carriers
In situations where you receive monetary compensation to act as either a traditional or gestational surrogate, Health Plan will seek reimbursement for covered Services you receive that are associated with conception, pregnancy and/or delivery of the child, except that we will recover no more than half of the monetary compensation you receive. A surrogate arrangement is one in which an individual agrees to become pregnant and to surrender the baby to another person or persons who intend to raise the child. This section applies to any person who is impregnated by artificial insemination, intrauterine insemination, in vitro fertilization or through the surgical implantation of a fertilized egg of another person and applies to both traditional surrogacy and gestational carriers.

Note: This "Surrogacy Arrangements: Traditional or Gestational Carriers" section does not affect your obligation to pay your Copayment, Coinsurance, and/or Deductible for these Services.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receives, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receives
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

The Phia Group, LLC.
40 Pequot Way
Canton, MA 02021
Fax: 781-848-1154

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this "Surrogacy Arrangements"

section and to satisfy those rights. You may not agree to waive, release, reduce, or in any other manner, take action that may affect our rights under this "Surrogacy Arrangements" section without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on the Surrogacy Arrangement, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent under applicable law as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

If you have questions about your obligations under this provision, please call Member Services.

Note: A baby born under a Surrogacy Arrangement does not have health coverage rights under the surrogate's health coverage. The intended parents of a child born under a Surrogacy Arrangement will need to arrange for health coverage for the newborn.

V. MEMBER PAYMENT RESPONSIBILITY

Information on Member payment responsibility, including applicable Deductibles, annual Out-of-Pocket Maximum, Copayments, and Coinsurance, can be found in the "Schedule of Benefits (Who Pays What)." Payment responsibility information for Emergency Services and urgent care can be found in the "Benefits/Coverage (What is Covered)" section. For additional questions, contact **Member Services**.

Our contracts with Plan Providers provide that you are not liable for any amounts we owe them for covered Services. However, you may be liable for the cost of non-covered Services or Services you obtain from Out-of-Plan Providers. If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for covered Services you receive from that provider, in excess of any applicable Deductibles, Copayments, or Coinsurance amounts, until we make arrangements for the Services to be provided by another Plan Provider and so notify the Subscriber.
